### ABOUT FARM LOANS

On Monday of this week, Mr. Smith, the Federal Land Bank appraiser was in Brownfield for the purpose of inspecting the land offered as security for Loans from the Federal Land Bank.

The first applicant in this county, to receive his money from the Federal Land Bank was W. G. Hardin, the second was W. L. Groves. Charles C. Triplet, the Secretary-Treasurer of the Brownfield National Farm Loan Association states that Loans can now be put through and money secured within about thirty days from the time the land has been inspected by the Federal Land Bank appraiser and that the Federal Land Bank appraiser will visit the county every thirty or forty days.

At this time there are about 72 members to the local association, who are borrowing from five hundred to ten thousand dollars apiece.

### W. W. PRICE

We take pleasure in presenting the name of Judge W. W. Price to the Democratic voters of Terry County, who is seeking renomination to the office he has held one term; that of County Judge and ex-officio County Superintendent.

Judge Price is well qualified for the office of County Judge, which is not much of a job in Terry County, and is especially well qualified and fitted for the office of county superintendent, as he is heart and soul a school man, and has looked after all details of his office with a will and determination.

If any kick has been registered against his first term of office we have not learned it, and we believe the people will give him a second term.

### FARM BOYS, HORSEMEN AND VETERINARIANS WANTED

Captain F. W. Fonda, Recruiting Officer, El Paso, Texas, advises that the veterinary corps is in need of 2,000 additional enlisted men within the next few weeks to provide for the organization of veterinary hospitals for duty overseas. It is desired to enlist as many men as possible between 18 and 35 years of age, and who are not registered under the selective service law.

This organization calls for 1860 agricultural students, farmers, veterinary students, stable men or men accustomed to handling horses and 140 horseshoers, pharmacists, cooks and typists or stenographers.

WANTED: Fat beef and some fat hens, at Hill Hotel.

### HERALD WANTS CITY WATER PLANT.

The Terry County Herald is shooting in the right direction and if getting his range just about right, and things is going to happen down there in the matter of city water plant. The Herald says the time has come when that town is large enough to demand service of this kind, and they need it for fire protection. Most all towns fail to provide this kind of protection in time, and usually heavy fire losses are sustained before the people awaken to the necessity of such protection. Here is hoping that Brownfield will wake up before the fire starts.—Lubbock Avalanche.

Elder D. C. Lofton, of Tokio, was here this week after supplies.

### SUPPLY OF SHIPS 20 PERCENT SHORT

The Food Administration estimates the total number of ocean-going vessels now afloat at 30,000 having a gross tonnage of 45,000,000 tons. Losses of shipping during the war have totalled about 8,783,080 tons and the supply of ships is about 20 per cent short of normal.

Shipbuilding in France has been at a standstill since the beginning of the war. England's output is less than normal, Japan is hampered by lack of material the American ship supply is only beginning.

TUESDAY is meatless day at the Hill Hotel, but Turkey or Chicken will be substituted. Bring your family and save the worry.

## NEW RULING

We are permitted to sell one sack flour to city customers and two sacks to country customers. With each lb. of flour we are requested to sell you an equivalent amount of flour substitute. We will try to keep a variety of substitutes and sell them as cheap as possible. Some new arrivals in Billiken Shoes we will be glad to show.

### POSTMASTER EXAMINATION

At the request of the Postmaster General the United States Civil Service Commission has announced an examination to be held at Lubbock, Texas, on March 6, 1918 for the position of postmaster at Brownfield, Tex.

This office has an annual compensation of \$11000.

To be eligible for this examination an applicant must be a citizen of the United States, must actually reside within the delivery of the office and have so resided at the time of the present vacancy occurred.

Applicants must have reached their twenty-first but not their sixty-fifth birthday on the date of the examination.

Application Form 304 and full information concerning the requirements of the examination may be secured from the postmaster at the place of vacancy or from the Civil Service Commission, Washington, D. C. Applications should be properly filed with the Commission at Washington, D. C., in time to arrange for the examination of the applicant.

### TRY A NEW WAY

It is claimed that there are more than 100 ways to cook potatoes, from the primitive (and still probably the best) methods of boiling or baking with the skins on to the most complex and seasoned dishes. Here are some of the ways known to the United States Department of Agriculture. Have you tried them all, or do you know about as many more?

"Besides the sacrifices at the front, there must be sacrifices at home in a thousand ways I need not numerate. Every man, woman, and child must help to sustain those who fight. I do not like the phrase 'do your bit.' We must do vastly more than a 'bit.' We must do our best."—Clarence Ousley, Assistant Secretary of Agriculture, in address at St. Louis.

Messrs. Willis Parks and W. G. Meyers are grading Hardin street west of the railroad, to 10th, thence north one block to Hill street, where it connects with the public road west.

The Santa Fe Cafe came near having a fire yesterday morning. The bottom of the range burned out and a portion of the floor was on fire when it was discovered. ## INSURANCE FOR EVERY FIGHTER

The Treasury Department is making every effort to have every member of America's fighting forces take advantage of the Government insurance plan which Secretary McAdoo asserts to be "the most humane and just provision ever made by any nation for its soldiers and sailors."

The purpose is rapidly being achieved, the insurance having passed the third billion mark in the total of policies written, and and there many military units in which every member has taken insurance.

The automatic insurance provided by the law is only partial and limited protection, payable only to wife, child, or widowed mother and ceases after February 12, 1918. It is important, therefore, not only to the soldiers and sailors of the country but to their families and dependents, that before that date they avail themselves of the full Government protection, which can go as high as \$10,000 and is payable to a wife, husband, child, grandchild, parent, brother, or sister.

The law also provides for the reeducation and rehabilitation of the totally disabled and monthly compensation to those disabled

Uncle Dave Benton and daughter, Miss Maud, of Ralls, were here this week visting their daughter and sister, Mrs. R. H. Banowsky.

J. F. Winston left this week for camp Travis, to visit his son, Homer, and see the other Terry county boys.

WANTED: To exchange with owner, a brick building in a good black land city in Central Texas for good unimproved land on the South Plains of the state. What have you? Box 824, Lubbock, Texas.

W. B. Hilton, an erstwhile J. M. Radford drummer, but at present a stockholder in the Gladstone Oil Co., with headquarters in Oklahoma City, was here over Sunday, seeing his girl.

Miss Mattie Hester left this week for Dallas to visit her mother, and while in that city, will buy the newest spring notions for the Mercantile. Mrs. W. L. Barclay is taking her place in the store, during her absence.

J. W. Black, from McDonald, N. M., was here this week after supplies. C. A. McDaniel of King N. M., was also here trading with our merchants.

One of our citizens is putting down a well for his private interests, we understand. Why can't the town offer some inducements to have it turned into a much needed system of waterworks for fire protection? Why not call a meeting and discuss the matter? This citizen is no tightwad, and stands ready to do the right thing. Or shall we pull the slack until our little town is wrapped in flames?

Among the laws that are likely to be passed at the special session of the legislature is one for a double primary, to correspond with the majority nomination required of the United States Senator. This change of our primary law, has been agitated for some time, as when a number of candidates for the same office is running, it is contended the peo-

ple don't always get their choice in a plurality candidate.

Speaking of advertising, one rarely ever hears the old time expression from the business men of this day and time that he is "just keeping his ad in to help the home paper." The fact of the business is, the "home paper" worthy the name, is not an object of charity, and is trying the same as any other business in the town to maintain a place in the commercial world. In the second place, the real business man, worthy the name, is advertising as a part and an asset to his business, whether his business and advertising is large or small. He is making advertising pay by working at it. Instead of talking it to one man over the counter, he is appealing to hundreds and thousands thru

the press, and has no time nor inclination to talk about his home paper as an object of charity, but has a pride in the home paper that tries to be worthy of the town and community.

We have been watching the Terry Co. Herald since it has been our privilege to read same. It is a clean, good county paper. Among the best, one thing noticeable most, is that Brownfield is going to make a town. The columns are full of ads of the business men, the space their ads occupy, and persistence in pushing their business has more the air of a city than a West Texas town. People with such push and liberality in advertising their business and town will build a good town and Brownfield. Moral, let the world know that you are in business in Lamesa, if you ever expect to take advantage of the natural conditions that are ours to make a city.—Dawson Co. News.

You may have lived for yourself all these many years. You may have accumulated some money but if you intend to live only for yourself in the future go somewhere and live by yourself. Lamesa is going to make a town and if you are not going to help it is going to be a miserable place for you to live. There are going to be school bonds and road bonds and taxes generally to pay. Water works are not an impossibility. All these things go to make up a good town. Staton has two brick buildings and is no larger and no more wealth than Lamesa. Her people are progressive and so are ours. Lead on, lead on to the new school building—Dawson County News.

Stockmen are making good use of all the native growths this year on account of feed scarcity, even to using bare grass. In conversation with S. P. Odam last week, he says he simply digs up the grass, stool and all, burns off the spears or blades, they burn fine, and then splits up the stool, which the cattle relish, and keep in good seape on. He says the cattle will soon learn to follow the fires. One man near him has feed nothing else this winter, and has not lost a cow.

A Mr. Ball, hailing from the State of Colorado, who bought some property in the Santa Fe addition recently, has developed a case of small pox. As he is segregated and quarantined, it is hoped there will be no further spread of the disease.

**HIGH SCHOOL NOTES.**

Since a week or two ago our school has become patriotic in many respects. The spirit of patriotism seems to prevail the entire student body. Every morning at Chapel the entire school salutes "Old Glory."

Some two weeks ago a Thrift Stamp Club was organized, the purpose being to save all the quarters that are spent uselessly and invest in Thrift Saving Stamps. Sixteen Thrift Stamps must be purchased, equivalent to \$4.00, and placed on the Thrift Card. When the Card has been entirely filled the Thrift Card is exchanged for a War Savings Certificate, provided 12c to 23c is added, depending upon the month in which the exchange is made. These War Saving Certificates draw 4 per cent interest which compounded quarterly will make the Stamp worth \$5.00 at maturity, Jan. 1, 1923.

Up to the present time about three hundred and fifty-seven Thrift Stamps have been bought by the pupils, which is indeed a good showing. Below is a list of all who have bought Thrift Stamps;

Emily Miller, 20; Everett Winston, 3; Willie Adams, 12; Jewelle McBurnett, 2; Lorelle Brownfield, 3; Earl Scudday, 4; Herschel, 2; Arthur Scudday, 2; Mary Hudson, 3; Theo Smith, 7; Ila Holt, 4; Aubra Banowsky, 3; Lester Treadaway, 1; Ina Howard, 3; Johnny Winston, 3; E. ### GOVERNMENT SEED FOR DROUGHT DISTRICTS

Washington, D. C. Feb. 5th.

Under authority conveyed in section 3 of the Food Production Act, the United States Department of Agriculture is purchasing seed of corn, sorghums, cotton, and peanuts to be sold for cash at cost to farmers in section of Texas, where special needs for such seeds exist.

The drought of last summer damaged crops so severely in south and southwest Texas as to result in actual shortage of home grown seed for planting the coming spring. The United States Department of Agriculture is endeavoring to relieve the serious seed situation to the fullest extent possible by purchasing seed of the crops previously mentioned and making them available for cash at cost to communities where such shortages occur. Although the law makes it necessary to sell the seed for cash, it is believed that this action by the department will result in great saving to many farmers by making seed available where needed and thereby stabilizing the market price of seeds throughout the section where the seed shortage is most acute.

The buying and selling of seed in Texas, by the United States Department of Agriculture, is under the direct supervision locally of its representative, Mr. Frank Clarke, whose headquarters are at Waco, Texas. The authorities of the Extension Service of the Texas Agricultural and Mechanical College and Experiment Station are cooperating with Mr. Clarke in the closest manner, not only in buying seed, but in arranging for its handling and sale.

While insufficient funds are available to purchase seeds to meet the entire requirements of the needy sections, plans worked out by the United States Department and State authorities are expected to insure an equitable allotment to the various counties concerned.

Persons desiring detailed information regarding this work secure it by addressing Mr. Frank Clarke, at Waco, Texas.

### URGES SOUTH TO PRODUCE MORE FOOD

Secretary McAdoo, as Director General of the Railroads, has issued a statement declaring that the production by each section of the United States of its

own food and feed stuff would be much more economical and would effect a great relief in the transportation problem.

He urges upon the people of the South, especially the farmers to relieve the strain on the railroads as much as possible during the coming year by producing their own food and feed crops, thus rendering unnecessary the transportation of such materials from other parts of the country to them.

The Secretary emphasizes the fact that he does not suggest that the growing of cotton should be discouraged, but that the South, in addition to raising all the cotton that it can cultivate, should grow hay and corn for its own people.

He says, "If the South can feed itself, the effect will be to release from unnecessary service in the South a vast number of freight cars and engines and greatly help win the war."

Mr. and Mrs. Alexander of Harris, were here this week, and visited at the home of Mr. and Mrs. J. C. Green.

Pat Ross, of Harris, accompanied by W. H. Harris, and another gentleman, and Joe Whitter, of Gomez, were here Monday.

A. M. McBurnett carried his wife down to Snyder, Texas, where she will visit her mother, as the latter is in poor health. Mr. Mack returned the same day.

Jim Whisenant was busy the first part of the week moving his racket goods to the meat market and bakery old stand, and out of the old printing office building. Mr. Whisenant has bought the building he now occupies, which gives him considerable more floor space. We understand the Brownfield State Bank will soon move the old building Mr. Whisenant recently vacated off the lot on the northwest corner, and erect a modern bank building of brick.

Will Alf Bell left this week for Dallas, where he goes for further treatment. We hope he will return this time fully recovered.

A. P. Moore, the progressive Gomez merchant, was over this week, and paid the Herald a short call.

Coal is scarcer in Brownfield right now than it has been this winter, and we are thankful for this spell of spring like weather. During the recent blizzard, there were several cars on the siding.

Russell Jones was here this week bidding his many friends farewell before entering training at Camp Travis. He resigned a position as bookkeeper in the First National Bank, of Tahoka.

J. M. Currier's family had a letter from Mrs. Ed Neill, who returned to her home in Haskell, last week, stating she was doing fine.

Boyce Cardwell informed us that he would likely begin the erection of another home in the eastern part of town, next week.

## Don't Be DECEIVED

By the statement that foreign trees are as good as home grown trees. If you want an orchard that will bear young and often, make sure by buying your trees from the Plainview Nursery. We have a good stock of the very best for this country. We will trade nursery stock for bonds, live stock, good notes, peach seed or second hand sacks. Also have some good steer calves we want to sell.

## MEADOW

FARMER

There are much phenomena hard to understand. I see Foster is very timid in his forecast and Halbert almost apologizes for offering his. Sat night week it thundered, lightened, hailed, sleeted, and snowed simultaneously. Last Sat. night there was an unknown atmospheric condition that interfered with everyone's sleep except a freak. We are not frightened but hopeful.

Mr. J. W. Peeler is arranging to have his dwelling at town painted and papered. He is soon to move his family over.

We are informed that Mr. Julian, who built the stock pens, will take charge of Mr. Peeler's farm.

A petition has been circulated to divide the Meadow school district. The plan is to move the old building two or three miles east and put up a new building at town. It is not out of the ordinary; some pro and some con school fighters are never to be admired, yet they seem at times a necessary evil.

Mr. Lindsey took a day off to wrap his fruit trees to protect from Jack rabbits.

The sale of Mr. Carter's ranch and cattle to a Meadow stockman did not materialize.

Mr. Evens lost 32 cows in the blizzard or 45 per cent. This is for the heaviest loss know to us. Mr. O. F. Boyd with many hundred only lost three here and 20 on his Lamb Co. Ranch.

Mrs. O. F. Boyd and children with Neva Stricklin, made a flying trip here Sunday afternoon.

The new pastor of the Methodist church at Brownfield, preached here Sunday afternoon.

Mr. Morris Renfro got the sad news from N. M. that his father died recently of paralysis.

Mr. J. W. Peeler is quite sick at this writing. His family up from mumps. Mr. Peeler is to have in a car of coal this week. He is to begin handling coal and grain.

Clifford Graves came in Monday from Paducah, where he went to attend the funeral of his father, who died of heart failure in Ft. Worth Texas, Jan. 25th, where he went to carry a car of cattle. Mr. Graves was 59 yrs. old, and an old resident Cottle County. His remains were shipped to Paducah for interment. Herald extends sympathy.

Clifton Findley and family returned this week from Young county where they have been visiting for the past month. Clifton says it is still dry down there but they had about a 6 inch snow, recently.

Williams and Bowers, the big wholesale and retail grain and coal men, have put in a splendid road of white dirt in the ally in front of their warehouses, and in fact, all the drives about their place of business have been improved, and when rain comes to settle them, they will have drive-ways almost equal to concrete, that will be neat and at the same time handy for their customers. These men believe the best is none too good for their customers.

Messrs J. H. James and Walter Gainer of Tatum, N. M., were here this week after cake and other feeds.

## Keeping Step

With the most up to date and modern methods of home building is our life's work, and all this information is free to our friends and customers. The recent severe blizzard was a supreme test of the many homes we have sold here, and especially the ones lined with UPSON BOARD, and it is very gratifying to us the many compliments we have received from the owners of these homes. UPSON BOARD keeps out the dirt, wind, and weather, and makes your house a home in every sense of the word. Let us figure with you when you get ready to build.

The yard that saves and satisfies

TEACHER: "Give me the definition of gasoline."  
Scholar: "I don't, but Magnolia means best".

In conversation with Mr. Acken, one of our feed men, one day this week, he said he believed the feed men were just about to their rows end with the cake business, and believed a substitute would have to be used. He has been quoted prices on velvet beans in the pod, that come a great deal cheaper than cake, and where they have been tried out, they claim them equal to cake as a feed. Therefore he says the Brownfield Coal and Grain Co., may order a car of them for trial.

We were glad to add James Humphries to our growing list.

### GOMEZ DOTS

By West Wind.

Miss Jewelle Nichols was quite sick with la grippe for several days last week, but is up now.

Geo. McWhorter brought Mr. and Mrs. Mosier and children in from N. M., last Friday. Mr. Mosier is rapidly recovering from the severe spell of pneumonia he had in January.

Mr. Roberts a south side farmer moved into the Walter Gainer house here, last week so the children would not have to ride to school.

Mr. Joe West came in from Crosby county last Saturday with his horses, they are in good condition and he did not lose anything during the blizzard.

Mr. S. J. Miller and family and Miss Clara Summitt, visited out at Mr. Risingers last Sunday.

The spelling match at the school house last Friday night was well attended and those present had a good time.

The Red Cross is quilting this week as they have no other material to work with.

Dr. Summitt came in from Plains last Saturday evening and spent the night with his family, and on Sunday took Mrs.

Summitt and all the children except Miss Clara, to Seagraves to visit Mrs. A. Shepherd. Dr. went on to Plains, but his wife returned home.

Russell Stapp went to Lubbock last Saturday to deliver a bunch of mules that Mr. Peters, the mule buyer, had purchased here.

Raymond Simms was quite sick with cold for several days but is up and at work this week.

O. E. Adams was displaying a calf's foot here Tuesday that froze during the blizzard and since then has come off just at the joint where the hoof joins the foot. The calf is still living.

W. W. Spear is doing a job of furniture painting out at Ben Broughtons this week.

Miss Ola Summitt received a letter from her soldier brother, in France this week. He is at the front, is well, and as do all our soldier boys who have gone over, writes a jolly letter, with not a single complaint, although he has actually been under fire. It seems to me some of our pes-

samestic growlers, here in America ought to take a lesson in loyalty, from those who if they would do so, actually have something to complain about.

On next Friday the entire afternoon will be devoted by the school here to a program of demonstration work, every room and every grade in school will participate. The public is invited to attend.

Leonard Stapp is working up on the north plains near Littlefield, now.

Jim Waisenant has gone to Lubbock to a Sanatorium for treatment.

Mr. S. B. Johnson has just returned from an extended trip to his old home in central Texas.

Dee Hunter has rented the Slaughter place in south Terry and on Wednesday moved his family down there.

Mr. Cardwell was over this week working on the phonelines. We Terry people certainly have cause to be thankful for the good phone service we get. We have had some experience with several other places, and none were better, and few gave as good service as ours.

### THE SCHOOLS AND THE TREASURY

The tremendous effective national service that the schools and school children of the country can render is being availed of as fully as possible by the Treasury in its work. In a great number of schools Liberty Loan Clubs have been organized, and many bonds have also been purchased by individual pupils. The War-Savings campaign is endeavoring to have a War-Savings Club established in every school in every school in the country, and organized an individual effort is to be stimulated in every way.

Secretary McAdoo has said that he would like to see every school house in the United States an open forum, where patriotism and loyalty are taught, and a center of national service in its community and among its pupils and patrons. The school is a medium to reach the people of the rural districts is of special value.

Paul Barrier, of Lubbock, is here this week, visiting his bros. Clifton and Raymond.

### NOTHING LIKE IT IN BROWNFIELD.

There has ever been anything in Brownfield with the INSTANT action of simple buckthorn bark glycerine, etc., as mixed in Adler-1-ka. ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT, pleasant action of Adler-1-ka surprises both doctor and patients.

### CITATION

In the matter of Guardianship of Letha Fleming et al. In the Probate Court of Terry Co., Texas, February Term, A. D. 1918.

Citation on Application for letters of guardianship to the State of Texas.

To the Sheriff or any Constable of Terry County, Greeting: You are hereby commanded to cause to be published, for ten days, before the return day thereof in a newspaper of general circulation, which has been continuously and regularly published for a period not less than one year in Terry County, Texas, once each week, a copy of the following notice:

The State of Texas. To all persons interested in the welfare of Letha Fleming, Audie Fleming, Hattie Fleming, Clarence Fleming, Veda Fleming, and Ozella Fleming, Minors: J. M. Fleming has filed in the County Court of Terry County an application for letters of Guardianship upon the estate of said minors, which will be heard at the next term of said court, commencing on third Monday in February, 1918, the same being the 25th, day of Feb. 1918 at the Court House thereof, in Brownfield, Texas, at which time all persons interested in the welfare of said minors may appear and contest said application, if they see proper to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Witness J. C. Green, Clerk of the County Court of Terry County.

Given under my hand and the seal of said Court, at office in Brownfield Texas, this 25th day of January, A. D. 1918. J. C. Green, Clerk County Court, Terry County, Texas.

### CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.
