W. B. Snodgrass phoned us last week that he had just received a telegram from a cousin at Enory, Texas, that his father, D. M. Rodes, had died that morning. Mr. Rodes was an uncle of Mr. Snodgrass, to whom he has sent the Herald the past few years. We offer our sympathy to all the relatives of the deceased.

A report has gotten out some way that there was scarlet fever in Brownfield. We wish to say the report is false, or at least Dr. Treadaway has seen none.

H. D. Leach was over Monday on business, and came in to renew his subscription and have his paper changed from Blythe to Gomez.

We had a letter from Jack Head, of Mineral Wells, this week, stating that he aimed to move back here.

A dollar was received this week from our friend, J. R. Quinby, of Vancouver, B. C., and said keep 'er coming.

Owing to having so much work to do, the Woodmen will meet every Saturday night for awhile. Sovereign will please take notice.

Read the page ad of May & Wright this week. This is the first sale this popular firm has ever inaugurated, but they have the reductions on that will move their stock, and as usual they will do just as they advertise, or if anything more.

E. L. Duke and Mrs. R. H. Banowsky, representing the Odd Fellow and Rebekah lodges of this place, and J. P. Nichols, representing the Gomez Odd Fellow lodge, left last week for Fort Worth, to attend the Grand Lodge which is in session in that city this week.

We note that N. N. Ross has erected a new windmill at his place across the draw.

**ATTENTION:**—After a few weeks, the Herald will begin to use a mailing machine and names will be printed on the paper or wrapper, instead of written as heretofore, and we will not keep those on our mailing list that are behind, so you had better see about your subscription if you want the Herald to come to your address.

Elder S. D. Lofton preached to good audiences Sunday and Sunday night at the Court house. We have been requested to state that he will preach on "The

Mode and Design of Baptism" at his next appointment here, which is the third Sunday in April, and he asks all to come out and hear him.

The Woodman Lodge of Brownfield is on a big boom, and new material is being added at almost every meeting. There was something like thirty members present last Saturday night. Probably to M. D. Williams, C. C., is due almost all the credit for the revival. A big supper will be pulled off Saturday night, April 4th.

The paper is real sorry this week and we are not going to apologize except to say that we were sick the first of the week.

Percy Spencer returned from Houston, Texas, Sunday where he went in answer to a telegram, asking him to become a member of a law firm in that city. Percy informed the writer that he was offered a good place, but was still undecided what to do. We would be sorry to lose this pioneer lawyer and citizen.

Now is the time for you to do your spring cleaning up and procure a good disinfectant from your druggist. Let's not let a little laziness cause a lot of sickness here this summer.

## BACK TO THE SOIL WITH LEGISLATION

### TEXAS FARMERS' UNION OPPOSES PROHIBITION PRIMARY.

### BUSINESS MEN FOR THE LEGISLATURE.

Fort Worth, Tex.—The cry of back to the soil has been reverberating from city to city for the past decade and we now have an opportunity of hastening this splendid movement by getting back to the soil with both men and issues in this campaign and electing a Governor and members of the Legislature who are farmers, or who are in genuine sympathy with their needs and understand their problems. Government is the most powerful agency in civilization, but the farmer has received less benefit from it; has had less to do with its management, and contributed more towards its support than any other class of citizenship.

### Agricultural Legislation Needed.

We want to submit for the consideration of those who aspire to represent our commonwealth in the administrative and legislative branches of government, a policy of peace and constructive legislation which makes for the prosperity of the farmer and the general welfare of the country. Can any class of people have a greater claim upon our commonwealth than those who toil in the field? Then the farmer cannot help himself without helping all others and no other occupation enjoys this distinction. But to accomplish results requires something more than a declaration of principles. It takes men. We must have a progressive Governor and a legislature that will address itself to the solution of agricultural problems and we must have practical farmers and successful business men in the legislature in order to meet situations now confronting us. No politician need apply.

### Some Agricultural Problems.

We have agricultural problems that are becoming acute and which must receive immediate and intelligent relief. We will mention a few of them. We have 220,000 tenant farmers roaming from farm to farm and 2400 families per annum recruit the wandering horde of homeless producers. This seething torrent of unrest must be reckoned with in the coming campaign. There are local cases of extortion and oppression that should be prevented by penal stat-

utes, but the remedy in the main lies in constructive legislation that will broaden opportunity and bring relief to the home owner and farm laborer, as well as the tenant farmer. This can be accomplished by an improved market system, cheap money, rural credits, organization co-operation and proper facilities for preparing, storing and transporting products to the market. These are tremendous problems and cannot be solved by spinning theories or by vote-catching schemes of politicians. Their solution must come out of the hearts of able, conscientious and patriotic legislators and must be dictated by diligent study, experience and ability.

### Too Much Dissension.

We have had so much strife and dissension in politics and the public has become so accustomed to suggestions of restraint and destruction from those who offer to direct the country's destiny that the policy of co-operation adopted by the Farmers' Union may seem a strange doctrine and perhaps offensive to those who thrive on dissension. It will eliminate from public life men who quarrel with industry, fuss with human nature and scoff at progress and call forth from the farm, the furnace and the counter a new order of statesmanship that can lift the burden of twentieth century civilization, direct public thought into channels of co-operation and write statutes that will build homes and promote prosperity.

The general scope of the work is comprehended in the views given to the press by Peter Radford, and adopted as the platform of the Farmers' Union in convention assembled at Fort Worth January 14-15. The farmer is usually told what to do, but we prefer to be consulted, and all candidates are solicited to subscribe to the platform.

It is not within the power of the legislature to completely remedy all evils. We must also look to the administrative branches of government for assistance. There are many departments of government that are inefficient; due perhaps primarily to a lack of support and shortage of equipment, but more often to an absence of business judgment, fidelity and loyalty to the work. The policies in some instances show a feeble grasp of the possibilities and public opportunity is made subservient to political ambition. No man who is a good politician is good for anything else.

The city has been the fountain-head of campaign issues and its problems have received preference over agricultural matters. The city is the hot-bed of strife and dissension and avarice and greed have run riot in our legislative halls. The thirst for power has made the city proud and unmindful of its dependence upon the farm. The city has dominated the affairs of state and its high nervous tension has made government hysterical. Let us turn from the feverish excitement of the city and get back to the soil with legislation where the silent and neglected forces of civilization await the magic touch of governmental intelligence to bring about a springtime of prosperity and where the primary needs of society can be served.

### Prohibition Primary Opposed.

No discussion of legislative matters could, under the present state of public mind, be considered complete without giving consideration to the liquor question. This is one of the many vexatious problems handed down to us by the city. The Farmers' Union, without reference to the merits of the controversy, declared for a cessation of hostilities along this line during the next administration in order to give our state government an opportunity to consider agricultural legislation. It is, we think, as important a function of government to make it easy for the toiling masses to eat as it is to make it difficult for the toper to drink. A hundred thousand mothers with suckling babes tugging at their breast forced by poverty to toil in the fields is a cry far more distressing to us than the plight of a few drunken bums that voluntarily infest the dives in cities; a million children their young lives mortgaged to misfortune and ignorance and their little backs bowed under a tremendous load of debt as they labor from sun to sun is a sight far more heart-rending to us than a few city delinquents who choose to travel the pathways of sin; and 220,000 tenant farmers pinned under the timbers of fallen homes appeal to us for assistance far more than a few gilded palaces in cities where people elect to revel in iniquity. The cities are always magnifying their troubles and crying for help. Let us turn temporarily to the farms and relieve helpless women and children and give a helping hand to men who are struggling to help themselves rather than to give exclusive attention to city incompetents. We appeal to the farmers of Texas to take no part in the so-called County Democratic Prohibition Primary to take place in this state on February 14 or the State Democratic prohibition convention which is to be held in Fort Worth on February 24th, but to remain free to insist upon all candidates making agricultural legislation the paramount issue in this campaign.

The Farmers' Union is non-partisan. It stands for principles. It will endorse no candidate for office as an organization, but solicits for its platform the consideration of all candidates and pledges co-operation to those who endorse its principles. The State of Texas needs agricultural leadership. So long as politicians dominate our affairs and plague us with their ambitions, dissension will reign supreme. The farmer has been timid and the city business man has lacked courage and the politicians have frightened and subdued us and thereby gained power. Let us unite in an effort to get "back to the soil" with legislation and force those who feast upon strife to the political dungeon, as well as give the breezes from the farm an opportunity to blow through the capitol.

The scarcity of onion sets this year will tend to cut down the surplus products from that track department this year, but somehow, somewhere, a goodly portion of the farmers have secured sets, and they at least, will have plenty. But the question is, why don't some enterprising farmer, who has irrigating facilities, raise sets enough to at least supply the county, so we will not have to depend on Tom, Dick and Harry away, up yonder at Phillamayork.

Prof. Hardin came in this week and informed us that the school library had just received the Harvard Classics of forty-nine volumes, recommended by ex-president Elliott of Harvard University. These books are all uniform in binding and are considered the best addition to the library. These books bring the total up to about 137 volumes, which is good when we consider that really the school library is only about one year old. To the the Mothers' Club, assisted by Prof. Hardin, is due most credit for their untiring effort to place in the reach of all pupils some standard literature.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

### Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

### Meadow

By Sandy

Miss Simms of Gomez, visited at the home of Mr. and Mrs. A. H. Herring, last week.

Quite a crowd were out to preaching Sunday and were disappointed as the minister was sick, but they had singing and everyone seemed to enjoy it and being together. Why not meet every Sunday and have a Bible lesson, prayer and singing? I'm sure we could. Our children needs to be in Sunday school.

We're sorry some at Lakeview are wanting to move the church house over there. So many west of Meadow who couldn't go there to preaching and most everyone helped build the house, and we cannot see that it would be right to move it away. Hope the people of Lakeview may consider again and remember the golden rule.

Mrs. Ellington returned Friday from her son's at Harris.

We sympathize with Mrs. Blankenship in the death of her sister-in-law, and serious illness of her brother and child.

Jim Johnson and family, went to Hily Boyd's, last week.

Oscar Boyd and family, Misses George and Rena Peeler, attended church at Brownfield, Sunday.

We had plenty of onion sets at Meadow, West Wind. May be all gone now.

Our school shall continue two months longer than we expected.

I'm sorry I was late last week. Missed my train about ten minutes. I'll try to be more punctual in the future.

Little Misses Ila Gist and Iner Howard, passed through here Saturday on their way to visit Jim Lewis and family, in the southern part of the county.

W. H. Gist was a pleasant caller at our sanctum, Saturday.

Mrs. J. M. Currier, of near Gomez, was over shopping this week.

Mrs. W. K. Dickinson, Jr. and Miss Ada Russell, of Lubbock, were in this week shopping and visiting, their friend, Miss Mary Dixon.

of your auto, don't think the car is ruined because it is considerably smashed up. Send it here and have us repair it. It has to be a pretty bad wreck to be beyond our skill. When you get it back it will be as good as new and probably better. Next time it will be the wagon that will need repairing, not your auto.

D. 1914, same being the 27th day of April, 1914, then and there to answer the plaintiff's petition, filed in a suit in said court on the 24th day of February, A. D. 1914, wherein E. S. Buffington is plaintiff and the above named parties, together with A. J. Beardsley, are defendants; file number of said suit being 211. The nature of plaintiff's demands are as follows, to-wit:

That the plaintiff is the owner in fee simple, and has possession of the following described lands, situated in Terry county, Texas; being 640 acres, known as Survey No. 35, in Block 4X, about 13 miles N., 27 E. from the center of the county, located by virtue of Certificate No. 318, issued to the Central & Montgomery Ry. Co., and patented to A. J. Beardsley, with field notes as follows:

Beginning at stake the N. E. cor. or Survey No. 34, this Block for the S. E. cor. of this survey; thence north 1900 vrs. to stake for N. E. cor. this survey; thence west 1900 vrs. to stake for N. W. cor.; thence south 1900 vrs. to stake for S. W. cor.; thence east 1900 vrs. to the beginning.

That plaintiff purchased said land from defendant A. J. E. Buffington; that this name is an error, either of the draftsman of said conveyance, or the clerk in recording, which of the two plaintiff does not know. That the other defendants are setting up some claims, or title to said land, to plaintiff unknown, in that they have transferred certificate to lands, of the same number as to this plaintiff's land. That these claims constitute a cloud on plaintiff's title to said land, and plaintiff pleads the three, five and ten years' limitation to same, and prays that all claims, right and title of each of the defendants be divested out of them and vested in plaintiff; that he be quieted in the title and possession of said land, and that the error in his deed be corrected and remedied.

Witness, D. J. Broughton, Clerk of the District Court of Terry County, Texas.

Given under my hand and seal of said court, at office in Brownfield, Texas, this 24th day of February 1914, (SEAL) D. J. BROUGHTON, Clerk of the District Court of Terry County, Texas.
