Moore Apples; Better Apples

Last Tuesday afternoon an old gentleman that repairs organs and machines for a living, stopped in front of the printing office and called for Mr. Stricklin, and being informed that we were the man he was looking for with the Mister left off, he delivered a flour sack full of apples. These apples came from the stock farm of M. K. Lindsey, who is getting rich with the balance of us, and who lives a few miles east of the little city of Meadow Terry county, Texas.

Now Mr. Lindsey is no braggard, but he gets tired of hearing us talk about little apples, and sent word along with the sack of apples that he just wanted us to see some real apples. Yes, they were real apples, for we tasted them, but for size they resembled cantalopes more. The one we measured and weighed, tipped the scales at 13 ounces, and it took all of a foot off a tape line to go around its big middle.

Most of the apples were still too green to eat, but one or two of them were ripe, and talk about the size and weight, but that was no comparison to the flavor—but we are not going to tell too much about them, or you might bother M. K. to death.

Texas Country Schools

Texas country schools have long been neglected, but this summer at the State University a week was devoted to their interests and the leading rural educators of Texas gathered to study the needs and conditions of the little school house where Texas boys and girls are being taught. The United States Bureau of Education realized the importance of this meeting to

the extent of sending their country school expert, Professor H. W. Foght, to attend the meeting. He and Supt. E. M. Rapp of Pennsylvania, one of the best known country superintendents in the United States, addressed the gatherings during the week.

A study of actual conditions reveals the fact that Texas is far behind the more progressive States of the United States in efficiency of her rural schools, and in the solution of the problems that really vitalize, enrich and make attractive life in the open country. It was the opinion of the Texas school teachers, who were present at the meeting, that Texas country schools should have a course of study which fits the needs of country life, then the country boys and girls would be made to see the real attractiveness of life on the farm, and the desire to go to the city checked.

Among the things which received the favorable attention of the Texas teachers was the plan to consolidate the small one-room schools of a community into one large well equipped, well built school house. This plan of consolidation has worked well in other States and is a success where it has been tried in Texas.

The meeting this year at the University was the third which has been held there in the interest of the country schools. It will be an annual feature, and is truly indicative of the services which the State University is doing for the people of Texas.

Fire Prevention

Fire insurance is but a demonstration of the truth that every man is his brother's keeper.

Fire insurance rates are not haphazard guesses. They do not grow by chance. They are not increased through design. They are not lowered without justification.

Every fire is a tax upon every dollar's worth of property. It is a mistake to think fire insurance companies pay the losses, just like it is a mistake to think the state treasurer pays state warrants. Fire insurance companies are but disbursing agencies, just like the state treasurer is the disbursing officer of Texas.

Every time you hear a fire whistle blow, or the fire bell ring or see the fire wagon go rushing by, it means that you will have to meet another levy to pay your part of the tax the fire lays upon you.

The fact this tax is an indirect one may not cause you to feel keenly its payment. But you pay it just the same. And it is this anaesthetic application of indirection that permits about 90 per cent of the fire of today to take place.

Eternal vigilance will reduce this enormous tax paid yearly by the people of Texas.

S. W. English, Austin, State Fire Marshal.

Home Study Provided By the state

The State of Texas acting through the Department of Extension of the State University has given home instruction to over four thousand citizens during the last four years. It is now possible to take two hundred and sixty five courses in

the home. These courses cover nearly everything that is taught in the modern college. There are courses which aid in home building and the proper care of the home. courses for preparing teachers, lawyers and engineers. Then there are courses which are to satisfy the desire for knowledge of any Texas citizen who is willing to spend a little time and effort in the study of the wealth of material which the mail bag will bring to their own fireside.

The plan of instruction is the same as that followed by the well known commercial schools of home study, but the courses are divided into two groups. For some courses college credit is given, in the others no credit is given, the home student taking as his reward the benefit which he has derived. It is possible for a group of people in any part of the state to get together for the study of any particular subject in which they are interested and a library on this subject will be sent to them for their aid. During the year a University Professor who is a specialist in this subject will visit the group and give them the benefit of personal instruction.

Uncle Joe Fisher, who is visiting his old friends, had us send the Herald to his new address, Garrison, N. Mex.

Mr. C. F. Richards of Stephen county, an old friend of J. C. Dooley, is visiting the latter.

Disproved Some Texas History

Doctor H. E. Bolton, who has taught in the University of Texas Summer School and who is a member of the faculty of the University of California, and who has been doing some exploring along the Texas gulf coast, tells us that we have been dealing out some historical data in Texas that is not warranted by the actual facts. Doctor Bolton claims to have discovered the exact spot at which La Salle, the great French explorer, located his last colony on the shores of the gulf of Mexico in 1685, and that he has proven accepted history wrong in this and in regard to the death place of the great explorer.

W. G. Adams and son of Merckel, Tex. came in last week, and are visiting their cousins, Uncles Jake and Horace Adams and families.

A PRACTICAL education is the best indorsement for a young man or young lady. Are you interested? Strong courses in Oratory, Art, Music, Teaching and Business. Good accommodations and moderate expenses.

Address F. G. Jones, Pres. Midland College, Midland Tex.

B. F. Bynum and family, brother to A. B. Bynum of this place and Francis Walker and family, of Strong City Okla., came in last Saturday in a car, and spent the night with A. B. Bynum and family. They left Sunday morning for Roswell N. Mex.

John Scudday Sr., has purchased Geo. E. Tiernan's Ford car, and the former is now splitting the road open.

CHEAP FUEL IS NOT ECONOMY

Don't hear your wife roar about that old cheap, soggy, ashy coal any longer. It cost more time and money in the long run, and a lot of temper. Cottonseed cake and meal, hay, post wire and stays. A good wagon yard.

We highly appreciate the Rotogravure (whatever that is) section of the New York Times that Editor Faulley of that publication is sending us. It is a twelve page section of the Sunday edition printed on a good grade of coated paper, and the pictures are as clear and distinct as the photographs, and are gathered from the uttermost parts of the earth, though right now, the European war pictures predominate.

Those who are permitted to visit Terry county at this time, will see it in its glory, as we have had rains almost every time they were needed since the early spring. Terry always did look good at harvest time, as she never disappoints those who tickle her soil as they should, but now, it is a thing of beauty and a joy forever. In fact, the Nile was never more prosperous; you should cast your lamps over her broad bosom; it is worth many times the expense. "See Terry first!"

Now that it is an assured fact this is destined to be a coming apple country, and new orchards are coming in every year and will be coming in mighty fast in the next few years, there ought to be a fruit growers association formed and plans gotten under way to take care of the surplus when our orchards reach the commercial stage. It may be that having no railroads, will work a hardship on us with regards to a market for the raw apple, but the cannery and evaporator along with the cider and vinegar mill will solve the problem. In four or five more years at the outside, there need never be another apple shipped into the county.

Since the El Paso Convention the press of the State has discussed the probability of Joe Bailey "coming back" into politics, with the general opinion from his erstwhile ardent supporters that he would not be able to do so. As one that has opposed him heretofore, we believe the coming back just at this time when Wilson Democracy is at its zenith, would be doubtful, though not impossible. There is still a mount of people in Texas to this day, who believe Joe sincere in his convictions and his dealings, and there is still another class that the sweet fumes of oratory will move against their will if

they knew it come from the bowels of gall.

Again, the time of year has come when the advanced pupils of Terry county are packing their trunks and preparing to go off to college, and once again will the town with more favorable advantages reap a harvest of money from communities such as ours, and from now on to the time when we awake to the fact will this constant drain of our surplus cash go to fill their coffer with no cash return whatever. We do not mean to imply that Brownfield or Gomez are able to maintain a fine college, but we do mean that we could get a hump on ourselves and put on another grade or two, and at least save two years education, and the money we send away will do the work nicely too. You talk about people sending to Chicago and other places after supplies, it is not a bit worse than sending to Abilene and other places for a high school education.

We had a letter this week from our old friend, W. H. Gist, who is now located at Pomona, Cal., having bought a ranch (?) of 2 1-2 acres near that city, and now he wants the Herald to complete his domestic happiness. He says he is doing well and is fairly well satisfied; and that he had recently visited three former Terry families, those of J. F. Holden, W. J. Byrd and Mr. Newman.

OUR AGRICULTURAL PRODUCTS CROSS OCEAN TO REACH FACTORY.

Each Consumer Should Call for Texas-Made Goods.

Texas Farmers Produce \$600,000,000 of Raw Factory Material Annually.

The farmers of Texas produce \$600,000,000 worth of raw material per annum which must pass through the factory before it is consumed, and \$100,000,000 is the raw material capacity of the Texas factories. The balance must journey to the foreign factory and a large per cent of our agricultural products cross the ocean to reach it. These statistics present a startling necessity for more factories and in defense of our growing country we must have them, but many of the factories we now have are compelled to seek out-of-state markets for their output and a few have had to shut down for want of a market.

Every consumer is a market-maker and can become a powerful factor in building up the manufacturing industry in Texas by calling for Texas-made goods. If we would patronize home factories, it would call for an investment of \$500,000,000 in the manufacturing industry, give employment to 400,000 people and provide a home market for the products of the farm, ranch and mine.

The federal census reports show 4,588 manufacturing establishments in Texas. The capital invested is \$216,876,000, there are 84,575 employes engaged in the business; the factory value of the annual output is \$272,896,000 and the value added to the raw material by manufacturing is listed at \$94,717,000. The four leading industries in the order of the value of their annual output are:

Slaughtering and meat packing, \$42,530,000; flour and grist milling, \$32,485,000; lumber and timber products, \$32,201,000; cottonseed oil and cakes, \$29,916,000.

During the past five years we show an increase in establishments of 1,430; in capital invested an increase of \$101,211,000 and an increase in employes of 26,683.

About 33 per cent of the Texas farms are mortgaged. The mortgage indebtedness is approximately \$225,000,000.

Must Be Either Good or Bad.
"A man's mind may be likened to a garden, which may be intelligently cultivated, or allowed to run wild; but whether cultivated or neglected, it must, and will bring forth. If no useful seeds are put into it, then an abundance of useless weed-seeds will fall therein, and will continue to produce their kind."—James Allen.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

Our new school teacher Miss Rowena Grady has come and is ready to begin her school the first Monday in Sept.

Miss Johnny Callin is visiting Mrs. O. F. Boyd this week.

Mr. Bill Clifford who has been visiting relatives here has returned to his home in Clarendon.

Mrs. J. R. Evans who has been sick for three weeks is able to be up again.

Miss Pearl Evans is slowly improving but still in bed.

Mrs. S. E. Hamlet has two neices from Caddo, Tex visiting her.

The meeting at Lakeview is increasing in interest all the time, large crowds and good preaching.

The writer had the pleasure of spending Monday night in the beautiful home of Mrs. O. R. Copeland.

Mrs. S. C. Arnett is suffering with her foot again.

Miss Edith Copeland of Tatum N. M. is visiting friends and relatives here this week.

Mrs. G. M. Cosby returned Saturday from a weeks visit at Lubbock.

Boys suits and extra pants. All sizes, late styles, good quality and very cheap, at the Merc.

John Walker and family came in last week, in their Ford car from Sheffield, Tex., and are visiting his brother Lee and family. John and son and Scott Walker made a trip to Post City the first of the week.

Postmaster Wright went to Lubbock Saturday to visit his parents and transact some business near Abernathy. He said he did something else Sunday, but was not going to tell what it was, but as he had just been talking about silos, we put it up that he had been helping to fill one.

Despite the fact that our lady has been gone, and the editor and his sister-in-law has had little to cook and less time to cook that, we have had several square meals anyway that were delicious and highly appreciated, at the invitation of Mesdames. J. C. Green, R. R. Lewis and D. J. Broughton and the Hill Hotel.

If you are thinking of buying a Player Piano don't fail to see the famous Kohler & Campbell line. The best of the piano makes art. We will make you liberal terms and allow for your old piano or organ. Brownfield Merc. Co.

The Brownfield Hardware Co., has put up a number of binders for their customers this week.

The cold drink stand changed hands again Wednesday, this time Earl Hill buying it from Wolfarth and Griffeth. We are sure Earl will treat his customers white, and predict for him a good trade. But if he sells out before we go to press, we will not report the fact this week, as twice a week is sufficient.

Dr. J. J. Randal, the dentist, brought in his lady and two little girls last week, and they have been visiting out at Horace Randal, and will also visit John Randal while here.

Memoirs of Napoleon In Three Volumes

The personal reminiscences of Baron de Méneval, for thirteen years private secretary to Napoleon Bonaparte, bring out, as no history can, many enlightening and interesting side lights on the character of that greatest of leaders. De Méneval's descriptions have the piquancy and interest possible only because he was an actual eyewitness of the scenes and incidents of which he writes. Their reliability and historical interest can be judged by the fact that the very conservative French Academy publicly recommends them.

A SPECIAL OFFER TO OUR READERS

By special arrangement with the publishers of Collier's, The National Weekly, we are able to give these valuable and interesting Memoirs free with a year's subscription to Collier's and this publication, at a price less than the lowest net cash subscription price of the two papers. Only a limited quantity of these Memoirs is available, however, so to get the benefit of this special offer you must act quickly.

WHAT YOU GET IN COLLIER'S

Collier's is the one big, fearless, independent Weekly of the whole country. Its editorials are quoted by every paper in the Union. It stands always for the best interests of the greatest number of the people. Among its contributors are such writers as George Randolph Chester, author of "Get-Rich-Quick" Wallingford, Meredith Nicholson, Amélie Kives, H. G. Wells, Hamlin Garland, Mary Roberts Rinehart, Henry Beach Needham, etc. It numbers among its correspondents such men as Jack London, Arthur Ruhl, James B. Connolly, and Henry Reuterdaahl.

It is a magazine for the whole family—Editorials, Comments on Congress, Photographic News of the World, Short and Serial Stories by the greatest writers of the day.

THE HERALD

Joe Lane was here this week and says they had no rain in their community and it was getting a little dry down there.

We call your attention to the combination we now have with Colliers Weekly, (not monthly) the weekly with the international reputation, which we consider one of the best combinations we have ever secured. Until recently Colliers was a \$4.00 publication, but they have reduced the price to \$2.50 without cutting the quality of the magazine. Besides you get three volumes of the Memoirs of Napoleon absolutely free and prepaid to your address.

S. E. Hamilton brought the editor a melon this week about 28 inches long and weighed about 45 pounds. The seed of this melon is from Mr. Means, of Weatherford, Texas, the watermelon King.

Mrs. Dolphus Robinson of Lubbock, an old time Terryite, came down last Saturday and started the Eastern Star Lodge to work, for the first time since the fire. The following officers were elected. Miss Aunie Hamilton, W. M.; Mrs. E. B. Wright, Associate M.; Dock Powell, Sec. We are glad to see this lodge at work again.

Brownfield people are all sorry to learn that Prof. B. W. Speed

is not to be principal of the Gomez school, as he was probably nearly as well liked over here as at Gomez. Prof. Speed probably did more to alleviate the petty rivalry between the Brownfield and Gomez schools than any teacher that has ever been in either town, teaching by example and otherwise the social intercourse of the two schools, though at the same time, teaching a FRIENDLY rivalry between the two in high class games, of which he proved a master. The boys and girls of Brownfield found in him a true sportsman, and along with the Gomez pupils, love him for his rare sense of justice and broad mindedness. We hope his successor will prove to his standard in that one particular, for that inter high school sportsmanship concerns all pupils and schools alike. We also hope that our new principal will encourage social intercourse between the two schools as did his predecessor.

We have had a little better than five inches of rain since Sunday noon, and twice; Monday afternoon and Tuesday night, the gauge has run over, and it holds exactly two inches of rain. But as it runs over in a receptacle that hold about 40 inches, it was measured anyway.

Chas. Stewart left this week for Killeen, Texas, where he will visit his sisters until the the Brittain Training School opens at Cisco, where will attend this session.

Gus Farrar left last week for Maryneal, Texas, where he will visit his parents before leaving for south Texas, where he will teach school.

Miss Ora Sawyer left Monday for Amarillo, where she will re enter the high school of that city

Easton Wolfarth and Joe Griffith have purchased the cold drink stand from Smith & Burnett. The boys informed us that they would endeavor to conduct a nice place and treat the public right. They also aim to open a short order business in connection a little latter, and we predict for the boys a liberal patronage.

Will Ward and family have moved into the Jake Johnston house, and Mr. Youngblood and wife, parents of Mrs. M. V. Brownfield have occupied the house vacated by Mr. Ward. We welcome this excellent family to our town.

Wiley Bridges and wife moved over last week and are occupying the Boone home that he recently traded his section in west Terry to M. V. Brownfield for. We welcome this excellent family to our community.

C. L. Elder and family are occupying the old Tiernan home; having moved in from south Terry.

Miss Esther Criswell brought the Herald a nice sample of their peaches this week. They were great big fellows, nearly 10 inches in circumference, the kind that the gravy runs off the point of your chin and down your shirt front. Thank you little friend.

In another week or two, every house in town will be filled.

E. T. Stapp of the west side, was sver this week and paid the Herald a short call. He reports very good rains.

We were talking with W. B. Spodgrass this week and he informed us that he had gathered four apples off one of his trees that weighed four pounds. He says he has had good rains on the ranch and everything is lovely.

Mr. Ware, a prominent hard ware man of Plainview, together with a friend, were down this week visiting his old pal, J. R. Hill.

TEXAS FACTS

LIVESTOCK.

The annual per capita production

of livestock and products in Texas is \$24.54.

Texas is the leading livestock state and has 3.2 head per capita.

On January 1st, 1914, Texas had 12,877,000 head of livestock, valued at \$393,471,000.

Texas has more cattle than any other state.

It costs \$50,000,000 to feed Texas livestock one year.

HORSES AND MULES.

Texas has more than twice as many mules as any other state in the Union. The total number is 753,000, valued at \$82,077,000.

Texas has 17 per cent of the mules of the United States.

In selecting work animals for the United States army, Uncle Sam invariably prefers Texas horses and mules.

BE IT RESOLVED, By the Legislature of the State of Texas.

Section 1. That at the next general election of the State of Texas for the election of state officers, or at a previous general election, in case a general election for the state shall sooner be ordered by the Governor for other purposes, there shall be submitted to the electors of the State of Texas, for their adoption or rejection, the following amendment to the Constitution of the State of Texas, as provided for in Section 1, Article 17, of said Constitution, relating to proposed amendments thereto, it being intended to amend Section 24, Article 3, of said Constitution, relating to the pay of members of the legislature, and extension of term of regular sessions, so that the said section shall read as follows:

Section 24. The members of the legislature shall each receive from the public treasury as compensation for their services twelve hundred (\$1200.00) dollars for the year in which each regular session of the legislature is held, payable in equal installments on the twentieth days of January, April, July and October of the year in which the regular session is held, and five dollars per day for each day of every special session held in the year next succeeding that in which any regular session is held. In addition to said compensation, the members of each house shall be entitled to mileage, going to and returning, from the seat of government, which mileage shall not exceed five cents per mile, the distance to be computed by the nearest and most direct route of travel by land, regardless of railways or water routes; and the Comptroller of the state shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by said table the mileage of each member shall be paid. Each regular session shall continue until the business of such session is disposed of.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation submitting this amendment to be voted upon by the qualified electors for members of the legislature, at the first general election to be held in this state. Those favoring the amendment shall have written or printed on their ballots the words: "For amendment to Section 24, of Article 3, of the Constitution, increasing compensation of the legislature, and extending the length of the regular session of the legislature." Those opposing said amendment shall have written or printed on their ballots the words: "Against amendment to Section 24, of Article 3, of the Constitution, increasing compensation of the members of the legislature, and extending the term of regular sessions of the legislature."

Sec. 3. The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the state treasury not otherwise appropriated, to defray the expenses of such proclamation, publication and election.

(Note.—S. J. R. No. 26 passed the senate by a two-thirds vote, yeas 26 nays 0, and senate concurred in house amendments by two-thirds vote, yeas 23, nays 1; and was passed by the house of representatives with amendments by a two-thirds vote, yeas 101, nays 22.)

Approved April 3, 1913.

Harris

By Sand Bar

Mesdanes Sullivan and Bennett have returned to their separate homes after a visit of two weeks with their parents, J. W. Spear and family.

H. F. Wingo has been suffering this past week with a sore finger caused from a barb wire prick. He paid no attention to it at first as he considered so small an injury to be of no consequence but complications set up and it became serious. He hasn't recovered yet but we heard he was better Sunday.

E. E. Simms and wife and daughter, Naomi came up Friday and visited at W. H. Harris', B. Clare's and J. M. McMillan's and attended church Sunday. They returned home Sunday evening.

H. F. Wingo and family visited at Arthur Cotten's last Saturday

Fern Harris returned home last Friday after spending several days with Naomi Simms in Gomez.

Bro. Terry the presiding elder was with us Sunday and preached two moving sermons. Bro. Terry brought his small son, Bill, with him whose acquaintance we were pleased to make. On Monday morning they with Bro. Cox, wife and little Luetta in the car with them went to Meadow where they will hold a protracted meeting.

L. W. McPhaul and wife spent last Sunday night with Brit Clare and family.

L. H. Hooker and family came in from Lubbock Monday. They took Mrs. Thornton and Miss Loa up there, who will go on to their home in N. Mex. Mrs. Hooker has been sick for some time and also consulted their family physician at Lubbock and is under his treatment now. We hope to hear she is better soon.

July Weather

Up to this time we have neglected to give the readers a report of the July weather, but as some may want to know how it went, will give an outline even at this late date:

Mean maximum 89; mean minimum 61. Greatest daily range was 36 on the 29th. Total rainfall 3.66; greatest in 24 hours 1.47 on the 2nd and there were six days with .06 inches or more. There were 25 clear, 4 partly cloudy and 2 cloudy days. The hottest day was 99 on the 31st.

A. P. Saunders, cashier of the American National Bank; Dr. Beall, Pres. Good Roads Association; Mr. Ray, a prominent sheep man, and H. P. Saunders Jr., all of Roswell, N. Mex., were here this week, and the Messes. Saunders visited at their old friend's W. A. Bell and family, and his niece Mrs. Dee Brownfield. Mr. Saunders is an old Terryte and still owns considerable ranch interests in this county.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING ARTICLES XI, SECTION 7a, OF THE CONSTITUTION—PROVIDING FOR AUTHORIZING COUNTIES BORDERING ON THE GULF OF MEXICO TO BUILD SEA WALL.

(S. J. R. 22.)
Senate Joint Resolution
To Amend Section 7, of Article XI.

Attention Mr. Farmer

We are handling the McCormick binders and can give you as good prices as you can get anywhere. We also have on hand a heavy stock of McCormick Binder Twine, the best on the Market today. It costs you no more than the cheaper twine and you save money by buying it. We have just unloaded a car of STAR windmills from 8 to 14 ft. There is no better mill on the market than the STAR, and doubtful if any their equal; we stand behind this mill with our guarantee. If it is lumber you need we can supply you from \$1.50 per hundred and up. We are in a position to take care of your business either cash or time. We are headquarters for Wire and Posts. It will pay you to see us before you buy. If you have not been to see us come around, we want to meet you.

of the Constitution of the State of Texas, authorizing counties bordering on the Gulf of Mexico to build sea-walls, by adding Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the district, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite to sell such portions of land as not reserved for public use by the county.

BE IT RESOLVED By the Legislature of the State of Texas:

That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a, of Article XI, and that Section 7a, of Article XI shall read, as follows, to-wit: Section 7a. Where protection against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the County Commissioners' Court by purchase or condemnation of all the land desired for sea-wall and land for the sea-wall reclamation district from the sea-wall to bay shore tide line boundary of the property abutting on the bay, and the State hereby cedes to the county, for such district for reclamation and general uses of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of Texas or the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or to the gulf for fill for the district, and right to sell the land reclaimed and laid off as townsite or otherwise, and where condemnation is used to acquire the land the proceedings to be as under the Statutes for condemnation for railroads, provided that the condemnation shall vest title in fee in the county, and county may issue bonds or other evidence of district indebtedness for acquiring the property, building the sea-wall, reclamation developments and all incident thereto as expense of sea-wall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the County Commissioners' Court shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclaimed, who with the County Judge as Chairman, shall constitute a sea-wall reclamation district commission, whose compensation shall be fixed by the court, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and plating land of district, issuing bonds or other evidence of indebtedness for same, sub-

ject, however, to all such rules, regulations and acts of the commission, being authorized and approved and ratified by County Commissioners' Court. The district must bear all expenses of sea-wall and purchase of the land and expense of filling (filling) same and other expenses, and the same shall not in any way involve the credit of the county or be a basis for a tax by the county on general lands of the county unless authorized by a vote of two-thirds of the property taxpayers of the county voting at a special election therefor. It is further provided that any owner of land in a proposed district may subscribe and pay for the district commission, when organized, as the pro rata of his land of the expense of the wall, reclamation, plating as town lots, on a basis as such area of land is to be to the whole land of the reclamation district and sea-wall, and at any time before the completion of the district may surrender the bonds and receive from the county a bond for title for his land in town lots, less streets and alleys deducted therefrom, for which on surrender deed may be demanded from the county after the district is walled, filled and platted into streets, alleys and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the County Commissioners' Court until owners of at least one-half of the proposed area of district petition therefor, and subscribe out for bonds for repurchase from the county as herein provided. This amendment may be acted on without delay of legislation in aid thereof or legislative action may be had in furtherance thereof if desired by the county, acting through its Commissioners' Court.

BE IT FURTHER RESOLVED By the Legislature of the State of Texas:

That the foregoing proposed amendment to the Constitution shall be submitted to the qualified voters of the State of Texas for their ratification and adoption at an election to be held throughout the State on the second Tuesday in November, A. D. 1914, and at such election those favoring the ratification and adoption of said amendment shall have written or printed on their ballots: "For the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls," and those opposing the adoption and ratification of said amendment shall have written or printed on their ballots: "Against the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls." Proclamation of such election shall be made by the Governor, as required by the Constitution and the law, and there is appropriated out of any funds not otherwise appropriated the sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, to pay the expense of advertising and holding such election.

(Note.—S. J. R. 22 passed the senate by a two-thirds vote, yeas 24, nays 1, and senate concurred in house amendments by a two-thirds vote, yeas 27, nays 0; and was passed by the house of representatives with amendments by a two-thirds vote, yeas 114, nays 0.)

Received in the Executive Office April 1, 1913, and filed in the Department of State April 5, 1913, without the approval of the Governor.

The Baptist meeting at this place is being conducted by Rev. Durham of Temple, Tex. He is an excellent minister. Tuesday night Bro. Williams of Brown field preached. The services are at 5 o'clock p.m. and at night

Rev. M. D. Williams and wife came in Sunday from the J Cross Community and report a splendid meeting out there and many conversions.

Town looks lonesome this week; the boys are most all out of town at work. Raymond Sim out at Bert Shepherds, Ben Whitla at Albert Crews; and we don't know where the others are but they are sure missing on Broadway.

Rev. Gates and Mr. Nix of Wayland College at Plainview, are here now in the interest of that college.

Leonard Nichols is visiting his sister Mrs. Geo. McWhorter this week.

Jim Burnett was in town Monday.

Jack Benton of west Terry was in town Tuesday.

Mr. and Mrs. Sam Weaver of Lubbock were at the Hotel here Monday night.

Mr. Paterson of Plains spent Monday night at the Hotel here.

Prof. White of Tahoka, came in Monday to get a team to move his family to Gomez. We neglected to mention last week that Prof. Speed had tendered his resignation as Principal of our school here, and the same week our trustees learned that Prof. White had so far refused to take a school, and they immediately offered him the position of Principal of our school here. He accepted. He taught here once and we wanted him again, but Tahoka out bid us, and now that he is coming back everyone seems to be glad. Our school will open on the 21st of Sept.

Tom Yates of Yoakum will bring his children here for the School.

Mr. Sims and wife and Naomi went to Harris last Friday visiting. They carried little Miss Fern Harris home, she has been visiting here for a week. They came back Sunday evening.

W. C. Mathis and family attended church here Sunday; also visited out at Geo. McPhersons.

Mr. Welch and wife also Mr. Eastman and wife of Brownfield attended church here Sunday; also Mesdames Dixon and Green and on Sunday night Mr. Walter Scudday and Miss Mary Dixon, Mr. Arch Fowler and Miss Dolie Duke.

Miss Zellica Knox and Mr. Word Price were here Sunday afternoon.

B. Yates was in town Tuesday night.

Boone Hunter passed through town Tuesday with a bunch of the fattest heifers we have seen this year. He had sold them to Noah Bell.

R. W. Glover, Clint Rambo and Lee Johnson, are busy now making up the tax rolls.

Monday evening and night we had another one of those ground

soaking trash moving rains, and from those coming in from the surrounding country we learn that all west and north of us there was a fine rain.

Geo. McWhorter has been working for the Ivey ranch for some time and his brother Robt. Griffith has been looking after George's crop here.

Another big rain fell Tuesday night.

We learned this morning that Mr. Tom Yates had bought the Brannon home here, and will move to it in a few weeks.

Messrs. Earley Key and C. C. Short have been working on the gin here for over a week getting it in perfect condition to gin this fall's cotton crop, and they will be ready for the first bale that comes in and present prospects are that the cotton planted in Terry this year will yield a large crop.

YOU don't have to go to the railroad after binder twine, as we have it right here at equally as good prices. Brownfield Hardware Co.

Aunt Lou DeShazo came in this week from her girlhood home in Ark., where she climbed the mountains again, and pulled some green persimmons—but didn't try any "Mountain Dew" that we heard of, as she has done gone prohibition. Anyway Aunt Lou came back to good old Terry perfectly satisfied to remain here all the rest of her days.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING SECTION 1, ARTICLE 3, OF THE CONSTITUTION, PROVIDING FOR THE INITIATIVE AND REFERENDUM.

Senate Joint Resolution (S. J. R. No. 12.)

To Amend Section 1, of Article 3, of the Constitution of the State of Texas, so as to give to the people, or reserve to them, the power to propose laws and to enact or reject the same at the polls, and to approve or reject at the polls any Act of the legislature.

BE IT RESOLVED By the Legislature of the State of Texas: That Section 1, of Article 3, of the Constitution of the State of Texas, be amended to read:

Section 1. The legislative power of this state shall be vested in a senate and House of Representatives, which, together, shall be styled "The Legislature of the State of Texas," but the people reserve to themselves power, as herein provided, to propose laws and to enact or reject the same at the polls, and to approve or reject at the polls any law, or any part of any laws enacted by the legislature. The legislature shall provide by law for submitting to the vote of the people, upon the petition of ten per cent of the qualified voters of the state the enactment of laws and

the approval or rejection of any law enacted by the legislature.

BE IT FURTHER RESOLVED, by the Legislature of the State of Texas:

That the above and foregoing is proposed as an amendment to the Constitution of this state, and shall be submitted to the qualified electors of the State of Texas for members of the legislature, for their adoption or rejection as a part of the Constitution of this state, and shall be voted on by such electors at the regular election for the election of officers to be held throughout the state on the second Tuesday in November, A. D. 1914, and those voting for the adoption of said amendment shall have written or printed on their ballot the words: "For the amendment to Section 1, of Article 3, of the Constitution of the State of Texas, providing for the initiative and referendum," and those voting against the adoption of said amendment shall have written or printed on their ballots the words: "Against the amendment to Section 1, Article 3, of the Constitution of the State of Texas, providing for the initiative and referendum." And the foregoing proposed amendment shall be duly published once a week for four consecutive weeks, commencing at least three months before the election at which it is to be voted upon, in one weekly newspaper in each county in the state, in which such newspaper may be published. The Governor shall make proclamation of such election upon said proposed amendment by publication as aforesaid, and as required by the Constitution and laws, and the sum of five thousand dollars (\$5,000.00) is now appropriated out of any fund in the treasury not otherwise appropriated, to pay the expense of making such proclamation and publication and hold-said election.

(Note.—S. J. R. 12 passed the senate by a two-thirds vote, yeas 21, nays 5, and was passed by a two-thirds vote yeas 21, nays 7, and senate concurred in house amendments by a two-thirds vote, yeas 23, nays 0; and was passed by the house or representatives with amendments by the following vote: yeas 84, nays 36.)

Received in the Executive Office April 1, 1913, and filed in the Department of State April 4, 1913, without the approval of the Governor.
