W. O. W. Annual Picnic.

The Woodman lodge met last Saturday night and decided to have their big annual picnic, July 14, this year, and subscriptions were immediately started for money to get several beehives. As usual, the beehives will be brought in, the day before the picnic, and distributed to the families in and around town to be cooked. All committees necessary at present, have been appointed, and are diligently at work, and there need be no reason whatever that we cannot have the best picnic ever pulled off here, and that is saying something.

We have always fed all who come, to their heart's content, and will not fail this time. There are a lot of new people here, who are gladly joining in one the picnic, as all of them are liberal, whole souled people, and this will give us all a happy opportunity of getting better acquainted with our new neighbors.

Lets all work toward a grand and glorious picnic, and the Herald will tell you every few weeks about developments toward this end.

Committees; Program; Walter Yeiser, Geo. Neill and R. H. Banowsky. Arrangement; A. T. Fowler, J. H. Witt and Jack Drinkard. Finance; R. E. Burnett, J. F. Winston and Walter Gracey. Cold drink rights will be sold July 1st.

Chickens wanted. Will pay market price; Tidwell & Co.

Organizing Rifle Club.

Judge Geo. W. Neill has been busy this week getting signatures to a list, wherein a national Rifle Club is to be organized in Brownfield, and he has succeeded so well, that the Club is assured. We understand that M. V. Brownfield has been elected president and R. H. Banowsky secretary.

These clubs are organized for the pleasure of the members, but can be used very nicely as a home protection in case of invasion, and we are glad that these steps are being taken by our citizens to safeguard the sanctity of our homes.

The National Rifle Association backed by the Federal Government, furnishes the clubs with new "Krag" rifles for \$5 each, and ammunition at cost, together with directions of practice etc. The dues are just 25c annually, providing as many as 25 people join the club.

If you are interested in anything like this, see Judge Neill and give him your name.

Waples Says No.

Mr. A. J. Stricklin, County Chairman, Brownfield, Texas.

Dear Sir:
Replying to yours of the 12th instant, undoubtedly, voters should have been in the county six months prior to offering to vote.

I think your ruling in the matter was entirely correct.

Yours very truly,
Paul Waples,
State Chairman.

Executive Committee.

Meet.

By order of a call of the Chairman, the County Democratic Committee met Monday afternoon at 3 p. m., in the District court room, to assess the State, District, County and Precinct candidates to pay for the expense of holding the primary election in July, and to transact such other business as might come before them.

All State and District offices were assessed \$1 each, according to Statute, County offices with the exception of Treasurer, was assessed \$10 and that office was assessed \$7.50. Precinct offices were assessed \$2.50 each, as heretofore. The county offices had to be assessed a little high, as there was fewer of them than common.

The following gentlemen will hold the election in the different precincts, and the first mentioned will be the Presiding Judge, and the other the Election Judge, they will themselves select available clerks in their community, and have them ready to serve on election day, July 22nd, next:

Precinct No. 1. (south box Brownfield) R. R. Hughes and W. C. Smith.

Precinct No. 2. (north box Brownfield) Wm. Howard and B. McPherson.

Precinct No. 3 (south box Gomez) W. A. Fulton and S. H. Key.

Precinct No. 4 (north box Gomez) W. G. Meyer and T. H. Green.

Precinct No. 5 (Scudday box) W. H. Cunningham and Luther French.

Precinct No. 6 (Dumas box) S. L. Hunter and J. M. Head.

Precinct No. 7 (Meadow box) Hershall Timmons and Oscar Boyd.

Precinct No. 8 (Harris box) Foster Ellington and W. H. Harris.

In the selection of these officials, the committee was not only taken into consideration, the appropriateness of obtaining good and honest men, but has tried to select those in no way kin to any candidate, especially where any candidate had opposition, and they hope their work will meet the approval of the people of Terry county.

4,300,000 Acres.

For the information of those wanting to know something of our land affairs and for the benefit of those who may desire to acquire homes thereon upon very favorable terms, will you kindly say to your readers that I have sent to the printer a list of the lands that will be offered for sale September first. This list includes about 4,300,000 acres. They will be ready for distribution about July first. The lists are free and will give further information. Those wanting them may write me now and the list will be forwarded just as soon as they are received from the printer.—J. T. Robison, Commissioner, Austin, Texas.

Bad Storm

About the worst wind storm in the history of the town blew up about dark Friday night. It tore up an old barn where Mr. Hunter lives and blew D. M. Belew's house about four feet off the blocks, though the house had but recently been put on the blocks, and had never been pinned down. It also tore up windmills for H. H. Longbreak, R. H. Banowsky, J. C. Green, Geo. Tiernan Dick Brownfield, and Jake Johnstons.

Up about Meadow, it tore up a house occupied by Sam Branch, rolling the house over three times, and bruised them up considerably. They had a small baby that was scarcely hurt, we have been informed, the first of the week but later heard that it was badly hurt.

The rain gauge in Brownfield showed .43 inch, and together with the one earlier in the week, made near .75 inch. We understand that the rain was much harder in some parts of the county, while other portions got none at all.

We hope to see a general rain over the entire west, one of these days, and only a general rain can settle this terribly hot weather, the hottest we have ever experienced on the plains.

I OWN sections 55 and 57, block D 14, and section 135, block D 11, and desire to lease them for grazing purposes, at customary rate, subject to sale.

OUR PUBLIC FORUM

ON OUR EDUCATIONAL SYSTEM.

Our educational system is more in need of intelligent consideration than any other public institution supported by the people. There has been much said and done about our penitentiary system and making good citizens out of criminals is a laudable undertaking, but children are more important and more numerous than convicts, and we should all go to school a part of the time and keep out of the penitentiary all the time. Our educational system has defects both natural and acquired which should be remedied. I will mention a few of them:

We have in Texas a half million children of scholastic age that do not attend school. The census enumerators found that 42 per cent of our children of school age were not enrolled in any kind of a school. The average annual attendance of those who do enter is 56 days, and we rank 42nd with other States in this respect. Seven per cent of our white and 25 per cent of our colored population that is ten years of age and over is unable to read and write, and if we do not overcome illiteracy more rapidly in the future than we have in the past decade, it will require three generations for all our people to become able to read and write. A comparison of our percentage of illiteracy with other states shows that we rank 36th and we have remained stationary in relative position during the past decade. This defect could, it seems, be best remedied by a compulsory educational law, and the Farmers' Union has always stood for such legislation. Texas is one of the six remaining states that has never adopted a compulsory educational law, and these states are at the bottom of the list in illiteracy.

Turning to the other extreme we will examine the finished product of our educational system regarding the State University as a basis. In looking over a recent bulletin issued by the University listing the occupations of nearly a thousand graduates after leaving the University we find that 53 per cent have been elected to office, and probably half the remainder were beaten in the race for office, making a total of 75 per cent politicians with, of course, an occasional statesman. Many of these boys soon after they graduate get into the legislature and sow their wild oats on the statute books. Thirty-five per cent of the University's male graduates are lawyers, and many times they take good plow hands and make poor lawyers out of them. Every time the University turns out a lawyer it thrusts upon society an expense of thousands of dollars, and it costs the people approximately \$300.00 to educate one, for the tax payer supports the University. It must be said to the credit of the University, however, that it has among its graduates some of the most capable citizens of Texas.

The farmers of this state want the University and favor higher education, and we must have lawyers in reasonable quantities and statesmen as a necessity in government, but the educational system of Texas needs a general overhauling, and the farmers want to hear the subject discussed.

The rains of last week, while sufficient in places to make the moisture meet, were not general, and will do little good except for grass. What we need is a general gully washer all over the western part of Texas, New Mexico and Arizona.

Talking about a high assessment, some of the county candidates of Dallas and Tarrant counties were assessed as high as \$250, and even the Commissioners will have to dig \$75 each, and the assessment on the Treasurer in these counties would hold the election in this county. They are digging for the 2nd primary, or Senatorial run off, but Terry will not have one.

Through the courtesy of R. H. McCormack, we received the first

copy of the Montoya (N.M.) Republican issued by the present owner, C. B. McCormack. Though he has not changed the name, he has put "Democratic in Politics" under the mast head and has issued a fine initial number, which is a rather hard job, as one is hardly acquainted with the people of the community. One good thing we note, and that is he has already issued a liberal call for Country Correspondents.

H. T. McGee returned last Friday from an extended trip to Chicago and is giving his attention to local land sales. Mr. McGee stated that the Slaton crops are far ahead of anything he saw on the entire trip, and that he came back home a greater admirer than ever of the Slaton country. He has the immigration business lined up to bring a large number of farmers to Slaton land this year, and he expects a successful land business for 1916. Mr. McGee predicts a very satisfactory growth for Slaton during the next twelve months and a commercially prosperous year. Mrs. McGee and Virginia will not return to Slaton for some time yet.—Slatonite.

Judge Riddle of Dallas, candidate for the United States Senate, is in favor of a system of National Highways extending from ocean to ocean, thus giving to the farmers of the country a means by which all markets are made accessible, and which will enable them to travel with facility and dispatch, saving annually to them, many millions of dollars by reason of reaching the market before their perishable products come to waste. Large appropriations are made by congress, for the improvement of the waterways of the country which benefit only a few. Why not improve our public highways and thereby benefit everybody?—Ex.

R. L. GRAVES.

We take pleasure in announcing to the voters of Commissioners of Precinct No. 1, that R. L. Graves has decided after much solicitation to make the race for Commissioner of the above precinct. Mr. Graves has been in the county about two years, and is interested in a considerable ranch just south of town, and is a lawyer by profession. He believes in a progressive but economical administration of the county's affairs, and being a lawyer and a good business man, is well qualified to fill the place. He asks that you carefully consider his candidacy before making out your ballot.

The Church of Christ was much elated last Sunday to have with them Bro. Mike M. Young of Matador, who delivered two good sermons here on that date to large crowd, in the forenoon, but short at night on account of inclement weather. This farmer preacher, is regarded as one of the strongest in the west. He made 80 bales of cotton last year and preached every Sunday. While here he and family spent the time with their old friends, W. L. Barclay and family.

The big three ton truck with a trailer belonging to parties in Lovington, N. M., is making regular trips through here now, and had 9000 pounds of freight on it this week. It makes the 90 mile trip in one day.

Mrs. A. J. Stricklin gave the new bride a shower last Thursday afternoon, wherein she received forty one useful and pretty household articles. The most valuable being a piano, presented by the bride's parents, Mr. and Mrs. J. T. May, and the most useful being a fine pig presented by Mr. and Mrs. Bynum. Punch and cake was served and all seemed to have a good time. The shower was followed by a party in the evening, enjoyed by the young of the town.

From the Latin.

The Russians, who were slightly influenced by the Latin races, say that "dogs bark and the wind carries it away," but the French, Spaniards, Germans and English, who have inherited more than they wish to acknowledge from ancient Rome, all agree that "barking dogs don't bite," and we have also in English the warning to "have a care for a silent dog and still water," which is clearly a free translation of the Latin original.

Nails Used in Surgery.

It is said that common iron nails are now successfully used by surgeons in the repair of broken bones. The nails, which are used to hold the pieces in place while the healing process goes on, are soon covered with a sort of rust-resisting membrane and their presence occasions no trouble or ill effects. Sioux City (Ia.) surgeons report cases in which nails and even iron stovepipe wire have been used for this purpose.

Wear Furs of Necessity.

Throughout the cold latitudes of China during the winter the Chinese of all classes wear fur, wool or hair-lined garments. Even the coolies have their sheep or goat skins, and people of the middle and official classes have many sets of garments lined with the richest furs. Their houses are rarely heated to a comfort-

able temperature, and in consequence they wear their furs both indoors and out.

His Disinclination.

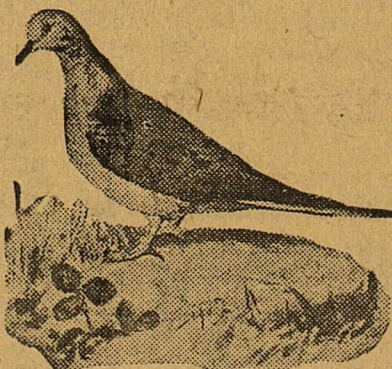

"Come, muh brudder," invited Deacon Hawhee, addressing a stranger who had wandered into the revival meeting, "don't yo' want to j'ine de heavenly band?" "No, sah; but t'ankee for de bid, dess de same!" was the polite reply. "I done played de tromboon in a minstrel band all last season, and isn't got mo' dan half muh sa'l'ry twell plumb yit!"—Kansas City Star.

Father's Hope.

Father's secret hope is that his son won't be such a fool as father was when young, but he doesn't put it up to the boy in just that way.—Atchison Globe.

MOURNING DOVE

(Zenaidura macroura)

Length, twelve inches. The dark spot on the side of the neck distinguishes this bird from all other native doves and pigeons except the white-winged dove. The latter has the upper third of wing white.

Range: Breeds throughout the United States and in Mexico, Guatemala, and southern Canada; winters from the central United States to Panama.

Habits and economic status: The food of the mourning dove is practically all vegetable matter (over 99 per cent), principally seeds of plants, including grain. Wheat, oats, rye, corn, barley, and buckwheat were found in 150 out of 237 stomachs, and constituted 32 per cent of the food. Three-fourths of this was waste grain picked up after harvest. The principal and almost constant diet is weed seeds, which are eaten throughout the year and constitute 64 per cent of the entire food. In one stomach were found 7,500 seeds of yellow wood sorrel, in another 6,400 seeds of barn grass or foxtail, and in a third 2,600 seeds of slender paspalum, 4,820 of orange hawk-weed, 950 of hoary vervain, 120 of Carolina cranesbill, 50 of yellow wood sorrel, 620 of panic grass, and 40 of various other weeds. None of these is useful, and most of them are troublesome weeds. The dove does not eat insects or other animal food. It should be protected in every possible way.

MY DEAR SIR: DID YOU KNOW

That the first curved ball was pitched by Arthur Cummings in 1867--
That in 1875 ten men played on each side--
That overhand pitching was authorized in 1884--
That in the Fall of 1887 a batsman was allowed to call for a low or high ball--
And that the man or young man who don't order a Summer suit now, is just about out of the game?
Why not let us tailor you those new clothes?

Meadow

By Sandy

The Misses Wester, of Lubbock are visiting Rowena Peeler.

The people of Meadow enjoyed a nice rain Friday night, which has helped the crops considerably.

Mr. O. F. Boyd returned home Sunday with his family.

Miss Luda Brown visited Mrs. George Carter and girls one day last week.

Mr. and Mrs. Buford Ater gave an ice cream supper Thursday night. There was a nice crowd out.

Effie Peeler is reported ill with typhoid fever.

Miss Bettie Campbell is here visiting her sister, Mrs. Newt Copeland.

A cyclone destroyed the home of Sam Branch Friday evening and the family was bruised up considerably.

Groceries, yes, groceries, remember they are fresh, and don't forget they are for sale by Shepherd Gomez,

A new real estate firm has opened in Brownfield, under the caption of Tidwell & Co., and we hope they will sell a section of land every day.

What's left of the Herald family had a nice dinner with Mrs. J. C. Green, Wed. Spring poultry was on the bill of fare, and we sure give it the once over.

A new garage was opened up here this week by H. W. Richardson, formerly of this place, but recently of San Angelo, and a gentleman from Bronte, in the old Coble livery barn. We understand that it will be moved to a lot between the Hardware store and the Blacksmith shop, and remodeled. Watch for their ad next week.

The new heating apparatus for the school building has arrived, and will be installed in the near future. This heating system, which has the approval of the extension department of the Board of Education, has cost \$300.00, which will be paid for out of the \$500.00 fund granted us this year by the extension department.

THE HILL HOTEL is now under new management, and we want you to stop with us when in town. Will buy your chickens and eggs at market price. W. O. Clark, Prop.

Homer Scott and family came in this week from Wilson to pay Mrs. Scott's parents, Mr. and Mrs. R. R. Hughes a visit. Mr. Scott was also looking for carpenter work.

Ed Moore with B. L. Thompson as foreman, begin construction on his splendid new home, three miles north of town, this week.

Gibson Randal returned this week from a visit to Ft. Worth.

480 acaes of land in Yoakum county. Will sell cheap. Reasonable cash payment, balance in Live Stock. Tidwell & Co., Brownfield Texas.

Several couples of young peo-

ple had twilight supper out at the Tiernan tank, Tuesday evening.

Among those who attended church here Sunday from Gomez and vicinity, were: Mr. and Mrs. Jones, Will Winn and wife and Mrs. Black and daughter, Nora.

Judge Peden went to El Paso this week on business. He said if the Mexicans backed him up to a wall, he would try to write a post card before the volley was fired.

DR. J. J. Randal, of Lamesa, Texas, will be in Brownfield, on June 26th, for two weeks. All work guaranteed; prices reasonable.

Mr. and Mrs. B. P. Brothers, and little daughters went to Tahoka, Tuesday afternoon in their car.

While at Lubbock last week, R. H. Banowsky had Louis Hargett, an expert electrician try out the movie dynamo, Mr. Judd has purchased for the Brownfield movie, and instead of 13-4 kilowatt, as it was sold to them, it proved to be a six kilowatt power, and is large enough to light the business section of town if need be. They will run it with a 30 horse power, 4-cylinder Overland auto engine, which will be kept on its chaises. They have purchased a brand new projector.

Born to Mr. and Mrs. Goldston, who live five miles south west of town, a boy, on the 20th.

FLANNAGAN — WOLFFARTH.

Mr. L. F. Flannagan and Miss Nora Wolffarth were married at Brownfield, Texas, on Monday afternoon the 19th inst., Judge Geo. W. Neill officiating.

Mr. Flannagan is a gentleman of honor and integrity, who has the respect and good will of all who know him. His home is in Cochran county near Redlands, N. M. He is the manager of the X— ranch there, but for several months past has made his home here in Terry while looking after a herd of cattle he was pasturing here.

Miss Nora is the only daughter of Mr. and Mrs. Ben Wolffarth, form and disposition she is altogether lovely. She numbers her friends by her acquaintances.

Mr. and Mrs. Flannagan left Tuesday morning for their home in Cochran county. A host of friends here join in wishing them a long and happy life.

The trustees authorize us to state that the eleventh grade will be taught in the school here next term. New flues are being put in the school house and it is to be repainted and put in first class condition in every respect. Now good people remember its no longer "I'll send to school whenever I get ready," but be ready and send whether it suits you or no, for we have a compulsory education law now, and the days of keeping children in the field until Xmas and then sending one or two months before you start the boys to breaking land, is over. At times it may seem hard to give up the childrens labor, but all good citizens obey the laws and that is law.

Messrs. Ted Poore and Alvin Key and their wives left last week for the harvest fields of the north plains.

Joe Lane of Lubbock, came down last Friday and spent the night down at Mr. Renfro's. He spent Saturday here and at Brownfield, returning to Lubbock Saturday evening.

Miss DeAlva Whisenant of Brownfield, visited her aunt, Mrs. Simon Holgate, several days last week and Mrs. Holgate returned home with her on Sunday morning for a days visit.

Mr. and Mrs. Jones went to Brownfield to preaching last Sunday.

Grandma Maddux visited out at Eldrege Maddux's from Saturday morning until Sunday afternoon.

A. P. Moore accompanied his daughter, Mrs. Alvin Duke, to Lubbock last Monday, where she went to take treatment from a specialist for her eyes; also a chronic sore mouth caused from salivation. Mr. Moore returned that evening but Mrs. Duke will stay there for treatment.

Mrs. Robert Holgate and children visited her parents in Brownfield last Sunday.

Ben Whitley and wife from the Harris community, visited their parents here last week.

Messrs. A. J. Simms and Whitaker are at home from their job of well drilling in Yoakum

Welcome home, Cricket, we have missed you. Now that you are home once more hope you will write every week.

This part of the plains needs a big rain to bring up the late planted crops, but those already up are growing fine, as its only one or two inches from the surface of the ground to moist earth. We suppose the farmers are all at work for there is not one to be seen in town, not even at the blacksmith shop.

YOUR GIRL.

Is she following the fashions set by the undressed chorus girl of the stage?

Is she bedecked in flimsy garments meant to display the contour of a shapely figure?

Is her walking dress cut so low that one would think she was on the way to the opera, and so high that the color of her stockings is discernible?

Are her fingers, neck and arms covered with gawdy jewels, cheaply imitated on the five and ten cent counters?

Is her face rouged and powdered with the freedom of a brazen demimone?

Is she dining, drinking and dancing with the giddy midnight throng in an atmosphere of excitement?

Is she loy riding on Sunday and neglecting the church of her father and mother?

Is she in pursuit of pleasure, frivility and fashion the consuming passion of her heart?

Is she going the pace in the restless desire to shine in the blazing light of the cabaret and to be known as one of the fast set?

Is she walking in the primrose path of dalliance with no thought of the journey's dreadful end.

Are her companions lifting her up or dagging her down?

Is she seeking the love of one true man or basking in the sunshine of many without manhood?

Is modesty a mockery, the prayer book and bible relics of the past and mother's advice the out whim of the antiquated?

Is she no longer a comfort to those at home, the confiding delight of her mother and the

pride of the family circle.

If this is your daughter, are you proud of her? Look at her latest photograph, then take down the picture of her mother or grandmother. Which do you like the better, and which do the men of real worth?

We had a right nice shower Sunday afternoon and a right smart of hail but not enough to hurt anything.

Everybody was disappointed Sunday as Bro. Williams didn't get to fill his appointment as he was at Tahoka sick.

There was singing at Mr. Rushing's Sunday night. It was enjoyed by all present.

Hugh Snodgrass and wife were in Tokio Sunday afternoon.

Mr. Callihans folks are visiting Mr. Armstrongs this week.

I wonder why Carl Rushing is going out west so much here lately.

We are the Guys that put Cold in Cold Drinks.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
