GEO. W. NEILL

Mr. Neill cast his lot in Terry county in the winter 1905-06, was appointed County Judge in 1907, and elected in 1910, 1912 and 1914

To the people of Terry County:

To receive a nomination to office, from the hands of the people, is a joy, to any man; to receive this distinction for the fourth time is a mark of confidence I may well be proud of, and it certainly brings forth my fullest thanks to my many loyal friends, whose confidence I esteem most highly. I wish to commend my opponents for their personal courtesies, and cleanliness individually, in the campaign. Also commend the candidates for the other offices for their fair square runs, personally. I wish to congratulate the individual voter for doing his own thinking and voting, and especially for refuting the usual campaign "pulls" and "dots".

I regret that a few citizens of this county seems to think hard of me, and assure them my attitude is different. Lost friendship is not a pleasant cup to drink from. My making enemies is in filling the duties of the office you trust me with, and not a choice of mine.

I consider each re-election another half-hitch thrown around me that binds me tighter to my

duties and the service of the people. I feel that I owe you more than ever, and am honor bound to work harder and put forth stronger efforts for Terry county's progress. You have been good to me, I shall not be unmindful of my obligations as an officer. I acknowledge ownership of the office to be in the people of this county, that you have merely selected and employed me to administer its functions two years longer, which I will do with the best of effort. In this connection I ask the assistance of every citizens. Don't throw stones, nor strow my path with thorns; lend me a helping hand. Don't rock the boat, help me steer it clear of errors, to the shores of betterment.

Terry County was organized ten years ago this month. It started with \$7000.00 cash. Court house cost \$4200, the tax rate first year was 55c, second year 57c, this was gradually reduced to 30c in 1910, remained this rate till this year, when a 5c road and bridge tax was added, to grade the new roads laid out, and work the old ones, which unprecedented rains, and increased traffic has put in bad condition. Now with an organized county, set of officers, courts, juries, schools and road buildings, we have only 5c and 10c greater tax rate than when this was an unorganized wilderness. Terry county owes no debts, has no bonds, and ample cash to pay as it goes till the close of the year, when first three years after its birth, our script was discounted. The valuation of the property was nearer its real full value than now. Our valuations are as low as can be to meet the demands of the State Tax Board and requirements of law. We have the lowest valuation of cattle and lands, of any county on the

Plains. Lowest tax rate with exception of one. Pay the county officers as low and lower than other counties with equal ability, business and population. By far the greater of our expenses is on the roads, which are now being laid out to accommodate every section of the county, as well as thru travel. I believe good roads are cheaper than bad ones. Good roads is economy stretched across the country. Taxation is the most just and best way to build roads. You haven't the time nor the disposition to build them with your hands. Let the non-resident land owner help you, he'll gladly do it. Terry county is on the map of the Southern National Highway, the importance of which you will some day realize. Also the All Southern Auto Route, a thing that will next year bring us rewards for the little efforts we have done. We are being favorably advertised, Nation wide, in these matters and I ask your support to help keep it up.

The success of the schools is largely in your own hands. The lack of permanency and sparseness in the settlement of the people make them irregular, but as a whole they are above the average of the State. I shall try to improve my relations to them, and expect you to do your duty. Feel free to advise with me at any time about their advancement. You are welcome to come before the Commissioners Court in its regular sessions and will be given a respectful hearing on any matter of interest to you. I assure you a square deal on every matter I have to deal with, as far as a clean heart and honest mind can do it. I thank you for overlooking my little errors and mistakes, which I will make fewer. I thank those who voted against

me, for their expressions of satisfaction, after my nomination.

I thank you for the generous hospitality and respect shown me "in my rounds" and when I can render you a service, you will find me "doing business at the same old stand"

Very Respt.

Geo. W. Neill.

#### A Statement.

To the Voters of Terry County.

In as much as the reports received over the telephone indicate my defeat by a majority of two votes, I take this method of publicly stating that I will not contest the election, but will abide by the result of the primary and the action of the County Executive Committee, which meets Saturday, August 1st.

I very much appreciate the support given me, and want to thank each one of them for the same. Towards those that voted against me, I entertain no hard feelings.

I never did intend to formally contest the election, but did make some investigation into what action might be taken before the executive committee to see who had actually received a majority of the legal votes. I intend to live in Terry quite a while yet, and I want to be at peace with her citizens and them to live at peace with themselves.

Respt.

J. R. Burnett.

Dee Brownfield informed us this week that his father-in law, W. R. Harris had traded his Roswell property for a ranch near the White Mountains in New Mexico, and was more than pleased with his trade and new location. Dee had us send him the Herald at his new address.

#### Avalanche Editor

#### Sees Terry

The editor of the Avalanche had the honor of a seat in the car with Messrs. J. D. Caldwell and C. H. Burrus of the firm of Jno. H. Lewis & Co., last Tuesday morning, on a round trip to Plains, the county seat of Yoakum county, where the latter named gentleman went to distribute advertising literature of the big Cash-Raising Sale their firm will begin Friday, July 24th.

We left Lubbock at 7:45, and glided along nicely, clipping off the miles at an even gait until we reached the little village of Meadow. Here we stopped, chatted a few minutes with the genial Postmaster-Merchant, J. W. Peeler, in this community, as well as along the road between Lubbock and Meadow, the crops are simply fine, all kinds, and the range conditions could not be better, cattle in fine condition and everybody busy.

Leaving Meadow, we hastened on to Brownfield, arriving there about 10:00 o'clock a. m. Here we met a number of old friends among them being the editor of the Terry County Herald, who was busy preparing the news for his readers. We left there a big lot of Mr. Lewis' four-page circulars and started for Gomez, the little town west of Brownfield five miles. In the few minutes we were there and met a few people of that burg, tacked up a lot of bills and departed for Plains, 30 miles further west. Passing over a country covered with fine grass and lakes of water on either side of the road, and where there were farms the crops were looking well, though not as far advanced in the sandy lands as in the harder soils of Lubbock and Terry Counties.—Lubbock Avalanche.

## CHEAP FUEL IS NOT ECONOMY

Don't hear your wife roar about that old cheap, soggy, ashy coal any longer. It cost more time and money in the long run, and a lot of temper. Cottonseed cake and meal, hay, post wire and stays. A good wagon yard.

No matter how you stood before the election, go to the nominees and pat them on the back and tell them you are right with them, and they will appreciate that as much as if you had voted for them. If you want good officials, encourage them.

Don't forget the old soldiers reunion at Gomez, Saturday the 8th, and be on hand with a big hamper of vittals, and lets all have a good time together, and get acquainted with our neighbors.

If you have been miffed at your neighbor over the election, now is the time to make up and be old friends again. This is awful hot weather to be mad at anyone, and if you don't make peace with your neighbors here you may be annoyed with their presence in another place.

You will notice three Constitutional Amendments in this issue

of the Herald, to be voted on at the general election to be held in November. One is to authorize counties bordering on the Gulf to build Sea Walls for their protection; another provides for the ratification of the Initiative and Referendum; while the other proposes an increase in the pay of the Legislature, and extension of the length of the regular term. Read them carefully and become a real qualified voter.

### The Election.

The election went off quietly here last Saturday, but as usual, all did not get their candidates, but nearly everyone has expressed themselves as being pleased with the nominees, and are quite willing to support them in the November primaries. of the Constitution of the State of Texas, authorizing counties bordering on the Gulf of Mexico to build sea-walls, by adding Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from sea-water overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State title to the roads and bay shore line to low tide within the district, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite to sell such portions of land as not reserved for public use by the county.

BE IT RESOLVED By the Legislature of the State of Texas:

That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a, of Article XI, and that Section 7a, of Article XI shall read, as follows, to-wit:

Section 7a. Where protection against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the County Commissioners' Court by purchase or condemnation of all the land desired for sea-wall and land for the sea-wall reclamation district from the sea-wall to bay shore tide line boundary of the property abutting on the bay, and the State hereby cedes to the county, for such district for reclamation and general uses of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of Texas or the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or to the gulf for fill for the district, and right to sell the land reclaimed and laid off as townsite or otherwise, and where condemnation is used to acquire the land the proceedings to be as under the Statutes for condemnation for railroads, provided that the condemnation shall vest title in fee in the county, and county may issue bonds or other evidence of district indebtedness for acquiring the property, building the sea-wall, reclamation developments and all incident thereto as expense of sea-wall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the County Commissioners' Court shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclaimed, who with the County Judge as Chairman, shall constitute a sea-wall reclamation district commission, whose compensation shall be fixed by the court, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and plating land of district, issuing bonds or other evidence of indebtedness for same, sub-

ject, however, to all such rules, regulations and acts of the commission, being authorized and approved and ratified by County Commissioners' Court. The district must bear all expenses of sea-wall and purchase of the land and expense of filling (filling) same and other expenses, and the same shall not in any way involve the credit of the county or be a basis for a tax by the county on general lands of the county unless authorized by a vote of two-thirds of the property taxpayers of the county voting at a special election therefor. It is further provided that any owner of land in a proposed district may subscribe and pay for the district commission, when organized, as the pro rata of his land of the expense of the wall, reclamation, platting as town lots, on a basis as such area of land is to be to the whole land of the reclamation district and sea-wall, and at any time before the completion of the district may surrender the bonds and receive from the county a bond for title for his land in town lots, less streets and alleys deducted therefrom, for which on surrender deed may be demanded from the county after the district is walled, filled and platted into streets, alleys and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the County Commissioners' Court until owners of at least one-half of the proposed area of district petition therefor, and subscribe out for bonds for repurchase from the county as herein provided. This amendment may be acted on without delay of legislation in aid thereof or legislative action may be had in furtherance thereof if desired by the county, acting through its Commissioners' Court.

BE IT FURTHER RESOLVED by the Legislature of the State of Texas:

That the foregoing proposed amendment to the Constitution shall be submitted to the qualified voters of the State of Texas for their ratification and adoption at an election to be held throughout the State on the second Tuesday in November, A. D. 1914, and at such election those favoring the ratification and adoption of said amendment shall have written or printed on their ballots: "For the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls," and those opposing the adoption and ratification of said amendment shall have written or printed on their ballots: "Against the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls."

(Note.—S. J. R. 22 passed the senate by a two-thirds vote, yeas 24, nays 1, and senate concurred in house amendments by a two-thirds vote, yeas 27, nays 0; and was passed by the house of representatives with amendments by a two-thirds vote, yeas 114, nays 0.)

Received in the Executive Office April 1, 1913, and filed in the Department of State April 5, 1913, without the approval of the Governor.
