A FULL LINE OF FRESH GROCERIES

Also Dry Goods, Shoes, Hats, Caps and Notions. It pleases us to please you. Mail or phone us your wants. All dry goods delivered via parcel post. Your money back if not satisfied.

E. B. WRIGHT

School Opening

If enthusiasm, determination and cooperation counts for anything in the teacher, pupil, parent, trustee and teacher, then it is safe for us to predict one of the best if not the very best schools in the history of the town. Early Monday morning, crowds of little fellows begin gathering at the school building, and by the usual time to take up, the house was crowded with progressive teachers enthusiastic pupils, interested parents and paintaking trustees, until seats were a premium; in fact, before the program had progressed far, about half the little people were setting on the floor or stage to make room for their parents.

Right here is a good place to put in a few words concerning the seating of our auditorium. There was not a person on hand last Monday, that did not see the direct need of seats in that department, and those who had to sit on the floor or the edge of the stage, had the fact forcibly presented to them. Now we have an abundance of home talent for plays, minstrels and burlesques, and the people are always willing to pay the price to see them. As for the Herald it will lend its columns without price and without stint to seat it. What will you do?

We believe we have attended every school opening since we have been in the town, and are positive we never saw a larger, crowd or a more accordant one at our school building, and from the ring of the talks from teachers, parents and well wishers, we know they meant BUSINESS.

Judge Neill took charge of the gathering, and after making some very appropriate remarks asked Bro. McReynolds to open the services, who did so by reading the first eight verses of the 3rd

chapter of Ecclesiastes and a short prayer. Prof. Roy Scud day, R. H. Banowsky, Rev. Mc and Judge Neill, all made splendid talks on education. Short talks were made by Messrs. Stricklin and Cardwell and Miss Mamie Powell made short talks, after which we were favored with an appropriate recitation from the new music and expression teacher, Miss Scheiffer Short but interesting talks were then made by the teachers, who said they would put fourth their very best effort, and begged the cooperation of parents and pupils.

We have a matchless corps of teachers, a set of trustees that are willing to work and lend encouragement and pupils full of determination, and therefore we look for the best school yet.

Try the Brownfield Hardware Company for the Milwaukee row binders and twine. Ask those who have tried them; or better still, let us demonstrate it to you

Master Wayne Braidfoot, the little son of Mr. and Mrs. Harry Braidfoot of the southside, is staying with his aunt, Miss Bertha Lowe, who is boarding at Chas. Copeland's, and attending school.

We were glad to see Grandpa Shrock on the streets one day last week.

We are glad to report that Mrs. Jake Adams is on the road to recovery.

Dr. Treadaway carried a load of passengers to Plains the first of the week.

FOR SALE:—Two good residence lots, in first addition to Brownfield, about two and one half blocks from the square. These are corner lots fronting south or west. Price \$75. Apply at Herald office.

Hogwallow News

Dunk Botts, Regular Correspondent.

Sidney Hocks became intoxicated Saturday evening and tried to drive his yolk of steers into the postoffice, but failed on account of the door being too narrow. There have been many other complaints recently on account of the narrowness of the door at the postoffice.

Atlas Peck has violated the confidence of several of his warmest friends and after this it will be a hard matter for him to get a drink of licker that is any account. He obtained a jug of Bat Smith's Moonlight Reel the other day under the pretense that he was going to use it in celebrating his annual birthday. But instead of that he took it home and put some asfoedita in it, and is using it for pneumonia medicine.

Frisby Hancocks rheumatism has taken a turn for the worst, and he has decided he had better look after his religion. Sunday he went over and bragged on the Dog Hill preacher's sermon.

Several from this place will go to Tickville next third Sunday to witness the unveiling of the town pump.

The Blind Man of the Calf Ribs neighborhood was about to be talked into buying a heating stove from Slim Pickens the other day, but the trade was knocked in the head by one of Slim's enemies, who told the Blind Man that winter was over.

Cricket Hicks, who has been at work in the Calf Ribs community several weeks, has returned home with five dollars in cash. This will somewhat relieve the financial situation around Hogwallow, as money was beginning

to get very scarce.

The examining trial of Raz Barlow charged with detaining the Mail Carrier by offering him a drink of licker, was set down for trial at Rye Straw yesterday, but was continued on account of lack of sufficient evidence to acquit the defendant.

The Old Miser, who some time ago buried his money in a mule collar, has dug it up and hid it in Gander Creek graveyard where he knows everybody is honest.

The town was in darkness last night on account of Little Fidity Flinders having eaten the postmaster's supply of candles.

Tobe Moseley read an entire patent medicine advertisement through the other night before he realized what an awful risk a man runs by getting sick.

Poke Eazley is making an ideal husband, contrary to the predictions made when he married again last year. He has cleaned off a nice place on the bank of the creek for her to do family washing, and in order to be ever near her, he has picked out a fishing place right across the stream.

Slim Pickens came to Hogwallow yesterday morning and after resting awhile on the front porch, bought fifteen cents worth of bologna sausage. Cricket Hicks, an old friend came up and hesitated, but Slim did not recognize him until the sausage was all gone.

The Mail Carrier's watch has been left at Dock Hock's blacksmith shop where it is undergoing extensive repairs. Dock is fast gaining notoriety as a machinist.

Poke Eazley is spending the week at the office watching the dirt-daubers build nests on the rafters. This is the only job of work Poke ever witnessed with-

out suggesting a better way to do it.

Miss Hostetter Hocks has written to the "Advice to the Lovelone" department of a city paper asking for a recipe for the cure of sun-grins. Ellick Hellwanger says he would prescribe the eating of green gooseberries.

The Silo in the Panhandle

By P. E. Boesen.

Three years ago there were three silos in use in the Panhandle. Today there are approximately 1,500, three-fourths of which were constructed during the past year. All the various styles and makes of silos are represented. Owing to the fact that Panhandle soil is well packed and not endangered by presence of water at shallow depths, the pit silo, is peculiarly adapted to this country and many of them are planned by our farmers for the future.

A government feeding test conducted near Amarillo last winter proved beyond all question the superiority of silage over dry forage as a fat-producing feed. The grain sorghums—kafir, milo maize, feterita and sorghum—which are native to the plains country and annually yield millions of bushels of grain, have been thoroughly tested out in the silo, with the result that nearly every farmer in future intends to feed at least some of these crops in the form of silage. Our farmers look upon the silo as the salvation of the Panhandle country.

YOU don't have to go to the railroad after binder twine, as we have it right here at equally as good prices. Brownfield Hardware Co.

Commencetobegintogotreadytostarttogotothe Lubbock Grain & Coal Company

For your winter's coal, post, wire, cake, salt and ranch supplies. In the market at all times for dry maize and kaffir at market price either threshed or in the head.

The Terry County Herald

A. J. STRICKLIN, Editor-Publisher-Proprietor

Entered at the Post Office at Brownfield, Texas as Second Class mail matter, according to an Act of Congress, March 3, 1879.

Any reflection on the reputation or standing of any private individual, firm or corporation, will be gladly amended if brought to the notice of the publisher.

There will be lots of new farms opened up in Terry next year, watch our prediction. Why not be one of that number Mr. Non-Residenter?

The time for the holding of the annual Terry County Fair is drawing near. What preparation have you made to be represented in it.

The hovic and horrors of war hover over Europe, while peace, plenty and prosperity prevale the "Land of the Free and the Home of the Brave." Surely there will come a time in the annals of human events when all the cruel swords and guns will be beat into the peaceful plowshare.

Parents, teachers, pupils; what are you going to do about seating the school auditorium? Anyone with two eyes can see the need. Some say that we need a piano next, but no one enjoys the best of music when sitting on the floor or standing. It is true we have been borrowing the seats from the Baptist church, but we imagine that is getting old to both those that haul them and to the Baptist members as well, as every time you haul a seat, it is damaged that much. By putting on plays, we have paid for some nice curtains and a good library, not to mention other things, and why can't we begin right now at the beginning of school to pay for some seats. We make that motion; do we hear a second?

The Herald has got some stuff growing in its garden that it will have on display at the Fair, and whether we take a prize or not it will not bother us much, but what we want is that we have the best fair yet and we are willing to do all in our power to make it a success. What are you laying up and planning to bring along? It is time we were all going through our truck patches and field, selecting the best we have for that occasion. Besides having a good time and seeing what our neighbors are doing and how they are doing it, we may have a chance to carry home one of those \$5 prizes and a lot of honor. And in the meantime, are we going to have anything on display at the Panhandle State Fair this year?

Our Prizes

In addition to the prizes that

have been offered by the Directors of the Terry County Fair we offer the following additional individual prizes. A years subscription of the Texas Farm & Ranch for each of the following, making four subscriptions: One subscription each for the five best ears of corn; five best heads of maize; five best heads of Feterita; five best heads of kaffir corn, any varieties.

Fire Prevention.

By W. S. English, State Fire Marshal.

As a man sows, so shall he reap, is Devine declaration. The man who is careless with his property, who trusts to chance and circumstances to avoid fires and who trusts to his luck can but reap a harvest of barren regrets.

He who locks the stable door after the horse has been stolen is but making a confession of his own previous dereliction.

The time to fight a fire is the day before the fire. The time to prevent a fire is before the fire begins. They are all the same size when they start.

No great battle has ever been won by chance. No conflagration has ever been recorded that could not have been thwarted had the foresight been as keenly quickened as the hinesight was keenly anguished.

Mrs. Frank Proctor was in town this week after supplies and paid the Herald a hurried call. She says she is the only one they can spare from the fields as hands are so scarce and crops so good.

Curry County Fair, Clovis N. M. Sell Sept. 23, 24 and 25th; limit Sept. 23. 4.15

Panhandle State Fair, Amarillo, Texas, Sept. 24 to 30th inclusive. Return limit to Oct. 3rd. 4.85

R. Alsobrook, Agent. Lubbock Texas.

TEXANS HEAVY TOBACCO USERS

Tobacco raising in Texas is still in an experimental stage. Experts of the Federal Government claim that there are 500,000 acres of land in East Texas suitable for tobacco culture, but according to the latest reports of the United States Department of Agriculture, only 200 acres are planted to this product. The production in 1912 was 140,000 pounds, which had a value of \$24,000.

Texans, as a rule, are heavy users of tobacco and last year spent for this weed two and one-half million dollars, practically all of which went outside the State. We consume more than 100 times as much tobacco as we produce, and statistics show that the demand is ever increasing, while the production at the present time is less than that of 10 years ago.

The manufacture of snuff, chewing and smoking tobacco is limited in Texas, although cigarmaking has developed into an important industry. The latest Federal Census Reports show 67 cigar factories operating in this State, employing 500 persons and turning out products valued at \$509,000 annually. Nearly a half million dollars is invested in this line of industry and the yearly payroll of the employes amounts to \$160,000.

Cigars made in Texas, from Texas raised tobacco have become popular among smokers everywhere, and although the supply is limited, they find a ready market in all parts of the country. Practically all of the tobacco grown in this State is made into cigars of fine quality. Raw material consumed by the Texas factories is grown principally in Cuba, Kentucky, North Carolina and Virginia.

The cultivation and use of tobacco are of such antiquity that authentic history does not record their origin. The claim of certain European and Asiatic countries to an acquaintance with the plant prior to the discovery of America by Columbus is not supported by accepted history nor satisfactorily demonstrated by the researches of the antiquarian. It is generally accepted that tobacco is indigenous to the Western Hemisphere and that the aborigines practiced its cultivation and use from remotest times, and spread their knowledge to the rest of the world. It is not definitely known when the first tobacco was planted in Texas, but its first propagation on a commercial scale was attempted in Nacogdoches county during the past decade.

TEXAS FACTS

CATTLE.

There are 6,238,000 head of cattle in Texas, which are valued at \$185,648,000. Of this number 5,173,000 are beef cattle and valued at \$137,084,000, while 1,065,000 are milch cows, which are worth \$48,564,000.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists. Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N. C. 123

PURE SUDAN GRASS SEED

Buy the kind that have been tested and o. k'd by a Government export, though you have to pay more for them; get the best. I am selling Association seed that have been approved. Better buy early as the Federal Experts and Experiment Station Directors say they are likely to reach \$2. per pound. We are authorized to sell them at \$1. per pound in small quantities; better price on large quantities. Let us handle your order.

See or write

A. J. STRICKLIN

Brownfield

Texas

C. Ullery, of Roswell, was here this week looking after his interests, consisting of the old Drug store building, and the old Harris and Brownfield residences. Mr. Ullery is a prominent real estate dealer of his town.

Mr. Bradley came down from Lubbock this week in a new Ford he had for sale, and went on to Plains Wednesday. He informed us that he was still selling them as fast as they arrived, and that he had received a car load of them this week.

A party consisting of Isam Tubbs, A. D. Woods, Jim Robinson, Jr., and T. E. Micheal, spent Tuesday night at the hotel. They had been over to Yoakum county, where Mr. Robinson had sold Mr. Tubbs four sections of land for some Sudan seed. These gentlemen all live in Lubbock.

N. N. Ross returned Saturday night from an extended trip to the north plains, where he went on a trading expedition. He said he did well both trading and selling until the banks tightened up to where they would not handle the paper. His son and family returned with him and will live on his section south of town.

N. N. Ross left a fine melon at our front door of the printing office this week, and when we saw him later he informed us

that his wife and the boys had sure made a good crop this year; said they made ears of corn almost a foot long.

We call your attention to the change in the Lubbock Grain & Coal ad in this issue. They have the largest supply of coal we most ever saw, and we took pains to see that it was good. Everything they handle is always the best that money can buy, and they sell it at prices that some others charge for inferior grade.

While in Lubbock Mr. Graves of the firm of Graves & McWhorter showed us through their big feed and coal plant, and we want to say they have a good one. They have recently installed one of the best equipped grist and crushing plants in connection that we ever saw, and as they will have an experienced man in charge of this department, they will be prepared to make real home meal and crush your load of feed while you wait. Notice their new ad.

The Lubbock Drug Company say they are still doing a good mail order business with Terry folk, in fact they say their business is continually increasing. We wish to state for the benefit of Edison phonograph owners that they are handling a full line of phonographs and records.

J. T. May informed us this

week that he would be able to cut his feed again, where it was cut some time ago, and that the second cutting would be better feed than the first, so far as the stalk is concerned.

of mechanical science and the business of the plant affords an opportunity for acquiring information and experience in the affairs of industry.

From 1910 to 1914, the value of the Texas steer has increased \$11.20.

Fifteen per cent of the beef cattle of the United States are in Texas. We have more than twice as many as any other state.

Texas ranks fifth in number of milch cows and first in quality of milk, cream and butter produced.

The Texas milch cow on January 1st, 1914, was valued at \$45.60 by Uncle Sam, while five years ago she was worth only \$29.50.

There are 17,500 cowboys on the cattle ranches in Texas.

Our packing houses slaughter 2,000,000 head of meat animals annually.

Attention Mr. Farmer

We are handling the McCormick binders and can give you as good prices as you can get anywhere. We also have on hand a heavy stock of McCormick Binder Twine, the best on the Market today. It costs you no more than the cheaper twine and you save money by buying it. We have just unloaded a car of STAR windmills from 8 to 14 ft. There is no better mill on the market than the STAR, and doubtful if any their equal; we stand behind this mill with our guarantee. If it is lumber you need we can supply you from \$1.50 per hundred and up. We are in a position to take care of your business either cash or time. We are headquarters for Wire and Posts. It will pay you to see us before you buy. If you have not been to see us come around, we want to meet you.

Tokio

By Digger

W. J. Lovelace is cutting H. L. Ware's cane today.

Mrs. Ikard spent Monday evening with Mrs. R.K. Benton.

Jim Wright, Bob Lovelace and their wives spent Sunday afternoon with Norman Lovelace and wife.

H. L. Ware was in Tokio yesterday afternoon.

W. I. Lovelace and family spent last Sunday with J. S. Day and family.

Uncle George Wilkins was in Tokio Monday.

There was several of the young people from down in here attended the party at W. J. Satterwhite's, last Friday night and all seem to have had a good time.

There was a very good crowd at Sunday School last Sunday.

Next Sunday is preaching day at the J Cross schoolhouse. Everybody be sure and come.

There was some people here the other day from Dallas and Ft. Worth.

H. L. Ware is going to move back to Gomez next week.

J. C. Wright is going to help Wes Lovelace head maize this week.

Carl Rushing has gone to visit his old friends in Wise county. We hope him a nice time.

Weaver Lovelace spent last Sunday with Byron Ikard.

J. F. Merritt was in Tokio last Sunday and also yesterday.

Ennis Ware worked a day or two for Mr. Satterwhite last week while Elmer went to Brownfield on a little business. Ha! ha!

T. E. Lovelace and wife were in Tokio last Saturday afternoon.

FOR SALE:—A good home, 22 acres of land in one block of Bank and two blocks of public school, good six room house, good orchard, shade trees, well, out-buildings, etc. Will sell and give terms or trade for cattle. For further information See J. T. May, Brownfield Tex.

Will Alf Bell and Dee Brownfield and family came in this week from the mountains in New Mexico, where they went to enjoy the mountain air and scenery and visit the family of W. R. Harris, father of Mrs. Brownfield and uncle of Mr. Bell. Mr. Bell says he enjoyed the trip very much, and his uncle had a good thing, but he (Bell) liked Terry better than anything he saw out there.

S. E. Hamilton was in this week with a load of his famous, long, white melons, which he readily marketed. Mr. Hamilton says he has a fine crop.

Our old friend, R. G. Wood, of the famous Meadow country, was in a few minutes one day this week.

Mrs. Oscar Allen and children of Plainview are visiting her mother, Mrs. Kinard.

Dock Powell made a trip to Lubbock last week on business.

Hoyt Agnew and Miss Myrtle Long were married at the home of Mr. and Mrs. W. H. Long, the bride's parents, on West Broadway, Wednesday evening. They left on the 11:30 passenger train for points north, to be gone a few days, when they will return and make Lubbock their home.—Lubbock Avalanche.

Dick Brownfield reported Monday that he had his silo two-thirds full already.

AN INDUSTRY WITH SOUL MATERIAL.

Cotton Mills of Texas Study Efficiency of Employes and Provide for Their Comfort and Happiness.

In this age when many corporations are charged with being soulless, it is encouraging to find a line of industry giving first attention to the care, comfort and happiness of its employes. Men and women are the greatest finished product a factory can turn out and their development is good for the factory as well as good for society. Improving and repairing the efficiency of men is as good an investment as improving and repairing machinery of the plant and the greatest field of economy in industry now lies in increasing the efficiency of employes.

Industrial psychology is a science that is being recognized in many ways by large concerns throughout the country. The efforts of many business institutions which have heretofore been confined to official advice and warning to their employes are now taking a more practical form and the managers of industry are realizing that manhood cannot be constructed by threats and penalties alone. Mental and physical efficiency is the result of education, growth and development. Breakdowns in men have caused more loss to industry than breakdowns in machinery and manufacturers are finding those things which contribute toward efficiency of their employes the most profitable investment that can be made.

The textile mills of the State, in most instances, provide comfortable homes with modern conveniences, looking well after the health and comfort of their employes and the rental charges are nominal. The employes are as a rule thrifty and industrious and a large per cent of them own their homes. The home life of the employes is pleasant and the mill society is usually an exclusive one, the colony of workers living to themselves.

Some of the mills provide community playgrounds equipped with modern devices of pleasure and gymnasiums furnished with up-to-date contrivances are available for the use of the employes in the work of physical development. The machinery of the mill furnishes a practical study

We guarantee 6 one-dollar bottles to cure Indigestion, Kidney Diseases and all blood disorders. All druggists are authorized to carry out this guarantee full and complete. G. W. McCroskey, Waco, Texas. For Sale by J. L. Randal, Druggist. Adv.

To kindly let you know how maize is turning off in Terry this year, we will take Jim Green's crop right here in a mile of town. He has headed 12 acres, and sold a little better than 11 tons and put seven loads in his own crib. As his wagon loads have been averaging 2500, that would make an additional 8 1-2 tons or a total of 19 1-2 tons on twelve acres. We believe we heard some one say recently that there never was any maize that headed a ton to the acre. At the present price of \$10 per ton, that makes \$16.25 per acre. Say, yo \$100 per acre folks back east, how is this for \$8 and \$10 land, beside this we will beat you on corn and tie you on cotton. Stay back there and work your phool selves to

death in crab, hurrah and cockle-burs if you want to; we don't care. But we'll bet Jim Green did his 80 acres easier than you did your 30, and will get as much or more to the acre.

See the new lot of mens blue serge suits, now on display at the Merc.

Bain and Money Price came to mill last Friday, and brought along a load of fine melons. They left a fine one at the Herald office that was highly appreciated. It is said by those who have been slipping into the Price melon patch (the sheriff excluded) that the rows are a mile long. That is some melon patch, isn't it?

FARMERS: We have on hand about 2000 envelopes that we are no longer keeping in stock, that we will print your name and address on for 50c per hundred, or sell you 100 for 25c without name and address. This is almost as cheap as the blank envelopes and they will always return to you.

Scott Walker was in town this week.

Leslie Green was in from the Mallet ranch Thursday, looking

for hands to help dip.

NOTICE—All school books are cash to everyone. J. L. Randal.

Mr. Dennison and family are recent arrivals in Terry county have purchased the old George Smith homestead. We welcome them to Terry.

Simon Holgate was here a few minutes Wednesday, on his return from eastern markets.

Prof. Puryear is here this week selling school encyclopedias. He taught in the Tahoka school last year.

Memoirs of Napoleon In Three Volumes

The personal reminiscences of Baron de Méneval, for thirteen years private secretary to Napoleon Bonaparte, bring out, as no history can, many enlightening and interesting side lights on the character of that greatest of leaders. De Méneval's descriptions have the piquancy and interest possible only because he was an actual eyewitness of the scenes and incidents of which he writes. Their reliability and historical interest can be judged by the fact that the very conservative French Academy publicly recommends them.

A SPECIAL OFFER TO OUR READERS

By special arrangement with the publishers of Collier's, The National Weekly, we are able to give these valuable and interesting Memoirs free with a year's subscription to Collier's and this publication, at a price less than the lowest net cash subscription price of the two papers. Only a limited quantity of these Memoirs is available, however, so to get the benefit of this special offer you must act quickly.

WHAT YOU GET IN COLLIER'S

Collier's is the one big, fearless, independent Weekly of the whole country. Its editorials are quoted by every paper in the Union. It stands always for the best interests of the greatest number of the people. Among its contributors are such writers as George Randolph Chester, author of "Get-Rich-Quick" Wallingford," Meredith Nicholson, Annie Rives, H. G. Wells, Hamlin Garland, Mary Roberts Rinehart, Henry Beach Needham, etc. It numbers among its correspondents such men as Jack London, Arthur Kuhl, James B. Connolly, and Henry Reuterdahl.

It is a magazine for the whole family—Editorials, Comments on Congress, Photographic News of the World, Short and Serial Stories by the greatest writers of the day.

Collier's - - - \$2.50 } Special combination price

By West Wind

Mrs. Bob Snodgrass came in last week and taken Mrs. Waite and children out home with her for a two days visit. They report a pleasant visit.

News came last week that Mrs. Claud Harris, daughter of Mrs. Simms, is quite seriously sick at her home in Ochiltree county.

Simp Courrier was in Sunday from the Wolfarth ranch where he is now at work.

Grover Lewis moved last Saturday to the Jones ranch, in South Terry, where he will live until spring, if not longer.

Ben Hurst came in Saturday in his new "Hup" and carried his wife home. Vance Glover accompanied them home for a weeks visit.

Jim Key and family also Mr. Holland came in Sunday for a visit to Mr. Key's family, and stayed over until Monday. Mr. Holland is able to stir around but is not in good health. Jim stayed to work at the gin this week.

Prof. White bought the seed of four acres of Soudan grass from Rev. J. C. Lewis. So it's Prof's job to cut that grass. He is trying the hand method of cutting and tying. R. W. Glover is helping him and it is rich to hear those men complain of blistered hands. They have already made 1000 bundles.

There is a greater demand for work hands here now than ever before. Maize and kaffir are ripe and falling down, the corn and other crops to fill the silos is ready to put up, and this hot dry weather will dry it up. The cotton patches are getting white. It's time to round up and drive the cattle sold for fall delivery, and all the above work is going on and there is a great lack of hands.

Mr. Green and family from Comanche county, moved in last week. They will occupy the Andrew Simms residence in the south part of town. He is a brother to our blacksmith.

A. P. Seitz lost his fine horse, Perch, Friday night. He was only sick a short while. He was one of the best horses in the county.

Mrs. Snodgrass and daughters came in last week from their visit to East Texas, where they went in July, and on Sunday Mr. Snodgrass carried Eddie, the eldest girl, to Tahoka, where she will attend school this term.

Mrs. Ross Kensie, of Willow Okla., is down with typhoid fever and her mother, Mrs. Hunter, left last Sunday for her bedside.

Mr. Curlin's silo has been filled since our last letter and the hands are now filling one out at Lester McPherson's.

Dr. Ramph and Mr. Burseson passed through here last week with Sam Dixon, who they were carrying to Lubbock to be operated on for appendicitis. We heard Monday that, he had revived after the operation.

John Marcy and Miss Callie Roy passed through here Friday enroute to Plains from Lubbock.

BROWNFIELD AUTO COMPANY

Maxwell 25, Electric Lights and Starter, \$750 f. o. b. Detroit. Without starter and lights, \$695. This car is the Automobile Sensation of the year. See or write us and we will demonstrate it for you. We solicit repair work.

DAVIDSON FEED STORE

Lubbock, Texas

Miss Eargie Rambo left Sunday for Tahoka where she will take the train for Plainview to enter Wayland College.

Lois Reeves will leave this week for Waco, where she will enter Baylor University. School opens there next Monday.

Walter Gainer went to Lovington N.M. last week to carry a load of lumber for Robert James. He got back here last Saturday night.

Miss Katie Copeland has been visiting Miss Nora Wolfarth for several days and a few days ago a horse stepped on her foot and it proved quite a serious bruise. Mrs. Copeland came in Monday and carried her out home.

A party at Mrs. Wolfarth's last Saturday night, a good crowd and a real pleasant time.

Alvin Key is out at Wayne Carlisle's this week at work.

Geo. McWhorter brought in the largest water melon of the season and presented it to Mrs. R. W. Glover. When it comes to large melons, Terry county is strickly in the lead.

Joe Lane and family went to Brownfield, Tuesday, Joe on business, and Mrs. Lane and the children visited Mrs. Longbreak.

School will open here next Monday. We hope to have a full attendance as we have as good teachers as we ever have had.

A singing at Mr. E. E. Simms last Sunday night, real good singing and a pleasant time.

Rev. Lofton preached at Mr. Geo. Blacks Sr. on last Sunday evening.

We went over Grandpa Black's apple orchard last Saturday afternoon and saw some as fine fruit as we ever saw. A couple of limbs on a wine sap apple tree had respectively 9 and 7 apples each, growing just as close together as they could grow.

Prof. Speed our last years principal, is teaching at Big Springs this term.

Uncle Tom DeShazo was over Tuesday to see about putting his rent house here in repair for occupancy.

Mr. H. L. Ware and others are expected to move in this week, to be ready for school next Monday.

Arthur Moore and Alvin Duke left for the country near Tatum N. Mex. this week, with lumber

to build residences on their claims there.

If you are thinking of buying a Player Piano don't fail to see the famous Kohler & Campbell line. The best of the piano makes art. We will make you liberal terms and allow for your old piano or organ. Brownfield Merc. Co.

MEAT PACKING LEADING INDUSTRY

Growth of Texas Plants Remarkable

For many years Texas has held high rank as a livestock producing unit, but only during the past decade has the slaughtering and meat packing business assumed mammoth proportions. From a comparatively small industry ten years ago it has become the leading manufacturing enterprise of the state as measured by the value of products manufactured. In 1900 the nearest approach to a packing house in Texas was a sausage factory. We had four of these plants at that time and their combined annual output had a value of \$2,000. The latest census reports show fourteen slaughtering and meat packing establishments operating in Texas whose yearly production is more than \$42,000,000 in value. This gigantic industry furnishes employment to 4,300 persons, who receive \$2,600,000 annually in salaries and wages and represents a capital investment of \$12,438,500.

The packing houses of Texas slaughter 2,000,000 head of livestock annually, which is equivalent to the natural yearly increase and is 20 per cent of our meat animal supply. These animals cost the packers \$37,500,000, while a decade ago animals slaughtered were valued at only \$3,170,000.

In number the predominating class of meat animals slaughtered is hogs, the total number killed each year being 940,000, compared with 208,270 ten years ago. The demand for pork has increased with marked rapidity in Texas during recent years, and last year we consumed \$240,000,000 more of pork and pork products than we produced.

Beeves and calves rank next to swine in number, slaughtered, but the cost of the cattle killed yearly is \$7,000,000 more than that of the hogs. As Texas is the leading livestock State she also ranks first in number of cattle. We had 6,056,000 head on January 1, 1913. In 1912 the value of beef produced in Texas had a value of \$47,812,000, while the requirement for the year was only \$19,646,000, leaving a surplus of \$28,166,000. Our packing houses now slaughter a million head of cattle annually, while ten years ago the killing capacity was only 32,000.

The Texas sheep which at one time was raised only for his wool now has a dual commercial value and his flesh is one of our most delicate edibles. Within a decade the number of sheep slaughtered at our packing houses has increased more than thirteen fold.

Oh You Terryites

I have opened up a stock of FRESH GROCERIES and NEW DRY GOODS, as nice as there is in Tahoka and I want all my old friends and customers to see them whether they buy or not.
