"SEEING IS BELIEVING"

"TERRY COUNTY PEACHES"

Peaches and Grapes.

The above caption is good enough for our write up this week, for we are not going to have a very long one, as the editor had to take a full day off to unravel the fair award mysteries, and then we don't know where we got them right or not. Besides, we have given some very good writeups on peach and grape culture heretofore, just about covering the ground.

You say you don't see any peaches in this picture, do you? Well, where is your eye man? Well, the grape vineyard is the back ground; now you have the grapes. Next, reading from left to right, you will notice two long, hungry Baptist preachers, with farmer Jim Burnett devouring a bunch of grapes between the

two preachers. Next comes one of our prominent young men, and the sixth is farmer F. E. Walters, also of Terry, and present proprietor of the peaches, who will be discovered on either side of him. The next, is Master Earl Walters, the next gentleman being the proprietor of the grapes, J. W. Welch, who will some day make grape juice famous in Terry county.

Now, you young men that are thinking of coming to Terry, you have done seen through our various photos the quality and quantities of other fruits to be raised in grand old Terry. Now cast your eyes upon these peaches, and come right on to Terry. We need you, and they need you.

Our Fair.

Our sixth annual Terry County Fair fully came up to its predecessors, and in fact we believe we saw the best feed stuff that has ever been shown before over there. There was much interest taken, and some of the individual exhibits were object lessons in themselves, especially those of Rev. J. C. Lewis, Wm. Howard and Mrs. O. B. Curlin, and the three combined would have attracted wide attention at any fair.

There were several visiting people, who were surprised beyond measure, and as an effect of this fair, several people purchased homes here, and will be our neighbors next year, and help us boost Terry.

We were only able to attend the afternoon of the last day, but the trip was well worth all the trouble we had getting there, though we missed one of Terry's famous dinners by not being there. As our Gomez correspondent has covered the ground very well, we will not have very much to say concerning the fair.

About the only trouble we see is that we have no permanent place to have our fair. As one of the Gomez business men said; Gomez or Brownfield one should have the fair all the time, and make a permanent place for it. In the time intervening between now and the next fair, let's see what can be done about the matter.

Wm. Howard, blue ribbon on Yates, Kinard, Limber Twig and Wine Sap apples and Pumpkin pie. Red ribbon on Ben Davis apples and peck shelled peanuts. Mrs. O. B. Curlin won blue on

pepper, and blue and \$2.50 on the best display of canned fruits. Red on sweet potatoes.

Also cash prize for the best display of farm products at fair; also greatest variety. Blue and red on chickens.

E. E. Stams won blues on Terry County Beauty peach and Egyptian wheat, and a red on Sudan grass.

Geo. Black Sr., won blues on best display figs, horse beans, and red on kershaws.

S. H. Key won blues on Arkansas Black and an unknown variety of apples, and red on Bartlett pears.

Mrs. L. T. Brooks won reds on red maize and winter squash.

Mrs. Criswell won blue on plum jelly.

Mrs. R. I. Puckett, blue on turkey.

No. 32, name unknown to those in charge won blue on largest squash.

The following ribbons were won by some parties, numbers of which were last in handling, we suppose, and we will not be held responsible for the fact, but will gladly publish who won them upon being notified by parties winning them. Blue on red top sorghum, red on pumpkins, blue on sudan grass, and blue on castor beans.

In the stock department, the following prizes were won:

D. Hunter won blue and \$1 on best draft colt, as best all purpose colt.

W. B. Gainer won blue on mule colt.

Honor Roll.

To the Patrons of the Brownfield School:

Every month during the present school term, there will be published in the Herald an "Honor Roll." Pupils who have their names placed on the Honor Roll, are required to make an average of ninety percent in all subjects, and not less than one hundred in deportment. Parents, help us place your child's name on the Honor Roll. The greatest service that you can render the school is to see that your child does thorough work.

HONOR ROLL for the first month of school:

First Grade: Anna Lee Banowsky and Lorn Walters.

Second Grade: Maud Ethyl Banowsky.

Fourth Grade: Elmo Skeen and Fay Broughton.

Sixth Grade: Aubra Banowsky.

Eighth Grade: Emmette Tisdale and Everett Winston.

Ninth Grade: Bernard Thompson.

Tenth Grade: Lois Brownfield.

The Local Newspaper.

This is the way it looks to a writer who has traveled some, and watched for reasons why a town prospers. He says this about the town newspaper, which you should reprint for the benefit of your readers:

"Stand by your town newspaper. If there is anything in your town worth talking about, ten chances to one your little

town paper had a hand in putting it there, and if there exists any unsightly or unsavory nuisance, twenty chances to one it will stay there until your town editor sees it or smells it and wipes his pen on the town board's breeches. of anybody beyond the walls of your little burg ever learns that there is such a place as Peaceville, it will be through the town oracle.

"Every village gets its money's worth in the village newspaper. It's the wagon that carries all your good things to market. It ought to be kept in good repair. In many cases it would pay to grease it, paint it, keep its running gear in shape and shelter it at the public expense.

"Stand by your local newspaper. It's the guardian and defender of every interest, the forerunner and pioneer of every advance movement and the sturdy advocate of law and order. Take it away, and it would not be six months before the town would look as if it had been doped. Business would drag, society would yawn and grass would grow between the cobbles."—Publishers Auxillary.

The ever popular play "Tempest and Sunshine" will be given at the school house Tuesday night, Oct. 18th, under the auspices of the Mother's Club, for the benefit of our school.

Rev. M. D. Williams came in this week and gave the editor two sweet potatoes that weighed a total of ten pounds. He had another that weighed nearly ten pounds and another that weighed eight pounds, that he was going to send to Nebraska. This preacher farmer informed us that he had not dug his potatoes yet; just grabbing a few for eating purposes, that when he did dig them, he would be able to show us some potatoes.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

A horse fell with Owen Waltsberger, who works on the Milton Goode ranch in north Gaines county, Oct., 7th, and the young man became entangled in the stirrups, scaring the horse and causing him to kick the young man about the face, breaking the nose and bursting the skin on the face in several places. He bled terribly, and Dr. Treadaway and J. L. Randal spent the night there before stopping the flow of blood, as an artery was severed in the nasal passage, making it a difficult job. We understand the young man is resting well now.

Read the new ad of Ed Meyers, Tahoka, Texas. It pays to keep his ad in mind.

W. G. Hardin received 12.35 for cotton at Tahoka last Friday, and Mr. Moseley got 12.50 for four bales this week. \$30 is being paid for cottonseed.

See "Tempest and Sunshine" at the school house Tuesday night, Oct. 18th.

We are proud to inaugurate the School Department this week as patrons are always wanting to know how their children are progressing at school. Not only is the Brownfield school welcome to these columns, but every school in the county, including the line districts. If the teacher lives close to one of our correspondents, they will do well to turn in their reports to them. School teachers should take their county paper. Not long since, the County Judge of Hale county, addressing the county teachers, asked all who took their county paper to hold up their hands; only a few went up. Whereupon, the Judge informed them that the editor was their best friend, always advocating their side of most every question, and devoting their space to them without price. We are informed that most of the teachers, being reasonable people, and seeing the logic, went straightway and handed the editor a dollar for the county paper.

Don't fail to read the new ad of the Gomez Merc in this issue. They have just received a nice fall and winter line of dry goods, and want you to inspect them before buying elsewhere.

Claud Criswell handed us \$2.00 this week to keep 'er coming, and Wood E. Johnson repeated the performance. Well here she comes.

While at the fair last Friday, Mrs. J. E. Woodard handed us a dollar, and said, "keep 'er comin'"

In the last few weeks, Herald has been instrumental in pulling off a \$12,000.00 land deal in Terry county through its advertising columns. Better advertise if you want to buy, trade or sell.

There has probably been more land sold here in the past three months than has sold in the last six years, and if the people don't get wild and hist prices, we will have an abundance of new comers next year.

We are agents for White Sewing Machines. Riley Duff & Co. Lubbock Texas.

Seats for Tempest and Sunshine, to be played at the school house next Tuesday night, under the auspices of the Mothers Club, to raise funds for the benefit of the school, will be on sale Saturday, to accomodate the people from the country, who wish to have an equal chance with the town people to get good seats. The management have requested us to announce the information, that all will be expected to have their tickets at the entrance, to help the over-worked doormen and ushers.

You have all read "Tempest and Sunshine," and you will not be disappointed when you see it staged, Oct. 19. Tickets 35 and 25c.

Clint Rambo and wife were in to see us this week, but never got out of the buggy, as Clint has never got over his hurt yet, though he informed us that he was gradually getting better. He says he is in the race for tax-assessor next time.

The restaurant boys, Messrs. Dewey Duke and R. E. Smith, have got everything in shape now to feed the crowds, and are conducting an eating place that is a credit to the town. Everything looks new and clean, and we predict for them a good trade. In fact, they are already doing a good business, as they have added a meat market in connection. See their ad.

OUR PUBLIC FORUM

W. D. Lewis

On Mission of the Farmers' Union

W. D. Lewis, president of the Texas Farmers' Union, whose tenure of office expires by limitation in August, has issued the following farewell statement to the Texas farmers:

"The Farmers' Union stands before the public of Texas today proud as a King; glorying in its achievements and boasting of its possibilities of rendering a service to the men who follow the plow. The Union sounds the bugle call of organization, summoning every yeoman to rally around its colors. In business it stands for education and co-operation; in the home it stands for Sally and the babies; in government it stands for constructive statesmanship. At the moment it directs the attention of the farmers to warehousing and financing the present cotton crop. Fellow farmers arise and salute King Cotton, a sovereign in whose reign the prosperity of this State is involved and a ruler whose scepter turns the fleecy fibre into gold. A King at whose loom nature weaves, and an imperial potentate at whose shrine millions kneel and sing his praise. Strike for your home, your family and your country by joining the Union and becoming a part of the great economic force that is uplifting this state and nation. The Farmers' Union is the plowmen's hope. Without organization he can neither help himself nor be helped by others, and through organization he is all powerful.

When the Texas Farmers' Union holds its annual convention in Houston, August 3rd, every farmer in Texas should pause and bow his head in honor of the men gathered there to render a patriotic and unselfish service to agriculture. This organization, born in the cotton fields of Texas, has grown until, geographically, it covers almost the whole of the United States, and economically, it deals with every question in which the welfare of the men who bare their backs to the summer sun are involved. It has battled for a better marketing system, rural credits, cheap money, diversification, scientific production, agricultural legislation and has carried on its work of education and co-operation in season and out.

The Farmers' Educational and Co-operative Union of Texas brings the question of organization squarely before every farmer in this state.

The farmers of the nation contribute more and get less from government than any other class of business. They have better securities and pay a higher rate of interest than any other line of industry. They market more products and have less to say in fixing the price than any other business, and they have had more political buncombe, and less constructive legislation, than any other class of people. The farmers can only acquire such influence in business, in government and economics as will enable them to share equitably the fruits of their labor through organization, and every farmer on Texas soil who desires to help himself and his fellow plowmen, should rally around the Union."

Roy Harris is doing some well drilling for T. C. Ivey at present.

Most of our farmers are very busy keeping time to the tune of a row binder just now. Everyone is in a hurry for fear Jack Frost will make an early visit this year.

We were proud to hear of the prizes Terry county won at the Amarillo Fair.

Jno. B. Slaughter passed Saturday with all of the cattle he had in the Cone pasture in Yoakum county. He was moving them back to his ranch in Garza county.

Glenn Harris attended the fair at Gomez last Thursday and Friday. We have not heard his report of it.

A number of Harris people attended Norton Bros., show at Tokio last Friday night. They report it very amusing.

Al Turner moved P. J. Ross to the Cone place last Sunday. Mr. Ross will move his steers over there from the T F M pasture this week as he has the Cone pasture leased now.

Well the Terry County Fair was a decided success in nice exhibits, bright pleasant weather, a big crowd and dinner, well yes, dinner for everybody, a typical Terry county dinner spread under the tabernacle and every body invited to "come to dinner." Our town was blessed(?) with shows, two here at the same time. The first day of the fair Norton Bros., show gave a performance and street concert by their band, also a show that night. The second night Whiteheads shows entertained the people. We have been attending fairs here for six years and the exhibits were as good this year as they ever have been. The fancy work department was especially good, and from old fashion quilts to tatting, darned net, hardinger, battenberg, bead work, crochet, and all kinds of embroidery, it was all here. The list of prizes will be furnished by the Fair Committee. There was a basket ball game in the afternoon. Atty. G. E. Lockhart of Tahoka, made an interesting address on the morning of the 8th. We think all parts of Terry was fairly represented here, and quite a lot of Yoakum county people were here on Friday. one noticeable improvement over past years was so many farmers had from one half dozen to twenty or even thirty different products of the farm on display, thus showing that the "gospel of diversification" as preached by our government has many followers in Terry county. In the womens department the display of garden products, pickles, preserves and fruit by Mrs. O. B. Curlin richly deserved the long blue ribbon that was tied, by the Committee, entirely around it all. No words could tell as eloquently as did that display, what an industrious woman can do in Terry county.

On Friday night the 22nd inst., there will be a box supper at the Johnson school house, at which a real good time is promised all who attend. Ladies bring well filled boxes. All are invited. Proceeds to be used in seating the school house.

While a crowd of children at school were playing whip-cracker, last Monday, little Stella Hudson fell and broke her right collar bone. It is a regrettable accident and should be a warning to the larger children to exclude the baby tots from rough games.

Mrs. Ben Huast came over last week from her home in Lynn county to attend the fair and is visiting her parents Mr. and Mrs. R. W. Glover, but will return home this week.

Rev. Hughes preached here at the Methodist church Sunday afternoon and at night.

Bert Shepherds baby is improving rapidly now. Is beginning to walk again.

Say Mr. Herald, the papers did not get here until Monday, so there now! You missed all morning and the dinner at the fair and then the papers were late. Not your fault of course, but next time come and no one will be so unreasonable as to growl because the paper is a day late.

Meadow

By Sandy

Quite a number of Meadow people attended the big circus at Lubbock last week.

Judge Neill spent Wednesday night and a large part of Thursday in Meadow. He had an accident with his car at a stock gap near the store.

Mrs. Boyd went to Lubbock Sunday to take Harold Larson to the sanitarium for treatment.

Cliff Woods and family and Miss Jessie Rattan were visitors at Brownfield Saturday.

Mr. and Mrs. Otis Copeland were in Lubbock several days last week.

Joe Boyd of Lubbock is visiting with Mr. Boyds family this week.

All the farmers are busy with their crops this week.

We will frame your picture right. See the Herald man for samples and prices. Riley Duff & Co., Lubbock, Texas.

Mr. R. W. Moreman, who had the hogs for sale last week, informed us this week that he had gotten rid of them, and the ad in the Herald was responsible for the deal. Mr. Moreman did not raise much feed this year, thinking there would be a good acorn crop, but this failing, he had to sell to those who had raised feed.
