THE OLD STORE-AND A NEW PRICE

I have purchased the entire stock of dry goods and groceries of May & Wright and will continue to sell goods at the old stand. I will be glad to have the patronage of all our old customers as well as new ones. Everything is going at reduced prices. For instance you can get 17 pounds granulated sugar for \$1.00. Highest patent Flour for \$3.25. 5 pounds Arbuckle coffee for \$1.00. These prices are for cash only, nothing sold on account. That is why I can save you money.

E. B. WRIGHT

U. S. Pen.

Out in the State of Kansas, on the bank of old Missou,
There stands a Stir, for grandeur is surpassed but by a few.

The building of this Mansion required ten thousand men,
And every brick, and tile and stick, was put in place by them;

They labored on this Stir-house ten solid toilsome years,
And the grass that grew about the walls, was moistened by their tears.

And as they marched in from their work, each morning, night and noon,
'Tis little did some of them know they were building their own "Tomb"

For when a man would sicken, 'twas not long till he was mourned,
For from that dreaded hospital, few men had ere returned.

Above the portals of this place, in letters bright and clear,
An inscription reads: "Leave hope behind, all those who enter here."

For when a man had not returned to be counted with the rest,
'Twas then they knew he had fled and was numbered with the blest.

And in that cold and silent mound on yonder hill they sleep,
Where all are "kin" who sleep within, enshrouded in a sheet.

And now a change has come; a change all for the good,
For now man has took the stand, where once a demon stood.

A human vampire as lieutenant from this place has fled,
A noble true and honest man, we have now in his stead.

Now when a man goes forth from here, as all us mortals should,
He has no hate for church or state, but resolves to do some good.

That shame faced look, that slouching walk, and drooping stare is gone,
When he's dressed out, a man you see, and not a dirty cur.

Now to those who can see the good there be in changing the mind
of men,
From bad to good, from hate to love, when leaving the U. S. Pen

Just get in line and say something fine, help us to raise the stock
Of men who are doing their very best—boost, don't ever knock.

Ft. Worth-Roswell Road

"As valuable as another rail-
road in its possibilities of trade"
is the general sentiment express-

ed about the Chamber of Com-
merce place for the extension of
the Tarrant County good roads
benefit, on and on, by successive
stages, until the line reaches

Fort Worth to Roswell, N. M.,
there to connect with the good
roads of that latter State.

Publication in the daily papers
was a means of bringing to the
Chamber of Commerce a hearty
endorsement of the project that
was surprising but most gratify-
ing.

Messages and letters began to
come into the office, all endorsing
the Fort Worth-Roswell road, the
most distant being from Brown-
field, Terry County, County Judge
Neil telling of the advantages of
the route through that county
seat and giving information of
the improved roads already avail-
able for incorporation in the
system. Letters of similar im-
port came from others and he is
not overly sanguine who is con-
fident of the practical successful
working out of the plans.

Only those who come in con-
tact with the vast number of auto
tourist, or through business con-
nections are familiar with the
freighting possibilities of the
motor truck, can realize the great
advantage a road of this kind
will be. The assertion, freely
made by those perfectly com-
petent to express an opinion,
that "it would be as valuable as
another railroad," is in no sense
of the word an exaggeration.

THOSE wanting under-ground
silos, will do well to figure with
us as we are well equipped with
tools and can plaster. Address

Diggers accusation that we
didn't know anything about Tokio
was ludicrous since we have
known the present site of Tokio
for the past six years, during
which time Tokio sprang into
existence. We are also connect-
ed with Tokio by a neighborhood
telephone system.

Well, Digger, maybe we don't
know much about Tokio, probably
the half has never been told.

But—before we visit your city(?)
will you please tell us how we are
to know when we get there? Will
you come out of the house and
flag us down? We said "Miss
Emma Spear spent a few days
visiting her sister Mrs. Jim
Wright in Tokio," and we meant
in the Tokio neighborhood. We
know where Mrs. Wright lives
alright. Don't take us too
seriously, Digger. We do like
your items and will continue to
read them.

Mr. Editor if our row takes up
too much space boil it down or
"chuck it." We are sorry you
didn't give us West Wind's write
up, for being personally acquaint-
ed with her we have great res-
pect for her literary opinions.

Last Thursday's rain and hail
storm was little short of a cy-
clone in these parts. The rain
came down in torrents. We haven't
seen such a precipitation in six
years at least. The hail was as

large as we ever saw and is re-
ported still worse a few miles
southwest of us where window
panes were broken out and rab-
bits were killed with it. It
would easily have broken win-
dows here if they hadn't been
screened. The wind blew hard
and whirlwinds were passing
along. Some sheds and a big
hack were blown over for W. H.
Harris and the Moore house a
few miles north of here is report-
ed blown into the tank.

Marlin Ellington went out to
New Mexico last Thursday to see
after their cattle there.

J. W. Gordon the U—man,
took dinner at Brit Clares last
Friday.

Dave McLain came in Friday
and will spend some time among
his friends here.

L. H. Hooker and two small
sons came in from Lubbock Sat-
urday with a load of produce.
They brought home a nice rev
hack, so we expect to see them
driving around some now.

Will Satterwhite bought a good
gentle saddle and work horse
from P. G. Stamford of Yoakum
County the other day; consider-
ation \$100.00.

Mesdames Spear and Hooker
and Miss Emma Spear visited
Mrs. Merrit last Sunday.

The editor rode some ten
miles on the new Santa Fe Cut-
off while away, and found that it
was almost equal an old, well
graded road.

Gov. Colquitt has wired the Wilson government to rush the army across the Mexican border and treat the Huerta and Carranza governments alike. When it comes to playing the galleries on the Mexican situation, Colquitt can pull his hair and cry for the blood of the Mexican greaser in a dramatic manner, and yet he turns around, refuses to let justice take its course in the case of the young Mexican brute who took the live blood of that innocent and helpless young American girl near Pecos, and then sends the rangers to Pecos to save this murderer from falling into the hands of a crowd of law abiding citizens who are demanding justice.—Seminole Sentinel.

If that Mexican had fallen into the hands of those law abiding(?) citizens, they would no longer be law abiding citizens but outlaws. Of course all of us howl for the rapist's blood, when the injury is brought to our own homes, or

that of our neighbor, but we must not encourage mob law, especially newspapermen, and that Mexican will get his yet. But that was not your object; you just naturally have it in for poor old Colquitt, and used this excuse to hand him a package. You ought to simply be ashamed, sir.

Odd Fellow Celebration.

The Brownfield Odd Fellows pulled off their annual stunt last Friday night, but owing to the inclemency of the weather, only about thirty-five people were out. The anniversary came on Sunday the 28th this year, but was deferred until regular meeting night thereafter, which fell on May 1st. The local speakers were: J. L. Randal, R. H. Banowsky, Percy Spencer and Rev. J. B. McReynolds, augmented by Judge Spencer, who organized the Brownfield lodge, and who happened to be present. The talks were all fine and to the point; after which delicious cake and punch were served to all present.

After refreshments, some beautiful songs were rendered by Misses Dixon and Lewis and Messrs. Powell, Banowsky and Dixon. Although only a few were present, all seemed to be well entertained, and glad to be present.

Well we have had another good rain. We had a light hail storm a few day back, but didn't seem to hurt the people much.

H. L. Ware has moved his family out to their new home. We are glad to have them back in our community.

Norman Lovelace, wife and mother, spent Sunday with T. E. Lovelace and family.

Jim Wright and wife spent Saturday night and Sunday with her mother, Mrs. J. W. Spear.

Mrs. R. K. Benton spent Sunday eve with Mr. Cherry and sister.

T. E. Lovelace was in Tokio this afternoon, also Ennis Ware.

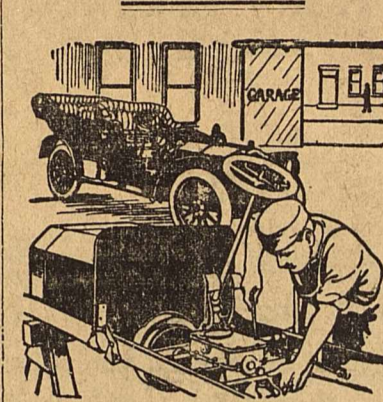

Miss Emma Spear spent last night with her sister, Mrs. Annie Wright.

Messrs Spear and Armstrong have been trading some this week. Everybody must be sure and

come to J Cross the 4th Sunday. We are going to have church and Sunday school and also dinner on the ground.

Miss Emma Spear and several others went over to see Mr. Merrit's bunch of sheep, Sunday. He just lost 20 little lambs in the hail storm.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

HARRIMAN SAFETY MEDAL AWARDED SOUTHERN PACIFIC COMPANY

At a recent meeting of the American Museum of Safety, held at the Hotel Waldorf-Astoria, New York, the Southern Pacific Company was awarded the first of the E. H. Harriman Memorial Medals for record progress in safety, and accident prevention.

The medal, the gift to the American Museum of Safety by Mrs. E. H. Harriman, in memory of the railroad magnate, will be awarded annually by the Museum to the railroad holding the record for progress in safety and accident prevention. It is executed in gold, and on one side is a raised figure of E. H. Harriman with the inscription, "E. H. Harriman Memorial Medal, awarded by the American Museum of Safety to the Southern Pacific Company," and on the other side is a figure of a trainman, with lanterns, walking along a railroad track, with inscription, "For the utmost progress in Safety and Accident Prevention."

The Southern Pacific system operates nearly 12,000 miles of railroad, and during a period of five years just ended has not caused a single fatality to its passengers through collisions, derailments or other train accidents. During that time the Southern Pacific carried over 200,000,000 passengers, more than twice the entire population of the United States, an average distance of forty-five miles. This is equivalent to carrying 9,000,000,000 passengers one mile, or one passenger 9,000,000,000 miles, or 360,000 times the distance around the earth.

This company has expended to date over \$12,000,000 for automatic electric block safety signals, air brakes and automatic couplers and other devices for safety and accident prevention. This company has also endeavored to impress upon its employees in every way possible the importance of accident prevention and that "eternal vigilance" must be the watchword of all, from the highest officer to the humblest employee.

There were forty leading railroad systems in the United States competing for the medal.

A. M. McBurnett and wife were in town last week and informed the Herald man that his father had died at Snyder, Texas, on the 27th ult, and that he was not able to reach there in time for the funeral. His father E. B. McBurnett, was 73 years of age at the time of his death, and was one of the first settlers of Nolan county. He was a Mason

and had been a member of the Baptist church for 50 years. We extend our heartfelt sympathy.

Sunday will be Mother's Day at the Methodist church, and everybody is invited to attend and wear a white flower in honor of their mother. There will be special music by the choir.

Lynn Adams carried a bunch of cattle to Lubbock last week to be delivered to parties that live in Colorado, where they will be shipped to grass.

You will notice we have a new advertiser this week in the person of I. A. Whiteley, of Lubbock. He is real anxious to serve you with a full line of gents furnishings, and an up-to-date stock of shoes for men and women. In order to get acquainted, he is offering rare bargains for the next ten days.

Jno. Waltrip was in town this week on business.

We are glad to report Grandpa Shrock improving from his recent illness.

The Womens Home Mission Society served cream out in the Court House yard, Tuesday of last week. We understand they took in something like \$11.

I HAVE a nice line of ladies and Misses' hats, the latest styles. Call and see them, T. A. Holley.

Mrs. W. A. Bell returned this week from Wichita Fall, where she attended the District Convention of Mothers and Parent Teacher Clubs. Mrs. Bell says they are doing a great work for Texas, and that she met a set of enthusiastic workers down there. They were greatly surprised that this "wild wooley" country had ever thought of a Mothers Club, and in recognition of the good work done in Brownfield under the presidency of Mrs. Bell, she was elected District Auditor. Mrs. Bell visited relatives at Marshall while away.

Another new grain and coal firm at Lubbock now has space in the Herald. They are Messrs. Graves & McWhorter, successors to Ames & Co., and handle a full line feed and coal. They are especially pushing a line of cooked feed for milk cows, and any orders intrusted to their care will be carefully attended to.

Clyde Lewis is teaching a singing school at the Baptist church, and has a class of about 25 pupils.

M. V. Brownfield returned Tuesday from Gray county where he went to look after his ranch interest.

John Waltrip brought in his fine yearling colt this week and sold it to Will Alf Bell at the handsome figures of \$125. That is the kind of stock to raise.

Mesdames Hughes and Moore, of the Pleasant Valley community were in town shopping, Saturday.

OUR TENANT PROBLEMS

EDITOR'S NOTE:—This is the fourth
 of a series of Articles on AGRICUL-
 TURAL PROBLEMS prepared by Judge
 S. A. Lindsey, chairman of the Texas
 Farm Life Commission.

The tenant problem is less sim-
 ple than the getting of cheap
 money on land worth twice the
 amount borrowed; all that is re-
 quired in that case is to arrange
 the security (the best in the world)
 so that it is acceptable at the
 source of cheap money. All this
 is cold-blooded business between

the investors in securities and
 those selling same. The transac-
 tion is: give me security and
 I will give you money. The state
 is not interested in this and should
 take no further hand in it than
 to provide the law by which the
 organization for invading the cheap
 money market may be effected, and
 then giving such organization op-
 portunity to borrow such trust
 funds as the government may be
 ending.

The problem of inducing shift-
 ing tenants who are merely in
 partnership with the landlord in
 robbing the soil of its fertility and
 dividing the swag, to induce them
 to buy, improve and build up the
 soil they till and become fixed
 units of strength in their com-
 munities is clearly a concern of
 the state. This problem is close
 akin if not entirely identical both
 in purpose and result to that of
 general education. The strength
 and vigor of the state is as much
 dependent upon conserving the
 fertility of the soil as upon the
 intelligence of the people. The
 family is the unit of the state
 and the home surroundings, the
 prosperity, the optimism and edu-
 cation of the members of the family
 spell the strength and vigor of
 the state. If the state would be
 strong and enduring it must edu-
 cate its citizens and attach them
 to the soil. There is something
 strengthening in the possession and
 proprietorship of a piece of land.
 Deprive people of this strength and
 they become socialists because their
 sense of weakness and insecurity
 impels them to seize at straws as
 to the drowning.

Mr. V. T. Hoggatt, Register
 State Land Board of Colorado told
 me the other day how his state
 is attempting to convert tenants
 into land-owners. He said Colo-
 rado has \$6,000,000 of permanent
 school funds. This money is be-
 ing made available in this way:
 The counties are given the privi-
 lege of investing their proportion-
 ate part in the notes of purchasers
 of homes. This is done through
 the commissioner's courts. The
 court considers each individual
 case. If the man is honest, in-
 telligent, industrious and capable
 of paying out the land and the
 land is worth the money, the court
 buys the land for him, or takes
 up his notes and gives him 40
 years at 5 per cent interest in
 which to pay. The county must
 see that the state does not lose
 its funds. Every proposed loan is
 advertised and the people knowing
 the county to be responsible to
 the state assist in preventing an
 unworthy or unsafe case from get-
 ting through.

Inasmuch as the people of a
 state have adopted this plan let us
 consider it closely, before dismiss-
 ing or advocating it. For remem-
 ber we are not writing a political
 platform but studying a modern
 question in economics or state-
 craft which is now upon us for
 solution.

This discussion will be continued
 in my next article.

Heart Disease Almost Fatal to Young Girl

"My daughter, when thirteen years old, was stricken with heart trouble. She was so bad we had to place her bed near a window so she could get her breath. One doctor said, 'Poor child, she is likely to fall dead any time.' A friend told me Dr. Miles' Heart Remedy had cured her father, so I tried it, and she began to improve. She took a great many bottles, but she is spared to me today, a fat, rosy checked girl. No one can imagine the confidence I have in Dr. Miles' Heart Remedy." A. R. CANON, Worth, Mo.

The unbounded confidence Mr. Canon has in Dr. Miles' Heart Remedy is shared by thousands of others who know its value from experience. Many heart disorders yield to treatment, if the treatment is right. If you are bothered with short breath, fainting spells, swelling of feet or ankles, pains about the heart and shoulder blades, palpitation, weak and hungry spells, you should begin using Dr. Miles' Heart Remedy at once. Profit by the experience of others while you may.

Dr. Miles' Heart Remedy is sold and guaranteed by all druggists.

Gomez

By West Wind

Quite a lot of our streets are yet under water from last Thursday night's and Friday's rain. The hail that fell here was the largest and lasted longer than any I ever seen on the Plains, in our ten years stay here. Under all trees Friday morning was a carpet of green leaves, and all plants were beat into the earth. We have not learned of any stock being killed, but a mule belonging to a traveler and staked on the east side of our town section, was so severely beat that it bled at the nose, and couldn't get up without help and it died Monday night.

Our school closed last week. We have had a pleasant and successful term. The noise of the falling hail on Thursday night drowned sound so that it interfered with the intertainment, as the hail began just at opening time and lasted until 10:30, then the rain poured so people could not go home, but Clint Rambo, Houston Shepherd and some others carried everybody home in a wagon and surry, finishing their job just before 1 o'clock Friday morning. Friday night it did not rain and the house was crowded, the intertainment was real good. The graduating class was composed of Misses Sarah Hudson, Elma Seitz, Sarah Hudson Lois Reeves and Messrs. Tom Glover and Hosey Key. As we could not attend we cannot give any particulars.

Professor Speed will leave the last of the week for his home in Hamilton county. The other teachers are not planing to leave.

We think most all the people of west and south Terry attended the school closing. Mrs. Jim Key of southwest Terry were here. Misses Moreman's and Ray of Yoakum county came Thursday and stayed until Saturday. Paul Gainer of Plains and so many of our Terry folks we can't enumerate them. Forest Reeves accompanied Paul Gainer home on Saturday on a visit.

Mr. Wright and family of Bray, Donley county, came here last week. They are seeking a home where the rains during the crop season are not so uncertain as they have proved there for the past two years. They will locate in or near Gomez. Mr. Wright owned the mule that the hail hurt last Thursday night and has no other horse or mule to take its place in the wagon team.

Mr. Justin and family from Tulia, stopped here Sunday afternoon and part of Monday, enroute to Phenox, Ariz. Mr. Justin is blind, having lost his sight from a blast of dynamite while helping to build the La-

mesa tap of the Santa Fe.

Little Arthur Snodgrass taken high fever last Saturday night and Sunday afternoon went into convulsions but is some better now and we hope will soon recover. His parents Bob Snodgrass and wife, are here in town with him and now intend to start to Kansas with him in a few days.

Mrs. W. B. Snodgrass came in Sunday night and stayed until Monday evening, on account of Arthur's sickness.

Revs. Terry and Cox, attended quarterly conference here. Saturday and Sunday.

Ross Kensie and wife of Willow, Oklahoma, for a two weeks visit to Mr. and Mrs. Hunter, Mrs. Kensie's parents, also to other relatives, they both have lived here. Their baby boy, age two years, weighs 34 pounds and is one of the brightest and most lovable youngsters we have ever seen.

Mr. West and family left last Thursday morning. They are going from here to Slaton, but did not have any definite destination, nor any time limit set to their travels, just hunting "the honey pond and flitter tree." We hope they may find a place that will come up to their wishes.

B. McPherson and Mrs. W. C. Mathis, of Brownfield, visited out at Geo. McPherson's, Sunday and Monday.

Will Black left for the rail road Monday morning to meet his father and others, who accompanied Grandpa Black to Arkansas City. They will get here Tuesday evening.

Lenord Nichols, Joe Griffith, Matt McPherson, Sam Walker and Little Will Adams, went with Oral Adams and Jay McPhaul to New Mexico, to bring their cattle back from the range, where they have been the past winter. The lively times at the blacksmith shop, shoeing horses and bronk riding in the wagon yard, for several days past, was a vivid reminder of ranch days, as the country is rocky west of here, all horses were shod for the trip.

Mr. Cardwell was in town Monday.

Gomez boys report that in the baseball game they went to Brownfield to play, Saturday evening, the score stood 6 to 9 in favor of Brownfield. We told you so.

H. L. Ware and family moved out to their Yoakum ranch to stay until school opens next fall.

J. D. Lemley came in from Iowa, Saturday to visit his son, wh live 5 miles west of Gomez.

Next Wednesday night the teachers will intertain the 10th grade class and a few others at a moonlight picnic. Mr. and Mrs. Curlin will chaperone the crowd.

Dee Brownfield was here Monday, enroute to New Mex.

Joe Lane went to Brownfield, also was here Monday.

Artie Shepherd started to Lubbock Monday, for a load of groceries.

Will McPhaul came in Monday and carried Jay's auto out home with him.

George Copeland, Paul Hudson and Harry Timms, were in town Sunday.

Chris Timms is working at the Jones ranch southeast of here at this time.

Most all the young folks and quite a lot of the older ones, are going to picnic out at the old Youngblood place, two miles west of town, today.

Alvin Duke was here a few minutes Monday. He and others of the Mallet ranch are returning from Midland, where they went to receive a bunch of cattle.
