Time Limits for Infection.

Have you not often wanted to know how long a child with scarlet fever must be isolated after it is up and about or how long a child exposed to whooping cough was likely to come down with the disease?

CUT THIS TABLE OUT AND KEEP IT. Some day you will be glad to have it in the house: **DIPHTHERIA** (membranous croup) may be communicable until two cultures have been taken from the nose and throat at intervals of twenty-four hours and sent to a bacteriological laboratory and found to be free from diphtheria bacilli.

CHICKENPOX may be communicable until twelve days after the appearance of the eruption and until the crusts have fallen and the scars are completely healed.

MUMPS may be communicable until two weeks after the appearance of the disease and one week after the disappearance of the swelling.

MEASLES may be communicable until ten days after the appearance of the rash and until all discharges from the nose, ears and throat have disappeared and until the cough has ceased.

SCARLET FEVER may be communicable until thirty days after the development of the disease and until all discharges from the nose, ears and throat or suppurating glands have ceased.

SMALLPOX may be communicable until fourteen days after the development of the disease and until scabs have all separated and the scars completely healed.

WHOOPIING COUGH may be communicable until eight weeks after the development of the disease or until one week after the last characteristic cough. State Board of Health.

PLAINS

By Carl Forkel

Mr. Monning, of Bronco, was a visitor here, today.

Mrs. Bessie Jameson left today for Bronco, where she will spend a few days with Mrs. Cadenhead.

Eb Ivey came over from Brownfield today.

H. M. Cox of Hunt county, is here visiting his son, Marvin.

Elsie White left this evening for Sligo.

Porter Earnest transferred to E. W. Armsby a half section of Yoakum county land.

J. W. Welch and family left this week for their new home near Snyder. We regret very much to lose this excellent family, but we look forward to having them back with us ere long, as they still have their home here, and they all come back some time.

For the sum of \$1.25 we will extend your subscription to the Herald one year and send you Hollands Magazine and Farm & Ranch, both, for six months. Not good after June 1st.

Aunt Lou DeShazo and Grandma Proctor visited over at Gomez last Sunday.

THE KNOCKER'S CREED.

I believe that nothing is right. I believe that everything is wrong. I believe that I alone have the right idea. The town is wrong, the editor is wrong, the teachers are wrong, the people are wrong, the things they are doing are wrong and they are doing them in the wrong way anyhow. I believe I could fix things if they would let me. If they don't I will get a lot of other fellows like myself and we will have a law passed to make others do things the way WE want them done.

I do not believe that the town ought to grow. It is too big, now. I believe in fighting every public improvement and in spoiling everybody's pleasure. I am always to the front in opposing things that never yet have I advanced an idea or supported a movement that would make people happier or add to the pleasure of man, woman or child. I am opposed to fun and am happiest at a funeral. I believe in starting reforms that will take all the joy out of life. It's a sad world and I am glad of it. Amen.

Epworth League

The Epworth League meets every Sunday afternoon at four o'clock at the Methodist Church. This is an organization run by the young people and it is for their good. The programmes are planned accordingly and other activities are planned for the interest of the members. If you are not a member, become one right away.

Note the following divisions of the members. Each division will have charge of the program one Sunday (the Sunday here noted) in every month.

First Sunday: Mrs. E. B. Wright, Mozelle Treadaway, Sallie Holden, Laurance Green, Lona Brooks and Dessie Lewis.

Second Sunday: Mrs. W. A. Bell, Annie Hamilton, Cuma Nix, Gladys Green, Era Brooks, Grace Huckleberry and Nellie Hathaway.

Third Sunday: Mrs. A. D. Brownfield, Eldora Lewis, Etta Kinard, George Bragg, Ola Moseley, Stella Treadaway and Clarence Lewis.

Fourth Sunday: Mrs. J. C. Criswell, Bertha Lowe, Bessie Huckleberry, Will Adams, Ethel Treadaway, Anna Pearl Cardwell, Gladys Walters and Ulyess Sawyer.

SUDAN SEED: Will sell you pure, cleaned seed at 10c per pound, that grew in a field far separated from all sorghum plants, and free of Johnson grass. See or write C. S. Cardwell, Brownfield Texas.

Mrs. Richardson has been real sick for several days but is some what improved at this writing.

Have You Named Your Farm?

The movement to have every American Farmer select a name for his farm and use the name as a trade mark, is meeting with great success in some parts of the country. Many of our exchanges have published a list of the names selected for the farms of their neighborhood, the publication acting as a sort of a patent or a copyright. It has been said by some unthinking persons that the plan is not American, but a little reflection will convince any one that the point is not well taken. Washington called his home "Mt Vernon" Jefferson, the great democrat, named his place "Monticello" and any school boy can give you a dozen other instances.

So name your farm and put the name out where everyone can see it. Make it a Trade Mark. A well known advertised trade mark is worth thousands of

dollars to the owner. Your farm and its products are your stock in trade. Name them and you have added real hard cash value to everything you sell. Choose a name well suited to surroundings, a name that will tell in its very sound some of the characteristics of your business home; then come to us and have letterheads made for your correspondence with the name of your farm on them and your name and your wife's name and your postoffice address beneath. Of course you want your wife's name on your stationary. She is your partner and the best and the truest and the hardest working, and the most interested party in the whole concern. Once you were glad to get the chance to endow her with all your worldly goods now make your promise real.

Clay Hughes was over from Tahoka Sunday and went back Monday morning. He came over with some prospectors.

Statement Issued.

The following statement was issued from the joint meeting and signed by Mr. Lewis, Peter Radford and J. A. Kemp, Chairman Bankers' Committee:

"The farmers and bankers of Texas, through their representatives, being united in the determination to work and stand together in the matter of holding this year's crop and reducing the acreage of the 1915 crop at least 50 per cent, urge all who have cotton to sell none for less than 8c a pound and we urge the cooperation of all farmers, bankers and business men in this campaign, with absolute confidence that the price of 10c a pound can and will be reached in the near future."

The annual production of the Texas factories is valued at \$272, 896,000.

One and six-tenths per cent of the population of Texas is engaged in manufacturing.

Texas ranks seventh in factory output and first in opportunity for new enterprises compared with other states.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

CONSTITUTIONAL AMENDMENTS

To Be Voted on, Saturday, July 24th, 1914

House Joint Resolution No. 34.

A Joint Resolution proposing an amendment to Article 7, Section 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, providing for the establishment and separate maintenance of the University of Texas and fixing its permanent location in Travis County; providing for the permanent location of the medical branch of the University of Texas in Galveston County; providing for the establishment and maintenance of the Agricultural and Mechanical College of Texas as an independent college, and providing for its permanent location in Brazos County; providing for the establishment and separate maintenance of the College of Industrial Arts and fixing its permanent location in Denton County; authorizing the establishment of junior agricultural college subsidiary to and under the government of the Agricultural and Mechanical College Board; establishing the Prairie View State Normal and Industrial College, and declaring it a branch of the Agricultural and Mechanical College, and fixing its permanent location at Prairie View, in Waller County; making an equitable division of the State permanent endowment fund between the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College; making an appropriation to defray the expenses of advertising the Governor's proclamation and submitting same to a vote of the people.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 10, 11, 12, 13, 14 and 15, Article 7, of the Constitution of Texas, be amended so as to hereafter read as follows:

Section 10. The University of Texas is hereby established and permanently located in Travis County, and shall be a university of the first class. The Legislature shall provide for its organization and for its development, maintenance and permanent improvement shall make by appropriation and otherwise such provision as may be necessary for the promotion of literature and the arts and sciences, pure and applied, of the university of the first class. The affairs of the University of Texas shall be administered by its own governing board as provided by law. The present members of the board shall continue in office until the expiration of their respective terms. The location herein made of the University of Texas shall in no way affect the location of the medical branch thereof situated in Galveston County.

Sec. 11. All lands and other property granted by the Republic of State of Texas to the University of Texas, or the University of Texas and its branches, except the lands transferred by Section 13 of this Article to the Agricultural and Mechanical College of Texas, and to the Prairie View State Normal and Industrial College, shall together with the proceeds of the sale of such lands constitute the permanent university fund. All the income derived therefrom shall be the available fund, and shall be applied to the support and development of the University of Texas and to meet its obligations. The proceeds from the sale of University lands shall be invested as authorized by law for the investment of the permanent school fund. The one-tenth of the alternate sections of lands granted to railroads, reserved by the State, which was set apart and appropriated to the establishment of the University of Texas by an act of the Legislature, February 11, 1858, entitled "An Act to establish the University of Texas" shall not be included in or constitute a part of the permanent university fund.

Sec. 12. The Agricultural and Mechanical College of Texas is hereby established and permanently located in Brazos County and separated from the University of Texas and constituted an independent college. The Legislature shall provide for the organization of said college and for its development, maintenance and permanent improvement, shall make by appropriation and otherwise such provision as may be necessary to accomplish the purpose of said institution, which without excluding classical and cultural studies, shall be to teach and develop those branches of learning which relate to agriculture and the natural sciences connected therewith, the various branches of engineering, the mechanical arts and military sciences and tactics. The affairs of the Agricultural and Mechanical College shall be administered by its own governing board as provided by law. The present members of the board shall continue in office until the expiration of their respective terms. The Prairie View State Normal and Industrial College for Colored Youths is hereby established and its government and control shall continue under the governing board of the Agricultural and Mechanical College of Texas. Provided the Legislature may establish junior agricultural colleges subsidiary to the agricultural and Mechanical College and under the control of the Agricultural and Mechanical College Board.

NEAT JOB WORK

Sec. 13. Of the land heretofore set apart to the University and to the University and its branches by the State of Texas, and remaining unsold, there are hereby transferred to and made a part of the permanent fund of the Agricultural and Mechanical College of Texas, six hundred thousand acres of land of average value; there are hereby transferred as a permanent fund to the Prairie View State Normal and Industrial College one hundred and fifty thousand acres of land of average value; and all of the remainder of the said land shall constitute a part of the permanent fund of the University of Texas. The Legislature shall provide for the division of the land as specified herein. The land herein set apart to the University, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College may be sold under such regulations, at such times and on such terms as may be prescribed by law. The Legislature shall provide for the prompt collection at maturity of all debts due on account of the sale of said lands, and in no event shall any relief be granted to any purchaser.

Sec. 14. All lands and other property heretofore granted or hereby granted to the Agricultural and Mechanical College, together with the proceeds of the sale of such lands shall constitute its permanent fund. All the income derived therefrom shall be the available fund and shall be applied to the support and development of the Agricultural and Mechanical College and to meet its obligations. The proceeds from the sale of the Agricultural and Mechanical College lands shall be invested as authorized by law for the investment of the permanent school fund.

Sec. 15.—The College of Industrial Arts for White Girls located at Denton, in Denton County, Texas, is hereby established and recognized as an independent college, and the Legislature shall provide for its organization, maintenance, development and permanent improvement and shall make by appropriation and otherwise, such provision in addition to that heretofore made as may be necessary for the establishment and maintenance of a first class college, for the education of white girls in the literary branches, the arts and sciences and the practical industries of the age. The college shall have its own governing board, which shall designate the officers of administration and instruction, and other employees, determine their salaries, establish departments, subdivisions, libraries and laboratories and other agencies of education consistent with the objects of the college and perform such other duties as the Legislature may prescribe.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation and have same published as required by the Constitution and laws of this State. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated to defray the expenses of publishing said proclamation and the expenses of submitting this resolution to a vote of the people.

Sec. 3. The foregoing amendment to Article 7, Sections 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, shall be submitted to the qualified electors of this State for its adoption or rejection at an election to be held on the fourth Saturday in July, A. D. 1915, the same being the twenty-fourth day of said month. All the voters voting on this proposed amendment at said election who favor the adoption shall have printed or written on their ballots, "For amendment to Article 7, of the Constitution of the State of Texas, providing for the separation of the University of the State of Texas and the Agricultural and Mechanical College and an equitable division of the University lands." All voters voting on this proposed amendment at said election who oppose its adoption shall have printed or written on their ballots the following: "Against Amendment to Article 7 of the Constitution of the State of Texas, providing for the separation of the University of Texas and the Agricultural and Mechanical College and an equitable division of the University lands." Previous to the election the Secretary of State shall cause to be printed and forwarded to the Judge of each county for use in said election a sufficient number of ballots for the use of voters in said county on which shall be printed the form of ballot herein prescribed for the convenience of the voters.

JOHN G. MCKAY,
Secretary of State.

Application has been made to the postal department for interance as second class matter. The paper is well gotten up and printed, carrying a good lot of local news. Herald is pleased to exchange.

You will notice that the Herald is unusually slim on news matter this week owing to the fact that the editor was away on business this week, and Mrs. Editor, having her cooking, two cows and a garden to see after, had little time to chase news matter, but we promise to do better next week.

J. T. May went to Lubbock this week after freight.

There was a good crowd out to attend Miss Brown's recital, Tuesday night. She will leave today for her home at Brownwood, after teaching expression here for the past few months. She awarded two medals for excellence in expression. Minnie Lee Cardwell first, and Aubrey Banowsky second. Miss Brown's work has been very satisfactory and we regret very much to see her leave. We doubt our being able to secure another expression teacher who will do as good work as she.

Honor to the Dollar That Bears the Burdens of War.

All honor to the dollar that answers the call to arms and, when the battle is over, bandages the wounds of stricken soldiers, lays a wreath upon the graves of fallen heroes and cares for the widows and orphans.

All honor to the industries that bend their backs under the burdens of war; lift the weight from the shoulders of the poor and build a bulwark around the nation's credit.

All honor to those who contribute to the necessities and administer to the comforts of the boys who are marching; cool the fever of afflicted soldiers and kneel with the cross beside dying heroes.

A dollar may fight its competitor in business, industries may struggle for supremacy in trade and occupations may vie each other with envy or suspicion, but

when the bugle calls they bury strife and rally around the flag companions and friends, mess mates and chums, all fighting for one flag, one cause and one country.

The luxuries in life have always been the great burden-bearers in government. We will mention a few of them giving the annual contributions to the nation's treasury: Liquor, \$250,000,000; tobacco, \$103,000,000; sugar, \$54,000,000; silks, \$15,500,000; diamonds, \$3,837,000; millinery, \$2,479,000; furs, \$2,024,000 and automobiles \$870,000.

The real problem of the farmer is how to sell his products.

A shoat in the pen is worth a ten dollar bill in the pocket.

The annual per capita factory creation of Texas is \$25.00.

We have one manufacturing enterprise to every 850 people.

Fifty per cent of the factories of Texas are owned by individuals, 30 per cent by corporations and 20 per cent by firms.

The closing exercises of our school on last Thursday night were literally rained out. The town was full of people who got here before the rain began, but there was no attempt made to have the school exercises. Friday night's program, by the lower grades in school, was good and well carried out. All the tenth grade made good grades in all their studies, also in final examinations, and were promoted to the eleventh grade for next year. Messrs. Raymond Simm's, Houston Shepherd, Henry Ward and Lee Fulton received diplomas.

Mrs. Geo. Wilkins, from West Terry, made a two days visit here to her friends last week. Ye scribe received a much appreciated visit during her stay.

Mrs. Ben Hurst spent several days last week visiting her parents here, also attended the school closing.

The M. E. Church Conference last Saturday and Sunday was well attended and good crowds were out at all services.

Mr and Mrs. John Powell of Brownfield, attended church here last Sunday. Mrs. Powell paid ye scribe a pleasant call in the afternoon.

Little Pauline Hunter was real sick here last Saturday night, but seemed better when her parents carried her home Sunday evening.

Jim Moore received a letter from his father, A. P. Moore, last week, stating that they had payed a visit to his son, Bob Moore, in Concho County. They started on to Alabama just exactly at the right time to meet last weeks floods and railroad washouts in East Texas. Mr. Moore wrote they were at Mt. Pleasant, Texas and the railroad was washed out so bad that they would probably have to stay there several days.

Prof. White moved to the West place last Saturday and Grover Lewis moved into the house that Prof. White moved out of.

Arthur Moore left for New Mexico, last Wednesday to look after his stock out there, and now that school is out will move his family out there on his return.

The young folks will have a moonlight picnic out at Bert Shepherd's tonight, (Tuesday).

Well, we haven't got any wings, don't own either an air-ship or an auto, and besides we are not web footed so the result was, all last week when we went anywhere outside the yard we just had to wade the water, and the result is, since Saturday night a constant fever and headache with the usual accompaniments of severe cold. Not sick enough to stay in bed but just feel utterly miserable.

Will McPhaul and Mesdames, Will and Arch McPhaul and Miss Smith were trading here Monday.

Albert Craig and family after several weeks visit to S. H. Key and family of this place, left last week for California, where they expect to make their future home.

Miss Nancy Dumas our primary teacher, left last Saturday for her father's home in South

Will save you money on your bill. When you go up to Lubbock, don't fail to see them and have your bill filled by them; they have the goods you want. All kinds of green vegetables arriving daily.

Terry, where she will spend a few weeks visiting the home-folks. Miss Nancy will attend the Summer Normal at Canyon City this summer, and we hope will be one of our faculty another year, for we have never had a teacher who has given more universal satisfaction. She is a faithful and conscientious teacher who tries to do her duty without favoritism to any one.

Alvin Key and wife came in for the school closing and visited at Prof. White's and other relatives here until Tuesday.

Miss Lucy Yates came in last week from Yoakum County, and visited friends here and out at I. H. Hudson's until Monday.

Lee Tow and wife came in Monday evening from Scurry County enroute to Lee's home in New Mexico. They spent the night at S. H. Key's and went on to N. M. on Tuesday. Lee is one of the old timers in Terry and by his honor, industry and good disposition made friends of all who knew him. And to a host of those friends this notice will be the first notice of his marriage which took place recently in Scurry county. All join in wishing them health and happiness.

Arthur Moore and Chris and Harry Timms got in Tuesday from N. Mex. Arthur reports that rain has been plentiful there this spring and grass is much better than it is here, also that his horses have gone through the winter in fine shape, as he did not lose any from loco.

Mrs. W. B. Snodgrass came in Tuesday from Floydada. Hugh Snodgrass and wife met her here and as they were going home Hugh got out to open a gate, three miles west of here, the horses became frightened at something and turned around upsetting and overturning the buggy. Both ladies were thrown out and Mrs. W. B. Snodgrass hurt, but at this writing it is thought not seriously. Mrs. Hugh Snodgrass was not hurt. The horses kept running passing through town with only the front wheels of the buggy hanging to them, they kept on due north, but were caught later on by W. C. Mathis, in the lake north of town. The buggy was an entire wreck.

Two capitalist of Oklahoma City, are in Yoakum county purchasing land. People everywhere are recognizing the fact that the Plains of Texas is the coming country.
