HOGWALLOW NEWS

DUNK BOTS, Regular Correspondent

Raz Barlow went hunting Tuesday, but met with very poor success as most of his experience in the shooting line has been at Saturday night dances and barbecues.

It is understood that we are to have another road to run through this place, provided plans do not miscarry. We already have a good road running east and west and large enough for any sober man to turn around in at any point, and we cannot see the necessity of another one. The fewer roads we have the longer our buggies and wagons will last.

Little Fidity Flinders has got into the unbecoming habit of talking back to himself in the cistern. This indicates very bad raising.

When spring gets under full headway and Poke Eazley can move his chair out on the front porch at the postoffice, the postmaster announces that he will have much more room inside.

Sim Flinders says he believes the surface of the earth is constantly wearing off around the sides, as his land is getting so thin that it will hardly hold water.

Tobe Mosley's mule ran away with him during one of his contrary spells last Sunday morning. The animal ran for more than a mile, and in the rounds came within a hair's breadth of Dog Hill church, barely missing the sermon.

Washington Hocks attended preaching at Dog Hill church last fourth Tuhday. However, he wore cotten in his ears, as he is a Baptist in belief.

Luke Mathews, who has been layed up with lumbago and a combination of other ailments, was able to be out a while Tuesday morning, and walked over to Hog Ford, accompanied by his seven dogs. Luke has been taking the osteopath treatment, using a fence with a knot in it.

The Excelsior Fiddling Band has been meeting clandestinely for the past several nights under the old sycamore tree, on Musk Ridge, practicing up to play at a surprise birthday dinner that is to be given Washington Hocks on the second Sunday in April.

The editor of the Tickville Tidings has decided to speak unfavorably in his editorial columns about everybody that does not

take his paper. He has also begun the job of cleaning out his storm cellar.

The Deputy Constable has had the community frustrated this week by his attempts to apprehend a hog thief in the Calf Ribs community. The defendant is of a suspicious nature, and tho' the deputy constable is heavily disguised as a blind man, he cannot get within sight of him. The deputy refuses to show the white feather, and expects to catch him in one of the large steel traps he has set along the different paths for that purpose.

The physiology class of the Wild Onion school spent a profitable day this week at the bone yard near Rye Straw.

Jefferson Potlocks has started on the job of digging a cistern on his place. In it he expects to keep an extra supply of water to be used for drinking purposes in cases of emergency.

Still there are renters here wanting places, but cannot get them. How do we aim to settle the county if we don't build more houses both in town and in the country and open up some more farms?

Notice to Creditors

You that are indebted to me, are hereby requested to come in at once and settle your accounts especially those of long standing, as I must have the money. We have waited long and patiently on some of our customers, and now we expect a prompt settlement.

Light Struck Home

Did you know that more than half the cases of sore eyes are caused from trying to read by a dim light? Did you ever reason why you take a headache after a few hours reading at night? Nine times out of ten it is caused from straining your eyes trying to read by a poor light. Would you like to have a perfectly safe lamp, one that you can turn upside down without the least danger; a 300 candle power, white light that won't hurt your eyes; one that will light your room equal to 15 common oil lamps; one that will burn either kerosine or gasoline or a mixture of both without adjustment, and will burn 80 hours or 20 nights on one gallon of oil? Do you want to make your neighbors think you have electric lights? If so, see the Herald man, or if interested, call some night and see the KEROSAFE in operation. No smoke, no odor, no soot, no grease; no trouble, no flare, no glare and no danger. Just the lamp for the home, and saves the eye and temper, which are worth many times the cost of the lamp. Ask about them.

Rev. M. D. Williams purchased a Ford from Marvin Cox, the mail man Wednesday, and the latter went on to Lubbock, where he will buy a new model Dodge Bros. Ford.

IF you want the best coal and grain at the lowest prevailing price, go to the City Grain & Coal Company, one block south of square, Lubbock, Texas. W. J. Luna is the proprietor and will treat you right.

Dangerously Shot.

Mrs. Teague, is a niece of Jack Smith, and whose husband is working for Jack, eight miles east of town, was dangerously shot in the thigh with a shot gun, Tuesday afternoon.

It seems that Mrs. Teague had been washing, and having finished and being tired, lay down across the bed on her left side and fell asleep. There were three small children playing around the room, the eldest being only about five years old, and got hold of the shot gun, which was thought to be empty, and as it is believed that he did not know how to load the gun, that he must have found it loaded. Somehow the gun was discharged, striking the mother about midway between the hip and knee, in the right thigh, tearing away the flesh and muscle to the bone.

Dr. Treadaway and J. L. Randal went out, as the Dr. had to have help in administering chloroform, and dressed the wound, and sewed it up the best they could. The Dr. informed us that he thought she would recover if no complications set up.

SUDAN SEED: Will sell you pure, cleaned seed at 20c per pound, that grew in a field far separated from all sorghum plants, and free of Johnson grass. See or write C. S. Cardwell, Brownfield Texas.

Mr. and Mrs. F. E. Walters brought one of their little boys to the doctor, last week, who had had the misfortune to get his forearm badly lacerated in the cogs of a feed cutter. No bones were broken.

The mail men now wait for the early morning Sweetwater train at Lubbock, unless a good bit behind time, and as a consequence, we get our dailies about four hours after Lubbock does, and about four hours before Tahoka, which is on a railroad. Great is the auto mail line.

Under the auspices of the M & M Club, Brownfield will get her annual cleaning, the third Saturday in April. While the ladies, having more pride in the looks of the town, have always taken the lead in this matter, we want to ask the cooperation of every citizen in this enterprise, that we may make the town shine like new money. It is the conceded opinion of all, that thousands of tourists will pass through here this year on their way to the Panama-Pacific Exposition at San Francisco, and we want things looking good. There will be several prizes offered in a contest, which will be announced next week. Watch the columns of the Herald.

The monthly bulletin of the Texas Board of Health for November-December, contains some very useful information along the line of "Defects in Our Marriage Laws." In the first place, it shows that the law governing the registration of births is too slack and should be rigidly enforced. It is the opinion of the best authorities, that in the next few decades, the child without a birth certificate will be barred by the business world, and prove that the employer is getting more exacting, all the time, as to the legitimacy of their employee. It is the urgent duty of the parents to see that the attending physician registers the birth of our children. Then, there is the oft and pitable case of the poor and dependent widow, who has been briefly but courteously informed that they cannot pay the \$2000 policy carried by her husband, as she is unable to furnish them a physician or undertaker's certificate of his death. Oh! if she had only had the attending physician to issue a certificate of his death, it would have been no trouble for her to feed, clothe and educate the little brood left in her charge. Again, we have another sad picture brought to view, and while not so agonizing, is enough to cause a life of regrets. It is a man this time, and he is digging sewer ditches in a city; his work is hard and the pay meagre; yet if he could prove

from the records that his father was dead, he would be worth \$50,000. But the attending physician, if he had one, failed to register the certificate, and the son faces a life of hard toil. If a birth or death occurs in your home, gentle reader, have your physician register the fact with the County Clerk, but if there be no physician, then attend to it yourself, promptly. We have handled this matter rather plain, but we believe it is for the good of our readers.

I have listed with me 20 head of mares, of which three-fourths are extra large animals. These mares produced a good crop of colts last spring and a good crop will be the results this spring. The owner of these animals does not live in this section of the state and offers this bunch of mares at \$55 per round and throw in the colts. A large number of these mares are large and are worth \$150 each. Just think, the mares at \$55 per round with year old colts thrown in and another good crop of colts soon. Stockmen that are interested in range stuff can make 150 per cent on their investment. J. R. Ward, Aspermont, Texas.

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Thedford's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used.

After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Thedford's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. 121.

There is a great deal of sickness now on account of so much bad weather.

Bro Williams came out Saturday to fill his appointment but it was so cold nobody attended.

Geo Snodgrass has been in bed for several days with something like La grippe.

H. L. Ware, who has been in bed for the last few days, is doing very well.

Mrs. George Snodgrass was in Tokio Saturday.

Jim Wright and wife spent Saturday night with Mrs. Add Cox.

Mr. Merritt was in Tokio Saturday; also Carl Rushing, John Day and Jim Key.

They have almost gotten Mr. Rushing's house completed.

Jack Benton spent Saturday night with Hilliard Ware and Hilliard went home with him Sunday and spent the day.

Mr. Chisholm passed through this week with two wagon loads of fat hogs for the market. Yes, we furnish feed, bread, pork, beef, mutton, mules and furnish school land to educate east Texans, yet they tell people one can't make a living in "wast Texas."

FOR EXCHANGE: Fairly well improved 166 acres of land near Tell, Childress county, for unimproved plains land; prefer north of Lubbock and Brownfield, and not too far from Lubbock. Address J. T. Stricklin, Ada Okla.

We glean from the dailies that a fire recently visited the little town of Pottsville, practically wiping the business section out. Will Moore, son of A. P. Moore of Gomez, and formerly of Gomez, lost his drug store in the fire. Insurance \$2500; loss \$3200.

The Brownfield Merc. and Brownfield Hdw. Co., each purchased a cash register this week from a traveling man representing a Los Angeles Cal. firm. From his description, it is a bookkeeper, cashier, salesman and collector all combined in one.

D. 1915, then and there to answer a petition filed in said Court, on the 20th day of January, A. D. 1915, in a cause numbered 118 wherein J. F. Merritt is plaintiff,

and John H. Gibson, and the unknown heirs of John H. Gibson, Peter N. Williams, and the unknown heirs of Peter N. Williams, Ulyses H. Filio, and the unknown heirs of Ulyses H. Baker and the unknown heirs of John H. Baker, Nancy Baker, and the unknown heirs of Nancy Baker are defendants, the cause of action being alleged in substance as follows:

That heretofore, to-wit, on the first day of January, A. D. 1915, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Yoakum County Tex., holding and claiming the same in fee simple to-wit: all of section No. 7, in Block D, located by virtue of Certificate No. 20, issued to John H. Gibson, and containing 640 acres of land; All of section No. 6, in Block D, located by virtue of Certificate No. 19, issued to John H. That on the day and year last aforesaid, the defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withholds from him the possession thereof, to his damages (\$5,000.00); that the reasonable annual rental value of said land and premises is (\$500.00).

And for special plea herein, comes the plaintiff, and says, that he and those under whom he claims have had, and held continuance, peaceable and adverse possession under title and color of title from and under the State of Texas, of the land and tenements hereinbefore described, for more than three years after the defendant cause of action accrued, if any they have, which is not here admitted, but expressly denied, and for more than three years before the commencement of this suit.

That the plaintiff and those under whom he claims, have had, and held continuance adverse possession of the land and tenements hereinbefore described, claiming the same under a deed and deed duly registered, cultivating, using and enjoying the same, and paying all taxes due thereon for a period of more than five years after the defendant cause of action arose, if any, which is not admitted, but expressly denied, and for more than five years before the commencement of this suit.

Wherefore, plaintiff prays judgment in the Court, that the defendants be cited to appear and answer this petition, and that plaintiff have judgment for title, and possession of said above described land and premises, and that a writ of restitution issue, and for his rents, damages and cost of suit, and for such other and further relief, special and general, in law and in equity he may be justly and entitled to receive, for which he will ever pray.

Mrs. Dee Hunter and little Pauline are staying here at Mr. Glover's now, while Dee hauls off his grain.

Well, Ben Hurst's worries came in bunches last week. He came in on a rush Monday afternoon to carry his wife home, and for the first time since he has owned it, his auto had to be worked on, so he did not start home until Tuesday. About one half mile east of here the steering gear broke and they narrowly escaped a turn over. The auto had to be brought back here for repairs and Ben had to get a team here to go on home.

Last Saturday Ed Moore moved the dwelling he had purchased from Andrew Simms out to the Broughton farm two miles north of town. Ed will move out there today and Andrew will move to the old Gainer homestead which he has purchased from D. J. Broughton.

All the grain haulers got in from Tahoka last Thursday evening and early Friday morning Bert Ingram and Grover Lewis came in from Lubbock on Saturday. Some have already started back and others will leave today. A cotton crop is more trouble to gather than grain but the grain farmer thirty miles from a railroad has some work to do when he markets a big crop.

D. J. Broughton was here last Saturday.

Simon Holgate came in last Saturday from attending the Grand Lodge of the Odd Fellows at San Antonio.

Well, Old Father Time got his months mixed a little and we got March first and now February, at least that is the way the weather is. Cold northerners and snows every week and no farm work started yet. Well, there has been so much rain that when the cold weather ceases the grass will come in a short time.

Mrs. W. C. Wright and children visited yesterday last Saturday evening.

Ennis Ware came in last Thursday and stayed until Saturday morning. He made a business trip to Brownfield while here and from the way he dressed up to go, we think the "business" must have been very important.

Terry passed through Sunday, enroute to the railroad with a load of corn.

Geo. Snodgrass is sick and has been for a week past.

The play, "The Best Man" rendered here at the school-house last Saturday night was real good and we feel that a special compliment is due the actors as only one or two of them had ever taken part in a play before. Miss Schieffer gave a reading which was real good and much appreciated. The success of the play is due to her excellent training of the actors.

Those who came over from Plains to the play were Messrs. Cox and Beal and Mesdames. Cox, Beal and Garret and Miss Ruth Hudson. There was quite a crowd here from Brownfield. Those we knew were Messrs. W. A. Bell, A. D. Brownfield and wife, Judge Neill and family, A. J. Stricklin, Sheriff Lewis, Will Adams and others we did not see or recognize.

Judge Neill and wife and Miss Dora Daugherty and Mr. Scud-day, were over Monday. The ladies were shopping and the men just enjoying the ride in that breezy sand storm. Well, that is the way the Judge put it.

Will Snodgrass and wife were in trading Monday.

Miss Schieffer stayed over after the play until Monday and returned to Brownfield in W. C. Mathis' car.

We are reliably informed that there is an epidemic of distemper prevailing among the horses on this part of the plains at this time that is serious, though we have heard of no deaths so far.

Alvin Key and wife came in from Southwest Terry last week to bring their sick baby to the doctor. The little one was quite sick all the week and they stayed here at Mr. Key's. We think the baby is improving now.

There is quite a lot of talk just now among people here who have filed on land in New Mexico and intended moving there this or next month, in regard to the

quarantine law on stock. We heard one man assert yesterday that no animal was allowed to cross the line "all travel would just have to stop." Well as we are not a voter we did not waste any breath trying to instruct one who is, but we could have told him that the Lovington freighters driving from eight to twelve head to a wagon are on the road all the time and passed through here yesterday enroute to Lovington from the railroad. And we think from careful reading that the law applies to cattle or horses to be put on the range and not to working teams. Are we right?

The comment we made on the church services here in last week's Herald gave offense. What we said was strictly true, all the same we apologize for the comment as it was certainly none of our business.

Tom Gainer is yet having to go on crutches as a result of a fractured leg caused by rough play at school. We hope this serious accident will teach our young folks to be more thoughtful.

Roy Harris and sister, Ethel, came down Saturday and bro't Miss Mary Simms home. They visited here until Sunday afternoon.

Library Tea.

The Maids and Matrons Club will give a tea next Thursday night, to which all their friends and all lovers of good books are cordially invited.

They have recently received a number of excellent books for the library and will have them for the inspection of friends during the evening. They will give opportunity to all who desire membership in the library.

Light refreshments will be served; games will be played, and each Maid and Matron will be hostess for the evening, thus assuring a good time.

A bank examiner was here last week.
