IN TERRY TEN YEARS AGO

From The Terry County Voice, Gomez.

G.M. Smith of the Nelson neighborhood visited the editors family this week.

Mr. J. P. Simmons of the north west corner of Dawson county was in Gomez this week soliciting help to build a school house in his neighborhood, embracing the counties of Terry, Lynn and Dawson. We are glad to see school houses go up.

Elzie Groves came in yesterday to have his hand dressed that had been badly cut by his father while cutting up a beef. He will lose the use of one finger.

Conditions in Terry County are satisfactory. The grass in the pastures is thin, but the winter has been mild, which helped the situation.

W. M. Wolf shot twice at the Voice editor at close range this morning, neither shot taking effect.

Floyd Pyeatt and Will Satterwhite (Sally for short) are still pounding away on the rock in Mr. Brooks' well.

Mrs. Glover accompanied by Vada, Verna, Bertie and Tommy and Goldie Long, paid the Voice a pleasant call this week.

As we go to press the two days roping contest begins to get on its feet, and crowds are pouring in from every point of the compass. The magnates of the range are here and the rank and file are not missing.

Miss Brooks of Lubbock spent several days visiting Miss Bernice DeShazo.

Will Dixon has finished a well

for Charley Walker and moved to the Nunns.

Tom Criswell occupied the amen corner at preaching, Sunday.

J. J. Dillard, editor of the Lubbock Avalanche, spent Sunday in Gomez.

Mr. Reeves got in the first of the week with 200 bushels of cottonseed for J. W. Cone.

W. Holmes suffered the loss of several hundred dollars by the fire that destroyed Anson.

Gomez has 90 pupils and will need an addition to the school house next year.

A fine boy arrived at the home of Mr. and Mrs. Surginer, six miles west of town, Sunday.

The McPherson boys got in from Light with cottonseed, the first of the week.

Jno. Gordon, the U Bar boss handed us a dollar this week.

There are several communications in this number of the Voice agitating organization.

BRING in your old hens and roosters, J. R. Hill will pay the highest market price for them.

Several people who were expecting Congressman Smith to speak here Tuesday night were disappointed when they learned he could not get here on account of an auto break down. We understand he will be here later.

Dr. Treadaway reports the arrival of a boy at the home of Mr. and Mrs. King, of Yoakum county on the 10th inst.

Strongtread Rubber Comp'ny Dayton, Ohio

What few yards we have inspected from last weeks clean up we find they are in fine condition, and in many instances as clean as a floor, but the judges, consisting of W. A. Bell, Lee Allmon and Jack Stricklin, have signally failed in their duty to judge the yards. Personally we think the ladies selected three of the laziest men in town, and we are heartily in favor of them firing them and replacing them with better material.

Civil Service Examinations.

We have a circular from the Postoffice Department this week requesting us to announce that Civil Service Examinations will be held in the town of Brownfield July 20th, from the results of which the postoffices of Brownfield and Gomez will be filled. Under the new ruling, just prior to the close of President Taft's administration, all 4th class postoffices were taken out of politics and put under Civil Service, and the man or woman that can make the highest grade gets the offices, the same as in the examinations for Rural Carriers.

The Department also announces that they are badly in need of male stenographers and typewriters to fill vacancies in several departments at Washington and elsewhere. It makes no difference about your politics, you have as good show as anyone.

The money is fast rolling into the coffers of the Democratic Committee from candidates all over the state, wishing their names placed on the ticket, and we hope all of them will get their money's worth, but we don't look for that to happen.

The State Democratic Committee has placed submission on the ticket, but rejected two petitions, one for sealed package sale of liquor in local option territory, and the other to so word submission that it would read "re-submission of the prohibition amendment."

Some one has written the Herald lately to tell who it was

supporting for Governor, saying it was as silent on the issue as the Fort Worth Record. We don't know how silent the Record is on the issue as we hardly ever see a copy, but the Herald is supporting no candidate, but the editor will likely vote for Thomas Ball, as he seems to be about the best excuse of the four excuses, and we aim to let other people vote like we—as they please.

Gov. Colquitt announces that he has authorized a deficiency to pay State troops for patrolling the border during the recent trouble down there, and now all north Texas will "cuss" him for expenses, while south Texas is lauding him as a patriot. To be an unpopular Governor with the politicians in Texas, is to be what Gen. Sherman termed war. Already he has been accused of spreading frost and destruction over the sugar plantations and the burying of two penitentiaries and one State Normal.

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

We are glad to announce that Miss Lottie Atkinson has obtained the Needmore school without applying. This is among the best schools in the county and we are sure Miss Lottie will make them a good teacher.

The editor and family received an invitation to dine with Mr. and Mrs. J. W. Welch this week, and of course readily accepted. This occasion being their first mess of beans. Well there was not only that big old country dish of well cooked, country bacon seasoned beans, that tend to make one love their neighbors, and know they have been to dinner, but there were greens, fried slices of good old country ham with streaked gravy, green grape pie and cake, butter-milk and other things that go to make up a real old substantial country dinner right here in town. Did we enjoy it? Well we hope so.

Misses Eldora Lewis and Annie Hamilton entertained the members of the Dramatic Club Tuesday evening at the beautiful suburban home of Mr. and Mrs. Geo. E. Tiernan. Several new members were enrolled, and after a very interesting business meeting they were served to delicious punch and cake. Every one expressed themselves as being royally entertained and hope Misses Hamilton and Lewis will entertain again real soon.

Prof. Lewis started another singing school at the Baptist church Wednesday morning, with a very good attendance.

Geo. McWhorter was over this week with a few brinks he had purchased.

Dr. H. T. Day was in town after supplies.

Dr. Treadaway has vaccinated several this week.

Mr. R. R. Lewis is confined to his room this week with a bad spell of asthma.

Lee Allmon went to Meadow this week to figure a bill of lumber for Manion Cosby, who will build a new home in the future. We understand that Lee will likely get the contract to erect the house.

R. H. Banowsky is doing some painting at home this week.

Jack Drinkard and family went out to the Williams home one mile north of town, last Sunday and spent the day, and we understand found a good dinner.

Prof. W. G. Hardin is out among the voters this week.

Eb Ivey and family came in Monday night on their way home from Sweetwater and other points. Eb says they have fine grass on the T4.

We understand the Methodist ladies took in several dollars in their sale of ice cream in the court house park, last Friday afternoon.

We learned with regrets this week that Daniel Sparks, an old timer in Terry county, but recently of Breckenridge, died last Friday morning. He took sick in the field last Wednesday. Mr. Sparks had many true and staunch friends in Terry, who will regret to hear of his demise.

Jack Stricklin Jr., returns thanks through the Herald for a beautiful embroidered cap, from Mrs. Lee Cowan, of Meadow, on his 1st birthday.

REGULATING POLITICAL PREACHERS

Three Constitutions of Texas
Have Warned Ministers
to Avoid Politics.

A Plea for a Positive Religion.

Fort Worth, Texas.—Our attention has been called to a considerable number of preachers who have endeavored to answer from the pulpit and through the press our recent article on political preachers. In the communication complained of we were careful to address ourselves only to pulpit politicians. We quote from the offending article:

"We address ourselves exclusively to that coterie of political clergymen who prostitute their high calling by capitalizing their reputation and by lending their occupation to designing politicians."

We did not know that there were so many preachers belonging to that class in Texas.

The vindictive spirit and bitter resentment shown in these replies corroborates the necessity for, and the wisdom of, the challenge we gave the political ministers to return to the pulpit. We want to thank that large body of consecrated ministers who refuse to be lured from the pulpit by the lust of power for the righteous indignation they feel over the attitude of their associates who have entered the political arena.

Now that the inflammable material has all exploded and the smoke has cleared away, we will, at the hazard of being tried for heresy, apply ourselves to the remedy and invite all who desire to preserve the sanctity of the pulpit un sullied, to co-operate in the work.

The Warning of Our Forefathers.

The difficulty of keeping the preacher in the pulpit is as old as religion. Christ encountered it in the temple when he drove the priests from the bargain counter back to the pulpit. Our pilgrim fathers met it when, through the influence of the clergy, a witch court was established at Salem, Mass., in 1692, that precipitated a legal holocaust, threatening to reduce the population to ashes and which was extinguished by the laymen uniting and forcing the preachers back to the pulpit. Our noble sires anticipated it when they wrote in three constitutions of Texas a paragraph warning the ministry against political activities. In all of these constitutions the following language appeared: "Ministers of the gospel, being by their profession dedicated to God and the care of souls, ought not to be diverted from the great duties of their functions, therefore, no minister of the gospel or priest of any denomination whatever, shall be eligible to the Legislature."

The embezzlement of power on the part of the ministry in the present age reached the zenith of its folly when an ecclesiastical court established a few weeks ago to distribute political patronage was exposed in the now famous McClure case, which will go down to posterity as one of the boldest efforts of the ministry to acquire control of government in the religious-political history of Texas and which will shame us in the memory of our children.

We are hurrying toward a crisis that approaches in intolerance the Spanish Inquisition which for more than three centuries terrorized the conscience of the people, and it is well for the friends of religion to pause and consider the distance we have traveled toward a union of church and state.

Returning to a discussion of the Constitution, it appears that

the good behavior of the preachers caused the precaution so wisely taken by our forefathers, to be considered unnecessary in making the present Constitution, but the ministry has violated this confidence, and we now find political high priests manipulating conventions, ecclesiastical courts assuming jurisdiction over candidates, ministers of the gospel participating in political caucuses, and our pulpits oftentimes loaned to office-seeking politicians to the disgrace of the ministry and the shame of the church.

Political Preachers Should Be
Regulated.

We think a ministerial clause should be written in the present Constitution and suitable legislation enacted, rigidly regulating the conduct of political preachers, making it a penal offense for a preacher or a combination of preachers to seek to manipulate political conventions or endeavor to distribute patronage, and legislation should also be enacted preserving the sanctity of the pulpit from political vandalism.

How a preacher votes on any subject should be a matter of no concern to the membership, and he should not be encouraged to reveal his political affiliations, but a preacher has no more right to preach his politics to his congregation than a school teacher has a right to teach his politics to his pupils. No matter how adroitly the minister may approach his subject or how well he may fortify his position with precedent and false logic, he can no more preach a political sermon without converting his pulpit into a political rostrum than he could sell intoxicating liquor from the altar without converting the church into a bar room. He can no more purify politics by playing the game than he can sanctify gambling by running a lottery. He will no more control government without making the state serve the church than any other special interest would control government without making it serve their purposes.

It is our opinion that when this world is saved it will be through religious sermons and not through political speeches. Salvation must come to us from the Bible and not from the statute book. It will come through holy councils of consecrated ministers and not from caucuses of political preachers.

A Constructive Religion Needed.

The country is surfeiting from a negative religion. We think "thou shalt" is as important a command as "thou shalt not." The world never needed a religious ministry more or political preachers less than it does today. Our rural civilization is withering for the blessed influence of divine messengers of life. The farmer needs the personal touch of the religious pastor. He seldom comes in direct contact with his hallowed influence except when he is baptized, married and buried. It is a time-honored custom for our pastors to visit their rural congregations once a month, preach a sermon, take up a collection, eat dinner and hurry back to the city. We approve it all except hurrying back to the city. A preacher who will not live with us and share our trials, and tribulations can never hope to interpret the life of the farmer and construct Christian character in the community. It is as much a part of the duty of a pastor to inspire us to own a home on earth as it is to exhort us to build a mansion in the skies; to persuade us to fill the mud holes in the road from our homes to the church as to preach of the golden streets of the New Jerusalem; to help us lift the market basket and aid in the solution of our own problems, as it is to convert a heathen or coerce an anti.

Let us get our religion from out of the skies and bring it down to mother earth. Give us a religion we can farm by as well as die by.

We know how to vote.

IS CHEAP MONEY A POSSIBILITY?

EDITOR'S NOTE.—This is the first of a series of articles on AGRICULTURAL PROBLEMS prepared by Judge S. A. Lindsey, chairman of the Texas Farm Life Commission.

I am to write a series of short articles relating to agricultural problems. In this one I shall show that it is possible for money to be had by Texas farmers on good land security at 6 per cent and on cotton at 5 per cent. It is only a question of arranging the security and taking down the bars which keep money from land securities.

All will agree that there is much money in the world to be had at 4 and 5 per cent if the security is satisfactory; that there is no better security than agricultural lands and cotton, if the land is good, well improved and kept in that condition, and the cotton is first-class staple, well ginned, baled, wrapped and dry, securely housed in a warehouse and insured.

If evidence is required here it is: All over Europe land security gets money at from 3 to 4½ per cent. Money is not chained down in Europe and a difference of 1 per cent will bring it here provided the security is the kind that the investor is accustomed to. In many Northern and Eastern states money is seeking investment in good land securities at 5 and 6 per cent. The cotton warehouse people in Memphis borrow money, all they want, at 4 per cent. I have seen apples 25 cents a bushel in Missouri and \$2 a bushel in Texas; peaches 40 cents a bushel in Texas and \$3.75 in Colorado. Why? For the same reason that money is 4 and 6 per cent in other states and countries and 8 and 10 per cent in Texas, which is that fruit growers and fruit consumers have no means of dealing directly with each other and the agencies that bring the two together take the difference.

Last summer while discussing the subject of rural credits with Messrs. Wolf and Cahill of London, the two best authorities in the world on the subject, one of them said: "Money talks to such only as understand its language. All one has to do to get cheap money is to learn to speak its language and go where it is. Money has no home affections. It hunts security and interest rate. The first thing one thinks of when contemplating rural credits is, where is the money to be obtained. This is an unwarranted uneasiness. Arrange the security so it speaks the language that money understands and it will come."

The other day a Texan giving testimony before the congressional committee having before it the subject of rural credits mentioned "vendor's lien notes"; the discussion that followed showed that congressmen, senators and financiers had never heard of a vendor's lien note. The only ones who understand the Texas vendor's lien security are Texans, and they would be foolish to lend money at 5 and 6 per cent when they can get 8 and 10 per cent. German money understands the meaning of Landshafter debentures; Austrian money the bonds of the land mortgage banks and the French money the language of the credit Foncier. If we want German, Austrian or French money at their interest rates, or Eastern money at rates prevailing there, we must arrange

our securities so they can speak the language of these monies.

In my next article I will tell how this may be done. I will also point to an abundance of cheap Texas money which would safely cross the barrier to the farms of Texas if we do not by law keep the fence up.

Baptist 5th Sunday Meeting

The Fifth Sunday Meeting of the Brownfield Baptist Association met with the Lubbock Baptist church on Thursday evening, May 27, with a fair attendance, considering the inclemency of the weather. It continued rainy throughout the entire series of services, consequently only a few of our people were able to take advantage of the meeting. However, a number of valuable discussions were made to the small congregations which assembled.

Those in attendance from out of town were, Rev. J. E. Nicholson, pastor at Tahoka; Rev. J. B. Lambkin, pastor at Post; Rev. B. F. Dixon, missionary for the association. Bro. A. K. Huckleberry, from near Brownfield, was the only layman present.

This association is composed of Lubbock, Hockley, Cochran, Garza, Lynn, Terry and Yoakum counties, and the entire preaching force of the Baptist church in this entire district is composed of the pastors and missionary enumerated above, together with our pastor, Bro. Grumbles. It takes a man of stalwart strength indeed to face this destitution and try to fill the requirements.

At the Sunday morning service two members were received by letter. The series closed Sunday evening with a sermon by Bro. Lambkin, of Post.—Lubbock Avalanche.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

MRS. FRANK ANDERSON,
Comfrey, Minn.

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

Dr. Miles' Nervine

is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. You need not hesitate to give it a trial.
