TERRY COUNTY IN THE EYES OF THE PROSPECTOR

Would Know More About the Fertile South Plains Country. A Few Interesting Letters. Bill Howard Comes in for Much Praise.

Probably the last exhibit we sent down to Dallas has elicited more comment of a favorable nature and caused more enquiries about this country than all previous attempts combined. and to our notion, we are on the verge of securing more actual settlers than for a long time. People, who a few years ago, thought nothing but cattle and cactus could grow on this (desert) are having the beams removed from their eyes at a glorious rate these days. Those who formerly thought we made an average of one crop in every ten years, have had the conceit taken out of them by the four consecutive years we have occupied the same booth at the Dallas State Fair, with fresh stuff, winning many prizes on field, orchard and garden products, and in the face the fact that the most intensively cultivated portions of the State have registered two or more total or partial failures in these four years. Then again, the

country press of the thickly settled portions of Texas have kept a howling blast of blasphemy against us, issue after issue, year in and year out, but some of the big papers have printed the truth about us in spite of the pressure brought to bear. People are getting tired of this folly and tired of abuse from the measly sheets in that portion of Texas. We admire any journal for boosting its country which all belong to the sisterhood of the greatest commonwealth on earth, but it makes us sick in the front part of our back to read petty lies from 2x4 sheets. Let the truth ring out in Grand old Texas; she is broad enough for all, but even a simple minded cuss is able to see that a new country, where land is cheap, level and fertile, with oodles of pure water, and crop failure so far unknown, is the place for the man of small means to get a hold of the last body of real good land that will ever come on the market. Today is the ex-

cepted time; your family is dependent upon you.

Here is something real good about us from Hon. J. W. Neill one of the director of the Department of Agriculture, and father of our County Judge. He writes:

Austin, Texas, Nov. 5, '13.
Mr. A. J. Stricklin,
Brownfield, Texas.

Dear Sir:—Today Mr. Lendsey chief clerk of this department, handed me a copy of your paper of October 31st, 1913. In the absence of Hon. Ed R. Kone, Com., I take the liberty to congratulate your county on its success at the Fair. Bill Howard certainly got his share of ribbons. In a few days, Terry will be represented in this department. In collecting exhibits from various counties in the State to put on exhibit here, to show the world what Texas can do, Terry county made some valuable contributions by Bill Howard. Bill is a dandy when it comes to advertising Terry county; at his post, ready to show the goods and do the talking, and he did both.

Yours Respectfully,
J. W. Neill.

Let us follow this up with a good piece from The Texas Farm Co-Operator, one of the best farm papers in the State:

TERRY COUNTY EXHIBIT

William Howard, one of the Co-Operator's warmest friends,

out in the western Plains country of Texas, is a farmer who makes his avocation a matter of love, and consequently can be said to be one of the leading exhibitors at the Dallas Fair. He has exhibited the products of his county for three years, and while other counties have made a larger display, none, probably, has an exhibit that represents the real work of a real farmer, such as the display shown in the exhibit booth of Terry county this year. It furnishes one of the most interesting displays of agricultural products that is exhibited under the great exhibition roof of the great fair of Texas. William Howard lives six miles from Brownfield, the county seat of Terry county.

Here the Co-Operator copies the Dallas News write up of Terry county verbatim, which we have already printed, but it adds the following:

"I have been farming in Terry county for ten years," said Mr. Howard, "and have never made a failure a single year, and we don't irrigate, either. We use dry farming methods altogether, and if we only had a railroad nearer there would be no end to what we would raise."

William Howard is a typical farmer. He puts on no airs of knowing it all, but he is a real farmer, knows his business, which he has learned, not from commercial town farmers, but from hard work in tilling the soil

and from experience gained by watchfulness and application of methods to conditions that have proven best for his section. He promises to begin writing for the Co-Operator and giving its readers the best information he has as to the farming capabilities of his section, especially of Terry county and his immediate location."

We might also add that the Lubbock Avalanche gave our exhibit and Uncle Bill a nice little notice, and that J. J. Kendrick, the hustling real estate man of Plains, county seat of Yoakum county, has requested Judge Neill to send him some of the circulars which contain the Dallas News write up of Terry. This is real nice in Mr. Kendrick, as he will send them out and help advertise this county. We are thankful for all the above, which have come voluntarily, but Terry deserves them, nevertheless.

Listen

We have expressed our gratitude time and again for the liberal patronage we have had from the public, but it is time for us to have a settlement. Please show us how much you appreciate the favors extended by coming in and settling up.

If we could manage to convert all the energy wasted upon our streets as hot air into fuel and light, we would be healed for all time.

There is no organization in our little city we are more proud of than the mothers' Club. With their help and influence, we believe the better school voters will be able to win the next election in a trot. Whenever the good wives and daughters of a community determine for a better school, the men usually tumble over each other to get on their side. Hurrah! for them.

When you speak of your home paper as "the gimlet" remember that the size of a country newspaper is gauged to fit the size of the town and the number of its readers. You can't bore an auger hole through a splinter.—Crosbyton Review.

Never mind friend White, it is only the fellow that has not even the thimble full of brains that refers to his home paper in such a manner, or else he is not a subscriber, and does not contribute a 5 cent piece to the support of the much needed "sheet" but you always notice that the same fellow always wants to be mentioned prominently in the column of the "gimlet" everytime he comes to town or boards the train for the next station down the line. You can size 'em up if you will take a little notice.—Lubbock Avalanche.

Commissioners' Court.

The Commissioners Court of Terry County met Monday and recinded all previous action on the three roads mentioned below, as they considered they had not tracted the law, and begin everything over and anew, and based on the Twitchell survey.

A motion prevailed then to open up a 60 feet road of the first class, beginning at an iron stake near the northeast corner of the

Brownfield town section and thence north and two miles east to the Hockley county line and to a brick, be known as the Brownfield and Lubbock county seat road. E. M. Groves, J. P. Nichols, R. A. Snodgrass, A. M. Brownfield and J. F. Winston, Jury of View.

A similar road beginning at Gomez and running to the Gaines county line and to be known as the Brownfield and Seminole county seat road. A. C. Shepherd, J. A. Parks, G. J. Rose, J. F. Winston and Edwin Groves, Jury of View.

Still another first class road was ordered opened up from Brownfield to the Dawson county line, to be known as the Brownfield and Lamesa county seat road. J. L. Bartlett, G. J. Rose, W. A. Fulton, J. Barrett and Jim Lewis, Jury of View.

Ordered that the Twitchell field notes and maps be filed in the vault as an archive and for safe keeping.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good.

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

MILLION BARRELS OF FOREIGN FLOUR IS SOLD IN TEXAS ANNUALLY.

Texas Millers Heavy Purchasers of Oklahoma and Kansas Wheat.

Industry Susceptible to Marvelous Development.

The flour mills of Texas constitute one of the most important industries in the State. According to the Federal census report of 1910, we have 238 mills, employing 1,899 people and representing an investment of \$13,219,000. The industry has shown an increase of 118 mills and an increase of investment during the past decade of \$9,236,000 and now ranks third among our industries as to capital and second in value of its output.

We have a flour milling capacity of 7,800,000 barrels annually. The average consumption per capita is about one barrel per annum or approximately 4,000,000 barrels, leaving 3,800,000 barrels to seek an export market. A few mills not able to enter the export trade have been compelled to shut down for want of a market, although a million barrels of foreign flour are sold in Texas each year. The patronage of home industry would open these mills and give employment to 500 people and increase the demand for wheat raised by the Texas farmers.

The miller is perhaps the only manufacturer in Texas that has outgrown the raw material produced on our farms. We produced last year 11,025,000 bushels of wheat which is 25,000,000 below the annual capacity of the mills. The Texas millers are heavy purchasers of Oklahoma and Kansas wheat. A number of the Texas mills have built up an extensive export trade with Central America, Cuba, Porto Rico, and quite a few of them go to England and the Continent with a considerable bulk of their output.

The opening of the Panama canal will enlarge the marketing zone of the Texas output and call for an increase in the area of our wheat fields, but both the farmer and the miller need the friendship of the consumer in building up our flour industry.

Yoakum County Items.

From the News.

The little two year old son of Mr. and Mrs. W. K. Callahan, who live four miles north of town, was bitten by a rattle-snake, in the yard. Thursday afternoon and died at 11: o'clock that night. He was buried in the Plains cemetery. Services at the grave was conducted by Rev. B. F. Dixon.

E. W. Maddux sold a section of land on the line of Yoakum and Terry counties this week, to Mr. E. Z. Wyatt, of Spur, Tex., the deal being made through J. J. Kendrick. Mr. Wyatt says he bought the land to cultivate; that he will move real soon and bring with him twelve good work mules and put two or three hundred acres in cultivation the coming year. He is one the kind of men Yoakum county needs, men who will cultivate the soil and become permanent and useful citizens.

Rev. B. F. Dixon accosted the News editor today with the remark that an old newspaper man should not believe everything he reads in another paper. He then said that the Lubbock Avalanche man evidently misunderstood him when he quoted him as saying he expected to move back to Lubbock just soon as he finishes the Plains church building. He says that in a conversation with Mr. Dow, he was asked when he expected to move back to Lubbock, and that he replied "just as soon as I finish my work down in that country." He says that having this Missionary field it is a very indefinite question as to how long it will be before he finishes his work here.

Well, the Avalanche has tried repeatedly to take Bro. Dixon from us, but just as long as Bro. Dixon and his excellent family want to reside in Brownfield and do this mission work, we will help him by jacks or fight the hull Brownfield Association, Baptist Gen. Convention and the Avalanche force or keep him. (The word fight isn't literal.)

Harris Happenings.

T. C. Ivey's cow outfit passed through Tuesday on their way to Lubbock, with a herd of fat stock.

Ellington Bros. left last Tuesday with a herd of their cattle, which they will keep near King, New Mexico, this winter.

Messrs. Bill Willey and Raymond Simms, brought in a load of freight for W. H. Harris, last Tuesday.

Jno. W. Gordon, the U— man, was down at the store Tuesday looking for hands to help him with his dipping, which he began Friday. Mr. Gordon took dinner with Mr. and Mrs. B. Clare.

Mr. Baker and Roy Harris, are working for Jno. W. Gordon this week.

Mr. and Mrs. J. M. McMillan visited Mr. and Mrs. Ellington Sunday.

El Odell passed back through Saturday, on his way home with the herd of cows which he had carried off to cut the calves away from.

Mrs. B. Clare visited Mrs. H. L. Hooker last Monday, while Mr. Clare helped Mr. Hooker windmill.

Mr. Simms and wife, of Gomez, spent last Sunday night with Mr. W. H. Harris and family. They left for Lubbock Monday morning.

Miss Fern Harris visited Miss Naomi Simms in Gomez, from Saturday till Sunday afternoon.

Friends of Lynn Harris were very much surprised to hear of his marriage to Miss Lydia Weltenheim, which took place at St. Cloud, Minnesota, on the 8th of this month. Lynn is a son of Mr. and Mrs. W. H. Harris, of this place, and is a young man of exemplary habits. We are joined by his many friends here in wishing them much happiness. May they steer their bark safely o'er the uncertain sea of matrimony.

Mr. Middleton, who lives on the Wolffarth place, bought some bound sorghum from Mr. Carter. We did not learn the price paid.

Glenn Harris has a Second Grade Teacher's Certificate in South Dakota, and will teach there this winter.

Misses Grace Ellington and Eula Alexander, were at the store Saturday. Miss Grace is teaching the Alexander school.

WATER! WATER!

The Discovery of Subterranean Lakes and Impounding of Rainfall Reclaiming Arid Regions.

The cry of Water! Water! as it echoes throughout the arid regions of the state and this abundant liquid gushes to the surface to moisten the parched earth, is a welcome sound to every farmer. Subterranean lakes are so frequently discovered and rainfall so easily impounded, that water has become largely a question of effort.

Water has caused more trouble by its abundance or scarcity and has more often become a welcome or a disagreeable guest, than any other element in nature. Its proper distribution has baffled even the skill of divinity and getting it in the right place at the right time is one of the greatest problems that confronts the people of today.

The solution of this important problem insofar as human ingenuity has been able to solve it, will be demonstrated at the exhibits of irrigating machinery at the State Fair of Texas at Dallas, Oct. 18th to Nov. 2nd. Machinery adapted to every need and condition from pumping water into the kitchen sink to irrigating a league of land will be shown and its utility proved.

These exhibits are as interesting to the housewife as to the ranchman. Drawing water from the well is one of the most back-breaking of household duties and the shifting of this burden to machinery is one of the educational features of the Fair. There are a million homes in Texas that should be equipped with the latest modern conveniences in these labor-saving devices.

We have 5,238 farms under irrigation in the State, containing 451,000 acres. The bulk of our irrigated lands is devoted to the culture of rice, the total acreage devoted to this cereal being 287,000. Alfalfa is the second important irrigated crop and 13,780 acres are devoted to its culture while corn takes third place with 9,068 acres. The cost of construction of Texas' irrigation systems is estimated at \$13,500,000 by the Federal Census Bureau. It costs approximately an average of \$3.50 per acre to irrigate land, depending upon the character of the crop. The yield per acre of crops under irrigation approximates 45 per cent higher than that those raised under natural methods.

Constitution and By-Laws of the Brownfield Mothers' Club.

PREAMBLE

Believing that within the breast of every child is an instinctive desire to do good; to grow; to learn; to work; to love; to achieve; also believing in home encouragement, we do adopt this Constitution.

ARTICLE ONE—NAME

Section 1: The name of this organization shall be the Mothers' Club of Brownfield.

ARTICLE TWO—MEMBERSHIP

Section 1: Any one in sympathy with the object of this organization shall be eligible to membership. By carried motion the school board, superintendent and principal were enrolled as consulting members of the Club.

ARTICLE THREE

Section 1: Its object shall be better mutual understanding between parents and teachers, and their co-operation in all work for the interest of the child; to study the welfare of the child, in home, school and community; to look after the sanitary conditions of the school, and to provide better school equipment in every way.

ARTICLE FOUR—OFFICERS

Section 1: The officers shall be a president, a vice president, a secretary and a treasurer.

Section 2: The duties of the president shall be to preside over the regular meetings, appoint committees and perform any other duties which may devolve upon her. The vice president shall perform all the duties of the president in her absence. The secretary and treasurer shall keep a record of business transactions, carry on such correspondence as is necessary, and keep a strict account of all funds intrusted to her care.

ARTICLE FIVE—ELECTIONS

Section 1: Officers shall be elected annually, the elections being held at the last May meeting of the club.

Section 2: All elections shall be conducted by ballot and a majority shall be necessary to election.

ARTICLE SIX—QUORUM

Five active members shall constitute a quorum for the transaction of business.

ARTICLE SEVEN—TIME TO MEET

The time of meeting shall be the second Friday of each month at 4 o'clock p. m., beginning in September and continuing until June.

ART. EIGHT—DUTY OF MEMBERS

It shall be the duty of members to attend the meetings of the club when possible, to perform any committee work cheerfully and do everything to promote the interest of the Club.

ARTICLE NINE—AMENDMENTS

This constitution may be amended by filing with the secretary a copy of the proposed amendment in writing, which must be ratified by two-thirds of the members present.

Sheriffs Sale; Real Estate

Whereas, by virtue of an order of sale issued out of the District Court of the 67 Judicial District of Tarrant County, Texas, dated September 29th, A. D. 1913 on a judgement rendered in said court on the 8th day of September, A. D. 1913, in favor of Bread & Bomar, a firm composed of John W. Bread and D. T. Bomar and vs. H. S. Wilson, for the sum of \$381.48, interest from date at ten percent and costs of suit.

I, Geo. E. GOMEZ DOTS

Dr. Treadaway was called here Saturday night to see Mr. and Mrs. Hugh Williams' baby, but we are glad to state it much better and they returned to their home Monday evening.

Mr. Oral Adams came in from Tahoka Sunday, bringing with him Mrs. Curry of Brownwood, a sister of Mesdames Adams and Hugh Williams. This is Mrs. Curry's first visit to the Plains.

Mr. Elmer Green and Miss Lena, came in home Sunday from Lynn county. They report the cotton crop there almost gathered.

J. M. Hays came in from a trip to Lubbock, Monday.

Mesdames J. M. and W. B. Hays, were in trading Monday, and carried Mr. Hays out home.

Mr. Hill of West Terry and Mr. Gilmer of Louisiana, were at the hotel Sunday night. They are just back from a prospecting trip out in New Mexico.

Mr. John Hays went to Brownfield Friday after his wife, who has been visiting her parents, Mr. and Mrs. Bynum. They returned Sunday and will leave this week for New Mexico where their cattle are wintering.

Mr. Will Mathis and help, left Monday morning for New Mex. to bring in a bunch of cattle he bought out there.

Mr. Bivens of N.M., stayed at the Hotel Friday night. He was selling apples.

An auto load of tourist stopped at the Hotel Friday night. They were enroute from Dexter, N.M. to Benjamin, Texas.

Mr. Pete Beal and wife, and Mrs. Lum Hudson, came over from Plains Saturday in Mr. Beal's car. They met Mr. John Hudson and another gentleman here, who were returning from a trip to Lubbock.

Mrs. E. E. Simms accompanied Mr. Simms to Lubbock this week after freight.

Clint Rambo and wife passed through Monday enroute to the railroad for freight.

Mrs. I. H. Hudson came in early Monday morning and Mrs. Will Snodgrass accompanied her to Brownfield, where they spent the day.

Mrs. Davis is quite sick at this time with a rising fever. Dr. Treadaway lanced it last Saturday night, but so far it hasn't improved any and she is suffering acutely.

Ben Hurst and wife spent last week here, returning home Friday.

Mr. Lusk and family, also Mr. Forbes, from Stephens county, moved to Mr. Will Black's place last week. We welcome them.

Mr. and Mrs. Robert Holgate and children, visited at Mr. DeShazo's in Brownfield, on last Saturday night and Sunday.

For Pure Drugs

We neglected to mention the School Literary here on the 31st. The program was good and well rendered and after the exercises were over the entire crowd went serenading. The music was good and much appreciated by all. Then came the wee small hours in which the spooks held high carnival in Gomez, as the topsy turvy condition of every thing on the streets next morning attested.

Gomez now has a B. Y. P. U. Society, which meets every Sunday evening at 6: o'clock.

Bro. Lofton preached at the school house Sunday at 11: a. m.

Mr. Lusk's children entered school here Monday morning. Our school is progressing nicely but we would most respectfully suggest to the trustees or patrons that a cover for the water barrel would be much more sanitary than present arrangement; dust blows in it, cows and horses drink out of it and though it seems a small matter, yet it is an unnecessary menace to the health of the school.

M. & M. Club

The Club met with Mrs. Bell, Tues., Nov. 4th, and a delightful afternoon was spent.

After our lesson, which was very interesting, sandwiches, chocolate and whipped cream was served and enjoyed by all present. The club adjourned to meet with Mrs. Copeland the 18.

THAT run down car just needs some expert doctoring. Send it up to Royalty & Wilson, Lubbock, Texas.

Dr. Treadaway reports the arrival of a fine boy at the home of Mr. and Mrs. W. G. Lovelace, on the 12th inst, near Tokio.

The Merc. received five wagon loads of furniture and groceries this week.

Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned. Ask your druggist. A box of 25 doses costs only 25 cents. Never sold in bulk.
