Result of Clean-up Campaign

Almost without exceptions the people of Brownfield responded to the call to clean up their yards and premises. It was genuine pleasure to drive around and inspect yards and trash piles, and we feel that our village will not only be more sightly but cleaner and more sanitary for another year. Even if our town is small we cannot afford to be behind all the other up to date towns of Texas.

Finding it very difficult to decide which of two yards deserved the blue ribbon, we tore it in two and gave them to Mrs. Horace Adams and Mrs. John Scudday. The red ribbon was awarded to Mrs. A. J. Stricklin. Three other places deserve to be mentioned upon the honor roll, those of Mrs. H. H. Longbreak, Mrs. Claud Criswell and Mrs. W. G. Hardin.

The prizes offered by the Maids and Matrons Club for the largest trash piles were won by the following children:

Maudetka and Anna Lee Banowsky	\$2.50
Aubrey Banowsky	\$2.00
Lois, Lorell and Laurine Brownfield	\$1.50
Esther and Edna Criswell	\$1.00
Otis Longbreak	50c
Lillian and Herbert Neill	50c

In behalf of the Maids and Matrons Club, we wish to thank the men of the town who so generously donated their money for having the trash hauled away.

Mrs. J. L. Randal.
Mrs. E. B. Wright.
Mrs. Will Alf Bell.
Committee for Clean-up Campaign.

Rules For Correspondents

Here are ten rules for country correspondents that were prepared by an experienced news paper man. Cut them out and keep them and try to make your next letter to the Herald conform with all the rules:

1. Do not abbreviate. Do not write Mr. & Mrs., but Mr. and Mrs.; not Tues. or Sat., but spell dates out.

2. Leave space between items for corrections or additions.

3. Give both initials. Write both initials (if you know them) for instance, C. H. Brown instead of C. Brown or Mr. Brown.

4. Write important subjects fully. Do not dismiss the death of a well known pioneer in half a dozen words, but write something of interest concerning them.

5. Have verbs agree with subjects. Don't say Mr. and Mrs. B. "was", but "were". They may be one scripturally, but are two grammatically.

6. Don't use nicknames.

7. Give the time in an item. Mr. Brown was in Lansing, the house burned down, are incomplete. Tell when things happened.

8. Divide words correctly. Don't divide such words as enough, e-nough.

9. Don't send articles reflecting upon the character of individuals or firms. This paper is not looking for libel suits; neither does it care to right your personal wrongs.

10. Write your name and town at top of page. Last but not most important of all; it is most essential that the newspaper

know from whom the news is received and from what place.

Important suggestion, though not a rule: Carefully look over your news after it is published and note what changes had to be made.

While the ten rules given above are important as relating to the written news, there is one rule that supersedes them all—telephone really important news at once.

For the sum of \$1.25 we will extend your subscription to the Herald one year and send you Hollands Magazine and Farm & Ranch, both, for six months. Not good after June 1st.

Uncle Tom Holley informed us this week that he was in communication with the Wichita Falls Auto Truck Co., in regards to putting on a truck line between Takoka, Brownfield, Gomez and Plains, and that they were willing to bring one out and demonstrate its practability.

Howard James is out in the country this week building a 16x16 feet room for E. N. Eicke.

We can now let you have the daily and Sunday Star-Telegram for eight months, or until December the first for \$2.25. This offer will be withdrawn May 1st.

Walter Gracey moved back to the farm this week. He says he aims to make another big crop, assisted by his wife and eldest daughter.

Jake Johnston was in this week and said he was busy listing his land.

Mr. Mosley informed us this week that he had already planted 15 acres in cotton and ten in corn.

Get Ready For Sudan Seed.

Sudan grass, the wonderful hay crop of the South, whose drought resistant characteristics have made it the most popular forage crop in the country, should be sown some time between April 10th and 20th, according to Professor J. O. Morgan, of the Department of Agronomy at the Agricultural and Mechanical College of Texas. Dr. Morgan also believes that the best results will be obtained by sowing the grass in rows, just wide enough to allow cultivation, using about 15 to 20 pounds of seed to the acre. Professor Morgan recommends this unusual heavy seeding, because of the recent investigations of the Texas Experiment Station, which have shown that thick seeding prevents the stalks from growing too rank, which will interfere with the production of hay of good quality.

IF you want the best coal and grain at the lowest prevailing price, go to the City Grain & Coal Company, one block south of square, Lubbock, Texas. W. J. Luna is the proprietor and will treat you right.

You will notice that C. S. Cardwell is now offering his Sudan seed for 10c per pound.

Will Alf Bell returned from Marshall last week and reported that there was no rain there when he left, and he never struck rain till he got back to West Texas, where almost three inches had fallen. Surely the weather man has his maps mixed lately.

The Frankly Jealous Editor

The new electric sign in the front window of the Farmer's National Bank is attracting considerable attention. The sign is equipped with a series of letters so that any wording desired may be used. Last week it was saying, "Taxes now due, pay at this bank." We are thinking some of borrowing it and putting in the words, "Subscription now due, pay at this office."—Aurelia Iowa, Sentinel.

A New Ford Story

Here is a new Ford story that we saw somewhere. A man in California writes to the Ford company and tells them they should feel very much exalted for the reason that the Ford is the only car mentioned in the Bible and to prove it cites them to a passage in Isaiah which says: "He went up into Heaven on high" and asks what other car but a Ford could do that?

SUDAN SEED: Will sell you pure, cleaned seed at 10c per pound, that grew in a field far separated from all sorghum plants, and free of Johnson grass. See or write C. S. Cardwell, Brownfield Texas.

M. B. Sawyer had us run his Herald and Dallas News up another notch, this week.

Mr. Anderson, the tailor, informed us Saturday that he had all the racks full of pressed suits pants and skirts that day, and said further that he was doing a good business all the time.

Inferiority of the Negro.

Our friends down South, being sure that the negroes are inferior deny them advantages and provide inferior schools for negro children in order that they will continue to be inferior and thus prove the correctness of the contention of the scientists and sentimentalists that the negro is inferior. After all there is nothing quite so satisfying as the feeling that you have got things fixed so that you will always have an inferior race in your midst.—Life.

The News man received the Life Magazine Sunday and the above editorial was encircled with blue pencil marks. Such "rot" as this by some of our friends up North is enough to make a vulture vomit. The South makes a negro stay in his place, if that can be called denying him advantages, but as to schooling, the negro child draws the same amount of school money per capita that the white child does. As to the negro being inferior to the Southern white man the negro himself will answer in the affirmative. However we don't doubt that the negro is on the level with the editor of Life, for he says so himself. The negro is inferior to the northern whites that have moved South and we know he is inferior to all respectable white men up North. Education don't make the negro an equal of the Southern white man. The Creator made the white man and he made the negro, he made the thorough-bred race horse and he made the polecat and he made them for different purposes and education comes about as near making the negro equal with the man as kicking the polecat to make it the equal of the race horse.—Kemp News.

Aunt Lou DeShazo has corn large enough to work—in her garden.

Postmaster Wright made a trip to Lubbock on business, this week.

Ed Moore and wife of Gomez, were over Sunday visiting the latter's parents, D. J. Broughton and wife.

The Herald got out a good batch of stationery for Carl Mr. Forkel, the hustling drug man, of Plains this week.

Mrs. M. E. Kinard has recently had a cellar dug, walks built and other noticeable improvements made around her home

We are glad to see the people take so much pride in their homes.

Miss Ivy Green, who is teaching the French school, came in last Friday to visit home folks till Sunday. She was accompanied home by Miss Mae Tisdale, and a little Taylor and Pyeatt boys, all her pupils. A surprise party of several couples awaited her arrival Friday night, and all had a good time together.

Mr. Lanford, the ice man of Plains, was here this week looking after contracts with our hotel and cold drink men, and we understand he got satisfactory results. We stated last week that he would deliver 100 pounds of ice in Brownfield with his car, which was a typographical error, as it should have read 1000 instead.

CUSTOMERS; I have left my business in the hands of Jim Moore and Prof. E. A. White, while away, who will show you the same courtesies you have been receiving, but we hope that our collections will be the same as usual, as it takes money to run a business. If anything unpleasant should arise in a business way while I am away, I hope you will bear with me until I return and help adjust matter. A. P. Moore.

Our old friends, Mr. and Mrs. A. P. Moore, of Gomez, called on us as they passed through Wednesday morning on their way to Alabama. Mrs. Moore paid up for all her boys that were behind with the Herald, and had us send them the Herald at Scottsboro, Ala., while they are gone. It is a great pleasure to us to see older people like these get out every once in a while and forget if they can, their business at home; it does them good. It has been ten years since they were back at their old home; and Herald wishes them a very pleasant journey.

DIVERSIFICATION IS UP TO THE BANKER

At a meeting of the representatives of the Texas Bankers' Association and the Farmers' Union in Dallas recently, co-operative

plans were adopted whereby the men who grow the cotton and the men who finance it will renew their efforts to hold the present crop for better prices and to diversify the planting next year. Mr. W. D. Lewis, President of the Farmers' Union, who represented that body at the meeting, gave out the following interview: "The Farmers' Union renews its entreaties to all farmers to hold cotton and recommends that the farmers who must have money avail themselves of the co-operation of the banker in securing cotton loans. The Union is sending out a large corps of lecturers to urge holding cotton and diversifying next year's crop.

Too Much Free Advice.

"The banker in lending money is giving practical co-operation to the farmer in holding his crop after it is harvested and I want to suggest that the banker and the credit merchant extend the same character of co-operation to the farmer in producing the crop and then the problem of diversification is solved. Let the banker and the money lender announce that they will lend as much money on corn, wheat, oats and other crops as they will advance on cotton at the time of planting and we will have an era of diversification that will astonish all of us. In Texas, according to the most reliable data obtainable, at least two-thirds of the crop is mortgaged before it is planted and the farmer must take dictation from the banker and the merchant as to what he plants. There is little use to send lecturers to tell the farmer what to plant when he has no control over the crop. The banker and the merchant need lecturers sent to them as badly as the farmer and we think the lecture force should be divided equally between the city man and the farmer. We suggest it is unfair for the banker to coerce the farmer to diversify by the power of a loan. Let him agree to finance the diversified crop while in process of production. It is co-operation, not dictation, the farmer needs. Agriculture is already bed-ridden with free advice and if the city man will come back to the soil and co-operate direct with the man who plows instead of basing his action upon typewritten reports of book farmers, we will understand each other better and the south will blossom like a rose."

By Carl Forkel

Milton Robinson, R. M. Kendrick and H. A. Tandy went to Lubbock today.

Chas. Featherston and Mr. Gamble were visitors today from Floydada. They are on a trip through here purchasing mules for their interests in and around Floydada.

Pete Beal went to Roswell on a short visit to his wife. Mr. Beal was accompanied by Miss Luella Pullium and Miss Ruth Hudson. Outside of pushing their car out of a mud hole, they returned last night after a very pleasant trip.

Rev. Hughes came over Saturday and delivered two exceptionally good sermons. Each sermon was well attended.

Pete Beal went to Roswell this afternoon again, to purchase some blooded cattle to add to his herd.

Another fine rain. Corn is up in most of our neighbors' fields, and is looking fine.

Ye correspondent spent a most pleasant day at the home of Mr. and Mrs. W. K. Calahan, Sunday.

S. E. Lanford has purchased a building from D. B. Tingle for use in connection with his ice plant. He will move this building at once.

Mr. Paul Heath and wife arrived today from San Saba to become our citizens. Mr. Heath has recently married and has decided to make Plains his future home.

Mr. Frank Watkins has returned from Tahoka, where he went to meet his wife and bring his family to Plains.

(Readers will naturally think some of Mr. Forkel's items sound funny, as he mentions parties going to the same place twice, but in justice to him, will explain that he writes his items all the week when he thinks of them, and persons may go, come and go again in the meantime.—Ed.)

Messrs. Bradshaw and Armstrong were trading at Harris Thursday.

The young folks enjoyed a party at Marlin Ellington's Friday night, and though it rained most all night they said it failed to dampen their spirits. They stayed till morning and came home between showers.

Clyde Harris and family went to Gomez Saturday to visit E. E. Simms and family. They expected to return home Monday or Tuesday.

We understand that Bob Redding has quit working for the Mallet Ranch and will farm on Dave Shaw's place this year.

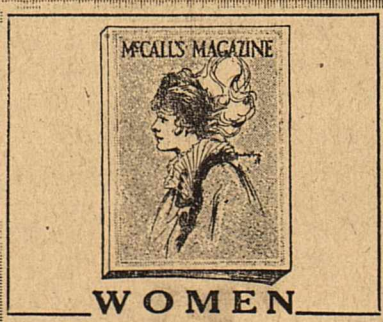

Jack Mahoney was at Harris Sunday looking for hands. H. F. Wingo and Glenn Harris have gone to work there at the Mallets for a while.

Jim Wright and wife were trading at Harris today, Monday.

We failed to get our letter off early this week. Also our Herald didn't come in Saturday. We suppose it was because of the bad roads.

J. R. HILL will pay you 30c each for your hens.

Maybe some of our readers will wonder what has become of Dunk Bots. Will explain that he has taken over the editorship of the Tickville Tidings, as the former editor of that sheet was horsewhipped out of town recently, and Dunk will not write any more for the Herald unless he meets a similar fate at Tickville.

THE "ZONE," THE PLAYGROUND OF THE PEOPLE OF THE WORLD
AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION

Through the center of the Zone, the amusement section at the Panama-Pacific International exposition at San Francisco, runs a broad avenue three thousand feet in length. It is not unusual for this entire avenue to be jammed with entertainment seekers who are busy patronizing the one hundred concessions on the Zone. An exact reproduction of the Panama canal is one of the popular and instructive features, there being a constant line both day and night of people eager to see the workings of the miniature canal. The premier showmen of America have assembled here their finest offerings of amusement, edification and instruction.

So far, we have neglected to mention that Mr. McMichael had purchased the Uncle Chas. Lyon tract in the south part of the town section, and was now fully located. Welcome!

Rachel the Fire Waif. At the Auditorium Tuesday night. A melodrama in four acts. Under the auspices of the Baptist Ladies Aid. Don't fail to see it.

Thomas Brooks came in this week to visit home folks.

J. W. Welch returned from the Snyder country this week, and says they have had an abundance of rain down there.

The Herald came nearer getting out of print paper last week than we have in a long time, having just enough to print last week, but we had a supply in Tahoka, but the rain continued and roads were getting impassable. Phoning our good friend over there, Clay Hughes, to look after getting it to us for this week, he promised to do his best and find a way to get it out, so Sunday afternoon, our old friend, S. H. Key of Gomez, drove in with it, so the Herald can print this week without borrowing.

W. R. Bridges captured a full grown ferret on his farm last Friday, and brought it to town, as many people like he had never seen one. He found it in a prairie dog hole, and said it barked louder than a prairie dog, and he returned to the house after a spide, and after patient digging finally captured him, and still has him in captivity. Wiley says he can put a full grown rabbit in the cage with him, and he will devour it in a minute. It isn't larger than a man's wrist, but when stretched out at full length is almost two feet long, and is

said to be made that way in order to get in rat and prairie dog holes and destroy them. He is of a brownish color.

Uncle Jake Adams spent several days in town this week.

The Herald wishes to compliment the school boys and girls together with their excellent teachers for the neat appearance of the school grounds, as their part in making Brownfield a clean town. The boys grubbed all the scrub bushes on the grounds, and the girls put every thing in tip top shape, as only girls can. The teachers gave them a half holiday for their trouble, and they deserved it.

So much rain! But we should not complain, while we have rain we have no sand storms.

Remember to come to preaching next third Sunday at 11 o'clock.

Mr. and Mrs. Herring entertained a few friends last Saturday night with games, which caused much merriment, after which refreshments were served consisting of cakes and custards. At a late hour the guests reluctantly departed, hoping to be entertained again soon in that home. Those present were, Mr. and Mrs. Hershall Timmons and children, the Misses Stone, Anna and Elsie Beall, Messrs. Philip Allen, Horace Simpson, Walter Beall, Jewel Bell, Scott Walker, Charlie Cowan and Edgar Timmons.

Mrs. Albert Reader was quite sick a few days last week.

Miss Pearl Evans and Mr. Price Nettles were quietly married at the home of the bride's parent's, Mr. and Mrs. J. R. Evans, last Saturday night, Rev. Smith officiating. We wish them much joy and happiness through the remainder of their lives.

All the Copeland families were away from home last Sunday week. They weren't at church. We failed to learn of their whereabouts.

The White Bros. received a message last Monday, stating that their father had died.

West Wind, it isn't his catship that's getting the eggs from our hens' nest, but his dogship. We gave him an egg with pepper in it, which he seemed to relish also gave him a hot one. When we noticed him he was tasting it and seemed to be waiting for it to cool. We gave him a good threshing but caught him in

another nest in a day or two, gave him another switching and haven't noticed him with anymore. Any suggestions for his cure shall be appreciated, as we believe he will be a good dog if we can break him of all his bad habits.

Our school is to close next Monday with a picnic on Rich Lake. Let all the patrons and everyone else who will come with well filled baskets and help the children and teacher to spend a jolly day, for they have all worked hard and made good.

WHEN in Tahoka see H. M. Larkin for Watkins' goods, etc.

One of the newest industries to be started here, is a pigeon farm, situated on the Bridges farm just north of town, and belonging to Carrol Phillips. He now has a bevy of about 80, which is sufficient for their own need, and in time will be increased to where he will be able to supply the local demand for squabs. We are glad to see any new venture started here, especially like this, for no country can beat this for healthfulness of flocks, and an abundance of small grain to feed them.

Barney Ryan, the would be detective. Will make you laugh.

S. N. McDaniel came through from King, N. M., this week and reported that a wind storm over there last Friday night blew down some barns and sheds, and the roofs off a few houses.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.
