

THE OLD STORE-AND A NEW PRICE

I have purchased the entire stock of dry goods and groceries of May & Wright and will continue to sell goods at the old stand. I will be glad to have the patronage of all our old customers as well as new ones. Everything is going at reduced prices. For instance you can get 17 pounds granulated sugar for \$1.00. Highest patent Flour for \$3.25. 5 pounds Arbuckle coffee for \$1.00. These prices are for cash only, nothing sold on account. That is why I can save you money.

Gomez

By West Wind

On Thursday the 9th inst Mrs. Robert Holgate gave an old fashioned quilting. Those present from Brownfield were Mesdames DeShazo, Proctor, Tiernan, Burnett, Cardwell and Ward; from Gomez and vicinity, Mesdames Will Black, Simon Holgate, Wolfarth, Funlerburk, Ware, Taylor, Currie, Glover, Whitla, Short, Curlin, Stapp, Reeves, Brooks, and Misses Wolfarth, Knox and and Holgate, Messrs. Tiernan and Cardwell came over from Brownfield with their better halves, but did not stay for dinner. That turkey dinner with its accompaniments of vegetables, salads, pies, pickles and cake, could not have been improved; in fact it was one of those rare occasions where there was not anything to mar the perfect happiness of everyone there. After two quilts were quilted and taken out of the frames, guests departed home, all unanimous in the verdict, that as a hostess, Mrs. Holgate cannot be excelled.

Born to Mr. and Mrs. Willie on the 8th inst. a fine baby girl. The little one is doing well, but we regret to state that Mrs. Willie was quite seriously sick for several days, then seemed to get better; but grew worse again on Monday, and at this writing she is quite seriously sick.

Mrs. E. E. Simms was taken sick on last Saturday evening with heart trouble and neuralgia of the head and back. She was very sick until late Sunday afternoon, she seemed better, and at this time is thought to be better.

Misses Callie and Willie Roy came in from Plains on the mail car last Saturday to spend Easter with their many friends here. To the delight of the young people, the mail car was so heavily loaded with mail and other passengers Monday, that the young ladies had to stay over until Tuesday. All hope they will soon visit again.

Miss Nora Wolfarth entertained a crowd of young folks on Monday night as a farewell of the Misses Roys' visit here.

Miss Dimple Black entertained her young friends with a social party Friday night. All report a pleasant time.

Miss Moreman, from the Yates settlement in Yoakum county, came in last week for a visit to Mrs. Alvin Key.

Messrs. Harry and Chris Timm accompanied by their mother, were trading in Gomez, Tuesday.

Mat McPherson was here on Tuesday.

Jim Parks and wife were here trading last Friday, and Mrs. Parks made a much appreciated call on ye scribe.

Bob, Will and George Snodgrass and their families spent Easter in town, George and fam-

ily at Mr. Ware's until Monday afternoon.

Mrs. Bob Snodgrass and children visited out at Dee Hunter's Monday afternoon and night and here in town, Tuesday.

Well, owing to the bad weather Grandpa Black and the crowd with him did not leave until Thursday for Kansas. A card from them dated the 11th, announces their safe arrival there. Mrs. S. H. Key is still improving but will not start for home as previously stated in these columns.

Quite a lot of people in and near Gomez have been sick with what some pronounce to be rosola. Anyway it is an eruption somewhat like measles, and is accompanied by a very soar throat. So far all cases have proven light and are up soon.

Simon Holgate was taken real sick with sore throat, headache and high fever last Saturday night and didn't get up until Tuesday. He is able to be at the store now.

Our painter, Joe Whitla is putting a new spring dress on Robt. Holgate's dwelling, viz.; a nice coat of paint.

Arthur and Charley Moore and Walter Gainer made a trip to the sand hills of Yoakum county last week and brought back a windmill.

Mrs. Artie Shepherd and little ones were trading in town Monday evening.

Mesdames Alvin Key, George and Bob Snodgrass, Artie Shepherd, R. W. Glover, S. E. Madux, Grandma Stapp and Misses Mooreman and Willie Roy, all called on ye scribe, Monday, and we sure enjoyed the calls, but the Gomez department of the Herald failed to go in print as usual on Tuesday, as the result of the afternoon being spent in work and visiting instead of reporting as usual. Well, maybe the failure won't happen again soon.

News came over the phone this afternoon that Mr. Wingo, who lives on the Nick Alley place in the Harris community, had the misfortune to get his dwelling house and all contents burned. At or near noon today, Mrs. Wingo went to Harris for the mail and Mr. Wingo was repairing a windmill near the house. Three small children playing in the yard, and a five months old baby asleep in the house, when Mr. Wingo discovered smoke and flames coming through the roof. He only had time to get the baby out before the roof began to fall in. We did not learn how the fire originated, but suppose it was a defective flue.

Geo. Black has bought a new piano, and the singing there last Sunday night had the largest attendance and was one of the best we have ever had.

Bert Kennedy and Claud Ray passed through here Tuesday going east.

Mrs. J. E. Woodard and children were in trading, Tuesday.

Will Black and family took dinner out at Hugh Williams' Sunday.

Bain Price spent last Thursday night at the hotel.

Dr. Treadaway and wife went down to Joe Lane's Tuesday evening. Little Mary Lane is sick.

S. H. Hunter and wife visited out at Dee Hunter's, Tuesday.

Early Key's school closed last Friday, and they have moved into Ben Brannon's house here.

Ben Brannon moved his family out to the Clark place two miles west of town two weeks ago.

There was preaching at the school house Sunday at 11 a. m. by Rev. Lofton, and Rev. M. D. Williams preached at the Baptist church in the afternoon. There was the largest crowd out at both services that has been here this winter. At 6 o'clock p. m. the B. Y. P. U. met at the Baptist church and after that all went out to Mr. Geo. Black's to the singing, so our Easter was well filled.

Mrs. J. M. Currier visited in Brownfield on Tuesday and paid ye scribe a visit as she was en-route home.

Mrs. Curlin was visiting and trading in town, Tuesday.

Well, that little snow shower we had the 8th inst. would have

Brownfield does not compete for any prize to become the cleanest town in Texas, but just because they believe it their duty to clean up and keep clean. When a prize from any source is the only incentive to a town to clean up, it is an assured fact that they won't long be clean. A clean town is nothing more nor less than a local patriotic duty, and to fail of that duty is the same thing as to fail in a private duty.

Farming time is here, and the farmer has lost all interest in local and State politics for the time being, which is well, but along in June when he begins to finish that crop he has planned, he will contentedly and patiently listen to the troubles of the candidate, and then he may be so happy that he will lend a sympathetic ear.

Society

Mrs. W. G. Hardin, Ed.

The play last Saturday night was liberally attended and everyone seems to have gotten their money's worth, as was promised. I wish as a friend and well-wisher, to speak a good word here, for our boys and girls. They carried their school work, which is not at all light, in connection with memorizing this play. They are worth their weight in gold, everyone of them.

The Dramatic Club met Tuesday night with Miss Mary Dixon, with only five absent, making a total of about thirty-one members. Three new members were enrolled, and after their months rest, the Club seemed to have silently adopted the motto "Get busy." They were entertained with sweet music and served to dainty refreshments upon leaving.

Misses Annie Hamilton and Mary Dixon entertained the little ones with an Easter Egg hunt, last Sunday afternoon in the northern addition to Brownfield. This shows a very unselfish disposition in those two young ladies, for we know they might have been otherwise pleasantly employed. Nevertheless, for when we show kindness to a little child, we imitate the example set forth by the Savior, when he said "Suffer little Children to Come to Me." If we all did more for the children we would find ourselves doubly repaid.

The Easter Service was enjoyed by all who attended. The decorations pretty, showing knack and resource. The singing was good and we were glad to have "Papa Johnie" and his good wife, with us again, and while he greeted us in that old free easy manner, which had not lost any of its cordiality; still away back of it all, there was a nameless something which made us feel lonesome, and which told

us that he, like us, missed the many who had greeted us on a like occasion, and sang with us, some of whom may be destined never to return, but we will love those who remain and look forward with hope of again meeting the absent ones.

FOR SALE—8 head Durham cattle, milk stock; 16 good hogs; wagon, harness, plow tools, 4 mules, 1 horse, 40 bushels of corn, 3 tons of maize. See or phone Herbert Bell, Brownfield, Texas.

The play last Saturday night was, we believe, the best we have ever seen staged in Brownfield, and it was far superior to all others, when we take into consideration that all the actors and actresses were merely high school children, and none more than seventeen years old. There were three or four in the play that give promise of passing the amateur stage.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

Lee Allmon and Jack Drinkard were busy the first of the week putting shingles on Wright's store. This store has been covered with prepared roofing, but had a bad habit of leaking. After all there is nothing just as good as old fashioned shingles.

SPECIAL SESSION DISCUSSED

Farmers' Union Officials Want No Politics.

Ft. Worth, Texas—The suggestion that the Legislature meet in special session to enact, among other measures, laws needed by the farmers emboldens us to make a few observations concerning the proposed session and its work.

The Farmers' Union has had considerable experience as an organization with legislatures, having had representatives at Austin during the sessions for the past dozen assemblies or more, and our observation prompts us to suggest to Governor Colquitt that in addition to the exactions he has made he also require the members to promise their constituents that in the event the session is called they agree not to commit grand larceny upon the tax payers by playing to galleries or to sand-bag Father Time by making political speeches during the session. We already have too many political aviators darkening the skies with their queer crafts and any member inclined to rise and fly in search of office while the legislature is in session should be

regulated and restrained, for it is not in the interest of the farmer to turn loose a flock of partisan orators in the legislative halls while agricultural matters are under consideration.

A Tremendous Task.

We leave the question of calling an extra session with the Governor without comment, but we want to take this occasion to impress upon legislators present and future the magnitude of the task they are undertaking. The subjects of warehouse bills, rural credits and kindred matters have been receiving constant study by the Farmers' Union for the past ten years and they are by no means solved to our entire satisfaction. We are entering a new rural civilization and the problem of agricultural legislation is as big as the continent and one that requires master minds and years of experience to deal with successfully. It is easy to throw a few words together in the form of an enactment, but quite another matter to put a workable law upon the statute book containing native ability to germinate activity and distribute energy throughout the agricultural life of State. There is already too much agricultural gossip upon the statute book; we want laws that can live and labor. A law that a politician can run for office on and one that a farmer can run a farm on, are entirely different propositions.

Law Makers Follow the Sap.

It is refreshing to find the legislature getting back to the soil. We have been legislating downward. We are now beginning at the soil and going upward and for the first time, following the direction of the sap. Many efforts have been made to legislate in favor of the farmer by building subsidiary industries and to assist the farmer by restraining the manufacturers, traders and carriers but such legislation has been comparatively worthless so far as the farmers are concerned. To meet the situation successfully will require a code of laws adapted to the business of farming.

War At Any Price.

War at any price has been the slogan of some people for the past few years and now let us have peace without price. The agricultural problems now confronting us call for statesmen—not warriors. The improvement of our educational system demands students—not warriors. The expansion of our industries demands diplomats

—not warriors. The real elimination problem in this campaign is to get rid of liquor warriors—pro and anti. If they cannot earn a livelihood during the next four years at peaceful pursuits they should be either chloroformed or pensioned.

The State Democratic Prohibition convention had before it the pleadings of the Farmers' Union for peace and they chose war. The opposing forces will make their final declaration on April 14th. If they have the welfare of the farmer at heart, they will take no part in the liquor controversy but will sign the treaty of peace promulgated by the Farmers' Union. We will wait patiently to hear what they have to say.

W. D. LEWIS, President.
PETER RADFORD, Ex-President.

GOOD BREEDING IMPORTANT

Live Stock Industry of Texas Built Up by Improved Blood.

The Fat Stock Show at Fort Worth, November 22-28, is one of the most potential agencies that is working for the upbuilding of the Texas livestock industry. It points out the pathway of progress to feeders and breeders and presents living lessons of profits and actual demonstrations of the advantages of higher types in classes and breeds. The scarcity of the world's meat supply has brought the livestock industry into the limelight and the necessity for increasing the herds and improving the grades is one of the most important economic problems of the day.

The Texas steer of a quarter of a century ago, compared with the present thoroughbreds, presents the most convincing argument in favor of good breeding the world possesses. From wild, dangerous and worthless beasts of the plains, they have become cultured, docile and profitable. These dumb brutes have so completely mastered the science of breeding that they have remodeled their shape, reformed their habits and rebuilt their character. Each generation has contributed toward the uplift of the breed, until today the cattle have more purple blood in their veins than any other family of the animal kingdom.

They can teach the human race many lessons in the science of improved lineage. By carefully con-

forming to the laws of nature, they have bred out deformities of flesh and blood. Their blood, which once made weak and scrubby stock, now produces rich and powerful thoroughbreds. Each breed is known by the color it keeps, by its distinct type and purpose in life.

This work has been accomplished largely through the instrumentality of the National Feeders' and Breeders' Show, which holds its Eighteenth annual meeting at Fort Worth on November 22-28, and new models and higher standards will be taught at the coming convention. During this time each annual meeting has gauged and registered the advancement of the livestock industry of Texas and it is here the leaders of all classes and breeds assemble to report progress to the management. Each year has been one of glorious triumph but, none will eclipse the present aggregation of thoroughbreds.

THE HOG A REVENUE PRODUCER

Pork and Its Products Increasing in Demand.

The razor-back hog has been forced by the thoroughbreds to flee to the mountains and the distance they have traveled each year is measured and recorded by the judges of the Ft. Worth Fat Stock Show. For eighteen years the National Feeders' and Breeders' have held the tape line of progress on this industry and the exhibits on November 22-28 promise to more nearly approach perfection and extend through a much wider range of breeds than any previous exhibits.

No other animal ever made such concessions to the market as has the hog. He has given half his life to meet the demand for young stock and has surrendered the freedom of forests for the shackles of the pen where fat can be produced with the greatest economy. The human race has made no such sacrifices for success as has this dumb brute.

The new hog has become so popular with the housewife that we consume all of our home production and ship in \$24,000,000 of pork and its products per annum. He is one of the best revenue producers in the animal kingdom, and has shown an increase in value per head during the past five years of \$2.80. The statistics of the Federal Department of Agriculture pay a glowing tribute to the growing popularity of the Texas hog, and show a decrease of approximately a million head in number and an increase of over \$2,000,000 in aggregate value. We are traveling rapidly on the road of extermination of the swine industry in Texas, and the National Breeders' will make an exhibit at the Fat Stock Show that will seek to turn the tide. It is one of the missions of the management to balance production and consumption, and no more effective methods can be employed to encourage hog raising than to exhibit the leaders of the swine family to the farmers of Texas.

King Cotton has had the audacity to counterfeit some of the by-products of the hog, but Uncle Sam caught him in the act and passed a pure food law and the subjects of the king are now compelled to march under their own flag and parade under their own colors.

A Resolve.

"Not frequently or of necessity to say to anyone or to write in a letter that I have no leisure, nor continually to excuse the neglect of duties required by our relations to those with whom we live, by alleging urgent occupations."—Marcus Aurelius.

Convenient Shoe Horns.

A problem which has agitated the feminine mind for some time has been successfully solved at last. A way in which women may reach their feet unaided, even though corseted, comes to relieve those who are overburdened with obesity. How is this feat accomplished? It's simple if one possesses one of the new shoe horns which have a three-foot wooden handle attached to the horn. This novelty is imported, and though the price may seem high, the relief purchased with one of these toilet accessories is certainly worth the price.

Mr. Editor, if we get any ads in our locals just call it ignorance and scratch them out. We have tried to be very careful in that respect and though asked to announce our box supper in the Herald, we refrained from mentioning it until it became a matter of history. We have never been in the newspaper business and you may have to give us some instructions occasionally.

West Wind, we have done our best to be prompt and regular and have prepared our letter when it seemed quite a task to do so, then sometime we have had the misfortune to learn of it's being missent or delayed some way. It is a pleasure to send in our little mite, and we consider that we are well paid, for we get the benefit of all the other correspondents items, besides the Ladies' Home Journal each month and a free subscription to The Herald. We call that good.

J. W. Spear and wife made a trip to Tahoka last week after groceries and cottonseed cake. They report no cake in Tahoka, so they got cottonseed meal instead.

Marlin Ellington went up to his father's near Meadow, last Thursday and returned Friday, with a load of cake.

Messrs. Eddy and Burns of Lubbock county, passed through Tuesday with a small herd of cattle, which they were driving to fresh pasture in New Mexico.

Bro. Cox will preach here next Sunday. There will be dinner on the ground and an Easter hunt for the children.

B. C. Christianson attended a school election for trustees last Saturday, at J Cross, that being his district.

Walter Frazier took dinner at Brit Clare's, last Saturday.

Our farmers are beginning to get ready with their spring work around here.

Howard Wingo is still working for the Mallets.

We understand that Will McPhaul will leave today, Tuesday, for Post City to bring Arch home from the sanitarium.

We expect the editor some times has trouble with our a's and o's, anyway we are never going to criticise his spelling in our items. He'll be qualified for a postmaster if he reads our writing long, for he can then read just any old scribbling.

Sand Bur, you not only write a very legible hand, but your spelling, grammer and punctuation are almost perfect, so far as we can tell. There is no complaint from this quarter.—Ed.)

April 15.

We suppose our letter was late

last week as we learned the Harris mail didn't arrive in Gomez until Wednesday afternoon, consequently couldn't have got to Brownfield until Thursday. (It reached here Friday morning, laying over in Gomez two days—Ed.)

Walter Gainer, Arthur and Charlie Moore, came out from Gomez Friday and tore down the building on the Brannon place. They hauled the lumber to Gomez Saturday.

Now, West Wind, the editor only said it was advertising, when you wrote of anything where there is to be an admission fee charged and we still kinder doubt that Dee Hunter and Bob Snodgrass are paying any toll on that chuck-line they ride.

Bro. Cox failed to appear Sunday but those who went for church enjoyed the dinner immensely. They also sang some and had the Easter egg hunt for the children.

We notice that when anyone goes to Tokio, Digger says so and so was in Tokio, on a certain day. Now Tokio being like Harris, a store and postoffice all in the same building, we would like to know just where one would need to be in order to be in Tokio (No offence Digger.)

Will Satterwhite and family visited Brit Clare and family, last Sunday.

Mr Baker is working for T. C Ivey, at present.

We have begun to think once more that spring is really here. Surely April hasn't another surprise for us.

We received a nice lot of stationery from the editor last week, but we have a little of the old to use up yet.

Mrs. L. H. Hooker visited Mrs. J. W. Spear, Monday and L. H. Hooker, John Ham and Jack Benton helped Mr. Spear pull his pump, which was sanded down.

Thelma Latham and Gertrude Wingo, spent Sunday night with Fern Harris. Misses Eva Har-visited Miss Jewel Latham that night.

Miss Emma Spear spent several days of last week visiting her sister, Mrs. Jim Wright, at Tokio.

Arthur Moore was over to see us a few minutes this week and gave us a brief but glowing account of his travels in Arizona. He says a Texan has mighty little show out there as the Mormans have that country, and that a man from Texas has to stay by force, and that they greatly fear a Texan, unless the Morman's have great odds.

Sunday, Monday and Tuesday were about the stillest days we ever see here all together in the spring.

Mr. E. L. Duke,

Brownfield, Texas.

Dear Friend:—Enclosed you will find a paper which may be of some use to you. I could have secured the names of several hundred to this paper but thought the ones on it would be sufficient. Wishing you much success, I remain,

Your friend,
A. H. King

TO WHOM IT MAY CONCERN:—We, the undersigned citizens of Throckmorton County, Texas, take great pleasure in stating that we have known Mr. E. L. Duke, now of Brownfield, Texas, for a number of years; that he, while living among us, had the reputation of being honest, upright, intelligent and a progressive citizen, and that he is worthy the friendship and support of the people among whom he is now living.

Rev. J. C. Lewis was Tuesday morning to put in an ad about his Sudan grass seed. Mr. Lewis has been offered \$2 per lb. for all his spare seed in Lubbock, but he is too patriotic to sell them even at that price up there as he had rather see Terry county farmers have them, and is going to the expense of advertising them, and selling them at 50c less on the pound. We wish the world was full of people of his caliber, there would certainly be less misery in the world.

ATTENTION:—After a few weeks, the Herald will begin touse a mailing machine and names will be printed on the paper or wrapper, instead of written as heretofore, and we will not keep those on our mailing list that are behind, so you had better see about your subscription if you want the Herald to come to your address.

Constipation, if Neglected, Causes Serious Illness

Constipation, if neglected, leads to almost innumerable complications affecting the general health. Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, 6 Sabin St., Montpelier, Vt., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness often results. The advice of all physicians is, "keep your bowels clean," and it's good advice.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned.

The Maids & Matrons Club met with Mrs. Cecil Smith on Tuesday 7th. There was a very good crowd out and all had a jolly good time, as our hostess is an ideal entertainer. Our teacher and secretary being absent Mrs. Hardin acted as secretary, and Mrs. Smith as teacher, for the afternoon. After our usual lesson and business were concluded, we were served to delicious sandwiches, pickles, chocolate and whipped cream, which was enjoyed by all present. We adjourned to meet with Miss Ethel Treadaway the 21st.

Despite the inclemency of the weather last Saturday afternoon, quite a number were out for the Easter egg hunt. The Lakeview ball team and Meadow and Primrose boys, played a game of ball. We never heard who were winners.

Quite a crowd enjoyed a bountiful dinner Sunday, after which all present who could, sang several songs. Second chapter of first Peter was then read by T. S. Jackson, of Roswell. After the reading more singing untill all were tired. The boys forgot and went to play a game of ball, but came in when the service's began. We hope they may not forget any more when we meet for worship of any kind. If the Lakeview people decide it's best not to move the church, which we hope they surely may, we are going to try to meet every Sunday, for Sunday School and singing and shall be glad to have everyone who can and will, to come help in the services. Come whether you think you can help or not, your presence is worth a great deal.

We hope to have preaching next Sunday afternoon. Everyone come.

THE STATE OF TEXAS

To the Sheriff or any Constable of Terry County, Texas,—Greeting: You are hereby commanded to summon the Unknown Heirs of E. E. Buffington, deceased; E. E. Buffington; The Unknown Heirs of J. P. Kindred, deceased; J. P. Kindred; the Unknown Heirs of D. Theo. Ayres, deceased; D. Theo. Ayres; the Unknown Heirs of Jno. H. Gibson, deceased; Jno. H. Gibson; the Unknown Heirs of Leopold Fellman, deceased; Leopold Fellman; the Unknown Heirs of Bernard Tierman, deceased; Bernard Tierman, by making publication of this writ in some newspaper published in your county for eight consecutive weeks prior to the day hereof, commanding said defendants to appear before the Honorable District Court of Terry County, Texas, at the next regular term thereof, to be holden at the court house in Brownfield, Texas, on the fourth Monday in April, A. D. 1914, same being the 27th day of April, 1914, then and there to answer the plaintiff's petition, filed in a suit in said court on the 24th day of February, A. D. 1914, wherein E. S. Buffington is plaintiff and the above named parties, together with A. J. Beardsley, are defendants; file number of said suit being 211. The nature of plaintiff's demands are as follows, to-wit:

That the plaintiff is the owner in fee simple, and has possession of the following described lands, situated in Terry county, Texas; being 640 acres, known as Survey No. 35, in Block 4-X, about 13 miles N., 27 E. from the center of the county, located by virtue of Certificate No. 318, issued to the Central & Montgomery Ry. Co. and patented to A. J. Beardsley, with field notes as follows: Beginning at stake the N. E. cor. or Survey No. 34, this Block for the S. E. cor. of this survey; thence north 19°0 vrs. to stake for N. E. cor. this survey; thence west 19°0 vrs. to stake for N. W. cor.; thence south 17°0 vrs. to stake for S. W. cor.; thence east 19°0 vrs. to the beginning.

That plaintiff purchased said land from defendant A. J. Beardsley, paying valuable consideration therefor, and receiving deed of conveyance thereto which instrument was duly recorded in Vol. 1, page 403, of Terry County Deed Records, which now appear in the name of E. E. Buffington; that this name is an error, either of the draftsman of said conveyance, or the clerk in recording, which of the two plaintiff does not know. That the other defendants are setting up some claims, or title to said land, to plaintiff unknown, in that they have transferred certificate to lands, of the same number as to this plaintiff's land. That these claims constitute a cloud on plaintiff's title to said land, and plaintiff pleads the three, five and ten years' limitation to same, and prays that all claims, right and title of each of the defendants be divested out of them and vested in plaintiff; that he be quieted in the title and possession of said land, and that the error in his deed be corrected and remedied.

Herein fail not, but have you before said court on the first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, D. J. Broughton, Clerk of the District Court of Terry County, Texas.

Given under my hand and seal of said court, at office in Brownfield, Texas, this 24th day of February 1914. (SEAL) D. J. BROUGHTON, Clerk of the District Court of Terry County, Texas.
