Col. Del M. Potter and Party Pass Through.

That the great Southern National Highway is still very much alive, and those instrumental in its organization are working like heroes to promote it, was demonstrated again this week, when Judge Neill received a phone message from Roswell, that the following party was on their way over the route from San Diego, Cal., to Washington, D. C.:

Messrs. Wilber Hall of San Gabriel, Cal., Wm. B. Gross, San Diego, Cal., B. H. Burrell, Washington D. C., of the Federal Engineering Bureau of Roads and Rural Engineering; Harry Taylor, world famous driver of fast cars and Col. Del M. Potter, of Clifton, Ariz., who is president of the Southern National Highway, and a worker among those who work.

At noon M. V. Brownfield, Judge Geo. W. Neill, and the writer left in Mr. Brownfield's 37 Buick for the west to pilot them in, and met them just this side of Tokio, and as the Federal Engineer wanted to get all the data from the Judge possible on this hurried trip across the continent, he got in the car with them, and Col. Potter got in the car with Mr. Brownfield. Then is when the real race came off, for Mr. Brownfield never gives the road, but this time he was following a high power 8 cylinder Cadillac, with a famous driver at the steering wheel. Mr. Taylor got a good start while Mr. Brownfield was turning around, and a man driving a jitnev refused to give the road, and it was too

sandy to go around him for nearly a mile, and when we finally succeeded in rounding him, the Cadillac was fully two miles in advance. Then was when M. V. pulled 'er open. At Gomez we had taken up all the slack but a quarter, and ran into Brownfield fifteen yards in advance. We had no speedometer on our car, but the Cadillac party said they ran fifty miles an hour lots of the way.

The party only stayed in Brownfield a few minutes, as they wanted to reach Snyder or Sweetwater by night, making a sweep of 300 miles across the land in one day. But they were talking the highway every minute we were with them.

Col. Potter stated that there was much to do yet before Congress come together again, as they wanted the report of the Engineer to go in in good shape, and he was positive that the report would be very favorable.

Col. Potter is spending time and money in connection with this big proposition, and he is as confident of getting Federal aid in the coming session of Congress as a child is of getting protection from its parents, and everything along the route should leave no chip unturned that will help in the enterprise. While the counties along which the route passes should of course show more enthusiasm, but should the appropriation of several million dollars be made, it would help the whole South and Southwest, as the money thus spent would circulate in the general channels of our trade, and we would be pleased to learn that all adjoining towns, counties and Commercial bodies would

This Conference finished its work last Saturday, but the Bishop did not make known the appointments till Sunday. We are going to give only those of most interest to the majority of our readers.

Rev. W. E. Lyon was appointed the new Presiding Elder of this district, Rev. Terry going to Chillicothe, Station for pastoral work this year.

J. M. Friar is the new pastor of the Brownfield, Gomez, Plains and Harris churches. H. L. Hughes goes to the Southern Methodist University as a student; J. B. McReynolds goes to Silverton and V. H. Trammell gets back close to us, at Hermitage.

Road Closed.

On and after Nov. 20, 1915, I will close to all travel the road through my pasture. All trosspassers will be dealt with according to law after that date.

Dr. T. F. Miles.

Clarence Lewis was confined to his bed again this week with a case of biliousness, or something like that, but is much improved at this writing.

Indorse the route, and send them to their congressmen. If we can get this great highway thro' our plains country, it will be accessible to all the Panhandle and Plains country for their transcontinental travel.

Boost the Southern National Highway.

An Appeal

The Herald makes an appeal this week to the generosity and business ability of the ranchmen of Terry and adjoining counties, to come to the rescue of our farmers with their bumper feed crops, who are finding a slow market for it at the railroad. No farmer has asked us to write this, but knowing the fair mindedness and ability of our ranchmen to look after their own best interests, we know he will come to the farmers' rescue, if he can be made to see that it is to his own interest to do so.

We believe we are able to show the cattleman, who has raised no crop of his own, whereby he can be benefited by buying feed at home, this year. Cottonseed cake is out of sight and still going up, and this is what our ranchmen buy mostly, heretofore, but now, they can get all the corn, maize and other feed crops at 50c per bu and eight dollars per ton, which is about one-fourth the price of cake, and its equal in every way.

Now, most of our ranchmen have their own engines, and an investment of fifty dollars will get a fine crusher, and your dealer will be pleased to take your order for it. What we want is for you to buy your share of the big feed crop, providing you have to feed, and thereby keep your money at home, and at the same time, feed your cattle cheaper and better feed than you have ever fed. The farmer will be willing to deliver the feed to you at your barn at contract price, all at once, or as you need it, and you will not have to pull your teams to death hauling cake from

the railroad.

Get out among your farmer friends, Mr. Ranchman, and see what you can do. Remember this is principally a grain and cattle country—not cotton—and it is your first duty to see that home products are used. Most of you keep a number of hands, anyway, and they had rather be at home crushing feed than on the road in all kinds of weather after cake.

When you read this, think it over, and we believe you will decide we are right.

That a man is able to make enough on a place in one year here to pay for a good home, has been demonstrated on more than one occasion. In fact it has proved the rule more than the exception where a man will farm like he did back east.

This country is freer from disease than any portion of the State, and Texas as a whole is considered above the average

for health. To be plain, physicians say they could not live if it were not for the birth of new citizens in this country. Disease is so infrequent that about all a physician has to do is talk real estate and politics.

J. M. Lee has been right sick during the past several days, but is now improving.

John Hudson and E. W. Omsby made a business trip to Tahoka on Friday, where John had gone to deliver a car which he had sold to a party at that place.

W. B. Tudor of Abernathy, Texas, was again visiting friends near Plains last week.

J. H. King and H. A. Tandy have recently purchased through the land firm of Kendrick and Hunter a fine section of land each which adjoined some of their present holdings. This again demonstrates the confidence our home people have in Yoakum county and its future.

D. B. Tingle and family spent Sunday at the home of Edgar East and family in the north part of the county, and near where Burt has recently made purchase of some land.

Our genial and enterprising druggist, Mr. Carl Forkel, disappeared on last Friday from his place of business where his friends are accustomed to congregate when in need of drugs, sundries, a smile or a word of good cheer, and until he is located or returns there will be a degree of speculation as to the object of his mission. Mr. Cruikshank, being a Canadian by birth, fears that he has gone to join the Teutons, but other friends scout this suspicion as they know him to be too staunch an American to do any thing which would embarrass the Wilson Administration, and so theories as to his mission or whereabouts are at variance.—Plains Developer.

W. E. Smith has sold and delivered to A. S. Alexander of Plainview N. M., 60 heifer calves. Mr. Smith is arranging to feed about 200 head of calves on coushed corn this winter.

R. D. Marshall and brother have sold their remnant of cattle to Chas. Layman, but will again re-stock with cows this fall.

Miss Luella Pulliam is acting manager and clerk at the Forkel Drug Store during Mr. Forkel's absence this week.

L. Townsend made a trip last week to the railroad with two bales of Yoakum county grown cotton.

W. K. Callahan reports the killing of a coyote in his chicken house recently. The wolf had been apprehended and attacked by Mr. Callahan's dog, a Scotch Collie, and to escape, it had jumped into the wire net enclosure of the chicken house which entrap-

ped it, it then taking refuge in the chicken house where it was killed.

A letter received Saturday from Mrs. S. D. Hunter advises that her husband who is in the hospital at Abilene for treatment for appendicitis has not yet reached a condition where an operation is thought advisable.

Wayne Carlisle and Tom Yates, Jr., have made contracts with J. M. Yates to purchase his calf crops at a given consideration for the next three years.

R. M. Kendrick of the First State Bank made a business trip to Lubbock on Friday of last week, Miss Ruth Hudson having charge of the bank in his absence.

Marvin Cox and Sam Moore have made transfer of the Plains-Lubbock mail route to C. C. Abbott and sons who will operate it in the future. Messrs. Cox and Moore furnished the public a splendid service during the entire time they operated the line, and it is believed the present management will maintain the same high standard of service. Mr. Abbott will locate in Plains soon and will build his home here.

Mr. C. B. McCormack, of Nebraska, son of J. H., of this city, came in this week to visit his parents. Young Mr. Mack is a printer and editor by trade, and of course paid the Herald an appreciated fraternal call.

Tom Glover is moving to the French community this week, where he and wife will teach this winter.

Dee Hunter left for Tahoka Sunday and Mrs. Hunter and little Pauline spent the day and night here in town. On Monday Vance Glover accompanied them out home for a few days visit.

Mrs. Bob Snodgrass has our thanks for some of the nicest tomatoes we have seen this season.

R. W. Glover and Bob Snodgrass went to Brownfield Monday. R. W. went over on a Lubbock bound car but Bob said, "too good a chance to get to walk back, I'll go with my buggy and team."

Dr. Bell, of Brownfield, spent Saturday afternoon over here examining the applicants for membership in the ladies branch of the Woodman lodge, that is to be organized here. He was also over here Monday.

Rev. Durham preached two excellent sermons here Sunday.

S. B. Johnson and wife came in to church Sunday and took dinner and spent the afternoon with R. W. Glover and wife.

Mrs. Tom Ivey of Yoakum county came in Monday enroute to Lubbock, accompanied by her mother, Mrs. Alexander and Miss Cook. They were in that new \$2000 car of Tom's and Mrs. Ivey was driving. They stopped at the Hardware for gasoline. As they started off fire caught in the carbtorator and Mrs. Ivey did not know how to cut the gas off. Those present extinguished the fire with sand and Mrs. Ivey phoned to Lubbock for the Cadillac agent to come down and investigate. He came and they returned to Lubbock late in the afternoon. Luckily no damage was done.

I. W. Hudson and wife are touring in New Mexico, this week, and Mrs. Mashburn and Mary Zozo are staying out there with the young folks during their absence.

Will Mathis has a fine bunch of two year old steers out at the Mathis pasture, four miles southwest of town, and he goes out in his car every day to look after them. Quite a change from the old way of ranching, when every trip a cowman made was on the hurricane deck of a Texas pony.

Well the past month's warm dry weather has been ideal for gathering crops, but this Tuesday morning, is heavy cloudy and the cool east wind blowing makes one feel like fire time is not far off.

The gin here is running early and late this week.

J. M. Currier of West Terry came in Saturday and spent the night here at his son, Charlie's.

A letter from Mrs. Sam Parker, out at the Lupton ranch, near Sligo, states that they will spend the winter out here on the plains. They came last summer for a visit to the Gainers, Mrs. Parker's family, and were so well pleased with this and Yoakum counties that it is quite likely they will make their home here permanently.

Sam Funderburk was in town Tuesday. He reports that Mr. Collins, from East Texas, who is working for him, is on the sick list this week.
