Worst Tragedy In History of County.

Some editors and reporters may like to cover their sheets with the sensational, but not so with the Herald man, we had rather leave them out, as our readers include the young, as well as the older, but there are some things that the people want to learn of, and we have to report them.

The best we can get at the murder and suicide that took place just south of Gomez last Friday about noon, we got from Will Mathis who was present, and witnessed all that took place in sight.

It seems that Mr. Funderburk had experienced some financial reverses lately, and had mortgaged more cattle than he had, and his security had to pay the note when it was due, to a Kansas City bank. His surety, whose name we withhold for various reasons, sent Sheriff Jim Lewis over Friday to bring the cattle in, and Will Mathis carried him over in his car. Mr. Funderburk showed them what cattle there was around the house, and said he had more, and all saddled up to go, when Mr. Funderburk said he had to go back in the house a few minutes. Immediately after going into the house, they heard Mrs. Funderburk scream, and directly ran out at a door, bleeding about the throat, and telling them to stop him. Her husband soon came to the door with a gun, and not seeing his wife, retired out of sight in the house, and blew the top of his head off.

Will Mathis immediately took

Mrs. Funderburk in the car, and started to Gomez with her, and overtook Geo. McWhorter, who got in the car and assisted in holding the wounded lady as best he could, in a Ford going as fast as gas could carry it, arriving at her brother's, Will Blacks, just before she expired, and several physicians were hurriedly summoned, but all in vain. Sheriff Lewis stayed with the body of Mr. Funderburk until inquest was held.

This was the greatest surprise our people have ever had, knowing how attentive and good Mr. Funderburk had always been to his wife and having a splendid reputation himself all over the county. While this showed a great weakness in him, heretofore any old timer in the county would answer for Sam Funderburk, and all say he was the best neighbor, especially in case of sickness, that anyone would wish.

So far as we are aware, Mr. Funderburk belonged to no lodge or church, but has always lived a moral law-abiding life, and has no relatives in this county. Mrs. Funderburk was a member of the Church of Christ, was one of the best ladies we ever knew, being beloved by all who knew her. She is of one of the best families in the county, being the eldest daughter of Grandpa and Grandma Black, of Gomez, who were among Terry's first settlers.

They were laid to rest in the Brownfield cemetery, Saturday morning about noon, in separate graves, but side by side, and the largest concourse of people ever assembled at a funeral in Terry county, was there to pay their

last respect.

Elder D. C. Lofton, of the Church of Christ, made a beautiful talk at the grave. May the Lord bless and comfort the heart broken relatives, is our prayer.

Maids and Matrons Club.

Mrs. Draper and Misses Merriwether, Wise and Lowe entertained the M. and M. Club on Jan. 15th.

The members were delighted to have Mrs. D. Brownfield, of White Mountain N. M., the club's former president, as a visitor.

Refreshments of Gelatine with whipped cream and Nabiscos were served.

The M. and M. Club met with Miss Annie Hamilton at her home on Lover's lane, Tuesday afternoon. Mesdames Criswell and Adams read two very interesting and instructive papers on Westminster Abbey and "Downfall of Wolsey."

Miss Ivy Green was elected to membership.

The Club will meet with Mrs. W. G. Harbin Feb. 8th.

Refreshments of chocolate and peanut butter and deviled ham sandwiches were served.

MULES FOR SALE: Farmers needing good young mules apply now. Can see the mules at Geo. McWhorter's, south of Gomez.

Born to Mr. and Mrs. T. H. Philpott, of twenty miles south, a girl on Jan. 29.

Hundred More Voters

In 1914, Terry county cast 265 votes all told, and last years poll would not have materially changed it, should it have been election year, but old Terry will cast between 360 and 400 votes this time, and the receipts amount to 299 this time, as there are probably 25 or thirty men in the county too old to pay poll tax and all of 50 newcomers from other portions of the State, who will be qualified voters in July.

The north box at Brownfield is still the heaviest voter, having 69 receipts and exemptions; the south box at Gomez comes next with 57, the south box at Brownfield with 54, north box at Gomez 52, Scudday 22, Meadow 28, Dumas 8 and Harris 9. The two eastern Commissioners Precincts has 173 and the two western 126 votes.

R. H. Banowsky carried his little daughter, Annie Lee, to Post City, Sunday, where an operation was performed removing the adenoids and tonsils. He went down after her Tuesday.

FOR SALE—Team of small mares, with harness and buggy, cheap for cash or will trade for milch cow. See J. M. Fryar at Methodist parsonage.

Mrs. Horace Randal came in Sunday with R. H. Banowsky, from Post, having just arrived there from Temple, Texas, where she underwent an operation. Mrs. Randal is yet very low.

Artichokes.

The above article is going to make this one of the best hog countries in the world, some day, taken together with peanuts, sudan and our big corn crops.

Uncle Tom DeShazo brought in a sample cluster this week, that weighed one and one fourth pounds, and measured 17 inches in circumference. He had a row of them 60 yards long, and harvested about eight bushels all together. He measured four of the hill, and each of them had a ten quart water bucket full of chokes under them. Now that is going some, but Uncle Tom is conservative in his estimate, but he measured them.

W. R. Bridges planted a small patch of them this year, and after carefully digging and weighing them he estimated that there would have been 10,000 pounds to the acre. Neither of these farmers raised them by irrigation. Our loose sandy soil is the home of them.

They are not only a very fine food for stock, but Mr. Bridges informed us that they tried them boiled, baked and fried like potatoes, and that they were little behind this splendid food as an eater.

Get a start of them right now if it isn't but a hand full, and in one years time you have seed or, eyes enough to plant all you want.

We have been told that people who are trying them out, plant one row of them and the next one in peanuts, and turn their hogs in, and the combination of the two make a balanced ration hard to excell.

Oscar Boyd and wife were shopping at Lubbock Monday.

Mr. Renfro and family of

State Game Warden Johnson, was here from Friday to Saturday, from San Antonio, trying to work up some chicken cases, but we did not learn where he succeeded or not. Just such business as this is why some people learn to love state-wide laws so well. Down east the wise (?) legislators think the prairie chicken one of the world wonders, but on the Plains, and especially Terry county, he is regarded as one of the farmer's worst enemies, and we will bet brother Johnson that nine tenths of them will sign a petition that chickens are a nuisance to them. They have destroyed thousands of dollars worth of grain in Terry county this year, yet East Texas says you must not shoot the darn things for five years. Really, we like east Texas, and their pot licker-buttermilk legislators awful well anyway. We could be a much stronger statewide prohibitionist, if we didn't have to think of this game law business.

In justice to our Gomez correspondent will say that we had another count of the number of letters written last year, and find that she was correct in her assertion that she had written 51 letters last year, we made it 49. There was a lot of people in that day we made the first count, and they got us confused once or twice. Also Sand Bur wrote 50 instead of 48, but there was no material change in the balance of the correspondents. We hope all the correspondents will get a move on them and make this the banner year. Come ahead, and if you need pen and ink, just say

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.
We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Messrs. O. Kelley and Atty. H. T. Durst, of Post City, came up this week, and sold the Glasier land, that has been advertised in the Herald. These gentlemen were pleased with the appearance of our little city.

Judge Spencer and Percy Spencer, of Lubbock, were down this week looking after business matters. The Judge announced that he had rented the old Herald office to Mr. Tidwell, of Lubbock, for the year, and that Mr. Tidwell would put in a line of dry goods, groceries and racket goods in there in the near future. Welcome to our little city.

Mrs. Goree of Tahoka, came in Sunday, and started the carpenters to work on her store building, Monday morning. They are taking out the partitions, making new counters, shelving, etc., and putting in a new flue. She will be ready for business by the last of the week.

A. P. Moore and Early Key were over from Gomez, a few minutes yesterday, on business.

Carl Lewis, the fourteen year old son of Sheriff Jim Lewis got his shoulder broken this week while playing basket ball. He fell and two other boys fell on him. A physician was called to set the broken bone, and he was resting well at last account.

THOSE who failed to get the Star-Telegram during bargain days, can now get it the rest of this year for \$2.75, or 100 days for \$1.00. See the Herald about it.

The warmest day in January was 78 on the 5th and 9th, and the coldest was on the 13th when the thermometer registered 7 degrees above zero. There was only .20 inch of rain one inch of snow that month.

Cashier Bell informed us this week that deposits reached a new high record the first of the week, when they lacked only a few hundred dollars of reaching the hundred thousand dollar mark. Prosperous old Terry.

B. W. Bassham and sons, who came here two weeks ago from Cottle county, began the construction of a new wagon yard this week, just west of the Coble Livery barn. Mr. Bassham will not only handle feed and be prepared to care for your stock and freight wagons, but will put in a commercial line of feeds of all kinds and a stock of flour, salt and coal. Mr. Bassham seems to think the future of Brownfield will be great; and it is his inten-

tion to grow with the town. They are getting hold of all the town property they can at reasonable prices, and we understand that one of the young men will put up a new garage. This is the kind of people it takes to build up a town.

Owing to the fact that several new business houses have and will go up in the near future, and they are desirous of getting acquainted with the people all over the county, what do you think of a big blow out in the way of a Trades Day in the near future?

Dr. May is on a trade for the house now occupied by Claud Criswell, and will move it to the northeast corner of J. T. May's orchard, providing Claud builds a new home, and we understand that that notion is strong in Claud's mind. Well, when a fellow takes a notion to buy a car, run for office or build a new house, you can't stop him. Let the building business progress. This is as good country as there is in the world, a good town to build in to live out your natural life, and what else do you want?

Mr. Barkley, of Matador, came in this week to make this his home, and said his family would be up as soon as he could get a house for them. He is now a member of the Brownfield Land Co. Welcome to our little city.

Rev. J. M. Fryar has purchased Dr. Treadaway's car, or rather his Ford. We have not learned whether the doctor will purchase a new car, or hustle around with old Frank and the buggy.

A prospector purchased a body of land this week out near Mr. Bynum. We failed to get his name, and whether he aims to settle now or later.

Noah Bell and wife, of the north side, accompanied by two of the Thomas children and Uncle Bill Howard, motored to Brownfield this week. Uncle Bill and Mrs. Bell expressed some doubt that three homes went up in Brownfield in three days last week, but we carried them around and showed them four, though one was a tent. Hereafter they will believe nearly half they see in the Herald at least. Whereupon, Noah donated a dollar on our new home.

W. B. Snodgrass and son, George, of the west side, were over this week and both renewed for another year, and Mr. Snodgrass paid up on his four papers that are going out of the county. Mr. Snodgrass inform-

ed us that his wife was very poorly, and that he was going to carry her to the Post Sanitarium in a few days for treatment.

We had a check for one dollar this week from J. M. Jenson, one of our old subscribers at Clifton Texas, and Cashier of the First State Bank of that city. He said: "Here is my dollar to apply on that new house." Now of course Mr. Jenson did not make this a free will offering, as he gets the Herald another year for this amount, but money at this time looks good to us, and if about three or four hundred more of our readers would do as Mr. Jenson has done, we would almost feel like a millionaire, with the million part left off, and they can do it just as easy as not, and not miss the change, and we can then make the carpenters, lumbermen and hardware men smile. Come across, and we promise you a newsy sheet in return.

Judge Gainer has purchased the W. P. Waggoner place five miles east of town, and we understand that the Judge will move out on the farm in the spring. Mr. Waggoner will return to Plainview where he will engage actively in the ministry.

Wayne Carlisle is off on a business trip to Ft. Worth this week.

John Wickson spent last week in Seminole with his parents.

Mr. M. Taylor and son of northeast Yoakum, were in to pay taxes last week, and were making new acquaintances. Mr. Taylor and family are new people among us, having purchased the old Nick Alley ranch.

Henry Heath and J. W. Wilson were social callers in Brownfield last Sunday.

F. L. Boyd is visiting Babiner, Texas, on business this week where he owns some real estate.

Rufe Roy is hauling corn this week which he purchased in East Yoakum.

Our sheriff, J. C. Keller, was in Seminole Sunday on business.

Tommie Ray who was quite sick last week is now improving.

W. F. Burney, formerly of Nolan county, who purchased the P. M. Horn section of land east of town some months ago, at that time erected a house on the premises, has come to the family to make his home here and to share in the development of the county.

Tom Ivoy and wife were returned to their home after spending some weeks in the east.

Uncle Ben Franklin is visiting in Lubbock this week.

El Sol has been purchased by an oil company. The land is situated on State Hwy. about five miles east of Plains. El Sol is in this county with a price—there is no doubt.

Boys of Great Military School of St. Cyr Worthy of Its Best Traditions.

There were many stories of the boys of the senior class of the military school St. Cyr, who took, the day of the beginning of the war, an oath to put on gala dress, white gloves and a red, white and blue plume, when they had the honor to receive the first order to charge.

They did it, too. Theatrical? Isn't it just splendidly boyish? They did it, you see. The first of them to die, a young sublieutenant, was found afterward, his red, white and blue plume trampled in the mud, his brave white gloves stained with his own hot young blood. Another of those St. Cyr boys, shot in the face hideously and unable to speak, stood still under fire and wrote his orders to his men. It was his first day under fire.

A boy fell injured between the barbed wire in front of his trench and the enemy, in that No Man's Land of so many tragedies. His comrades, afraid of hitting him, stopped firing. "Go on!" he called to them. "No matter about me. Shoot at them!" So they fired and he writhed for a moment.

"I got one of yours that time!" he

said The Germans retired, but the boy still lay on the ground beyond reach. He ceased moving, and they thought he was dead. One may believe that they hoped he was dead. It was more merciful than the slow dying of No Man's Land. But after a time he raised his head. "Look out!" he called. "They are coming again. They are almost up to me!" That is all of that story.—Mary Roberts Rinehart, in Saturday Evening Post.

IMPROVING THE CAMP MEAL

Various Condiments That Should Never Be Forgotten When Party Goes on an Outing.

A well-filled box of spices will be thankfully remembered at every camp meal, if somebody is thoughtful enough to pack it and see that it reaches its destination, for even the plainest food can be rendered appetizing by judicious seasoning, and the most appetizing dainties of camp fare can be improved by spices that bring out their flavor.

Of course, you will remember to take along salt and pepper, but if you want the taste immortal have the last of cayenne. A box of paprika, too, will give at tasteless moments a pleasant fillip, while lemons and garlic will be worth their weight in gold at all times. Remember the following things as well: onion juice, herb bouquet and a flask of whisky or brandy. A tablespoonful of the last may be put in canned meat soups instead of sherry, which is more bulky to carry.

Tomatoes always live up a canned soup, and so also a shaving of garlic and a squeeze of lemon juice. When using the sauce remember that it must be cooked with the soup. A raw egg, beaten into the soup after it has been taken from the fire, or milk cooked with it, is a splendid reviver.

His Great Contract.

Giorgio Polacco's brilliancy as revealed in music does not extend to the domain of business if one may judge by a story told by Algernon St. John Brenon. Mr. Polacco was approached on one occasion by a Milanese agent offering him an engagement at Lisbon. Mr. Polacco named a certain price as remuneration. The engagement, however, fell through, as Mr. Polacco had to go elsewhere. The next season the same agent asked Mr. Polacco his terms again and for the same city. Mr. Polacco named them. The agent, acting with a certain celerity, asked Mr. Polacco to sign then and there. This was done and Mr. Polacco took his contract home to his

wife. The latter read it. Then she folded it up and looked straight at her husband. "Giorgio," she said, very tranquilly, "you have made a great contract." "Ah," said Mr. Polacco delightedly, "I know I have." "Yes, Giorgio," resumed his wife, "you have asked and accepted less than last year—and also the season is a month longer."

Avoiding Danger in Mines.
It is fairly a problem to install motors, controllers and other apparatus in mines in such a way as to avoid the danger of igniting fire damp. Modern practice in Europe now provides three protecting methods—all inclosed, partly inclosed, with use of wire gauze plates, and oil bath apparatus. Various apparatus, such as transformers, controllers and switches, need to have a special design for use in mines, not only on account of fire damp, but because of prevailing dampness and mist.

Original Forms of Life.
It is believed that the original forms of life began in the ocean many million years ago, and at no time since has life there ceased. Many of the earliest forms are now extinct; others have gradually increased in number and variety from their beginning to the present time. How long ago life began no one has definitely determined; but it is known to have been many million years ago, for the remains of extinct animals and plants are found in the oldest sedimentary rocks.

Wealth in India.
Immense fortunes in India are in jewels, but there is no authoritative method of computation of the extent of this form of wealth. The Imperial Gazetteer of India described 50 years ago a shawl of pearls, with an arabesque border of diamonds, rubies, sapphires and emeralds, valued at \$5,000,000. There are tales of carpets of pearls and great diamonds which have become world-famous.

Life in Its Various Forms.
The sea teems with plant and animals, and it has been estimated that the amount of life in the sea exceeds that of the land, square mile for square mile. Animal life is found nearly everywhere, even at the greatest depth; but it flourishes best at or near the shore. On the other hand, plant life seems to be absent over the bottoms of the ocean basins, but plentiful at the surface, where the sunlight plays an important part in its growth.

The P. & O. No. 111 L.

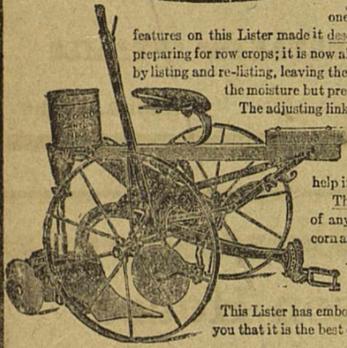

This Lister is known by farmers where sold as P. & O. No. 11, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other makes combined,—over 2,000 sold by one dealer, in one county in West Texas. The special features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with deep-tread tires, an immense help in the sandy loam lands of the West.

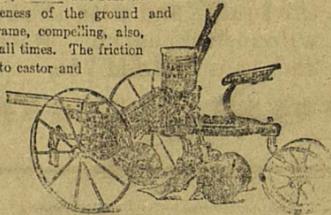

The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow clearing of plates without emptying them. Furnished with disc or shovel covers.

This Lister has embodied many other important features that will convince you that it is the best on the market.

The P. & O. No. 123 4-Wheel Lister

This Lister has all the advantage of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to conform to the unevenness of the ground and conform to the ridge without straining the rear frame, compelling, also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

We manufacture the most complete line of Two Row Implements on the market. Ask your dealer and if you cannot be supplied through him, write us for circular and special introductory offer.

We understand that Wiley Bridges and wife are making arrangements to raise turkeys on a large scale this year. They have built a house for the poults, at their home just north of town, and will lease Mr. Brownfield's park pasture for them to run on. Raise more of the National Birds.

Carrol Phillips informed us this week that he had bought a home in Slaton, and would move over there right away. He will secure a position in one of the mercantile establishments in that city.

Help the Band boys by attending the play Triss, or Beyond the Rockies, Saturday night Feb. 5th.

Mr. Prichard, of Hall county came in this week with three prospectors, to help them find locations. Mr. Prichard was here about a month ago, and liked so well that he brought his neighbors. Mr. Prichard has considerable property in that county, but says he believes he will move to the best county in Texas.

Rev. Vinson and wife moved in this week, and says he is here to help build up the Baptist church and Brownfield, and that he wants his friends and neighbors to visit him.

Home Talent, Triss, or Beyond the Rockies, a Comedy Drama in four acts of Western Life under the auspices of Brownfield Band.

Dr. H. T. Day has traded his two sections of land in the south part of the county for a lumber yard and a mercantile establishment at Novice, Texas, and will move down there right away to take charge. He traded with Messrs. Gibson & Coker, of that place. Stafford Day, son of the doctor, will have charge of the Day place this year, we understand.

See Triss, or Beyond the Rockies Saturday night, Feb. 5th. This is one of the strongest plays ever presented to the people of Brownfield by home talent.

Dick Brownfield informed us Saturday that he would build a 28x28 framed house one mile east of town, on the Tahoka road, containing six rooms; four down stairs and two up stairs. You can bet your sox that the permanent homes that go up in Terry from now on will be mostly good ones. The first settlers that came here, did so with the intention of living it out and going back east, but those that come now, come to stay, and Dick knows he will have a good home there for some prospector some day, when he gets ready to sell. It will be built somewhat on the plan of Dick's home place.

Another carpenter and contractor arrived in our little city this week, and stretched his tent just west of the livery barn. He informed us that he had started to new Mexico, but liked

our town so well that he decided to stop here. Getting a house was out of the question, so he stretched his tent.

Don't miss the band concert tomorrow afternoon and night. Also the play at night.

NEAT JOB WORK

Gomez

By West Wind

Mr. Perry, of Southwest Terry moved his family into the De Shazo house last Sunday and the children started to school Monday morning. Mr. Perry recently moved to Terry from Motley county.

Sam Bigger of Plains passed through Monday enroute home from Post City.

Mr. Spear came in accompanied by his family from Mador last week. They are occupying part of the DeShazo house which now belongs to Mr. Spear.

Dee Hunter left for the rail road on Monday with a huge load of grain.

Joe Black made a business trip to Lubbock last week.

A load of land prospectors from Lubbock passed through Sunday going to Plains.

Singing at the Methodist church last Sunday night. A good crowd out and good music.

Gomez was pretty well represented in Lubbock Monday. Reed Wolfarth accompanied by his mother and Mrs. Mashburn and Simon Holgate went up to meet Miss Nora, who has been visiting at Lockney. Ed Black went and in his car was Luther Jones, Simp Currier and Leonard Davis.

Mr. Crump came in to the Ed Moore place last week and started three children to school here Monday morning.

E. W. Maddux is moving the house from the Lane place two and one half miles east of here, to his land one half mile east of the town section. He will build more rooms to the house and move there just as soon as soon as it is completed.

Oscar Adams moved his family to Lynn county on last Sunday.

The entire community tenders sincere sympathy to the Black families in their sad bereavement caused by last Friday's tragedy.

Mrs. Alvin Duke is improving rapidly at this writing.

Mr. Walter Moore and family left for their home in Dawson county last Saturday morning.

Will Moore from Pottsborough Texas came in last week on a visit.

Mrs. R. A. Watson of Plainview, Texas, left for her home last Saturday after a twelve days visit to relatives here.

This, Tuesday morning, is stated to be moving day for part of Gomez people and as there are no vacant places it like moves on a checker board, only there is usually a vacancy on the board and here there is none and more families than houses. We thought the town was full last fall but several new families have come in and now its a fact if more come in someone will have to get out.

The sun is shining but the air is full of snow, and my! but the weather is cold in Terry now.

1916 at ten o'clock and carried away the spirit of their dear baby Rutherford Linwood.

Little Rutherford had only been sick a few days. They called a doctor on Friday and he said it was tonsillitis and he seemed to be doing real well until Sunday afternoon when he grew worse. Then they called the doctor again and also called another Dr. that night, and at four Monday morning called a physician of Lubbock. They pronounced it Diptheria and did all for the dear little one they could, he suffered so much, and about six o'clock Monday evening, they said he developed pneumonia also and he was so frail and weak it was more than he could bear so God called him home out of all suffering and earthly pains.

He was born July 20th, 1914, being 17 months, and 27 days old when he died. He was such a sweet baby, loved by all who knew him for his many little endearing ways, always had a sweet smile for everyone. He was the light of the home; the joy of his parents. But as has been said so many times "God loves a shining mark" and it seems he picks the brightest jewels for the home above.

It is so hard to give him up, but God knows best and may he give the dear heart broken parents, relatives and friends grace to say, "Thy will be done" for we know the dear little one is now happy and free from the sorrow of this world and bye and bye we can all meet up yonder, where sad partings never come.

SAVES DAUGHTER

Advice of Mother no Doubt Pre-

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.
