July Crop report

NORTHWEST TEXAS. Fine rains on the Plains country as far southeast as Clarendon during the week ending July 4 have been of great benefit to the increased acreage of kaffir and milo and to the pasturage. The Plains country has not been in so good shape for years as now, as regards both field crops and livestock. Below the Plains conditions are not so good, but are probably better, relatively speaking, than other sections of the state. The corn in Wise, Jack, Montague, and the other lower counties need rain, and the cotton also, but in a less degree. Average yields may be looked for however, in both corn and cotton if the weather conditions are more favorable than they have been during the last four weeks. Harvesting of the small grains should be finished by the 20th. The quality of the grain is fair. Counting the entire Northwest the wheat is about 130 per cent of last year's yield, and the oats will be about the same as for last year.

WE have on hand a heavy stock of wire both black and galvanized, poultry and rabbit wire. Our stock of lumber and building material is complete. Our motto: "Your money's worth or your money back." Try us on your next bill.

CHEAP FUEL IS NOT ECONOMY

Don't hear your wife roar about that old cheap, soggy, ashy coal any longer. It cost more time and money in the long run, and a lot of temper. Cottonseed cake and meal, hay, post wire and stays. A good wagon yard.

COMMISSIONER PRECINCT NO. 1.

J. F. Winston

In voting for Congressman at Large, you are to vote for two of the candidates. They are practically all good men, and one will hardly make a mistake, no matter for which two you vote.

While we are voting tomorrow week, let us not forget our friend and neighbor, Jno. W. Baker, of Lubbock, who is running for State Treasurer. Let us try and make it unanimous in Terry.

It seems that a candidate must be mighty pressed when he has the officials at Washington to bring pressure to bear for his election. The officials at Washington are no more judge of what the people in this district than the people themselves, and if they want Hon. W. R. Smith to represent them in Congress, they will put him there without outside interference, and if they want Hon.

Thomas L. Blanton, that will also be their business.

J. D. Jackson, of Alpine, president of the Cattle Raisers Association of Texas, says that this will be the best year in the history of the cattle business in the State. Copious rains have produced abundant grass, and water is to be had everywhere. There will be no driving of herds to other states this year to find water and grass to escape the drouth. On the contrary many cattle will be brought into Texas this summer for grazing. Many men are going into the cattle raising business now and many old timers are re-entering it. The cattlemen are increasing their herds and keeping calves and she stuff because they have a superabundance of grass upon which live stock can grow and fatten without extra expense to the owners. The sale of calves will be materially reduced this year. The Cattle Raisers Association has received 250 new members since the middle of March. We are recovering a large per cent of stolen cattle for their owners. Mr. Jackson has offered a \$100 reward to the inspector who turns in the largest number of new members or renewals of membership during the year.—Stockman & Farmer.

Highway is Indorsed

In its efforts to select the best possible route for the Fort Worth-Roswell, New Mexico, highway, the Fort Worth Chamber of Commerce has left the matter of selecting a route up to the different commercial organizations in the towns between Fort Worth and Roswell.

A number of towns already have sent in resolutions and indorsements to the Fort Worth Chamber of Commerce favoring the building of the new highway and pledging their support.

One of the latest indorsements was received Monday morning by the Chamber of Commerce from the Commercial club of Spur.

Citizens of Plains are contemplating building a double line, one branch going west to Clairemont, Post, Tahoko, Brownfield to Roswell. The other proposed route from Plains would go by way of Spur, Crosbyton and Plainview.—Ft Worth Record

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

Big Steer Deals

J. J. and Andy Williams sold 1,200 2 year old steers this week to Perry Cattle company of Colorado. The cattle are being delivered at Lamesa this week.

The Perry Cattle company has bought about 40,000 head of steers in the past few weeks and they are still in the market for more.

The range conditions are ideal at the present and the cattle are in better shape than ever known at this season of the year.—Seminole Sentinel.

M and M Club

The Maids and Matrons Club was entertained Tuesday afternoon June 30th, by Miss Clemmie Adams. After a good lesson was enjoyed by all members present, refreshments were served consisting of ice cream and cake.

A very pleasant afternoon was spent with our hostess and her hospitable mother. The club will meet with Mrs. R. H. Banowsky Tuesday afternoon July 27th.

Brownfield Merc. Co. have a nice line of ladies ready-to-wear garments.

Jim Green brought in a new kind of pea last week, which goes by the name of the Yard Pea, that measured 26 inches in length to where it was broken into—we did not see the other end.

M. D. Williams was exhibiting a door stop here this week, that looks to be something very useful. He is sending a model to Washington to try for a patent.

The Merc. has some bargains in hats and shoes. "Get your size and save some money"

Several people have asked us if because we were aiming to vote for submission and the amendment if submission carried, was the reason we were for Ball and against Ferguson. No, indeed; we are for Ball because we think him the best qualified man for the place. Ball has been tried, Ferguson has not, though we are not saying that Ferguson might make the tbest Governor, but that is mere conjecture. On the other hand we are for an anti for Lieutenant Governor, Hon. W. P. Hobby, because we believe him to be the best man. Billie Mayes made a good one and Billy Hobby, another editor, will make a good one. No, because we have turned statewider is no sign that we have become narrow; a fanatic is the last person on earth that we intend to imitate.

Do you want \$1 or more a day steady income for working part of your time. Apply at Brownfield Merc. Co.

On account of the picnic the paper is a little short this week.

A 10,000.00 stock in a big dry goods establishment in Comanche, Texas to trade for Terry or Yoakum county land. See B. McPherson, Brownfield, Texas

We neglected to mention last week that Mr. Hobbs from the north side had a big runaway here last Saturday that almost demolished his hack. They started on the square and ran into a telephone pole near the blaaksmith shop. The cedar pole was nearly a half foot in diameter but they snapped it into about ten feet from the ground. No one was in the hack.

Dr. J. J. Randal, the Paducah dentist will be here another week after this, as he is still doing a good business.

M. B. Sawyer sent over one of these long goose neck cucumbers to H. H. Longbreak, and wrote a note to the effect that this editor would look like it when Smith waltzed it over Blanton on election day. Well the cucumber was in the shape of a six, thus indicating a majority of 6000 for Blanton.

Jim Lewis, candidate for sheriff, is working the southeast corner of the county this week.

FOR SALE:—Two good residence lots, in first addition to Brownfield, about two and one half blocks from the square. These are corner lots fronting south or west. Price \$75. Apply at Herald office.

The wind has been so still the most of this week that fresh drinking water became an object. Many town people put their mills on the short stroke.

The Baptist meeting started Tuesday night with a small crowd present, but it is hoped that the crowd will grow as the meeting progresses. We believe that Bro. Nicholson is an able preacher.

Editor Sees Good Crops.

Out of curiosity and partly to show our nephew, who recently arrived from Ark., what Terry County would produce, we took a stroll over to M. D. William's farm last Sunday afternoon.

That man has as pretty field of corn, maize, feterita and kaffir as we ever laid eyes on, and we have seen lots of it for the past seven or eight years. He has a pretty field of cotton also, and beans and peas till you can't rest.

He has been selling beans for over a month and actually you can't miss them from the vines. In his orchard he has a few real old persimmon trees that are growing by leaps and bounds, but will have to import some possums. Preacher Williams will not only make a living here farming, but will clear some good old cash, but he gets up and stirs around like they do back east. It makes us tired to hear people say one cannot make a living farming in this country, but we size up the man as soon as he says it; there is something lacking.

We came back by Aunt Lou DeShazo's garden, which would do an agricultural expert good to see, but she does not claim to be an expert—she just gardens; that's all.

Harris

By Sand Bur

W. G. Hardin was around last Tuesday in the interest of his candidacy. It had been reported at Harris that Mr. Hardin had withdrawn from the judges race, but he says we had been misinformed.

Mr. Editor, that was a good one on the man who thought he could order his saw so cheap from Sears, Roebuck and Co., but your story was a little old fashioned for Sears, Roebuck and Co., accepts our personal checks now and we do not bother with a money order any more.

Everybody around Harris is busy cultivating their fast growing crops. W. H. Harris says he has a fine crop all around this year and that if you listen closely you can hear his corn grow.

Miss Emma Spear went down and spent last Friday night with Miss Orié Ware.

Dr. and Mrs. Treadaway with two of their own and two of Claud Criswell's children, came out in their car last Wednesday afternoon. The Doctor left Mrs. Treadaway and the children at Harris Store while he went up to Cotten's ranch. It was quite dark when he returned and a cloud was coming up. They attempted to go on to Brownfield but had trouble with the car, got lost then came back to Harris and spent the night. They left early next morning for Brownfield.

The Methodist Meeting began Sunday and will be held at night only. The presiding elder is not with us now, but will be here some time in August.

J. W. Spear went to Plains Monday on business.

We were told that P. S. (Pat) Ross leaves today for a visit to his old home in Scotland. The boys are already looking forward to his return.

Blacksmithing

T. H. GREEN recently of Commanche County, has opened up a shop in GOMEZ, TEXAS and will do general blacksmithing. Your trade will be much appreciated and he promises satisfactory work.

Prohibition

vs.

Temperance

In Germany, where prohibition is unknown and where all the people have been temperate drinkers of wholesome beers and light wines, there is less drunkenness than in Maine or in Kansas—the two most conspicuous prohibition states in the Union.

The same is true of France and Italy. The world over you will find that the really temperate races are those who are not prohibited from drinking temperate beverages such as beer and wine.

Prohibition in Germany, France or Italy would produce exactly the same results that it has produced in every state in the Union where prohibitory laws have been enacted. It would not stop men from drinking nor decrease drunkenness, but it would drive out the mild drinks and encourage men who do drink to resort secretly to the highly concentrated spirits.

If prohibition really saved men from the "curse of drink" it would have more to commend it to the intelligence of the people. But, as the great editor, Henry Watterson, observes in the Louisville Courier-Journal, "It does not promote either temperance or virtue. It arouses human passion to frenzy by restricting private rights. It does not reduce drunkards. It multiplies Pharisees and malefactors."—Paid Advertisement.

A letter Monday from Will Moore at Pottsville, Tex., states that he had a couple of yearlings necked together and went to cut them apart and one of them knocked the hand that held the knife and stuck the blade in Will's windpipe. The wound was inflicted the day before the letter was written and he was getting along all alright.

Even Dozen Club

Misses Eva Hill and Lizzie Winston entertained "The Even Dozen Club" on July 2nd at the home of Mr. and Mrs. J. L. Randal.

New officers were elected, Era Brooks Pres; Ima Sawyer V.P., Norma Dixon, Sec., Ruthie Welch, Reporter.

Several hours were spent very pleasantly in sewing, after which dainty refreshments were served. Adjourned to meet on the 23rd of July with Mrs. J. L. Randal, Reporter.

Mrs. J. L. Randal entertained the Even Dozen Club with a slumber party at her home Thursday night, July 9th.

In spite of the rain, the girls had the usual amount of fun; only one thing to mar their pleasure, the absence of Miss Ruth Welch who was detained at home on account of the sickness of her brother.

The girls came early and spent the time in story telling and out door sport, until they were called into a real nice supper, which was especially prepared to appeal to girls. After supper the fun began in earnest and lasted until midnight when they again visited the dining room. The fun continued until nine o'clock Friday morning when the girls left for home saying Mrs. Randal sure did know how to give

girls a good time.
One of the Girls.

Dr. Day was in town this week on business.

There was no preaching here Sunday, but the young people enjoyed a singing at Jno. C. Seudday's.

Owing to the fact that some of the Woodmen play characters are engaged with the voters and other business this week, they were unable to get the play up, but it will likely be put on in the near future.
