BROWNFIELD MERCANTILE

BUY YOUR COAL NOW

Did you know there was still a serious coal shortage, and still a greater car shortage?

There is and will be still worse this winter. This advice came from the Fuel Administration, but they have given a remedy to alleviate as much suffering as possible, and the Herald is going to cooperate with the three coal yards of Brownfield to make the shortage cause as little suffering here as possible. Here is the plan:

Coal will not be so hard to get during the summer or storage months in fact, our coal men are getting plenty in now. Probably half of our population are able to buy all or part of their winter supply this summer, and it is their patriotic duty, to their families, their country, and their less fortunate neighbors to store away their winter supply this summer.

This done it will not be so hard

on our local dealers to supply the trade of those who have to buy as they go, this coming winter.

What are you going to do about it? Phone your coal man to begin delivering at once

WITHDRAWS FROM RACE

W. R. Bridges requested us to announce this week that he had formerly withdrawn from the race of Sheriff and Tax-Collector of Terry county, but in doing so he had no hard feelings against anyone, or either of his opponents, and that the people would find the same true friend as of old.

His main reason for withdrawing was at the request of his father before he died, and that he would have withdrawn if he had known positively that his election was certain. He also wishes to thank all who aimed to support him.

Roy Hunter is learning the barber trade at the Sanitary shop.

SANTA FE OFFICIALS HERE.

The special car of T. H. Sears, General Supt of the Santa Fe lines of the Panhandle country, with head quarters at Amarillo, came down on the Wed. train. Mr Sears was accompanied by Supt. Albert Ewing of the Slaton division, and G. C. Ross, the Constructing Engineer of this branch

These gentlemen are all South Plains boosters. In conversation with Mr. Sears, he said: About the only thing I have to say, think or read about these days is the war and rain, or rather the lack of rain, but he expected all this to come about in due time, including a favorable ending of the war. He was surprised to find the people could not ship out baregrass here on account of embargo, though he said such orders came through his office. He seemed to be pleased with their new line and the growth of the town, despite dry weather, and the business it

was already doing, while yet under construction.

Mr. Ross informed us that it would be a month or six weeks before we could look for regular service.

MRS. PLAINS DEAD

A phone message came in yesterday from Mr. Plains, our telephone man, who has his wife in a sanitarium at Lubbock, to the effect that his wife had only minutes instead of days to live.

LATTER: Mrs. Plains died at about 11 o'clock a. m. yesterday. Her body will be shipped to Missouri for burial. Among those attending her funeral were her parents, of Missouri, Mr. and Mr. W. H. Dallas, and Mr. and Mrs. Boyce Cardwell of this city.

Mr. and Mrs. Fred Benton, of Lubbock, are visiting Mrs. Benton's parents, Mr. and Mrs. F. Martin.

TRUSTEE ELECTION.

There was probably near a 100 votes cast last Saturday in the school trustee election, being more than as many again votes cast than any preceding election and probably two score or more citizens received more or less votes, but after the smoke of battle—a very good humored battle—cleared, the following men were chosen, together with the vote for them:

M. A. Smith	52
A. M. Brownfield	47
D. J. Broughton	46
W. L. Bardlay	39
R. H. Banowsky	36
H. H. Longbreak	32
O. T. Halley	30

According to our way of thinking, and we believe we express the sentiment of an overwhelming majority, we have elected a bunch of men that will go to the limit of reason on our school to make it one of the best in the State, and are qualified to select a corps of able teachers. The Herald is proud of our trustees, and will go to the limit in helping back them up.

HONEST WORK AT HONEST PRICES

There are two highly important points for one to consider before having a car overhauled; the first is to be sure the mechanics who are going to do the work are expert enough to locate the defects and properly repair them, and the second point is, can you actually trust them to give you an honest accounting of the work done. We have the facilities to do the work, and ask you to give us a rigid investigation.

THE BRICK GARAGE

Lester McPherson, Prop. Brownfield, Texas

BUILT ACCORDING TO LAW

While making our rounds one day this week, we called on the Williams & Bowers Feed and Grain store, and noticing a huge roll of asbestos, we asked its purpose. Mr. Williams said:

This is to line the projecting room of the picture show. This room will be over the entrance, and after a thorough asbestos lining, I will put tin over it. A flue will run out at the top of the building from this as if we aimed to put a stove in there. Should the machine or the films catch fire, the operator can jump out side close the door, and the whole thing can burn up without endangering the building or disturbing the audience, as this room will virtually become an oven, and the flue will carry out all smoke and gas.

There will be four doors in the building, each on a straight line with the aisles, so that should an accident occur, while the room is dark, the people cannot help hitting the doors, which open outside.

I am doing all I know to comply with the State laws on movie shows.

ANNOUNCEMENT: There will be a business meeting at the Red Cross hall Tuesday afternoon April 16, at 3 o'clock. You are urgently requested to attend Very important business.

Rev. J. T. Bryant, the local pastor of the Presbyterian church, has requested us to announce that their congregation will hold communion services the 3rd Sunday, and every body, and especially the members were urged to be present.

Contractors arrived this week and began the construction of the Dick Brownfield row of concrete stores on the east side of the square. We understand that R. H. Banowsky has leased the largest for the Merc.

WE have the coal, what is coal. No smoot; no clinkers, at Stinson Coal & Grain Co.

Jno. C. Scudday was in from his west side ranch, this week.

County Fuel Administrator, O. T. Halley, has asked us to state through the columns of the Herald that he urges every family in Terry county, that are able, to lay in their winter supply of fuel as soon as possible, so that the poorer citizens can be supplied this winter. We will have a serious car and coal shortage this winter and we had just as well begin preparing for it now.

We received a big box of fresh greens from the garden of Rev. J. M. Fryar, of Potosboro, who was formerly pastor of the Methodist church at this place. He promised to remember us on early garden this spring, and he made his word good as usual. Encluded was also some nice tender onions and radishes. As long as this treat lasts, we shall forget all about the one said Hoover.

It has been suggested by some that should a person so desire, they can get flour from 2 or 3 merchants, and therefore use more than their share. Yes and the County Food Administrator takes the certificates the consumer signs, and should he catch people buying more than their allowance, they might have to face a jury.

BAPTIST HAD GOOD MEETING

Rev. F. A. Whitely, of Slaton, closed his meeting at the Baptist Church last Sunday night with eight additions to the church, and about \$40.00 collection for the minister. The church seems greatly revived.

The local pastor, Rev. J. B. Vinson, has been granted a month or six weeks leave of absence on account of poor health, and will spend the time on the Concho fishing and hunting. We hope he will return in good health.

RECORDS BEING MADE IN THRIFT CAMPAIGN BY TEXAS PATRIOTS

Since it was announced by Louis Lipsitz, State Director of the National War Savings Committee that the Government expects Texans to purchase thrift stamps and savings certificates valued at \$91,000,000, enthusiastic workers have rolled up a number of records that speak volumes for Lone Star patriotism.

The people of Cherokee county lead the counties in the State in the number of limit buyers—persons who have purchased the maximum amount of bonds the individual is permitted to own. The county has eighty-eight members in its Thousand Dollar Club; in Jacksonville alone, seventy-two persons have 'gone the limit' and bought 'baby bonds' valued at \$1,000. A. G. Adams is county chairman.

Letter carriers, the blue-clad men who plow through snow and mud and sun to fill Texas mail boxes, have become enthusiastic ministers of the new gospel of thrift which will help win the war and make possessors out of slackers. R. A. Furr, rural mail carrier in Collin County, has sold more than \$6,500 worth of stamps; \$2,200 of this represents the work of a single day. He travels 28.5 miles every week day and delivers over 4,000,000 pieces of mail every twelve months.

C. D. Morrow, a Sherman letter carrier has also hung up a record. He has sold the persons on his route little Government war bonds valued at more than \$1,162.84. In a single day he took orders for \$866.20 worth of thrift stamps.

The business men and bankers of Abilene wanted to tell Taylor County people what an excellent and patriotic form of investment is the purchase of thrift stamps, so they used six full page advertisements and thirty smaller ones in the Taylor County Times to tell Uncle Sam's story. The hearty co-operation of Texas newspaper men is piling up records of publicity and patriotism everywhere.

Tucker Royall lives in Palestine. He's a busy man, but he found time to sell \$1,000 certificates to each of thirty Palestine business men and Anderson County farmers and run a bank. Every bank should be a thrift stamp sales agency and advise its patrons to put some of their savings in war certificates, Mr. Royall says.

More frequently than not slackers are slackers. The county has no need for the one and no use for the other.

This Is Our Winter of Test

SERVING food is a local problem for each community. Prices and definite rules for every one cannot be formulated. It is a duty for each one to eat only so much as is necessary to maintain the human body

neatly and strong. This winter of 1918 is the period when is to be tested here in America whether our people are capable of voluntary individual sacrifice to save the world. That is the purpose of the organization of the United States Food Administration—by voluntary effort to provide the food that the world needs.

ARE you for Brownfield? Then read the "Wait-Think-Reason" ad, and you will become a Magnolia customer.

It was reported here the first of the week that a foollover in or around Littlefield, who had been turned down by a school teacher murdered her after committing criminal assault. Such character should not be allowed to run loose in civilized society. We had a similar case in Dawson county just a few years ago.

DROUTH RELIEF MEN HERE

Messrs. F. F. Townsend, of the Wage house and Marketing Dept., State department, and L. L. Johnson, representing the Agricultural department of the Santa Fe lines, came in on due time, Tuesday and were greeted by a good crowd of business professional men and farmers at the Courthouse, where both gentlemen delivered good talks.

However there was nothing done in the matter as there seems to be too much red tape about the matter and besides the farmer almost has to take a paupers oath to get aid, and very few if any in Terry county, worthy of help are willing to do this.

These gentlemen at first seemed to be a little miffed at the lack of interest in the matter here, but after things were explained to them, they said they did not blame the people for the position they had taken.

They said the bill was for the people who were actually down and out, and as there are few in this shape in Terry county now, most being able to take care of No. 1., little interest was manifested.

Again, the idea is only to supply 60 acre farms, and as there are few if any 60 acre farm here, the law would better supply to east Texas than here. Most of our farms range from 100 to 300 acres.

Hugh Snodgrass and family, accompanied by Mrs. J. R. Hill and daughter, Lela, made a trip to Demmit, Saturday, to visit Mrs. Hill's daughter, Mrs. Anderson.

U. S. FOOD ADMINISTRATION

AN EXALTATION

The following editorial is taken from the San Antonio Express of date March 19, 1918:

By the commander of the American forces in France, they are praised in "simple words of great authority."

By the general of the Eighty French army, Gerard, they are lauded and thanked in such a way that makes red blood tingle.

By the war correspondents near the battle of the giants in the land of Lafayette and Rochambeau, they are given the laurels of glory.

"They" are our tin soldiers. They are the Forty-Second Division of the United States Army of Liberation in France. General Pershing writes of them as holding "the 42nd front." So our tin soldiers are fighting and winning and dying in trenches all their own.

We know that it is no longer smart, or easy, or decent to call them our "tin soldiers." We have labeled them beautifully now: They are the "Rainbow Division," and the Rainbow Division is the National Guardsmen from the American Northwest and Southwest, and from regions at the four cardinal points of our country. There are Texans in it, the boys from Main, The boys Oregon, we suppose, There are Yankees in it, Hoosiers, tar heels crackers, probably. There are collegians in it, lawyers, doctors, clerks, farmers, divinity students and pugilists. But no slackers, of course and non who used to be a loafer. Loafers know nothing about the State troops, except to call them "tin soldiers."

Lets not be too hard on the loafers, however. All of us have called them "tin soldiers" more or less. If we live in the older and richer States, we used to let them build their own armories and buy their own equipments, largely. It was their pride and patriotic happiness to do so. If we live in the younger States that are not quite so rich, we grumbled at giving them anything at all. Our backwoods and big-city legislatures, alike, begrudged them a paltry appropriation each year for uniforms and antique rifles; for one trip to a State encampment, and for the upkeep of an adjutant general's office. If they wanted to spend their own money on the public, in such fashion, the more fools! We continually talked about disbanding them altogether and then a flood came or a riot, or a lynching and yelled to them for help; So it was in Arkansas So it was even in wealthy Ohio, with its big cities, show and ceremony.

They were "tin soldiers" in their State militia days. They were "tin soldiers" in their National Guard days, under the Dick act. They were "tin soldiers

even after the Mexican frontier troubles, that took them, baked them, and kept them long away from home—and trained them.

But now they are the Rainbow Division. It is their name because they span the country, from ocean to ocean and border to border. But a rainbow is something more than a span. It is an arch. In the Book Genesis, it is Gods promise of future brightness and earth's salvation.

We like to shape these exalted facts into a symbolism. We like to believe we shall do something more grateful and substantial for the erstwhile "tin soldier" present heroes than to exhaust the language of eulogy and our stock of ejectional admiration: We want to believe that they will never be "tin soldiers" on our lips, nor neglected soldiers at our hands.

We say they are exalted, high, great—as far above any ignorance and prejudice as a rainbow is high above the bowels of a tin mine.

GUS RANDOLPH

CITATION

The State of Texas, To the Sheriff or any Constable of Terry County Greeting: You are Hereby commanded to summon the Ohio Valley Buggy Company, a corporation and the unknown stock-holders of the Ohio Valley Buggy Co. a defunct corporation by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 72nd Judicial District, to appear to at the next regular term of the district court of Terry County, to be holden at the Court House thereof, in Brownfield, on the fifth Monday in April A. D. 1918, the same being the 29th day of April A. D. 1918, then and there to answer a petition filed in said Court on the 28th day of February A. D. 1918 in a suit, numbered on docket of said Court wherein R. G. Wood is Plaintiff, and the Ohio Valley Buggy Company, a corporation, and the unknown stockholders of the Ohio Valley Buggy Company, defunct corporation, are Defendants, and said petition alleging, that heretofore to wit, on the 1st day of January 1915, the plaintiff was lawfully seized and possessed of the following described lot, tract or parcel of land lying and being situated in the county of Terry and the State of Texas, known as all of the S.E. one fourth of Survey No. 89, in Block No. 4x, Cert. No. 194 issued to the P. S. E. Ry Co, holding and claiming the same in fee simple, and that the defendants unlawfully entered said premises and ejected plaintiff there from and unlawfully withholds from him the possession thereof to his damage in the sum of one thousand dollars, and plaintiff prays for title and possession of the said land and premises and for general and special relief.

Plaintiff alleges specially that he and those under whom he claims has had and held said land and premises using and enjoying the same for more than ten years before the defendants cause of action accrued, if any they have, and for more than ten years before the filing of this suit, and that he has title to said land and premises by virtue of the ten years statutes of limitation.

Plaintiff also alleges specially that on the 27th day of August 1909, one Felix R. Jones, made executed and delivered to C. M. McKenzie a certain deed of trust against the above described land and premises as a trustee for the defendants, and for the purpose of securing the payment of twelve notes executed by Felix R. Jones and payable to the order of the Ohio Valley Buggy Co., and aggregating the sum of Five Thousand Seven Hundred Sixty Eight Dollars, one fourth of said notes maturing on January 1st, 1910, one fourth of notes maturing February 1st, 1910, one fourth of notes maturing March 1st, 1910, and one fourth of notes maturing April 1st, 1910.

That each and all of said notes have been paid, but that the defendants failed to execute a proper release of the lien against said land created by said deed of trust, or that said release was lost and never placed of record.

That if plaintiff be mistaken as to the payment of said notes, then in the alternative he alleges that said notes are all long since barred by the statute of limitation, that the lien created by said deed of trust is also barred by the statute of limitation; but that said notes and said deed of trust creates a cloud against the title to said land and premises and he prays that said cloud be removed and his title quieted etc.

Herein fail not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness J. C. Green, Clerk of the District Court of Terry County.
Given under my hand and the Seal of said Court, at the office in Brownfield on this 28th day of February A. D. 1918.

J. C. GREEN,
Clerk District Court, Terry County.

BUY ADVERTISED TRADE MARK GOODS

Both of these results are desirable—a STANDARD ARTICLE and a FAIR PRICE. Either one is to be desired by the consumer. But when they both go hand in hand they form the ideal combination.

These results are brought about by advertising the product and then identifying by means of a trade-mark or brand name.

When a product becomes known to the consuming public through advertising, it tends to become STANDARDIZED. Being produced on a large scale, it naturally follows that there comes to be a uniformity of quality of the different units. Each unit is exactly the same as every other unit bearing that label.

People come to know just what this product is. It stands for something definite. It represents a definite value characteristic of this particular product. It becomes standardized.

In addition to this, the very fact that it does become standardized and known makes possible a greater market for it. This greater market makes possible the economies of large scale production. That is a manufacturer who produces 10,000,000 units of a product can produce each unit more cheaply than the manufacturer who produces but 10,000 units, through having more improved machinery, being able to carry the specialization of labor to a greater degree, having less waste, and having more units of production to bear the expense of general management and overhead.

The result of this large scale production is a lower price to the consumer per unit.—Farm and Ranch.

TRAINING FOR USEFULNESS

It won't be long until these little folks around here are big folks. It won't be long until they are grown ups—People they will be expecting them to do grown-up jobs.

Are you helping to train them now so they can get away with the job, or will they have to throw their hands up every time they meet a problem? Will they really COUNT for something, or will they just be FIGURED in when the census taker comes along?

People have to learn before they can do.

This is the basis of success—Character is built on it. Fortunes are made by it.

See that your children learn how to save. Keep them from forming wasteful habits. Show them how they can be producers—makers of things rather than users and destroyers. Anyone can exhaust: those who can create are valuable units of citizenship.

Start those boys and girls out with a thrift card and tell them how they can fill in the little blank spaces. It's a big thing for a boy or a girl to own a Government bond. Invest a quarter in your children. It takes only twenty-five cents to buy a little Government bond and start your children on the road of thrift. Help them to be patriotic. Help them to help their Government. Help them to help themselves. Help them to become creators and producers—valuable citizens

OBITUARY

Grandpa H. M. Bridges was born in 1845, or a little more than 73 years ago in Green county Mississippi, Feb. 1st, but went with his father to settle in Drew county Arkansas, just before the Civil War. His father enlisted in the Confederate service in 1861, and went to Virginia, where he was joined by Grandpa a year later. During the reconstruction period, or in 1874, he and his young wife who was Miss Alice Dougan, whom he married in the fall after the surrender moved to Dalta county, Texas; to Stephens county, in 1885, when that was still a frontier county. Soon the people began rolling too fast, and he pulled stakes and next bought land and settled in Randall county, Texas, in 1899. He only spent seven years there and landed in Terry county, 100 miles away from the railroad in 1906, to make his last stand.

The above is a brief outline of the varied life of this hearty pioneer, and friend to all mankind. His friendship, did not come in spurts, and go in a jirk, but was that lasting constant variety, that lets no frivolous thing come between. Every acquaintance loved Grandpa Bridges, and the longer the acquaintance the stronger the tie of friendship.

Grandpa leaves a wife who was a helpmeet indeed and in truth a constant companion, and a faithful wife and mother. To their union were born two boys and four girls, who were above the average of children in obedience to the precepts of the parents. There are W. K. Bridges of this county, and N. H. of Muskogee, Okla.; Mesdames W. B. Snodgrass, W. H. Black and Chas. Moore, of this county and Mrs. Zerelda Atkins, of Stephens county. Only those here attended the funeral, as it was not possible for the rest to come. He leaves one brother, Zack, of White county, Ark., and a sister Mrs. A. B. McIntosh, of that place, and another sister, Mrs. H. C. Roberts, who still lives on the old homestead in Green county Miss.

In the passing of Grandpa Bridges, Terry county loses a citizen hard to replace, and his good examples will bring fruit as long as our citizenship holds him in memory.

PLEASE read the Wait-Think Reason, ad of the Magnolia Petroleum Co., and then make known to them your wants.

WHEATLESS BISCUITS.

Parched cornmeal is the feature of these excellent wheatless biscuits. First, the cornmeal—one-half a cup—is put in a shallow pan placed in the oven and stirred frequently until it is a delicate brown. The other ingredients are a teaspoon of salt, a cup of peanut butter and one and a half cups of water. Mix the peanut butter, water and salt and heat. While this mixture is hot stir in the meal which should also be hot. Beat thoroughly. The dough should be of such consistency that it can be dropped from a spoon. Bake in small cakes in an ungreased pan. This makes 16 biscuits, each of which contains one-sixth of an ounce of protein.

GOMEZ DOTS

By West Wind.

Joe Black and wife came in last week from Marieta, Okla., to attend the funeral of Joe's Grand father, Mr. Bridges, and visited here with Joe's mother and other relatives until Tuesday, they returned to their home.

Robert Griffith and wife left last Monday for their home at Magdalena, N. M. Mrs. Griffith has been visiting her parents here for over a month, but Robert only stayed a few days.

Walter Frasier, from Cochran county, came in last Saturday to attend the Red Cross play, and visited at Dr. Maddux's until Sunday afternoon.

A Telegram from Camp Bowie the 1st, to Joe Weeks' parents at Lubbock, stated that he was seriously hurt. Mrs. Weeks and son Leo, left immediately for Camp Bowie. A wire 12 hours later states that he was resting easy.

Mr. Will H. Johnson and family, left Tuesday morning for Colorado to live permanently. We regret to lose these good people from our community, but hope they will have health and prosperity in their new home.

The play last Saturday night was good and well rendered, but the attendance was smaller than many that have been here before this. The money taken was near \$25.00, we did not learn the exact amount.

Well mistakes are not haystack wish they were, but we will correct one in last week's dots. We stated that the Gomez school pupils made 11 entries at the school meet at Brownfield, and they did, but one of the entries was ruled out after the contests were over, because a senior made the entry in a junior contest, so the entries only count ten. Then the one ruled out one and that lowered the Gomez score one, also our informant did not count right, for Gomez only won 7 contests and the one ruled out cut the number to six.

Mr. Dalton Reed, came from his home in Gaines county, last Thursday and returned on Sunday, Mrs. Reed accompanied him home.

Will McPhaul and wife, from Secorra county N. M. came in last week for a visit to their parents here. They came with Mr. Walter Martain who used to live in Dawson county, but now lives

in Magdalena N. M. Mr. Martin's wife died at Magdalena last week and he brought her back to La Mesa to bury her.

The rain here Monday was not a season by any means, but it will make the grass grow and for the present has stopped the dust from blowing, so we are thankful and hope more will come soon.

Our school will close in two more weeks after this.

MEADOW

By Farmer

Mr. Artis got the contract and is grubbing the Lubbock-Brownfield Highway through Hockley county. Will soon have the best road in the west. It will not be graded but scraped out to the hard ground.

Mr. Longley is to begin putting in a well on his farm, soon as he can arrange with a well man.

Mr. and Mrs. Jno. Raymer recently took their little girl to Brownfield for Medical treatment. We are glad to report she is fully recovered.

Miss Grace Ellington goes to Abilene for a business course about the 1st of May and Miss Rowena Peeier to La Mesa to spend a few weeks at her brother's.

Mrs. Collins and children paid old friends near Carlade a visit last week and stopped in Lubbock.

Mrs. Carter and children with Rena Stricklin went to Estacado on a visit last week.

Mr. Hunter of Spur, has been up to bring his cattle and horses to his section here.

Mr. and Mrs. Stricklin were in the Ropes community Sunday.

Sunday was the regular preaching day here, but I think the wind hindered.

The shower was very light here but every little bit helps.

NOTICE: Those that are in a hurry to render their tax assessments, will please see Bill Cook, at the Woolly Land Office, as I have just undergone an operation in the Lubbock Sanitarium, and will not be ready to start on my rounds for some time yet. Clint Rambo, Assessor.

We regret to report Mrs. J. C. Green on the sick list.

Owing to the high cost of every thing that goes into a meal, all meals will be 50c at the Santa P. Cafe from this on. It was either lower the quality and quantity, or raise the price and I prefer the latter. W. W. DUBO, mgr.

We imagine if Uncle Sam would pass a law for the duration of the war to draft all strikers in to the army, strikes would become a negligible matter.

FOR SALE: A mated colored Jack about 10 years old, 14 1/2 hands high, good breeder. If interested, see R. W. Glover, Gomez, Texas.

SHERIFF'S SALE

The State of Texas—County of Terry: Notice is hereby given that by virtue of a certain writ of execution issued out of the honorable County Court, of Terry County, on the 26th day March, 1918, by J. C. Green, Clerk of said Court, for the sum of \$75.00 and cost of suit, under a judgment in favor of J. E. Elmore vs. J. L. Denison, and placed in my hand for service, I, J. N. Lewis, as Sheriff of Terry County, Texas, did on the 28th day of March, 1918, levy on certain real estate, situated in Terry county, Texas, described as follows, to-wit:

The south one-half of the west 200 acres of Section 19, Block T, Cert. No. 10, D. & W. City Co. The same being 100 acres of land, the property of J. L. Denison.

And levied upon as the property of J. L. Denison, and that on the first Tuesday in May, 1918, the same being the 7th day of said month, at the Court house door of Terry county, in the town of Brownfield, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said judgment, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said J. L. Denison. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Terry County Herald, a newspaper published in Terry County. Witness my hand, this 28th day March, 1918.

J. N. LEWIS
Sheriff Terry County, Texas

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs. in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

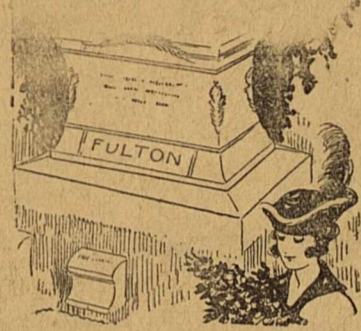

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it!
