#### Brownfield School

##### Closes.

The Brownfield Public School came to a close Monday night, with a program something like three hours in length, all of which was interesting and appropriate to the occasion, the audience seemingly as responsive to the last item of the program as to the first. There was to have been two nights of the performances, but some show people were wanting the auditorium, besides some home talent were needing the stage for rehearsals.

In many respects, this has been one of the most successful and harmonious terms of our school in the six years we have been here, and with the additional funds recently voted, all expect to enter the new school year under unusually favorable circumstances.

To those who are aiming to move to a school, will say that the Brownfield High School presents its claims for your consideration. We can assert without successful contradiction that Brownfield is one of the cleanest towns on the plains, both morally and from a sanitary standpoint; there being less sickness here than most any town you may name. To all this, there is no boom here; just a steady growth, and therefore the rents for houses is within the means of everybody, and lots of the homes will take children to do chores after school hours for their board.

The High School pupils enjoyed a picnic at the Dick Brownfield tank, Tuesday, returning by way of the printing office to have their pictures made.

#### Tahoka Boosters Here

Five or six cars of Tahoka boosters arrived in Brownfield about ten o'clock, Tuesday morning, and while more business and better roads was the main theme with them, there lingered genial

smiles upon their maps that denoted that business was not all they were getting out of life. If we were placing a cro-mo one the mug with the very broadest grin however, it would unquestionably went to Larkin. The personal of the party was as follows:

T. M. Larkin, general merchant; Geo. Small, Higginbotham Harris Lumber Co.; Homer Scott, Scott-Hughes Garage; C. C. Barns, thresher man; J. E. Ketter, general merchant; D. T. Rodgers, Pierce-Fordyce Oil Association; M. H. Edwards, coal and grain; J. N. Jones, undertaking and furniture; D. C. King livery and feed; J. J. Nettles, Commissioner; J. H. McCoy, physician; W. J. Fleming, garage; Ira Doak, barber; L. A. Shook, service car; J. E. Stokes, hotel; John Stokes, of Gail; R. C. Wells, general merchant; F. L. Parker, McAdams Lumber Co.; J. Sherrod, gin man; Prof. G. G. Hazel, Supt. schools; S. N. Weathers, tailor; Mr. McDonald, Texas Oil Co.; Jim Crie, Lynn County News and E. L. Howard, Star Theater.

Leaving here, they went on to Plains where dinner awaited them; returning, they spent some time with the Gomez people, then back here for supper. While they were waiting for supper, the Herald man got in his work, first making a snap shot of the bunch—risking a good kodak—then we proceeded to release the crowd of several dollars on subscription, together with some nice ads.

It seems that some of the boys got stuck in Brownfield, but there was no mud to mention—but then our girls are noted for their beauty, and we believe this fact was their legal excuse.

We are glad these fellows came over to the best county on earth, as some of them had never seen it before. We heard many compliments passed on the beauty of our little town and our famous courthouse park.

Gentlemen, make your person-

#### Frank Davis Hurt

Some time Wednesday, Frank Davis, 19 years old, and a step son of B. C. Christenson, living in the Harris community, in the western part of the county, started to the railroad with a load of corn, and upon arriving at the T. F. M. gate, in starting his team again, a buckle flew off the hame string, striking him in the eye. His father brought him to town.

We understand that part of the upper lid was cut away, and that the ball of the eye was pretty badly lacerated, but Dr. Treadaway thinks he will be able to save the ball if not the sight. Frank is staying with Bro. Hughes at the parsonage for a few days until his eye is better.

#### April Weather

Mean maximum 73, mean minimum 47, mean 60; maximum 85 on the 4th and 21st; minimum 30 on the 1st and 3rd; greatest daily range was 45 on the 4th. Total rainfall was 5.55; greatest in 24 hours 1.12 on the 25th.

Number of days with .01 or more inches of rainfall, 12. There were 16 clear, 8 partly cloudy and 6 cloudy days. Total rainfall for the first five months of 1915, 9.77 inches.

There will be Literary at the Primrose school house Friday night, the 14th. Everybody invited to come out. A lot of good music is promised and a good time in general is anticipated.

The farmers in this neighborhood are planting corn this week.

Hope Timmons made a trip to Tahoka the latter part of last week.

J. M. Brown spent first Monday at Lubbock.

We had a good rain accompanied with considerable hail, Wednesday night.

Charley Cowan is working for J. W. Peeler this week.

Well Editor, thanks for the correspondent's rules. I will comply with them as near as possible. I usually jot down an item as soon as I hear it, with the intention of re-writing it. But alas an opportunity to mail it at the last chance. I think I'll have to get it in on time, therefore I send it along without writing the list again. I place the rules, dictionary, calendar and writing material all together handy, so I can use them any moment.

Later

Mr. and Mrs. Turner, who live on the H. L. Smith place, visited home folks over in Yoakum Co., Saturday and Sunday.

Sam Branch and wife visited Lence Price and family Sunday.

A. H. Herring and Solon Cowan made three trips to Tahoka, last week, hauling grain. They went again Monday of this week.

Jim Good and Charley Cowan attended the party at Mr. Windhams last Saturday night.

Rev. Faw filled his regular appointment at Meadow Sunday.

There was singing at the church house Sunday night, with a large crowd in attendance.

Jim Johnson and family have moved to the W. K. Dickinson ranch in Terry County.

The farmers are bucking down to the plow handles, trying to get their planting done. After the last hard rain there is some complaint that they will have to plant over again.

Ye scribe is relishing fresh radishes and onions this week.

Say correspondents, send in another remedy besides the pepper route of doing up a suck egg dog. An old greyhound found and ate a whole nest of fine Bronze turkey eggs for me, the other day. So I fixed him a pepper egg immediately with the result that he looked up and licked his chops like a Mexican in a hot tamale shop, as much as to say "thank you," what next? The next is, I am practicing target shooting and when ever I get so I can hit a five gallon oil can at twenty paces, there is go-

ing to be a dead greyhound.

## NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death."

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength. If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day. Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N.G. 126

## CONSTITUTIONAL AMENDMENTS

To Be Voted on, Saturday, July 24th, 1914

House Joint Resolution No. 34.

A Joint Resolution proposing an amendment to Article 7, Section 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, providing for the establishment and separate maintenance of the University of Texas and fixing its permanent location in Travis County; providing for the permanent location of the medical branch of the University of Texas in Galveston County; providing for the establishment and maintenance of the Agricultural and Mechanical College of Texas as an independent college, and providing for its permanent location in Brazos County; providing for the establishment and separate maintenance of the College of Industrial Arts and fixing its permanent location in Denton County; authorizing the establishment of junior agricultural college subsidiary to and under the government of the Agricultural and Mechanical College Board; establishing the Prairie View State Normal and Industrial College, and declaring it a branch of the Agricultural and Mechanical College, and fixing its permanent location at Prairie View, in Waller County; making an equitable division of the State permanent endowment fund between the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College; making an appropriation to defray the expenses of advertising the Governor's proclamation and submitting same to a vote of the people.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 10, 11, 12, 13, 14 and 15, Article 7, of the Constitution of Texas, be amended so as to hereafter read as follows:

Section 10. The University of Texas is hereby established and permanently located in Travis County, and shall be a university of the first class. The Legislature shall provide for its organization and for its development, maintenance and permanent improvement shall make by appropriation and otherwise such provision as may be necessary for the promotion of literature and the arts and sciences, pure and applied, of the university of the first class. The affairs of the University of Texas shall be administered by its own governing board as provided by law. The present members of the board shall continue in office until the expiration of their respective terms. The location herein made of the University of Texas shall in no way affect the location of the medical branch thereof situated in Galveston County.

Sec. 11. All lands and other property granted by the Republic of State of Texas to the University of Texas, or the University of Texas and its branches, except the lands transferred by Section 13 of this Article to the Agricultural and Mechanical College of Texas, and to the Prairie View State Normal and Industrial College, shall together with the proceeds of the sale of such lands constitute the permanent university fund. All the income derived therefrom shall be the available fund, and shall be applied to the support and development of the University of Texas and to meet its obligations. The proceeds from the sale of University lands shall be invested as authorized by law for the investment of the permanent school fund. The one-tenth of the alternate sections of lands granted to railroads, reserved by the State, which was set apart and appropriated to the establishment of the University of Texas by an act of the Legislature, February 11, 1858, entitled "An Act to establish the University of Texas" shall not be included in or constitute a part of the permanent university fund.

Sec. 12. The Agricultural and Mechanical College of Texas is hereby established and permanently located in Brazos County and separated from the University of Texas and constituted an independent college. The Legislature shall provide for the organization of said college and for its development, maintenance and permanent improvement, shall make by appropriation and otherwise such provision as may be necessary to accomplish the purpose of said institution, which without excluding classical and cultural studies, shall be to teach and develop those branches of learning which relate to agriculture and the natural sciences connected therewith, the various branches of engineering, the mechanical arts and military sciences and tactics. The affairs of the Agricultural and Mechanical College shall be administered by its own governing board as provided by law. The present members of the board shall continue in office until the expiration of their respective terms. The Prairie View State Normal and Industrial College for Colored Youths is hereby established and its government and control shall continue under the governing board of the Agricultural and Mechanical College of Texas. Provided the Legislature may establish junior agricultural colleges subsidiary to the agricultural and Mechanical College and under the control of the Agricultural and Mechanical College Board.

Of the land heretofore set apart to the University and to the University and its branches by the State of Texas, and remaining unsold, there are hereby transferred to and made a part of the permanent fund of the Agricultural and Mechanical College of Texas, six hundred thousand acres of land of average value; there are hereby transferred as a permanent fund to the Prairie View State Normal and Industrial College one hundred and fifty thousand acres of land of average value; and all of the remainder of the said land shall constitute a part of the permanent fund of the University of Texas. The Legislature shall provide for the division of the land as specified herein. The land herein set apart to the University, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College may be sold under such regulations, at such times and on such terms as may be prescribed by law. The Legislature shall provide for the prompt collection at maturity of all debts due on account of the sale of said lands, and in no event shall any relief be granted to any purchaser.

Sec. 14. All lands and other property heretofore granted or herein granted to the Agricultural and Mechanical College, together with the proceeds of the sale of such lands shall constitute its permanent fund. All the income derived therefrom shall be the available fund and shall be applied to the support and development of the Agricultural and Mechanical College and to meet its obligations. The proceeds from the sale of the Agricultural and Mechanical College lands shall be invested as authorized by law for the investment of the permanent school fund.

Sec. 15.—The College of Industrial Arts for White Girls located at Denton, in Denton County, Texas, is hereby established and recognized as an independent college, and the Legislature shall provide for its organization, maintenance, development and permanent improvement and shall make by appropriation and otherwise, such provision in addition to that heretofore made as may be necessary for the establishment and maintenance of a first class college, for the education of white girls in the literary branches, the arts and sciences and the practical industries of the age. The college shall have its own governing board, which shall designate the officers of administration and instruction, and other employees, determine their salaries, establish departments, subdivision, libraries and laboratories and other agencies of education consistent with the objects of the college and perform such other duties as the Legislature may prescribe.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation and have same published as required by the Constitution and laws of this State. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated to defray the expenses of publishing said proclamation and the expenses of submitting this resolution to a vote of the people.

Sec. 3. The foregoing amendment to Article 7, Sections 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, shall be submitted to the qualified electors of this State for its adoption or rejection at an election to be held on the fourth Saturday in July, A. D. 1915, the same being the twenty-fourth day of said month. All the voters voting on this proposed amendment at said election who favor the adoption shall have printed or written on their ballots, "For amendment to Article 7, of the Constitution of the State of Texas, providing for the separation of the University of the State of Texas and the Agricultural and Mechanical College and an equitable division of the university lands." All voters voting on this proposed amendment at said election who oppose its adoption shall have printed or written on their ballots the following: "Against Amendment to Article 7 of the Constitution of the State of Texas, providing for the separation of the University of Texas and the Agricultural and Mechanical College and an equitable division of the University lands." Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each county for use in said election a sufficient number of ballots for the use of voters in said county on which shall be printed the form of ballot herein prescribed for the convenience of the voters.

### Harris

By Sand Bur

West Wind's confession that she had been careless and neglectful of her correspondence was a rebuke to us, for we believe she denotes more time to her contributions than any other of the Herald correspondents. We have been more careless than she has. Our excuse, like her's, is home cares. Possibly ours is more varied than hers, but we will try to do better.

Harry Timms passed Wednesday going up in the sand hills after a windmill which he moved home. As he came back by Thursday he took two spans of Brit Clare's mules with him to break to work. Mr. Parks also took a span of them last week.

Oral Adams and son Willie, with one other hand, spent Wednesday night at Brit Clare's. They were driving some cattle to Jay McPhauls. Willie says riding is hard work after being in school all winter.

A heavy hail fell here Wednesday night which did much damage. It was followed with a big frost Thursday night but though it seemed strange to us we could neither see nor hear of any serious damage from the frost.

Mrs. Arthur Cotten was trading at Harris Friday. She reports everything doing well at their ranch.

A Mr. Bailey, a prospector, came out from Lubbock last week looking for a location for his brother. He decided his brother would not like being so far from the railroad so he didn't look around any. We failed to learn where he was from, but we may be near a railroad sooner than he thinks.

W. E. Cherry was at Harris Saturday trading and having some blacksmithing done.

Almost everyone was out Sunday with well filled baskets expecting to have church with dinner on the ground, but Bro. Hughes failed to come. This is the first time he has failed us and we feel sure he had just cause. (He was sick.—Ed.)

Prof. White decided last Friday that he wished to attend the Normal at Canyon City this summer. He sold out his crop and lease here to Mr. Davis, and Saturday moved and stored most of his household goods here in town and loaded a wagon ready to leave soon Sunday morning. They will visit a sister of the Prof. at Odonnel Tex., after which they will go to Canyon City. Mrs. White and the little ones will spend part of the summer in Canyon City and part of the time visiting relatives in Hamilton County. Prof. will return here in the fall as he has promised to teach here next fall.

Mr. Davis and family moved to the West place Monday recently vacated by Prof. White. Welcome to our town.

Fisher White left last week for Lynn County where he has a job of farming.

Mrs. Vernon Seitz and her father from Roswell, visited here at Mr. Seitz' last week.

Joe Lane and family left Monday morning for Cisco, to visit Joe's parents.

Mary Zozo Mashburn accompanied Mrs. Lane to Cisco, where she will spend the summer with her grandparents. Mrs. Mashburn will spend the summer down at the Lane ranch where Mr. Mashburn is at work.

Bob Snodgrass and family spent Sunday in town.

Bob Snodgrass swapped a fine jersey cow to Grover Lewis for a good mare. They made the exchange Monday.

Bert Ingram and family and S. W. Jenkins came in last week for some farm machinery and had to wait over till Monday for the freight wagon to get in.

Hosey Key and wife spent last Saturday and Sunday here in town.

Messrs. Wes and Jim Key and their families visited down at Mr. Green's at the Dove ranch last Sunday.

Jim Moore received a letter from his father stating that they had arrived at Huntsville Ala.

Arthur Moore made a trip to Tahoka this past week.

Ben Brannon and Fred Moore came in Sunday from a trip to N. Mexico.

Mrs. Walter Black came in last week from a visit to her sister in Stephens county. She went to Brownfield Monday afternoon to attend the closing exercises of the school and bring her daughter, Miss Nora, home. Miss Nora has attended school in Brownfield this term.

We tender an apology to those interested in the runaway of Hugh Snodgrass' team last week, for an inaccurate statement of the facts, which are as follows: Mrs. Hugh Snodgrass was driving and a rough place in the road caused a violent jolt which threw her out. The lines of course went with her, and Hugh jumped out to secure them. In jumping he fell and hurt his arm severely. The horses turned abruptly around upsetting and breaking the buggy and throwing Mrs. W.

FOR YOUR NEXT LUMBER

There is not a better or higher grade stock on the Plains, yet the price is no higher than for inferior grades others handle. Besides lumber, we have the best in paints, oils, cement, lime, post, wire and windmills. Just give us a chance at your bill.

## COAL & FEED

I have one of the best stocks of feed and coal to be found, and invite you to get my prices before you buy. I advise you to buy early, as the price of coal and feed will likely soar this winter.
