HOGWALLOW NEWS

DUNK BOTS, Regular Correspondent

Sim Frinbers is laying low and keeping a sharp lookout for the Wild Onion school teacher, and when they meet, trouble is expected, the teacher having referred to Sim as one of our horny handed yeomen in a speech at an entertainment the other night.

Since he has read the article about what terrible things flies are, Tobe Moseley has decided to let a single one come on his premises next summer.

Sidney Hocks has traded a calf for a cider mill and until the apple season opens will use the mill as a nut cracker

The Excelsior Fiddling Band played to quite an audience in the Calf Ribs neighborhood a few nights since. They did not take any of their high class music along as nobody in that section has got any higher in music than "Hell Amongst the Yearlings."

The Horse Doctor was the guest of a cow on Musket Ridge Tuesday night.

Raz Barlow has come in possession, through his grand father, of a pair of sheepskin saddle pockets. He will use them until he can have his pistol pocket patched.

Washington Hocks will leave tomorrow for a visit to Thunderation. He had some words with

his wife and won't say when he will return.

The Excelsior Fiddling Band was out playing again Wednesday night. If all other disturbers of the peace made as much racket as this band, the Deputy Constable would not have any trouble in locating the violators.

If it is true that a drop of ink makes millions think," the Tickville Tidings now has ink enough on hand now to run for three centuries.

Ellick Hellwanger, who spent a portion of last week trying to slip up on a crow near Rye Straw to get a shot at him, has got a longer gun and started out again. He got several shots at the crow at long range, but each time the crow got wind of wind of it and moved before the bullets got there.

Raz Barlow left this morning for Tickville. He took a picture frame along with him to stick his head through when he has his photograph took.

Several friends bragged on Miss Rosyola Mosley's singing at the Dog Hill church last Sunday. If she gets many more compliments she will try to go on the stage at Tickville.

A belled buzzard was seen in this locality one day this week.

This bird has had Hogwallow on his circuit for the past several seasons, and has many followers here

At the Will Onion school house Wednesday night the school teacher presented a powerful lecture on "World Wide Peace." He had a large and attentive audience, which sat spell bound until about the middle of the discourse, when somebody started a big dog fight just outside.

Dock Hocks has spent the past week looking for his mule, which he suspicions was stolen from the sapling at the Dog Hill church last Sunday. As yet he has found no clue, though he has asked a dozen men if they are guilty. He believes the crime was committed by a member of some other church

A fight was engaged in by Ellick Hellwanger and Atlas Peck near the Gimlet Creek bridge, Tuesday morning. It started when Ellick said he did and Atlas said he didn't. The affirmative won.

Poke Eazley walked down off of Musket Ridge, Thursday morning and took a seat on the front porch of the postoffice. He will return as soon as he rests up a few days.

FARMERS: We have on hand about 2000 envelopes that we are no longer keeping in stock, that we will print your name and address on for 50c per hundred, or sell you 100 for 20c without name and address. This is almost as cheap as the blank envelopes and they will always return to you.

W. K. Dickinson and wife and Clay Hughes were in this week. Dub and wife were trying to find a way to get to Lubbock, as Dub had to appear before the Grand Jury of that county.

Married

The many friends of Earl Hill were surprised Sunday morning when a phone message from Tahoka announced the fact that he would soon be at home and a married man to boot.

He and Miss Lillie Holt were quietly married in Tahoka at 9:30, Sunday morning, and came on to Brownfield immediately, where they received the congratulations of their many friends and well wishers.

Mrs. Hill is the charming daughter of Mr. and Mrs. C. F. Holt, of the eastern part of this county, and was over at Tahoka attending the High School, but Dan Cupid played a trick on her teachers. We don't believe there is a girl in the county that has more friends, and we are sure she will make an ideal wife.

Earl is strictly a Brownfield product, is a young man of sterling character, well educated, and in every way qualified to make a true husband and companion to his lovely bride.

The Herald joins the many friends of this happy couple in wishing them a smooth journey down the stream of time.

They will be home to their friends in a few days at the old Brownfield residence, where they are temporarily located.

FOR TRADE—8000 acres land located 23 mi. S. E. Pecos city on mail route; all fenced, plenty of good water, 4 room house, well, windmill, tank, corrells, 4 a. farm. Would trade all or 1600, including improvements. What have you. See or write Jack Smith, Brownfield or Mrs. E. A. Moss, Meadow, Texas.

Uncle Jack Coble is having a well put down at the Drinkard place. The Timms Bros., are doing the drilling.

Across The Continent

Two gentlemen from Milwaukee, Harry R. Chancey, representing the One Price Clothing Co., and Ora Classen, a mechanic from the Davis Mfg. Co., passed through last week, making a tour of the continent, being the first trial of a cycle car to cross the continent.

They were driving the Vixen, made by the Davis Mfg. Co., being as long as the ordinary car, but only about two-thirds the axle reach, though being narrow, it comfortably seats three people: the driver in front and two passengers in the rear. We understand that it is made thus in order to avoid ruts, and run where the horses walk in a wagon road.

They spent the night at the Hill Hotel, and Mr. Chancey succeeded in placing an order for his clothing with one of our merchants next morning. The car seemed to be in fine condition.

Will pay 20c a dozen for eggs. J. R. Hill.

A. M. Crews and little son came in this week after a load of posts they left here last spring on account of muddy roads.

TO exchange for Terry or Yoakum county land, a good 4-room house and 10 1-2 acres, close in, in the town of Bronte; a good town 45 miles south Sweetwater, on the Orient Ry. Write or see T. W. Hague, Plains, Texas.

The editor and family, in company with Dr. Treadaway and wife, visited the big dipping vats of Messrs. Brownfield and Sawyer, in the draw, south east of town, Sunday afternoon, where Mr. Sawyer and about twelve hands were putting about 1300 head of cattle through the fluid.

G. W. SNIDER TAHOKA, TEXAS

One of our farmers told us that he was thoroughly in accord with our rent proposition as promulgated recently, and believed that some kind of an organization should be perfected and get a lot more farms opened. He said the quicker we get the county settled the sooner we get a railroad and perfected rural schools. That while he personally was not able to build any more houses, he was willing to talk the matter up those that are able in his neighborhood. Let the good work go on.

Thanksgiving, for which all of us were more or less proud to celebrate this year, on account of both peace and plenty in the land, has past and Christmas, the greatest day of all, with Christian nations, draws near. We may not have paid all we owe, we may not have marketed much as yet, but when Christmas comes we should all, somehow, put away all cares for the time, and if we love our families and friends as we should, will do all we can to make them happy. If we have been in the habit of getting gloriously drunk heretofore on that date, let us now make a firm resolution not to do so this year. We all know that our families will not have a good time if we get to that point; that our dearest friends are not proof against our insults. Stay sober on that date friends, if you never aim to be rational again while you live. Let us have a good time, but that doesn't mean to get drunk.

Some of the papers below the caprock are agitating the Near-Way Route, while others are talking a Round About Route, from Fort Worth to Roswell, and the former have been sending us literature and an invitation to join them in the fight. Well, the fact is, we are not very much interested in the way they come because they will eventually have

to pass through Brownfield anyway. Whether he lives at Amarillo or Big Springs, it makes no difference, he will come through Brownfield. Why? We have the only route, is the only answer we know. For instance, a man who owns a ranch in New Mexico about 90 miles northwest of here, and another ranch in the same State and same distance southwest of here, always passes through here going from one ranch to the other, because it is the practical route, and though nearly as far again, he makes it quicker by passing through here and the strain of a car going over the sandhills. Then how in the name of goodness is a man who lives east of here going to miss Brownfield. They all come by Brownfield, the three way division point on the Southern National and Borderland routes.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

Joe Lane handed us a check for \$9.15 this week for his annual reading matter. This will include a copy of the Herald for himself and one for his father at Cisco, and the Daily Star-Telegram, Breeders Gazette and the Literary Digest for himself. Well this is a good selection of reading matter, and Joe wants the best.

Thomas Wright and Manion Cosby came in last Saturday looking after business for the Southland Life Insurance Co., and as they had their fire arms along, they presented the editor with a nice mess of quail when they came in. Thanks friends.

THE Panhandle Steam Laundry at Amarillo, is the best laundry on the Plains. The City Barber Shop sends laundry to them every Wednesday.

Some of the freighters had to stay over a day at the railroad this week on account of the rain.

W. D. Winn, Jim Parks and W. G. Myers, passed through this week with 24 bales of cotton for the railroad. They intimated that it depended on the price they were offered if they sold.

The Justice case of Broughton & Moore vs. R. C. Graves, that came up last Saturday, was put off.

R. C. Graves renewed for the Herald this week.

Horace Randal put his Herald one year in advance one day last week. We might also say that he killed a corn fed beef one day last week that was superb eating.

W. B. Snodgrass and sons, Bob and Hugh, were over on business this week. Mr. Snodgrass and Hugh spent the night out at T. J. Price's. Mr. Snodgrass said there was more feed made on the ranch this year than ever before.

Little Miss Esther Criswell is down with a bad case of appendicitis, and is no better at this time. Her father came in this week to be at her bedside.

We had a card from W. A. Shepherd this week, asking us to change his Herald from Sinton to San Antonio Texas. Now our notion is that he is just oozing back toward Terry, little by degrees, and is trying to come in on our blind side.

We call your attention to the quarter page ad of the Lubbock Drug Co., in this issue. We understand that there will not be any toys brought on this year in Brownfield, and we suggest that you make Lubbock your shopping point this time for the children's Santa Claus. If you can't go up there personally, write them just what you want and they will do the rest. They have had years of experience in pleasing the children, and if you mention what you want, the age and sex of your children, they will be able to please you.

Jeff Pippin came in this week with two big freight wagon loads of fruit trees for Terry County people, Mr. Fullijim, a former Terryite driving the wagons for him, coming straight through from Plainview. The delivery amounts to something like \$600. and every thing in fine shape. In fact the Plainview Nursery gives its customers the biggest and hardiest and best packed stuff that they can get anywhere and they always wait till the Plainview man comes around, or if it is a little order, they send direct to the nursery for their stuff. In almost every bundle there were more or less grapes, showing that our citizens have lots of confidence in this country as a grape country. Many of the newly settled places placed orders large enough for an acre of ground.

FROM THE FARM TO THE FIRESIDE

The farm-to-table delivery instituted by the Postmaster General has been established in twenty-seven cities in the United States. The institution is part of the parcel post system and the arrangement is designed to establish direct trading relations between the producer and consumer and to bring the two in direct communication.

The postmasters are acting in the capacity of clearing house managers, in furnishing price lists of the articles of produce which farmers and truck growers are prepared to send to city customers.

The results which must be obtained before the plan is proved a success are the standardizing of products so that there may be no misunderstanding the ability of the post office to handle packages so as to be received in good condition and, last but not least, an

honest purpose and patient persistence of each party to the bargain to insure satisfaction to all concerned.

THE VISION OF VICTOR HUGO

"A day will come when the only battle field will be the market open to commerce and the mind opening to new ideas. A day will come when bullets and bomb shells will be replaced by votes and by the venerable arbitration of a great sovereign senate. A day will come when a cannon will be exhibited in public museums just as an instrument of torture is now, and people will be astonished how such a thing could have been. A day will come when these two immense groups, the United States of America and the United States of Europe shall be seen placed in the presence of each other, extending the hand of fellowship across the ocean."

Our population at the present time is approximately 4,500,000.

Mr. and Mrs. E. Burns came in this week, and have rented the old printing office, and will in a week or so open a lunch room and bakery. Mr. Burns informed us that later, if the business justified, he would add a short order department and a meat market, though the latter may be an early addition. He will have the building remodelled and put in good condition.

We received a nice box of pecans this week from our brother who owns a farm on old Chambers creek in Johnson county, where this splendid nut grows wild and to perfection. Many Sunday has this editor chased this bully brown nut up and down this old creek, when perhaps he had best been at Sunday school—but those nuts are good, was the excuse.

Grandma Daugherty has been quite ill this week, being confined to her bed since Sunday, but we are pleased to report that she is much improved.

Mesdames Green and Stricklin were hostess at the home of the former, Tuesday afternoon, in honor of the new bride, Mrs. Earl Hill. There was a large crowd present, and she was the recipient of many nice and useful presents. Delicious refreshments were served.

This editor and family received a crate of table grapes this week from our dady and family at Dinuba Cal., that were as rare a treat as one ever receives. Many in town had a taste of them, and pronounced them the best ever. We lived like rich folk for a week, anyway.

We had a note from J. T. May at Lubbock this week and he said the Caraway boys would start down this way as soon as they do two days more threshing up there, and would be here in about ten days. They want all the threshing they can get.

I'll Tell You This, Too, My Daughter

WILL undoubtedly is like your father and all other normal men—he probably will want a mild stimulant occasionally.

Don't start your married life by being prudish. Beer is healthful and refreshing, and he will drink it moderately, for he knows the meaning of True Temperance. Don't tell him he can't drink it—be broad-minded and meet him half way. You'll have your ice cream soda frequently and Will will have his beer.

Your father and I soon will have our twenty-fifth wedding anniversary. In all those years he has drunk his beer whenever he wanted it. Look at him today—strong, robust, alert, no finer man on earth. Never once have I denied him the privilege of drinking moderately. I know the moderation with which he drinks does him a world of good. In fact, I enjoy seeing him safeguard his health.

It's when you seek to deprive a man of his liberty that he rebels. Let Will drink beer when he wants it, for he's too good a man to go beyond the bounds of moderation. You'll find that a little beer will increase his stock of cheerfulness. Choose the home of mirth and happiness, my dear, rather than the house of trouble and dissection.
