SCHOOL STARTS MONDAY

School will open here Monday morning, although two of the six teachers have not been secured, but the board expects to have them in time for opening. Let all who possibly can be on hand for the opening and start the school session of 1918-19 off right and give the board and teachers your unqualified support. Inasmuch as the new school building could not be completed for this session, it will not be started till next March, and will be completed for the 1919-20 term. Prof. H. C. Zorns, the new superintendent comes to us highly recommended, and we believe he will prove a tireless worker for the upbuilding of our school.

SEE W. G. Harden for all kinds of Notary work.

BROWNFIELD WILL HAVE FIRE PROTECTION

Foundation was started Monday for the huge standpipe for Brownfield, which will be built of steel and concrete, to be 20 feet in diameter, raise fifty feet in the air and hold 125,000 gallons of water. No bonds were voted for this water system, but is being financed by M. V. Brownfield, for the benefit of the town, and is contracted by J. W. Nowlin, one of the best brick and concrete men in west Texas.

The base of this big tank is to be eighteen inches and will taper to the top to a thickness of ten inches, where there will be less strain. Six inch mains will lead out from the tank to the business section of town, and fire plugs will be located at convenient places. One of the latest

types of oil burning engines, that require little attention will keep the tank full of water.

A volunteer fire company should be organized at once, and procure sufficient hose, and in this way, our insurance rate can be substantially reduced.

Let the building idea go on.

NEW POSTAL RULES

The post office department has notified all newspapers that they must have no unnecessary exchanges on their list now, and all papers that print over eight pages, must cut down 25 per cent.

They must also keep their subscribers paid up as much as possible, and are not allowed to send free copies to charitable institutions, or even to soldiers, unless they, or relatives pay for

them. This is in order to conserve the paper supply.

It has long been the policy of the Herald to keep its readers paid up in advance, but we have been lenient with those who would come in and state their circumstances, and promise to pay in the future. As bad as we hate to lose old readers, we must obey Uncle Sam, and if you want the Herald, send in remittances promptly a little at a time, if you can't spare the \$1.50 handy.

BLANK Notes and Bill of Sales at the Herald office. Neatly printed on good grade paper, 50 in a tab at 35c.

Mrs. C. A. McDaniel came in from the east, Wed., and left on mail car, Thurs. for her home at King, N. M.

TULSA TO ENTERTAIN CONFEDERATES

Tulsa Okla. is promising the old Confederate soldiers a rousing time, Sept. 24 to 27 inclusive and are spending more than \$100,000 for their entertainment. Both the Confederate Reunion and Grand Army Encampments were about to dispense with their reunions this year, but were encouraged to go on with them by President Wilson, and Director General McAdoo has given them a rate of one cent per mile to the reunions, which is the cheapest rate ever made. Of course patriotism will run high, and the old Confeds will promise the president the entire resources of the South to win the war, and that they will deny themselves as rigidly as in the 60's if need be to win.

MARRIED

Mr. J. Albert Darden and Miss Nellie Johnson were married out at the Graves ranch at 10 p. m., Wed. night, Rev. Hicks, pastor of the Methodist church officiating.

Quite a crowd of friends and relatives from here and other places attended. Miss Annie Hamilton got the wedding ring out of the cake, so we expect the old bells to ring again in about six months.

Mr. Darden is the able and efficient Santa Fe Agent at this place, is a young man of character and stability, and has a host of friends.

Miss Johnson's parents live in Oklahoma, but formerly lived here, but she likes Terry best, and has been making her own way here for some time. Mrs. Darden is a beautiful and pleasing young lady, and possesses those rare qualities that goes to make a help meet in every sense of the word.

They will make their home in Brownfield.

ARMS AND MUNITIONS

The attention of owners of Liberty Bonds and War Savings Stamps is called to the following: They are financing the work:

On one day in June last approximately 27,000,000 cartridges of various descriptions were produced in the United States manufacturing plants for the United States Government.

The daily average production of United States Army rifles was broken in the week ending June 29, an average of 10,142 rifles a day of a modified Enfield and Springfield type being maintained. In addition spare parts equivalent to several thousand rifles and several thousand Russian rifles were manufactured.

The Ordnance Department has produced 2,014,815,564 cartridges, 1,886,769 rifles, and 82,540 ma-

chine guns since the United entered the war. The daily output of cartridges is now 15,000,000.

"Some Pumpkin" is an old expression, but it is a true one, and all we ask is that if you want to see "some pumpkins" (plural) go and ask Mrs. J. W. Spear to let you see her pumpkin patch. We have asked Mrs. Spear to save a couple of the largest for the Terry County Fair, and we bet she takes the prize.

WHAT W.S.S. WILL DO.

The \$91,000,000 that loyal Texans are called upon to invest in United States Government War Savings Stamps by December 31, 1918, will build four battleships like the U. S. Texas, with enough over to construct a whole flock of destroyers. The battleship Texas is the largest superdreadnought ever built by the United States.

Pay the W.S.S. Pledge you made the President. Invest in more War Savings Stamps.

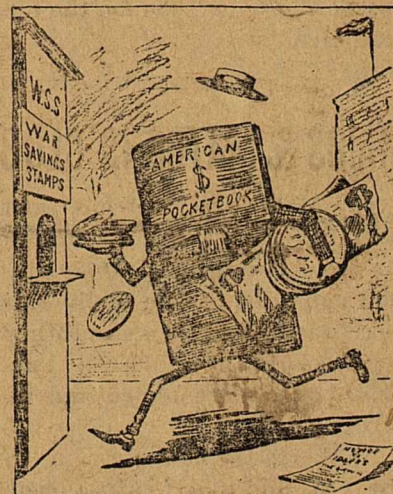

SOLDIERS PAY PLEDGE.

Seventy-six Texas boys have been killed in France. They gave their all. They paid the great pledge—they paid with their lives. You are pledged to pay in United States Government War Savings Stamps. They gave their all. It is up to you to lend all you can and pay that pledge and go your limit for more W.S.S.

W.S.S. WILL KILL THE HUN VULTURE

MAKE YOUR POCKETBOOK PATRIOTIC

Pay that pledge today. Show your mettle by investing your metal. Dollar mark your W.S.S. Pledge.

SHOW YOUR METTLE.

Show your mettle by putting your metal in United States Government War Savings Stamps. Dollar mark your W.S.S. Pledge. The price of victory is the price of these Treasury bonds. Dig down deep and dig up. Pay the Pledge, quickly.

T. W. Collier, of Rochester left Saturday for home, after a short stay here on his place near W. D. Winn. He informed us that he would load his household goods on the train and his family into the auto as soon as he reached home and hike for old Terry.

Mrs. O. B. Tanner and two daughters, who have been visiting their father Dr. S. C. Maddux of Gomez, left Saturday for their home in Denton, Texas.

Mr. Farley, Santa Fe inspector was here last week between trains.

Verge Hargett, of Seagraves, was a north bound passenger, Saturday. He was bound for Galveston on a vacation.

Henry French, of the Pride community, has accepted a position as bookkeeper and assistant cashier of the Brownfield State Bank.

Some of the train men got a taste of Terry melons last week, with some going even as far as the Harvey House at Slaton, and as a consequence, Jim Humphries got an order for fifty Sat. which he filled. J. T. Price will load out a car for different points this week.

We had a letter last week from Ben Hurst, who is looking after Ross Rentfro's cattle way up at Wootton, Col. He says: Don't get my mail but once a week, which causes me to be a little negligent, but enclosed is one and one half wheels to keep 'er commin'. This is a fine country to live; the days and nights are cool and pleasant, but it rains every day, and the lightning is something fierce. Best regards to all my friends in old Terry.

Ross Rentfro and family have moved back home from Wootton Col., that the children may be ready to enter school.

The Jim Burnett crop we reported last week that sold for \$500 sold this week to Post City parties for \$1200.00.

The new vault door for the Brownfield State Bank has arrived, and it is not only a piece of mechanical beauty, but is a solid piece of protection as well.

N. N. Ross and a friend of Post City, were here last week looking for grass. N. N. said that when he left here he thought he was leaving the best country in west Texas, and now he knows it.

There has been some complaint of cattlemen to the Herald man about the stock pens at this place, which are so undandy to reach. They say that a lane should be built to reach them from the east and west, as it is well nigh impossible to drive a herd of wild cattle through a town. Let this matter have the attention of the business men of the town, if they want this to be a good initial shipping point.

Mrs. W. C. Mathis left Sat. for Pampa, Texas, to visit her brothers Mat and Geo. McPherson, and to bring home her two oldest children in time for school opening.

Good showers fell over the most of Terry county Friday morning and night, amounting to one-half to two or three inches the Government gauge in Brown field registering a half inch. These showers will put the finishing touches to hundreds of bales of cotton, hundreds of tons of feed, and prime the grass for winter. Come to Terry.

We were recently in receipt of a document from Government Railway headquarters, saying there had come reports from over the country that railroad employees had become indifferent and discourteous since they became government employees. It made it plain to employees, that an increase in their wages of \$400,000 was made at the expense to the public, in the way of increased freight and express rates, which they are gladly paying, and the public sentiment alone is responsible for their good fortune, and they must ride aloft from any rupture with the public if they expected good to continue. We did not print this article for the reason that it did not apply to our vicinity as we have the good fortune to have an agent and a corps of helpers, that are not only courteous but accomodating as one could wish. Of course they are guarding the interest of their employers, but are not neglecting their customers.

Editor Robt. Downey made a swinging trip through the south plains one day last week, visiting the Tahoka oil fields, fraternized with Editor Haynes, of the News; on to Lamesa, where he played hands with Editor Smith, and after a real plains dinner on the ground at Arnett School house in Gaines county, Sunday he swung around through Brown field, and said:

"We passed through Brownfield and found it to be a clean and attractive little town of modern, cozy homes and substantial business houses, and no indication that a drouth has ever visited them."

Now bo! the next time you pass through Brownfield and fail to exchange inky whiffs with us, we are going to follow you home on the next train, and tear down your play house and throw it out the window. Do you get us?

GERMAN VIEW OF CHRISTIANITY

Frederich Wilhelm Nietzsche was one of the most noted of modern German philosophers. How much has his philosophy affected the views and character of the Germans of to day? Is not the answer written in the

blood of the women and children the old men of occupied France and Belgium? Are not the Lusitania victims witnesses to German adoption of Neitzche's faith? Here is his indictment of Christianity:

"With this I conclude, and pronounce my sentence: I condemn Christianity. To me it is the greatest of imaginable corruptions. The church is the great parasite; with its anemic rider of holiness it drains life of all its strength, its love and its hope. The denial of every reality. I call christianity the one great curse, the one great intrinsic depravity, the one great instinct of revenge, for which no expedient is sufficiently poisonous secret, underhand, to gain its ends. I call it the one immortal shame and blemish upon the human race."

MAIDS & MATRONS CLUB

The Maids and Matrons met Aug. 21, 1918, with Mrs. Milton Brown. Owing to the disorganized condition of the club this year, due to Red Cross and other war work, we were greatly surprised at the attendance and interest shown.

As this is the last meeting of the year and time was at a premium, all rules were waived and business transacted as follows: All membership vacancies filled.

Years work—Music and Modern Drama.

It was unanimously agreed to raise the membership limit to forty.

Following officers elected: Mrs. Miller, President; Mrs. Will Adams, Vice President; Mrs. Harden, Secretary; Mrs. Banowsky, Treasurer; Mrs. Stricklin, Press Reporter; Mrs. Randal, Parliamentarian; Miss Dora Daugherity, Auditor; Mrs. Will Alf Bell, Musical Director; Mrs. J. BUMPER CROPS REPORTED

Washington, Aug. 8.—Bumper crop of almost every foodstuff grown on the farm were indicated again to day in the department of agriculture's monthly crop report despite a falling off in the prospective production in practically all crops during July due to adverse conditions, principally hot and dry weather. In round figures the loss to farmers of this prospective production is roughly estimated at almost three quarters of a billion dollars more than \$450,000,000 in the

principal grain and food crops and \$250,000,000 in cotton.

UNCLE SAM SUPPLIES FILMS

One motion picture film is being supplied every two weeks by the United States Department of Agriculture for release in the Universal Screen Magazine. These films show in an interesting and educational manner some of the important lessons which the department is trying to teach. Films that have already been released show work of the pig clubs, road building, forest-fire prevention, poultry management, cattle and sheep grazing on the national forests, types of horses, cooperative berry growing in the Pacific Northwest, the Government's method of tree planting on the national forests, how the department regulates logging on the the national forests, and the work of the forest ranger.

I will write you and the good people of dear old Terry County a few lines as to how I like Army life. Well I think the training is simply fine.

You get kind treatment from all the officers. We have plenty to eat, it is good substantial food the best that money can buy and we are well satisfied with every thing.

Most all the boys like it with the exception of those high collared fellows, but they are learning to like it after drilling from 7 o'clock until 11 o'clock; I sure like to watch them drill. I like my Company Commander fine, he is nice to all the boys.

Well girls cheer up and don't take it so hard for we will return some day and bring the Kaiser back with us.

I will appreciate all letters from girl friends.

SOCIETY NOTES

The Presbyterian Ladies Aid Society entertained at the home of Mrs. John King, on Monday afternoon, from 3 to 6 o'clock in honor of Mrs. Ward of Roaring Springs, Texas, who is the guest of her sister Mrs. J. E. Shelton. Mrs. Shelton has as her guest for some time to come, her mother, Mrs. Lyle.

The Red Cross Chapter of our little town has been presented with a quilt that was pieced and which has names embroidered by the Aid Society of the Presbyterian church. There are 504 names on this quilt, among them are found Pres. Woodrow Wilson, General Pershing, Governor Hobby, etc. The Red Cross expects to help their fund by this gift in the near future.

Mr. and Mrs. W. H. Dallas and Miss Gertrude, were host and hostess to a delightful crowd of 12 couples, in honor of Mr. Clyde Lewis, on Monday evening, Aug. 26. Mr. Lewis was advised to "Do" and "Don't" by his friends, each one giving his advice both in serious and amusing way. A Buffet lunch of sandwiches, salad pickles, olives and watermelons were beautifully served in the dining room. We regret the departure of those so much loved and esteemed, but each expressed themselves as proud of our boys who are such loyal subjects of Uncle Sam.

A more wideawake and capable lady cannot be found than Mrs. J. E. Shelton, the President of Woman's Club of Brownfield. She is full of energy and in her tactful way, is building up the work and interest here. Let all the ladies, especially the mothers stand by her in her efforts.

Ah! folks, they want let you starve in old Terry.

A card from Wiley Bridges this week reported his wife much better. She now sleeps well, has a good appetite, and is getting stronger. He said they were pleased to have several calls from Terry county people the day before he wrote.

Three of our most beautiful little girls called on the Herald last Friday to see us print the paper. The little Misses Blanche and Genevieve Brothers and Othelle Rentfro. But the printing was not all they saw, for they tell it that they saw some real old type lice.

Born to Mr. and Mrs. Hugh Snodgrass, of Tokio, a boy on the 28th inst. Mrs. Snodgrass is at the Lubbock Sanatorium.

R. L. Farrar and family, of Maryneal, Texas, left Saturday after a few days visit here with relatives.

Mrs. Kate Everett, of McLean Texas, is here visiting her sister Mrs. C. L. Williams, and her parents, Mr. and Mrs. J. C. Bryant, of the Groves community.

J. W. Williams loaded three cars of cattle at Seagraves, Sat., for the Fort Worth market.

SHALL WE HAVE A FAIR?

We had a conversation with Manager W. D. Winn, of the Terry County Fair Association last week, and he asked us what we thought of a fair this year, and we told him we were rearing to go. He replied that he thought we could make a good showing this year, and all that he had talked with were heartily in favor of it and with good advertising a fair this year would do us untold good, toward the upbuilding of our matchless country.

Possibly it would not be wise to have the annual picnic in connection, which the Food Administration says is a waste of foods but all out of town people could bring their lunches or camping outfits, and a good place to camp and plenty of good grass for the teams or autos can be secured, or the town people can carry their out of town friends home with them.

What about a fair about the first of October, readers?

Miss. Nannie Nowlin, of Canyon Texas is here this week visiting her brother, J. W. Nowlin.

FOR SALE: Four room house in east part of town; good location; new house and barn. See Homer Ingle for particulars.

John Johnson, of the westside left Tuesday for Dallas, where he will enlist in the Navy. He was accompanied as far as Abilene by his brother, Lee. Good luck John, and try to dodge the subs.

Mrs. Stacey Scott, of Happy, Texas, who has been visiting relatives at Gomez, left Tuesday for her home.

In company with Agent J. M. Shields, the editor made an inspection of Jim Humphries crop Sunday afternoon. His maize most of it will soon be ready to harvest, will make near three quarter tons per acre, his feterita a ton per acre; he has some fine late corn, splendid young kaffir, sood sudan, and cotton that has forms enough to make a half bale per acre. And lest we forget, he has the prettiest melon patch we ever witnessed, and that was the main item with us—my! my! We might say that Mr. Humphries started to leave here last spring on account of drouth—in fact, he had his day set to leave—and the place he had picked out is absolutely burned up. He will make \$2000 clear cash this year, by remaining in old Terry.

Mrs. Edith Smith of Littlefield is visiting her parents, Mr. and Mrs. J. M. Shields.

Mrs. D. A. Ridgway, of Fort Worth, is here visiting her sister, Mrs. B. L. Thompson, of Tokio.

Mrs. Spencer and children of Lubbock, are here visiting their parents, Mr. and Mrs. J. L. Randal.

The Liberty Theatre gave the best show Saturday night they have ever put on here. It was a six reel feature, new and up-to-date, and we heard many compliments passed on it.

TOKIO.

(By School Boy.)

Rev. Cox and wife of Lubbock are holding a meeting here this week.

Mr. Hall and daughter, of New Mexico are visiting Mr Campbell and family a few days.

Mr. Logan and family have moved to their new home in the city.

Mr. Blanton from Ralls, was down this week hunting grass for his cattle, and was fortunate enough to find it. He says Terry looks good to him.

Mr. W. C. Smith, wife and babies; Mumford and wife and Mr. D. Y. Blanton, spent Sunday with B. L. Thompson. Mrs. Smith and children are spending the remainder of the week with Mrs. Thompson and Mrs. Scudday.

Miss Bertha Kersey returned home Friday. She had been visiting her brother in Shakerford county for two months.

Mrs. Woodard carried her little daughter, Elizebeth, to Lubbock Wednesday to underan operation. They returned home Thursday.

Mrs. D. A. Ridgway and grand son of Fort Worth, are visiting her daughter, Mrs. B. L. Thompson for a short time.

Mr. S. Johnson and Mrs. Morman were taken to Lubbock Friday where they will undergo an operation.

Mr. Joiner of Jones county was here last week to his farm where Mr. Floyd Campbell lives. He says things in this country certainly look good to him. "Terry is a dandy alright"

With sad but proud hearts we bid fare-well to three of our leading young men Monday. They were Floyd and Homer Johnson and Johny Fitzgerald. These young men are on their way to help Uncle Sam. Johny has lived here all his life and is thought highly of. The Johnson boys have not been here so long but every one of their acquaintances are friends and we are proud to furnish such clean young men to help whip the Kaiser.

Jim Stevens is here this week visiting friends and relatives. He expects to be in the army soon. Surely the Kaiser can't stand the pressure long.

LIBERTY LOAN INTEREST RATE

Secretary McAdoo has definitely announced that the Fourth Liberty Loan bonds will bear 4 1-2 per cent interest.

The Secretary has been insistent that the Government interest rate should be stabilized at 4 1-2 percent. He points out that a raise in the rate of interest of only one-fourth of 1 per cent on \$10,000,000,000 of Government bonds would mean an annual increase of \$25,000,000 in interest charges, and that this money would have to be raised by increased taxation and paid by the people of the country. It would not be paid by one class only because there is consumption as well as other kind of taxes and the consumption taxes reach every class of people.

"As an intelligent people," said Secretary McAdoo during the Third Liberty Loan campaign "we should now make a stand for the financing of our Government during the period of this war at a established rate of interest, say at 4 1-4 per cent per annum, so that all business and all investments may be adjusted to that basis and so that we our selves may portect our selves against succesively increased rates of interest an Government loans."

Neither our patriotism nor our support of the Liberty Loans are measured in fractions of per cent.

HOW TO SALUTE THE FLAG

There has at last been accorded the women of the United States an opportunity of showing their reverence and respect for the Stars and Stripes when the Star Spangled Banner is played or the unchased colors of our country pass in a parade or review. It is now proper and fitting for the women to stand at attention at such times. Where before they remained seated, they must now stand erect, heels together, knees straight without stiffness, hips level, chest thrown out, arms hanging naturally at the side, facing the music or colors, head and eyes directly to the front, with chin drawn in slightly. It is an opportunity that long ago should have been accorded the women of the country to

show their love for the Red, White and Blue.

Also it is worthy of calling the attention of the civilian of today to the fact that when the flag passes in parade or he passes a flag in army camp, or the Star Spangled Banner is played, he should remove his hat, holding it in his right hand and against the left shoulder until the music is completed or the the flag is passed. These things should practiced and remembered. It is a fitting tribute to our colors.

LEFT OVER

100 Sacks corn, 48 sacks oats, out of county relief feed, that I will now sell for cash. Corn \$2.00 per bushel, \$4.00 per sack; Oats \$5.25 per sack of five bushels each. See Dock Powell.

Mr. Overton, district manager of the West Texas Gin Co., with headquarters at Lubbock, was down this week looking over their property, and was well pleased with the progress being made on their splendid plant here. Everyone who has looked over their splendid plant here, unhesitatingly state that it is the best they have seen. This plant would cost \$18,000.00, if purchased now.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs. in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it!
