#### TERRY COUNTY FAIR.

With the exception of 1917, Terry County has put on a fair for the past ten years, therefore the fair of last week, should be styled the 9th annual fair, and in conversation, and direct questioning of old timers that have seen all of them, as well as the editor, agree that the 1918 fair had the advantages in many ways, especially in the point of display, quantity, attendance, etc.

There was a crowd here estimated at between 1000 a and 1200 people, and whether they were farmers, ranchmen, town or visitors, they were with one accord in agreement, that it was a premier day for old Terry county, and that if Terry ever had on Sunday clothes, she has them right now.

Besides the fair, the Liberty Loan Association took occasion

of the crowd, and pushed up the Terry quota that day to a little over \$10000.00 and the Red Cross with its splendid lunches, drinks auction, etc., added to its fund in the sum of \$125.00. Some of the side attraction consisted of a race between a Taboka jitney and the harness horse belonging to A. Turner the former coming out a little ahead. There was some good broncho busting.

The day was finished at evening by a Sing Song, that attracted a good crowd, despite the talk of Influenza. This feature being free to all, and under the auspices of the Red Cross, in the old Queen Theatre, which has been turned over to them by Mr. M. V. Brownfield, for the duration of the war.

The following are the prizes awarded, which were given in Thrift Stamps, of which there

were near a \$100.00 worth distributed.

Wm. Howard got a blue on kershaws blue on white maize, red on ear corn, red on sorghum, blue on bundle corn, blue on cotton, and red on white maize.

Mr. Headstream got a red on white maize.

J. C. Lewis got a blue on kaffir, red on bundle corn, blue on seed ed ribbon cane and a red on peanuts

Thelmer and Loyd Brooks took the red on red maize, blue on feterita, and blue on water-melons. These successful young farmers are fifteen and twelve years old respectively.

J. T. Whitley took the blue on red maize.

Green & Foster took the blue on Hegeri.

W. D. King took red on squash red on hegeri, red on feterita

and blue on red maize.

Chas. Acker took blue on sudan grass, red on feterita and blue on radishes.

G. B. Swan took a red ribbon on sudan.

W. B. Downing took a red ribbon on red maize.

R. A. Crews took a red ribbon on bundle kaffir.

J. S. Corning took a blue ribbon on kaffir, and a red ribbon on white kaffir.

W. D. Winn took a red ribbon on bundle kaffir, blue on bundle hegeri, and a red on cotton.

G. G. Gore took a red on feterita.

A. M. Crews a red on bundle hegeri.

F. W. Proctor took blue on broom corn and tomatoes.

A. B. Bynum took the red on broom corn and blue on turnips.

J. A. Parks took blue on yam-

taters.

Jno. B. King took blue on pepper, and a blue on the best general display. This individual exhibit shows what can be done on two or three ordinary town lots.

C. L. Brown got the blue on beets.

O. T. Halley got the blue on peanuts and New guinea butter beans. This last is a new plant to this country, is about four feet long, shaped like a gourd, and many people think that is what it is, but Halley maintains otherwise, and says it is to be cooked and eaten like egg plant. One vine will produce enough food for an ordinary family.

Mrs. M. D. Williams, blue on apples.

J. L. Randal, blue on peaches.

Gus. Randolph, blue on squash.

(Concluded on last page.)

CITY BARBER SHOP

### SPANISH INFLUENZA FOILED AT TRAVIS

CAMP TRAVIS, Texas, October Because epidemic influenza has appeared in Camp Travis, "the folks back home" need not worry for fear their boys in this camp are needlessly exposed to dangers or can lack for care. Every precaution is taken to isolate influenza cases the instant they develop, and those who have been taken ill are receiving even better care than they could get at home for they are in care of the best specialists the government can secure.

Two things have contributed materially to the remarkable success of the fight on influenza at Camp Travis. In the first place, Camp Travis is one of the most sanitary camps in the entire United States; and sanitation is the first prerequisite in war on disease. In the second place, forewarned by experiences of the eastern arm camps and knowing that the appearance of the epidemic here was inevitable the camp officials forearmed themselves for the time when they would be called upon to face the music. Days before a single case of Spanish Influenza had appeared, this cantonment was ready for it. A warning had been sounded to every soldier in camp to keep himself in the best possible physical condition, clean inside and out, with special attention to the nostrils. Everyone was made acquainted with the nature of the disease, how it is spread and how best to combat it. At the same time the mammoth base hospital at Camp Travis was being made ready and all kinds of supplies, nurses and other attendants mobilized.

When the epidemic struck, they jumped on to it with both feet, so to speak, and as a result, while deaths from the disease were occurring by the hundreds in the east, not a fatality was recorded at Camp Travis during the first week of the fight and pneumonia developments have been held at a minimum.

### METHODIST DISTRICT CONFERENCE

The time is drawing rapidly near for the opening session of the Northwest Texas Annual Conference which is composed of the entire Panhandle and South Plains and extends east to the east line of Wilbarger, Throckmorton, Callahan and Shackelford counties and the tier of counties on the Texas and Pacific railroad West to Midland county, and there will be a large delegation in attendance upon this conference, and they are coming as guests of the City of Lubbock. Not only as guests of the Methodist church, but the entire town will have to open their homes to them if they are entertained as they should be, and when we say that we do not mean that they will expect elaborate entertainment. It has been our privilege during our life to attend a number of meetings of this kind, and each time the entertainment has been good just home like, and that is all these delegates will expect.

Therefore we hope that the people of Lubbock will see to it that their homes are open to the entertainment of these preachers and delegates.

True, conditions have arisen since the conference was invited to our city that has brought about great changes, but we have invited these people to this city, and we are honorbound to entertain them the very best we can under the circumstances and they everyone know the war is on, and will not expect their entertainment to be even as elaborate as it might be under different conditions.—Lubbock Avalanche

WE are overstocked on 3x10 cedar corral posts and are making a very attractive price on them till they are moved. Don't let the other fellow get ahead of you. R. H. KEMP LUMBER COMPANY

### VISITS DROUGHT SECTIONS

Secretary Houston has gone to drought-stricken sections of the county to confer with field representatives of the Department of Agriculture in regard to making loans to farmers from the special fund of \$5,000,000 set aside for that purpose. Pro. G. I. Christie and Mr. L. M. Estabrook, assistants to the Secretary, are supervising the work in the Northwest and Southwest, respectively.

J. M. Shields, Santa Fe station agent informed us this week that the Santa Fe, Railroad had not gone over the top as usual so easily this time, from the fact that lots of the employees were like him, buying part of their bonds in the towns where they lived, in order to help out the home towns, instead of buying all of them through the company as heretofore. He says he figures that if he want any accommodations, it will have to come through his home bank, his home merchants, or his fellow townsmen, and that they in turn deserve his support in raising their bond quotas.

The Herald is now going to Thos. E. Brooks, Bain Price, and Lawrence Green, across the big waves, and to Arnett Bynum, with the U. S. S. Richmond, now located at Norfolk, Va. The boys say they can get papers from home better than they can get letters, and if you want to send the Herald to anyone in the service, it will cost you no more than if he were at home.

# HERALD 1.50

## WILL YOU HELP OUR BOYS ABROAD?

Every Man, Woman and Child Can Join to Send News of This Town into the Front Line Trenches.

## WHOLE NATION MOVES TO BANISH SOLITUDE

Our Heroes Are Calling From Over There—Give What You Can to Help Those From Home.

Every citizen interested in the boys of his home town now at the front, and in the brave women who equally are serving their country abroad, has an opportunity to show his appreciation of the sacrifice they are making. The opportunity comes as a result of the generosity and thought of Colonel William Boyce Thompson of New York, who has conceived and put into execution what is known as the Home Paper Service.

Under the plan, every man and woman in foreign service will receive the town newspaper, and so be kept in constant touch with the places and the people they know and love.

Every branch of the United States Government is interested in the plan. The Government realizes the importance of keeping those in the service happy and constantly in touch with their home ties and associations. Nothing is more depressing in a national emergency than the spirit of loneliness in those serving their country, and officials know that nothing can dispel this feeling more effectually than reading the home town newspaper.

Publishers of newspapers in all parts of the country—this newspaper included—have grasped with pleasure the plan outlined by Colonel Thompson, and they have agreed to co-operate in every way.

Under the ruling of the War Industries Board newspaper publishers are forbidden to send their newspapers free, even to soldiers. The newspaper must be subscribed for in the regular way, the only exception being soldiers who formerly were in the employ of the newspaper and who left that service to enlist. Colonel Thompson therefore proposes that the public in each community contribute to a fund so that the home newspaper (in our case this newspaper) may reach every man and woman now in the service of his country.

Anyone may contribute to the fund, and any sum may be contributed. It is not necessary to contribute the entire amount of one subscription. It does not matter whether the rich man sends in one hundred dollars or the poor boy or little girl sends in five cents. Each gift will be a message of love and helpfulness to the home town folks "Over There." The money will be lumped into one fund, out of which subscriptions will be entered as fast as the money is received.

Contributors who send in the full price of a year's subscription may, if they wish, designate to what particular person they wish the newspaper sent, but if the name given is already listed as receiving the paper, then the publisher reserves the right to apply the subscription to some less fortunate soldier boy or noble woman who is just as lonely for news of home and home folks.

The name of every contributor to this home paper service will be published in this newspaper, and the name of everyone entered for a subscription will be published as well as the number of those remaining whose subscriptions have not been covered.

If the amount of money received shall be more than is necessary to send the paper to every person from the town now in the service, then the balance will be turned over to the Red Cross.

The plan is endorsed by the publisher of this newspaper without any thought of profit, either directly or indirectly, but with a sincere desire to help keep the home fires burning and to send to our heroes and heroines news of our town, to keep their hearts warm for us and to let them know they are constantly in our minds.

The publisher, of course, cannot make a profit on circulation, and additional circulation such as this will be—circulation from non-purchasers sent far across the sea—can have no added value to the advertiser.

These facts are stated so that every contributor may feel that every cent contributed goes to the good cause.

The mothers of our boys are facing an ordeal with a bravery that commands respect and admiration. Here and there where tiny stars are turned

from blue to gold, where anguish grips the heart, the nation stands in silence and honors the women who have given of their blood, the very bone of their bone, to their country. To them, home has lost its meaning—the soul of it has fled—there is no home, it is just a place, and no place is quite so lonely, unless it be within the hearts of those brave sons in far off France who long for just a word of home. There cannot be a man, there cannot be a woman, no, not even a child, who will fall to contribute just a little to make the hearts of these patriots lighter. Not one. Not in our town.

## \$900,000 MORE IS GIVEN TO NEAR EAST RELIEF

The War Council of the American Red Cross announces the appropriation of an additional \$900,000 for relief work in the Near East, through the American Committee for Armenian and Syrian Relief. This appropriation is to cover relief work for the remainder of the war and makes a total of \$1,800,000 which the Red Cross has appropriated in Western Asia.

The committee is carrying on relief work not only in Asia Minor and portions of Armenia and Syria in the Ottoman empire, but also in a large section of Armenia, Russian Caucasus, Persia and Mesopotamia and portions of Egypt into which the refugees have fled in large numbers.

## THE ROAD TO BERLIN.

The road to Berlin begins in America—in Texas, don't forget that. The first line of defense is right here. In the measure that War Savings Stamps are purchased, in just that measure will the soldiers on the battle line in France be supplied with the things necessary to win victory. March down the road to Berlin today, walk along it tomorrow and keep treading it by investing in United States Government War Savings Stamps. Pay that pledge and pledge W.S.S. again.

When Watch Resembled an Apple. Although some of the early watches were very small in circumference, they were thick and the front and back fairly bulged so that they were more the shape of an apple than a cookie, which they really resemble today. The waterlike watch is an invention of very recent times and the process of thinning it is even now going on. The obvious advantage of the thin watch is that it can be placed in the belt or pocket without making a bulge. If watches had always been worn round the necks they might still be spherical rather than disklike in shape.

## WHAT THE NEWS PAPERS FACE

The seriousness of the paper situation is emphasized anew by the action of Thomas B. Donnelly chief of the pulp and paper section of the War Industries Board, in requesting the publishers of the Huntington Evening Journal of Huntington, West Virginia, to discontinue publication until after the war.

The Journal was established on June 3, 1918, by the Herald Dispatch, a morning paper in Huntington, and technically had a right to continue publication under the ruling of the board. The formal order against the establishment of new newspapers during the war was issued on Aug. 24, although the publishers associations of the country had decided in favor of such a policy prior to that. The order therefore could not apply to a paper already in operation nearly two months. But Mr. Donnelly pointed out that if it was possible to do so it would be in the interest of both the public and the newspapers of the country for the Journal to suspend publication.

The publishers of the Journal announced that they will comply with the request of the War Industrial Board. This announcement discloses at once the patriotism of the publisher and the seriousness of the situation. If they did not recognize how imperative it is to conserve all the

paper possible it is not to be imagined would comply with the Board's request under all the circumstances.

The example of the publishers of the Journal is worthy of emulation by the others who have not their ground for defense. We refer to those isolated instances of new publications who have appeared since the order of the War Industrial Board was issued. But side from this, it should serve to bring home to the public anew the many difficulties under which the newspapers are being produced during the war. The newspapers are a very necessary arm of the Nation in a time like this. Indeed they are more necessary than almost any other industry, but those that supply the Army and Navy directly. They are performing their tasks under extraordinary conditions and are facing difficulties which threaten to destroy many of them.

In the face of this they are complaining. But it is very desirable that the public should understand the situation thoroughly.—Star-Telegram.

## NO SAVY KAMERAD

J. W. Hoopes Executive Manager of the Liberty Loan Campaign smiled when he heard of the German Peace offensive and said: "So the Central Powers are calling Kamerad." I was reading the other day of an incident in which the German played this favorite trick and then killed a number of Americans with concealed hand grenades. I spoke of the matter to a recently returned officer who said "Such incidents are quite common so common in fact that our reply to this sort of thing now is Kamerad—Hell!" The German Government is trying this old on the people of this District and would like to see the people refrain from buying Liberty Bond.

Reports show that confusion amounting almost to panic exists behind the German line, and time is needed for reorganization.

Of course the German are calling Kamerad. When the United States Government tells us that is that Germany is beaten and has called Kamerad for the last time we will release our efforts but not until then.

Clayton.

Federal Reserve Bank.

According to the Onley Enterprise, an Archer County candidate in the recent primary required by law to file his expense account submitted this: "I lost six months and ten days canvassing; lost 1,000 hours of sleep worrying over the result of the election; lost fully twenty pounds of flesh; kissed 500 babies; kindled 100 kitchen fires; put up 10 stoves cut 14 cords of wood; carried 50 buckets of water; pulled 400 bundles of fodder; walked 1,100 miles, shook 20,000 hands, and talked enough to fill a year's issue of the Congressional Record; was baptised four times; and made love to nine grass widows; got dog bit fourteen times and then got defeated."

Paris, September 30.—General Pershing has designated the American Red Cross as the only relief society authorized to undertake the work of locating and administering to the American wounded in hospitals in France. This order followed receipt of application from militarized civilians asking such permission. The order is designed to centralize activities of relief organizations overseas.

### BIRNEY B. BROWN, DEAD.

The Herald mentioned the fact last week, that J. O. Brown had received a wire that his son, Birney, was low with influenza and pneumonia at Camp Dix, N. J., and on the 9th of October, he had another wire from Birney's Captain, that he had passed away, and would be shipped home.

Birney B. Brown, son of Mr. and Mrs. J. O. Brown, of this city, was born Oct. 4th, 1891, at Van Alstyne, Grayson County, Texas, but latter the family moved to Coleman, Texas, where he was educated. He married and came with his parents and another brother to Terry county, thinking the climate would help his wife, but with all the care and attention he could give her, she had to finally be placed in a Dallas Sanitarium, where she died, just a month ago, being in the care of her people. In the meantime, Birney's country was needing his services, and he claimed no exemptions, and was called to Camp Cody, N. M., to gether with several other Terry county boys, May 27th, and formed part of the famous Sand Storm Division. About a month ago, the Division was sent to Camp Dix, N. J., to get ready for transportation to France, but he contracted the disease that ended the life of another Terry county hero. Birney was formerly a member of the Woodman lodge, but we understand that he had let his policy lapse.

Funeral services were conducted from the family residence, by Rev. J. B. Vinson, after which the hearse of the Lubbock Undertaking Co., conveyed his body to the Odd Fellow Cemetery, preceded by a troupe of Boy Scouts, bearing Old Glory, and followed by a long line of autos and buggies, bearing sorrowing relatives and friends.

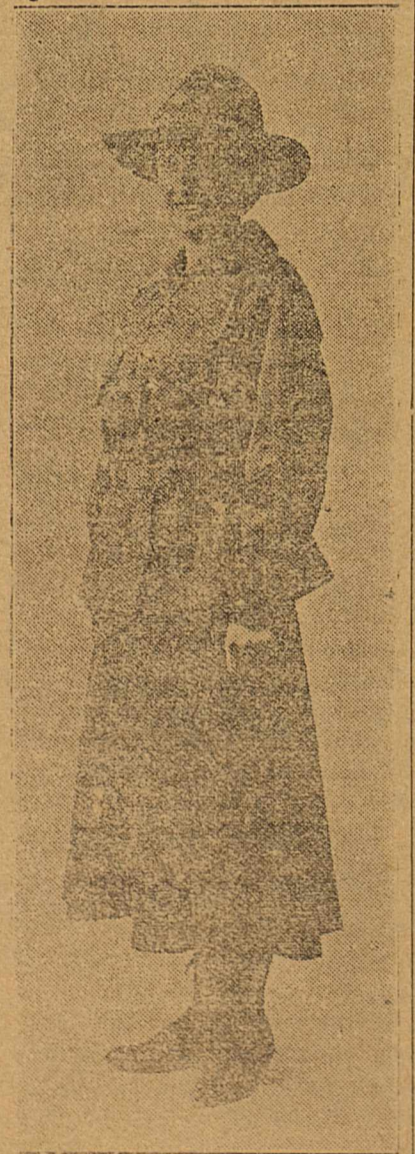

His body was given back to earth, but encased in a vault of National colors, and while the clouds were hiding all that remains mortal of this splendid young man, a choir sang several of those sweet but assuring old songs, that gives us a glorious hope beyond the tomb. When the fresh earth was rounded up, the Boy Scouts formed on each side of the grave, and J. E. Shelton blew that soul inspiring, but mournful "U. S. Army Taps" on the cornet, after which, a short prayer was offered by Rev. Vinson.

Among the relatives attending the funeral from a distance, were: Mr. and Mrs. W. E. Moses and children, from Houston, Texas, a sister of the deceased; Mr. and Mrs. T. G. Price and little daughter, of Houston, another sister; N. E. Brown and son, of Coleman, and L. L. Brown, of

Caddo, Okla., brothers of the deceased.

May God in his infinite mercy comfort this old couple who have given up their baby boy, as well as his sorrowing brothers and sisters and friends.

The Commissioners Court ordered another windmill erected on the southwest corner of the square, recently, and the Cicero Smith, Lumber Co., got the contract, and are erecting a fourteen foot Dempster mill, on a thirty-eight feet tower. A. M. McBurnett, Bob Orchard, and Mr. Eastman, are erecting it. We understand that the Commissioners a little latter will erect a permanent concrete water tank of large capacity, some where near the half way ground of the two mills, in which all the water will be turned.

A SALVATION ARMY WAR SERVICE WOMAN

ropes. The boys certainly like these little delicacies. The special feature of our work that they never cease talking about is the cooking of the doughnuts and pies. Often boys and officers will give orders for pies and doughnuts weeks in advance.

When the cooking time comes the officers have to line up with the rest of the boys. We have insisted that in the matter of these little luxuries the officers have no claim superior to that of the ordinary soldier. This has come to be understood, and they seem perfectly willing to take their places in the line.

When the pie and doughnut wagons are attacked the boys sally forth to defend them with such energy that the enemy no doubt imagines they contain something very precious from a military point of

view—as, for instance, a very deadly form of ammunition. The cable has already reported the enemy attack on one of our lorries which was carrying delicacies for the boys. The enemy used up a great deal of ammunition on this convoy, and although they succeeded in demolishing those particular pies and doughnuts, reinforcements were speedily at hand from pie and doughnut reserves which the Salvation Army women are ceaselessly turning out in the huts a little way back.

We have to take living conditions pretty much as we find them. Usually the camps have been made either in or very near a village and most of the girls have been able to find billets with a family where things are made fairly comfortable for them. This arrangement may necessitate a considerable walk every night and morning to their stations, but no woman is accepted for service abroad with the Salvation Army who is not strong and healthy and able to play her part under adverse conditions and to endure a great many hardships.

The men find billets in attics, stables, haylofts and cellars and sometimes they are so tired that they are glad to roll themselves in their blankets and sleep on the ground. In the spring, summer and autumn days, when it is fair, this is not at all a disagreeable thing to do, but in the wet and cold winter there is not a little suffering. In some cases the men, especially the officers, when the business of the day is over, make some sort of rough bed in the corner of the hut—sometimes with just a curtain around it—and there both sleep and eat.

It is quite impossible to describe the inferno over there. Just before I left a giant shell from a German gun plumped itself down into the dirt within forty feet of a Salvation Army hut in which were Captain Andrews and some assistants. Had the shell exploded the hut and its occupants would have been blown to atoms, but although it ploughed twelve feet into the ground it did not go off.

There are so many soldiers over there now that the present force of workers, including those of the Young Men's Christian Association, the Knights of Columbus, the Jewish Welfare Association and the Salvation Army, might be multiplied a dozen times without covering the present field fully, and yet our people are providing recreation, consolation, comfort and the power of a vital religion to many thousands of boys each week. The opportunity is so great that it is almost discouraging that we are able to meet it so incompletely, but the situation has infused a great energy into all our people and they are exerting themselves to the utmost.

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

They are calling to YOU from "Over There" GIVE WHAT YOU CAN

OVER THE TOP.

Terry County had raised but a little over \$10000.00 on its quota till Wed., when Judge Price, received a telegram from Governo Hoopes, of the Federal Reserve Bank, at Dallas, who said that he expected Terry county to go over the top with out any excuses.

Accordingly, all places of business were closed early in the afternoon, Wed., and every available man and boy worked the entire county in the interest of liberty bonds, and while most of them taken were of small denomination, such as \$50. and \$100, the farmers responded almost to the man, and old Terry went safely over.

A list of the subscribers, and the amount will be given in the

next issue of the Herald.

This is Terry's answer to the Hun peace proposals.

Judge W. R. Spencer, of the 72nd Judicial District, together with the District Attorney, G. E. Lockhart, and court reporter, H. C. Smith, passed through Sunday to hold court at Plains. They returned here Monday afternoon, in order to take the train for Lubbock, Tuesday morning. The Judge informed us that there was no cases on docket to speak of, and the Grand Jury seemed to think there was no bills to return, as the people of Yoakum are so good this year, besides there was lots of influenza present and no doctor, and the people were busy gathering crops, and Judge said he just voted the same way, and made it unanimous.

FROM CAMP MEADE.

THE HERALD, Brownfield, Texas.

Dear sir: I need the Herald. True, I am in the Army—a long ways from home, working eighteen hours a day with this awful scourge of Influenza-Pneumonia, but still I need the news from Terry county.

With reference to the epidemic will say it is awful; we have never seen anything so terrible.

Have about 6000 cases in the hospital now, and about 100 deaths a day. However it just now shows some improvement.

What a noble work the Red Cross and Y. M. C. A. is doing here in taking care and handling the hundreds of distressed relatives that throng the camp.

Tell the people to stand by the Red Cross and furnish the money, and we will sacrifice HOME, FAMILIES, and the comforts of a good home bed for the army cot; yes sacrifice our lives if need be. I tell you that a man that would not be stired to action, and want to help after getting a view of what we are going through here each day, would be a case hardened Hun.

Our dangers here as medical officers in this great plague—for it is nothing short of it—are much more dangerous than to the man in the front trenches in France.

Send me the Herald, as I will be glad to have it. I have a feeling of much interest for Terry, and its people.

Respectfully,

Captain L. C. G. Buchanan, Staff Officers Quarters, Base Hospital, Camp Meade, Md.

FOR SALE CHEAP: A second hand broad tired wagon. See W. C. Smith, city, for a bargain.

A. W. Newman shipped in about thirty cars of cattle from the Spur county, this week, to put on grass.

Have your auto top and curtains repaired or made new, by Moore Bros., Lubbock, Texas.

We understand that the Gomez school has been temporarily closed on account of the influenza epidemic.

ONE 1917 Model Maxwell car; nearly new. Will sell at a bargain. See R. L. Bowers.

Mr. and Mrs. E. L. Duke, and little daughter, of Tatum, N. M. are here this week, as several of their children and grand children have the influenza, here and at Gomez.

OLD PAPERS for sale at the Herald office at 25c per 100, or will exchange 100 papers for 2 pounds of clean rags.

Among those attending the fair from Tahoka, we noticed Judge and Mrs. G. E. Lockhart and children, Mr. Brashear and Henry Vinson.

### UNITED WAR WORK CAMPAIGN

The following important appointments have been made in this district in connection with the United War Work Campaign to be conducted November 11-18: F. Stockton, Plainview, District Chairman; Mrs. C. R. Craig, Plainview, District Chairman Women's Division; Supt. M. M. Dupre, Lubbock, District Executive Boy's Division; Miss Lula Blair Neal, Plainview, District Executive Girl's Division.

All these workers are directly under the District Chairman. The District Chairmen are now organizing their county committees. County workers, to be announced soon, will be under the direction of the County Chairman.

This district contains the counties of Bailey, Lamb, Hale, Floyd, Crosby, Lubbock, Hockley, Cochran, Yoakum, Terry, Lynn, Garza, Borden, Dawson, and Gaines.

These workers have been appointed because of their peculiar fitness for their several tasks, but will have the close cooperation of the regular Community Councils of Defense of

the various school districts.

The United War Work Campaign will raise a minimum of \$170, 500, 000. 00 to be apportioned according to their size and scope of work among the following officially recognized War Activities: Young Men's Christian Association, Young Women's Christian Association, Catholic War Council, Jewish Welfare Board, War Camp Community Service, American Library Association and Salvation Army. The Herald has been notified that R. H. Banowsky has been appointed Chairman of Terry County.

Banks Groves, an old time Terryite, now living in Arizona, was here this week, visiting relatives.

Mrs. H. C. Smith and baby, of Lubbock, visited her cousin, T. R. Prideaux and family over Sunday, while Mr. Smith was attending Court at Plains.

While L. L. Brown, of Caddo, Okla., was here attending the funeral of his brother this week, he received a wire from home that his baby was very ill.

Geo. Bragg's little baby has been very low this week

Authorative information comes from Washington, D. C., that Austin which the University of Texas is conducting for the Government is to be enlarged. This school has the distinction of being the most efficient of its in the country, it is stated. The University of Texas is one of the four educational institutions in the United States selected by the Government for operating a school of military aeronautics.

Milton Brown Jr., manager of the local R. H. Kemp Lumber yard, presented the Herald one of the books he is giving to farmers. While of course they are more valuable to farmers, and stockmen, they are good for anyone who is planning a new home, or improving the grounds after the house is built.

Mesdames Blankford and Wall, of Shamrock, daughters of Mr. S. Johnson, of Tokio, left this week for home after quite a visit here. Mr. Rutledge brought them in to the railroad station.

Theo Smith, went back to Lubbock this week, to have his nose examined by the specialists, who cut a bone out of it last week.

Homer Ingle, one of our genial barbers, went to Lubbock Tuesday to pay his brother a visit, who is now on the Avalanche force, as he has not seen him in some time.

Mr. Parmer, of Rotan, bought a car of cattle this week, and shipped them Tuesday to Fort Worth. Ray Brownfield shipped six cars of mixed stuff to Kansas City.

Mrs. Cardwell, left last week to visit her son Roy, who is very ill with Influenza-Pneumonia at Camp Mabry. A wire was received from her Wed. to the effect that Roy was very low, and for the folks at home to expect the worst.

Will Alf Bell was called to Marshall, Wed., morning by wire, announcing the death of his sister, Mrs. Slater. Will Alf had just started out in a car to the west side of the county to help put Terry over the top in the Liberty Loan, when the sad news came in. Many of the citizens of Brownfield know Mrs. Slater, as she lived here quite awhile, a year or two ago, and still owns property here. She was a lady in every particular, and won the hearts of all who came in contact with her while here, by her gentle Christian disposition. The bereaved family have the sincere sympathy of the entire town.

FOR ABSTRACTS, See Terry County Abstract Co. W. G. Hardin Mgr. Office, Court House.

### Notice of Sale of Real Estate Under Execution

State of Texas, County of Yoakum; Jno. P. Lewis & Company vs C. S. Copeland, in Justice Court, Precinct No. One, Lubbock County, Texas.

Whereas by virtue of execution issued out of Justice Court, Precinct No. One, Lubbock County, Texas, on a judgment rendered in said Court, on the 2nd day of February, A. D. 1918, in favor of the said Jno. P. Lewis & Company, and against the said C. S. Copeland, Cause No. 830, on the docket of said Court, and to me as Sheriff of Yoakum County, Texas, directed and delivered, I did on the 9th day of September, A. D. 1918, at 10 o'clock a. m., levy upon the following described lots, tracts or parcels of land situated in the County of Yoakum, State of Texas, belonging to the said C. S. Copeland.

Section No. Twenty, (20) Block D, Abstract No. 1108, containing 640 acres of land;

And on the 5th day of November, A. D. 1918, same being the first Tuesday of said month, between the hours of 10 o'clock a. m., and 4 o'clock p. m., of said day, at the Court House door of said County, I will offer for sale at public auction for cash, all the right, title and interest of the said C. S. Copeland, in and to said property.

Dated at Plains, Texas, this the 9th day of September, A. D. 1918.

J. C. Keller,  
Sheriff, Yoakum County, Texas.

## FIRST BALE

The West Texas Gin Co., had a little trouble with their boll machine, Monday, and did not get to ginning till Tuesday morning, not that the boll machine is used now, except to run thru, but as the suction has to pass through it, it is used. Now every thing is running ship shape, and cotton is going through in a hurry, and customers will not have to wait long for their turn. Of course the first bale was a little difficult, the saws being all new, and paint and varnish every where, but the second went through fine, and of course it will improve on with time.

The first bale ever ginned in Brownfield, belonged to J. L. Hyman, and weighed 445 pounds and brought him \$133.50 exclusive of the seed and the business men made up a premium of more than \$50.00, which together will make the bale bring him over \$200.00. R. H. Banowsky bought it. Mr. Hyman has out six bales, and will make about twelve, he thinks.

WATCHES: Largest assortment, greatest value, best prices; 61 to select from. \$1.25 to \$34.50 Come and see. J. L. Randal.

Fred Brannen, of Hamilton county, who has been in Terry county all the fall working, as they made no crops in Hamilton, had to leave Saturday for home on account of his folks being sick

**W.S.S. MARK YOUR PLEDGE - PAY THE PRESIDENT**

Cleve Williams and wife left last week for Crowell, Texas, where they will visit his parents and other relatives.

Mother Kate Powell, left Saturday for Sudan, Texas, where she will visit her daughter Mrs. Chas. Rush.

W. H. Green, of Mullin, Texas is here visiting his son, T. H. Green, of Gomez.

John M. Dewitt, of Lovington, N. M., was here last Thursday, attending the fair.

THE Lord tempers the wind to the shorn lamb, and will also have a more friendly feeling for the man who builds a shed or two to help out. Dont let your stock freeze this winter, when we can fix you up at such small expense. R. H. KEMP LUMBER COMPANY

A. Nelson, of Abernathy, was here Thursday last, attending the fair.

When Ed Moore gets an inquiry about old Terry, he comes in and pays us to send them a few samples of the Herald. He says this is the best and cheapest way to advertise the country.

Mrs. Headstream came in last week from a lengthy visit to her relatives at Roby.

Charley Culp, of Fort Worth, shipped out a fine care of horses from here Saturday, to the market.

Bert McWhirter, of Lubbock, loaded a car of cattle at Seagraves, Friday, for the fat stock market.

Miss Annie Jone, of Gomez, left Saturday for Rodgers, Ark., to nurse her sister, who is very sick.

A. B. Bynum brought in his first bale of cotton, Saturday.

# Pipe Threading Machine

We have just received the latest thing in pipe threading and we are prepared to thread large and small pipes, both standard and casings. When in need of proficient, correct threading, call on us

## A. G. McAdams Lumber Co.

Brownfield, Texas

E. B. Long of Ralls, Texas, is here this week, and will probably remain all the fall and buy cotton.

Rich Bennett, had us add his father, M. Y. Bennett, of Roaring Springs, to our mailing list.

Mrs. Authur May, who is visiting relatives in Oklahoma, has become real ill since leaving, and Authur had a wire this week, asking him to come at once.

E. M. Flemming brought in two bales of cotton, Monday,

Local food administrator, J. E. Shelton, asked us to say this week to our readers that all people regardless of age, could get their sugar quota now, of two pounds per month. Heretofore, only those over four years of age, could get their full quota.

Marion Newberry left Saturday for Los Vagas, N. M., where he has secured a position.

J. D. Barclay, of Cross Plains, frther to W. L. of our city, left Saturday for his home, after a visit here. While here he purchased a car of feed.

Pat Brother, purchased the blue ribbon watermelon at the Red Cross auction, after the fair and shipped it to his brother at Paducah, Texas.

Mr. Wade, was here from Southland last week, looking for grass.

Mrs. Dr. Brannen, left Saturday for Temple, to visit her grandmother.

AMONG other desirable things running around the cosy home, is a good, tight, well built fence, We have all the materials necessary, and the price is right, R. H. KEMP LUMBER COMPANY.

Among those who shipped out Thursday, were C. K. Johnson, two cars of cattle to Kansas City. Will Mathis, shipped two cars and B. Tidwell, one car to Fort Worth. C. A. Wade, shipped a car of horses to Brownwood.

T. C. Garner, who has been working this year for J. C. Bond left Saturday for Burkburnett, where he will work in the oil fields.

Enoch Hunter, brought in his first bale of cotton, Tuesday.

### RESULTS WILL STARTLE BROWNFIELD

### NOTICE TO CREDITORS

The State of Texas, County of Yoakum: To the Creditors of J. M. Pulliam: You are hereby notified that J. M. Pulliam, of the County of Yoakum, on the 9th day of October, A. D. 1918, executed a deed of assignment, conveying to the undersigned all of his property for the benefit of such of his creditors as will consent to accept their proportional share of his estate and discharge him from their respective claims, and that the undersigned accepted said trust, and has duly qualified as required by law.

All creditors consenting to said agreement must, within four months after the publication of this notice, make known to the assignee, their consent in writing, and within six months from the date of this notice file their claim as prescribed by law, with the undersigned, who resides at Plains, Texas, which is also his post-office address.

Witness my hand this 10th day of October, A. D. 1918.

L. N. Clawwater.

### TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs. in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it!
