D. M. JUDD KILLED

There was a great crash in Denver, Col., last Friday, when a street car crushed into the rear of a big automobile loaded with band boys of a regiment stationed at Camp Logan, near Denver, who were on their way to a banquet hall. The driver of the car was Murton Judd, well known in Brownfield, as he instructed the band here awhile and had a part interest in the Queen Theatre for a while. He married a Brownfield girl, Miss Sallie Holden, a sister to Mrs. A. J. Stricklin, and a step sister of Mrs. M. Smith, all of which attended the funeral at Lubbock. The remains were shipped to his old home, and the home of his parents at Lubbock. Besides a wife and a five months old baby girl, he leaves a father and mother, two sisters, one who

lives in Lubbock, and one at Amarillo, and a brother in Illinois, who was unable to attend the funeral. Several relatives from Amarillo and Hale Center attended the funeral.

Funeral services were conducted at the Cumberland Presbyterian church, of which he was a member, by the pastor. The casket was profusely decorated with flowers, from friends and fraternities, among the most beautiful being one from the boys he worked with in the Denver Omnibus Co., which was shaped like a large Auto tire, and one from the Odd Fellows lodge of Lubbock.

It is not our purpose or desire to praise a relation, but we believe the people of Brownfield willingly agree with us that few if any boys ever made the friends Murton Judd made in Brownfield during his short stay here, and if he had a fault it was that which caused his big heart to

go out, and disfigure himself for a friend, and he loved his wife and baby above every other consideration on earth.

LIBERTY LOAN INTERESTS RATES

Secretary McAdoo officially corrects a statement appearing in various newspapers that the Fourth Liberty Loan will bear interest at the rate of 4 1-2 per cent. He states that no thought has been entertained of issuing the bond of the fourth loan at a higher rate than 4 1-4 per cent.

It is interesting to recall here the Secretary's appeal in his Third Liberty Loan speeches that the rate of interest for Government be established at 4 1-4 per cent. He said then that as an intelligent people we should make a stand for the financing of our Government during the period of war at a established rate of interest, naming 4 1-4 per cent as the proper figure, so that all business and investments might be adjusted on that basis. In his letter to Majority Leader Kitchen he strongly urges stabilizing the rate at 4 1-4 per cent.

The Secretary of the Treasury has also asserted he did not think that the patriotism of the American people was measured by the rate of interest on a Government bond, and a support of the people gave to the Third Liberty Loan seems to have justified his belief.

LIPSITZ THANKS EDITORS

Dallas Texas, June 29, 1918
Editor Herald,
Brownfield, Texas.

Dear Sir:

Some things are easily forgotten, but the splendid work

which you have done in the Herald in the interest of the War-Savings Campaign is not in that classification. Thousands of people have done most effective for the Government in the Pledge Drive, but I believe no state has had more cooperation than that given by the newspaper men of Texas.

I want to express to you my personal appreciation of the splendid way you have backed up the Government and helped to make a success of the biggest movement which has been inaugurated. I want you to know that the United States Treasury Department very fully and most sincerely appreciates your kind of cooperation.

I trust that I shall sometime have the pleasure of thanking you personally for the big way in which you have done big things in Terry County.

I am,

Yours most sincerely,

Louis Lipsitz

PLANS MADE TO ENLIST 91,000 TEXAS FACTORY EMPLOYEES AS SAVERS

Plans to enlist the 91,000 factory workers of Texas as members of the thrift army have been suggested by E. J. Black of Beaumont, president of one of the largest manufacturing concerns in the South, and approved by Louis Lipsitz, State Director of the National War Savings Committee. The concern, of which Mr. Black is president, has given every one of its employes a thrift stamp. Since the gift was made, nearly every worker has added five or six stamps every week to his thrift card. That his employes will have no difficulty in buying the little war bonds, Mr. Black has established a stamp sales agency at the plant; the cashier acts as selling agent.

Mr. Lipsitz is anxious that all of the 5,684 manufacturing plants in Texas make it easy for their employes to buy savings stamps and help them to put aside a definite amount every week. He has suggested that all of these factories, large and small, make arrangements to place thrift and war savings stamps on sale in their plants.

If each of the 91,000 workers buys a thrift stamp every week the aggregate

If you have an idea that your quarters won't help win the war and do lots of service when invested in thrift stamps and war savings stamps, just look over this table. The little bonds are translated in terms of soldier equipment. Here's how they stack up:

- 1 Thrift Stamp—5 Bullets.
- 1 War Savings Stamp—1 Pair of Shoes.
- 1 War Savings Stamp—2 Woolen Shirts.
- 1 War Savings Stamp—4 Winter Undershirts.
- 1 War Savings Stamp—1 Steel Helmet and \$1.12 over.
- 1 War Savings Stamp—1 Shelter Tent and part payment on Overcoat.

Those quarters will do the Government lots of good. And remember you are not giving them away, but lending them at four per cent interest compounded quarterly.

Mrs. Bob Snodgrass of the west side, was in on Monday's train from a visit to relatives at Floydada.

Mrs. J. E. Shelton came in from Roaring Springs last week where she went to take her sisters place as postmistress while the latter was away on vacation.

W. K. Dickinson Sr. of Lubbock, was on the north bound train Tuesday morning on his way home from looking after his ranch interests near Seagraves.

All Santa Fe employees heard the good news recently that they had a big raise in wages, from 43 per cent for those who drew the lowest wages up to nothing for those who get as much as \$250 per month. Thus these wage increases will benefit the one man who really needs a raise to meet the increase in cost of living.

RED CROSS DRIVE FOR MEMBERS TO COMMENCE DEC. 17

ENROLLMENT OF 15,000,000 BY
CHRISTMAS EVE IS THE
GOAL SET.

SOUTHWEST QUOTA 2,000,000

Every Person With Red Blood in His
Veins, Who Is Not Already a
Member, Will Join
by Dec. 25.

"Make it a Red Cross Christmas!" This is the slogan of the Southwest division of the great American Red Cross, which will begin a drive Monday, Dec. 17, to obtain 2,000,000 new members in the states of Missouri, Kansas, Arkansas, Oklahoma and Texas.

A similar drive is to be made at the same time in the other 12 divisions of the Red Cross throughout the United States. The Red Cross has 5,000,000 members at the present time. Fifteen million members by Christmas Eve is the goal of this wonderful organization.

Outside of the army and the navy the Red Cross is the most important instrument for winning the war. Facts and figures dictate this statement and not sentiment.

Much has been said and written regarding the sentimental side of the Red Cross and too little has been said and written of the actual work which the Red Cross does. As a matter of fact, the Red Cross is nothing more than God's own instrument for making the world safe for democracy. All of the armies and all of the navies of all the allied countries would be impotent unless back of them there was a Big Something making for the morale which is the backbone of every fighting machine.

Morale Makes an Army.

Every soldier and every sailor must know that his country is backing him up with something more than munitions and a uniform; he must know that the spirit of the country is behind him, that its humanity is reach-

ing out to him and reaching out to his, that the All-Seeing, All-Powerful One, the Big Director of Humanity, is going to take care of him and take care of his family while he is fighting.

Morale and munitions win wars. The Red Cross is morale with a big B, and without the Red Cross there could be no such thing as morale.

A few facts covering a few of the activities of the Red Cross since the United States went into the big war is sufficient proof of all these statements. No man with red blood in his veins can read these facts and then refuse to become a member of the Red Cross, unless he already is a member.

Because of the enormity of the task and because of the fact the United States was unprepared for war, the War Department has been slow in getting supplies to cantonments, and in many instances soldiers would have suffered had it not been for the quickness of the Red Cross in coming to their relief. Some red tape, of course, attaches to the Red Cross. At a Southern cantonment 2,000 of the men were without shirts; the War Department was not able to furnish the minimum. The Red Cross stepped in and within 24 hours every man was properly outfitted.

Blankets Are Supplied.

At another cantonment the men had an insufficient supply of blankets and the government could not put through a requisition in time to alleviate the suffering which followed. Again the Red Cross went to the rescue of the government, again it proved it was the government's right-hand ally.

At still another cantonment sweaters were furnished for more than 2,000 soldiers who were without overcoats.

One of the biggest things the Red Cross is doing in America and throughout the countries of the Allies is civilian relief. Here are some cases in point which alone are sufficient to make membership in the Red Cross synonymous with citizenship in the United States:

CASE ONE.—Mother with daughter twenty-five, son twenty-two and daughter thirteen. Son is drafted. Mother taken dangerously ill, without hope of recovery. Oldest daughter must resign her position, paying \$35 per month, to nurse mother. The soldier's allotment of \$20 only income.

Home Service Section investigated; found an excellent family never in want before, now in dire straits and needing great assistance. Chapter made a grant of \$10 a week to provide finances for living expenses, medicines, doctor bills, etc., and are making encouraging calls to the family and assisting the daughter in nursing her mother. Financial relief alone would not have been enough in this case.

Splendid Home Service.

CASE TWO.—Man enlisted in army and married in June, 1917, asked for discharge in October on the grounds of a dependent wife who was an expectant mother. Army officials refused discharge because marriage took place after declaration of war. Woman has no relatives and soldier's relatives, who live in another part of the United States, are unable to assist.

Home Service Section found facts as stated correct, made arrangements for the wife's confinement, assigned a bighearted motherly woman as coun-

sellor for her and assisted her with additional funds necessary over and above the soldier's allotment. This was splendid home service, for it comforted an expectant mother and by the same effort relieved the worried mind of the soldier father.

CASE THREE.—An aged farmer and his wife had two sons, twenty-five and twenty-two years old, respectively. The older boy was drafted. Two weeks later the second boy was taken ill suddenly and died. The old folks were distracted, not only because of the loss of both sons, but because they had a growing crop, their only means of support, without anyone to gather it.

Home Service Section marshaled the neighboring farmers, gathered the crop, helped to market it and gave kindly advice and assistance to the old people. That was all that was needed, but it was good home service.

CASE FOUR.—Referred by Canadian Patriotic Fund. American citizen enlisted in Canadian forces, leaving a wife and four children in United States. Man formerly earned \$15 per month and took excellent care of his family. He made an assignment of \$20 of his pay; the Canadian government made an additional separation allowance of \$20, total of \$40 per month. Woman willing to readjust her mode of living, but to drop from \$150 per month income to \$40 per month was impossible without great sacrifice to health and environment of children.

Allowance Made for Wife.

Home Service Section investigated, found an excellent family and enthusiastically recommended grant of \$10 per month to be added to the \$40. This was enough to relieve this woman of the constant worry and fear which was rapidly driving her to a neurotic condition. There will be many cases like this for the Red Cross.

CASE FIVE.—Referred by Commandant of Army Post. Soldier had deserted and when recaptured, gave as his excuse that the fear of his wife and three children starving in Chicago drove him to it.

Home Service Section investigation showed man well known to all charities of Chicago because of his absolute failure to support his family and his frequent desertion and long absence from them. Soldier compelled to make an allotment of \$20 per month for their support, and at wife's request (this being her first dependable income from him) man was kept in the army. Our Home Service Re-

port helped the commandant, too, for he no longer felt like a brute in handling this "poor man" and began at once to make a real man out of this soldier.

Hospital Units Replaced.

In the recent German offensive which resulted in the invasion of Italy the Germans captured 86 hospital units attached to the Italian army. Thousands of Italians were wounded in the movement, requiring immediate medical assistance. The Italian army was unable to furnish them. A quick call was put in for the Red Cross and within a few hours Red Cross surgeons, Red Cross nurses and Red Cross supplies were being rushed to succor the thousands of wounded Italians.

Here, indeed, in all these cases, is proof of the necessity and the practical worth of the Red Cross; here, also, is infallible proof that every citizen of the United States should be a member of the Red Cross.

In the Christmas drive for members, which is to begin Dec. 17, membership will be issued upon the payment of \$1.

With each \$1 membership there will be given a Red Cross service flag which it is desired members will display in a front window Christmas Eve from 7 to 9 o'clock. The flag is transparent and with a lighted candle behind it will make a most impressive patriotic display.

Is the blood in your veins RED? If it is YOU will have a Red Cross service flag in YOUR window Christmas Eve, and when the news is flashed to the battlefields Christmas morning that 2,000,000 people in the Southwest have declared "We are behind the boys in the trenches" down in your heart you may be thankful that it has been your privilege to be one of those to send this inspiring message.

RED CROSS NURSES SENT TO ARMY CANTONMENTS

Fifty public health nurses have been assigned by the American Red Cross to the zones surrounding the national army cantonments, camps and navy bases.

The nurses will work under Red Cross sanitary directions in co-operation with the local state and federal health authorities.

Nurses have already taken up their work in the vicinity of cantonments at Hattiesburg, Miss.; Ft. Riley, Kan.; Des Moines, Iowa; Louisville, Ky.; Little Rock, Ark.; Ayer, Mass.; Chillicothe, Ohio; Atlanta, Ga.; Newport News and Petersburg, Va.

As visiting nurses in the rural territory and cities adjoining the camps the Red Cross nurses assigned to public health work will endeavor to prevent the spread of tuberculosis, malaria and other infectious diseases and strengthen the local work for infant welfare.

SCHOOL CHILDREN TO AID IN WORK OF RED CROSS

Organization of the Junior Red Cross among public school children throughout the United States has been warmly approved by President Wilson, in a letter to Dr. H. N. MacCracken, president of Vassar college, who is in charge of the organization of the new Junior Membership Board.

The campaign for members is being carried on in connection with the Christmas membership drive.

STAMPS SHOULD BE IN ALL TEX. CASH DRAWERS

The Government wants thrift and war savings stamps sold in every store, in every bank and in all places frequented by the public. To become an agent it is only necessary to obtain an application blank from the County Chairman or State Director of the National War Savings Committee, sign it and mail to the State Director at Dallas, Tex. Stamps may be obtained from the Federal Reserve Bank or through the local bank or postoffice. In becoming an agent there is no loss liability as the thrift stamps are always convertible into War Savings Stamps which are worth more every month and can be cashed at the postoffice at any time at what they cost plus interest.

Sensation of Hunger.

The sensation of hunger may not be an evidence of the immediate need of food. The people of Ireland, used to voluminous rations of potatoes, complain of starvation and hunger when given greater food values, but in smaller bulk. The same is true of the bread-eating peasants of Bavaria when put on a meat diet.

Ferguson tried to denounce one of the men that "hounded" him out office, as he calls it, in the Senators home town, one day last week, but it didn't work. They kept calling for Decker, and the Senator answered Mr. Ferguson in a two hour address amid wild cheering.

Ferguson tried his old stunt of working up sympathy in an east Texas address one day last week by arraying class against class, and by giving our law makers a general cussing. The people were not responsive, so Jimmie quit that method and got real persuasive.

We have asked several of our Ferguson friends recently, if they would vote for the re-election of any county official who we will say for argument sake, was interested in a Lubbock bank, and deposited county funds up there, when our home bank was paying 3 per cent interest on the daily balance. The answer is invariably NO! Well, then is a state official any better?

Ferguson's address at Carthage, in which he denounced the the Dallas News, and made silly offers for publication, would have been real funny if they had not been silly and pitiful, as a man on his last peg. The Dallas News will still be read by thousands when Jim moulders into dust. The News cropped the political and oil aspirations of another Texas Statemen(?) just a few years ago.

As the writer was passing along the road the other day between here and Plainview, we met a lady taking some water or something to her husband who was planting in the field, as she returned empty handed she was walking along knitting socks for the soldiers. When I see how faithful some of these women are at the work it makes me feel like a slacker.

A Kentucky woman the other day went to the station with her boy and as she kissed him good bye she handed him a bible and said: "My dear boy, give them hell." With such determined mother hood of our country the cause of humanity cannot fail. —Littlefield News.

PUBLISHERS' NOTICE

With this edition of the Randall County News, C. W. Warwick leaves the management of the paper to go into war work. He continues to hold his stock in the paper and will return after the war.

The publishers wish to announce the following changes in

the personel of the staff. Oscar Hunt will become business manager of the paper. He is well known to the business men of Canyon and this Panhandle territory and will look after the business interests of the paper to the entire satisfaction of the public.

Chas. S. Lofton will become local editor of the News. Mr. Lofton has been connected with this paper doing local work during nearly two years time and is a highly qualified young man for the position. Any courtsey shown him in his work of getting out a clean newsy paper will be highly appreciated by the publishers of the News.

The News can promise that the same high standard which has been set during the past will be maintained by the new men on the paper.—Canyon News.

Editor Lofton was one of the faculty of our school last year, being Spanish teacher, and his many friends here will be pleased to learn that he has been given the position of pencil pusher for one of the Pandandle's best weeklies.

FERGUSON WOULD LET SOLDIERS DRINK

"They passed the zone law in an effort to deny the poor lonely soldier who is a thousand miles from home, thinking of an old father and mother back there, a chance to take a drink to relieve his loneliness."

"That declaration was made by Mr. Ferguson in his Paris speech Saturday, June 8, according to the Fort Worth Star Telegram of June 12. The Star-Telegram continues: "It is to be inferred from this that Mr. Ferguson would not deny the poor lonely soldier of that chance, in spite of the fact that under Federal regulations the only chance he had to obtain a drink was from a bootlegger."

President Wilson believes that that the soldier should be denied that drink. The United States Congress believes he should be denied it. It is the settled policy of military authorities to keep drink away from soldiers and for that reason it was made a felony to sell to a soldier in uniform.

"A man does not need to be a prohibitionist to believe that we should have a sober army. Even those opposed to the zone law did not argue that the 'poor lonely soldier' should not be denied his chance to obtain a drink. It remained for Mr. Ferguson to question the wisdom of keeping liquor from soldiers—Now will Mr. Ferguson—assure the people of Texas that if he is elected Governor he will do every thing in his power to restore the

'poor lonely soldier' his chance to take a drink, no matter what the Federal government thinks about it.?"

We are quite sure that the German-American Alliance, which was interested in his election in 1914, will be pleased to have him elected on such platform.—Ex.

THRIFT STAMPS FOR TIPS.

In all of the hotels and restaurants in Texas a new plan is being inaugurated by Jesse Johnson, one of the Captains in Dallas, working continuously on the sale of War Savings and Thrift Stamps. Mr. Johnson says: "Instead of giving a Pullman porter or waiter a quarter, the thing to do is to say 'have you a thrift card'? If he has, give him a thrift stamp instead of a quarter, and if not, give him a card with a stamp on it. This starts him in the War Savings idea and impresses him with the necessity for co-operation on the part of every person, regardless of wealth or station."

BARGAINS IN STAMPS.

Mr. Frank A. Vanderlip, formerly President of the National City Bank of New York City, and now Chairman of the National War Savings Committee, said in his speech in Dallas on December 16th: "This is the first time in history when the United States Government ever offered any

By the statement that foreign trees are as good as home grown trees. If you want an orchard that will bear young and often, make sure by buying your trees from the Plainview Nursery. We have a good stock of the very best for this country. We will trade nursery stock for bonds, live stock, good notes, peach seed or second hand sacks. Also have some good steer calves we want to sell.

VER THE TOP, FARMERS! OVER THE TOP!

This war cannot be won without the aid of the Farmers. Why?

Because they represent about 80 per cent of the population of the Eleventh Federal Reserve District, in which we live, and it is impossible for the other 20 per cent of the people to carry the financial burden.

The farmer in this section who has done reasonably well last season has indeed a double duty to perform. He has to do his full share towards protecting his business, his home, and his Country, and he has, as a generous open-hearted, broad-minded Southerner to help make up for the probable lack of over-subscription in the drouth-stricken Counties of West and South Texas.

The people of the West and South of Texas will do their share—of that there is no question. They will raise their assigned portion of the Loan, because it is their duty, but we cannot hope for a large over-subscription from them.

An over-subscription from the Eleventh Federal District is called for. On the occasion of the Second Liberty Loan we raised but a little more than we were forced to. Other Districts raised 25 per cent and 50 per cent more than the Government demanded of them. Such a grudging response is unworthy of us and we must improve upon it. Shall it be said that we men who live upon the rich soil of Louisiana, who inhabit the great producing State of Texas, the progressive State of New Mexico, who wrest the wealth from the ground of Arizona, or who have opened up the great possibilities of Oklahoma, possess less patriotism than our neighbors? It is unthinkable!

We have a big task ahead, but we will meet it. Let us plan, and look ahead, and let us start doing it right now, in order that this great old South West may shine as a bright star in the firmament of patriotism when our Country calls.

Window Sills.

A jut in a window, which has no sill, may be made to look attractive by placing a box in it, and by proper covering be transformed into a window-seat. A cover may be hinged on the front, and the interior used for storage purposes. In small rooms such a nook is impossible, as it takes up too much space.

WHAT JUDGE HAMILTON THINKS OF FERGUSON CASE

Austin, Texas, June 21, 1918.
Mr. A. Loudin,
Austin, Texas.

My dear Sir:

Your letter of even date in which you desire that I give you information with respect to the orders and judgement entered by the Criminal District Court of Travis County, Texas,

in the cases against former governor James E. Ferguson, to hand and contents noted.

In reply, I beg to advise that all orders entered by the Court in these cases were entered of record and are, therefore, subject to inspection by any citizen, and certified copies of the same may be obtained by any citizen. I will say, however, for your information, that these orders show that I did not pass upon the merits of any of Mr. Ferguson's cases, and the orders do not show that the Court held that Mr. Ferguson was not guilty on the facts. Practically all of the cases were disposed of upon legal objections to the indictments, the facts not being passed upon by the Court.

One of the cases was disposed of upon the theory that the venue of the prosecution did not lie in Travis County.

With the profoundest respect,

I am

Very truly yours,
(Signed) James R. Hamilton
Judge, Criminal Dist Court

DIED

A twelve year old son of J. T. Whitley, of the Neepmore community, died about 4 o'clock p. m. the 3rd and was buried in the Brownfield Cemetery at 5 o'clock p. m. the 4th.

About two weeks ago he stuck a splinter in his hand and the place had healed, but the deadly lock jaw germ was left in there to do its work, and the little fellow soon passed to a sinless and painless world.

Lieut. Lee, of the aviation service, and whose home is in Big Springs, Texas, called this week to see his friend, Miss Gertrude Dallas.

O. T. Halley had a wire from the President this week asking him to name some one here to deliver a Fourth of July oration. Chas. C. Triplett was appointed, and did himself proud along that line.

A Mr. Duke of Roswell N. M. has leased I. H. Hudson's grass northwest of Gomez, and his cattle arrived Monday from Vaughan, N. M. They were in bad shape as there is no grass in that country to speak of.

Tom May is looking for his sheep to arrive this week. His Mexican herder has established camps near the stock pens in order to help receive them upon arrival.

The seats for the Liberty Theatre arrived last Saturday and are being installed this week. The initial show, which is to be free, will be pulled off next Tuesday night, and there will be three shows per week: Tuesday, Thursday and Saturday nights. Without question Mr. Williams will have one of the best shows in West Texas.

We had a letter from Mrs. Orrie R. Slater, of Marshall, Tex. this week to the effect that Will Alf Bell and family, of Brownfield, had been visiting relatives there for the past four weeks, and were then leaving for Corpus Christi, Texas. She said the Brownfieldites had been heard to wish for the cooling breezes of the western plains, lots of times.

While walking through some weeds one night this week, Mrs. J. M. Shield was bitten on the foot by a small reptile, which proved quite painful, though has not appeared to be serious.

Messrs. S. D. Loftin and father-in-law, J. C. Dooley, were in from the Tokio community, this week. They say their crops appear to be further advanced than here.

R. H. Banowsky received a telegram from A. W. Freeman, of Cordill, Okla. this week, to the effect that he could not begin the Christian meeting next Sunday and was writing particulars. This notice therefore, is to the effect that the meeting is indefinitely postponed.

Mrs. Clyde Alexander brought her baby in from a Lubbock Sanitarium, where it has been under treatment for the past several weeks.

QUARTER BUYS FIVE BULLETS

ONE THRIFT STAMP FILLS RIFLE'S
MAGAZINE—BABY BOND GETS
U. S. SOLDIER PAIR OF
SHOES.

A single thrift stamp doesn't look very large and the quarter it costs doesn't seem like it would count for very much, but that thrift stamp means five bullets for one of our soldiers—a clip of cartridges, they'll fill the magazine of his rifle. With them he may save his life and the lives of two or three American heroes in France.

These little war bonds will do lots of big things. Armies can be ammunitioned with them, hungry soldiers fed, fighters kept warm in No Man's land, lives saved—enough of them will bring victory, save the Nation and liberate thousands of poor Europeans whose condition is worse than slavery.

They stand for patriotism, those little certificates which cost only a trifle. They are evidences of willingness to serve and back up the boys in the trenches. People who refrain from spending their money on unnecessary things and put it in the tiny war bonds don't have to talk about their loyalty—they are proving it, paying for it.

The price of the victory stamps can be saved or made in a thousand ways. Luxuries can be left un bought and thrift stamps purchased instead. Everyone can give up luxuries, because nearly everyone spends money for things he is not compelled to have. Money saved is money made. Let part of the money in the pay envelope be put to work for Uncle Sam and the Liberty boys. The old hen out there at the barn can help you. Every time she lays a dozen eggs you have the price of two thrift stamps—that's ten bullets. There are just lots of ways to earn the little treasury bonds.

Those little stamps stand for something else—thrift and prosperity. You help the Government when you buy them, but you also help yourself. You have saved the money, it will come in handy later on, and when you get it back will get a lot of extra nickles and dimes and dollars with it. Every minute of the time since you lent it to the Government it will have been working for you—making more money for you. When you buy thrift stamps you are not giving away a thing, you are getting paid for everything you have done.

Have the pleasure of knowing that one of those soldiers "over there" is wearing a pair of shoes you bought for him; that a coat your money purchased is keeping him warm; that the ammunition you got for him will help him out of tight places and bring him back home to those who love him.

In Arcola, Ill. fond parents are buying Red Cross memberships for children of all ages, including new-born babies.

A Grievous Error.

Didn't delay for Commissions;
Went while the other men stayed.

Took no degrees up at Plattsburg,
Needed too soon for the game,
Ready at hand to be asked for,
Orders said "Come" and they came.

Didn't get bar on their shoulders
Or three months to see if they could;

Didn't get classed with the reg'lars

Or told they were equally good.

Just got a job and got busy,

Awkward they were but intent

Filling no claim for exemption,

Orders said "Go" and they went.

Didn't get farewell processions,

Didn't get newspaper praise,

Redge Burnett came in from Lubbock, Tuesday, and reported that his little twelve year old daughter was operated on at the Lubbock Sanitarium for appendicitis Friday night. This was a very accute case.

FARMERS AND SHIPS

Two things which do not appear to have very much to do with each other. And yet they have.

It is not sufficient merely to produce goods, they must be marketed, and ships are necessary to the farmer unless he wishes to be cut off from the best of all markets of the world—Europe.

Just as an automobile is a good thing for hauling produce to nearby towns and freight cars are necessary to haul the produce to the great grain centers, so ships are necessary to market the produce of the farmers.

We have been losing ships in great numbers, and so have our Allies. These must be replaced. The farmer knows what would happen if the freight cars on the railroads were burned up—he would be cut off from the market. Ships are just as important and necessary as freight cars.

Several Million Dollars of the amount subscribed to the Liberty Loan is being used by The United States Government to provide a fleet of freight vessels to maintain our trade with Europe. It follows that in subscribing to the Liberty Loan, the farmer is putting money into his own business, with Uncle Sam as a partner, with a certain knowledge that he will receive 4 per cent interest on his money, and that his principal will be used for his own trade convenience and expansion. Was there ever a clearer case of an investment profitable in two distinct ways?

The German Government have realized the necessity of providing a merchant fleet and recently have set aside Thirty-five Million Dollars for the building of ships, which are to be delivered as soon as possible after Peace is declared. Let us at least be as wise as the Germans.

To every farmer there will be offered during the next few months this sensible business like proposition to take Uncle Sam into partnership in his business. Be wady to invest in Liberty Bonds when the time comes.

Election day is not far away and the time for the the women to have their registration is running up in large numbers. You woman, no matter if your convictions are against the ballot, your country needs your influence and help in order to overcome the conjected roton vote that will cast in the thicklier settled portions of the state. Let every woman in and around Gomez be prepared to take the first lesson in suffrage on July 27th and show a willingness to do your part in helping to pilot our ship of state on through these times of war, and see to it that the best, most competent and qualified men are placed in our public offices to act as our agents in the control of our government.

Their is a complaint that in many places over our country, people has almost lost interest in community, social and religious life, on account of the state of despondency that the war has thrown the people into, but such is not the case in the little community of Tokio or better known J. Cross. A. P. Moore and Ye Compiler accompanied Bro. Vinson and wife up there last Sunday and from the attendance and interest taken in the Sunday school and the fine spirit that prevailed, you would never know that they had in the least suspected that we were in the midst of the most troublesome times we ever saw. They are making the most of it and are not forgetting the fact that their first duty is to be true to themselves and their community, thereby serving their country in the best way possible.

I cannot refrain from saying that if Ferguson is such a patriot and willing to do everything in his power to help in the present war, I fail to see why he did not accept Gov. NEW SANTA FE LINE

Amarillo, Texas, July 1, 1918
The new line of the South Plains and Santa Fe Railway from Lubbock to Seagraves, Texas was taken over by the operating department on July 1st and regular train service established. This line is sixty five miles long and will be operated in connection with the old line from Lubbock to Crosbyton.

For the present, trains will leave Lubbock Monday, Wednesday and Friday at 12:45 a. m. arriving at Brownfield 2:40 p. m. and Seagraves 4 p. m. Trains will leave Seagraves Tuesday, Thursday and Saturday at 7 a. m. arriving Brownfield 8:33 and Lubbock 10:30 a. m. The present daily service between Lubbock and Crosbyton will continue.

The new line is well built. It has eighty-five pound steel laid on good ties. Ample sidetracks have been provided at stations, especially at Brownfield, Ropes, and at Seagraves; and water

stations at Seagraves, Brownfield and Ropes.

This line opens a fertile part of the South plains in Texas and will stimulate the development of a large territory.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.
