Brownfield Mercantile Co.

On The Border

El Paso, Texas,
June 25, 1916.

Mr. Stricklin.

Brownfield, Texas.

Dear Sir:-

I arrived in El Paso yesterday afternoon and found everybody talking war.

Of course I expected to find the people here more or less inclined toward war, but didn't expect to find quite so much sentiment as I've seen displayed by all classes—there seems to be no division of sentiment—but all seem to think we must wait no longer about giving Mexico a long needed lesson.

This town is full of Mexican refugees, and I am told that they are still coming over by the hundreds.

It is being reported here that Villa was in Juarez yesterday, but I saw nothing of him this morning, when, in company with a man from Tennessee, I went over and rode through Juarez. However, we were not looking for Villa nor anyone else after we got over there and saw the situation. We didn't see a single white person and the streets were crowded with groups of Mexicans, all talking at once, quite a lot of them armed and a great many apparently drunk.

Many of them looked as if they hadn't been very well fed.

After having gone over there and seeing the conditions I feel that the U. S. should stop all crossing, both to and from Mexico, as it is very plain that with

the feeling that exists in the minds of both people it would be very easy for a clash to come.

There is, I am told, something over five thousand soldiers quartered here now, which together with the big guns mounted above the city, I feel that there is no danger here.

I am told that these guns are effective at a range of twenty two miles, and that Juarez can be wiped completely off the map in eighteen minutes.

I went out to Fort Bliss this afternoon and I certainly felt proud of our boys in the army. They certainly look capable, and I'm sure they are willing. Even now I see a squad of them coming up the street from toward the river with their deadly looking guns on their shoulders, and I can't help but feel that if Mexico doesn't look out, she may yet have cause to regret some of the inhuman acts that she has allowed her soldiers to commit against our soldiers and our people.

As I told you before I left Brownfield, if war is declared I am going to remain here.

With best wishes to you and the rest of my Brownfield friends, I am,

Yours truly,
J. H. Peden.

Tribune for Knight.

W. M. Knight Candidate for Associate Justice of Amarillo Court.

The Meridian Tribune; June 16:-

"The Tribune has noticed that the Hon. Wm. M. Knight of Hereford, Texas, who was for many years a prominent and useful citizen of Bosque county, is a candidate for the judgeship of the Court of Civil Appeals at Amarillo. Mr. Knight while residing in Bosque county, served us as County Attorney, special judge several times, member of the State Legislature and as Assistant Attorney General under Gen. Crane. In addition to these positions he served us as a member of the county board of examiners, member of our City council and otherwise. It is but just to say that in every position occupied by Mr. Knight while he lived here, he faithfully and satisfactorily discharged every duty as an honest, conscientious man. He is a ripe scholar, thoroughly grounded in the law by both study and an active practice of more than thirty years, which combined with his sobriety, integrity and high sense of honor, most peculiarly fit him for the place he seeks. The Tribune can but hope that the good people of that district will elevate Mr. Knight to this judgeship, and we feel sure none of them will ever regret supporting him."

The Meridian (Bosque County) Tribune, June 16.

The Queen Theatre

The Queen Theatre will open with its initial performance next Tuesday July 4th, and the management promise a good program on that night, and are arranging to seat at least 150 to 200 people. Everything that goes in the make up of this new movie, is new or practically new, and has been tried out by one of the best electricians in the west, who says that it will be a go.

In conversation with the manager, he informed us that he would show every Tuesday and Saturday nights, beginning next Tuesday, and that possibly there would be three nights per week, to be determined later, but on the week of the picnic, there will be three shows, on Tuesday Friday and Saturday nights. On night of the 14th, (picnic day) among other features, they will have The Siege and Fall of the Alamo. The interance to the theatre and stage will be profusely decorated with U. S. and Texas flags, and they expect a large crowd to see it.

For further information about the shows that are to be featured in Brownfield in the near future, watch for their announcements in the Herald.

We notice that the Baldwin bungalow, just west of town, is looming up, and we understand is now occupied.

Darnell Free.

The District Court entered in to the selection of the jury in the murder case first thing Monday, and secured the jury the first day. Testimony was heard Tuesday and Wednesday and the case is being argued this (Thursday) morning by the attorneys in the case, who are for the defense, R. A. Baldwin of Slaton and W. F. Schenck of Lubbock and G. E. Lockhart the District attorney for the state. The jury will likely get the case by noon.

Later the jury reported a verdict and found the defendant not guilty.—Lubbock Avalanche.

Mr. Dumas Withdraws.

Uncle Mose Dumas came in this week, and asked us to say to the voters that after fully considering the matter, he had decided to withdraw from the race for Tax Assessor. He thanks one and all who aimed to support him, or had considered his race, and that he had not entered the race to help or hurt anyone, and in withdrawing, had only considered his own feelings in the matter.

OUR PUBLIC FORUM

V. A. Collins
ON THE RELATION OF CAPITAL AND LABOR.

V. A. Collins, Chairman of the Labor Committee of the Texas Economic League and a recognized friend of organized labor, discussing the relations between employer and employe, says:

"Most of the friction between Capital and Labor is the result of misunderstanding between them. This lack of proper understanding often results from the fact that large investors do not, or cannot, follow up their investments, but are forced to operate through hired men, known as 'managers.' The capitalist or investor, possibly knows no laborer in the employment of the enterprise, and consequently knows nothing of his environments, his needs, his hopes, or aspirations—they are as widely separated as Dives and Lazarus. Their situation is not such as to create any sympathy one for another—the capitalist knows nothing of the trials and difficulties of the laborer, and the laborer cannot see that his employer may also have great difficulties in 'keeping the mill going.' Let the capitalist put himself in the place of the laborer and the laborer in the place of the capitalist and study each other's problems.

Be it said to the credit of many employers, they would like to make more favorable working conditions and pay better wages, but they have competitors in the same line of business who will make no change for the betterment of their labor and a man in business can scarcely make concessions which his competitors will not make, but when a change is demanded by labor, it cannot be convinced that the employer would be glad to make the change if his competitors would do likewise.

If the laborer hears of his employer at all, it is most probably through the press where he sees an account of his being abroad in company with Kings or princes, displaying his wealth that he may be admitted into royal society, or perhaps he sees where his employer has just given a million to the church or charities, while the wife and children of him whose calloused hands helped to produce that million are in the most direful circumstances. It needs no argument to prove that this is not calculated to create a genuine sympathy on the part of employe for his employer. I am persuaded that it is more charitable for employers to distribute the earnings of their industries above a reasonable return on their money among the men who co-operate with the machine in producing his wealth than to contribute large sums to charity and sound the bugle that the gift might be noted in the press.

Employers visit your enterprises and your laborers and see the discomforts and even the misery they sometimes endure and your charity may be kindled towards them. Employes, make the success of your employer's business your chief object and then demand a just share of the success you have made for him. See the Christ ideal of 'love thy neighbor as thyself' between capital and labor and the necessity for the militia to quell riots will never be known again and the race will grow wiser and better and the 'peace that passeth understanding' will prevail throughout the land."

In remodeling and beautifying your home, don't forget that it is just as essential to plan for cleanliness as convenience and beauty. For pity's sake screen your house, and keep those dirty flies out. It doesn't cost much, and if you are a renter, and the landlord won't pay for them, pay for them yourself, or leave his place, as he has no regard for you or your family.

In the three years that we have kept the government station here, this has been by far the hottest. Last year and the year before, the thermometer only went to 100 a couple of days, but for the past month, the thermometer has hovered around the hundred mark almost every day, and as high as 106, Monday. The only cause we know for this unrepresented heat wave, is the

fact that it is extremely dry throughout central New Mexico and Arizona.

We have been wondering for some time what the G. O. P. aimed to run on this time, having gone to the trouble to read their platform, but so far have not seen anything but what the Democrats have already done. Now we are patiently awaiting Hughes' speech of acceptance, which he has gone to so much trouble, and has consulted so many politicians about. Perhaps it will shed some light. In fact the Democratic Committee has put three questions to him we want to see answered, viz: "If you had been in Wilson's place, would you have declared war on Germany, on England? Would you have intervened in Mexico before now? The only thing the Republicans have to harp on this time is high tariff, to help the war dogs, and the burley trusts get a few more American dollars, but the people have that old issue signed, and will howl that down with Peace and Prosperity.

"If at first you don't succeed, try, try again" This is an old but wise saying. Another is, "Keep working, tis wiser than dreaming and sighing." Both together, they are a good motto for the optimist and something for the pessimist to think about. Even if you have tried for years to lift the mortgage, even if the majority of the calves are not heifers, even if you have tried two or three times to get a railroad through the country, try, try again. Keep everlastingly at your job. Even if the gentle shower don't trickle down, or a drenching rain pour upon your field just when you need it, work and wait. The Lord never did promise to help those who refused to co-operate, but he plainly told us that prosperity and happiness was on the side of those who sweat, perspire, if you please. Go to work and hush about hard times and dry weather, and you will have a bank account by and by.

City Dots

By Mrs. Walter Yeiser.

Mrs. Cardwell gave the young people of the town a party last Friday night. All report a nice time.

Mr. Will Arnett's little boy got his hand crushed Tuesday while trying to rope a steer.

Mr. and Mrs. J. H. Hall entertained the young people with a party Monday night. All present report a nice time.

Messrs. M. V. Brownfield, W. A. Bell and Geo. W. Neill made a flying trip to Lubbock Monday.

A physician was called to Meadow Sunday night to see one of the Lindsey boys. A horse had fell on him.

Miss Reba Bone was visiting her aunt, Mrs. M. E. Kinard last week.

Bit Pveatt was in from the ranch Saturday and Sunday.

Burnice Dickinson and Alice Lee were down from Lubbock visiting their sister, Mrs. W. K. Dickinson this week.

Uncle Bill Howard was in town Monday.

Mrs. John Gracey and Miss Hester were in town shopping Saturday.

Mrs. Eicke and children were in town Saturday.

Arch Fowler and wife were in from Miles ranch Saturday.

Walter Gracey and wife were in town Sunday.

Mr. Bartlett was in on business Tuesday.

Will Mathis and family made a trip to Roaring Springs this week to carry Misses Willie Mathis and Ethel Prices, nieces of the former, home. Miss Prices lives at El Dorado, Okla., and is spending the summer with Miss Mathis, and both have been visiting here for a week or two.

Elmer Bassham has sold his entire interest in the Brownfield Garage to Lester McPherson, and Lester has employed Earl Hill as helper. Earl and Hubert Holt have ordered a large steam vulcanizer, the largest on the South Plains, and will install it in a few weeks in this garage, which we understand will be en-

larged. Watch for their ad.

Little Miss Lela May McPherson, the four year old daughter of Lester McPherson and wife, celebrated her birthday Wednesday, by inviting all her little friends to an afternoon party. The little fellows enjoyed the afternoon together with all kinds of games. She received many reminders of the day in the way of presents.

Despite the slim rainfall, farmers report that crops are looking fine, and that young stuff planted since the showers is coming up to a pretty good stand. Chock Hamilton says he never had a prettier crop in his life, but that he is almost afraid to work it out till it rains.

Another set of twin girls was born to Mr. and Mrs. Artis, four miles north of town, yesterday morning. This makes three sets of twins born in Terry in the last two months. Four girls and two boys. Come to Terry.

Note the Ad of the new garage in this issue. These gentlemen promise you good work at reasonable prices.

Mrs. William Green, of George town, Texas, is visiting her mother and sister, Mrs. Young and Mrs. J. C. Green.

It has been reported here that Leslie Green got married last week, but so far, we have been unable to varify the story.

Several of the candidates are making their rounds this week, telling the dear voters their tales of woe, and getting something good to eat. One of them has already told us he was going to get fat, and made us want to be a candidate.

Mrs. Walter Yeiser is now City Reporter for the Herald, and we will appreciate any locals you will phone her.

P. B. Brothers and wife have the following visitors: Mrs. Robinson and son, mother and brother of Mrs. Brothers; Arthur and Miss Lizzie Brothers, sister and brother of Mr. Brothers. All are from Paducah. We hope readers will not need an interpreter for the above.

J. R. Lindley made a trip to Lubbock this week after the engine and dynamo for the Queen Theatre.

We have two candidates for Commissioner of Precinct No. 1, but no one thought enough of the job in the other precincts to make affidavit to the fact, and pay two and one half dollars to get their names on the ticket. Then

there are no candidates for Justice of peace or Constable, or even Chairman of the County Democratic Executive Committee. Verily, the office has to seek the man in grand old Terry—especially if there be little or no pay, and a lot of work.

Rex Rogers has accepted a position with the Brownfield Hardware Co.

There was a large crowd in town Saturday to mill and shopping, but Uncle Horace had considerable trouble with the mill, and did not finish grinding until Monday. He has had a good deal of work done on the engine this week.

Hall Robinson was over from Tahoka last week, in the interest of the candidacy of his father for District Judge.

Hon. J. T. Robison, Commissioner General Land Office, of Austin, was here a few minutes this week, and saw several voters while here. He had been over in Yoakum county looking after matter connected with his office. He is confident of re-election, and we believe he will have no trouble as he has given all portions of the state a Square deal.

Mrs. Rufus Rush, of Lubbock, is visiting her parents, Mr. and Mrs. Jno. S. Powell.

Mrs. Goree will deliver groceries every day at 9:00 a. m. and 5:00 p. m. from now on.

Wholesalers to Build

It is reported that Waples Plater Co., wholesalers will erect new brick buildings soon commensurate to the needs of their business. These companies have been transacting business in Lubbock for about two years, but have been in leased buildings. Their business has been such that its growth requires larger and better quarters, and hence the announcement of their new buildings soon.

The Santa Fe Railway Company is now building a spur track from the switch yards at the end of East South First Street through the alley back of the Sudan Association Building, the East Side Christian Church and west to Hickory, which track will be used for the convenience of the wholesale trade, as both the above wholesale companies expect to build in that part of the city.—Avalanche

That the first curved ball was pitched by Arthur Cummings in 1867--
That in 1875 ten men played on each side--
That overhand pitching was authorized in 1884--
That in the Fall of 1887 a batsman was allowed to call for a low or high ball--
And that the man or young man who don't order a Summer suit now, is just about out of the game? Why not let us tailor you those new clothes?

Dewey Farris' horse threw him one day last week and broke his arm.

A. W. Blankenship and family left in their new car Sunday, to visit relatives in Erath County.

Lee Cowan and son made a business trip to the Gordon and McPhaul ranches Tuesday.

I failed to mention last week that George Carter had recently built an addition and remodeled his home.

Buford Ater has just completed a new bungalow for himself.

There was an ice cream supper at Buford Ater's Thursday night.

Miss Maydell Wester, while riding horseback from the Cowan ranch to Meadow, got thrown from her horse, receiving several bruises from the fall.

Misses Lora Price and Ona Ardis are visiting L. P. Price and family for several days.

Mrs. Bivens and the Misses Jones made a call on Mrs. Cowan and Mrs. Blankenship Wednesday, or rather to see their husbands, as they are the trustees and the ladies were hunting a school to teach.

Word Price spent Thursday night with his brother, Leonard.

I have heard calamities never come single. The hard wind we had Friday evening blew down Sam Branch's house completely, demolishing it and all

their household furniture and how they escaped with their lives is miraculous. Mrs. Branch and little six weeks old baby are severely hurt. Baby's head was smashed and Mrs. Branch is so bruised she is scarcely able to move at this writing. Mr. Branch was in a different room trying to hold a door when the crash came. He is also considerably bruised but not so severe as his wife and baby. Mr. and Mrs. Hope Timmons looked next morning and saw the house was gone, so he got in his car and went over there and brought them to Mr. Cowan's.

Hope Timmon's windmill was blown down and Mr. Herring's cribs were blown away. The Primrose school building was blown off the foundation.

Lee Cowan started his wagons to Lubbock Monday to buy lumber to build Sam Branch another house.

Tidwell & Co., will sell your land. List with them.

Mrs. Percy Spencer, and children, of Lubbock, are visiting her parents, Mr. and Mrs. J. L. Randal.

Who Own the Railroads

There were 626,122 stockholders of 1285 railway corporations, having an aggregate mileage of 257,211 miles, at the close of the fiscal year ending June 30, 1916. These figures are compiled from the return of railroads to the Interstate Commerce Commission.

Beginning with the fiscal year fo 1915 the railroads were required to report names and holdings of the twenty largest stockholders except of railroads in class 111. This makes it possible somewhat to separate the railroads and private holdings of railroad stock.

688 railroads held stock in other roads to the amount of \$2,319,956,813.00 face value, while 607,630 individuals held a total of \$6,004,496,162.00. This indicates how widely the stock of railroads is owned by the public.

The average holding per stockholder for the United States as a whole is \$9,882.00. In this compilation is included 170 class 1 roads with annual revenue of 1,000,000.00 or more; 267 class 111 roads with annual revenue between \$1,000,000.00 and 100,000 00 and 405 class 111 roads with annual revenue of 100,000 00 or less. —A. M. Hove.

Foundation was laid this week for the new mercantile building, which is going up between the Randal Drug Store and the restaurant.

Dr. Treadaway went to Tahoka Tuesday on business.

The Panhandle Bankers

(A. M. HOVE)

There were something like sixty banks in Texas and New Mexico represented at the two day annual bankers' convention held in Clovis last week. The entertainment was splendid and the program instructive. Leading bankers from Kansas City, Dallas, and other points were there and took part in discussing the problems of building this splendid section.

The relation of the member banks to the Federal Reserve System was considered. Judge William F. Ramsey, chairman and reserve agent, and J. W. Hoopes, vice governor of the Dallas district, were present and also explained the Federal check clearing system that soon goes into force. The bankers as a whole are dubious about this departure in clearings.

The papers and discussion were along lines that interests this section more particularly. "The credit of the Panhandle and how to Maintain it" was discussed by W. H. Fuqua, Julian M. Bassett, Mr. Sullenberg and others. "Acceptable Cattle Paper" was possibly the best paper read, David T. Beal of Kansas City being well informed on this line of business and familiar with this part of the Southwest.

The interest rate was naturally discussed and the opinion was general that as the risk be came less the rate would decrease. There was strong sentiment for co-operation to encourage development. Mr. Beal said in closing: "It is said that patience and perseverance in the right principles always win out. A business is not builded in a day, but it can fall in a minute. This is an age of fairness, publicity and efficiency and the banker should realize it."

Mr. Ballew has purchased the old Randal ice house, and has remodeled same and will sell ice for two cents per pound, or one and one-half cents per pound where one takes quite a lot. He will do his own hauling. This is quite a difference, as ice has been sold here for three to five cents heretofore.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

Bob Snodgrass and family went to Lubbock last Friday, his sister, Mrs. Surginer, accompanied them and from there went on to her home at Floydada. She and her little son have been here for some time visiting her parents, Mr. and Mrs. W. B. Snodgrass. Mrs. Snodgrass was reported to be resting well yesterday but is very sick.

Albert Crews and wife were trading both here and in Brownfield Tuesday.

John Hays was here Monday. He stated that his parents at Ft. Bayard N. M., were well and so far as he knew they were well satisfied.

Will McPhaul and wife were here from Saturday until Monday morning.

Joe Black has purchased an auto.

Baby Otis Moore, eleven months old, found a large bucket full of water on the floor and proceeded to have a grand time but his mother hearing a splash looked and the little fellow was standing on his head in the bucket. He was badly strangled, and Jim was scared so bad that there will not be another bucket of water put on the floor there.

A letter from Mrs. Lee Motenbacher, recently of Gomez, but now at Bridgeport, Texas, states that the weather there is hot and dry and the boll-weevils are destroying the cotton crop.

Ben Whitley and wife of the Harris community are visiting

their parents here this week.

Joe Black and wife went to Tahoka Tuesday afternoon.

Misses Eddie Snodgrass and Jewell Rambo were visiting and trading in town Tuesday.

In discussing the proposed railroad through Terry county, we heard an influential and wealthy man, who has been here 14 years, say, "Well I've helped to build three railroads through Terry, on paper; and now I'm going to just keep quiet and let the other fellow build it, or not build, just as it suits him."

Mrs. George Snodgrass and children were in trading Tuesday.

Mrs. Alvin Duke came in from a sanitarium at Lubbock, Monday. She seems to be improved but will return next week for treatment.

J. P. Nichols and wife and A. P. Moore and W. D. Winn made a visit to Post City last Saturday. A. P. Moore says he has the auto fever bad and we prophesy that there will be another new auto in Gomez in a short time.

We are informed that all the corn and feed crops are looking well; also that the cotton that was not killed by sand is growing fine. We need rain to settle the surface sand, but the moisture is near the surface.

Jim Burnetts went down to Mr. Whisenant's Wednesday for a load of maize heads.

Mr. Jones, our hotel man, is building a garage this week for his auto.

Dr. J. J. Randal, dentist, came in this week, and is located over the Carter Bros. store.
