#### COUNTY CONVENTION

The County Democratic Convention was held here the first Saturday in August, in the District Court room.

William Howard was elected president and A. J. Stricklin secretary of the convention.

The Administration of President Wilson was warmly endorsed, and also the Administration of Gov. W. P. Hobby, in upholding the hands of the National Administration in helping to win the War.

A resolution was also adopted asking the next regular session of the legislature to submit a Constitutional Amendment, granting full suffrage to women.

O. T. Halley was elected delegate, and W. W. Price alternate to the State Convention at Waco, Sept. 3rd, and instructed to vote every time for Hobby and Hobby measurers.

#### JONES TO FRANCE

James O. Guleke is in receipt of a telegram from Hon. Marvin Jones, private secretary in Washington, D. C., to the effect that Mr. Jones will sail at an early date for France as a member of the Congressional Contingent Committee on military affairs.

This committee will visit points in France and England for the purpose of making a study of military affairs and will look after the welfare of the boys from America in the war.

This selection comes as an honor to the congressman from this congressional district of Texas.—Amarillo News.

#### LOANS TO FARMERS

President Wilson has placed at the disposal of the Treasury and Agricultural Departments \$5,000,000 to enable them to furnish aid to wheat growers in certain sections of the West who have lost two successive crops by winter killing and drought. The Federal land banks will act as financial agents of the government to make and collect the loans.

This fund is not intended to be lent to farmers who have banking collateral; the action of the War Finance Corporation in urging the banks to finance such farmers and its promise to support them in such financing it is believed, will amply provide for them.

Loans from this fund will be made to individuals who have not

banking collateral, and only where it is necessary to enable a farmer to continue to grow food products. The money will be advanced upon the crop of wheat or substitute grains planted on the land, and no loan will be in excess of \$3 per acre and no applicant financed beyond 100 acres.

The use of the fund will be under the joint control of the Treasury and Department of Agriculture; as the machinery of the work is already in existence, no substantial delay is expected.

Cooperation of local banks and local associations and individuals is looked for.

SEE W. G. Harden for all kinds of Notary work.

Mrs. Mumford Smith left Saturday for Lubbock, to visit her sister, Mrs. D. M. Judd.

#### GOOD RAINS

Rains fell here Wed. afternoon and night and Thursday to the amount of 1.32 inches, which covered all the country except the southeast part very well.

Where these big rains struck, bumper crops are assured, with the exception of old corn, and that will make a fair yield.

### TOKIO.

(By School Boy.)

Several of our citizens are in Brownfield this week attending Commissioners Court.

Mr. Bill Myers and family were here Sunday to attend Sunday School. His daughter, Miss Anna Lee stayed all night with the Campbell girls, returning home Monday. We are glad to have this good family join our Sunday School.

Mrs. Wade certainly gave the Sunday School a good talk Sunday.

A crowd of young folk enjoyed a surprise party at J. R. Hill's Saturday night.

A letter from Carl Mangum who is at Austin in training to help "reduce the size of the Kaiser's head", reports he is getting along very well.

Both young and old enjoyed a singing at Mr. Wade's Sunday night.

Rev. Vinson closed his meeting here Friday night. It was certainly a treat to us to have such an earnest honor us with a meeting. His preaching was of the very best, and it was enjoyed and appreciated by all who attended.

Mr. S. Johnson has been somewhat on the sick list for several days.

Two of Mr. Johnsons boys, Homer and Floyd, came in the first of last week. They will both be under the colors soon. Floyd is expecting his call any time.

Earl Hill and wife have been making the formers parents a short visit this week.

From now on there will be prayer-meeting every Wednesday night. Every-body come.

Mr. A. V. Taylor, wife and mother-in-law went to Brownfield Sunday afternoon returning Monday.

## TEXAS WOMAN AT THE FRONT

MRS. BURDICK, MOTHER TO ALL AMERICAN SOLDIER BOYS

Mrs. Ensign Burdick of the Salvation Army, and from Dallas, Texas, was interviewed by a war correspondent in her hut just behind the lines in France. In speaking of her daily work she said:

"None of us had a wink of sleep last night," said Mrs. Ensign Burdick. "You see, the troops were moving and a hot sip and a bite in the wee hours gave new life and spirit to our soldiers."

"They call me 'ma.' Oh, the joy of it! They tell me not to overwork. I'm the oldest woman at the front—close to sixty, with children of my own at home—but I wouldn't change places this minute with the grandest lady in the States!

"When the hour for taking the front line comes they gather around me and I say—and I have a hard time to keep back the tears—I say: 'Boys, you are all my sons. Remember what is expected of Americans. Don't yield an inch. Face your duty like the men that you are. Remember your mothers and your God—but don't for Ma Burdick's sake, take needless chances!'

"You ought to see them straighten up and their eyes flash with fearlessness and feel the pressure of their hands! Overwork? Risk? This old, shattered mill is heaven among such patriots, for, after all, the big factor in this war is the men in the trenches."

"We fried twelve hundred eggs and gave out three or four thousand doughnuts, and land knows how many sandwiches and pies and cups of coffee and cocoa. See, here is a letter just brought in from the trenches. Dear Ma—Can you please bake us twenty-six pies and send them up Tuesday night? Any kind will do. If you can't bake pies can't you, please make 150 doughnuts? Let us thank you a million times for the doughnuts the other night. Boys tickled to death with them!"

"That's their captain's signature. We send batches up every day. Free? To be sure! We never charge for anything that goes to the men in the trenches."

## SALVATION ARMY CALLS FOR WORKERS

Volunteers Wanted to Aid in Financial Campaign in Southwest

The Salvation Army Southwestern War Work Council is appointing County and City War Councils to organize campaigns in Texas, Oklahoma, Louisiana and Southwest Arkansas. Any responsible individual without regard to his religious belief, who really desires to help us help the boys in the ranks, can enlist for this service by writing Brigadier George Wood, Chairman, 1313 Southwestern Life Building, Dallas, Texas.

County Chairmen are wanted in every county to help organize a committee in every town and village to secure the money needed for the work. Local Chairmen, men or women, are needed at once. Their duties are to form a committee of two or more, according to the size of their town and to thoroughly canvass the town and surrounding country for the Army work. A plan of campaign has been prepared for the larger places and this may be adapted to the smaller towns.

In the smaller places, only one worker is necessary to call upon the people and volunteers for such work will be welcomed.

Salvation Army work, prior to the war never lacked for support. Its War Work as it becomes better known to the American people will receive their liberal support. All that is needed is to inform the American people of the need and the money will be forthcoming.

### Some Heroes and Heroines

While the heroism of the battle field is magnificent it is necessary to remember the hordes of real heroes who do not wear the armor and trappings of war but who steadfastly perform humble and obscure tasks in their own way for the aid and comfort of the fighters.

For instance, there is THE INIMITABLE SANG FROID OF SALVATION ARMY LASSIES WHO NON-CHANTLY FRY DOUGHNUTS FOR SOLDIERS WHILE THE SCREAMING SHELLS FLY OVERHEAD. There is the devotion of the Red Cross nurses who carry wounded patients from hospitals bombed by Hun aviators. American college girls, when the German forces approach leave only with reluctance the districts in France which they have reconstructed, conveying helpless natives to places of safety. Innumerable other exploits are performed within

sound of battle, while the doers—the people whom Frank Crane designates as the "What's Whatters"—modestly refrain from mentioning them."

### Traveling on Cocoa

The Stars and Stripes, official organ of the American Expeditionary Forces, this week says:

"After the Salvation Army had given a certain company some cocoa, the company advanced successfully against the enemy. After the war the Salvation Army will be justified in telling how many miles the boys got to the gallon!"

### Art of Hanging Pictures.

Pictures should have a strong base below, a large centerpiece above, and a higher point above this, thereby meeting architectural demands. A sofa against the wall, or a bookcase, or a large table may form the base, with an important picture as the centerpiece, either square or oblong. At all events the base should be wider than the structure above, and there should be a higher point of apex. The best of one's pictures should be placed over the fireplace.

### Fate is Treacherous.

Fate is treacherous and soonest betrays those who depend most upon it. It helps only those determined to help themselves by acting out their desires. Luck, too, is faithless and laughs at the man who too strongly puts his trust in it. It generously spreads a golden glow upon the achievements of the man who rows as he prays, but for the man who does not strive it has only mockery.—Exchange.

### Truth Survives.

What is true cannot be made truer. The world may question it and attack it and "hawk at it and tear it," but it will survive. It makes no difference either how humble the source from which the truth may emanate. It is not a question of authority. If it is truth, it may come from a carpenter of Nazareth or from an attic in the Latin quarter; sooner or later all the world will accept it.—Lester F. Ward.

## ON TO BERLIN

Glorious is the news from France. Every heart beats quicker as we read the story of heroic work of American soldiers as by the side of our allies they battle for civilization. With their blood American soldiers are sealing the compact of the forces of Heaven as they fight against the forces of Hell. All honor is to the superb work of these men! Onbended knees every American should give thanks to Almighty God that he has led our men and the men of our allies on to victory.

But let us not think for one moment that the struggle has been won. There is a long and bloody road which, with our allies we must travel before our flag floats over Berlin. To the million American soldiers now in France we shall have to add many millions more before the combined armies are strong enough to battle their way across the Rhine to Berlin. This is a time of elation over what has been achieved, but it is a time for glorification. We shall suffer many hardships and doubtless many reverses but this fact should only stimulate us to do greater things and to prove that the nation is worthy of the heroic men on the battlefields of France have given their lives for the salvation of the world from the power of the barbarism of Germany. We shall need to throw into the contest greater strength because Germany, will double its efforts and knowing that complete defeat would mean utter destruction of all their power, the military leaders of Germany will without limit sacrifice every man.

Our task is only begun. We have made a good beginning, but all that we have done is but a beginning, and small one at that, as compared with the work that is ahead of us.

"On to Berlin!" should be the

cry throughout America, and until the Stars and Stripes and the flags of our heroic allies float over Berlin and the palaces of the whole Potsdam gang we shall never halt nor for one moment listen to any word of peace from Germany or in behalf of Germany.—Manufacturers Record.

## PLAN FOR MAKING LOANS TO STOCKMEN TO BE ANNOUNCED.

Washington, Aug. 6—The financial corporation is expected to announce soon details of arrangement by which advances can be made to banks loaning to stocks raisers of the west and southwest. Plans for carrying out the corporation's intention of assisting stockraisers were discussed with corporation directors to day by W. F. Ramsey, chairman of the board of the Dallas Reserve Bank; J. Z. Miller governor of the Kansas City Reserve Bank; M. Sansom, representing the Texas cattle Raisers' Association, Lynn Talley director of the Dallas Reserve Banks.

## RALLS BANNER PLANT DAMAGED

We are sorry to learn that the printing plant of the Ralls Banner was badly damaged by fire Tuesday morning. The fire originated in a restaurant near by, which was entirely destroyed and only by heroic work on the part of the people of the town, and of the Crosbyton fire department, was the big chunk of the business section of the town saved from the flames.—Lubbock Avalanche.

Jeff Merritt returned Saturday from Kansas City, where he carried six cars of good looking steers, and received only four and one-half cents for them. He was a sick cowman, we want to tell you. Why is it that dressed beef is selling for prohibitive prices, and shoes too, if the packers are only making their money out of the by-products?

Pat Ross loaded two cars of cattle at Meadow, Saturday, from whence they were shipped to the Amailo country.

Rev. J. J. Stricklin, of Meadow Texas, has been elected Principal of the Tahoka Public Schools for the 1918-19 session, and will move his family here at an early date. Mr. Stricklin is a brother of Editor Jack Stricklin of the Brownfield Herald. He has had several years of experience as a successful teacher in the public schools over the state and we feel assured that the Board has made a wise selection in the person as Prof. Stricklin for this responsible position in our school. We join the citizenship of Tahoka in extending to the estimable family a hearty welcome to our town and country.—Tahoka News.

Those of us who heard Mr. Chas. H. Abbot, campaign manager for Wm. Hobby for governor, speak on the political issues before the people of Texas this year can readily understand the way his splendid victory was achieved. Mr. Abbot is a Dallas man, was formerly a newspaper man, and until recently was publicity agent for the Southwestern Telephone Company. Ninety days ago, the candidacy of Ferguson seemed probable of success, and then Abbot took charge of Hobby's interests and by a quiet system of education earnest work among the thinking people of the state, and sincerity of address to the patriotic people of Texas he turned the tide and made Hobby's election almost unanimous. Abbot was one of the closest students of the activities of the German Alliance in America, and he chopped its head off in Texas. We are glad to give Abbot the credit for his work in Hobby's campaign.—Slaton Slatonite.

## DISTRICT MEETING SWEETWATER

Last Wednesday a district meeting of the War Boards was held at Sweetwater. The invitation included the Exemption Board, Legal Advisory Board, Medical Advisory Board, Council of Defense and Appeal Agents. There are forty-eight counties in the district forty-five of them were represented with one hundred and fifty delegates present. Major Townes, who is the highest appeal for those having exemption claims or classification troubles and Major Russ, Chief of the Medical Advisory Board were the principal speakers. These are the most pleasing, yet matter of fact gentlemen one ever heard. Their discourse was highly instructive and profitable to all who heard it.

The meeting was called in the District Court Room of Sweetwater's handsome new Court House which with its artistic interior decoration, electric fans etc. made a delightful place to assemble. The delegates enjoyed a two course luncheon at Hotel Wright

**OUR SAVED FOOD  
FED THE ALLIES**

Food Administrator Writes President America Conserved 141,000,000 Bushels Wheat.

**CREDIT DUE TO WOMEN.**

Meat and Fat Shipments Increased by 844,600,000 Pounds.

Conservation measures applied by the American people enabled the United States to ship to the Allied peoples and to our own forces overseas 141,000,000 bushels of wheat and 844,600,000 pounds of meat, during the past year, valued in all at \$1,400,000,000. This was accomplished in the face of a serious food shortage in this country, bespeaking the wholeheartedness and patriotism with which the American people have met the food crisis abroad. Food Administrator Hoover, in a letter to President Wilson, explains how the situation was met. The voluntary conservation program fostered by the Food Administration enabled the piling up of the millions of bushels of wheat during 1917-18 and the shipment of meat during 1917-18.

The total value of all food shipments to Allied destinations amounted to \$1,400,000,000, all this food being bought through or in collaboration with the Food Administration. These figures are all based on official reports and represent food exports for the harvest year that closed June 30, 1918.

The shipments of meats and fats (including meat products, dairy products, vegetable oils, etc.) to Allied destinations were as follows:

Year 1916-17	2,168,500,000 lbs.
Year 1917-18	3,011,100,000 lbs.
Increase	844,600,000 lbs.

**Advice Old but Still Good.**

Cato recommended that the soil of a farm be good and fertile; also that near it there be plenty of laborers and that it be not far from a large town, moreover that it have sufficient means of transporting its produce, either by water or land. This advice, although 2,000 years old, still holds good.

**Had 17-Year Nap.**

Some time ago a woman in Brussels was aroused by church bells ringing in consequence of a fire. She had been asleep for nearly 17 years. When she awoke she was in perfect health and remembered in detail events that had taken place 17 years ago, before she fell off into her long nap.

The Tom May and Ross Rentfro bunch of 1500 head of sheep arrived Monday in as good shape as could be expected after their long haul, and the fact that there was not much grass where they came from, they will be put on the old Joe Lane place.

Born to Mr. and Mrs. C. E. Sullivan, of the Needmore community, a boy on the 13th inst.

As reported by our Meadow correspondent, the editor and family took in the Meadow community, over Sunday, and had a splendid time and abundance of eatables. Mr. G. C. Ross is putting in a couple of nice residences at New Meadow, which adds greatly to the appearance of this little town. While there J. W. Peeler, the thriving merchant of that place got on our mailing list, as he said he wanted to take the place of the Ferguson men that quit the Herald.

## DO NOT STOP KNITTING

To all chapters:

I am surprised on my return home to find how many Chapters have been worried over an article which appeared in the Liteary Digest last week entitled Why not to Knit," and I am more than surprised—I am amaized—that many of them have been influenced by that article to disregard Red Cross instructions.

This is an excellent opportunity for Chapters to have all their workers understand that orders come only from headquarters and that no newspaper or magazine publicity or any article written by individuals or statement made by individuals, whether in army service or government service or "scientific experts" shall in any way change the action of a Red Cross Chapter. Remember we are all soldiers in the great big army that is holding the second line of defence here at home, four thousand miles behind the front lines. We are under the same obligations to obey the the orders of our as are the boys we have sent to France to hold the first line of defense. Therefore follow your instructions from headquarters until those instructions are

changed. If anything arises which causes you to think there should be a change, write to headquarters and find out, but do not stop work, and do not change your operations.

This division will have to stretch its self to provide the quota of knitted goods assigned to it. Unfortunately one of the sources of supply of our quantity has dissapointed us by turning out defective yarn which can't send to Chapters, and we will be delayed in getting materials to some not delivered to the Chapter "3. The period for which volunteers are sought is preferably one as needed, that Chapter will, of course, receive an extension of time for the delivery of its allotment of knitted goods. George W. Simmons, Manager, Southwestern Division.

## WOMEN CANDIDATES ALMOST SWEEP FIELD IN THEIR COUNTIES

It doubtless will be quite interesting to many to know what success the women had as candidates in West Texas this year. The Slatonite has compiled the following list of women candidates from among our exchanges. In this connection, it is quite remarkable how many exchanges there were that failed to print a report of the election that was intelligible to a person who was not immediately acquainted with the people of the county, and we had to dig up old copies of the papers to make this list. Those women elected were:

Gaines County, Mrs. Mattie Trimble, treasurer. Had lady opponent.

Motely County, Mrs. Georgia Kendel, treasurer.

Terry County, Miss Dora Daugherty, treasurer.

Floyd County, Mrs. Lillie Britton, treasurer. Won over Mrs. Addie Thagard, present treasurer.

Donley County, Mrs. Willie Goldston, treasurer.

Briscoe County, Mrs. Ada Douglas, treasurer.

Dawson County, four candidates for treasurer. Miss Mary Stone was second. Holds second primary.

Taylor County, Fannie Trippet, clerk.

Borden County, Miss Maggie Williams, clerk.

Sherman County, Miss Lyla McKinney, treasurer; Miss Sallie Jackson, clerk,

Crosby County, Mrs. Ella L. Young, treasurer.

Lubbock County, Mrs. Mary Hinton led for treasurer. Had four men opponents. Second primary.

Those who lost:  
Carson County, Mrs. Neal for treasurer lost to her gentleman opponent.

Collingsworth Crunty, Miss Sallie Kellie for treasurer, was second with two men opponents in the race.—Slaton Slatonite.

Judge W. W. Price officiated at a wedding last Friday morning at the courthouse, in which Mr. Chas. Lebo and Mrs. Smantha Washman, both of New Mexico, were the principals.

Herald hopes this journey down the path will be smooth.

We had a letter last week from Doagie Patterson, of Seagraves, enclosing the price for his and his father's paper another year. Dogie remarked that the Herald was like getting a letter from home without writing for it.

Most farmers have laid by their crops and are now waiting for mother earth to be replenished with the necessary moisture to make and mature them. We heard a good report from the Winn community in regard to the crop condition out there. Mr. Will Meyers telephoned in to A. P. Moore that his corn had already ruined on account of the shuck having bursted on the ear. Mr. Ward reports a fine crop and W. D. Winn has fine prospects with just a little more rain. Coming closer in and in other parts of the vicinity we find that other men are not so fortunate as they did not get the benefit of the last local showers that fell on last week. All in all we hope that most of the farmers are more scared than hurt as at this writing we have pretty fair prospects of more rain.

Mr. Will McPhaul of Magdalena N. M. is with us this week on business. He reports that everything in the west part of the state of N. M. is in very good shape and that this country is in better conditions than any part of the plains that he had been over. He will return home with in the next few days.

Mrs. Tanner and family of Denton, Texas, is making her annual visit with her parents, Dr. Maddux and wife and is visiting other relatives here.

Mrs. Houston Shepherd is visiting with her relatives in Plainview Texas, this week.

Mr. I. H. Hudson came in from Portales, N. M. last week. He reports that the rain on the way was in streaks and that the grass between here and there was looking fairly good.

Bro. Loftin is holding a protracted meeting here this week. The attendance has been splendid so far and we hope that it continue so until the end, which will be on next Sunday night.

Mr. W. H. Black and family returned from Mountaineer N. M. last Friday. He stated that the bean crop was not as good as it was this time last year and from every indication it will be a short age in that portion of the country.

Mrs. Scott of Happy Texas, came in last Wednesday on a visit with her mother, Grandma Black, and other relatives in and around Gomez.

Mr. Raymon Simms left Thursday for the training schools at Austin Texas where he will take up special work preparatory to going for France, to do his bit in helping to H-O-C-K the Kaiser. We regret to see him go very much, yet it is with pleasure that we can say that knowing him as a person that is so valuable in the community, that he will be of as valuable service to his country, and he carries the good wishes and friendship of every one in this community. What the community has lost has been gained by Uncle Sam and we regret that we are not able to supply more of such God fearing boys as Raymond proved to be.

Mrs. Mashburn gave a week end party in honor of Miss Earlie Rambo. Those spending the last days of the week were Misses Idahlia, Ethel and Irene Hunter, Sara and Josie Hudson of Gomez and Misses Emily Miller and Lissie Winston of Brownfield. The gentlemen were Messers Raymond Simms, Charlie Copeland, Lee Johnson, Ray Hudson and Ernest Broughton. Every one reported a fine time.

Prof. Bishop left Wednesday for Tahoka where he will join his wife and her parents and they will go from there to Camp Travis to visit with Mrs. Bishop's son, Eddie Sanders, who is in training there. He expects to return about the last of the month and get ready for the opening of the school which opens here on the first Monday in September.

C. L. Stanford, of Carlton, Tex who has been visiting his brother P. G., and Mrs. John Kendrick of Plains, Texas, left for his home on Tuesday's train.

Mr. and Mrs. M. B. Sawyer, Mr. Sawyer's mother and their daughter Ticia, left Tuesday for Lubbock, where Grandma Sawyer will placed in an sanitarium.

Mrs. R. R. Lewis, accompanied by grandson Carl, left Tuesday for DeLeon, Texas, where Mrs. Lewis will visit her daughter Mrs. Geo. Warren.

Joe McGowan and wife returned Saturday from Quanah where they have been visiting Mrs. McGowan's parents. Joe reports the country in bad shape as for as crops is concerned. Mrs. McGowan's brother returned home with them.

## CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.
