A WORD TO THE WISE.

There is no use in talking to the other kind, for this is just a friendly talk. Next time you sit down to order anything ponder the following questions: Who is the better friend of mine, the Mail Order House, or my home Merchant? Which would I go to if in a tight? Which would stand by me in misfortune? Which wants my money before I get what I want, and which takes my face, note or cash after I see and get the goods? Which of them builds up my county, churches and schools to educate my children? Which would come to the rescue of my widow and orphans should I pass away? Which one would advise and work to my interest? Then which should I trade with? Let us be square and fair with each other like good friends and neighbors should

Severe Storm

Probably the worst storm in the history of the Plains country struck Tahoka and vicinity, Monday afternoon, killing one and probably fatally injuring two others, besides wrecking two homes in the T— pasture.

The cloud came up from the northeast, and Messrs. R. H. McCarmack and Ray Brownfield who were in Tahoka, say it was the hardest straight wind they ever saw. It demolished a frame building in Tahoka, besides other damage.

Fred Wofforth, who is working for the T— people, had gone out after the storm to see after some horses, and met Mr. Meyers, who said his family was killed. Fred sent the old man on to the ranch after help and a wagon, and went on to the demolished rent houses, and found the mother, daughter, and a small son half buried in hail, the ladies clothing torn off or in shreds, and their home scattered for half a mile. Fred and an older son, who like the father, seems to have been in the field, and received only minor bruises, found a mattress in the wreck, and put the half frozen patients on it till the wagon arrived, then hurried them to Tahoka, arriving there about 10:30 p. m. The girl of seventeen years, was so badly bruised about the head and chest that she died about six o'clock Tuesday morning. The mother had an ugly gash about the forehead besides internal injuries, while the little boy's back was broken and attending physicians say neither will hardly pull thru.

It is thought the severe hail that came frequently in great slugs, might have caused the gashes in the forehead of the two ladies.

H. T. Brooks and Bert Ingram who were on the road to Tahoka for freight, were right in the big middle of the storm, being near double mills and due south of where the houses were torn up. Bert's wagon was turned completely over. The Terry County Telephone Co. lost several miles of line in the storm era, besides untold damage to crops. The fact that it was nearly night possibly saved lots of people from being seriously injured by hail, as most of them were at home. The track was about two miles wide.

To the Editor:

Permit me through your columns to advise those of your readers who have not paid their last years interest due on their school land that it will be necessary for them to pay about the middle of August if they desire to prevent a forfeiture of their land. This is necessary on account of the importance of getting the money into the State's Treasury before the close of the present school year on August 31st, in order to help prevent a deficit in the school fund apportionment. No one should wait for a personal notice before sending in his payment.

Carpenter Shop for Brownfield

R. H. McCarmack, contractor and carpenter, definitely announced this week that he would rent a building in the next few weeks, order a consignment of furniture lumber, and would be ready to serve the people of this and adjoining counties, making kitchen, phonograph and music cabinets, book cases, wardrobes, china closets, or almost anything else in the wood furniture line.

Mack is from Kansas City, having done contract work there and throughout the north central states, and is beyond question the best mechanic that ever pushed a plane in Brownfield. His work speaks for itself, and can be seen in several homes in Brownfield, such as Dick and Ray Brownfield, and he has recently finished a phonograph cabinet for the editor that you may see anytime.

We are glad to announce this new industry, and believe the people will give him all the work he can do. He asks you to figure with him on anything from a music cabinet to a residence, and see if his prices are not reasonable.

Marriages.

DAY—TELFORD

On Sunday evening at 11 o'clock, p. m., Mr. Stafford Day and Miss Sallie Telford were married at the hotel, in the presence of a few friends, Rev. H. L. Hughes, pastor of the Methodist church, officiating.

Stafford is the son of Dr. and Mrs. H. T. Day, of the Groves community, is a young man of sterling characteristics, and one of our coming stock farmers.

Mrs. Day is the daughter of Mr. Telford of the same community, is modest in disposition and is well liked by all who have ever met her, and we predict will make a model wife.

Herald offers congratulations.

FLANERY—DAVIS.

Mr. Charley Flanery, of Lamesa, and Miss Nina Davis, of Gomez, were quietly married at the courthouse, Tuesday morning, at about 9:30 a. m., by Rev. H. L. Hughes.

We are not acquainted with Mr. Flanery, and cannot pass on his character, but the very fact that this Terry county girl has chosen him for a life mate, recommends him to the editor.

Miss Nina, the daughter of Mr. Davis, of the west side, needs no introduction, as she is well and favorably known, and has a host of friends and well wishers and Herald hope them a smooth journey down the stream of married bliss. They left immediately for Lamesa.

At Gomez

Next Friday night, July 9th, a meeting will start at the Methodist church. Let's all be there the first night and start in for a real revival.

A. L. Hughes.

Jno. S. Powell's sister and niece, left last Saturday for their home at Marshall, Texas.

Called Meeting.

Members of Stonewall Jackson Camp, U. C. V., are called to meet at the courthouse in Brownfield Texas, Saturday, July 10th, at 1 o'clock, p. m., to decide about our annual reunion, and whether or not we shall hold it with the Woodmen, on the 6th day of August, and to dispatch such other business as may come before the comrades. All others who may be interested are cordially invited to attend.

By order of

Wm. Howard, Commander.

Woodman Picnic.

The W. O. W. Annual picnic has been put off till the first Friday in August, which is the 6th day, at which time the Old Soldiers will likely pull off their annual stunt. Brownfield and Terry county don't never try to kill a big dog and fail at it, but they just have a good time and a good dinner, and the people enjoy themselves together, and in the long run, we believe the people as a whole enjoy them better. More about it later.

Besides having the best of everything else, Terry's yellow legged chickens grow bigger and sweeter than any where else.

Just about time the good ladies get ready to begin canning and preserving, sugar always gets as high as a cats back. But they will have the sugar.

The Methodist Ladies Hen Party at the home of Mr. and Mrs. E. B. Wright, Tuesday night netted \$5.00 and four chickens, and all present report a fine time socially.

From this distance, it appears to us like that if Bryan had been any patriot at all, that when he discovered that the Germans had sunk the Nebraskan, he would have stayed with them till the branch froze over.

A breachy cow is just about the meanest thing in the land, and a dry cow is worse than the others for the simple reason you don't pen them at night and can't watch them. Send the dry cows to the pasture where they belong.

In a big display ad in the Dallas News this week, the Frisco railroad jointly with the Commercial Club of some Ozark mountain resort, has a telegram on display to the effect that the thermometer stood 66 when the early morning train passed through, and asked the Dallas people to spend their vacation there. On the same morning, the 28th, the thermometer stood two degrees below that in grand old Terry, or at 64. Dallas people, see Texas first, and Terry in general.

Sherman Democrat: In Dallas nine negroes were treated at the Emergency Hospital for wounds received while celebrating June 19th, Emancipation Day. The colored people of Sherman enjoyed the day quietly with a picnic at Woodlake, in conjunction with their colored fellow citizens of Denison, and not even the presence of peace officers was needed. Things surely have changed in this section for the negro since the banishment of the saloon, and the change has been for the better.

Yes, but are not your colored citizens deprived of their personal liberty? Have they not a heaven-born right to tank up on

rotneck whiskey, grow obstreperous and run amuck with their trusty razors? Of course your colored people, being oppressed by prohibition, may have enjoyed their holiday in a quiet, temperate and decent manner. But think how greater was the advantage owned by their Dallas contemporaries, the nine distinguished fellow citizens who had access to liberty and who got themselves slashed, hacked, stuck, shot and bludgeoned by their confreres!—State Press in Dallas News.

On another page is reprinted an article from the El Paso Herald regarding probable activity in railroad building. The item came from O'Donnell but does not give the source of information. We print it as a matter of current news altho the time when railroad building will start again has not arrived. Railroad building will not start until the present era of financial depression in the money centers has passed. The article states that the Santa Fe is preparing to run a railroad from either Lubbock or Slaton to Roswell. It doesn't make any particular difference to Slaton just what route the proposed new road takes to get to Slaton as all trains will make this division point regardless of where they branch off from the main line. The two main lines meet at Texico but all trains go on to Clovis before they stop, and the two lines meet at Lubbock but all trains come on to Slaton, the division point, before they stop. The Slatonite makes this guess. When such a road to Roswell is built it will branch off from the Slaton-Lamesa road somewhere between Slaton and Tahoka and go through Brownfield and Gomez. Cut this out and paste it on the wall.—Slatonite.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Meadow

By Sandy

Owing to the all day singing at Lakeview last Sunday there was not so many out to preaching as usual. Bro. Smith is to begin his protracted meeting the fourth Sunday in July.

We had quite a little hail, wind, rain and thunderstorm in and around Meadow Friday afternoon of last week. Blew trees down and limbs off. The hail beat Mr. Peeler's sudan grass into the ground. Mr. Stratton reports his crop almost demolished and so many gardens ruined. Lots of the fruit was blown and knocked off and most all the women are lamenting about losing so many little chickens.

Mr. and Mrs. Cliff Wood were Brownfield visitors last Saturday afternoon.

Mr. and Mrs. G. W. Ellington and two daughters, Misses Grace and Pearl, visited relatives and friends at Harris from Thursday to Saturday of last week.

S. C. Arnett is working and dipping his cattle this and next week.

Dudley Arnett has purchased a new Oakland car and was gone this last week attending a house party at Colorado City. He was accompanied home by two sisters, Mrs. Stoneway and Miss Nell Ruth, also Misses Post of Ft. Worth, Anna Beall, Lena McNary, his brother John Arnett, and Mr. Mitchell of Colorado City. They were all over to the dipping at Mr. Arnett's Monday.

Little Lucile Boyd is in Lubbock for a visit to her grandmother, Mrs. I. A. Boyd, and to take music.

A car load of Brownfieldites were waterbound at Meadow last Friday night.

G. W. Ellington branded his calves Wednesday.

We are authorized to announce that Dr. J. J. Randal, dentist, will be here the last of the week without fail.

Harris

Miss Naomi Simms accompanied Clyde Harris and family home last Tuesday and spent the rest of the week visiting friends here.

Fern Harris and Mattie Cotten exchanged lengthy visits this past week.

Jno. B. Slaughter passed up with his cow outfit Wednesday and Sunday he came back by with about 580 head of cattle which he was taking back to his ranch in Garza county.

G. W. Ellington, wife and daughter, Pearl, came down in their car Thursday afternoon and spent the night at Marlin Ellington's. Friday they came over and visited F. M. Ellington and wife till Saturday morning when they all went back to Marlin's to brand their calves and in the afternoon Mr. and Mrs. Ellington and Miss Pearl returned to their home near Meadow.

Misses Ethel and Eva Harris visited the Misses Cotten Friday night and Saturday.

E. E. Simms, wife and granddaughter, Esther May Simms, came out Friday afternoon and visited at Clyde and W. H. Harris' until Saturday afternoon. They took Naomi back with them.

Ellington Bros., branded their calves at Marlin Ellington's on the Estes place last Saturday. In some way one of the boys crippled a fat calf so that it was thought best to kill it for beef. Well we are sorry they had the misfortune to lose a fine calf but that was good beef to which a number of us can testify.

F. M. Ellington and wife entertained their young friends with a party Saturday night.

Mesdames H. F. Wingo and W. H. Harris called on Mrs. J. M. McMillan Thursday afternoon.

Mrs. Arthur Cotten visited

W. H. Harris, wife and daughter, Fern, and Gertrude Wingo spent last Sunday with B. C. Christenson and wife.

Mr. Tandy, from near Plains, passed through Saturday with a herd of cattle which he was moving to a pasture near Slaton. R. S. Harris of Bronco was cooking for the outfit.

T. J. Conley took a load of corn to Lubbock last week and brought back freight for W. H. Harris.

J. W. Gordon came down to Brit Clare's today, Monday, to bring salt for his cows here.

One party wrote us this week to stop his paper as his time was out, but in reality, it lacked just a month—but it is stopped.

E. Burns sold the restaurant and cold drink stand to Pullium and Duke this week, and will move to Amarillo. We understand that Messrs. Pullium & Duke will put Walter Duke in charge of the cold drink department of the business, while they will freight and keep it supplied in ice. These are hustling young men and we believe they will make this confectionery a go.

M. B. Sawyev and son, Uyles, left Monday for their ranch in New Mexico, and will be gone several weeks.

D. J. Broughton and family, visited Ben Broughton of the Gomez country Sunday. They report lots of fruit out there.

Miss Bertha Lowe wrote us this week from Boulder, Col., ordering the Herald to her address. Well, the Herald can go all the way to cool Colorado, if the editor can't.

More Pharoahs Needed in Agriculture.

Farm products have no credit and perhaps can never have on a permanent and satisfactory basis unless we build warehouses, cold

storage plants, elevators, etc., for without storage and credit facilities, the south is compelled to dump its crop on the market at harvest time. The Farmers' Unions in the cotton producing states have for the past ten years persistently advocated the construction of storage facilities. We have built during this period 2,000 warehouses with a capacity of approximately 4,000,000 bales and looking backward the results

The World in Epitome Shown by Displays in the Vast Exhibit Palaces at the Panama-Pacific International Exposition.

Today the great Panama-Pacific International Exposition at San Francisco is being widely exploited throughout the world by the millions of sightseers who have visited the exposition since its opening on February 20th last as the most beautiful, comprehensive and interesting universal exposition that the world has ever known. The wonderful exhibit palaces house the treasures of the earth, while the grounds, planted to millions of rare bulbs are a gorgeous mass of color and fragrance. To the visitor entering the gates for the first time, either by night or day, the scene is certain to hold the newcomer spellbound, as the vast panorama unfolds bit by bit before the gaze and the eye wanders from one beauty spot to another in an endless chain of amazing surprises. Entering the main gate at Scott street, for instance, the visitor sees the great Fountain of Energy directly before him its giant sprays sparkling and flashing in the light of the warm California sun by day, or assuming the appearance of masses of flowing flames by night under the powerful beams of the great batteries of searchlights trained upon this work of art. As the spell is lifted the eye falls upon the Tower of Jewels, the great center piece of the exposition, and again attention is arrested until the eye has conquered the dizzy heights of this gem-studded tower, every cornice and figure sending forth its share of dazzling lights.

The world's advance in all branches of art, science and industry is amazingly portrayed in the exhibits. Among the electrical exhibits, for example, is the Audion amplifier, invented by Lee De Forest. Through this invention the visitor in the Liberal Arts palace is enabled to converse over the long distance telephone with his relatives at the farthest section of the Atlantic coast and may hear the voice of the speaker in greater volume than was actually given into the transmitting telephone. The intensity of the sound is increased by passing through heat waves. Today it is possible for an orator in New York city to address through the telephone a large audience at San Francisco, the sound being increased so that it is of power great enough to fill a large hall. This single advance in the development of the telephone is paralleled in hundreds of other lines. The railroads have made low round trip rates and ample and reasonable accommodations are to be had in San Francisco and the adjoining cities.

If you have time, give us a little later news, Mr. Forkel, as this we have to copy is one week old, and nearly two when we print it.—Ed.

From the Developer.

Milton Robinson and family have given up the Hamilton lease and have removed to the J. P. Earnest cottage in the south part of town. Milt has leased a part of the P. G. Stanford range, and has moved his cattle to that pasture.

At a late hour this eve (Sunday) a phone message came to Mrs. F. L. Boyd and Mrs. H. A. Tandy, advising that Mrs. Alice Tandy, formerly Miss Alice Boyd, was in a most serious condition at a sanitarium in Lubbock and requesting that they come at once. Later—Mrs. Tandy died early Monday morning and her remains shipped to Gainesville, Texas, where interment will be made.

W. J. Belcher who has recently sold his home and range here to W. H. Lee of Stonewall county, is arranging to move with his family to the Fort Stockton country where he has accepted the management of a ranch.

Dr. J. R. Franz, of Goliad county, and his son, Oscar Franz, of Turkey, Hall county, are here visiting their friend, Dr. L. C. Beeson, and are also prospecting for a ranch proposition. We hope these gentlemen may find something to suit them.

H. A. Tandy has sold 300 head of steer yearlings to L. Lumsden of Wilson, same to be delivered at the Lumsden ranch at an early date, terms being private.

On Thursday of last week while Mrs. Rowe was preparing to fill her iron with gasoline, her little son, E. S. Jr., secured the cup containing the gasoline and drank a small portion of it. It made him right sick for a while. Dr. Beeson being called in consequence, but no serious effects resulted and he is now all right.

Mrs. L. L. Cobb who has been visiting her parents at Brownfield, for several days, returned home last Tuesday.—Seminole Sentinel.

H. T. Brooks came in Wednesday with some freight he had brought from Tahoka, and said he was in the big middle of the Tahoka storm with Bert Ingram. Brooks contends that it was a straight wind, where he was, and he was nearly due south of the houses wrecked. Brooks

further states that he never heard Bert cus an oath while the storm was raging.

Mrs. Pearl Lan of Floyd, N. Mexico, came in this week to visit her parents, Mr. and Mrs. J. C. Scudday. John Scudday, Jr., and family came up from the southside, Saturday to be with the rest of the family.

Gomez

By West Wind

W. C. Mathis carried a bunch of cattle to Lubbock last week.

Mr. and Mrs. T. C. Ivey passed through here last week enroute to their home near Plains.

Alvin Duke and little Bert returned to their home in New Mexico, last week. Fred Moore accompanied them for a visit. Mrs. Duke is improving but is here at her father's yet.

Messrs. Merlin and Dale Adams carried a bunch of 500 heifer yearlings to their ranch in South Terry last Sunday. They were decidedly the prettiest bunch of cattle we have seen this season.

Mr. and Mrs. R. H. Watson of Plainview, came in last Thursday evening for a visit to their daughter, Mrs. J. E. Moore of this place.

Bert Ingram left for Tahoka last Monday morning for a load of freight.

Preaching at the Baptist church here last Saturday at 11 a. m., and Sunday both morning and evening. A good crowd out and interesting sermons at all services.

Mrs. Reeves served ice cream and soda pop last Saturday afternoon and it was a treat that certainly was appreciated by Gomez people as well as many others who were in town. When the ice factory gets to running at Plains, we think we will have a cold drink and ice cream stand here.

Earley Key and family came in from their home in New Mex., last Sunday for a visit to relatives here.

Mr. and Mrs. H. L. Ware and Addie Bell spent last Sunday night at the hotel here and Monday went on to Brownfield, returning that evening.

Mr. Walls, from Weatherford Texas, is stopping at the hotel here this week. He is selling fruit trees.

Messrs. Henderson and Flantery, of Lamesa, were here Sunday night.

Mr. and Mrs. Norris from Stonewall county, came in last week for a visit to Mrs. Norris' parents here, Mr. and Mrs. Davis.

Mon Yates came in Monday and carried out his household goods which were shipped here from N. Mex.

A card from Mrs. Jim Key states that they are getting along fine and work is plentiful.

A letter from Grover Lewis at Pampa Texas, states that there is plenty of work there for both men and teams.

Mrs. George passed through last Saturday enroute to their home in New Mexico. Mr. George had improved some and she was taking him home though he is yet real sick. She informed us that her son, Liss, married on the 15th inst.

Mrs. Albert Crews and family came in to Sunday School and church last Sunday.

Reed—George.

Mr. Ray Reed and Miss Addie George were married at Ralls Texas, on last Sunday at 4 o'clock p. m. We learn that the groom

There is not a better or higher grade stock on the Plains, yet the price is no higher than for inferior grades others handle. Besides lumber, we have the best in paints, oils, cement, lime, post, wire and wind-mills. Just give us a chance at your bill.

COAL & FEED

I have one of the best stocks of feed and coal to be found, and invite you to get my prices before you buy. I advise you to buy early, as the price of coal and feed will likely soar this winter.

G. W. SNIDER TAHOKA, TEXAS

is a man of honor, industry and pleasant disposition and has a nice home to carry his bride to. Miss Addie needs no introduction to Terry county readers as her father was for several years a Terry county citizen and she a Gomez girl. Her bright smiles and happy disposition made a wide circle of true friends and her intelligence and industrious disposition will make her a jewel in any home. All who know her join in wishing this worthy young couple a long and happy life.

Lee Thompson built an addition to Will Black's house last week and now he is working for Geo. Black, Sr.

Clint Rambo and family visited relatives four miles south of Tahoka last week. They got in home Sunday and report a real pleasant time.

We noticed a statement in the Ft. Worth Semi-Weekly, that the thermometer there recently registered 98 degrees and they said "hot." Well, on the 12 inst, it registered 100 degrees here, for the first time we have ever seen it go that high in June on the plains. But it does seem that we are getting a glutton's share of most every thing here this year; rain, hail, hot weather, insects in crops, fine gardens, fine peaches, plums, grapes and apples, and where they have planted early and worked them, excellent crops and grass. Well Yes! it never has been better, and stock is fat. We have heard just one calamity howl. Lots of folks have big lots of last year's grain crop on hand yet and there is so much making this year that they "just don't see what they will do with it."

WHEN in Lubbock, see us for second hand goods and furniture. We are leaders in the picture framing business. Riley Duff & Co.

T. E. Lovelace and wife started to Tahoka this morning.

There was not a very good attendance out at prayer meeting Sunday morning. Let everybody come next Sunday evening. They are going to have singing every Sunday evening at the J Cross school house. Everybody come.

Add Cox and wife spent Saturday night at her father's, J. W. Spear's.

Jim Miller, Neeley Bradshaw and Albert Rushing were in Tokio yesterday.
