

A WORD TO THE WISE.

There is no use in talking to the other kind, for this is just a friendly talk. Next time you sit down to order anything ponder the following questions: Who is the better friend of mine, the Mail Order House, or my home Merchant? Which would I go to if in a tight? Which would stand by me in misfortune? Which wants my money before I get what I want, and which takes my face, note or cash after I see and get the goods? Which of them builds up my county, churches and schools to educate my children? Which would come to the rescue of my widow and orphans should I pass away? Which one would advise and work to my interest? Then which should I trade with? Let us be square and fair with each other like good friends and neighbors should

Worked Out His Crop.

Elder S. D. Lofton was in yesterday and informed us that his little boy was some better and slowly convalescing.

He further stated that as a consequence of the long and serious illness of his children, he had gotten terribly behind with his crop, but several of his neighbors came in Wednesday and worked it out, doing him fully \$30.00 worth of work, and at a time when he was unable to get a hand himself. This is what we call pure community cooperation and true brotherly love. We may boast of our friendship all we want to, but if we fail to mix it with deeds of kindness, there is no "apples of gold in pictures of silver." Only recently, the people of Gomez had occasion to work out another crop, that of R. W. Glover, while he was sick, and Bro. Lofton was one of the workers, and now he is paid several hundred folds already. We know not whose time comes next to need the assistance of their friends and neighbors, and a days work hurts no one, in fact they were glad to help him, but was of inestimable value to Bro. Lofton.

We understand that neighbors of those who were hailed out last week on the west side, will go in and help them replant. Keep it up. Let the good work go on.

We may be able to live to ourselves, yet it is an up hill business, but when we are dead, some one has got to bury us, even if we succeed in living to ourselves. Come to Terry.

The Slaton Federals are getting something of a reputation playing double header games. Sunday afternoon they played the Brownfield team in Slaton, winning from them by a score of 5 to 4. This was a close and interesting game. Eckert pitched for the Federals. Brownie the Brownfield pitcher, held the score down and demonstrated that he is a pretty good pitcher himself. Immediately following this game, the Federals played the Lubbock team, winning from them by a score of 13 to 4 — Slatonite

MOORE—PROCTOR.

On Sunday eve at 6 o'clock Mr. John Moore and Miss Maudie Proctor were married at the residence of Mr. and Mrs. Ed Dumas in the presence of friends and relatives, Judge J. T. Gainer officiating.

Mrs. Moore is well known here being the daughter of Mr. H. L. Proctor who has resided in Plains several years ago but now located in Mexico.

Plains and community offers their congratulations.

Notwithstanding the light rain of Saturday night the motion picture airdome enjoyed a nice attendance. Everything was in tip top shape which insured good projection. "Feeding hungry soldiers" was a comical subject and was brimful of mirth and laughter.

"When the Girls joined the Force" a two reel picture, depicting a police department graft unearthed by a shrewd woman detective. And was interesting and exciting all the way through, especially the Tango Tea given by the women policemen in honor of the prisoners. The first a Powers and the second a Nestor film. On account of the rain the show was continued for Monday and Tuesday night.

Plains has a touch of real city life now. Since the light plant was installed here an electric globe hangs in the street and

lights the principle thoroughfare and even our barber shop has a touch of acute "electricitis"—whatever it means. In other words our barber is plying the tonsorial trade with the aid of electric light.

Don't forget to call on him and get "Fixed up" under a modern light.

Forkel & Gainer, managers of the picture show here have announced that a three reel program of new pictures will be given every Saturday regularly, and if it rains out they will be shown the next Monday night. Everybody is welcome.

The Plains ice plant is working to its full capacity and is turning out a good grade of ice. It requires a night shift to meet the demand for the frozen fluid. The cold storage that is operated in connection is also meeting with unusual success.

G. W. Kelley, the Plains phone man, was over this week on business and had us send him the Herald.

T. E. Hobbs was in recently, and had us send the Herald to his brother in Oklahoma.

One Ford Touring, accompanied by a driver, arrived in our city this week, from Bradley Auto Co., Lubbock, and it looked so good and new, Will Alf Bell wrote a check in favor of Bradley and kept the Ford.

There is no rest for the weary this year, for as soon as the crop is laid by, canning and preserving will begin in full swing. And if you miss John from the sweaters bench this summer, you can safely bet that Mary has rung him into the canning business.

Woodrow says I am sorry for people who do not read the bible every day; I wonder why they deprive themselves of the strength and of the pleasure. It is one of the most singular books in the world, for every time you open it some old text that you have read a score of times suddenly beams with a new meaning. There is no other book that I know of which this is true; there is no other book that yields its meaning so personally, that seems to fit itself so intimately to the very spirit that is seeking its guidance.—Houston Chronicle.

The way to a man's heart is through his stomach, is a true old saying, and applies as well to the other sex, we believe. Terry county has never tried to "tear out the bone" as the saying goes, at her picnics, in the way of entertainments, but she has always fed her crowds, sometimes for both dinner and supper, and as a consequence, people go away happy and contented, and are ready to come back next year, and bring some one with them. It don't make any difference how well you entertain, how much guilding you have on parade, how fine the music or red the lemonade, if you can't feed the crowd at noon, someone will go away and kick on the picnic. Terry is getting ready to give you the real entertainment on August 6th.

Are you ready to vote intelligently on the Constitutional Amendment on July 24th? If not, why not? They were printed in the Herald for your benefit and if they were too dull to read, it shows we were not interested in our State Government, and if we go to the polls as lots of us usually do determined to black all of them just because they happen to be an amendment, that fact shows that we are not qualified voters, no matter what we may say to the contrary. To vote intelligently we have to read and study. A negro or a Mexican can vote as good as anybody, if some one else tells him how, or

voter should be one that can go to the polls and vote off hand without a question, and then be able to offer a good explanation of why he voted for this and against that, when he comes out.

Thousands of bushels of fruit will go to waste in Terry county this year, because of a lack of home canneries, cider and vinegar mills, etc. This should not be, as numerous canning outfits of all sizes are constantly advertised in the farm papers, and the empty tin cans ready for filling and sordering are on the market and reasonably cheap. One man in Yoakum county did well with a small outfit last year, and is going into the business on a more extensive scale this year. His products were principally tomatoes, and he found a ready market for them with the Plains merchants, who with their customers, agreed that the home canned tomatoes were superior and better prepared than the commercial ones. Then there is our big apple crop to come on this fall, and people should prepare to evaporate them, using all bi-products, for vinegar. It is no wonder that Plains people generally don't get along better when they waste enough annually to run a large European family. This waste should stop for two reasons: First, waste is sin and second, the world needs all we produce above a home living.

We suppose that most of our subscribers' attention has been directed to the delinquent tax list now running in the Herald, and we don't think it would be amiss to mention that some of them have been delinquent for for several years, and all told, it amounts to \$1,276.50, half of which belongs to Terry county. The officials of other counties are getting busy with their delinquents, and are bringing suit, and we believe our officials should look into the matter at the next term of court. We are the last person in the world to be hard on people, but some of us have to, and in fact we are paying our taxes each year to run our government, and we feel it is not fair for some to pay, while others fail, and to keep letting people get delinquent without some action, encourages others to do likewise. It will be noticed though, that most of the delinquents are non-residents, who are not so patriotic as home people about supporting the home government. The way we

always looked at such matters, is that if we had more land than we were able to pay taxes on, we would let some other fellow have part of it.

J. R. Hill had business in the city of Plains this week.

Mr. Thine, representing an immigration agency, was here last week in its interest.

Fred Scudday of Sweetwater, arrived this week and is visiting his parents, Mr. and Mrs. John C. Scudday. Fred reports that he is doing well with his barber shop in that city.

Ben Hurst was over from Lynn County this week on business, and renewed for the good old Herald.

Mrs. D. Wrotan passed thro' this week on her way to her home in Yoakum County, after a visit to her people in Crosby county.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui,
Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.

Gomez

By West Wind

Well Monday was go to town day with many citizens for we saw here: Bob Snodgrass and family, Dee Hunter and family, John Day, Edgar Stapp, J. P. Nichols, Rort. Griffith, Alvin Key, Mr. Alderson and many strangers that were either new citizens or visitors.

Simon Holgate and family visited Mr. and Mrs. Word Price, at Brownfield, Sunday.

Charlie Currier is now working our at Mr. Snodgrass', and his wife is gone back east on a visit to her relatives.

S. W. Jenkins, of Southwest Terry has been stopping at the hotel for several days and is helping Simon Holgate build tanks.

Mrs. Jim Burnett and children left last week for a visit to her relatives in Comanche county.

Lester McPherson and family visited in Brownfield last Saturday night and Sunday. They stopped here a short while Sunday evening as they went home.

Last Friday evening about 4: o'clock, there was quite a destructive wind and hail storm west of here, at W. B. Snodgrass'. A 16 foot wind mill wheel was blown off the tower and wrecked and the fruit in the orchard beaten off. Lester McPherson on I. H. Hudson's farm lost 50 acres of corn that is so badly beat down it will not come out. We were informed yesterday that Mr. Tom Yates in East Yoakum county had his entire crop ruined. Gomez, for one time, escaped the storm though we have had two good rains here and the cool damp weather is ideal for crops and gardens.

Earnest Broughton was in Monday with a load of nice peaches to sell.

Will Snodgrass has gone to the railroad for lumber to build an addition to his residence.

Messrs. Lee Thompson and Ridgeway completed the addition to Grandpa Black's residence last week and the next jobs here are two galleries and a bath room at Simon Holgate's, a new gallery at Walter Gainer's and several other jobs that the lumber is not hauled out for yet, so we will report them later.

Mr. R. A. Watson, of Plainview, is doing the carpenter work at Mrs. L. T. Brooks' this week. A new gallery and adding cook and dining room to dwelling and some more windows to let in light and air are the improvements there. "Just a wee bit" of improvement on the home is an epidemic in Gomez right now, and present indications are that not a home in town will escape the carpenter's hammer this summer.

Joe Griffith got in Monday from Tahoka with lumber and freight.

Geo. McWhorter left Monday for Tahoka for freight.

Miss Jewel Key visited Mr. Lockhart's family in Tahoka, last week, and took in the picnic there. She returned home Sunday with Judge Neill's family.

W. C. Mathis and O. B. Curlin and families attended the picnic at Tahoka last Saturday.

FOR YOUR NEXT LUMBER

There is not a better or higher grade stock on the Plains, yet the price is no higher than for inferior grades others handle. Besides lumber, we have the best in paints, oils, cement, lime, post, wire and windmills. Just give us a chance at your bill.

COAL & FEED

I have one of the best stocks of feed and coal to be found, and invite you to get my prices before you buy. I advise you to buy early, as the price of coal and feed will likely soar this winter.

G. W. SNIDER TAHOKA, TEXAS

Born to Mr. and Mrs. J. E. Moore on the 4th inst a fine boy. Both mother and babe doing well.

Joe Lane and wife got in Monday evening from their trip to the Panama Exposition and an extensive trip over the western and northwestern part of the United States. They report a grand time but whether they found any place that they preferred to the plains of Texas or not, we did not learn.

Lois Reeves went out home with Eargie Rambo Sunday for a few days visit.

The protracted meeting here at the Baptist Church will begin on Friday night before the 4th Sunday in this month. The pastor and church members invite everybody to come and cooperate with them in the meeting.

Joe Black, the hustling young blacksmith, of Gomez, was in last Saturday to subscribe for the Herald, and to figure on some advertising. With him was his wife's step father, N. L. Bridges, from Oklahoma, who together with his wife, is visiting relatives in this county. Mr. Bridges is traveling for the E. N. Davis Toilet Supply Co., of New York. Mr. Bridges is a brother to our townsman, W. R. Bridges.

W. R. Bridges informed us this week that he had enjoyed his first mess of roasting ears. At the time Wiley planted this corn, just before Easter Sunday, he was ashamed to tell anyone, but Uncle Joe Hamilton found it and told on him, but Wiley is not ashamed that he planted early now.

And the little old Ford rambled right along, for D. Brownfield left his in front of the hotel for a few minutes one day this week, but the Ford took a notion during his absence to bonus, and did so, but the steering wheel

happened to be turned on at an angle of forty five degrees, and D. was able to catch the machine on the circle. Better hitch your Fords.
