Dramatic Club at Work

The Brownfield Dramatic Club met for the first time since spring at the Stricklin home, Wednesday night and transacted the usual routine of business. New officers were elected, as follows: E. B. Wright, president; Earl Hill, Vice-president; Miss Mozelle Treadaway, Secretary and W. G. Hardin, Treasurer. A program committee and a committee to select the plays were then appointed. The Club seems to be full of enthusiasm, and we hope to see the auditorium seated in the near future.

After the business session was over the Club members were honored with a reading by Miss Schieffer, after which the hostess, Miss Holden, assisted by Miss Mozelle Treadaway, served sandwiches, pickles and chocolate

Sunday.

Miss Addie Belle Ware is spending this week with her sister, Mrs. Geo. Snodgrass.

Mrs. Kelly of Plains, was at the baptising Sunday afternoon.

Mr. Chisom came in on the mail car today from his trip to Austin.

Married,

Mr. Bunion West and Miss Goldie Day, were quietly married at the home of the brides parents, Dr. and Mrs. H. T. Day, of the Groves Chapel neighborhood last Sunday afternoon. Only a few of the most intimate friends being present. Mr. West is a prominent young cowman, whose ranch is on the border of Terry and Gaines counties. Miss Goldie has lived in Terry only a few years, but her sweet disposition and lady-like graces has won the hearts of all who know her. She is highly accomplished, and has taught several schools. They left immediately for Big Springs, where they will visit Mrs. West's brother for some time before returning home. Herald wishes for the young couple all the pleasures of life.

Freight Shipments and Beer

Washington, D. C. Sept.—An effort is being made by Congress to levy a war tax of \$100,000,000 to make up the deficit in imports due to the European war. It is proposed that the freight shipments bear \$65,000,000 and beer \$35,090,000. The transportation companies are used merely as collection agency of the fund and are to be compensated for their services. Beer is to bear an additional tax of fifty cents per barrel and the manufacturers of domestic wines also come in for a share of the tax burden.

As an additional relief for war conditions, Senate leaders announce that the Rivers and Harbors appropriation bill will probably be reduced \$25,000,000

Am Sorry I was too late with my letter last week, will try never to be so late (again). Your letter would have been printed last week, but we got it lost some way or other, and it could not be found high nor low. Glad you got in early this week. Will credit you with last week's letter. (Ed.)

G. M. Cosby has moved back to Lubbock. We certainly hated to give up this fine family but we gained another one in their stead as W. N. Copeland and wife will make their home out here.

Mrs. Otis Copeland has been sick for the past two weeks.

Mr. Ellington and wife will start on a trip to Wheeler Co. Wednesday.

Newt Copeland went to Lub-

bock last week and had three bones removed from his nose.

Mrs. Boyd and Miss Grady went to Lubbock Tuesday to meet Mrs. I. A. Boyd.

Mrs. Tidedale of Baird, who has been visiting her sister, Mrs. Ellington, went to Plainview Monday to visit her step-mother before returning to her home.

Miss Nell Arnett is visiting Mrs. Sam Arnett this week.

Jay Barrett had the misfortune of getting his hack torn up Saturday night. He came after his mail and the horse became frightened and ran away and turned his hack over and broke the top off and tore it all up. Fortunately no one was hurt.

Try the Brownfield Hardware Company for the Milwaukee row binders and twine. Ask those who have tried them; or better still, let us demonstrate it to you

S. L. Hunter left here Tuesday night to join his wife in Willow, Okla., who is at the bedside of their daughter, Mrs. Ross Kensie. A telegram from Mrs. Hunter stated that Mrs. Kensie was worse.

FOR SALE:—Two good residence lots, in first addition to Brownfield, about two and one half blocks from the square. These are corner lots fronting south or west. Price \$75. Apply at Herald office.

Married

Mr. Tark Lendsey, son of Mr. and Mrs. M. K. Lendsey, of Meadow, to a Miss Bivins, of Lampasses, last week. We were unable to learn any of the particulars of this wedding, but will say that they have a full share of the congratulations of the Herald.

Emergency Statute To Aid Farmers

Austin, Tex. Sept.—When Governor Colquitt signed the emergency warehouse bill, which provides for a system of state owned cotton warehouses, he gave to Texas the distinction of being the first and only State in the union to aid her farmers by legislative enactment during the present European crisis. The Legislature was called together in extraordinary session to consider this one measure and the bill was passed by both houses by more than the two-thirds majority necessary in this State to enact an emergency law. The emergency bill became a law when signed by the Governor, but it will probably be substituted by a permanent statute when the Legislature meets in regular session next January.

Any reflection on the reputation or standing of any private individual, firm or corporation, will be gladly amended if brought to the notice of the publisher.

What puzzles us is why Wild Bill Hill wants to start another rebellion in Mexico, when he can't possibly expect to get a decent headline on the front page. Don't he know there is already a grand opera going on, and that his little vaudeville stunts will scarcely be noticed?

We believe that prayer avails both much, but we have our doubts that the combined prayers of the people of the United States will hardly end the war in Europe, until those people have their fill of bloody gore. One trouble is that too many people while praying for peace at any price, will be at the same time secretly praying that their side will lick the socks off the other side just before peace is declared. Still we hope that those who are so incensed, and who believe that something can be accomplished along that line, will meet in their respective churches on the 1st Sunday in October, and join the other sections of the country in prayer. There can possibly be no harm.

Terry county will not have an exhibit at the Panhandle State Fair at Amarillo this year, and it is doubtful if any goes to Dallas, for the reason that it is too much expense for the returns we have ever received. Most of the rent farmers in east and central Texas are just barely living anyway, and those who come there with the intention of purchasing a home, is 100 to 1 more liable to purchase there than here. It is the belief of many who have been contributing heavily to get our products to Dallas, that it be better to use this money to encourage better farming in our own county by offering better purses on farm products and live stock. Then if we are ever to build up a sure enough fair, we must provide adequate buildings and grounds. We agree that this argument has a ring of plausibility.

There is little talk of prosperity right now, despite the fact that we have made a bumper crop, the best probably for several years, but every one is looking forward with longing when the dove of peace settles over Europe, so that there will be a flush and eager market for the things we have to sell. We hope to one will be disappointed in the demands, and we suspect that the demands for certain classes of our goods will be lively, but let

us also remember that there are going to be lots of "busted" people in Europe after this terrible war, the same as there were in the South after the civil war, and we believe many of them will wear their old last winters clothes if possible, and eat what comes handy. Still finances will undoubtedly look up the minute peace is secured.

We believe we have talked to the ranchmen through the columns of the Herald once or twice about their great fire risks this year, and although any subject may get old, we cannot refrain from agitating this subject till there is some sign of tangible results obtained. Any calamity that visits one or more of our citizens, is born somewhat by all the rest. We are just a big old family, and no part of that family is hurt without its effect on the balance. While we generally have enough grass to carry us nicely through the winter, we never have any to spare. This year, the grass is better than in a number, being almost waist high in places, still too green to burn, and right now is a good time to plow that fire guard. Of course we fully realize the fact that hands are scarce, and that it costs money to get one, yet five or six dollars a day for a man and team is nothing compared to the loss you would sustain, should a fire get started in your pasture this fall. After frost falls, and the grass and weeds get dry, a fire would go through it like a whirlwind, and it would be foolish and dangerous to try to stop it if fanned by our autumn winds. Besides the loss of grass, it would be almost impossible to keep the cattle out of the way, and the loss of a cow these days, is something to be considered. It seems to us that if we had a ranch, we would stop everything else to plow a good, wide fire guard. Stockmen, put this in your pipe and smoke it.

PRECIOUS METALS IN TEXAS.

Precious and semi-precious metals, consisting of gold, silver, copper, lead and zinc produced in Texas in 1912, had a value of \$269,798, which is \$38,798 more than the output of the previous year. The most important of these minerals is silver, valued at \$249,731, or 93 per cent of the total. The actual production of silver in 1912, compared with that of 1911, shows a decrease of 18,327 ounces in quantity, but an increase in value of \$24,802, due to the increase in price from 53 cents in 1911 to 61 1-2 cents per ounce in 1912.

The first discovery of silver in Texas is said to have been made more than a half century ago, but the first mining recorded by the United State Geological Survey was in 1885, when 169,342 ounces with a value of \$181,196, were produced. Since that date up to the present time, nearly eleven million ounces have been mined, with a commercial value of \$7,372,000.

The value of other precious and semi-precious metals produced in Texas in 1912 is: Zinc, \$16,422; lead, \$2,939; copper, \$119, and gold, \$63.

TEXAS SECOND IN QUICK-SILVER.

More than a million dollars worth of quicksilver was produced in the United States in 1912, according to a recent report of the Geological Survey, and a large portion of the output came from the Texas mines. The principal quicksilver States are California, Texas and Nevada, and they rank in the order mentioned. The Texas output is 3,320 flasks, valued at \$154,413, according to the latest reports.

Prior to the discovery of quicksilver in Brewster county, California furnished practically the entire output of the United States. With the increased production there has also been an enlargement of its uses and during the past thirteen years the functions of this mineral have practically doubled. The Texas product is consumed mainly in the manufacture of explosive caps, drugs, electric lighting and other scientific apparatus and in the recovery of gold by amalgamation.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

We hope the correspondents, or at least all of them that can, will try to get their locals here by at least Tuesday from now on as the days are getting short, and it will save the printers a rush at the last of the week trying to get the paper out on time.

Tiernan and Scudday are rounding up this week in order to be ready to deliver their two year olds to Kansas parties at Tahoka on the 1st. We are glad to see cattle beginning to move, as that will no doubt have a tendency to loosen up things in this

part of the country, at least.

We are glad to see John Burnett on the streets again, after a week's illness.

J. O. Jones was in Wednesday on business.

We understand that the Dramatic Club will go to work again in the near future, and that they will endeavor to seat the auditorium during this school term, thus taking the Herald at its bargain of doing the advertising if they would get up the plays.

Moore Bros. are back on the

mail line again, after a week in which Dee took Sams place on the Lubbock end, while the latter was harvesting his Sudan crop, and Will Gainer carried it on the Plains end for Dee. Dee informed us that Sam's crop threshed out 10,500 lbs.

Will Adams brought in a sample of his kaffir corn this week. One head weighed 11 and the other 12 ounces. We understand that the Lord cultivated the crop.

We notice that Rev. J. W. R. Bachman has purchased the Seminole Sentinel from Sam Malone, the latter going to Abilene, Texas to go in some business. We wish both gentlemen much success in their new undertakings.

DON'T forget to order those cheap envelopes the next time you come to town.

We call your attention to the card of Miss Ada Emily Schieffer in this issue. We are glad to present this talented young lady to our readers, through the columns of the Herald, and hope the people of Brownfield and vicinity will give her the patronage she deserves.

Things are shining like new money up John Scudday's way as he has two of the best painters in the country ahold of his residence and barn. His house is

being painted white with green border, and his barn red. John already has one of the prettiest homes in Terry County, and if you want to see the prophetic homes of the plains—a fine white house and a big red barn—go see his.

Mr. Reece of Meadow, a brother of Mrs. O. F. Boyd, was down one day this week and paid the Herald a short call. Mr. Reece was formerly employed on one of the Temple, Texas papers, and of course had to pay the paper a call. A printer or editor can hardly pass up a printing office when he gets to town.

Bro. B. F. Dixon passed through here this week on his way from Plains to his home in Lubbock, being accompanied by Miss Mary Holmes, of Plains, who will visit the Dixon family a while. Bro. Dixon informed us that he stopped at J. Cross and assisted Bro. Williams in the organization of a Baptist church at that place. Bro. Williams recently held a meeting there with good results.

TEXAS FACTS

POPULATION.

Texas had 3,896,542 people in 1910, according to the Federal Census.

In 1850 Texas ranked twenty-fifth with other states in population.

The 1910 population classifies—3,204,848 white, 690,049 negroes, 702 Indians, 595 Chinese, 340 Japanese, 6 Filipinos and 2 Hindus.

Eighty-two and two-tenths per cent of our population is white, 17.7 negro, and 1 per cent Indians, Chinese, Japanese and others.

There are 242,000 persons in Texas who were born in foreign countries.

Seventy-six per cent of our population is rural and 24 per cent urban. There are 2,017,626 males and 1,878,916 females in Texas.

We have 109 white males to every 100 white females in Texas.

We have a million persons in Texas who have moved here from other states. Most of them came from Tennessee, Alabama, Mississippi and Arkansas.

There are 20,000 negroes in Texas who came here from Louisiana.

Seventy-five per cent of the native white population in Texas were born in this state.

For every person who leaves Texas and moves to some other state in the Union, we get eight in return.

Cochran county in 1910 had only 65 persons living within its borders.

We are handling the McCormick binders and can give you as good prices as you can get anywhere. We also have on hand a heavy stock of McCormick Binder Twine, the best on the Market today. There is no better mill on the market than the STAR, and doubtful if any their equal; we stand behind this mill with our guarantee. If it is lumber you need we can supply you from \$1.50 per hundred and up. We are in a position to take care of your business either cash or time. We are headquarters for Wire and Posts. Your Help Needed

To The Mothers and Women of Brownfield and Vicinity:—

Do you think that Texas should have an institution where a girl who has made a mistake in life may have a chance to correct her mistake?

We want all those who think such an institution should be established, to join hands with the Board of Control and Finance Committee of the "State Girls Training School" and help us raise the necessary funds for its establishment. The State of Texas is to furnish \$25,000.00 when we raise an additional sum of \$25,000.00, and we now have about \$10,000.00 of the necessary amount and are asking the women of Texas to raise the balance, by giving us \$1.00 each. Can't you give this much for this most needed and worthy institution?

The week of Nov. 8th-14th, 1914 has been set aside for the Campaign to be waged to secure these funds and there will be a woman appointed in your community to take charge of this Campaign. Her name will be announced later and you can give her your dollar or send it direct to the undersigned.

We expect to raise at least \$15,000.00 in this Campaign which will insure the establishment of the Girls Training of Texas. The entire amount raised in this special Campaign by the Women of Texas will be used in the erection of a Main or Educational Building. This building is to be dedicated to the Women of Texas, and an inscription to that effect will be placed on the cornerstone.

If you have not a dollar that you can lay aside now, you can surely lay aside at least 10 cents a week so that by Nov. 8th, you can have the much needed dollar.

As Mothers and Women, you should certainly feel very much interested and join us in showing the Men of Texas that the Women of Texas believe in lending a helping hand to a fallen sister.

Any information you may desire will be gladly furnished

Sincerely,

Quentin D. Corley Chairman,
Finance Committee, State Girls Training School.

Memoirs of Napoleon

In Three Volumes

The personal reminiscences of Baron de Méneval, for thirteen years private secretary to Napoleon Bonaparte, bring out, as no history can, many enlightening and interesting side lights on the character of that greatest of leaders. De Méneval's descriptions have the piquancy and interest possible only because he was an actual eyewitness of the scenes and incidents of which he writes. Their reliability and historical interest can be judged by the fact that the very conservative French Academy publicly recommends them.

Gomez Public School opened Monday morning Sept. 21st. A large crowd of patrons and friends of the school were present. The exercises were opened with the song, "Work for the Night is Coming". Mrs. Tom Glover, accompanied on the piano. The opening address was made by Prof. White. A. P. Moore made some interesting remarks as to the future for our school. An address followed by Judge Neill which was interesting and pleasant. He gave many examples whereby we were shown the high standard of our course of study. Will Black appealed to the parents asking them to assist in preventing unnecessary tardiness on the part of the pupils. The scholastic attendance is very satisfactory. A number of pupils are detained from school at present because of the heavy field work. We have every reason to believe this will be the most successful term ever.

Miss Callie Roy of Plains, underwent an operation for appendicitis, at Lubbock last Friday, and is reported to be improving.

Leonard Nichols and Robert Griffith, who have been working on a ranch, came in Saturday to spend a few days at home.

An accident occurred last Friday while Mesdames Geo. McWhorter, Ben Brannon and children were going to the McWhorter home in a buggy. One of the horses got the line under his tail and kicked the outside trace loose then the inside one came off, which caused both horses to run. The buggy was overturned throwing the occupants to the ground. All were only slightly injured excepting the baby of Mrs. McWhorter which was smashed in the breast, but is now better.

Sam Walker of the Gordon Ranch in Southwest Terry was in town Monday evening.

Jim Moore and wife spent last week at Chas. Moore's, three miles west of town.

Miss Winnie attended school in Gomez two terms, and her pleasant manners and sweet disposition won her a host of friends here, who wish health, happiness and a long life to this couple.

ATTORNEY GENERAL REPLIES TO CRITICS.

Railroad Development at a Standstill Until Katy Suit is Settled.

The storm of protest that has reached the Attorney General criticizing his action in filing suit against the M. K. & T. Railway Company has caused him to issue a public statement defending his course, in which many technical reasons are advanced and violation of the constitution on the part of the legislature is alleged. No sound of approval worthy of mention has emanated from any source commending either his action or his explanation. It is a matter of record that the suit has arrested the expenditure of millions of dollars in railroad improvements in Texas and demoralized the market for Texas securities, and just what the Attorney General proposes to give the people in return has never been announced. Certainly he cannot hope to either add to the railroad mileage or increase our transportation facilities and there is a crying need for both in Texas at this time. Apparently the thing most hoped for by the Attorney General is to uphold the dignity of the constitution, which he contends the Legislature assaulted in passing the Katy Merger bill, but while the Attorney General is extracting satisfaction from the courts the progress of the country, insofar as transportation affairs is concerned, is at a standstill.

It is indeed unfortunate that we should become involved in the meshes of technicalities at a time when the Panama Canal has thrust world-wide opportunities upon us and the domestic need for railroads was never more intense. While the immensity of the former advantage may stun us, one has only to glance at the map to fully realize the importance of more mileage.

At no time in the history of our development could restraint upon our progress have been more fatal to our growth.

The brief presented by the Attorney General may be a document of recognized merits by the courts, but at the bar of public opinion, if one is permitted to judge by newspaper comments, it has failed utterly to validate the position of the Attorney General.

When the lawyers and the courts are all through, our destinies will remain in the hands of those who have the money to invest, for the man with money is the court of last resort.
