THE FIGHTING FOURTH

It is now given out that the fourth Liberty Loan will on Monday Sept. 30th, and has already been "dubed" by the authorities as "The Fighting Fourth," because all the other loans to our government have been in a nature of preparation of our men to lick the Kaiser, but now we have a fighting force in France that are going through the Hun lines like steel jackets through paste board, and our fourth loan is to keep them headed towards Berlin.

Ninety per cent of Terry county has been blessed with a good crop, that is going to bring them thousands of dollars, and these high prices we are going to realize, is partly due to the war. How are we going to meet the issue. Are we going to lay down

on the boys that are shedding their blood freely for our freedom; the boys that are making the supreme sacrifice? Or are we going to do our duty? The most that we can do will be a very tame sacrifice to theirs. Our notion is that those who fail to support these boys through stinginess, or tightwadness, are going to have a hard time explaining to the boys when they come marching triumphantly home.

Let us get ready to take all the bonds; let us make a real sacrifice of money, which is no sacrifice at all compared to the life blood of our dear boys.

Get ready for the "Fighting Fourth."

YES, TERRY WILL PULL A FAIR

There was a meeting of our representative citizens at the Court House Saturday afternoon at four o'clock, at which it was decided to hold a fair October 10 which is Thursday, and to make it the best that Terry ever had, and we can do it easily, by a little energy and a small amount of cash, that will not hurt any of us.

Uncle Billie Howard was elected the permanent chairman, and the usual committee was elected. The meeting adjourned to meet again Sat. Sept. 23rd and every one interested are requested to be present.

John King, Sec.

The above was handed us for publication, with the request that we give it a boost, but the secretary has given it all the

boost it needs, for that matter, as anyone with an atom of pride for their matchless county. The Herald is heart and soul with the fair, and has lots of paper and ink to use for it, and a little cash to pay premiums with.

Come to the Terry County Fair Oct. 10th.

Dalton Lewis, of Comanche county is here this week visiting his parents, Mr. and Mrs. R. R. Louis.

Dick Powell got a letter from C. C. Barnes of Tahoka, Texas, this week, the man that is advertising to thresh maize here this fall, saying that he could thresh and shread the stalk at the same time, so that the stalks could be baled. Every little bit of feed will bring money this year, and the farmers of Terry are going to save it.

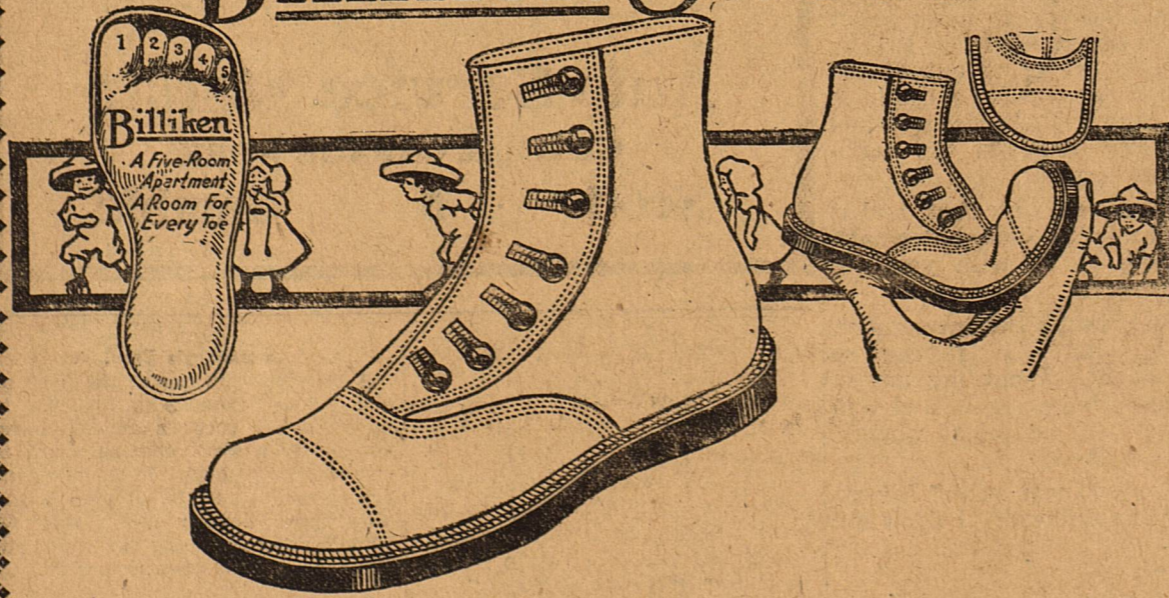

BIG CHIEF LEARNS ENGLISH

When "Big Chief" Henry Wolf went into the army from his Cherokee reservation in Delaware county, Oklahoma, he did not know a word of English. That was last March. Now he carries on a fair sized conversation with his pale face brothers in khaki, for he has been studying English in one of the Army Y. M. C. A. classes.

The Indian is handy with the gloves. He gets into a Y. M. C. A. prize ring down in Camp Beauregard every once in a while and cleans up two or three opponents of an evening.

Billiken Shoes

The Best Shoes for Children

No Cramped Toes---the Little Feet Can Grow as Nature Intended

A NEW idea? Most assuredly so. You've heard and read about "new idea" shoes—but here is one that is built upon scientific lines—that actually does all that it claims to do.

You know, as well as we, that the foot of a growing child should have a shoe of the right shape. But has it ever occurred to you that the weight and general construction of a shoe is as important?

BILLIKIN SHOES are not made to remedy foot ills—they PREVENT them. And "an ounce of prevention is worth a pound of cure" in any market. Consider these important points:

BILLIKIN SHOES are as flexible as hand turned sole. They are as durable as a welt--and as comfortable as a stocking. They make no noise---but give adequate protection to the tender foot of the child, and permit of normal development.

We are enthusiastic over BILLIKIN SHOES because we know how good they are; and we have acquired the exclusive agency, so that every father and mother may know their real worth. They're the right kind of shoe for all kinds of wear, and there are enough style variations to satisfy every need. Just as good shoes for men and women.

INVESTMENT PAYS LARGE DIVIDENDS

"What are you grinning about, Bill?" asked Sam, as the two friends met in front of the postoffice. "Did you find an oil well out in your field, or did a rich uncle die and leave you a million or so? Why all the happiness?"

"I've just gotten news that an investment I made turned out fine," enthusiastically replied Bill, "and I am as happy as an elected candidate. Wouldn't you be feeling pretty good if you had gotten that kind of news?"

"What kind of an investment was it?" Sam wanted to know. "Land? Cotton?"

"Not exactly," Bill said. "Didn't you read the paper?"

"Yes," but I didn't see anything about investments," declared Sam.

"Well, didn't you read the war news?" asked Bill. "Didn't you see the great news about the Americans and the French knocking the spots out of the German lines? You must have seen that list of prisoners and guns captured and the territory we gained."

"Oh, sure I saw that, and it looked mighty good, but what's that got to do with your investment?"

"Why, that's the investment. That's what I'm feeling so good about. I put my money in those boys, Sam, and I'm getting my money's worth," Bill replied.

"What do you mean? Invested in our soldiers? I don't get the point," said Sam, looking puzzled.

"Of course you see it," answered Bill. "I invested in our boys by lending my money to the Government. I bought War Savings Stamps, put a wad of the money my cotton and peanuts brought me in them. I paid my W.S.S. Pledge and the Government put it in bayonets, rifles, cartridges and food and told those old huskies over there to do the rest. They are doing it mighty well, too. Those Germans are running over themselves to keep out of

"I'm with you," declared Sam, fingering his pocketbook.

Not a Business Child.

Uncle Elijah, with his eight-year-old, was soliciting alms, and with poor results. He had just been refused by a well-dressed lady, who explained that she had no change. "Don't yo' mind dat, ma'am," said Elijah; "jist give de bill to de chille heah an' she'll bring de change. She won't run away with it, lady. Pore chille, she ain't got no sense!"—Harper's Magazine.

A Canary's Ears.

A canary's ears are at the back of and a little below its eyes. There is no outer ear such as animals have, but simply a small opening which is covered by feathers. It is quite surprising that birds should possess the very acute hearing which they do while lacking the fleshy flap which enables the animals to catch sounds.

The Good Old Ways.

Synthesis is said to have produced a potato. May be all right, but we'd as soon take a chance on the well-known methods of the ten-acre lot and the garden patch.—Buffalo Times.

The Baptist meeting closed here last Sunday night. Good crowds throughout, and the meeting added several new members, three of them by baptism.

TO FINANCE MOVEMENT OF CROPS

The War Finance Corporation of the Treasury Department, supplementing the work of the Federal Reserve banks in rediscounting commercial paper, will make advances under section 7 of the act creating the corporation to banks to assist them in financing the moving of this year crop. Advances to both member and non member banks are contemplated in the plan.

The fiscal agents of the corporation for this financing are the Federal Reserve banks of Richmond, Atlanta, St. Louis, Minneapolis, Kansas City, Dallas, and San Francisco.

The advances are limited to 75

per cent of the amount of the loan made by the banks for the crop movement or 100 per cent in case a bank itself furnishes sufficient additional collateral security.

In as much as the advances are to be for crop moving purposes only, these loans will be limited to four months. The rate of interest will be 5 per cent. Full information can be secured from the Federal Reserve banks.

Chas. S. Lofton who has been editing the Randall County News since the enlistment of the former editor in the Y. M. C. A. work has resigned his position with the paper and has accepted a position as teacher of the manual training department in the Lubbock High School.—Lubbock Avalanche.

The War Industries Board has decreed that there shall be no new newspapers started for the duration of the war. This will be a blow for the towns that starve out their papers, for after the paper is gone the town will realize how impossible it is for a town with any enterprise to get along without a newspaper. The government says that there shall not be any new papers started. You never miss the water till the windmill freezes in the winter time.—Slaton Slatonite.

The daily papers have been enjoying themselves lately at what they feel like is at the expense of the country weekly, who will have to cut off the dead-heads. As for the Herald, it has been practically complying with this new law for the past two or three years and none of our readers are over three months behind now, and ninety percent of them are in advance. But the Herald lost hundreds of dollars by subscribers getting behind and ordering the paper stopped, before it learned some business principles, yet we believe the new law will hurt the 25c monthlies that have built up big bogus subscriptions for advertising purposes, most.

We understand that Dr. Thurman has left Post City, for war service, and that Dr. Summit, of Plains is moving to Post City to take his place. This leaves Plains without a physician again.

PARISIANS ENJOY BASEBALL

The Frenchman plays no favorite in his applause at the Paris Baseball League games conducted under the Auspices at the American Y. M. C. A. If the short stop makes a good play he applauds. If a moment later he lets an easy pickup roll through his legs, the Parisian applauds just the same. It's all the same to him, but he likes the game as he does everything else American.

THE 18TH DIVISION

Plans for the organization of the 18th Division at Camp Travis are rapidly taking shape. The 19th and 35th Infantry regiments of the regular Army are already in camp and will form the nucleus on which the new division will be formed. These regiments of men already trained will furnish a number of non commissioned officers for each of the new companies to be formed. A number of privates will be transferred to the organizations also, and in this manner it is thought the new division will be more quickly trained than it could be any other way. With experienced men from Captain to privates in each company, the new recruits should be able to catch military matters in a hurry.

Special orders have been issued that new men be subjected to no strenuous drill at first. The man of sedentary occupation especially is to be kept in mind, and the hardening process is to be gradual. As it is now the recruits do most of their drilling in the cool of the morning, starting about sun-up, while the afternoon is given mostly to lectures, signal practice and games.

No man is going to be worked beyond his strength, every man is going to have abundant good food, and every reasonable pleasure and recreation, but military training will be the first thing

TO FIND YOUR BOY

If the relatives of a soldier or sailor abroad have received no word from him for an unreasonable length of time and desire to enquire as to his welfare; or if they have received word that he has been wounded and desire to receive additional information, or if they have been notified of his death and desire to receive additional information, they should write to the Bureau of Communication American Red Cross, Washington D. C., or Red Triangle League, 603 A. O. U. W. Bldg., Little Rock, Ark., giving the full name of the soldier, his rank when last heard from, his serial number, the name of his unit, his age and the date when he entered the service. By giving this information in full, it will be much easier to find the record of the soldier to also make certain that they have the right man and not some one with a similiar name. It is well for relatives to make certain that they have the correct serial or identification tag number of the soldier to avoid all uncertainty.

letter reviewed by Private Alfred Cicchese of Company 37, 165 Depot Brigade, Camp Travis, San Antonio, Texas, from his brother Lieutenant Nicola Cicchese of the Italian army. Lieut. Cicchese writes:

"My brave brothers in arms, shoulder to shoulder to those of the great and free nation of America, will triumph over our barbarous and cruel oppressors. That victory is certain I can assure you, due to our resources, our unconquerable arms, our indomitable and valorous soldiers who, arm in arm with our brave brothers from America, are fighting like demons. Thus with pride and gratitude do I extend to the American people the thanks of a nation, the heartfelt welcome of a soldier and an allied as brothers in arms.

He said there was a lot of work to do yet, before the gin was completed, but lots of it could be done after they begin ginning.

FEED SHIPMENT AT HALF RATE

In conversation with J. M. Shields this week he informed us that their was a half rate on now for all ranchmen and farmers that actually had to feed their stock this winter, which applies to all cottonseed products such as meal, cake and hulls, velvet beans, bean meal and hay.

This applies to car lots, and to actual bona fide feeders. One can order his feed shipped, if he has not already applied for the reduced rate, and at the same time apply for the certificate from our district agent Mr. Carroll Thymson, at Lubbock, and when your shipment comes in, turn your certificate over to your local agent, and he will give you the half rate, but it is better to apply in advance. This is done through the Ex. Dept. of the A. & M. College, in cooperation with the department of Agriculture.

Mr. Shields said he wanted us to give this space in the Herald so that our stockmen could take advantage of it, and he believes that two or more feeders can go in on the same car, but to let it come in one name.

IT COSTS only 10c to get your groceries brought up when you phone Magnolia.

Homer Scott returned last week from a business trip to Amarillo.

Judge W. W. Price informed us this week that the five counties of Lubbock, Lynn, Terry, Crosby and Garaza, would hold their institutes together again this year and they would expect some of the best educators in the State to be present and address them.

W. E. Smith, of Yoakum county loaded three cars of calves and one car of fat cows at Seagraves, yesterday, for shipment to the fat stock market at Kansas City.

Mrs. B. Everett left yesterday for her home in McLean, after an extended visit here with relatives. Mrs. Everett informed us that she hoped to live in old Terry again some day.

H. T. Prior, of Plainview, N. M. brought his daughter, Miss Ruth was over yesterday, and she boarded the train for Petrolia, Texas, where her uncle and aunt live, to enter school. Mr. Prior informed us that their home school carried them no higher than the eighth grade. He also said they recently had good rains and things are looking good.

Messrs J. B. Howington, General Lawrence and Jack Hunter, of Coleman county, are here this week prospecting, and visiting their brother and brother-in-law, Enoch Hunter and family. They said they got hold of a Herald, and found there was good crops here, and took the next train for old Terry.

Elder Liff Sanders, of Lubbock will be here Friday night before the 5th Sunday, and will preach at the Church of Christ over Sunday. Everybody invited.

Dr. M. H. Brannen and wife returned Wed. Mrs. Brannen had been visiting in Central Texas for some time, and the doctor had been attending the dental association at Lubbock. Doctor Brannon reports that he heard some fine talks at Lubbock, and that the West Texas Dental As-

NOTICE

To those that received Drouth Relief through the Commissioners Court of Terry County.

Terry County has been blessed with with more than an average crop, which was made possible by the help you received from the State. It will soon be pay day for the County to the State for this loan, and it will also be pay day for you to the county. The Commissioners Court is expecting that every man redeems his obligation to the county with the first funds that you receive from the proceeds of your crop.

We do not want to carry this obligation over another year it is our plans to pay back every cent of this loan this fall, and to do it every man must pay his account.

This is a friendly reminder to you from the Commissioners Court.

Very Respt.

W. W. Price,
County Judge.

Now when the wind has gone on a vacation is a fine time to do that printing you have been neglecting so long; our stock is complete and the best paints on the American Market, and prices are

inclined to be higher next year. Paint now. R. H. Kemp Lumber Company.

Jay McPhaul and Bob Holgate shipped three cars of yearlings from here yesterday to their ranch at Magdalena, N. M. Bob went with them and will be out there about two weeks.

FOR SALE: 1050 head of sheep, choice herd. Gibson & Sorrels, Tahoka, Texas.

Chas. Acker brought in three peaches this week, of a September seedling variety, that weighed five and one third ounces each. They tasted as good as they look too. Thanks.

Its money in your pocket when you buy from us, our stock is complete and we give service, not promises. R. H. Kemp Lumber Company.

NOTICE TO CUSTOMERS. The Herald has quite a large amount of money owing it for ads and stationery that we must collect. In the first place, our capital will not permit a credit business, and as 75 percent of our products represent labor, and no man can sell his labor on credit and get by these war times. So don't order stuff with the expectation of us carrying it over 30 days. We have to pay our paper jobbers and grocery bills every 30 days and must expect the same of customers.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly . . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three . . . I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children . . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.
