### BROWNFIELD MERCANTILE

#### BROWNFIELD TO ENTERTAIN BAPTIST AND METHODIST

March 28th to 31st, Brownfield will have for its guests the Brownfield Baptist Association which covers, Yoakum, Terry, Lynn, Garza, and portions of other counties. There will probably be 25 or 30 preachers and delegates here on that occasion, and the local pastor, Rev. J. B. Vinson, has prepared quite a nice program, which is being printed in this issue. We might say that if the Baptist people cannot care for these visitors, we believe there is no town that stands more ready to help them than Brownfield. Every home stands open for the entertainment of visitors.

Then in April, the District Conference, of the Lubbock District will meet in Brownfield, and covering a much larger territory, there will likely be more

than a hundred visitors on that occasion, and Brownfieldites of whatever religious faith are standing behind the Methodist organization here to care for the comers, no matter how many.

Let Brownfield do itself proud on both occasions. She has never fell down on anything she has undertaken.

A large crowd greeted Liff Sanders at the Church of Christ Sunday and Sunday night, to hear a continuation of the series of sermons on Revelations. Not only are his own members interested, but several from the other churches are interested, some remarking that it was like a good continued story. Bro. Sanders is a fine historian, and Prof. Rhodes remarked Sunday that he wished all his history class could have heard his sermon. He brought us down to 1914, Sunday night, and will go on with the discourse next third Sunday.

#### CONTRACT FOR STATE BANK LET

Messrs. Dallas and Halley, president and cashier respectively of the Brownfield State Bank, informed us this week that the contract for the construction of their new banking building was let this week to Mr. J. W. Nowlin, who came here from Roscoe, about six months ago.

They have succeeded in purchasing five feet off one of the lots belonging to the Brownfield Hardware Co., thus giving them 30 instead of 25 ft. frontage, and the depth will be 110 feet. They have decided on tile, faced with a beautiful shade of motley blue art brick.

The building will be two stories the bank occupying the front end of the ground floor, 30x60, and a neat store will go in the back end with 30x50 space, less the space for the stairway. A furnace will be put in the base-

ment for heating the building. Messrs Dallas and Halley informed us that they would probably be in the banking office by June 1st.

#### NEW TRUSTEES

As Brownfield is now an Independent School District, we will have to have seven instead of three trustees under the common school district, and John King was carrying around a list of the proposed trustees Monday in order to get the people's opinion as to the most fit men in town to administer the laws of the school, and to build up our school.

Personally, the Herald thinks there was a fine bunch submitted; men that will go to any reasonable limit to put our town and school on the map, (with the exception of one,) and has no fear whatever that the school in their hands will go forward as never

before thought of. The names of the proposed trustees, who seemed to please the patrons were: A. M. Brownfield, M. A. Smith, R. H. Banowsky, O. T. Halley, J. F. Winston, Jack Stricklin, and W. L. Barclay.

As soon as the legislature finally disposes of the bill creating the Brownfield Independent District, Judge Price will call an election for the election of trustees, and for voting bonds to build a building that will measure up to the standard of the best on the plains.

Keep your peepers on Brownfield.

WATCHES: Largest assortment, greatest value, best prices; 61 to select from. \$1.25 to \$34.50. Come and see. J. L. Randal.

J. W. Smith, Tokio, had business in the county capitol, the first of the week, and handed us the price to keep 'er commin'.

### ABOUT INCOME TAXES

Austin, Texas.  
March, 9, 1918.

From the many inquiries reaching this office, it seems that there is still great confusion throughout the state about filing reports of income, required under the new Revenue Law passed by Congress.

On account of unavoidable delay in receiving some of the blanks, the time for filing all reports was extended from March 1st to April 1st, 1918; and for this year reports filed on or before April 1st will not be subject to penalty.

During January and February about eighty revenue officers visited different points in the state for the purpose of assisting persons interested in the preparation of their reports. I will not be able to utilize that number of officers for that purpose during the month of March but during that time about forty men will be employed in that work. They will be stationed in the larger cities and towns of the state. Others of them will be employed in traveling from point to point.

I think the attention of the public should be directed again to the importance of giving attention immediately to the necessity of filing the reports required at the proper time. The law imposes heavy penalties for failure in that respect, and the public has been afforded every facility necessary to comply with the law.

This office has received many reports already, but I am quite sure that there are many thousand reports not yet filed. Some people apparently believe that the Income Tax Law was not made for them. It should be remembered that the recent Revenue Law made radical changes in the Income Tax Law, so that many people who were formerly not affected by it are required to make reports.

Persons who have already fil

ed reports should see to it that their neighbors do likewise, provided, of course, the law touches them. The Government will require every man affected by this law to make report; those who are delinquent will be discovered by revenue officers and when thus discovered, will be liable for penalty.

I call attention to the following requirements of the law:

Every unmarried person receiving, during 1917, a net income of \$1,000.00 or more, and every married person receiving a net income of \$2,000.00 or more is required to make a report, using Form 1040-A. If the net income was \$3,000.00, or more, Form 1040 should be used.

Every person receiving a net income of \$6,000.00, or more, is required to file a report under the War Excess Profits Tax Law using Form 1101.

Every person who pays another person, firm, or corporation \$800.00, or more, in the way of rents, salaries or, interest, must report the fact, using Form 1099 and Form 1096.

All corporations are required to report to Form 1031 and this report is required regardless of whether the company has ever had an income.

Every corporation having a net income of \$3,000.00, or more must file a report under the War Excess Profits Tax Law, using Form 1103; likewise a report showing each payment of rent, salary, or interest, amounting to \$8,000.00, or more.

Reports on Form 1099 are required of banks that pay interest on deposits, either to individuals, or to other banks, in fact, this report is required for any payment amounting to \$8,000.00, or more, by any person, firm or corporation, to another person, firm, or corporation, except in the payment of corporate dividends.

All persons, firms, or corporations, who pay any fixed or determinable income to a non resi-

dent alien are required to file report on Form 1042, and withhold income tax at the source. Also corporations paying interest on tax free bonds are required to report such payments monthly on Form 1012. Bond interest paid to non-resident aliens is subject to withholding, whether bonds carry tax-free clause or not.

### CONSERVING THE MOISTURE IN THE GARDEN.

By G. D. Everett, Garden Specialist, Extension Service, A. and M. College of Texas.

To obtain best results cultivation in the garden should be started as quickly this spring as the soil can be worked, in order to conserve the moisture which is now in the soil. Cultivate not only where the seeds have been sown, but over the entire garden. Mistakes have been made in the past by failure to cultivate that part of the garden which was to be planted later, with the result that it was allowed to bake and the moisture permitted to escape. A soil mulch should be preserved at all times.

Every day that the crust which forms upon the surface of the soil is left means just that much less water for the plants that are to grow there. The soil should be cultivated after every rain or irrigation and at least once every ten days during the periods. The depth of cultivation should be at least two inches to obtain a good mulch. This cultivation not only conserves the moisture, but makes a better home for the plants and keeps the weed down.

The spike or spring tooth harrow is a good tool to use in a large garden, and the hand wheel cultivators in a small garden. The rake, hoe, or hand cultivator makes a good mulch when used properly.

## A MESSAGE TO TEXANS.

Our associates in the war are pleading monthly for more food supplies and they look wholly to America for succor. Our harvest yielded an abundance for all of our own demands, but the call from the overseas necessitate every saving on our part until next harvest, and also an enlarged harvest of foodstuff from every quarter of the country this year.

In the southern states particularly, we need the farmers to realize that if he can increase his production of corn and meat, and whenever possible some wheat, as well as well as his production of cotton, he will not only be increasing our national supply of food, but will render the south self sustaining in its foodstuffs; he will be feeding his own family and help; he will have enormously relieved our transportation burden next year; so that the products of our northern farmer can go for export to our associates in the war.

I realize keenly that with the decrease in labor, due to the draft for industrial and war purposes, the farmer is greatly handicapped, yet a little extra endeavor on the part of each and every one of us is a service and a sacrifice no less than we are asking from our boys in the trenches.

Even in the south, our railway system is overtaxed in handling our Army and our war materials and the transportation of foodstuffs and cotton to the consuming centers and to the Allies has become one of the most difficult problems that we have to confront.

There is of necessity a decrease in our agricultural labor. If the people of our towns and villages who have the opportunity to do so can undertake the cultivation of gardens in their extra hours, we will have materially contributed to the total labor employed to increase our production. For these reasons, as never before, every town or village that has a scrap of available land for cultivation, should patriotically resolve to make the family unit as nearly self-supporting as possible.

No possible production of war gardens or of poultry should be allowed to go unfruitful. Many families by this means can contribute to our total food supply; will add to the productive powers of the nation, and will all contribute to greatly relieve our transportation from the tax that is placed upon it.

The matter is one to which we cannot attach too much importance.

Herbert Hoover, U. S. Food Administrator.

## LACK OF KNOWLEDGE FATAL TO SOLDIERS.

The necessity for thorough and continuous training of troops in gas defense is shown by a statement proved by captured German documents:

The Germans at a certain position on the western front knew that the British were planning to deliver a gas attack on a German division equipped with masks, but poorly trained in their use. In spite of the fact that they had several days to drill before conditions were suitable for the British attack, and finally when it was made hundreds of German casualties resulted.

Many kinds of gases are used

in modern warfare. Some merely affect the eyes temporarily, and are more inconvenient than serious. Other gases are terrible in their effect unless proper protection is available. They are employed in clouds, or in shells, bombs, and hand grenades.

A report has gone out over the country that Arnett Bynum, who is in the U. S. Navy had written home to his mother that he had bought a Red Cross Sweater. Mrs. Bynum says that there is absolutely nothing to the report. What Arnett really wrote was: "I have received a Red Cross Sweater, with a note in one of the pockets from the girl who made it, requesting an answer." Mrs. Bynum asked this denial not only because of her own love and loyalty to the Red Cross, but also, for the benefit of the local Chapter. It looks like people would some time learn that the Red Cross has nothing to sell, but its mission is to give of its means freely, and quit twisting reports, or believing them.

## JOE. J. MCGOWAN

We are pleased to be able to present to the voters in the July primary of the Democratic party, the name of the above citizens and booster, who is seeking your franchise for the office of County Judge and Ex-Officio, county superintendent of Terry county. Joe came to this country over a year ago, and was so well pleased that he soon went back, and returned with one of the beautiful girls of Quanah, and was then prepared to become a citizen indeed. He is a promising young lawyer, distanced to become among the peers of the plains in a few years, and is giving close application to his profession. In disposition Joe is sociable and frank to a marked degree, and has made friends almost overnight and holds them. Joe is a great lover of home, and believes in patronizing home industries first, last and all the time, and will in his private affairs spend his money with home people. As to the school proposition, Joe believes in them, talks and works for them untiringly, and we believe would give them as much attention as anyone. Before the primary, he wants to meet every voter in the county, and you will hear from him latter. When in town he wants you to drop into his office at the Temple of Titles and have a friendly chat over the affairs of the office.

## WALTER L. BARCLAY

Walter L. Barclay told us this week that he was in the race, good and strong, for the office of Sheriff and Tax-Collector of Terry county, subject to the action of the Democratic primary, and wanted us to tell the people that he especially solicited the votes of the ladies, providing they are given the right to vote. Walter has been among us about two years, hailing from Matador, and during that time has made friends overhanded, and has retained them. Walter is a man of pleasing disposition, and is ready to come clean with any question about his former life you may ask him, and asks you to make a thorough investigation of his past record. He has a good education both in common school and business, and is well qualified for the office, having held a number of responsible positions. He is for enforcement of the law without favor.

### A LAND MARK MOVED

Workmen are moving the old Rippertoe building off the north west corner of the square this week, to make room for a modern brick for the Brownfield State Bank. This old building was the second to be erected in Brownfield, and the first store building.

J. R. Hill built a three room hotel, and soon afterwards, Mr. Rippertoe built this store building, and opened a small stock of groceries. In 1904, the Herald, then the Terry County Voice, was moved from Gomez to Brownfield, and occupied this building from the year the county was organized to 1913, and old building came to be better known as the old printing office. Spencer & Spencer had their law office in it until the Judge was appointed District Judge with the formation of the 72nd Judicial District, after which he moved to Lubbock. Percy Spencer, his nephew kept a law office in it until he moved to Lubbock about four years ago.

There are no regrets in its passing, as the removal of it means the beginning of the modern Brownfield.

## To The American People

There is no foundation for the alleged violations of law attributed to our Company by agents of the Federal Trade Commission and I want to say emphatically that Swift & Company is not a party to any conspiracy to defraud the Government. Nor has Swift & Company been guilty of improperly storing foods or of making false entries or reports.

Conferences of packers, where prices have been discussed, have been held at the urgent request and in the presence of representatives of either the Food Administration or the Council of National Defense. And yet the packers have been accused of committing a felony by acting in collusion on Government bids!

We have done our best, with other packers, large and small, to comply with the directions of the United States Food Administration in all particulars, including the furnishing of food supplies for the U. S. Army and Navy and the Allies, now being handled through the Food Administration.

We will continue to do our utmost, under Government direction, to increase our production and assist the Food Administration. We consider that the opportunity to co-operate whole-heartedly and to our fullest powers with this branch of the Government is our plain and most pressing duty.

The Trade Commission Attorney has, by false inference and misplaced emphasis, given to disconnected portions of the correspondence taken from our private files and read into the Record, a false and sinister meaning with the plain purpose of creating antagonistic public opinion.

The services of the packers of the United States are most urgently needed, and I regret exceedingly that we should at this time have to spend our efforts in defending ourselves against unfounded, unproved, and unfair assertions such as are being daily made public.

There are two highly important points for one to consider before having a car overhauled; the first is to be sure the mechanics who are going to do the work are expert enough to locate the defects and properly repair them, and the second point is, can you actually trust them to give you an honest accounting of the work done. We have the facilities to do the work, and ask you to give us a rigid investigation.

He succeeded in getting what he went after, which he said were excellent, considering how dry it was last year, even up there. Mr. Moore paid his own expenses on this trip, and proposes to sell seed at what they cost him layed down in Gomez, for cash.

STRAY: One coming 3-year old steer, branded "Flying E" on left hip, marked underslope in each ear. Owner please call at my ranch and pay for feed bill and this notice, and get the steer. J. W. Gordon.

Earle (Skinney) Williams, of Camp Travis, came in Monday on a ten day furlough to visit his parents. He is everything else but skinney though now, weighing close to 200 pounds, as straight as an arrow, and strong as a bull. He says army life is one place a young man will learn to obey orders, if he never learns that valuable asset at home. They left Tuesday for New Mex. to visit his brothers and sister.

STRAYED OR STOLEN: A two year old jersey heifer. Dehorned, no marks. Branded IP on left side. \$5.00 reward. Jeff Fleming, Tahoka, Texas.

D. M. Thomas, an erstwhile Terryite, now of Plainview, came in this week accompanied by Messers J. H. Wright and J. D. Manse, who were here to look at

the Watkins land, just east of town.

Clifton Barrier and sister, Miss Rhoda, spent Sunday with relatives in Lubbock, returning Monday.

I will be in Brownfield March 29 and 30th, Treat all Diseases of Eye, Ear, Nose & Throat also pay Special attention to Fitting of Glasses.

I. E. Smith, M. D. Snyder, Tex.

S. Poyner, of the Harris community, passed through last week on his way home from Parker county. Mr. Poyner carries the mail from Tokio to Harris, and owns 40 acres of land in Parker county, for which he received \$10.00 per acre on the oil lease per year, while he was down there. He says the oil boom is taking the attention of all in Central Texas, at present.

SACKS: I will pay highest market price for old grain bags. See Chock Hamilton, at Stinson Grain Store.

Jno. S. Powell returned last week from Muleshoe, where he went to erect a dipping vat for his son-in-law, Rufus Rush. He reports the grass greening up between here and there, despite the long drouth. Indeed this is a wonderful country.

### SLOGANS

What are you? Saver or Slack-er? War Saving Stamps are the answer. Nero fiddled while Rome burned. What are you doing while America fights for her life? Fiddling or buying Thrift Stamps? Do you buy War Saving Stamps or are you a candidate for a German Iron Cross?

Loyal Americans are wearing the Treasury badge which shows they are members of War Saving Societies. Where is yours? If you are not buying War Saving Stamps it's going to be hard to convince the other fellow you are the patriotic American you claim to be.

If you can't wear khaki, then the least you can do is to buy War Saving Stamps and wear the Treasury button which shows you to be a member of a War Saving Society.

War Saving Societies sink submarines. Remember the Tuscania! Our Texas boys are going across soon.

A War Saving Stamp bought is money in your pocket. The boy "over there" can get along without the hot air brand of patriotism, but they must have cartridges. A Thrift Stamp buys five.

V dead Boche is a "good Indian." A Thrift Stamp gives an American Sammie five pot shots an him.

For every acre he owns and cultivates the Texas farmer should invest a dollar in War Saving Stamps. What kind of a farm have you, American land or German soil?

The war and Uncle Sam doubled the price of your cotton. Can't you afford to invest a few pounds in War Saving Stamps?

When you buy War Saving Stamps you are not contributing. You are lending your money at four per cent interest compounded quarterly.

Have War Saving Societies been organized in the school your children attend? If they have not, then they are not getting a fair chance to be the nieces and nephews of Uncle Sam.

Are you a member of a War Saving Society? It's your duty to belong to one.

Quarters invested in Thrift Stamps and War Saving Stamps will have grown into dollars when they come back to you and at the same time they will be helping to win the war. You can't afford not to buy War Saving Stamps. Had you ever thought of that?

What about your boy's or girl's college education a few years from now? Commence to buy War Saving Stamps and have the money ready. Teach the boys and girls to save. Thrift Stamps will do it.

A Thrift Stamp is an investment in character. They will make successful savers of children. Isn't your child worth a investment now and then?

**LOST:** A lap robe between the old John Long place and Gomez. Finder will please leave at Gomez postoffice.

## "WAR TIME SPIRIT"

A panicky man is a curse to his community, whereas, a sane, practical, and courageous one is a decided blessing. Which one are you going to be in BROWNFIELD? Some people think that all money now should be hoarded, because it is time of war; that the old home will do; that repairs and unkeep can wait until after the war is over. YOU'RE WRONG, BROTHER, DEAD WRONG. Remember, "A stitch in time saves nine." It is the money that is spent, not the money that is hoarded, that is going to make prosperity in this land. There is no cause for blues, no excuse for Pessimism. Think Optimism, Big Rains, Prosperity, and Happiness if you want to help "WIN THE WAR." Let us figure on your requirements.

## GOMEZ DOTS

By West Wind.

Mr. Mosier moved out near Tatum, N. M. last week; also Mr. Nichols and daughter, Miss Jewell, moved out there. We will miss them all from our town for we have no better citizens than they. We wish them success and happiness in their new home.

Mr. Blankinship is on the sick list this week, but not serious.

Jim Moore brought a Maxwell auto some time ago, but as it needed some work done on it, he did not go joy riding. The car is o. k. now and on last Sunday afternoon he took his wife and children, also Mesdames A. P. Moore and Alvin Duke out to Will Moore's for a visit.

Mr. Blankinship had the Artie Shepherd house moved out to his section, one mile north of here, this week.

The Misses Randolph moved out of the Shepherd house into the parsonage this week, where they will remain until school closes.

Miss Naoma Simms is quite seriously sick at this writing.

Several cases of measles have developed so far; some of Mr. West's children and others.

Mrs. Crump, who has been confined to her bed with rheumatism for quite a while, has improved so she was able to come to town Tuesday. We hope she may soon be entirely well.

News of J. T. Weeks' family at Lubbock, is that they are having quite a lot of sickness. Mrs. Weeks, John and Ruby had severe spells of pneumonia since Christmas. Now Miss Ruby is in bed with measles, and all the other children are to have them.

A letter from Claud Crump to his brother here, says that he and the other Terry county volunteers are yet at Camp Bowie are all well.

Roy Taylor passed through here this week with a bunch of stock cattle that his father, A. V. Taylor had purchased down in the breaks. They were in good condition, considering the season, and were real good cattle.

Mrs. Chas. Moore and child ren are visiting her parents, Mr. and Mrs. H. M. Bridges, of Brownfield, this week, they just having returned from an extend-

ed visit back east: We mean Grandpa Bridges and wife.

Rev. Knox preached at the M. E. Church, Sunday.

## SCHOOL AND RED CROSS

The school students held an entertainment last Thursday night, March 1st, in behalf of the Red Cross. The feature was principally declamations rendered by the contestants for the first and second places in this school. The feature was a grand success, and every student rendered piece worthy of the author.

Many persons expressed themselves as if being the best of its kind since the organization of the school.

The Judges gave the following decisions: Junior girls, first place Stella Hudson; 2nd Iris Brannon. Junior boys: Bluford Hunter, first; Elmo Skeen, 2nd. Senior Girls; Jewell Randolph, 1st; Tempie Shepherd, 2nd; Senior boys; Jimmie Jones, 1st.

Much interest is now being manifested in declaiming, and well enough, for it is one of the best exercises in which a girl or boy can engage. The Red Cross Ladies served refreshments to the crowd after the speaking, and then several cakes were put up and sold to the highest bidder. The whole affair was a success both educationally and financially. The student have clothed the stage with a new carpet and rugs which adds to the looks of the auditorium.

The teachers, students and janitor have been busying themselves, preparing for the arrival of the State Inspector this week.

The sixth and seventh grades will meet in a discussion in the auditorium Friday evening. The students are putting fourth all their efforts now for the county meet in Brownfield March 29th and 30th.

## CITATION

State of Texas, To the Sheriff or any Constable of Yoakum County Greeting:

You are hereby commanded to summon Geo. W. Nelson by making publication of this citation once in each week for four successive weeks previous to the return day thereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 76th Judicial district; but if there be no newspaper published in said district, then in a newspaper published in the nearest district to said Yoakum County, to appear at the next regular term of the District Court of Yoakum County, to be holden at the courthouse thereof in Plains on the 3rd Monday in April, A. D. 1918, the same being the 15th, day of April, A. D. 1918, then and there to answer a petition filed in said Court on the 21st, day of February, A. D. 1918, in a suit, numbered on the docket of said Court No. 131,

wherein J. F. Merritt is plaintiff and Geo. W. Nelson is defendant, said petition alleging:

That on the 12th day of November, A. D. 1908, defendant Geo. W. Nelson joined by his wife, Lizzie M. Nelson by his deed duly executed and delivered, in consideration of the sum of Ten Dollars, cash in hand paid, and the execution and delivery on one certain Vendor Lien Note dated November 12th, A. D. 1908, for the sum of Six Hundred and Forty Dollars, (\$640.00) due on or before November 12th, A. D. 1909, payable to the order of Geo. W. Nelson, and signed by L. D. Camp, therein mentioned, granted, bargained, sold and conveyed to L. D. Camp, a certain tract of land, situated in Yoakum County, Texas, described as follows: Survey No. 442, Certificate No. 394, Block D, John M. Gibson Original Grantee in Yoakum County, Texas, containing 640 acres of land. That in said deed the defendant Geo. W. Nelson retained a Vendors Lien against the land described to secure the payment of said note.

That at some date after the execution of said note and prior to September 22nd, A. D. 1909, the defendant transferred said note to W. J. Luna a Transfer of the Vendors Lien retained in said deed.

That on the 22nd, day of September A. D. 1909, L. D. Camp paid and satisfied said note in full, that said payment and settlement was made to W. J. Luna, and that on said date W. J. Luna made and executed and delivered to L. D. Camp a release of the Vendor Lien retained in the above mentioned deed. But that the defendant had failed to transfer the Vendors Lien retained in said deed to the said W. J. Luna, and though said note has been fully paid and satisfied, this plaintiff is unable to secure a release, from the defendant to the Vendors Lien retained by said defendant in said deed.

That the plaintiff is the present owner and holder of said land above described, as an assignee under L. D. Camp and that by reason of the failure of the defendant to transfer the Vendors Lien retained in said deed to W. J. Luna, at the time he transferred said note, and by reason of his failure to execute a release discharging the Vendors Lien so retained by him, in said deed, a cloud is cast upon the title of the plaintiff to the land and premises.

Herein fall not, but have before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness W. H. Hague, Clerk of the District Court of Yoakum County.

Given under my hand and the seal of said court in the town of Plains this 21st, day of February, A. D. 1918. W. H. Hague.

Clerk of District Court of Yoakum County issued this 21st, day of February, A. D. 1918. W. H. Hague, Clerk of District Court of Yoakum County.

## CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

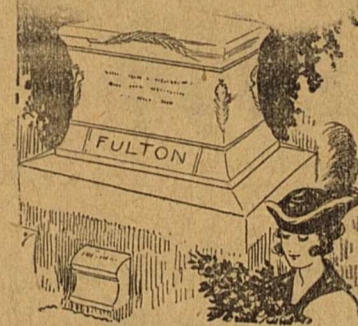

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.
