FRUIT GROWING ON PLAINS

THREE ARTICLES BY L. N. DALMONT

Article 3.

Now, in reference to the preparation of the soil, we would recommend that the soil be well broken the season before planting and cultivated in a light legume crop, such as peas. We would recommend that the last time the ground is broken it be broken in lands the distance apart that the trees are going to be planted and the water furrow be broken the second time, a strip of five or six feet wide as deep as two or three horses can pull a ten inch turning plow. Then run a harrow over the soil so as to pulverize the soil. This will release the necessity of digging large holes. Plant in the water furrow, but hill up around your trees, so that the water will not stand closer than two or three feet to the trees, but rather have moisture soak to the trees. Never neglect to cultivate your orchard. It is best to shape your orchard so you can cultivate both ways.

There is a general opinion that trees must be pruned some time in the year, generally supposed to be in the spring. This may be true and it may not. Examine your trees, and if they need pruning prune them today. No necessity to wait for any season, but the sooner the better. We should not wait till a limb gets as large as a pencil or a broom stick to cut it off.

If you have a bud or twig

where you do not want a limb, shave or rub it off. Let that much growth go where you want it instead of a limb to be cut.

We would not advise pruning in hot dry weather, as the cut will dry out fast and not heal over as well. Nor is it best to prune when an excessive amount of sap is up, as the bark is more apt to peel back and expose more of the wound. But any time during the moderate growing season will do to prune trees. A cut will heal over better in the growing season, as we have a high altitude and a great deal of sunshine. Our trees can be denser than in most any other country. We need to prune sometimes if the trees are so dense that the sunshine can not get to the fruit or there are crooked limbs that interfere or rub each other.

Most of the fruit crops grown in this country grow on limbs from one foot to six feet above the ground. Most of the bearing wood is cut off by the way some people prune. It some time occurs that fruit can not stay on the top limbs during the windy season.

There is no necessity of making a failure. Start right and stay right. Start right by planting good varieties adapted to the climate, prune right and cultivate. I think we can grow fruit with as little moisture as

affir corn, even with as little cultivation, however, cultivation is very important. A home is not complete without trees around it. Our living is cheaper and more healthy with fruit.

This does not apply to shade trees, as they have thick bark and can stand the hot sun.

I am often asked, "Which is the best time to plant trees—fall or spring?" I will say that it

depends on the season. If the soil is wet and the air damp, fall is better, as the soil will get packed around the roots and the roots will callous through the winter and start new roots in the early spring long before the sap rises. Trees handled in this way will make a better growth and stand dry weather much better than trees planted late.

Sometimes we have a dry, windy winter, that has a tendency to dry out the tops before the roots start. In this case it might be better to plant in early spring, about the last of February.

There is a method that is safer than either of these. Dig trees in the fall (trees will do better dug in the fall) cut the roots just as if you were going to plant them, and then heel them to about 14 inches deep, and lean the tops to the south at an angle of about 75 degrees. Cover the roots with fine soil, pour in enough water to make them moist through the winter, and cover this with dry soil and cover the tops about two feet with dry soil. Then plant about the 20th of February. Do not expose the roots to the dry air. While you are planting this way, the roots will start during the winter, and the trees will stay in good conditions. Care must be taken to cover roots deep enough.

The best way to handle grapes and berries is to plant in the fall. Plant a little deeper than they were in the nursery. After they are planted, cut off all the top within two inches of the ground. A new top will grow better than the old one. In the spring it is likely that several shoots will start. Cut them all off the grapes but one, and train this one on a trellis just as soon as possible. Blackberry stalks should be cut down each season just as soon as they get through fruiting, and let the new stalks bear the next year.

Evergreens will grow better when taken up with a ball of dirt

around the roots and a burlap sewed around the ball, so as to keep it from crumbling. Set in holes, leave burlap on, and fill around ball with loose dirt; then water enough to settle soil, and then hill up with loose soil. Put box or barrel around them with both ends out; line between barrel and evergreen with some kind of moist packing—straw, moss or sacks that have been soaked. Keep moist by sprinkling of evenings, but do not keep too wet. Keep this up until the hard, dry winds are over in the spring. Do not keep soil around the roots too wet; water well about once each week. Keep packing in barrel moist, but not too wet.

Everblooming roses will do better cut off within four inches of the ground and covered with some kind of light mulch in the winter.

In making these suggestions, I do not mean to tell or to know all that should be known about fruit culture, but hope to be some help to the inexperienced, that we may make the West more beautiful and fruitful.

Miss Ola Bynum is working at the County Clerks office as stenographer. Owing to the press of business incident to several changes in real estate, the clerk has had to get help, for the first time in a good while.

Mesdames Tiernan and Stricklin and their children, and Misses Holden and Whisenant, went out to the Hudson ranch last Sunday in the former's car to spend the day. They report a good time.

W. E. Humphries, Prop. Brownfield, Texas

A conservative estimate of the 1915 corn crop of Terry county, is 500 bushels to the farm, and we believe it will go nearer 1000 bushels to the farm, but as we started out to give a conservative estimate, we will stay with 500 bushels to the farm. Now there are 300 farmers in the county; that will give us a grand total of 150,000 bushels of good corn, or 75 bushels for every man, woman and child in the county, and at the present price, would be \$37.50 apiece for each inhabitant. This is to say nothing of the big maize and kaffir crop, the cane crop, cotton crop

stock crop, poultry crop and the baby crop, though named last is the most important. There is at least \$300 out of the salable part of the Terry county crop for every family in the county, not to say anything about the calves, colts and pigs. Then some people think you can't make a living here, stock farming.

Land Sales

Since our last issue the following lands in Terry county have been sold to actual settlers, who will improve and move upon the

land with their families for the coming year:

J. J. Terry, of Knox county, Sec. 5, block M.

A. B. Cook, of Knox county, section 19, block T., both in the Groves community.

W. H. Perry and W. J. Singleton, of Matador, section 6, block DD in southwest portion of the county.

Reed & Woodward, of Garza county, half section northwest of here.

W. R. Howard, of Concho Co., section 64, block D11, in Johnson community.

There has been several parcels of land sold, whose names we failed to learn, as well as several sections bought by local ranchmen.

Resolution

Whereas; one of our honored members has been removed from our midst, in the person C. S. Cardwell; and whereas, the community has lost a most valued citizen, his wife a loving husband, and his children a good and provident father:

Therefore, be it Resolved by the Brownfield Lodge No. 530, Independent Order of Odd Fellows, through the undersigned committed, empowered by the Noble Grand of this lodge, to draft this Resolution, that we tender to the wife and children of Bro. Cardwell, our heartfelt sympathy in this their hour of sore trial, and the blessings of the Heavenly Father, who watches over the widows and orphans of all His people, will continue His watchful care over these:

That a copy of this resolution be handed the widow of the deceased; that a copy be spread upon the minutes of our lodge, and that a copy be given the Terry County Herald for publication.

Santa Claus Letters

The Herald will print Santa Claus letters for the real children of its subscribers, this week and next.

Dear Santa:—I am a little boy two and one half years old, and I want you to be sure to bring me, as I have been almost crazy to own one since I saw one in Lubbock last summer, a train.

Jack Stricklin, Jr.

Dear Santa Claus:—Will you bring me a doll with curly hair like mine? Bring Brud one too; also a band, as he is crazy for one. Bring me a horse and buggy and Brud a red car. I want a stove and some dishes like Edna got last year. Bring Edna a star like they get in the spelling class as she wants one so bad. Bring some fire crackers, candy, gum and nuts. I will be so glad to get these things, I can hardly wait till you come.

Harris

By Sand Bur

A few weeks ago we stated that Dave McLane was having lumber hauled to build a large house. We have since learned that Mr. McLane had sold one section of his land to Mr. Arthur Cobb of Milan Texas, who was out here prospecting in the summer. It is Mr. Cobb who is building the house, a bungalow, he also got in a nice lot of fruit trees last week. We are glad to have such people locate near us.

We are sorry to occasionally make a false report but we can not get around and personally interview each of our neighbors every week so we have to depend on out items as we hear them and we sometime hear them incorrect.

Clyde Harris is putting up the new house for Mr. Johnson who bought a section of the Maddux land near Tokio.

E. E. Simms and wife came out from Gomez Tuesday afternoon and spent the night with their daughter Mrs. Clyde Harris. Mrs. Harris and little son, Frank, accompanied them home Wednesday for a several days visit.

A new girl was born to Mr. and Mrs. Alexander on Thanks giving night. We didn't hear of it until after we had mailed our items last week.

Miss Emma Spear visited Miss Lacey Poynor Saturday.

J. W. Spear and wife visited at Jim Wright's Sunday.

Ellington Bros., came in Sunday. They had been to Lubbock to ship some cattle.

Rev. Fryar and family came out Saturday to fill his appointment here Sunday but as no one here had heard he was coming

they didn't know whether to expect him, consequently there was only a small crowd out to hear him and there was no dinner on the ground as has been the custom. He will continue to preach here on the first Sunday and we are sure there will be a larger congregation out next time with well filled dinner baskets.

Henry Witt informed us this week that he and Earle Williams would get about 2500 bushels of corn.

Jeff Pippin came in this week with 2000 pounds of fruit trees and vines from the Plainview Nursery to Terry county people. While two other nursery agents got ahead of Jeff this year, he is delivering within a few hundred pounds of what he did last year. This speaks for itself.

Born to Mr. and Mrs. Frank Rickles, a girl, on the 9th inst.

M. M. Duncan, who has been connected with Mr. A. G. Campbell, of the Hill Hotel, several years in Oklahoma City, is now with him in Brownfield. Mr. Duncan is an expert meat cutter, and stands behind everything he puts out. He will be glad to meet the people. Steak 15c and 18c; roast 12 1-2c. Pork 12 1-2 and 15c.

The following is the new officers elected for the Odd Fellow lodge for the coming term: W. R. Bridges, N. G.; J. C. Green, V. G.; D. J. Broughton, Sec.; A. J. Stricklin, Treasurer; J. V. Drinkard, D. D. G. M. of this district; W. G. Hardin, J. N. Lewis and J. C. Scudday, Trustees; A. J. Stricklin, Representative and J. Drinkard, Alternate to the Grand Lodge, which meets at Mineral Wells in Mar.

NOTICE Dr. John May has charge of my books, and all those that are indebted to me will call at the postoffice and settle with him, as he is my authorized representative. E. B. Wright.

The Brownfield Baptist church had Rev. Vinson, of Tahoka, with them last Sunday in three good sermons, and at a business meeting in the afternoon, the church decided to call him, but he did not accept the call, as he did not know what he would do until the finance committee got together. We hope however, that we will be able to announce for sure that he will be with us permanently, in the near future. Mr. Vinson is a well educated man, a good reasoner and mixer, which is just what is needed just now.

Sheriff J. C. Keller, of Yoakum county passed through this week.

Carrol Phillips went to Slaton this week on business, and to visit his parents.

Will Alf Bell and family went over to Gomez, Sunday to visit Uncle Geo. Black and family, and besides loading the Bell car with good old kershaws, he put in two fine ones for the Herald man.

Dr. John May has bought the remnant stock of dry goods from E. B. Wright, and will close them out.

J. T. May loaded out Monday morning with E. B. Wright's household goods, and left for Lubbock county with them. Elbert is moving back to his father's ranch, 10 miles northwest of Lubbock, where they will make their future home. Deputy postmaster, John May, will have charge of the post office here until a successor is appointed. Elbert came here some five years ago, and soon took charge of the postoffice, and later went into the mercantile business with his father-in-law, J. T. May, and has done well here so far as we know. The many friends of the family regret to see them leave Brownfield, as they had a well established place in our society.

Mr. Businessman:--

Do you know that every time you write a letter to a customer or your business house, your "Stationery" is your Personal Introduction to that person or firm? Therefore, to make a good impression, you should use neat appearing Letterheads and Envelopes of your business or profession. This office is equipped to turn out all kinds of job work on short notice, that speaks for itself in individuality, neatness and workmanship. When in need of anything in the stationery line, let us figure on the bill.

Clarence Green, a son of T. H. Green, moved back to Comanche county this week.

Mrs. Hunter, a sister to Oral Adams, came in from Brownwood accompanied by her children, last week. They have moved out here, and her husband is coming later with their household goods.

Rev. Durham preached here at the Baptist church last Saturday and Sunday at eleven a. m. and at night. He has changed his regular appointment at this place to the first Saturday and Sunday in each month instead of the fourth, in order not to conflict with the Methodist service here on the fourth Sunday.

Messrs. Perry and Singleton, whom the Herald reported last week as being here from Matador, purchased homes in southwest Terry, about ten miles from here and will move their families out immediately.

We saw Mr. Winston, the Brownfield land agent, pass through here in an auto early Monday morning and with him a lot of strangers. He was headed southwest and we didn't need to ask to know that he was going to show Terry county cheap land to people who wanted homes. There is sure a lot of prospectors here now and they are buying too. The good crops boom hit here a long time ago, the land selling boom recently, and next we need a building boom. There lacks at least one third of being houses enough in Terry for the present population and new comers won't find any vacant houses.

Mrs. Bragg, of Brownfield, is visiting Gomez friends this week.

J. A. Simms is drilling a well this week for Mr. Walker, nine miles northeast of Brownfield.

Walter Gainer and T. H. Green and Mr. Davis and his son in law went to Tahoka Monday. J. P. Nichols went Tuesday. Bert Shepherd and Houston and Grover Lewis got in from there Friday.

S. H. Key got a bad scare last week. A prospector looked at his place and asked if he would sell out, and Mr. Key said "yes, for \$15 per acre." The man agreed readily that the price was all right and right there Mr. Key began to think quick and fast for a reason to crawlfish out of his offer. Well he found one, but next time a man offers to buy him out, the prospects are he wont offer to sell so cheap.

Bob Snodgrass and wife were trading here and in Brownfield Monday.

Mr. Goodspeed and family from Montague county, are out at the O. B. Curlin place to stay until January 1st 1916.

Mr. and Mrs. O. B. Curlin left on Wednesday morning for Nacona, Montague county. He takes a bunch of mules there to sell, and they have not decided yet where they will eventually make their home, or move their household goods to.

Rufus Lanier is in town this week.

Mrs. Jones of our hotel, accompanied by her daughter and

daughter-in law went to Brownfield Tuesday morning.

Joe Griffith has leased the Graham place just east of Mr. Seitz and will move there after Christmas

Dee Hunter and wife and little Miss Pauline, visited at R. W. Glover's Tuesday.

Just two more weeks after this until Christmas. May it be a happy one to everybody, especially the Herald force. We have not missed sending a letter every week in four years. This is a very small spot in a quiet corner of the world, but it is home, and so is the only spot to us, and we have tried to be as faithful to report as the Herald is to come. It never fails.

A very good crowd was out to Sunday School last Sunday.

The teacher and school children took their dinner and enjoyed an outing at Richlake last Sunday.

Mrs. Otis Copeland and little sons who have been in Lubbock the past week, returned home Friday of last week.

Mrs. Cosby and little daughter, Mary, of Lubbock, visited last week with her father and mother, Judge and Mrs. Copeland and other relatives.

Mrs. W. N. Copeland returned Tuesday of last week from a visit in Lubbock.

Mr. and Mrs. S. C. Arnett were Lubbock visitors Sunday.

G. W. Ellington and sons, Forrest and Milliard, left for Lubbock, Thursday of last week with fat stuff to ship.

The seating capacity of our present school building is insufficient to accommodate the pupils now enrolled, hence we are going to build a larger one with modern conveniences.

Sheriff's Sale

The State of Texas—County of Terry:—
Notice is hereby given that by virtue of a certain execution issued out of the honorable Justice Court of Terry County, Texas, Pre. No. 1, on the 9th day of Oct. 1915, for the sum of Fifty-two and 17/100 and cost of suit, under a judgment in favor of Brownfield Mercantile Co. in a certain cause in said Court, No. 71, and styled Brownfield Mercantile Co., a co-partnership vs. G. A. Pyron, placed in my hands for service, I, J. N. Lewis as Sheriff of Terry County, Texas, did, on the 9th day of October 1915, levy on certain Real Estate, situated in Terry County, Texas, and described as follows, to wit:

Two acres of land out of the southeast portion of Section No. 112, in Block T, originally granted to D. & W. Ry Co. but sold by the General Land Office of Texas, to John Lampkin, and being out of the northwest corner of the south

half of Block No. 1, (ten acres) out of said section: The two acres beginning at a point 148 1-2 varas north of the southwest corner of said block No. 1. in west line of same, for northwest corner of this tract; thence east 74.4 varas, for the northeast corner; thence south 148.8 varas; thence west 74.4 varas to west line of said block; thence north 148.8 varas to the beginning, containing two acres and known as the Gus Pyron two acre tract out of the Geo. Tierman ten acre tract.

Levied upon as the property of G. A. Pyron, and on the first Tuesday, in January 1916, the same being the 4th day of said month, at the Court House door of Terry County, in the town of Brownfield, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and execution, I will sell said above described property at public vendue, for cash, to the highest bidder as the property of said G. A. Pyron. And in compliance with law, I give notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said date of sale, in the Terry County Herald, a newspaper published in Terry County.

Witness my hand, this 8th day of November, 1915.

J. N. LEWIS
Sheriff Terry County, Texas

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly troubles, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
