Held Here

A special dairy meeting will be held in Brownfield at 3:30 p. m. o'clock Aug. 25th. Represenatives will be present from the railroads, the A. &M. College and the Panhandle Dairy Association. The meeting will be held under the auspices of the Brown field Chamber of Commerce and its object will be to impress up on the farmers in this vicinity the importance of buying high grade Holstein and other diary cows. The speaker will explain to the farmers present the plan by which the banks will co-operate inextending credit to worthy farmers toward purchasing these cows. A great number of success. The market for butter fat is never stronger and bo cause of the high price of food products it is expected that it will remain so for several years to come. In fact it is the opinion of those in close touch with the butter situation that the American consumer will never again see cheap butter.

It is stated by those who, have studied conditions in this part of Texas that there is no region in the United States offering greater opportunities for diarying. Every farmer should have three to five head of real good dairy cows on his farm. This country raises an abundance of roughage and food grains and because of climatic conditions the cows are healthy and produce a larger percentage of butter fat than in most regions of the southwest. With the better grade of cows we are assured that the butter fat produced in this region will be equal of that produced anywhere. It is the plan of the Brownfield Chamber of Commerce to get up an order for one or more car loads of Holstein dairy cows for September and this order will be placed thru the local diary association. All cows purchased will be bought by local representatives who will, however be assisted in the purchase by diary experts from the A. & M. College and the railroads who have agreed to send their experts to the northern dairy cattle markets and assist but all the money will be handled by local parties. After the farmers have determin ed how many cows they desire to purchase they will then elect their representative to go to Wisconsin from among their own number and such representatives will handle all the funds. Each former will give a detailed descriptive order of the cow he desires purchased. The association recomends the purchase only of cows with an average milking capacity of not less than five gallons per day and no cows are purchased except after the records of the cows have been gotten and they are found to be free of disease, healthy and vigorous. At the meeting to be held here the speakers will explain just how these cows are purchased and just the character of co-operation which is extended by the railroads, the A. & M. College and others interested. The meeting should prove to be one of the most interesting interesting instructive ever held here and all farmers are urgently requested to be present.

Abstracts of Title Are a Necessity Today

Not so very long ago very few people thought it necessary to possess an ABSTRACT OF TITLES to lands. This probably was on account of land not being so valuable, and it was thought unnecessary to have more than a Warranty Deed from the vendor. But today almost every tract or parcel of land in Terry County is worth double its value eighteen months ago, for people are realizing more and more every day that we have the best County on the Plains to produce yearly crops with or without rains. You should know that your Chain Of Titles to your land is perfect, for your land is worth a bunch of money today. "A chain is no stronger than the weakest link in it." Probably your title has a flaw in it that could be easily cleared up now, and if so, now is the time to look into the matter; Later on it may be too late. If you were to die tomorrow do you know that your children would inherit a good title to your possession? Let us prepare an AB-STRACT OF TITLE for you that you may look into your title and ascertain whether it is ABSOLUTELY O. K.

The Ford 23 Psalm

The Ford is my auto; I shall not want (another.)

It maketh me lie down beneath it It soureth my soul.

It leadeth me in the paths of ridicule for its namesake. Yea though I ride through the

valleys I'm towed up the hills.

And I fear much evil, thy rods and engine discomfort me.

annoint my tires with patches, my radiator boileth over, and I prepare for blow-outs in the presence of mine enemies.

Surely if this thing follows me all the days of my life,

mation Amendment

Tne Constitutional Amendment providing for Reclamation of Overflow Lands, Irrigation, Drainage, etc., will be submitted to the voters of Texas on Tuesday, August 21st. It is the only proposition on the ballot and is expected to pass by large majori

It is being submitted to the people by a practically unanimous vote of the Legislature(122 to 4) and has the vigorous endorse-4) and has the vigorous endorsement of all of the State's Officers and the complete endorsement | • 6 of the press.

Noteing could be of of more in finite value to our State, said United States Senator Morris Sheppard, "Than the devlopment, Reclamation and Control of of our enormous natural resources, including the developement and controal of our rivers for purpose of irrigation and power and the preservation and distribution of flood waters, the reclamation and improvement of lands both in the section subject to overflow and in the arid regions, and the navigation of such waters as are capable of this particular form of developement. The passage of an Amend ment of this kind will facilitate the work of the Federal Government by putting the people in position to take the initiative wherever possible and to render substantial assistance where ever needed.

I beg to express the earnest hope that every voter in Texas will go to the polls on August 21 in behalf of a movement which means so much for the prosper ity and advancement of our state and people."

Chair Bottoms 10c Racket Store.

There was a big rush at M. A. Smith Saturday morning as there was a number of ladies, men and children lined up in front of the store at 9 a. m., and the first 25 to receive dress patterns are very proud of them, for they were expecting a very cheap pattern, and got nice summer dresses instead. A large sum of cash was taken in Saturday and the sale is going on with unabated interest this week, which shows that each succeeding sale at this popular store is getting to be more popular, and that this store is cleaning up all old goods, and they will re ing erected which will be used ceive sure enough new fall win-

There will be Presbyterian services at the Methodist church open and ready for business in Sunday, morning and night.

Rev. J. T Bryant was in one day this week and informed us that he had traveled quite extensively lately, having been as far west as two miles over in New Mexico, near Broncho, and as far east as Seymour, passing through Scurry, Fisher, Jones and Haskell counties, and found them very much like Terry, crop conditions very spotted. Te. says, however they have fine crops around Seymour

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky .- Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good
