HOGWALLOW NEWS

DUNK BOTS, Regular Correspondent

The mysterious varmint with the large glassy eyes and a bushy tail that got away from Sim Flinders a short time ago, after almost killing seven of his largest dogs, reappeared in our midst by walking into Hogwallow yesterday morning and taking a seat on the front porch of the postoffice. The postmaster at once put out his sign board notifying the public that the postoffice was closed in honor of Washington's approaching birthday.

Dock Hocks has the mumps. He is doing nicely, though his whiskers is too small and don't fit his face.

The wife of the editor of the Tickville Tidings has about come to the conclusion that life is not worth living.

A fellow at Bounding Billows the other day asked Raz Barlow this question: If he was a ham burger sausage, and was about to be sold, how would he rather be served—raw or cooked, Raz studied a while, and decided he would rather be served raw, then it would not hurt so bad.

Miss Flutie Belcher is making her a new plaid dress with the stripes running in the direction of Bounding Billows.

The widow living in the Calf Ribs neighborhood was in our midst last week. She said she came to buy a dishpan, but she inspected Dock Hocks more than she did the tinware.

The Dog Hill preacher had to repeat a portion of his sermon last Sunday on account of Tobe Moseley getting in late.

If energy and perseverance has anything to do with success, we believe Miss Hostetter Hocks will some day be a great singer. She sings both with and without anyone listening to her, and when accompanied by other voices she sings fast and gets through, and comes back and helps others over the rough places.

Sidney Hocks got after a rabbit over on the ridge early yesterday. He was in a consider-

able hurry, as he wants to catch it before the game season closes.

The Hog Ford Preacher requests that all who attend services at his church, whether members or just ordinary citizens, must hereafter refrain from reading the Congressional Record while he is preaching.

Friday morning the Deputy Constable arrested a man wearing blue pants on a charge of having stolen a calf from a man near Bounding Billows. Before the man had been in jail long the jailer got into conversation with him, and finding him to be a second cousin of his wife, he was turned loose on habeas corpus proceedings.

If a person acts honestly and honorably in all his daily transactions there is no reason why he should not live to respectable old age, provided he does not starve, says Raz Barlow.

The rise in Gimlet creek did not do any damage to bridges by becoming overflowed, they having floated off before the high water reached them.

Washington Hocks will put his razor back hawg on exhibition at Tickville this coming spring, and has bought two loads of corn for it to eat while getting ready to appear before the public. If Wash's hawg don't come away wearing the gold medal the judges had better hide out.

The Blacksmith is advertising a sale on old good luck horse shoes. Yam Sims bought a full set last Saturday and on Sunday called on the Widow of the Calf Ribs neighborhood. The Blacksmith does not guarantee results.

We have just been in the market and have purchased one of the most complete lines of spring goods that we have ever shown, including all grades of fancy goods, silks, novelties, notions, ladies skirts and men and boys' suits. All of which will be on our shelves for your inspections in a few days.

Family Poisoned.

Abilene, Feb. 12—Four members of the J. S. Garrison family near Anson, Texas, are dead, and four others are seriously ill from poisoning by eating bread made from milk contained in a rusty tin vessel. The dead are: Frank Garrison, aged 18. Henry Garrison, aged 19. Robt. Garrison, aged 20. Will Murry, aged about 60. Frank, Henry and Robt. Garrison are sons of Mr. and Mrs. J. S. Garrison.

Two young daughters and the father and mother are dangerously ill according to last reports reaching here.

The Garrison family and Murray ate at supper Wednesday evening a portion of the bread and drank some of the milk which had been in the rusty pan. Afterward all became ill and a physician was called from Anson early in the night. The sons died before aid could be given. One of the daughters was thought to be near death this morning.

The milk had been placed near a stove and soured in this manner. Physicians report no symptoms of drug poisoning. Emeil a fourteen year old boy of the family was drowned last July.—Fort Worth Record.

The above family lived in Terry several years, but moved to Jones county two years ago, but have many friends here who are saddened by this news. They were highly respected citizens.

LATER: Coroner's inquest found a verdict to the effect that these people died from arsenic poisoning administered by unknown parties. No arrests had made, up to Tuesday

Dr. Treadaway reports the arrival of a fine girl at home of Mr. and Mrs. W. R. Green, near Gomez, on the 15th inst.

We have been informed that M. V. Brownfield will erect a 26 foot addition to his residence in the near future, thus greatly enlarging his home at a minimum cost.

Big Improvements

We have been laying off for some time to see the improvement people were telling us that Mr. Mosley was making on the Heflin place, so last Sunday morning, bright and early, we went over to H. T. Brook's on Lover's Lane looked at his cows and spent a few minutes pleasantly with his family, and went from there to Mr. Mosley's place.

To say there is an improvement in the looks of the place is putting it too light, the real word to use is "a magical change" for magic is the best term to use. If one was not well aware where the place is situated, they would not know where to stop when they got there.

First of all, the big ugly sand dunes that were lodged against the fence, and shrubbery, has been removed, the fence reset, new gates made, about one-third the timber in the orchard removed, and the high weeds turned under or removed. The heavy of the tank has been rebuilt, the barn has had all the loose planks and the tin on top nailed down; every sand bank or patch of shinnery in the field has been leveled until that is the best looking field that we know of around here.

Mr. Mosley took great pleasure in showing us over the place, and explaining his improvements and those contemplated. He also showed us some of the best bred Poland China hogs in the county; in fact they are registered, or entitled to register. He then showed us great quantities of cured meat, took us in the pantry and showed us nine pounds of nice jersey butter, and by the way had us carry a pound home, that was firm and fine. Mr. Mosley said there was nine in family, and that butter was put on the table every meal, and we could see for ourself what had accumulated from one cow.

Truly, this is one farmer who aims to live at home, and we wish we had a thousand more just like him. He is breaking his land about ten inches deep with a three disc sulkey, and his farming methods will be watched with interest. He has plenty and strong teams to do his farming.

We next went over across the lane to our old friend's Uncle Joe Hamilton, and found him busy, either getting ready for preaching or making a wagon bed; it is none of the reader's business which, but everybody knows that this family lives at home and boards at the same place.

Lubbock

The Avalanche

For some time there has been a deal pending whereby the First National Bank of this city and the Lubbock State Bank were to be consolidated, but no definite plans were made public till this week, when it is officially announced that the consolidation has been perfected, and the two banking institutions will be thrown together, making one of the strongest institutions among the banks of West Texas.

The transfer will be made Monday, February, the 15th and the business will be conducted in the First National Bank building, under the name of the Lubbock State Bank.

Ballinger Leader:

The Remains of Miss Octavia Wade were shipped to Ballinger at noon Friday and were met by a large concourse of Ballinger friends and the remains were taken to the Ballinger cemetery for interment, Rev. Doss conducting the services at the grave.

Judge W. R. Spencer and wife of Lubbock, and Mrs. T. E. Butler and Mr. and Mrs. Howard Pickens of Sweetwater, accompanied the remains to Ballinger. The floral tribute was large and beautiful attesting the loving esteem in which the deceased was held.

A host of friends in Ballinger join the Ledger in condolence and sympathy for the sad relatives in this hour of bereavement.

Solid Car Threshed Cane Seed

A drove of wagons from the Hunter neighborhood passed through this week to the railroad with a car of threshed cane seed, for which they expected to receive \$1.50 per cwt.

Boon Hunter informed a citizen that they expected to fill a large car. This is a product that thrives in this country, and always makes an abundance of seed, something it won't do farther east on account of big rains blasting them. Therefore, they naturally look to the Plains to supply their seed almost every year, and this big demand always commands a good price for this easily raised product.

Bill Pyeatt, son and daughter, Sam and Bit, came in last week from Waco, and will make this their future home. They are old time citizens and we welcome them back.

The resolution introduced by Senator Johnson at Austin, has caused much discussion here over the probable division of Texas in two or more States, but it seems the majority oppose the division. Most of them say taxes would be higher as their reason for opposition, some argue from a sentimental standpoint, while the antis contend it is a prohibition scheme. Now let's see. We of West Texas pay more taxes into the State Treasury than we get back, and East Texas get back considerably the rise of that they pay, on account of having most all the criminals and no school land. It will take something like a million dollars to build a State house, but that divided between 200,000 tax payers for say 30 years at 4 percent will about 20c additional taxes per year. Something fearful, isn't it? would almost embarrass some of our six year old Saturday cotton pickers. As to the sentiment dope about the Alamo and the biggest State, it is not worth the breath it takes to expell it in this commercial age. Because your father traveled in an ox wagon, would you? Your forebears foresaw a possibly division in future, when they intered it into the union with the provision that it could be divided into as many as five states. But the prohibition argument is the weakest yet. This part of the State is practically "dry" anyway, showing a pro vote of about three to one, and the antis dread the West Texas vote in a State wide campaign. Eastern, Middle and South Texas have the whiskey, and if our part of the State is cut off, they will keep it a long time. If anyone can see any advantage to the pros from a division standpoint, we would like to be "showed." Eastern Texas has all the railroads she wants, and has developed to that point where she feels an all sufficiency, and they don't give a tinker's dot where we ever develop or not. Ask why East Texas don't permit the State to be re-districted and they laugh in your face. They have had two Congressmen At Large for the past four years that by rights belong to West Texas by rights because we showed a big gain in population from 1900 to 1910, and they did not. Western Texas is young and naturally ambitious and progressive; East Texas is conservative. Our occupations are different, our products vary, and our sentiments contrast. There is as much difference in

conditions in the two section as there is between West Texas and Kansas, yet we would not think of joining ourselves to Kansas. East Texas has never given us justice and never will till we get the larger population, and that is in the dim future. England is now willing to give the United State justice, but did not once. In other words, would you have been a Torryist or Continentalist in 1776.

HEALTH and HAPPINESS

I am in business for your health, but incidentally I want to make a living out of it. So therefore I will appreciate your trade and treat you right.

J. L. RANDAL

Adjudged Insane

Thuesday afternoon of this week, Judge Neill went out to Hope Timmons' to try the sanity of Mrs. E. R. Smith, her husband having made affidavit to the effect that she was losing her mind.

In order to have a jury on hand the Judge took with him in his Ford, R. H. Banowsky, J. T. May, J. F. Winston and A. J. Stricklin, who together with Mr. Ellington and Mr. Ater, who were present, formed a commission to examine her sanity. After thoroughly questioning several witnesses, including her husband and Mrs. Smith herself, the commission decided that the defendant was of unsound mind, and recommended that she be placed in a hospital for the insane. This decision was agreeable to Mrs. Smith, as she said she wanted to get where she could receive treatment.

In connection with this, will say that we saw on this trip some of the best of old Terry, and the stock farmers of this community have great piles of feed stacked around that look like small mountains in the distance.

There was a thresher at Mr. Timmons' that was then threshing his cane, of which he will have near a car load. While there, they will thresh his sudan and probably some maize and other cereals.

Another thing that we noticed on the trip that is of importance to all Terry, and that was the ease in which the Lubbock road to our county line can be put in fine condition, and as we had the County Judge and one of the Commissioners in the car and returned by way of the proposed route, they readily saw that the road could be put in splendid shape for at least \$600.00. There is no more than two mile of sand in the whole stretch, and some of that is not bad, and will only require a few rounds with the scraper to put in fine condition.

We already have about four miles of this road graded, and if the rest is put through, these people will come here more than they now do.

We know there are a few people that are not in favor of making any more effort on a road in that direction, but outside of accommodating the people of that portion of the county with a good road to the county site, there are other considerations.

We learn that after one gets north of Meadow now, they have to travel lanes all the rest of the way to Lubbock, and as some of

them are narrow and impracticable, we have got to fix a route north of us to intersect with the Hockley county freight route in order to keep the heavy auto traffic from the north. There is talk now of a route from Plainview via Littlefield etc., that will throw all the traffic thirty miles to our north and we must not stand for that, but this is exactly what will happen if we do not stand on our rights.

FOR SALE: 90 head cattle; 25 one year old; 50, 2 years old; 15, 4 year old cows. Also, 12 head springer Jersey heifers. Will sell or trade for stock cattle. Ed Hicks, McDonald Evers, Barn, Lubbock, Texas.

Mrs. Frank Proctor, accompanied by her sister Mrs. Adcock, of Sayre, Okla., paid a Herald short call, Wednesday. Mrs. Adcock expressed himself as liking Terry county very well.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Terry County, Greeting:

You are hereby commanded to summon Edwin C. Rallins, J. W. Knox, W. F. Turner and J. F. Turner & Company, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said county, to appear at the next regular term of the District Court of Terry County, to be held at the court house thereof in Brownfield on the fourth Monday in April, 1915, the same being the 20th day of April, 1915, then and there to answer to a petition filed in said court on the 19th day of January, A. D. 1915, in a suit numbered on the docket of said court, No. 215, wherein J. W. Templeton is plaintiff and Edwin C. Rallins, J. W. Knox, W. F. Turner and J. F. Turner & Company and J. R. Lanier are defendants, said petition alleging that heretofore, to-wit, on or about the 1st day of January, A. D. 1915, plaintiff was lawfully seized and possessed of the following described land and premises, situated in the County of Terry, State of Texas, and known as the west one-half of Survey No. 9, Block D14, Certificate No. 218, issued to the C. & M. Railway Company, containing 320 acres of land, holding and claiming the same in fee simple.

That on the day and year last aforesaid, defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withholds from him the possession thereof, to his damage (\$1,000.00); that the reasonable annual rental value of said land and premises is (\$100.00).

That heretofore, to-wit, on or about the 10th day of August, A. D. 1909, the above described land and premises was conveyed by G. E. Lockhart and J. R. Lanier, to Nick Alley, in consideration, among other things, of two notes of even date therewith, for the sum of (\$130.00) each, due and payable twelve months after date, and that thereafter, the said Nick Alley

conveyed said land and premises to J. W. Knox, and the said J. W. Knox, in consideration among other things, executed two notes for (\$200.00) each, payable to Nick Alley, due two and three years from the 31st day of August, 1909, and the said Nick Alley retained a vendor's lien against said land and premises to secure the payment of said notes; and that thereafter, to-wit, on the 4th day of October, 1909, the said J. W. Knox conveyed the above described land and premises, to W. F. Turner, and as a part of the consideration of the said conveyance, the said W. F. Turner executed two notes, one for the sum of (\$130.00) and one for the sum of (\$125.00), payable to the order of J. F. Turner & Company, one and two years after date, and a vendor's lien was retained in said deed to secure the payment of said two notes.

That on or about the 25th day of October, 1910, J. R. Lanier recovered judgment against Nick Alley and W. F. Turner in the District Court of Terry County, Texas, on the two notes first described in the preceding paragraph, and foreclosed the vendor's lien against the land and premises herein described; that on the 3rd day of January, 1911, said land was sold by the sheriff of Terry county, to satisfy said judgment, and was bought in at said sale by J. R. Lanier.

That the two notes sued on in the case of J. R. Lanier vs. Nick Alley, et al., in the District Court of Terry County, Texas, were superior to the said notes executed by J. W. Knox in favor of Nick Alley and were superior to the notes executed by W. F. Turner, and payable to the order of J. F. Turner & Company, and that by reason of the lapse of time, the holders of said notes should now be estopped from claiming any equity of redemption.

That on or about the 10th day of August, 1909, G. E. Lockhart and J. R. Lanier made, executed and delivered to Ira H. Wilson a certain mortgage against the land and premises herein described to secure the payment of one note for the sum of (\$200.00), executed by G. E. Lockhart and J. R. Lanier, and payable to the order of Ira H. Wilson, which mortgage was at that time the only lien against said land, and which was at any time thereafter, the superior lien to any that was created by virtue of the vendor's lien notes hereinbefore described.

That on the 21st day of March, 1911, J. R. Lanier conveyed said land and premises to Edwin C. Rallins, and as part of the consideration therefor, the said Rallins executed two promissory notes, one for the sum of (\$750.00) due November 21, 1911, and one for the sum of (\$370.00) due Nov. 21, 1912, which notes, however, was made subject to the outstanding mortgage lien and not for (\$200.00) in favor of Ira H. Wilson.

That on or about the 30th day of April, 1912, Ira H. Wilson recovered a judgment in the District Court, Terry County, against G. E. Lockhart and J. R. Lanier, on said (\$200.00) note, hereinbefore described, together with the foreclosure of his mortgage lien, and that thereafter, to-wit, on the 7th day of January, 1913, said land was sold by the sheriff of Terry County, Texas, to L. B. Minor, by virtue of an order of sale to satisfy said judgment.

That said (\$200.00) note held by Ira H. Wilson, and the mortgage securing the payment of same, was first lien against said land, and was superior to any lien, claim, equity or right held by any other person. That since the sale of said land to L. B. Minor by the Sheriff of Terry County, neither of the defendants herein have or offered to exercise, their equity of redemption, if any they have, and should now be estopped from claiming any right, title or interest in and to said land by virtue of any of said notes, or said deeds herein referred to.

That by virtue of the deed from J. W. Knox to W. F. Turner, and by virtue of the notes executed by W. F. Turner, in favor of J. F. Turner & Company, and by virtue of the deed from J. R. Lanier to Edwin C. Rallins, and the notes executed by Edwin C. Rallins to J. R. Lanier, there is a cloud cast upon plaintiff's title, and he is, and should be entitled to have the same removed.

Wherefore, plaintiff prays the court that the defendants be cited to appear and answer this petition, and that plaintiff have judgment for title and possession, of the above described land and premises, that the cloud cast upon plaintiff's title hereto be removed, and that writ of restitution issue, for this rents, damages and cost of suit, and for such other and further relief, special and general, in law or in equity that he may be entitled to receive.

Herein fail not, but have before said Court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness D. J. Broughton, Clerk of the District Court of Terry County, Texas.

Given under my hand and seal of said Court, this the 19th day of January, A. D. 1915.

D. J. BROUGHTON,
Clerk of District Court, Terry County, Texas.

Issued this 19th day of January, A. D. 1915.

That heretofore, to-wit, on the first day of January, A. D. 1915, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Yoakum County Tex., holding and claiming the same in fee simple to-wit: all of section No. 7, in Block D, located by virtue of Certificate No. 20, issued to John H. GREEN—KUYKENDALL

Married near Tahoka Texas, on Feb. 14th, Mr. Roy Green and Miss Leila Kuykendall. Roy is the youngest son of Mr. and Mrs. William Green who reside at the Dove Ranch. He has a wide circle of friends who join in wishing life's choicest blessings on him and the charming young lady he brought among us for the first time last Monday evening and introduced as his wife, and she, the pleasant mannered, sweet voiced young stranger in our midst, may each succeeding year of her life have its full share of sunshine and may the winds of happiness blow all the clouds of sorrow from her life.

Preaching here at the school house last Sunday at 11 a. m. by Rev. Loftin and at the M. E. Church at 3:30 p. m. and at night by Rev. Hughes. A large crowd out at all the services.

The Valentine party at the school house last Saturday night was a decided success. Splendid music was furnished by Mr. Crowder and son on the violin and Misses Ada Schieffer, Sarah and Josie Hudson, Miss Pollard and Mesdames Simon Holgate and Word Price at the piano. The introductory remarks by Rev. Hughes were suitable to the occasion. Readings by Mrs. Jim Moore, Misses Bessie Brown and Josie Hudson were excellent. The heart drill by twelve school girls, fortune cake and various other amusements served to make the hours pass swiftly and the delicious refreshments consisting of cake and chocolate completed an evening long to be remembered by those present as a perfect jewel in the rosary of memory.

The basket ball game played here last Saturday afternoon between the Tahoka and Gomez boys was won by the Gomez team. Right here we want to apologize to the Gomez boys for expressing a doubt of their playing qualities last week. They had not been practicing this fall. Crop gathering, stock feeding, grain hauling and a few weddings has taken all their time and when we announced the game last week they had only met to practice one time but they won with the assistance of the Brownfield boys. You see the latter did the cheering and the huge crowd present will testify they did that well.

Jimmie Yeiser visited his father out at the U— ranch from Friday until Sunday afternoon.

Little Miss Fern Harris visited Naomi Simms last Saturday night and Sunday.

John Long and wife of Lubbock came down last Sunday to visit Mrs. Long's relatives near here, the Shepherds. They returned home Monday.

Mrs. R. W. Glover is suffering with neuralgia of the face this week.

Rev. J. C. Lewis and wife came in from Gaines county Monday. They brought their daughter, Mrs. Reid, home with them. She had a severe attack of La grippe two months ago and several weeks later a second attack ran into pneumonia and while she has improved some from the last spell she is yet quite sick.

Word Price and wife and Miss Pollard from South Terry visited here at Simon Holgate's, Saturday and Sunday.

Ben Hurst and wife came in Saturday to attend the Valentine party and Mrs. Dee Hunter and little Pauline and little Ada Snodgrass returned with them to their home in Lynn county on Sunday afternoon.

Boon and Dee Hunter, W. T. Fulton and Mr. Golston and a lot of others left for Tahoka Monday with crushed feed instead of the usual corn or maize.

Misses Schieffer and Brown and Roy Cardwell came over Saturday afternoon and visited here at Mr. Ware's until after church service Sunday night.

The ladies of the Methodist church here tender thanks to all those both here and in the community who so kindly assisted them in their entertainment.

Mr. and Mrs. Hugh Snodgrass passed through last Saturday afternoon enroute to Brownfield, returning home Sunday evening.

A. V. Taylor and wife returned to their home in Borden Co. last week.

Mr. and Mrs. Will McPhaul were here last week.

Mrs. Armstrong of West Terry visited Mrs. E. W. Maddux here last week.

Clint Rambo's baby is quite sick.

Joe Lane was here Monday also went to Brownfield. He informed us that his wife is sick with cold and a severe cough.

Mesdames Will Snodgrass and Ben Wolffarth came in Saturday to assist in the work part of the entertainment and stayed over until Sunday evening.

Say, Mr. Editor wouldn't it be a good idea to take up a collection or give a few entertainments in the county and raise money to build a railroad to connect at Tahoka, to haul off the next feed crop of this county. Sure something will have to be done, for at the present rate (and we have had a good winter too) the farmers won't get done hauling in time to plant the next crop, and that isn't all, the teams will be worked down to begin the 1915 crop. Now all the editors have been saying, "Cut down the cotton acreage", but what about people raising so much feed and corn that it takes all spring to market it? No chance to get this year's crop, "cut down", either for there is more farmers here than ever before, so the only solution we can see is for Terry to build a road that steam power will carry her crop over.
