TWO MORE SOLDIERS DEAD.

News came in last Friday of the death of L. J. Baldwin, at Camp Mabrey, which resulted in Influenza-Pneumonia. L. J. was drafted from here this year, and a little more than a month ago, was sent to Oamp Mabrey to learn machinery. He was a whole hearted boy, and had many friends here who will be saddened by his untimely death.

His remains were shipped to Mineral Well, Texas, where his parents live, for intrement.

Herald joins the many friends here in sympathy for another Terry county boy, whom disease has probably robbed a splendid career on the field of France.

Pvt. Claud W. Eastham, died at Camp Travis last Friday, of disease, and will be shipped to

Lamesa for burrial, as that is where his mother lives. Claud went with the last draft of Terry county boys to Camp Travis, in September. He has two brothers in and around Brownfield. Claud was a fine young man, and gave promise of a fine soldier, when disease stoped his career. The Herald joins the friends of the family in sympathy to the old mother, brothers and sister of the decease in sincere sympathy

GINNING RIGHT ALONG

The West Texas Gin, people have given the people of this country one of the best gin plants in Texas, and it is going along now without a hitch.

Though they did not get started till Tuesday morning of last week, they cut out 52 balés, and there was rain to hinder the last part of the week, and some have not begin picking yet.

Anyway, as soon as the weather gets cleared up again, you will hear an almost continuous hum of the gin, and they are cutting it out to suit the people.

All the objections the Herald has to the plant, is that they have never put up the whistle. Let 'er toot!

The Magnolia Petroleum Co. has a fine ad in this week. Read it.

RESOLUTIONS.

Whereas in the providence of Almighty God, He has called from the earth Briney B. Brown the beloved son of our brother J. O. Brown and wife.

Therefore be it resolved by the Brownfield Lodge No. 530 I. O. O. F., that we extend the greaved ones our sincerest sympathy and condolence: That a copy of these minutes be furnished Bro. J. O. Brown and wife and one to the Terry County Herald for publication, and one to the Local Oddfellow Lodge for their minutes.

Respectfully submitted,
J. C. Green,
J. F. Winston,
A. J. Stricklin,
Committee.

District Court meets, Monday.

JUST NEARVE.

In the death of L. J. Baldwin, we have a case of nearve displayed that is hardly equaled.

It is reliably reported here that he, upon seeing the need of more drivers for the ambulances volunteered his services, although his fever was then between 102 and 104, all the time. He did this for 52 hours, before he got so weak he had to give up and go to bed. His last words were: "Well boys, this is my last," and with a long breathe, he passed into eternity. This is the kind of fighting spirit that is driving back the Hun Machine that has been getting in shape for years; and it is the spirit that will plant Old Glory on Potsdam palace.

A little more than an inch of rain has fallen, this spell.

Six Questions With One Answer

What Oil Company is advertising in your home paper? What Oil Company buys Liberty Loan Bonds in Terry county to help out the Quota? What Oil Company spent 15 or 18 thousand dollars in the city of Brownfield, mostly for your convenience? What Oil Company is it that gets their oil and gas in tank cars and avoids a terrible mixture of water? What Oil Company is it that guarantees everything they sell? What Oil Company gives you quick and good service, and appreciates your trade enough to advertise for it, and is ever ready when you want an order

THE ART EXHIBIT

One of the most attractive features of the Fair was omitted, because the report was not turned in by the committee, that of the hand Painted Pictures and China. The full front window was artistically arranged. The pictures hanging on the wall. The handsome array of China was displayed just beneath this one exhibit alone would have been a credit to a town much larger than Brownfield.

Miss Gertrude Dallas, had the most elaborate and expensive array of China, including a beautiful Chocolate set in green and gold, soup dishes, a large chop plate, cream and sugar set, and several other pieces, equally attractive.

Miss Ima Sawyer, had several pieces of china in dainty designs, besides a goodly number of water color pictures. The work was splendid in every way.

Mrs. W. B. Downing, entered several handsome oil pictures. A boat scene in Sepia, a snow scene and others all very life like, and real, being extremely well done in every detail.

Mrs. T. R. Prideaux, had a number of pictures in watercolor all being painted from still life, such as, tomatoes, a study in peaches, several scenes sketched from Nature such as, "The old Swimming Hole," a "Negro Cabin" and other life like sketches.

Mrs. Halley, entered several small pictures, such as nature studies done on tile, and framed, her work was very clear cut, and artistic in every way.

Miss Mary Shelton, contributed several splendid water colors, and old road scenes, a bowl of pansies and others, her work showing unusual talent for a child of her age.

The prizes awarded were as follows:

Blue ribbon in oil, Mrs. W. B. Downing,

Red ribbon in oil, Mrs. Halley

Blue ribbon in water colors,

Mrs. T. R. Prideaux.

Red ribbon in water colors, Miss Mary Shelton, Blue ribbon china, Miss Ima Sawyer,

Red ribbon in china, Mrs. T. R. Prideaux,

The ladies, to whom the credit for this exhibit, is due are, Mrs. Enderson, Mrs. T. R. Prideaux, and Mrs. Will Alf. Bell,

PUT OUT SOME TREES

There never was a better time in the history of the country, than right now, to put out fruit trees and vines, as well as shade trees and shrubbery of all kinds. Of course we will have to await for a frost to get them from the nursery, but let us be thinking of what we are going to put out, and get our order in if we have not already done so.

The rain this week have amounted to a little over an inch, and there was a third of an inch a few weeks ago, so that we now have a fine season in the ground and it is our opinion, partly based on experience, and backed by the experience of the best horticulturist of the country, that the fall is the best time of the year to put out trees and vines in Terry county, providing that you have a season in the ground.

There is no question that Terry county, and indeed the whole south plains country is a fruit country, and by getting the young trees out in the fall, they take root through the winter months while the tops are dormant, and are more ready to stand the heat. Plant trees.

If the latest peace offensive were allowed to affect the value subscriptions to the Liberty Loan it might well be regarded a German victory.

Staggering and blind with blood the German Monster is commencing to whine. Surely now is the time to stand solidly behind our Government, ready for any eventuality. With victory assured I know of no greater incentive to the purchase of Liberty Bonds than the fact that the money invested will be used so directly and effectively for that object to the attainment of which we have given our own flesh and blood. I consider that the Central Powers have provided us with a valuable contribution towards the success of the Liberty Loan.

Joe. Stokes, of Tahoka, died last Friday morning at his home with Influenza. He came in about a week ago from Brownwood, with a bad case, which resulted fatally. Joe was practically raised in Tahoka, was liked by all the timers, as his acquaintance was extensive, over all the south plains country, and he soon won the friendship of the newcomers. He served two terms as County Judge of Lynn county, and made an excellent officer. His death will be mourned by a great many friends over in this part of the state, and his place in the advancement of the west in general, will be hard to replace.

Two of our boys who were very sick, are now reported on the road to recovery. They were Roy Scudday, at Camp Bowie, and Roy Cardwell, at Camp Mabrey.

UNITED WAR WORK CAMPAIGN

New York, Oct. 20.—Now that the Fourth Liberty Loan is out of the way there is just one more big task for the American people—to provide the comfort of life for our boys through the United War Work Campaign.

John R. Mott, director general of the campaign, announces the total amount sought is at least \$170,500,000 and that the quotas specified for the six States of the Southern military Department are as follows:

Texas	\$3,239,500
Arizona	\$303,900
New Mexico	\$204,600
Oklahoma	\$1,619,800
Arkansas	\$839,600
Louisiana	\$1,485,400
Total for Southern Department	\$7,723,800.

The total was fixed by the War Department and approved by the President. It will be administered under Government directions for the seven recognized war agencies in this campaign.

The Young Men's Christian Association, The Young Women Christian Association, The National Catholic War Council (Knights of Columbus), The Jewish Welfare Board, The War Camp Community Service, The American Liberty Association and The Salvation Army.

"The amount is the largest ever asked as a gift for many people in the history of the world," said Dr. Mott, "Viewed as a total it seems gigantic, but divide it by the four million men who will be under arms in our army and navy during the period it is expected to cover, and you will find that it means less than fifteen cents a day per man he said." Surely there is no father mother or friend of a soldier in this great country who will say that fifteen cents a day is too much to spend on his church or his home over there and his library, his theater and his club.

"The President summed up the whole appeal in a recent letter in which he spoke of the work of these seven great agencies as of 'vital military importance'. He had in mind the fact that their activities are largely responsible for the maintenance of the splendid moral of our forces.

"There has never been in history so spectacular an example of the supreme of morale as is now being presented on the Western front. The forces that confront each other are not widely dissimilar in numbers or equipment, yet one army is constantly withdrawing and the other irresistibly moving forward. The difference is spelled in that single word; 'morale'.

"Napoleon said that morale is

another factor in war as three to one. General Pershing, in a recent letter commenting on the work of these agencies, quoted with approval the statement of one of his colonels who said: 'Give me nine men who have a hut to spend their evenings in and I will have a better fighting force than ten would be without it'.

"If it is worth twenty-four billion dollars to keep our boys under arms next year, surely it is worth a hundred and seventy million, and more, to add ten percent to their fighting edge to bring victory ten per cent nearer.

"This is the appeal of seven United War Work agencies of America and particularly to those four million homes where service flags fly and we know what America's answer will be".

CALL MADE FOR LIQUIDATION OF W.S.S. PLEDGES THIS WEEK

Pledges for War Savings Stamps made by 1,107,336 Texans are due for payment before Oct. 31.

Pledges for November and December should, if possible, be paid during this eight-day period.

Every person in this county should make arrangements to completely liquidate his pledge during this week of Oct. 24-31, which has been officially designated as Pay W.S.S. Pledge Week.

War Savings Stamps equal to the present unliquidated portion of your pledge may be had at any bank, the postoffice or any sales agency.

Because of the immense amount of money needed now by the Government in connection with the vast military operations which are taking place, the War Savings Committee is calling for the complete liquidation of all War Savings Pledges.

To this end the eight-day period beginning Thursday, Oct. 24, and ending Thursday, Oct. 31, has been designated for the payment of the outstanding amounts of all pledges.

"There are some pledges or portions of pledges which call for liquidation in November and December, but in view of the extraordinary needs at this time every loyal pledger is most earnestly requested to make his payment during Pay W.S.S. Pledge Week, even though it may require close figuring and personal sacrifice upon the part of that patriotic person," Louis Lipsitz, State Director of War Savings, declares in

the official announcement.

"Not only is it a solemn duty required of us for the Government, but at this time the complete payment of November and December pledges along with the portion due Oct. 31 will be of the utmost value to the Government in pushing to victorious conclusion the vast and vital operations on the fighting front.

"The full payment of the year's pledges may be just a bit hard to make on or before Oct. 31, but I know that the loyal Texas pledgers, thoroughly understanding what their action will achieve, will give full attention to the call and answer it as Texans have always answered their Government's requests."

Promises vs. Money

The Government can't spend promises. Your W.S.S. Pledge is of no value unless it's paid.

The soldier can't fight with an empty gun and a broken bayonet. He will have to do without gun or bayonet as long as you put off paying that W.S.S. Pledge. The Government can't buy cartridges and bayonets with promises.

The Government needs fuel to use in the engines of the transports that take the fighters to France. The Government can't buy coal and oil with your pledge. It must have the money. Are you willing to tie up the transports in harbor by failing to pay that W.S.S. Pledge promptly?

Every day you delay liquidating your pledge you delay the coming of victory.

YOU PASSED YOUR WORD

"My word is as good as my bond!" Have you ever heard that said about you or some other person? It means a whole lot, doesn't it?

When you made your War Savings Stamp Pledge you passed your word and gave your bond to the Government. That pledge is due now. The Government is calling for its payment. You pledged the United States Government and you told President Wilson and Secretary McAdoo they could depend on you. Is your word as good as your bond? Prove it by liquidating that pledge speedily.

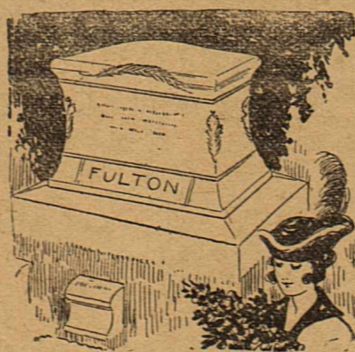

A man or woman is known by the sincerity and willingness with which he or she does what the Government asks.

We saw one of the Stewart boys go through town one day this week with a big load of 'lasses cane. Optically we tried to follow his general direction in a maze of cotton, feed and freight wagons, autos, buggies, etc., and think we have his destination located. Anyway, we have our keg ready.

BURN HIM UP THIS WEEK WITH W.S.S.

We have been called on to pay our War Savings Stamp Pledges between Oct. 24 and Oct. 31—Pay W.S.S. Pledge Week. Let's do our full duty and make good these pledges and buy additional War Savings Stamps for good measure. Remember our home boys who are so bravely fighting for us. We can't afford not to go over the top with a bound. Burn up the Kaiser this week by paying up.

Your First Duty---Pay That Pledge

OUR ships are going across. The troop transports are packed with fighting men who have pledged themselves and are on their way to France to keep those pledges.

It's time for you to come across—to keep the pledges you made to invest in United States Government War Savings Stamps. If you are an American and made of the right kind of stuff that W.S.S. Pledge of yours will be the first obligation you pay.

The fighting men—our boys—are paying their pledges in blood. Men from this county have made the great sacrifice to keep their pledges. Can you live in this county, come in daily contact with the mothers, fathers and relatives of these dead heroes and all the while know that you have shirked or neglected your pledge? Do your duty now. Pay that W.S.S. Pledge lest other fighting stars in our county be turned to gold because of your neglect.

**H. F. ADAMS PUBLIC
WEIGHER**

Brownfield, has had a time getting a public weigher, the one, W. B. Basham, not being a

candidate in the late primaries, and the nominee, Chas. Acker, refusing to serve.

So the Commissioners Court at its last session, appointed Uncle Horace Adams, the official weigher to looking after

weighing the feed and cotton crop. He will weigh wagons loads at the A. G. McAdams Lumber yard, and has bought a pair of cotton scales, which he is getting in shape at this writing. He informed us that he was having a time finding a place where cotton could be stored and insured, but thought he might turn his lots into a cotton yard, as there was plenty room, dry, and well fenced. Uncle Horace, has had lots of experience, as he has run gins a big portion of his life, and it is safe to say that he will give both the seller and buyer of feed or cotton, all that is coming to them.

In response to telegraphic appeals, medical supplies, blankets, pajamas, gas masks and other articles have been distributed to many camps in the Division. Nurses, aids and graduate nurse have been hurried to many points where the epidemic has been serious. Geo. W. Simmons, manager of the Southwestern Division states that every resource of the Red Cross will be drawn upon, if necessary, to prevent the spread of the disease.

INFLUENZA EPIDEMIC

County Health Office, Dr. T. L. Treadaway handed us the following this week, for the benefit of those who wish to avoid Influenza:

1. In view of the present serious epidemic which is sweeping over the country, the Volunteer Medical Service Corps earnestly invites your attention to the following important action:

Urge upon the members of the Volunteer Medical Service Corps that they instruct families under their care to guard against the epidemic by:

Thorough cleanliness of houses, premises, clothing, utensils, and personal cleanliness.

Avoid stirring up dust. Wash; scrub; flush; sprinkle; and use soap and water thoroughly.

Gargle and spray the nose and throat with an alkaline antiseptic fluid frequently.

Urge the importance of fresh air and the avoidance of chill and overheat.

In fighting the epidemic give no medicine and use no treatment which may depress the vital forces, especially the heart of the patient.

2. The Army and Navy are

fighting and conquering the German. We must fight and conquer germs without taking anything away from the Army and Navy. Don't ask the Army and Navy for medical and surgical supplies. Use simple utensils for sterilizing; the simplest kind of beds and bedding; make your own masks and dressing, and fight for yourselves.

3. While the epidemic is on, do no surgical operation unless absolutely necessary to save life.

4. In every way in your power urge the members of the Volunteer Medical Service Corps to cooperate to the fullest extent with the United States Public Health Service and with State and Local Health Authorities.

Edward P. Davis,
President,
Volunteer Medical Service Corps.

NOT AFRAID OF VON BOCHE.

Paris, Sept. (By Mail)—A new story of the American fighting man's reckless disregard for danger which it is one of the greatest problems of their officers to curb was brought to Paris recently by Wilbur M. Wilson,

a Baptist clergyman from Colorado, who went all the way from Chateau-Thierry to Pismes with a Pennsylvania regiment in the drive which began in July. "With my own eyes," said Mr. Wilson, "I have seen American boys steal out from the trenches to a frog pond in No Man's Land, calmly remove their uniforms and drive into the cool waters with German snipers not a hundred yards away in their trenches. The American boy appears to be absolutely unafraid."

The greater the number of casualties in his own unit, the greater is his resolve to make the Germans pay the price. His morale increases noticeably every time a comrade falls with German bullets in his body.

Mr. Wilson, was in the front lines for two months, serving in the uniform of the Y. M. C. A., one of the seven organizations in the United War Work Campaign.

Many times, he says, he drove his truck ahead of the field kitchens and furnished hot drinks, smokes and sweets to men who had, had nothing to eat for two days except their iron ration.

ON GERMAN SOIL

This means much for the allied cause, and indicates that the Germans are now whipped, but whether they will recognize it or not remains to be seen. Thousands of American Soldiers continue to pour into France and unless the Germans surrender in a short time we expect to be able to state in the very near future that the flags of the allies are floating over the Kaiser's place in Berlin.

The flag that has floated "O'er the land of the free and the home of the brave" for so many years, will soon be recognized as an emblem of liberty, mercy and humanity in the Kaiser's cursed land of Germans.—Ralls. Banner.

St. Louis, Mo.,—Before the end of this year the American Red Cross will have appropriated the sum of \$500,709,699 for use among the Belgians. Eighty-two canteens which provide refreshment for 25,000 soldiers are in operation just behind the battle line. Nine hospitals are being maintained. More than 15,000 Belgian children owe their health and happiness to the day nurseries established by the Red Cross. 90,000 Belgian people remaining in the small area not under German control and more than 600,000 refugees have been aided in many ways.

On account of people staying so close at home on account of the epidemic of Influenza, local news is a scarce as the fabled hen's teeth this week, but with the waning of the disease, the people will again come from their lyars, and we will be able to get a few local items.

J. C. Green had a letter from his son Lawrence, with the Ninetieth Division on the western front, saying that he had not seen any of the other Terry county boys in some time, but got to see lots of pretty Madamoiselles (or whatever the French call a chicken) but that he would sure like to have a plug of thick Tinsely.

If you are out of a job and want a good one, read the Quannah Cotton Oil Co's. ad in this issue.

J. Pluvius has at last seen fit to give all Western Texas, a general down pour, and seems to be making up for the time lost in the last two or three years and we look for a big change for the better all over the country next year. Yes, West Texas will come back, and you can bet that they will be better prepared for drouths from now on, as they will not spend every thing as they go with a big hogkilling time, but lay by in store each year.

READY TO WADE IN

When the Cactus Division at Camp Travis, Texas, hits France it will be ready to take its place immediately in the firing line in case of an emergency, for the course of training mapped out for it here at Camp Travis, will include the various specialties in the methods of warfare which generally are taught American fighters after they land on the other side. Furthermore, these specialties, such as gas defense, grenade and trench work will be taught by American officers brought back from France for this very purpose; instructors who have experience and studied the most modern methods of fighting in actual combat.

Schools in gas defense and grenade throwing already have been established and an extensive system of trenches is being established in the edge of Camp Travis for the purpose of instruction in trench fighting.

There also is ideal terrain with in the confines of the camp for all kinds of open field combat. It is expected that when this division sails it will be ready for service, even to the point of carrying its own gas masks across the Atlantic, for recent regulations provide for the supplying of troops with gas masks before embarkation.

When, bristling with bayonets the khaki-clad Cactus Division goes dashing into action, beside the Stars and Stripes will float a banner bearing the counterpart of the suggestive Texas cactus and the significant motto: "NOLLE ME TANGERE".

And it will not take an advanced student of latin to translate this motto into its English equivalent—"Touch Me Not". Like the "Catus" designation for the 18th Division, this motto has been selected by Brig. Gen. George H. Estes.

General Estes, also proposes that the division shall have its individual marching song.

FIGHTING PREACHER

He is just plain Private Blankenship, but the donning of the khaki the other day by this veteran Baptist minister from Higgins, Texas, created more than a ripple at Camp Travis. Had he come into the service with a commission awaiting his coming, it would not have been such an event. But he came looking for

no soft spot to light upon, not anticipating personal glories—simply because he had given everything except himself to the cause of liberty and he would not be satisfied until he had laid his all on the altar.

While Camp Travis perhaps inducted more men into the service than any other camp in the United States, having transformed thousands of civilians into soldiers every month, Rev. L. Blankenship, tops them all for age and it is believed that he is the oldest volunteer private in the United States army today.

He wanted to get into the infantry and shoulder a rifle, but they told him he could not that he was too old. A robust body, six feet tall and weighing 180 pounds could not pass him into ranks of combatant troops, for there is only one branch of the service that will accept a man just ninety days under 56 years of age. That branch is the quartermaster department, and while disappointed that he himself could not take up a rifle, he found consolation in the knowledge that his admittance to the quartermasters department would release one more husky youth who could take his place in the firing line.

The Blankenship family is one hundred percent American patriots. The veteran lost his youngest son last June, the boy being one of that heroic band of United States Marines who made the supreme sacrifice at Chateau Thierry, that the mailed fist of Germany might be warded off Paris in its final thrust. His other son is serving his country in a munitions factory. His daughter is just completing a course in nursing which will prepare her for service over seas. His wife is a Red Cross leader at Higgins, Texas. Six other near relatives have been killed in action and another is held prisoner of war in a German prison camp.

Private Blankenship, refuses to be considered in any sense a hero.

"They made it impossible for me to say in the same sense as Eathan Hale, 'I regret that I have but one life to give to my country.'" he said, "but I am doing the best I can; and when I think of the sacrifices so many have made to save the world of German slavery, it seems small. This a time when every true American should not stop to

count the cost. Houses and

lands have I none, all my savings have been invested in Liberty Bond, and it is a great joy to me to know that I can serve in this great ymRA of Liberty."

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.
