J. M. McMillan and Geo. McDowell hauled lumber from Lubbock last week for David McLane and Roy Harris. Walter Potts and J. M. McMillan started to Lubbock Saturday after more lumber for Mr. McLane. We understand Mr. McLane will put up a large house and as he is one of our many bachelors there are numerous surmises as to what his intentions are.

Mr. and Mrs. Brister returned home last week after spending the summer here visiting their daughter, Mrs. J. M. McMillan.

Arthur Cotton and P. Z. Conrad went to Brownfield Wednesday and returned Thursday.

A J. Baker and Otto Cotten came in Wednesday after working for several weeks near Snyder Texas.

Mr. Baker of near Big Springs was out Wednesday looking at a section of land known as the Woody place near Arthur Cotten's. Mr. Baker will probably trade for the place and move out.

Mr. and Mrs. Harkins were trading at Harris Friday. They have leased the McKitchen place for next year and will soon move in. S. Poyner and family are living there now but as Mr. Poyner filed on and got a piece of land near J. Cross he will build there and move in right away.

A prospector was out Saturday looking at the section of land which joins J. W. Spear on

the south. We failed to learn his name but it is thought he will buy the land.

Miss Pearl Cotten spent Saturday night with Miss Stella Taylor.

Miss Nettie Benton was trading at Harris Saturday.

Robert Griffith and wife came out from Gomez Saturday and visited Clyde Harris and family. They returned home Sunday afternoon.

Road Closed.

On and after Nov. 20 1915. I will close to all travel the road through my pasture. All trespassers will be dealt with according to law after that date.

Dr. T. F. Miles.

The Herald has been getting job work all along from Tahoka to New Mexico, and from Hockley county to Gaines, but we broke the record this week when an order came in from Abernathy, a railroad point between Lubbock and Plainview, for some letter heads. A check to cover was inclosed, and he was a total stranger to the editor. Good work and reasonable prices advertise themselves.

I want to buy a good milch cow with young calf

Widow Neill.

Messrs. Brewer and Terry, and the latter's son, all of Fisher county, were here this week looking at our fine country. We did not learn whether they bought or not. They came in from the Groves neighborhood with Mr. Dennison and Dr. Day.

Primrose

Cricket

Lee Cowan's dogs killed two skunks one night last week. One was a solid black one. The pelts of that kind are worth four dollars apiece.

Winter has come after an unusual delay, for this country. We have had ice an inch thick this week.

Sam Branch and wife made a trip to Slide last Wednesday and took dinner with Mr. and Mrs. Joe Holden.

George Carter sold his calves last week to some parties over east of here, at thirty dollars per head.

Mesdames Ater, Thorp, Timmons and Price visited Mrs. Lee Cowan Thursday evening.

Wolves and skunks seem to be numerous in this neighborhood.

J. M. Brown made a trip to Tahoka this week.

T. J. Price came up and taught Lee Cowan the art of syrup making this week. Mr. Cowan thinks he will make something near three hundred gallon of molasses.

A message from Lubbock this week, gave us the information that a fine little daughter had arrived to bless the home of Walter Scudday and wife.

Dr. May is attending the post office while E. B. Wright is out collecting. By the way, the doctor is making a fine one for the practice, and he is all courtesy.

Tokio

By Digger

We have had a right nice cool spell. Almost hog killing weather.

Most of the people are done heading maize, but haven't got their cotton out. Some seem to think it won't open since the freeze.

Mr. Rushing and son, Albert, took off two bales of cotton this morning.

Carl Rushing and Mr. Day's folks are picking cotton for T. E. Lovelace this week.

Mr. Armstrong was in Tokio Monday.

Add Cox and wife spent last Friday night with Jim Wright and wife.

Joe Wrotan came home Saturday from his long trip back east.

Next Sunday is preaching day, so let everybody come out and bring some one with you.

Mrs. Orie Ellington was in Tokio Monday afternoon.

H. L. Ware went and got a load of feed this morning from Mrs. Benton.

TEXAS, two year old Jersey, male; sire registered and dame entitled to register. May be found for service at J. C. Green's barn.

This is Wednesday afternoon, and a howling norther is blowing like everything; its getting cloudy, and has sleeted some. By morning we expect to see the plains covered with snow.

Be Careful.

Don't wait until the well runs dry to figure on your water needs. Don't wait until your house catches fire to practice fire prevention. A stitch in time is said to save nine. A minute's work today may save a year's worry tomorrow.

Have a care with your trash. Use sense in setting up your stoves. Good stovepipe would be cheap at \$10 a joint if you can prevent a fire by using good pipe. You could better afford to pay \$10 a square foot for a good zinc under your stove than to do without one.

It is such little things as these that play the big part in fire prevention. If all the people would look after all these little things, there would be a different fire waste record in this country.

Are you doing your part? Are you cooperating with your neighbor? You can not live alone socially, nor can you segregate your holdings to yourself when it comes to fire prevention.

Be on your guard to prevent fires. Work today to put out the fire in your house that may blaze up tomorrow and the chances are there will be no fire tomorrow.

FOR SALE: Coming 3 year old milk cow; half Jersey, half Durham; will be fresh again in April; is giving milk now. Also, half Jersey heifer calf; in good shape and from fine milker. \$45.00 takes the cow and \$25.00 gets the calf. See Herald man.

HOME! The love of home is so deeply rooted in all living creatures that we speak of it as the "Homing Instinct." It causes the cat to cling to the deserted home, the dog to return from distant places, the honey bee to make a bee line for the Hive, the savage to fight against the encroachment of civilization, the weary wanderer to return to the "Loved spots that his infancy knew." As mated birds build and feather their nest, so do man and maid. Let us feather your nest with everything used in the home. **BRING YOUR CATALOG** along, read the description add the freight, and we will sell you the same article for less money, f. o. b. your own wagon, and you see the goods before you pay your money.

WE WANT YOUR BUSINESS

Right now, while you are thinking about the matter, write your Congressman to support the Southern National Highway with all his might and main, when that matter comes up for consideration; if we get recognition and an appropriation, it will be the making of the whole Plains country, and especially those counties touched by the route. Just tell Congressman Smith and Senators Culberson and Shepherd just what you want them to do, and in your own way. Don't ever think your letter will have no influence, for it will. Maybe, one letter wouldn't have much weight, but if you and thousands of others pour in letters to these

men, they will sit up and take notice.

Whether our long editorial last week had any weight with the cattlemen of Terry and adjoining counties, concerning the feeding of home raised feeds, we know not, but hope it did. Nevertheless, many of them are preparing to do that very thing. Gentlemen, it is no experiment to feed crushed corn or maize to cattle, for everybody knows corn is about the only item in fattening in the north, where the very highest grade beef in the world is produced, and the many experiments stations throughout this and other States say maize

is a close second. We believe the patriotism and fair play principal of the cattleman, will lead him to adopt grains, this winter, at least.

Voters don't always respond even to the higher-ups, in Texas. After a whirlwind campaign in his home county, Bell, last week, in favor of keeping that county wet, Gov. Ferguson was defeated at the polls there last Saturday, by 450 majority. His plea was that his enemies were trying to make political capital out of the campaign, to embarrass him in his next race for Governor, but we rather think the people of that county tired of saloons, and got rid of them. Only last year Mr. Ferguson got very wrathful because Messrs. Wilson and Bryan, of Washington, D. C., butted into the campaign for Governor in Texas, preferring Mr. Ball to Mr. Ferguson, and now as Ferguson's home is temporarily in Austin, he should keep silence in a local campaign in Bell county. But we suppose he knows that much himself, now

Possibly most of our readers understand that Texas is trying to get the National Democratic Convention in 1916, to be held at the city of Dallas and should they succeed, it will be the first time in sixty years that the South has entertained a National Political Convention of any kind. As Chairman of the County Democratic Committee, we have been asked by the State Chairman, Mr. Paul Wapples, to take subscriptions to this fund of \$100,000, to be presented to the National Democratic Committee, which meets in about thirty days. Such funds are to go toward the 1916 campaign, but should Dallas, not be chosen by the committee, all those who subscribe to the fund, will have every penny returned. If we aim to do any thing, we will have to act promptly, as it is the desire to have the fund ready so that a certified check for the \$100,000 can be presented the National Committee, when old Texas puts in her claim for the Convention.

Elder S. D. Loftin was in one day this week and informed us that he was getting on fine gathering his crop, but hated to see so many northerners before he finished. Well, the farmer has to take what comes just the same as any of the rest of us mortals.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Maids and Matrons met with Mrs. Dick Brownfield at her beautiful home east of town. We were pleased to have with us as visitors Mesdames Daugherty and May.

After adjournment delicious refreshments consisting of pine apple ambrosia, cake and chocolate were served. The following program will be rendered at Mrs. Criswell's, the 23rd:

Roll Call: Quotations from Act II.

Paper: Kathrine's plea for Representation: Miss Wise

Discussions: (1) Impressions of scene III, Mrs. Stricklin. (2) Comment on Characteristics of the Procession, scene IV, Mrs. Draper.

Queries: Act II, Scene III and IV, Miss Merriwether.

There will be a Thanksgiving program rendered at the Meadow church. Their correspondent didn't get the program here in time to print, but we are assured it was a good one, and everybody is invited to attend.

FOR SALE: Ten single comb White Leghorn cockrels; price 75c each. For further information see or write Mrs. C. F. Holt, Brownfield, Texas.

We understand that Carroll Phillips will take charge of the bookkeeping department of the Brownfield Merc. Monday morning. With the addition of cattle interest, Messrs. Powell and Banowsky find, that with their ever growing business, that they are obliged to have more help, and the addition of Mr. Phillips, with his smiling countenance, will be a very acceptable addition to this big business establishment.

Don't forget that Elder Liff Sanders, of Lubbock, will preach at the Courthouse Sunday at 11 a. m. and 7:30 p. m. Come and hear him.

Several prospectors are here this week from Knox county, and it is very probable they will decide to locate.

P. E. Pope of Alverado, was out here this week looking after his interests on the west side, and called on the Herald a few minutes on his return. The writer having spent some six years of his life near Alverado, his talk was very interesting. By the way, Mr. Pope wants a tenant on his farm, and those interested will do well to write him or see J. R. Hill, Brownfield, or A. P. Moore, Gomez.

Miss Edna Walters sent out invitations to her friends last week, for a birthday party at her home Saturday night, this being her fifteenth birthday. A nice crowd assembled, and all enjoyed themselves to the fullest extent to near the midnight hour. Chicken sandwiches and tea were served.

We neglected to mention last week, that Mrs. R. K. Benton, brother and daughter were here the week before. Mrs. Benton informed us that her brother of Red River county was very anxious to come out, if he could get a place. If you know of one, let it be known and let's settle Terry.

There was considerable railroad talk going the rounds here the last of last and the first of this week. One proposition was that a railroad from Lubbock would go north of us through Hockley county. Another was that the T & P. would build from Midland through Seminole and Brownfield to Lubbock, they already having enough old steel on hand, and their object was to get a Kansas City outlet. There was also big talk at Tahoka, that the Santa Fe would build west from there through Brownfield. Let 'em come, we are not going to try to head them.

Tuesday was the coldest night so far this fall. The thermometer registered 20 above.

FOUND. A couple of Yale lock keys. Owner can get them by paying for this notice.

You will notice the change in the restaurant at this week. Henry Pulliam has purchased the interest of R. E. Smith, and will conduct it and the market on the same high scale as heretofore. In passing his place of business, he seems to be doing a good business.

Tom Ivey, the big cattleman, of Yoakum county, was here this week after supplies. He is now buying large quantities of corn to be used on the ranch this winter. Hurrah for the "Running M!"

H. H. Longbreak lost a mighty fine cow from something like milk fever, this week.

We understand that the Baptist ladies are getting up a play to be put on some time in the near future.

Born to Mr. and Mrs. Harry Copeland, of the Meadow community, a fine girl, on the 17th inst.

We are sorry to report that our old friend, R. R. Lewis is confined to his bed this week with a bilious attack, necessitating the attendance of a physician

Misses Lowe and Wise, two of our teachers, and Mrs. Cardwell, were out last Saturday afternoon taking subscriptions to get a piano for the school auditorium, and we understand raised in the neighborhood of fifty dollars, and only worked a couple of hours. These ladies are raising \$100 for the first payment, the rest to be carried one year, and we understand the Mercantile donated their commission, that amounts to something near one-third the cost. This is a much needed instrument in our school, and the public spirit of our people will see that one is placed there. In fact, the piano has been ordered from Dallas and if you have not donated, see either of the above mentioned ladies.

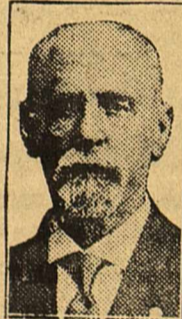

Heretofore, we have always given the name of the physician in attendance on a case of sickness, being as there was only one active physician in the county, but as there is two now, and one might think we were giving one more publicity than the other, no names will be given hereafter in reporting births, etc. Correspondents will please act on this suggestion, and there will be no cause for fault finding. You are at liberty to state "there was a physician from Brownfield—or elsewhere—in attendance," if you want to, but give no name.

W. E. Humphries has bought the blacksmith shop from Cardwell & Bragg, we learn, this week. We believe Mr. Humphries will make good in this department.

OUR PUBLIC FORUM

Peter Radford
On Co-Operative Marketing Plan

The Farmers' Union is the pioneer force in the campaign for cheap money, warehouse facilities and a financial system adapted to the business of farming. The Union has always stood for the best interests of the farmer and realizing that the task was so monumental as to require the combined effort of all forces, the Farmers' Union, some four years ago, blew the horn and called all hands together to build more warehouses and supply cheap money, and as a result the farmers, the business men and the statesmen, are now shaking hands over a bale of cotton. While the work has only begun, sufficient progress has been made to fully justify the policy of co-operation adopted by the Union and on behalf of the Texas plowmen I want to thank all agencies now engaged in assisting the farmers in solving the cotton marketing problem.

We have made reasonable progress in the plan now under way, which contemplates that the business men and farmers build the warehouses; the State supervises the storage and validates the receipt and the banker provides the money at a low rate of interest. The State announces ready and the warehouse commission, with an able corps of assistants, has its problems well under way, and the bankers have declared a willingness to advance money at a rate not to exceed six per cent.

Many warehouses now existing have gone under State supervision, and others are being constructed, but no warehouse system can be made a complete success without sufficient storage capacity to handle the crop.

The present warehouse system is swung around co-operation and it is up to the Texas farmer to assist in constructing warehouses and to patronize them after they are built. No warehouse can succeed unless the farmers organize around it, for no business can prosper without patronage. The farmers and business men must come to the aid of the system and I make a special plea to the farmer, for he is the beneficiary of the movement.

We have just passed through the greatest slaughter in crop prices ever known in the history of the cotton industry. The loss to the Southern planter last year was greater than that of the freeing of the slaves during the Civil war, and the European conflict is by no means over. The phantom of low prices that hover around every cotton field in Texas ought to encourage the farmers to deeds of commercial valor. Look upon the face of your babe in the cradle; look upon the woman who stands by your side, then look your own destiny squarely in the face. Lay aside the petty differences that so easily beset you, awaken from the lethargy of indifference that steepens your senses in poverty and arouse thoughts from their dumb cradles and be up and doing with a determination that wins, and rally around the Union, for there is no other road to success except through organization.

ez, this week, which is to be pulled off Saturday night. This is one of the most progressive school communities in Terry, and is making great progress under their able teacher, Miss Randolph.

A. L. Turner was in town recently, shaking hands with friends and transacting business, this being the first time he has found time to visit Plains for several weeks. Mr. Turner reports that his little daughter, Ruth, has been sick with fever, but is now convalescing. He reports crops in good shape and farmers getting on well with their work.

Lum Hudson and wife have recently returned from San Angelo where they attended the fair and visited friends for a week.

Lum reports having met many of his old friends on his visit, and says that he enjoyed a splendid time.

S. D. Hunter who is in a sanitarium at Abilene where he had gone to undergo an operation for appendicitis, writes that he is improving, and hopes to be at home in about three weeks.

Lum Hudson has recently ordered a mill and crusher to be used this winter in handling the big corn crop harvested. A part of the machinery has already arrived, and he is expecting to begin crushing the Jessie Patton corn crop at an early date.

W. E. Smith has had the misfortune to lose 10 head of calves out of a bunch of about 300 which he has been holding in pens here for the purpose of weaning and feeding them.

The spring-like weather of the past two months has been followed by lower temperatures, there having been frost and ice this week.

A. P. Moore has sold nearly 100 pair of shoes in the last 15 days, and has another lot coming. Has three wagons now at the railroad and another starts this Tuesday morning. He has shoes, hose, gloves for everybody. Oh yes! he has shoe strings and everything good to eat.

Mr. McCoy moved out to Allen Shepherd's place last Friday. Mr. Fleming who lived there will move to the Lemley place.

Mr. Lemley sold his farm five miles west of town to Mr. McCoy last week, and he and family left for their former home in Iowa.

R. W. Glover is moving to the Wallace place, just west of the town section this week. Mr. Jodes and family are now en route from their former home in Borden county to take charge of the hotel here. We welcome these good people to our midst.

Tom Glover moved his last load of household goods to the French community last Saturday. We wish both he and Mrs. Glover success and happiness in their new home.

Mrs. Simon Holgate entertained quite a number of ladies last Friday night in a farewell party for Mrs. Tom Glover. All report a pleasant time.

Frank Currier was bitten in the leg by a pet coon last week and was right sick from it for several days, but is in school this week.

Mrs. J. M. Currier and little J. M. Spent last Friday night in town.

Will Snodgrass and daughters were in trading last Saturday.

Mrs. Geo Neill and children were over here last Saturday morning the guest of Mrs. Charlie Currier.

Messrs. Ted Poore and Easton Wolfarth went to Brownfield last Saturday night.

Misses Addie Bell Ware and Ada Riley went out to Geo. Snodgrass' last Friday afternoon and visited until Sunday.

Mrs. Geo. Snodgrass was in town trading, last Friday.

Messrs. Bert Ingram and Joe Whitley left for Tahoka last Saturday afternoon. They carried fifteen bales of cotton.

Atty G. E. Lockhart from Tahoka, came over one day last week on business and Mrs. Lockhart and little Mary accompanied him and visited friends here in town, ye scribe among the rest.

Miss Sara Hudson who is teaching at Needmore, paid the home folks a visit last Saturday night and Sunday.

Mr. Weeks, from Childress county, accompanied by Mr. Garrison and his two sons were at the hotel Sunday night. Mr. Weeks has leased the Ball house here in town and the one half section of land north of the Wallace place and will move here the first of Jan. 1916. We understand Mr. Weeks has nine children in his family, so will prove quite an addition to our school.

Rev. Durham will preach at the Baptist church here on Thanksgiving day, at 11 a. m.

Sheiff's Sale

The State of Texas—County of Terry:—
Notice is hereby given that by virtue of a certain execution issued out of the honorable Justice Court of Terry County, Texas, Pra. No. 1, on the 9th day of Oct. 1915, for the sum of Fifty-two and 17/100 and cost of suit, under a judgment in favor of Brownfield Mercantile Co. in a certain cause in said Court, No. 71, and styled Brownfield Mercantile Co., a co-partnership vs. G. A. Pyron, placed in my hands for service, I, J. N. Lewis as Sheriff of Terry County, Texas, did, on the 9th day of October 1915, levy on certain Real Estate, situated in Terry County, Texas, and described as follows, to wit:
Two acres of land out of the southeast portion of Section No. 112, in Block T, originally granted to D. & W. Ry Co. but sold by the General Land Office of Texas, to John Lampkin, and being out of the northwest corner of the south half of Block No. 1 (two acres) out of said section: The two acres beginning at a point 148 1/2 varas north of the southwest corner of said block No. 1. In west line of same, for northwest corner of this tract; thence east 74 4 varas, for the northeast corner; thence south 148 8 varas; thence west 74 4 varas to west line of said block; thence north 148 8 varas to the beginning, containing two acres and known as the Gus Pyron two acre tract out of the Geo. Tiernan ten acre tract.

Levied upon as the property of G. A. Pyron, and on the first Tuesday in December 1915, the same being the 7th day of said month, at the Court House door of Terry County, in the town of Brownfield, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and execution, I will sell said above described property at public vendue, for cash, to the highest bidder as the property of said G. A. Pyron. And in compliance with law, I give notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said date of sale, in the Terry County Herald, a newspaper published in Terry County.
Witness my hand, this 8th day of November, 1915.

J. N. LEWIS
Sheriff Terry county, Texas

The ladies are getting up a special song program for the service. Everybody come, Thanksgiving only comes once a year, and we plains people sure have a lot to be thankful for.

Rev. Loftin preached at the school house here last Sunday morning.

Last Saturday night's norther and sand storm was a forcable reminder of the fact that the wind can yet blow on the plains, even if we have had almost none, no more than was necessary to turn the windmills, for over a year. And did you notice the weather was actually cold Sunday morning.

Geo. McPherson drove his team too hard Sunday and both horses were quite sick from it Sunday night and one of them died Monday.

Judge Neill was over her Sunday visiting at Charlie Currier's.

For the benefit of your readers please print this clipping, from the Country Gentleman, by J. C. Mink.

Melt an equal quantity of Petrolatum, Vasaline, and Paraffin wax, together. Wipe water pipes that are exposed to the weather perfectly dry and with a brush coat them thick with the mixture while it is real hot. A torch or oil stove burner will have to be used to keep it hot

enough to use while spreading. This well applied will prevent the pipes from freezing in severe cold weather.

Now good friends lets all try it and if it is effecturl we will save a lot of coal oil and temper, this winter, as well as bursted water pipes.

This cold snap has caught quite a lot of young maize, feterita, and corn in roasting ear, (in and near Gomez,) but if winter stayed off until January, still some would not be ready for it.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly troubles, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
