Phone Number Eight

#### 1919

The Herald is not going to promise its readers no big things for 1919 that it cannot fulfill, but it is going to do its level best to provide a better paper than it did in 1918. We believe in progress, and the business man or farmer that is satisfied with present production, or present business, ought to quit and go into something else. The self-satisfied man, is a drag, and sooner or later, spider webs will decorate their windows. For one thing the Herald is going to do its best to put in a linotype machine during the year, or as soon as possible, maybe in the next two months, for two reasons. Help is hard to get and keep, very freaky in deed, and if we have to get out a paper with the present force,

it will have to be done in a more up to date method, a machine equaling three or four men setting type by hand. Second, this will give us more time for job work, which is generally crowding, and more time to get out and look up news matter, and talk to our business men about their advertising. With a machine, it is possible to handle live news matter right up to the time of going to press. With these improvements, we are going to get together another bunch of live correspondents, and we are going to put over a real live country weekly or know the reason why. We have interviewed a number of our business men, and they all heartily agree with us and promise good support in advertising and job work.

#### OTHO CONNER POSEY DIED IN FRANCE.

Pneumonia was the cause of this death. J. H. Posey, his father, received notice of his death. He died Dec. 6th. He was born in Milan county Nov. 1891, moved to Mitchell county with his parents 1901, came to Terry 1916, lived in and near Brownfield till May 28th, 1918, when he went to Camp Cody, at the call of his country. He went to England Oct. 1918, then to France. He was on the front till the armistice was signed, faithfully doing his duty as an American soldier. His father received a letter from him after the armistice was signed, stating he was in good health and would be back in time to make a crop next year; the next news was that he was dead. Oh! what a shock to family and friends. He

was 27 years and 21 days old at the time of his death. He was converted and joined the Baptist Church 12 years ago, and lived a consistent christian life till God took him.

He was a sweetspirited, social man, and was the favorite in the home and was loved by all that knew him. He was a member of Mg. Co., 330 Inf. A. P. O. 762, A. E. F. at the time of his death. He leaves Mr. and Mrs. J. H. Posey, his father and mother; two small brothers and two sisters and a grown sister, Mrs. Moran, who live in Brownfield, and three married sisters, Mrs. McKan, Haskell, Tex. and two sisters, Mesdames Frankelan of Colorado, Texas. J. H. Posey, his father and family are highly honored by all that know them.

May the good Grace of God comfort the bereaved ones in this sad hour.

J. B. Vinson.

#### DIED

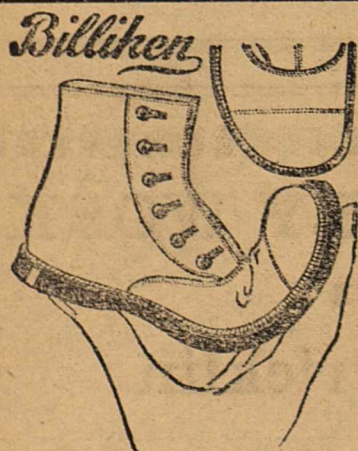

Forest L. Bohannon, 26 years old, died Monday at 10 a. m., of pneumonia following influenza, at the residence of his parents, Mr. and Mrs. J. C. Bohannon, having been brought in from the farm soon after he took sick. Rev. J. B. Vinson conducted services at the residence and the body was layed gently to rest in the City Cemetery at sundown with a prayer and a couple of songs.

Forest was a steady young man, who strictly attended his own affairs, and had won many warm friends during his short residence in Terry county.

Herald deeply sympathizes with his young wife, aged parents, and several brothers, one of whom is serving his country in France.

## This is a BILLIKEN

## A SHOE WITHOUT A NAIL

Think of it---not even the tiniest nail to hurt tender little feet! No stiff clumsy soles to tire little feet! No ill favored shapes to cramp the growing toes. Perfect little shoes for YOUR kiddies ---made according to nature's demands plus the good common-sense ideas of the maker. High and low styles for children, misses and growing girls.

Priced according to size. The best shoes for children we ever saw. Sold only at this store

#### AMERICANS WERE ABOUT READY TO BOMB BERLIN

Had the signing of the armistice been delayed one week Berlin would have been given a dose of her own medicine in the form of an "Americanized" bombing, according to W. M. Boatman, former employe of The News circulation department, who has just returned from France.

"Everything was in readiness for the raid on Berlin just before the break of day on the morning of Nov. 16" he said. "A fleet of giant bombing planes of the Handley-Paige type would have been used. Each plane would have carried six tons of explosives to drop on the Hun capital, just as the Germans had been raiding London and other European cities. This would have been but the beginning of the war on Germany through the air, had the armistice not been

signed." Mr. Boatman was in service thirteen months and was on the other side long enough to be privileged to wear the gold chevron. During the time he was overseas he worked in the Handley-Paige aircraft plant in which the bombing planes were being built. These planes had a wing spread of 105 feet and were capable of carrying forty men. Mr. Boatman was in the first units ordered home after the armistice was signed and received his discharge at Camp Bowler yesterday. He is the second News-Journal employe with foreign service to his credit to receive his discharge. The first was W. N. Hodges of The News press room. He returned home Thursday, having received his discharge at Camp Travis from the Eighteenth Aero Squadron. Both men were enthusiastic in

their praise of the treatment received while abroad, but vowed they were glad to get back to the United States. "We had a lot of thrilling experiences," Mr. Hodges said, "but the greatest thrill was the first glimpse of the Statue of Liberty upon approaching New York."

Mr. Hodges was at Portsmouth, England, when the armistice was signed, and Mr. Boatman was at Bordeaux, the second largest city in France. At both places they said, the populace celebrated all night, and the American soldiers were the recipients of many impressive eulogies and favors, many of the French and English going so far as to insist on kissing them.

"Of course, I was out of it all, on account of being married," Boatman announced with a grin. His wife who was standing by, smiled also, but looked dubious.—Dallas News.

#### SNYDER GETS A LIGHT SNOW LAST MONDAY

Snyder, Texas, Dec. 30.—The snow that fell here a week ago has about melted off, leaving a good surface season and wheat farmers are hopeful of a wheat crop.

A card was received from Jack Smith, this week, who is now located at Pea Ridge, Ark., which he says is a pretty little inland town. But—what did we tell you in last issue—he says if he is not back in old Terry in one year, we will either know he is satisfied, or dead broke. Everything is waiting, Jack, just as you left it, one of the finest seasons Terry ever had at this time of year. Come to Terry.

Geo. McWhorter handed us all the coin he had in his pockets the other day to keep 'er comin', so you see if a man did not like his home paper he would not give up the last cent of his chicken money. Commissioner W. D. Winn and Bob Snodgrass also helped us out.

We note from the daily papers that the 36th Division artillery, containing at least two Terryites Hugh Pyeatt and Bunyon Odam, will land in the U. S. A. about the middle of February. The artillery part of this division never did see active service, but you can tell 'em it wasn't their fault.

During the day and night of Sunday, Dec., 22nd, a snow covered Terry and adjoining counties to a depth of from six to eight inches. This on top of a big soaking rain gives us the best season in a decade.

Cecil Smith, of Fort Worth, spent the holidays with home folks.

**NOTICE TO FARMERS.**

I have been authorized by the Commissioners Court of Terry County to issue this notice to all who either bought feed, seed or both, through the Commissioners last spring to come in at once, and make settlement. This is urgent.

The Commissioners Court was good enough to stand by you in need, and now you can return the favor by a prompt attention to this matter.

If these accounts are not settled by Jan. 20th, I have orders from the Commissioners Court to turn them over to the County Attorney.

J. N. Lewis, Tax Collector

**GENERAL CABELL URGES CONTINUED WAR RELIEF**

Urging an increase in the activities of the war work agencies up to the time of actual demobilization, Major General D. R. C. Cabell, Commanding General of the Southern Military Department, has addressed a letter of appreciation to the general secretaries and directors of the Young Men's Christian Association, the Knights of Columbus, the Jewish Welfare Board, the American Library Association, the Young Women's Christian Association, the American Community Service.

After acknowledging "the great Red Cross, and the War Camp Combebt of the Army, its officers and enlisted men to you and to the members of your societies for the magnificent work you have done in our camps," General Cabell expresses the desire that these societies not only that they "increase their activities keep up their work as in the past, but during the time between now and the actual demobilization."

The text of General Cabell's letter to the several war work organizations follows:

"1. Now that the war has been brought to a successful conclusion, it seems proper to acknowledge the great debt of the Army, its officers and enlisted men to you and to the members of your societies for the magnificent work you have done in our camps.

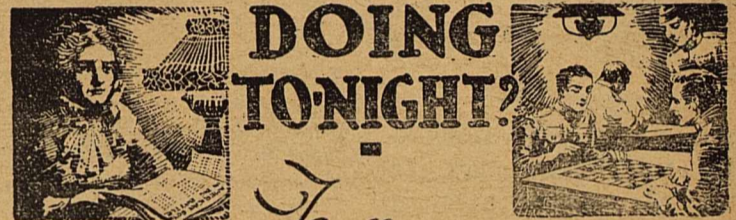

"2. That your work has materially aided in keeping up the contentment, morale, health and discipline of the troops is known to all.

"3. Now that the troops remaining in camp have no longer the incentive of war or even of foreign service to urge them to work and to health, it is most important that your societies not only keep up your work a sin the past, but that you increase your activities during the time between now and the actual demobilization. It is gratifying to know that you will do this, and you will receive the hearty co-operation of the commanding officers in your valuable work."

**OVERTHROW AFFECTED 278.**

Amsterdam—Two hundred and seventy-eight persons have been affected by the dethronement or abdication of ruling houses in Germany, according to the Zeitung am Mittag of Berlin. Of this number thirty-three were of the royal Prussian house and thirty-nine of the Bavarian reigning family.—New York Herald.

**WHAT IS MY BOY DOING TONIGHT?**

The official story

**"KEEPING OUR FIGHTERS FIT"**

Tells in vivid detail of the care the Government is taking of your boy in his off duty hours. A fascinating story of the life in the big cantonments.

Issued by the War and Navy Departments  
 Commissions on Training Camp Activities

In a special preface, President Wilson says of this work:

"I do not believe it an exaggeration to say that no army ever before assembled has had more conscientious and painstaking thought given to the protection and stimulation of its mental, moral and physical man-

PRESIDENT WILSON

hood. Every endeavor has been made to surround the men, both here and abroad, with the kind of environment which a democracy owes to those who fight in its behalf."

The price of the above book is \$1.00 retail, a copy which can be seen at the Herald office but the U. S. Government has kindly permitted us to club to-wit:

The Terry County Herald 1.50  
 Keeping Our Fighters Fit 1.00--Both \$1.95

SEEDS: Over 500 varieties. POULTRY SUPPLIES, INCUBATORS. We can fill your order for any SEED, Poultry article, Plant, Sprays, Insecticides, Fungicides. Prices and Quality always right. Prompt shipments. Ask for list. C. E. WHITE SEED CO., Plainview, Texas.

T. A. Majors, manager of the West Texas Gin Co., of this place, spent Xmas with his family at Dunlap, Texas.

The Herald man spent a few days last week at Lubbock, the guest of A. Judd and family, those old time Lubbockites, who know how to entertain visitors in the old fashion way. Lubbock has made fine progress during 1918, despite the drouth of the past two years, and with the glorious promises of 1919, she ought to go some.

W. M. Souter spent the holidays with his daughters at Ft. Worth and Graham, Texas.

Holgate & Anderson Hardware Co., are still shipping hundreds of pounds of rabbit pork to the cities, on most every train.

Jim Vance is now a reader of the Herald.

160 acres of land for rent; good 2-room house on it; 50 acres in cultivation, 12 miles southwest of Taboka, and 16 miles of Brownfield. See me at store. Mrs. H. O. Goree.

W. L. Barclay returned this week from the east, where he has been selling oil stock in the Burkburnett fields of the Brownfield Company.

H. H. Copeland, manager of the Higginbotham Harris Co., came in this week, but without his family, as it was too bad to start with them across country in a car.

Our old friend and standby, Uncle Horace Adams, came in last week and renewed for his own and his nephews paper, that goes to Mexia, Texas.

There has recently been quite a change in the barbershop personnel at this place. Scudday brothers, Fred and Earl, have purchased the City Barber Shop from Rich Bennett, and Rich and J. N. Lewis, have purchased the Sanitary Barber Shop from Homer Ingle. We understand the latter will leave Brownfield in the near future, but as he still owns his home here, we believe that when he looks around awhile, he will decide that Brownie is the place to tie to.

Gladly furnished upon application

Any erroneous reflection upon the character or standing of any private individual, firm or corporation, will be gladly amended if brought to the attention of the publisher

Yes, you may tell your family that Brownfield is going to grow some—a great deal—in 1919, and we predict a half block of bricks on the west side to open the big building movement. And don't forget our new \$25,000.00 school building.

This town should be incorporated at once. If you could just watch a half dozen farmers trying to herd off two dozen old poor town cows, while trying to load a car of corn or maize, you would vote for incorporation, if you're a reasonable man. There are many, many other reasons, but this one should be sufficient for anyone. Let some public spirited man circulate a petition.

We have heard our Socialist friends talk a heap about government ownership, and really it does look good on paper, and in theory, but we have been introduced to the real thing the last six months, and if anything, the service is poorer, as there is no come back, like the mail business, and the rates nearly as high again. Of course the employees are mighty well satisfied, and we do not blame them, as they get shorter hours and better wages, but while there are only a million or so at the best of them, there are over one hundred million of people who have to pay the freight, and no better service, if as good. In fact, freight and express rates are nearly as high again, as under private ownership. We firmly believe that Brownfield would have already been enjoying daily service under private ownership, despite the war, instead of having to petition for it. Take the phone system, and that is no better. They have put on a prohibitive tariff for installing, or moving one, and without this fee you are forbidden to touch them. While the long distance rates will be reduced, we understand that if you want a certain party, you are expected to pay extra, and if at any time you don't get satisfactory service, where are you going to protest this side of Washington, D. C. It is like sending a letter; you have no right to even enquire whether the letter has ever left, or how it is getting on its journey, etc. And it is about the same now when you want to find out where your car of stuff is, and if you have not got a very accommodating agent, you will find out darn little. Give us private ownership, with good regulation, and competition, every time.

### METHODISTS ARE PLANNING A GREAT MEETING IN 1919

Columbus, O. Dec. 27.—Plans are being completed for what is expected

to be the greatest religious gathering in the history of America, to be held here early next summer in celebration of 100 years of foreign missionary work by the Methodist Episcopal Church.

Directors of the big centenary celebration, which will mark the end of the church's campaign to raise \$115,000,000 for foreign missionary work, declare that besides the thousands of visitors from the United States and Canada there will be 100,000 accredited delegates.

Scores of natives in costumes from China, India, the South Sea Islands, Africa and Asia and exhibits from every missionary field in the world will be brought here for the purpose of vividly portraying native life in the countries receiving missionary aid. Pageants will depict the work of the church at home and abroad. A choir of 100 trombones will lead congregational singing in the open air. Seven cars of exhibits from foreign lands have already arrived here.

"A Drive to Make Democracies Safe," is the slogan for the exposition. The celebration will be conducted by laymen of the church with the co-operation of the General Conference, the Methodist Church South, the Board of Bishops and allied church organizations.

To care for the army of visitors from June 22 to July 27, the dates of the celebration, a tented city will be erected and residents asked to throw open their homes.

S. Earl Taylor of New York, is director general of the huge undertaking, and H. B. Dickson, Philadelphia, is organizing secretary in direct charge of the Columbus exposition.

### CERTIFICATES OF HONORABLE DISCHARGE FROM Y. M. C. A.

Recognition of the self-sacrifice and willingness to face death on the part of men who put aside their business to serve in the war zone, under fire if necessary, as Y. M. C. A. workers is being given by the Red Triangle organization in the form of certificates of honorable discharge to those volunteers who were not sent overseas. In a statement announcing this, the personnel division of the National War Work Council Y. M. C. A. sets forth the particular need of specialists instead of general hut secretaries, developed by the War Department's speed in returning the American Expeditionary Forces, and by the fact that many men of previous Association experience are being released from the Army in France to enter the Y service there. The statement follows:

"The Young Men's Christian Association as one of the largest organizations that have been serving our military forces overseas finds itself confronted, following cessation of hostilities, with the necessity for a radical revision of its program. The character of much of the work required under present conditions is quite different from that called for while men were entering, leaving or in the trenches.

"Immediately following the armistice it was thought that a largely increased force would be needed, and a call was made for more men. Later, when the return of the army from Great Britain was put into effect immediately, and the early demobilization of the American forces in France was begun, it was found that entire classes of men heretofore needed in considerable numbers by the Y. M. C. A. would not be required.

"The Y now has over 5,000 workers in France alone. Hereafter the requirements will be limited to certain specialists and experienced lead-

ers. This change of program will assist very materially in conserving the gifts of the nation. Educational work will be largely increased for the armies of occupation, and to an even greater extent than before an all around Red Triangle program will be maintained. This will limit recruiting to specialists.

"The same problem has been met by all the other civilian organizations, and even by the Army itself, owing to the disappointment of men who never got beyond the home camps.

"Many men, some of whom already had reached New York on their way overseas, have had to be returned to their homes because the particular form of work for which they were chosen will not now be needed. They will add to the number of men in every community disappointed because they did not get overseas, but are entitled to equal honor with those whose unselfish and patriotic desire has not been thwarted. All will receive from the Y. M. C. A. certificates of honorable discharge in recognition of their patriotism."

### MISS ANNIE BLANTON APPOINTS ASSISTANTS

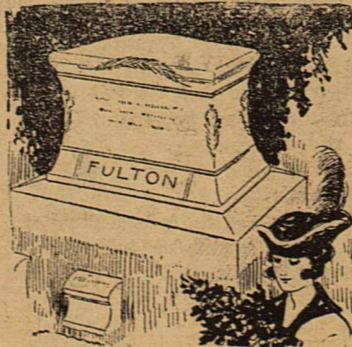

Austin, Texas, Dec. 29.—Miss Annie Webb Blanton, State Superintendent of Public Instruction-elect, who will qualify and take the oath of office next Wednesday, has announced the following appointments:

E. L. Mahoney Jr., Paris, first assistant superintendent; Miss Emma Mitchell, Denton, second assistant superintendent; Miss Katherine Gray, Dallas, third assistant superintendent. S. M. N. Marrs, Terrell, chief supervisor of high schools; G. A. Porter, San Marcos; Miss Lucia Douglas, Tyler, and Mrs. A. P. Nichols, El Paso, high school supervisors; Bonner Frizzell, Palestine, W. E. James, Edgewood, and Mrs. D. O. Balew, Ft. Worth, rural school supervisors; T. L. Shepard, Abilene, certificate clerk; Mrs. J. B. Gay, Austin, assistant statistician. The names of three appointees are withheld until they have completed certain business arrangements.

W. G. Hardin the incoming postmaster took charge Wed., and W. C. Smith, who has been the acting postmaster here for a long time, retired. Mr. Smith has made us a splendid postmaster, and we have heard many regrets that he is to leave the office, as he has been an obliging and accommodating official, and we are glad that he is not to leave our community, but will enter something else. Those that know Mr. Hardin best, are sure that we will still have an obliging postmaster, and that after he gets the run of the office, an efficient one.

Mrs. Meriwether came in from Luling to visit her daughter, Miss Hennie, who is not doing well since she had the influenza. We hope the visit of her mother will be the tonic of a speedy convalescence.

#### HOT AFTER A DAILY TRAIN SERVICE

For almost one year, the people of Brownfield and trade territory have put up with a three times a week train service, just because we were in the middle of a big war and our people are patriotic.

Since the armistice, the Railroad Administration has been putting on extra trains in the already well served east, and the people of this territory feel that that they are at least entitled to one train each way per day. The every other day passenger service is next to no service, for if you are caught at Lubbock on Saturday, there is no train till Monday, and if you are here after 8:20 Saturday, there is no train to Lubbock till Tuesday.

Then the auto mail service for the past two weeks has been extra rotten, and no one blames Mr. Cates the mail carrier, for he has done the very best he could with an eight inch snow on the ground. Brownfield has had two incoming and one outgoing mails in the past thirteen days, and business has been badly deranged. Do you blame us for being sore when steel has been layed into Brownfield since June 16th 1917?

But nearly 300 of the progressive citizens of Brownfield have signed a petition for a daily train service and mail on it, and have shot it in to our Congressman, Hon. Marvin Jones, instructing him to get busy with both the Railway Administration and the Post Office Department. Besides this, the Commercial Club is keeping the wires warm with messages to Mr. Jones and the 2nd Ass't P. M. General and we are expecting some action soon.

#### QUARTERLY CONFERENCE

There will be Quarterly Conference Jan. 11th and 12th. Everyone is cordially invited to come. We are going to have preaching Saturday at 11 o'clock, bring your dinner and let us have a good time together. We must together and talk over our church work, so we may do great things for the Lord next year.

W. B. Hicks, P. C.

Messrs. Charley and Jim Moore, of Gomez, were here this week on business.

Sheriff Keller, Ed Smith and Will Earnest, of Plains, braved the storm over and back, Tues.

FOR SALE or trade, at a bargain, a first class vulcanizing and retreading outfit. Will take cattle or horses. See Gaines Pierce at the Brick Garage, City, for further particulars.

#### THE SANITARY BARBER SHOP

Is now under new management, but with same courteous treatment. Best of everything. Our services yours.

RICH BENNETT, MGR.

Brownfield,

Texas.

#### NEW SUBMARINE CARRIES OF VOCATIONAL TRAINING LONG RANGE CANNON

New York.—Naval officers who arrived here recently on the vessels that had formed the Sixth Squadron of the Grand Sea Fleet told of a new submarine of great size that England has built and which carries a twelve-inch gun. This newest addition to Britain's fleet is said to be longer than the latest type of German U-boat.

The big gun was mounted forward, and its principal mission, they said, was to bombard Helgoland.

The submarine would come up near the German stronghold and fire but one shot. This accomplished her mission, and she would return to her base. According to reports the recoil of the gun was so heavy that the submarine was sent about six feet under water.

Another development of the submarine the officers said was a vessel that was capable of making twenty-five knots on the surface. She was said to be driven by steam. They learned of this vessel only when she tied up to an American dreadnaught in a fog. This boat carried four-inch guns and a crew of fifty men. She was equipped with long range wireless apparatus. An officer who inspected her said that when submerging the two stacks folded back and the openings closed automatically.

#### PAMPA MAN SHOT. MONDAY AFTERNOON

Amarillo News:

Rube Curtis of Pampa was brought to St. Anthony's sanitarium last night and is in a serious condition from wounds received from a 32 automatic revolver, which is said to have been fired by Will Christopher, also of that place. The shooting took place about 4:30 o'clock yesterday afternoon, according to word received here. The bullet entered the body near the stomach.

Curtis is a married man and has a wife and two children, it is said. He is about 32 years old. Curtis is a cattle man and Christopher is a ranchman, it is said, and they have places which are about one-half mile apart.

Although it was impossible to learn definitely last night whether Christopher had been arrested, it was reported that he expected to give himself up voluntarily to county authorities. Nothing was learned either of the cause of the controversy which resulted in the shooting.

#### FARMERS SHOULD CUT OUT SHINGLE ROOFS

A special bulletin on fire-prevention and fire-fighting on the farm, Farmers' Bulletin No. 904, issued recently by the United States Department of Agriculture, states that "from a fire-protection standpoint it is unfortunate that nearly all farm buildings are covered with shingle roofs. A dry shingle roof is one of the most inflammable things imaginable."

James R. Young, State Insurance Commissioner and Fire Marshal of

North Carolina, urges farmers when a new building is being constructed or a new roof is being put on an old one, to consider the use of fireproof roofing.

"With the growing scarcity and high price of lumber, fireproof substitutes for shingles are becoming more numerous and available. When shingles are exposed to the weather for a short time they take on a rough, fuzzy appearance, due to the fibers on the surface becoming loosened. The sun from without and the heat from within the building combine to extract every trace of moisture from them. If the cinder or spark happens to strike the roof, the roughened surface tends to hold it there, and it is likely to set the roof on fire before it goes out."—The Progressive Farmer.

#### PRICE OF NO. 1 WHEAT GOES UP FROM \$2.30 TO \$2.50

One of the flouring mills in Dallas announced recently that the price of No. 1 soft or hard wheat is being raised from \$2.30 a bushel to \$2.50 a bushel. The increase, which is effective at once, is said to be due to the fact that millers are having difficulty in getting the supplies of wheat they need. The Government bought up enormous quantities of wheat, it is claimed, making the supplies scarce for the mills. The Government is still holding large supplies of the grain in elevators scattered over the country and at ports, according to the milling concern.

We had a letter this week from Mrs. C. F. Bell, of Marshall, Texas, mother of our esteemed friend and townsman, Will Alf Bell, renewing for another year, and saying that she cannot do without the Herald, on account of the news it gives her of her many friends in this city. She wishes Brownfield and Terry county prosperity for 1919, and here is the same to this good lady.

NOTICE, readers of the Star-Telegram. We have been notified by the publishers of that paper, that since the removal by the War Industries Board, of the restrictions on print paper, that you can get the Daily and Sunday Telegram from now till Jan. 5th for only \$6.50 instead of \$7.50. If you have not already ordered the Star-Telegram, give the Herald your order for 1919.

A. B. Cook and family, of May Texas and C. F. Cook, of Lamesa, were here this week attending funeral of their brother, Forest Bohannon.

FOR ABSTRACTS, See Terry County Abstract Co. W. G. Hardin Mgr. Office, Court House.

# New Year Aims

---

**We have no high-flown intentions we cannot keep, but we intend to get out a better paper than last year, give our advertisers better attention, the readers more and latter news, and in return,**

**WE ASK the merchants to give us all, or at least a liberal share of their job and stationery work to the end that we may ad a type setting machine, that by helping us, they help themselves and the entire community. We have in the last year spent nearly \$125.00 in new and late job faces for your benefit. Let us serve you.**

**WE ASK the County Officials to quit sending away for stationery that can be put up at home just as good, neat and as cheap. If it is bond you want, we have a full stock of three finishes, plain, ripple and linen in Old Hammermill, the kind you see advertised in magazines, and we use the same type and press they use in San Antonio or Dallas. Be fair to a home man and tax-payer.**

**WE ASK the farmers and ranchmen to continue their support as heretofore by keeping up their subscriptions and encouraging newcomers to subscribe, and help us get live writers in every community. For only \$2.25, each stockman or farmer can have 250 neatly printed letter heads and 125 envelopes with printed return, enough stationery to last the usual family a year or longer. Let's all pull for Terry as never before.**

#### ABILENE GOT A LIGHT SNOW MONDAY—RAIN TOO

Abilene, Texas, Dec. 31.—A light snow fell in Abilene Monday preceded by an inch of rainfall. Thousands of acres of wheat are looking promising and with occasional rains in the future the greatest wheat crop in Central West Texas will be harvested. The total rainfall here this year has been nineteen inches.

#### PA HAD NO WHISKEY BUT KATIE HAD A DOLL

Whisky, without doubt, has been mankind's worst enemy. There was in Texas this Christmas thousands of children who for the first time enjoyed those little toys and trinkets designed to make the hearts of childhood glad. Money that heretofore has gone for the damnable stuff has also given little children clothing to protect their bodies from the cold, bleak winds and a big Christmas dinner that satisfied the pangs of hunger. We say it again: Whisky is the most damnable stuff mankind has ever had to combat, and may 1919 see it go from Texas forever—Claude News.

#### DEAF SMITH COUNTY OVER TOPON WAR SAVINGS

Hereford, Texas, Dec. 31.—Sales on War Savings Stamps here went over the quota yesterday. The sales amount to \$125,000 which is \$1,000 over the quota.

If Congress does nothing but twiddle its thumbs until the President returns the country will not be able to notice any startling change.

All mail trains have been delayed from one to eight hours, on account of the heavy snow.—Hale Center Record.

It is said that 45,000 children in Pennsylvania, have been made orphans by the recent influenza epidemic.

Money Price has received his discharge from a military training school at Plainview.

Geo. Collum, 38, a Tatum, N. M. cowman, died here Tuesday night at a local hotel of pneumonia following influenza, having come in from Ft. Worth sick, on Dec. 23rd. Funeral services were conducted by Rev. J. B. Vinson, and his body was layed to rest in the Brownfield Cemetery. He leaves his parents and three brothers to mourn his departure.

Liet. H. G. Lees, of the Houston aviation field, was here during the holidays visiting his friend(?)

Harry Allen received the sad news last week that his brother Terrell had died of his wounds.

Raymond Barrier received a wire from Mt. Pleasant, Monday night, Dec. 23, that his eldest sister had passed away after a long seige of poor health. We join the entire town in deep sympathy for the bereaved.

Lofton L. Johnson, of Cedar Lake, Gaines county, who has been taking military training at Brownwood, visited home folks Christmas.

FOR SALE. One 4-burner oil stove, \$15.00 cash, or trade for chickens, J. A. Darden at depot.

I. C. Burgess and family came in last week from Russellville, Ark., to make this their future home. Mr. Burgess is a son-in-law of our esteemed citizen, J. T. May, and has considerable property interests here, and we welcome them to our town and county. He has just finished serving two terms as State Senator from his home county, but he had visited here enough to love the great teaming west and its fine people and healthy climate.

# Pipe Threading Machine

We have just received the latest thing in pipe threading and we are prepared to thread large and small pipes, both standard and casings. When in need of proficient, correct threading, call on us

## A. G. McAdams Lumber Co.

Brownfield, Texas

#### NOTICE CUSTOMERS.

All those knowing themselves to be indebted to me will please call in and make settlement at once, as this is the beginning of a new year, and we must get our books straight. This is also a notice to our customers that we will not carry any one for more than thirty days from now on till further notice. Thanking one and all for their liberal patronage for 1918, and asking for a continuation of the same for 1919, we remain,

Yours for business,  
A. P. Moore, Gomez, Texas.

Ross Rentfro left Tuesday for Colorado on business. He will extend his visit to Wyoming to visit a sister.

D. Y. Blanton, of Ralls, came down on the train Wed., on his way to Seagraves to look after his cattle interests.

On account of bad weather and having to change so many ads, the Herald is one day late, but after this week, we hope to be on time.

The regular station crew of the Santa Fe at Seagraves all being sick, the relief crew marked the time of departure an hour late and the passengers were all left in Seagraves, and as a consequence, the engine, baggage and passenger coach had to back the 24 miles after them, throwing them nearly three hours late when they finally left here.

Curtis Huckbee and wife returned last week from a visit to Snyder. They have recently had a wire from the war department that Lazelle Huckabee was captured instead of killed, and had returned to the American lines in good health.

B. K. Baldwin of Paducah, was here during the holidays visiting his sister, Mrs. Bob Orchard. Mrs. Orchard and children returned home with him for a visit.

Bob Gage came in from Lubbock Wed., where he has been several weeks.

Bill Pyeatt returned on Wed. train from Lubbock.

Geo. McWhorter left Tuesday for Roswell on business.

R. H. Banowsky of the Merc. had business in Lubbock, yesterday.

#### BROWNFIELD AMAZED BY SUDDEN ACTION

The quick action of pure Lavoptik eye wash is startling. A school boy had eye strain so badly he could not read. A week's use of Lavoptik surprised his teacher so much she used it for her old mother. ONE WASH showed benefit. A small bottle is guaranteed to benefit EVERY CASE weak, strained or inflamed eyes. The QUICK result is astonishing. Aluminum eye cup FREE.

# NOTICE

We, the undersigned have done our best in trying to make Christmas a merry one to you. I, Magnolia Oil made your lamp shine as never before and your stove cook the good things for your dinner. I, Magnolia Gas stopped the skid and popping of your car. I, Magnolia Lubricating Oil, lubricated as never before, and you thought I never would burn out. You know Aeroplanes get best results by using Magnolia. And WE, the Magnolia Petroleum Co., are going to put forth our best efforts this coming year to increase our business and your business. By helping the merchant we help ourselves. Thanking you for your business the past year and asking for it this year, as we are better acquainted with you and the oil trade. We have a better stock and are better prepared to supply your wants. We wish you wealth, health and happiness throughout the year 1919. And remember, we are at the same old stand with same good oils and the same good service for all. Call 10.

TOM MAY, Manager

BROWNFIELD, TEXAS

### BAPTIST PASTOR HAPPY AND GRATEFUL

Members of the Baptist Church and friends, amid deep snow and quarantine against influenza, Dec., 25th, gave us an old fashion pounding; not the kind that gives pain, but joy and makes a pastor and wife feel like they have good friends where they have lived and labored for more than three years. God helping me I shall live and serve in a way that you shall not have reason to regret your kindness to me. Gods blessings on you and give you a happy New Year, blessings and prosperity through 1919.

With thanks and love.  
Mr. and Mrs. J. B. Vinson.

Mrs. F. E. Walters left Sat., week for Hereford, to attend the bedside of her daughter, who had flu, and while away, the whole family at home has gone through a siege of it.

Mrs. Chas. C. Triplett spent Christmas with home folks, at Lubbock.

NOTICE, Farmers and Stockmen: We are giving away to friends and customers, a farm book. It is full of valuable information, call and get yours.

R. H. Kemp Lumber Co.

### MARRIED.

During the holidays, two of our most popular young west side people decided that it was as cheap for two to live as one, and therefore, Carl Mangum, son of Mr. and Mrs. A. M. Mangum, and Miss Maggie Campbell, daughter of Mr. and Mrs. K. F. Campbell, both of the Tokio community, came in to Rev. M. D. Williams, and persuaded him to tie the knot, on Christmas evening at eight o'clock.

Mr. Mangum is one of Terry's boys now in training to defend his country, and as he was running a garage at Tokio, when called into service, and a spien did machinest, he was put to work in the machine shops at Fort Sam Houston upon his arrival at Camp Travis, and is making good. Carl is regarded as one of our best and most industrious young men. He was home on a furlough, and left next morning after the ceremony for duties at San Antonio, and his young bride of a few hours returned to her parents at Tokio.

Mrs. Mangum is the beautiful and accomplished daughter of the Tokio merchant, and like the groom, is well and favorably known throughout Terry county.

Herald joins in hearty congratulations.

### WILKERSON-NIX.

Like lots of other matters, this wedding should have been written up a long time ago, but lots of people think a little bird or someother mysterious animal tells an editor everything.

Mr. J. A. Wilkerson and Miss Cummie Nix, both employees at the Ray Brownfield ranch, drove into the Methodist parsonage, on the night of Dec. 5th, and were made one by Rev. W. B. Hicks.

Mr. Wilkerson while now employed in New Mexico, on a ranch, has for some time been employed at the Brownfield ranch, and is regarded as a good man, and industrious.

Miss Cummie was raised in and around Brownfield, and has lots of friends who wish her well.

Herald joins their friends in hearty congratulations.

### TRAVIS PREPARED TO RECEIVE CHRISTMAS PACKAGES

Camp Travis, Texas, Nov. 30.—A clearing house for Christmas packages has been established at Camp Travis, Texas, in order that home folks who have not the specific address of loved ones in the cantonment may be assured that their gifts will not go awry.

The Camp Publicity Office is the place designated, and all that donors need to do in addressing packages is to write plainly the name of the sol-

### A NERVOUS WRECK

#### From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit to female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Publicity Office, Camp Travis, Texas. The package will be delivered straight from the post office and arrangements have been completed to handle any number of Christmas parcels.

A complete list of all men in camp will be available, and on receipt of a package, the officials in charge will

notify the proper person. The Publicity Office is centrally located and easily accessible to any soldier in the camp.

This plan meets with the entire commendation of post office authorities who know from past experience that incompletely addressed mail is nearly always delayed and often miscarried. The Publicity Office by the same arrangement delivered several hundred parcels last Christmas and got them to the men in season, while any number of packages lay in the post office through the Yule tide because they were not properly addressed.

### KRUPPS WILL TURN PLANT TO PEACE WORK

Amsterdam, Dec. 11.—The directors of the Krupp munitions works have announced their intention to transform the plant into a factory devoted to the arts of peace and have requested the workers there to make proposals for the manufacture of peace materials, according to the Cologne Gazette.

Misses Lois Brownfield and Stella Treadaway, who are attending the College of Industrial Arts at Denton, Texas, spent the holidays with home folks.

Mrs. Percy Spencer and children, of Lubbock, spent the holidays here with her parents, Mr. and Mrs. Jno. Randal.

Jim Bowman, now of Ranger, came in this week to look after his property.

# GREETINGS

For the Good Year 1919. We have appreciated your business very much the past year and hope to merit a continuation. Conditions are glorious beyond measure, and we predict a bright future for our town and county. We can supply your wants.

#### LETTER FROM LAURANCE GREEN.

Thiean Court, France.

Nov. 25th 1918.

My Dear Home Folks:

How are you all tonight? I am getting along fine as ever. I am writing you a little of my past six months in France, and some of my said experiences.

On May 27th, we boarded the Old Derby Shire and sailed for foreign countries, and just now I can't say for certain where we didn't go, anyway we were on the deep blue for thirteen days, and every day out I felt better, but it all looked very much the same to me. The first land we saw was the coast of Ireland, and what I mean it sure looked good to us, and June 7th, we landed at Liverpool, England, the folks there gave us a big

sene off, and we greeted them just the same. From there we went by rail to Nimberton, where we went to a rest camp for two days, we sure enjoyed the rest. We then boarded the ship for France, across the English Channel, where we landed at La Harve. We had a jubilee time there. It was a big sea port town, and from there I think we must have ridden by rail all over France, I can't remember many of the towns. We passed through Banos Les Dems, and we came pretty close to Paris, and passed through several nice towns. After riding several days we landed at Camp Val De hose, where we stayed for two weeks and right here I will say it sure was a nice place. It wasn't very long until we moved a few kilometers away to a little town, Versailles, where we stayed for about two months, and drew all

our horses and equipment and drilled some of the time, and when we left there we were ready to deliver the "Goods" We made a seven days hike and hit a very quiet sector, known as Leraponlataker, but we didn't do very much there, we hauled a trip or two, and from there we came to the lower Toule Sector, what is now known as St Mihiel, where we have been having some big drives, it was just a few days until the said drive was started, we were shelled by the enemy quite often, but they never faned any of us over, but they tossed them on every side of us.

About the worst I ever felt was one night when the big guns opened up on every side of us, the night before they had been shelling the some road and one amunition train was shot into, and the roads were blocked up and we had to do the rear march,

we were very lucky, but it was pretty good experience. After that night I never felt the least bit shaky.

I have been in several where from the looks of things the drive on about seventy two hours we were "Balling the Jack", but after all we delivered the goods, but a great many times we didn't know whether we would or not.

We passed through towns where not a single building was left standing. We are not far from — also — I have been through Nancy once, it is a very pretty town.

From all accounts our Division has done some very great things. Our Sixth and Eleventh Infantry have made a big rep. We have seen lots of aeroplane fights, and I seen several brought down. About one month ago we turned in our horses and equip-

ment, and have been handling amunition ever since, most of the time we have been building some roads around amunition dumps, and since the Armistice we have been working with amunition right sharply. It was so late yesterday when we came in we didn't have time to write any letters, but tonight I am on guard and thought I would try to tell you a wee bit of our times, but I am getting so thick headed I can't write anything. I am at the guard house and the boys are so fussy, I can't think of anything.

We were sure glad when the big guns hushed up. I was not with the company at that time, but I come back a few nights ago. I was glad to get back to the company, but I can't hardly wait for the time to start home.

Scott W. and James O. G. are  
(Concluded on last page)

### NOTICE TO KILL PRAIRIE DOGS

By the Commissioners Court: Notice is hereby given to all parties, Resident, or Non-Resident land owners of Terry county to kill all Prairie Dogs on their respective premises.

The law demanding that dogs be killed, was so written giving owners two years to kill dogs on their own volition. However the limit of personal freedom in this matter has expired, and the duty now involves the Commissioners Court to carry out the mandate of the law.

After 60 days from January 1st, should you not have your dogs killed, the Sheriff of Terry county will start a Prairie Dog Wagon over your premises with the bill on your shoulders.

W. W. Price, County Judge

Joe Black and wife returned Monday to their home in Merietta, Okla., after spending the holidays with his mother, Mrs. W. B. Snodgrass. Joe has a fine position as mechanic in one of the large garages in his city.

T. W. Collier and family left Monday on their return to Knox county. Mr. Collier aimed to have farmed here this year, and thought he had his place rented down there, but his renter went back on him, and as he secured a good man to take his place here, he went back, but assured us he would return this fall again. In the meantime, the Herald will keep him posted.

FOR SALE or trade, at a bargain, a first class vulcanizing and retreading outfit. Will take cattle or horses. See Gaines Pierce at the Brick Garage, City, for further particulars.

A citizen asked us this week to attack the stray dogs through the Herald again, as they were getting thick. We know it, but about a year ago, we rounded up the "dawgs" good and proper, and some one strowed poison all over town a few nights latter, and the Herald like to have been whipped. He was blamed for the whole mess. We resolved then if anyone wanted to "pizen" the purps, they could take to it without our assistance, for every stray canine has a champion to defend his dogship.

### Better SERVICE For Your AUTOMOBILE

### NOTICE TO FARMERS.

I have been authorized by the Commissioners Court of Terry County to issue this notice to all who either bought feed, seed or both, through the Commissioners last spring to come in at once, and make settlement. This is urgent.

The Commissioners Court was good enough to stand by you in need, and now you can return the favor by a prompt attention to this matter.

If these accounts are not settled by Jan. 20th, I have orders from the Commissioners Court to turn them over to the County Attorney.

J. N. Lewis, Tax-Collector

### ED COPELAND DEAD

The sad news came in the first of the week that Ed Copeland, of Tatum, N. M., had recently died of pneumonia. Ed came with his parents, Judge and Mrs. W. N. Copeland from Runnels county in the early days before Terry was organized, and settled in the Meadow country, but for the last several years has lived in N. M., where he is held in high esteem the same as he was here.

He leaves a wife, several children, both parents, four brothers and a sister to mourn his departure.

Herald deeply sympathizes in the loss of this husband, father, son and brother to the family.

### WEDDING

Mr. Irvin Rambo and Miss Annie Pearl Cardwell drove to the residence of Rev. M. D. Williams last Sunday afternoon where they were plighted together till death doth separate them.

Irvin is the son of Mr. and R. W. Rambo, was practically reared and educated at Gomez, and has a host of friends and well wishers.

Mrs. Rambo is the beautiful and popular daughter of Mrs. C. S. Cardwell, was reared and educated in Brownfield, and has many admirers. Thus two of the oldest families in Terry are aligned in marriage.

Congratulations.

Miss Vonnie Lee Ditto celebrated her seventeenth birthday yesterday and the Herald was the recipient of a portion of her birthday cake, which was exceptionally fine. We congratulate this beautiful young lady, but are sad to think she will only have about four more birthdays—unless she happens to marry before she is 21.

We actually got mail three times this week.

The official story

### "KEEPING OUR FIGHTERS FIT"

Tells in vivid detail of the care the Government is taking of your boy in his off duty hours. A fascinating story of the life in the big cantonments.

Issued by the War and Navy Departments  
 Commissions on Training Camp Activities

In a special preface, President Wilson says of this work:

"I do not believe it an exaggeration to say that no army ever before assembled has had more conscientious and painstaking thought given to the protection and stimulation of its mental, moral and physical man-

hood. Every endeavor has been made to surround the men, both here and abroad, with the kind of environment which a democracy owes to those who fight in its behalf."

The price of the above book is \$1.00 retail, a copy which can be seen at the Herald office but the U. S. Government has kindly permitted us to club to-wit:

The Terry County Herald 1.50--Both \$1.95  
 Keeping Our Fighters Fit 1.00--

SEEDS: Over 500 varieties. POULTRY SUPPLIES, INCUBATORS. We can fill your order for any SEED, Poultry article, Plant, Sprays, Insecticides, Fungicides. Prices and Quality always right. Prompt shipments. Ask for list. C. E. WHITE SEED CO., Plainview, Texas.

We understand that A. C. Copeland, of the west side, has purchased Mrs. Slater's largest residence, and are preparing to town.

J. T. Whitley, one of our new and hustling farmers of the Needmore community, is now a reader of the Herald.

FOR ABSTRACTS, See Terry County Abstract Co. W. G. Hardin Mgr. Office, Court House.

Henry Alexander, of Paducah, Texas, is here visiting his brother, Earl and family.

Mrs. J. A. Gamble came in from Lubbock, Monday, where she had been visiting her parents

W. E. Dean a young druggist, of Seagraves, died of pneumonia, following flu, Monday at 9 p. m. He was highly respected in his community.

160 acres of land for rent; good 2-room house on it; 50 acres in cultivation, 12 miles southwest of Tahoka, and 16 miles of Brownfield. See me at store. Mrs. H. O. Goree.

Jno. P. Lewis, of Lubbock, formerly at the head of the Lubbock Dry Goods Co., which recently consolidated with Barrier Bros. of Brownfield, Lubbock and of Floydada, came down this week to help with the envoicing.

Mrs. B. F. Dixon, of Lubbock, left last Saturday for home, after a week's visit here with her daughter, Mrs. Walter Scudday. Her little grand-daughter, Mary D., returned home with her.

NOTICE, Farmers and Stockmen: We are giving away to friends and customers, a farm book. It is full of valuable information, call and get yours. R. H. Kemp Lumber Co.

Mrs. Joe J. McGowan returned Monday, from a holiday visit with her parents at Quanah.

Homer Ingle left Tuesday for the oil fields to look out a barber shop location.

We are glad to report our excellent primary teacher, Miss Hennie Meriwether, improving, after a long siege of illness.

## OBITUARY.

Sim Johnson was born in Itawamba county Miss., Aug. 3rd, 1860. He was converted at the age of 17, and has been a member of the Missionary Baptist Church for a number of years. He died Nov., 21st, 1918.

In the year of 1883 he was married to Mattie F. Galoway. To them were born 11 children: four girls and seven boys. One baby boy and girl have gone on before him. One daughter, Mrs. C. W. Wall, lives at Wall, Shamrock, Wheeler county, the other married daughter, Mrs. C. B. Blandford, lives at McLean, Grey county. Three oldest boys are in the army, one in France, one in Panama and one at Camp Travis. His children were all with him except the soldier boys during his sickness. Loving hand administered to him, both friends and relatives, but seems there was no cure for him. He had Sarcoma of the neck. We did all that could be done for him, and after all God called him home. He was a devoted christian and good and kind to his family and fellow man, and was loved by all who knew him. We, his family want to thank the friends and neighbors for their kindness to us all through his sickness.

'Twill be sad and lonely here without him, but we realize that our loss is his gain. He bore his affliction bravely and as he grew weaker in the flesh, he grew stronger in Grace. He knew that he could not get well, and he was reconciled and willing and ready to go. He wanted us to sing the night before he died, and kept time while they were singing and said that he thanked God that he would not have to quit singing, but would sing on and on. His suffering was great, but he got easy some few hours before he death came and went to sleep. He did not realize his suffering when death came. Sleep on dear father and husband till we meet you in that glorious beyond, where we will part no more.

His request was that we meet him in heaven. So by the Grace of God we will meet him in the sweet bye and bye.

Besides his wife and children he leaves a twin brother.

Written by his wife and children.

## THE BROOM INDUSTRY.

We have been seeing some extra good brooms in the local grocery stores lately, and upon close inspection, found they were made right here in Brownfield, by a local citizen, Mr. Wirtz.

He raised a big crop of broom corn this year, layed in a supply of sticks, wire and velvet, to-

gether with sufficient machinery and is supplying the local market with brooms. We recently saw a letter from a groceryman at Tatum, N. M., thanking a dealer here for sending him a batch of these brooms, saying they were the best values he had received in a long time.

There is another broom maker in Terry, too, and that is A. V. Taylor, of the west side. Terry grows straws nearly three inches longer than the average on the market, and local capital should develop a factory that would take care of a large trade, and employ these men all the time at this trade.

Buy it made in Terry.

## QUARTERLY CONFERENCE

There will be Quarterly Conference Jan. 11th and 12th. Everyone is cordially invited to come. We are going to have preaching Saturday at 11 o'clock bring your dinner and let us have a good time together. We must together and talk over our church work, so we may do great things for the Lord next year.

W. B. Hicks, P. C.

After rambling around in east Texas and Arkansas for the past year, Dr. Covey, a former dentist of this place, came in with his family this week in a car, being just 28 days on the road from Arkansas. They shipped their goods by freight, and are looking for a house to become citizens again.

Miss Maude Benton, of Ralls, came in last Friday to visit her sister, Mrs. R. H. Banowsky. Her father, Uncle Dave, came in on the train, Monday.

NOTICE, readers of the Star-Telegram. We have been notified by the publishers of that paper, that since the removal by the War Industries Board, of the restrictions on print paper, that you can get the Daily and Sunday Telegram from now till Jan. 5th for only \$5.55 instead of \$6.50. If you haven't already ordered the Star-Telegram, give the Herald your order for 1919.

Mrs. J. M. Tinker, of Eastland, Texas, is here visiting her parents, Mr. and Mrs. A. B. Bynum.

Presiding Elder J. M. Lyon, of this Methodist District, with headquarters at Lubbock, passed through last week on his way to Seminole. He informed us that he would show some stereoscopic views of Mission Work that is being done by his church, during the Quarterly Conference here.

Bill Cook's went to Lubbock, Monday, to take further treatment at the Lubbock Sanitarium.

Mrs. William Peters came in this week from a visit to relatives in Hill county.

J. L. Thomas and Lee Taggart, left yesterday for Rotan. They have been here all the fall helping E. E. Popham gather his crop.

Clyde Lewis and wife, came in from San Antonio last Friday. He having just received a discharge from Camp Travis, where he has been in training for some time. He is back at his desk as bookkeeper at the Brownfield State Bank.

## SUGAR SHOWED OUR BACKBONE

American Willingness to Give Up Luxury Demonstrated Nation's War Conscience.

## STAND WITH THE ALLIES

By Reducing Consumption People of the United States Averted a Famine at Home in Spite of Low Supplies.

The fact that the people of the United States were able to reduce by more than one-half million tons their July, August, September and October consumption of sugar proves conclusively that their war conscience was thoroughly awakened and that the country as a whole stood ready to follow the injunctions of the Government. Our normal consumption of sugar in the four-month period beginning with July has been 400,000 tons per month a total of 1,600,000 for the quarter year.

In July, when our sugar stringency began to reach its height, consumption was reduced to 260,000 tons. In August only 325,000 tons went into distribution and in September only 270,000 tons. In October the distribution fell to 230,000 tons.

If the general public had failed to observe the injunctions of the Food Administration this country would have been in the throes of a sugar famine before the end of August. Our visible supplies were so low as to bring great anxiety to those familiar with the sugar situation. They feared that it would be absolutely impossible to reduce consumption to a point where sugar would no longer be a mere luxury in the American diet.

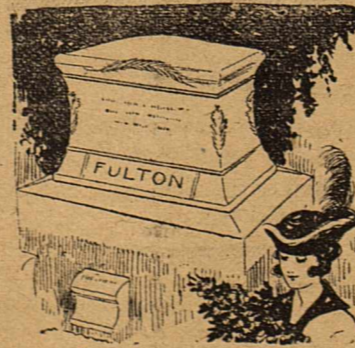

Few accomplishments of the Food Administration will stand forth so predominantly as this reduced consumption of sugar. By it we have been able to bridge over the period of stringency until the new beet and Louisiana cane sugar crops were in sight.

Now the nation is in a position so that if we choose we may return to our normal home use of sugar, and Europe, with the release of ships to go far afield, can maintain its recent restricted rations. If, however, those nations are to increase their use of sugar very considerably it must be by our continued sharing with them through limiting our own consumption.

## Importance of Labor.

"If we rightly estimate things, what in them is purely owing to nature and what to labor, we shall find that 99 parts out of a 100 are wholly to be put on the account of labor."—Locke.

## HUNGER DRAWS THE MAP

A food map of Europe today shows not a single country in which the future does not hold threat of serious difficulties and only a small part which is not rapidly approaching the famine point. With the exception of the Ukraine only those countries which have maintained marine commerce have sufficient food supplies to meet actual needs until next harvest, and even in the Ukraine, with stores accumulated on the farms, there is famine in the large centers of population.

Belgium and northern France, as well as Serbia, appear on the hunger map distinct from the rest of Europe because they stand in a different relation from the other nations to the people of the United States. America has for four years maintained the small war rations of Belgium and northern France and is already making special efforts to care for their increased after-the-war needs, which, with those of Serbia, must be included in this plan, are urgent in the extreme and must have immediate relief.

The gratitude of the Belgian nation for the help America has extended to her during the war constitutes the strongest appeal for us to continue our work there. The moment the German armies withdrew from her soil and she as established once more in her own

sent of government the little nation's first thought was to express her gratitude to the Commission for Relief in Belgium for preserving the lives of millions of her citizens.

Germany, on the other hand, need not figure in such a map for Americans because there is no present indication that we shall be called on at all to take thought for the food needs of Germany. Germany probably can care for her own food problem if she is given access to shipping and is enabled to distribute food to the cities with dense populations, which are the trouble centers.

England, France, the Netherlands and Portugal, all of which have been maintained from American supplies, have sufficient food to meet immediate needs, but their future presents serious difficulties. The same is true of Spain and the northern neutral countries—Norway, Sweden and Denmark—whose ports have been open and who have been able to draw to some degree upon foreign supplies.

Most of Russia is already in the throes of famine, and 40,000,000 people there are beyond the possibility of help. Before another spring thousands of them inevitably must die. This applies as well to Poland and practically throughout the Baltic re-

gions, with conditions most serious in Finland.

Bohemia, Serbia, Roumania and Montenegro have already reached the famine point and are suffering a heavy toll of death. The Armenian population is falling each week as hunger takes its toll, and in Greece, Albania and Roumania so serious are the food shortages that famine is near. Although starvation is not yet imminent, Italy, Switzerland, Bulgaria and Turkey are in the throes of serious stringencies.

In order to fulfill America's pledge in world relief we will have to export every ton of food which can be handled through our ports. This means at the very least a minimum of 20,000,000 tons compared with 6,000,000 tons pre-war exports and 11,820,000 tons exported last year, when we were bound by the ties of war to the European allies.

If we fail to lighten the black spots on the hunger map or if we allow any portions to become darker the very peace for which we fought and bled will be threatened. Revolt and anarchy inevitably follow famine. Should this happen we will see in other parts of Europe a repetition of the Russian debacle and our fight for world peace will have been in vain.

### THE GREAT DEVELOPMENT OF THE AEROPLANE

From the days of "Darius Green and his Flying Machine" to the present, what a wonderful development in the art of flying there has been! When we see the aeroplanes rising above us, wheeling, circling, obeying every movement of the rudder, we certainly realize that man is learning to dominate the powers of the air.

Development and improvement both in the machine itself and the mastery of it is in great measure due to war. Up to that time the use of the aeroplane had largely been for experiment and for exhibition. Its possible fields of transportation and of practical use were already efficiently occupied by other agencies.

With the war came the need, and

mechanicians and aviators responded to it. More improvement was probably made during the four years of war than twenty years of peace would have brought about.

Now that the war is over the development and skill gained will probably turn the aircraft to practical everyday uses.

The aeroplane is already utilized for carrying mail, and its field will undoubtedly be gradually increased to transportation of all kinds. Despite its present high cost of construction it requires neither franchise, rail nor trolley, and so it can compete favorably with other transportation agencies.

It is difficult to predict how general its use may become. It may some day become a customary thing for mankind to "fly upon the wings

of the wind."

### PAT O'BRIEN WILL UNDER-TAKE FLIGHT OVER ATLANTIC

Kankakee, Ill., Dec. 27.—Lieut. Patrick O'Brien, American aviator in British service, whose escape from German captors formed a romantic chapter of the war, announced today that he will attempt to be first to make a trans-Atlantic flight in an airplane.

He said he would begin work on an airplane for the purpose and hoped to make the flight in April. He said that Capt. I. F. Fuller, an American aviator still on duty in France, and Lieut. C. C. Robinson, an American who was in the British Flying Corps, were associated with him in the venture.

# New Year Aims

---

**We have no high-flown intentions we cannot keep, but we intend to get out a better paper than last year, give our advertisers better attention, the readers more and latter news, and in return,**

**WE ASK the merchants to give us all, or at least a liberal share of their job and stationery work to the end that we may ad a type setting machine, that by helping us, they help themselves and the entire community. We have in the last year spent nearly \$125.00 in new and late job faces for your benefit. Let us serve you.**

**WE ASK the County Officials to quit sending away for stationery that can be put up at home just as good, neat and as cheap. If it is bond you want, we have a full stock of three finishes, plain, ripple and linen in Old Hammermill, the kind you see advertised in magazines, and we use the same type and press they use in San Antonio or Dallas. Be fair to a home man and tax-payer.**

**WE ASK the farmers and ranchmen to continue their support as heretofore by keeping up their subscriptions and encouraging newcomers to subscribe, and help us get live writers in every community. For only \$2.25, each stockman or farmer can have 250 neatly printed letter heads and 125 envelopes with printed return, enough stationery to last the usual family a year or longer. Let's all pull for Terry as never before.**

## BIG GROCERY DEAL

One of the biggest deals in the history of the town was pulled off, when Pat Brothers, a local groceryman, bought outright, the entire grocery stock of M. A. Smith, which together, gives Pat one of the largest stocks on the south plains. This popular grocery will still maintain head quarters in the Odd Fellows building, and we predict for him a great business during 1919.

In conversation with Mr. Smith we were happy to learn that he and his estimable family would continue to make Brownfield his home, and would probably engage in some other business in the near future.

## NOTICE CUSTOMERS.

All those knowing themselves to be indebted to me will please call in and make settlement at once, as this is the beginning of a new year, and we must get our books straight. This is also a notice to our customers that we will not carry any one for more than thirty days from now on till further notice. Thanking one and all for their liberal patronage for 1918, and asking for a continuation of the same during 1919.

A. P. Moore, Gomez, Texas

## ASSERTS FORMER CZAR AND FAMILY ARE ALL ALIVE

Warsaw, Dec. 27.—"There is no doubt that the Czar and his entire family are alive. I am positive of this," was the declaration made to the correspondent today by Michael de Tchintchef, nephew of Skoropadsk, nad who has just escaped from the Ukraine after a recent trip to Petrograd.

"I cannot reveal the Czar's whereabouts because he does not wish it. His whereabouts is known to the allied governments. It is in a neutral country. Accounts of his murder at Ekateringburg were manufactured by Trotzky and Lenine."

## FIND BODY OF U. S. SOLDIER ACROSS FRONTIER

El Paso, Texas, Dec. 30.—The body of Private David Triob, Nineteenth infantry, was found last night a quarter of a mile on the Mexican side of the Rio Grande opposite the El Paso smelter.

The head and face were badly beaten as though with a club. The soldier had been missing since Friday.

The Mexican authorities were notified and the Juarez commander ordered the arrest of the lieutenant in command of the Mexican patrol on duty where the body was found.

## ABILENE IS TO HAVE AN OIL REFINERY SOON

Construction will start shortly on a \$750,000 oil refinery in Abilene. A pipe line from Abilene to Ranger will also be laid during the spring. The new company will be known as the Abilene Oil and Refining Co.

The President will not sit at the peace table, but the 14 points will.

Delicious muffins may be made of dried breadcrumbs run through the

Dutch Cleanser is wonderful for black stains. During his sojourn in Holland it would be well for Wilhelm to try it on his conscience.

President Wilson did well to test the freedom of the seas before he spoke for them.

Mr. Rufus Heartfill and family, of Marshall, Texas, old acquaintances and friends of Will Alf Bell and family, came in this week with two car loads of personal effects, stock and farm implements, ready to make old Terry their future home. Mr. Heartfill has bought the old Seitz section and homestead near Gomez, and Mr. Bell assures us that this family will prove a fine addition to Terry, socially and morally.

# Pipe Threading Machine

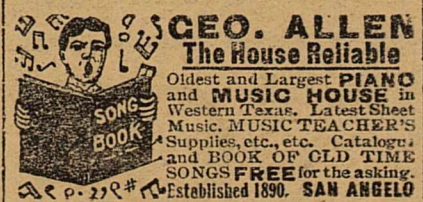

We have just received the latest thing in pipe threading and we are prepared to thread large and small pipes, both standard and casings. When in need of proficient, correct threading, call on us

## A. G. McAdams Lumber Co.

Brownfield, Texas

Joe and Robert Griffith are here from N. M., visiting their brother, Will Mathis and family.

J. R. Hill was in from his farm near Tokio, Monday, and brought along just 298 dressed rabbits, which he put on the market. J. R. informed us that he would have about 300 bushels of shelled corn to sell, for which he would get about \$2.25 per bu., and had a fine lot of ricked feed, more than for his own use off of about 36 acres, besides a lot of other entables, etc. We believe he worked last year alright, for he had taken up his belt about four notches, we noticed, and he claimed Mrs. Hill was feeding him good, too.

W. J. Smith, of Tokio, was in last week buying prairie dog poison, and informed us that his daughter, Miss Dillie, who was recently operated on for appendicitis at Lubbock, was getting along fine.

B. L. Thompson and family, of the Tokio community, were in Monday shopping.

FOR SALE. One 4-burner oil stove, \$15.00 cash, or trade for chickens. J. A. Darden at depot.

Miss Addie Belle Ware went down to Seagraves the first of the week to help nurse the town through the flu epidemic.

BRING your own corn and get good, old fashioned meal from J. T. Hamilton & Son.

Mrs. W. E. Popham, daughter-in-law of E. E. Popham, left this week for Glazier, after a visit here.

DO YOUR BIT by using more corn meal made by J. T. Hamilton & Son.

Mesdames Laura and Clara Franklin, daughters of J. H. Posey, visited here from Colorado, Texas, during the holidays, and Mr. Posey accompanied them home last Saturday. Mr. Posey's son-in-law, Mr. Alta McIver, from Milton, Okla, visited here during the holidays.

E. E. Popham, of three miles west of town, got on the mailing list of the Herald, this week.

## BROWNFIELD AMAZED BY SUDDEN ACTION

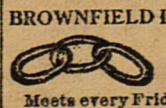

The quick action of pure Lavoptik eye wash is startling. A school boy had eye strain so badly he could not read. A week's use of Lavoptik surprised his teacher so much she used it for her old mother. ONE WASH showed benefit. A small bottle is guaranteed to benefit EVERY CASE weak, strained or inflamed eyes. The QUICK result is astonishing. Aluminum eye cup FREE.

# NOTICE

We, the undersigned have done our best in trying to make Christmas a merry one to you. I, Magnolia Oil made your lamp shine as never before and your stove cook the good things for your dinner. I; Magnolia Gas stopped the skid and popping of your car. I, Magnolia Lubricating Oil, lubricated as never before, and you thought I never would burn out. You know Aeroplanes get best results by using Magnolia. And WE, the Magnolia Petroleum Co., are going to put forth our best efforts this coming year to increase our business and your business. By helping the merchant we help ourselves. Thanking you for your business the past year and asking for it this year, as we are better acquainted with you and the oil trade. We have a better stock and are better prepared to supply your wants. We wish you wealth, health and happiness throughout the year 1919. And remember, we are at the same old stand with same good oils and the same good service for all. Call 10.

## Magnolia Petroleum Company

TOM MAY, Manager

BROWNFIELD, TEXAS

### OVERSEAS LETTER CONCLUDED

getting along fine. We are sure having some of the cold weather these days. Over at the old camp I was sitting on the world, but the world is sitting on me now. If I was only at home I could think of so much more to tell you. It is nearly time for me to go on post. I haven't written any long letters in so long that I just can't hardly write. Tell all the folks that I am anxious to get back home, I will have plenty of news to tell them. As I have about exhausted the news box I had better quit for tonight.

Your affectionate son  
Clyde L. Green. (Laurence.)

### CHRISTMAS WEDDING BELLS.

Five months ago a young man from Tokio to the training camp did go, because he loved his country so. The war being over he decided to France he would not have to go to fight the bo, so to his commanding officer he did go for a furlough to go to Tokio to see the girl he loved so, because he had told her so. To Lubbock where he did go the ground was covered deep with snow, and the train was late and

to him it was slow because he wanted to go to Tokio to see the girl he loved so because he had told her so. The train was late but to Tokio he did go if the ground was covered with snow. So on the floor in the door at Tokio she did stand, a man she did see, his steps was slow because he was wading in the deep deep snow to see the girl at Tokio that he loved so, because he had told her so. She saw him in kahki clothes she had never seen him looking so. Great Joy! it is my beau, the kahki boy I love so, and now for a stroll through the snow, though it was slow, the two lovers had met again that loved each other so, because he and she had both said so. To the Parson they decided they would go. It was on Xmas day so away in a sleigh over the frozen snow they did go because they loved each other so. At eight o'clock they stood on the Parson's floor. The Parson said "do you want to wed" they said they would wedge their heads we want to wed, and then the parson said "and then they was glad they had wed". At eight next morning the kahki boy was 24 hours slow, because he had been bound in the snow and to the girl he loved so, because he and she both said so, and back to the camp he had to go to leave

the girl that he loved so, because she has said so. Back to Tokio over the frozen snow she must go to leave the kahki boy she loved so because both had said so.

M. D. Williams.

### DOUGHTY TO TAKE CHARGE OF VOCATIONAL TRAINING

W. F. Doughty, former State Superintendent of Public Instruction, is to take charge of the soldiers' vocational training work of the Federal Government. The work of this department is well under way in Dallas, the offices of the department on the eighth floor of the Western Indemnity Building being among the busiest places in Dallas.

At the last meeting of the case board Dec. 27, it was voted to allow the Dallas office to place fifteen disabled soldiers in proper schools. The first of these was placed Tuesday, and about ten more will be placed this week, according to A. B. Sage, vocational adviser. The board will give them training for which they think they are best fitted. The man to be placed will have a voice in the school selected. He will be given a chance to tell what he wants to study. The board, acting upon the advice of the vocational adviser, will select the school. Among the schools listed are those of law, pharmacy, agriculture, bookkeeping and stenography.

"Only the best schools are selected," Mr. Sage said. "We are not at liberty to give the names of the schools selected, as no school will be allowed to secure advertising on the strength of the misfortune of the men placed. Everything will be done

### CONSTIPATION

#### And Sour Stomach Caused This Lady Much Suffering. Black- Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not had to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use. Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

NC-133

to safeguard the disabled soldier against anything embarrassing."

The case board is made up of the district vocational officer, medical officer, a representative employer and a representative employe. This board, with the assistance of the adviser, passes on all cases.

### MARCH REPORTS TROOPS GO- ING STEADILY HOMEWARD

Washington, Dec. 28.—A steady stream of troops from overseas and army camps is moving homeward.

With more than one million men designated for demobilization since the signing of the armistice, all efforts, General March, chief of staff, said today, are being directed toward getting them out of service and back to work in which they formerly were engaged. Already more than half the number designated have been mustered out.

Meanwhile additional units have been assigned for early convoy home, and to expediate the movement fourteen battleships and ten cruisers have been added to the fleet of transports which will bring back that part of the expeditionary forces not needed for duty with the army of occupation. Reports tonight from France showed that three more transports with upward of five thousand men, had sailed, and others will depart for home ports as rapidly as possible.

General March said the work of discharging men from camps was proceeding at the rate of about 100,000 a week.

Commissioner E. E. Simms, of Gomez, handed us the price for another year's Herald, recently.

A. M. McBurnett made a trip to Snyder, last week.

R. W. Rambo is so proud of his new daughter-in-law that he shook hands with a \$1.50 in it, Monday, and told us to keep 'er headed toward Gomez.

# GREETINGS

For the Good Year 1919. We have appreciated your business very much the past year and hope to merit a continuation. Conditions are glorious beyond measure, and we predict a bright future for our town and county. We can supply your wants.
