#### Baker Wins.

In our issue of May 18th, our Plains correspondent had the following item:

Mr. E. G. Baker, the motorcycle speed king, accompanied by Mr. W. F. Sturm, of the Indianapolis News, passed through here today enroute from San Diego Cal., to New York City. Mr. Baker intends to cover the continent from coast to coast in about fourteen days, and is confident that with his Stutz car, Hawk wire wheels and Goodrich tires that he can make it in the given time.

They left San Diego on May 6th at midnight and arrived here on Monday noon, a distance of 1367 miles in three and one half days."

We had a letter from Mr. Wilbur F. Faulley, society editor of the New York Times, and a close reader of the Herald, and he sent us the following copy of an ad that appeared in the New York Times of May 23rd, and adds: "You see, it got here all right as told by your Plains correspondent."

Last Tuesday a Stutz "Bearcat" stock car, with E. G. Baker driving, reached New York, finishing its record-breaking dash from San Diego, Cal. The trip of 3728 miles was made in 11 days, 7 hrs., 15 min., the car being driven every foot of the way by Mr. Baker. This was also a transcontinental record for a single driver.

The start was made on Thursday, May 6th, and the route included desert sand, mountain trails, snow, mudholes, deep streams and canyons, quicksand, prairie grass and boulevard.

When the Stutz car reached New York, covering as much as 592 miles in a single day, it was as fit as when it started—not a part broken nor worn unduly. A single set of tires carried it through.

#### May Weather

Temperature: Mean maximum 81; mean minimum 51; mean 66; maximum 92 on the 25; minimum 35 on the 7th; greatest range 42 on the 15th. Precipitation 2.48 inches; greatest in 24 hours 1.60 inches on the 26th; days with .01 or more inch rainfall 4; clear 23; partly cloudy 5; cloudy 4. Rainfall in May 1914, 4.75 as compared with 2.48 this year. Total to June 1st 1914, 7.07 inches; this year 12.25.

Mr. Barkley, of Tahoka, arrived Monday to take charge of the Sanitary Barber shop for Shed Weathers.

#### Come Again Midland.

Last week the Lubbock Avalanche published a reprint from a Midland paper to the effect that they had the largest peach tree in the world. Prof. Huckleberry saw the article, and said that while he had never seen all the peach trees in the world, he thought there was one in Terry that had the Midland tree bested, and forthwith, had T. E. Hobbs who owns one of the oldest orchards in the county, to thoroughly measure one of his trees. Here is the Midland tree: 34 inch trunk and a 27 feet spread of the branches. The Terry county tree has a 39 1-2 inch trunk and a 33 1-2 feet spread.

Now we don't claim this to be the largest in the world, understand, far, as we said above, we have not seen all of them, but we do claim to have the Midland tree skint.

#### Rabbit Scalps

Answering, in this way, the many inquiries about the rabbit and wolf bounty, will say this law takes effect June 18th. next; \$2 for each wolf scalp, and 5c for each jack rabbit, the other kind of rabbit not taken. The scalps must be taken after June 18th. Those taken before will not be counted. Present them to the Commissioners Court, each regular session, second Monday in each month, with your affidavit, which we furnish, that they were killed in Terry county since June 18th, by the person presenting them and no other.

This law will last till the State appropriation of one hundred

thousand dollars, is expended. The bounty is extended to the whole State. I suggest that it won't last long, and those who want a bounty better get busy, promptly after June 18th.

As the law requires the person killing to bring scalps in person, at regular term of court, it will save confusion to not sell them to others.

Geo. W. Neill,  
County Judge.

#### Baby Show.

The Star-Telegram is starting a weekly baby show in the Monday morning's Edition of that great paper, and the authorized agents are to be the editors. Now, the Herald is the authorized agent for Terry county, and we know there are lots of pretty babies in Terry county, and we want to see their photos in the Monday Morning contest of pretty babies of Terry county. There will be no prizes; just a real picture show of babies of Texas.

Well, bring in a photo of your baby swimming, riding, at the wheel of your auto, on the lawn, fishing, or other stunts, and we will do the rest. It will cost you nothing, and the photo of your little one will go into 40,000 homes.

Remember, the Herald is the authorized agent for Terry, and can get you the Daily and Sunday Star-Telegram from now to December 1st for only \$1.95.

WHEN in Lubbock, see us for second hand goods and furniture. We are leaders in the picture framing business. Riley Duff & Co.

#### Good Crowd at the Cemetery

As announced in last week's paper, Monday was set aside as decoration and clean up day, as the 30th came on Sunday and our citizens wanted to clean off and remound the graves, as well as decorate them.

By two o'clock, people begin to arrive, and immediately set to work, and in a few hours, there was a great transformation, and every grave in both the public and Odd Fellow cemeteries were neatly rounded up, the bare grass dug up, and all graves had a bountiful supply of flowers on them, while others planted roses and other perennials.

The local Woodman camp put on their usual May Day ceremony, at the grave of their deceased members, Sovereigns Reeves and Parks.

It has been suggested by some that another day be set right away to meet at the cemetery to replot and permanently mark every grave in the yard. Don't stand back because you think this everybody's business, but suggest a day, and the Herald will do its part in giving the matter publicity.

#### Notice

We have purchased the Tailor Shop from B. L. Anderson, and will carry a neat line of samples. Cleaning, pressing and repair work done. Satisfaction guaranteed.

## Married

Mr. Frank Nevils and Miss Erma Robinson were quietly married at the home of the bride's parents, Sunday, May 30, before a number of relatives, friends and neighbors.

Mr. Frank Nevils is the son Mr. and Mrs. Joe Nevils, of Tahoka, and is highly respected and well thought of by the entire town of Tahoka. Miss Erma Robinson is one of the charming daughters of Mr. Robinson of six miles east of Meadow. Miss Erma numbers her friends by her acquaintances. Is quiet and settled in disposition, and fully capable of making Mr. Nevils a companion through life.

The writer and all their friends hope them all that life can possibly give them.

Carroll Phillips, officiator.

## University Requires.

Recently the inspector of the schools from the State University stated that the Plainview Public School had made more progress in affiliation with Texas University than any other school in Texas during the past two years. It now has three and one half more credits than is required by Texas University for entrance.

The following teachers have been elected, and will be assigned latter:

Re-elected—Mrs. A. G. Harrison, Misses Addie Donally, Katherine Powell, of Brownfield, and Annie May Carnes; new teachers—Misses Ethel McMillan of Plainview, Mozelle Treadaway of Brownfield, Virginia Dalton, of Plainview, Josie Rosson and Mary Lipscomb, of Plainview.—Plainview News.

Besides Misses Powell and Treadaway, of this city. Prof. A. G. Harrison, has been made the superintendent of the Plainview public schools. He and wife are also Terryites, being formerly employes in the Gomez school. Yes, Terry teachers are o. k.

Jay McPhaul and wife returned home Saturday after and absence of several days. Jay's mother went home with them for a visit.

Mrs. H. F. Wingo visited Mrs. J. M. McMillan last Saturday.

Mr. Hargett and wife former Brownfield people, and R. W. Glover passed here today, Monday. They were on their way to see a section of Yoakum county land which the Hargetts own.

A good shower fell here last night and we hear it was a very heavy rain accompanied with hail just west of us. This rain was in good time and very welcome as it was getting too dry to farm. Our farmers rose with the lark this morning and went to work in their crops again.

We have one great advantage over hard land farmers. Our land contains enough sand so it can be plowed next morning after a rain, while where the land is hard they must wait for it to get dry enough and then unless it rains in a few days it is soon too dry.

Mrs. W. J. Satterwhite and children and Miss Jewel Bess were trading at Harris Wednesday.

Mrs. J. M. McMillan was right sick for a few days last week and Miss Ethel Harris went over and stayed with her until Mr. McMillan came in from Lubbock.

Walter Lupton and family and Mrs. Lupton's mother, Mrs. Mahoney, passed here Thursday on their way to Lubbock. They spent Thursday night with Jack Mahoney at the Mallet Ranch. Mrs. Lupton will accompany her mother to her home in California where she will spend the summer. She is taking her three youngest children with her and will leave the older ones in the convent at Stanton during her absence.

Mrs. S. Poyner visited Mrs. L. H. Hooker last Saturday.

The young people enjoyed a party at B. C. Christenson's Saturday night. Ice cream and cake were served for refreshments. All had a good time.

Mrs. Jim Wright called on Mrs. F. M. Ellington last Wednesday.

E. E. Simms and family and little Miss Eddie Snodgrass were visiting at Harris Tuesday night and Wednesday. They returned to Gomez Wednesday afternoon.

Glenn Harris came in from the Mallet Ranch Wednesday, where he had been at work.

## WAREHOUSES, CREDITS AND ACREAGE

SOLUTION OF COTTON  
PROBLEM, SAYS FARMERS' UNION.

Diversification Urged and Coercion Opposed.

The marketing problem of the

southern farmer is attracting universal attention and the exigencies of the situation fully demonstrate the wisdom of the course pursued by the Farmers' Union in the campaign it has been carrying on for the past ten years for a better marketing system. The best time to prepare for a fire is before it occurs, for while the conflagration is raging it is too late to prevent destruction and the best that can be done is to save the furniture.

The southern farmer has just experienced a four hundred million dollar blaze in cotton values and the lurid flames as they leap skyward have illuminated the horizon of two hemispheres and have assembled the largest body of property holders, spectators and sympathizers that ever witnessed a conflagration and while the crowd is standing around we want to address them briefly from the standpoint of the owner of the property involved. We think the subject has been fully exhausted from every other line of approach.

Every calamity has its froth, and the foam and bubbles that have come to the surface in this discussion, while beautiful as a rainbow and as alluring as a mirage, are in many instances not adapted to solving the problem. Then too many cooks spoil the broth and there must be some one plan universally followed or all will fail. We want to review some of the plans now under discussion and recommend for the adoption of the Texas farmer such plans as we think practicable and feasible.

The problem before us is clearly one of warehouses, credits and acreage. They are business—not political—problems and their solution must be based on sound economic principles.

### Warehouse Bill a Fiasco.

The so-called relief measures passed by the last legislature are, in their present form, of little value. The warehouse bill submitted to the last legislature by the Farmers' Union was thrown together with a lot of other bills on this subject and a hybrid bill prepared, apparently by parties who have no practical knowledge of the cotton industry. While we appreciate the sincerity of the motive and honesty of effort that actuated the legislature, the Farmers' Union hereby washes its hands of the whole affair. The farmers of Texas can hope for no relief from any enactments of the last session of the legislature as they now stand.

The plan of the Texas bankers to force a reduction of acreage by requiring a farmer to sign a pledge to reduce acreage before lending money on cotton no doubt has patriotic motives behind it, but in effect it is vicious. It forces the poor farmer, who must borrow money, to reduce his acreage next year, but leaves the well-to-do farmer and the large planter, who are independent of the power of the banker, to do as they please. No farmer should be coerced by business pressure of the banker to sign such a contract, for he can depend upon the large planter increasing his acreage in the same ratio that the poor farmer decreases his. Likewise, the farmer should pay no attention to agents of self-appointed agricultural administrators who call around with their sample cases filled with advice on when to sell cotton and how many acres to plant next year.

By what authority does the

merchant and the banker exercise the right of eminent domain over the products of the soil?

### Acreage a World Problem.

The question of cotton acreage is not a local or state problem, if indeed it can be solved nationally. It is a world problem, for in what way would a profit the south to reduce the cotton acreage, say 10 per cent, if the foreign countries took up the slack? No Texas farmer should be asked to pledge a reduction of acreage unless satisfactory as-

Insurance is given that the propaganda will be successfully carried on in other cotton states and countries. The Farmers' Union has been dealing with this problem for the past ten years and has placed its influence behind almost every suggestion that promised solution and out of our experience we are inclined to suggest, at the moment, that there is a peril in planting cotton by law or farming by dictation from bankers. We think planting by the moon is as good a plan as either (although we have never tried it) unless the total world acreage can be regulated by these influences.

We present statistics from the Federal Department of Agriculture dealing with the subject which give a reason why the farmer does not take eagerly to diversification. The following table gives a list of our leading staple products produced in Texas and their average value per acre during the past five years:

Crop	Five year average value per acre
Cotton	\$21.55
Oats	14.35
Corn	12.97
Wheat	12.76

Well we went to the play in Brownfield Tuesday night of last week, and it was splendid. We had no idea there was such talent at home.

Pope Allen, a brother of Philip and Terral Allen, has not been able to work for several weeks, left for his home in Throckmorton County last Tuesday. We hope for his speedy recovery.

Otis Copeland and wife and Judge Copeland attended the funeral of Ed Robinson, at Lubbock, Thursday of last week.

Oscar Boyd and little son, Frank, with their outfit took a bunch of yearlings to Lubbock, to be delivered to the Wolfarth Bros. They will bring cows and calves back they have recently bought of the Wolfarth men.

West Wind your dose has failed to cure the dog this time. We gave him an egg with pepper and turpentine and in less than an hour he was hunting more eggs. We put about a teaspoon each of pepper and turpentine. Probably that was not enough and maybe we should have had cayenne pepper. I fear the only cure for this particular dog is to shoot him.

Dr. J. J. Randal, Dentist, of Paducah, will be in Brownfield June 15, for 30 days. All work guaranteed first class and prices reasonable.

Rev. J. B. McReynolds, former pastor of the Methodist church at this place, but was sent to the Andrews charge last fall, came over last week in his Ford from Tahoka. Said he just couldn't resist the chance of seeing his old friends after getting that close. He is always welcome in Brownfield. Rev. Hughes left with him for the District Conference at Big Springs, and will go from there to visit relatives in Hill county.

Earl Hill ran the Editor and family, and a brother of the editor over to Gomez in his Maxwell, Saturday afternoon, and we too in the cream supper at the school house, which we enjoyed to the full capacity, both the cream and the privilege of mixing with the fine people of that little city. At 11:30 p. m., we left for the home of Will Snodgrass, five and one half miles in the country, arriving there at 1 a. m. We can't say much about his crop, as we slept till Sunday School time next morning, but we saw some fine cabbage growing that we are going back after later.

Burnett Bros., and Dick Brownfield, who recently shipped their silo stuff to Kansas City, topped the market. Burnett Bros., with calves and Dick with his bulls. They all weighed out well after shipment, and the boys expressed themselves as being well pleased with the price received.

A. D. Brownfield carried a large herd of two year olds to his ranch in the western part of the county, last week.

C. L. Graves, manager of the Graves ranch south of town, was in this week after supplies.

Jack Bryan and family were in this week after Miss Cuma Nix, who lives with them, and who has been attending school here.

J. T. Stricklin, left Monday morning for his home at Ada, Okla., but will visit friends and relatives at Anson and Ft. Worth on his way. After Sept. 1st, he will be located at Lubbock.

Prof. Huckleberry informs us that he has secured the Slide school, and he and daughter, Miss Bessie, will teach there the next term.

Jim Green got a wire from Georgetown, Tuesday night, to the effect that his aged mother was not expected to live. He left next morning for that point and we hope he may find her better upon his arrival.

Hon. G. E. Lockhart, our District Attorney, and family, from Tahoka, came over this week on business, and to visit friends.

Preaching at the school house last Sunday at 11 a. m. and 3 p. m. A large crowd out at both sermons.

The ice cream supper was a decided success, financially, receipts amounted to \$34, and we understand all present seemed to have a good time.

Mr. and Mrs. Parks and little Ita, were in trading last Saturday evening and Rev. Stricklin accompanied them home and spent the night with them.

Ye editor and family were the guests of Will Snodgrass and wife last Saturday night.

We failed to mention last week that Mr. William Gainer and wife of Midlothian, Texas, are visiting their son, Irvin Gainer at this time. We learned over the phone yesterday that Irvin Gainer has sold his section of land six miles west of here to Will Snodgrass and will move his family back to Midlothian immediately. William Gainer is not able to attend to his business there and it is necessary for Irwin to go back. We regret to lose them for they are good citizens.

J. T. Price and wife visited at W. B. Snodgrass' last Saturday night.

Mrs. Jim Moore's parents sent her a fine jersey cow and calf last week. They shipped the cow to Tahoka, and Ben Brannon hauled her out.

FOR YOUR NEXT LUMBER

There is not a better or higher grade stock on the Plains, yet the price is no higher than for inferior grades others handle. Besides lumber, we have the best in paints, oils, cement, lime, post, wire and wind-mills. Just give us a chance at your bill.

## COAL & FEED

I have one of the best stocks of feed and coal to be found, and invite you to get my prices before you buy. I advise you to buy early, as the price of coal and feed will likely soar this winter.

G. W. SNIDER TAHOKA, TEXAS

Alvin Key and wife visited here at Grover Lewis' last Saturday night.

Mr. and Mrs. Hargett from Shallowater, accompanied by Mr. Montgomery from Sweetwater, were here Tuesday. They came to look after Mr. Hargett's place in Yoakum.

Mr. John Yates of Hamilton county is now visiting his brother, Tom, in East Yoakum county. They were here last Friday.

Mr. Editor, that rain you reported last week was a three inch (if not more) rain here. It lasted six hours and there was five hails during that time. It beat off fruit tree leaves, split corn blades to strings and just ruined the young cotton, as a broken cotton stalk won't sprout. Farmers here are planting their crops this week and with some of them its the third planting.

corn to Lubbock Friday. The feed crop of this country is not all marketed yet.

Oscar Boyd drove a bunch of cattle to Lubbock Sunday.

Ed Thorp, our former teacher, was up in these parts, last week. He came to see about getting the Primrose School. The trustees employed him to teach our next term. He will move his family up about the 15th of July.

Lee Cowan made a business trip to Lubbock Friday.

Robt. Good has located at Lubbock, and has sent for his wife and little son. They will arrive there this week.

FOR paints, oils and varnishes, there is no better selection or better grade than that to be found at the Higginbotham-Harris lumber yard, Tahoka, Texas.

## SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly troubles, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
