BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY APRIL 25, 1919

NO. 41

From a Northern Reader

Deerfield, Ill., April 10th, 1919.
Editor of the Terry County Herald,
My dear Mr. Stricklin:—

I send you a whiff of refreshing air from this wintery north land. The wheels are beginning to hum again, throughout our suburban Chicago life, in the usual fashion of the peace time conditions, and everybody is facing the future with courage and hope. May our great President and counsellors continue to guide the Ship of State, safely and wisely in her glorious mission in among the nations of the world.

We are pleased to note that Texas is up and doing, and that Terry Co., is one of the liveliest points in the great State, and not a little of the credit for this is due to the Herald and its loyal editor.

Evidently Brownfield has changed greatly since I was out there more than five years ago. I would fane come again and rejoice with you in your prosperity, and speak a good word of cheer to the good people of Brownfield who are doing it.

Your account of the prospective factory for potash etc., right in your midst, almost takes ones breath away. What next may we not hear from the "Staked Plains of Texas."

But this little word has for its object the renewal of my subscription for the Herald. Please find inclosed check for \$1.50, with congratulations for new press and linotype equipment.

Great success to you and all the folks of old Terry. Would some of your pushing real estate men send me a map of Terry county, showing the course of the railroad through the county. I would like to get in touch with your real estate men.

With the kindest regards,

Yours Faithfully,

D. D. DeLong,

Victory Liberty Loan Organization

On Monday, April 21st, we shall have an opportunity of showing to what extent we have caught the spirit of the new and enlightened patriotism that the World War gave birth to.

Selfishness is dead. The sacrifice of money, future, even life itself, has become almost a commonplace. Today, one would be ashamed to talk or act selfishly.

The people of the Eleventh Federal District have always lived up to the highest traditions of our race and now they will add to their record the crowning act of a great over-subscription to the VICTORY LIBERTY LOAN, which of all loans is the true test of patriotism.

The people of this section are well informed. They know that the payment of our just debts is the only course consistent with our dignity. They know that what they are lending money for today is not actually war material but American boys' lives— if it were not for our vast preparations Americans would be fighting and dying in the trenches today.

I have an abiding faith in my friends and neighbors, and I look for a magnificent response to the claims of the VICTORY LIBERTY LOAN. I ask only that each individual response be prompt as well as generous.

Federal District Director, War Loan Organization.

BROTHERS & Brothers have just received a car of White Face Flour.

E. L. Howard, manager of the Tahoka Light and Power Co., was over this week doing some work on the Liberty Theatre. In this connection we might say that Mr. Williams has recently added a small motor to run the film machine.

DISTRICT COURT.

The spring term of District Court is called to meet here next week, the Grand Jury to meet and enpanel Monday, and the Petit Jury to be here Tuesday the 29th. The following is a list of the jurymen:

Grand Jury

Chas. Acker, J. H. Anderson, G. A. Armstrong, N. Bell, O. F. Boyd, W. H. Black, C. R. Hubby, J. K. Cuningham, E. W. McGee, J. L. Bartlett, W. E. Pool, W. W. Ditto, L. A. Easton, Hugh Snodgrass, J. A. Bean, Ray Brownfield,

Petit Jury

Tom May, Ben Broughton, Jno. Burnett, O. E. Adams, J. W. Settles, T. W. Woodward, C. F. Rickles, J. J. Whitley, J. F. Winston, J. L. Williams, W. F. Stewart, A. A. Turner, J. R. Skeen, Homer Scott, R. W. Rambo, John Raymer, W. G. Meyer, E. M. Groves, J. P. Nichols, J. R. Orchard, A. B. Bynum, C. D. Lowe, W. S. Johnson, O. L. Jones, J. L. Hyman, C. F. Hamilton, J. W. Hatton, G. G. Gore, J. W. Farley, S. L. Greathouse, R. H. Banowsky, E. A. Graham, F. B. Condra, J. B. Hill, H. T. Brooks, J. R. Burnett.

We understand that the Baptist congregation at this place has called Rev. F. L. Parker, now of Tahoka, to minister to their church, but the last time we talked with any of the members, they had not learned if Rev. Parker would accept the call or not. If the succeed in landing this minister, he and family will not only be a splendid addition to that church but to the entire community as well.

After performing their duties as delegates to the Ladies Mission Conference at Lubbock, Saturday and Sunday, Mrs. W. A. Bell left for Marshall, Texas, and Mrs. Bob Snodgrass left for Floydada, to visit relatives.

Geologists Locating Seminole Well

Mr. E. T. Pendley, representing the Jones City Development Company, of Jones, Okla., who recently secured quite a large amount of oil and gas leases in this county, returned Wednesday of this week, accompanied by J. J. Williams and James L. Taylor, geologists.

They immediately began the work of securing a geological survey of their holdings in this county, and to locate a site for their first well.

Mr. Williams is at present employed as instructor of geology in the Oklahoma State Normal at Norman Okla. and is said to be one of the best in the state.

Mr. Pendley states that preparations are now under way for the immediate shipment of derrick timbers drills and all other materials for the erection of a standard outfit.

The above company is under contract to begin actual drilling within 120 days, but Mr. Pendley states that they expect to be on the ground and at work in less than 60 days.

In the next week's issue of the Sentinel we will give the exact location of the well.—Seminole Sentinel.

Receives 3000 Feet Casing

The Tahoka Oil and Gas Co., received this week a car of 6 1-2 inch casing, consisting of 3000 feet, which will be used at the well being drilled south of town.

The arrival of the casing is substantial proof to the doubting Thomases that the well is going down to the specified depth.

The drillers arrived from Ranger, Wednesday, and work at the well has been resumed.—Tahoka News.

DON'T FORGET the Lion's Claw every Tuesday night. It is now getting intensely interesting. Don't miss a single episode.

Lets Have a Trades Day Here

There has been considerable agitation lately concerning a monthly trades day in Brownfield, to begin with the first Monday in May, and it seems that the business men are of one accord for the Trades Day, and are willing to get in the collar and either put up some substntial prizes or make quite a reduction on some of their staples, or both.

So far, Mr. A. L. Turner has taken the leadership in the matter of getting the matter under way, but has been promised the cooperation of all in the undertaking, and a petition is to be circulated immediately to see just how anxious the people of this town is for a trades day, and we hope that you will not only sign it, but will also put up with the gift to make it a success from a financial point of view.

Let us have the Trades Day by all means. The Herald will have more to say about the matter in the next issue.

Miss Dora Daugherty, our efficient County Treasurer, left this week for a short business trip to Lubbock.

Mrs. B. F. Dixon, of Lubbock accompanied by Mrs. B. L. Scroggins, of Rodgers, Texas, were here over night Wednesday, visiting Mrs. Dixon's daughter, Mrs. Walter Scudday.

C. L. Williams had business in Tahoka the first part of the week.

Atty. G. E. Lockhart passed thru here last week after the session of District Court in Yoakum county, and informed us that there was a number of cases on the docket over there this term, but that most of the cases were civil, there being only two criminal cases on the docket, neither of them being tried. He reported quite a number of prominent attorneys present, and that a lively interest in the cases were manifested.

LUMBER ADVANCES LEAST

Experts representing the four great building material industries have compiled statistics showing how war conditions affected the market. Comparison of price variations cover a period of six years. As was expected, the figures show steel far in the lead of other building materials in its climb skyward since 1912, with an advance of 148.5 per cent. Cement is up 55.5 per cent, brick 38.1 per cent, and lumber only 17.07 per cent.

Good Roads and Rural Schools

NOTE—This is a series of twelve Good Roads letters prepared by the Texas Industrial Congress.

One of the benefits arising from good roads is the improvements of the community school. In Texas the country school term is placed, as far as possible, so the children may help gather the cotton crop, which is usually out about December 1st. This places the school session during the part of the year in which bad weather and resulting bad roads are most common. Everyone knows that where children have to go to school from a distance cold, bad weather means being kept at home, and the effect is to have the school at a time when the children can go to it the least.

Records of seven districts in a Virginia county before and after the improvement in roads showed an increase in attendance amounting to 30 per cent of the scholastic population, and following the improvement of the roads, several of the districts consolidated thus changing from a one teacher basis to a graded school with principal and competent assistance, giving the children the same educational advantages as the city children. In another county, with at least 40 per cent of the scholastic population in farming communities the enrollment increased more than one thousand, following the improvement of the roads, and the daily attendance arose from 60 to 90 per cent.

The road which can be conveniently used every day in the year makes it possible to bring children from greater distances and makes attendance regular. It enables districts to consolidate and build good school houses where the children will not become sick from exposure to coughs and colds. The increased farm values through road improvement bring a larger school tax, enabling the community to hire more and better teachers.

The ram-shackle neighborhood, evidenced by ramshackle roads, will have ram-shackle schools and turn out ram-shackle pupils, who will thereby have lessened opportunity of making progress in the world in competition with the young men and young women of other more progressive communities.

Texas will stand higher in educational progress if it will build better roads.

What constitutes a day's work? We figure it out that it depends altogether on your occupation. If you lay brick; eight hours; if you keep house; sixteen hours; if you preach the gospel; two hours; if you are a porter in a sleeping car, twenty hours; if you serve the government, one hour; and if you are a newspaper man, twenty four hours.

A newspaper is in no sense a child of charity. It earns twice over every dollar it receives and it is second to no enterprise in contributing to the upbuilding of the community. Its patrons reap far more benefit from its pages than its publisher, and in calling for the support of the community in which it is published, it asks for no more than in all fairness belongs to it, though generally it receives less.—Ex.

Every newspaper man has a right to be fighting hot nearly every day of his life. A newspaper man can say nice things about a man, puff up his business, compliment every member of his family, lie like a sinner to help a man out of his mistake, but if a two line item gets into the paper that strikes at this man's vanity, or if the newspaper man don't conduct his private and public business according to Mr. Man's ideas, he forgets all the favors, the newspaper man has ever done for him and goes on the war path, knocking for all he is worth against the paper. There is only one beauty in this kind of knocking, it generally makes the other fellow your friend.—Lexing's Weekly.

The charter of the Students' Memorial Loan Fund of the University of Texas was recently filed in the Secretary of States office. The purpose of the organization is to provide a student's loan fund of \$1,000,000 or more as a memorial to the former students of the University, who were killed, wounded or maimed in the great war. The fund will also be used as a memorial to the former students of the University, who were in the service during the war. The Students' Memorial Fund is a private corporation without capital stock. Among the prescribed duties of the board of directors is that it shall provide for lending in moderate amounts to worthy students of the University the income of the

loan fund in its hands. It may, when ever it has in excess of one million of funds in its hands of sufficient to form the endowment of a scholarship of reasonable value, set apart such excess for a memorial scholarship to encourage special research and investigation. The holders of such scholarships shall not be expected to repay any part of any money received from such source.

Parker County suffragettes have landed on Joe Baily with both feet. At a recent meeting in Weatherford the following resolution was adopted: "Resolved that we, the Parker County Woman Suffrage Association, together with others present on this occasion, do hereby deplore and denounce the high handed attitude of Joseph Weldon Bailey toward the women of Texas, declaring herewith that we resent with all our hearts and minds this unwarranted interference in the domestic politics of our State, and that, whatever may have been our admirations and esteem for the said Joseph Weldon Bailey in his palmy days, when his proud boast was that he had all the preachers of Texas against him and that all the women were for him, we do now hereby declare that he by his own acts forfeited that admiration and esteem."—Slatonite.

Simple Facts About the Victory Liberty Liberty

There are two kinds of notes are being issued. Both mature in three or four years, as the government chooses latter.

The first kind bear 4 3-4 interest yearly, payable every six months. These are free from State and local taxes, except State and inheritance taxes, and from normal Federal income taxes.

The second kind bear 3 3-4 percent interest and are free from taxation as the others are, but in addition are free from super-taxes, and every other form of taxes, except the usual State and inheritance taxes.

Notes of either kind can be changed for those of the other issue, at the wish of the buyer.

The notes of both series will be dated an d bear interest from May 20 1919, and will mature on May 20th, 1923. Interest will be payable on Dec. 15, '19, and after that June 15th and December 15th and at maturity. The dates on which payments will

be required on the notes are as follows:

Ten per cent with application on or before May 10th.
Ten percent on July 15th.
Twenty per cent on August 12th.
Twenty per cent on Sept. 9th.
Twenty per cent on October 7th.
Twenty per cent on November 11, with accrued interest on deferred installments.

Payments can be made in full on May 20th, the 10 per cent required with application having been made on or before May 10th. Payments can be completed on any installment date with accrued interest.

This accrued interest is the money you refund the Government on account of the fact that it pays you interest on the full amount of your Bond from May 20th, whereas it does not have full use of your money until you have paid the last installment. This amounts to little, of course.

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NO-132

Nervous headache is the result of a run down weakened nervous system. You feel out of sorts—everything seems wrong—food disagrees with the tired stomach—you can't sleep and have a constant case of "the blues."

Rev. Geo. Haffeman of New Cumberland, Pa., tells how he was cured after he had almost given up hope.

"Five or six years ago I became greatly worried on account of the condition of my nerves. I was prostrated and suffered so much I thought I would never be well again. I used one bottle of DR. MILES' NERVINE and began to improve from the first. I then used it until it completely cured me. It is without doubt the greatest nerve remedy ever discovered."

If you are troubled with a nervous affliction, you will find the first bottle of DR. MILES' NERVINE will bring relief. It is non-alcoholic and contains no injurious drugs—a safe, dependable and efficient family medicine. Ask your druggist about it.

ING NOW!

The Government investigation recently made public, shows that this country alone, is "shy" over 1,000,000 dwellings. It takes a mighty lot of MATERIAL and LABOR and TIME to construct that huge volume of buildings--not to speak of the vast amount of Commercial Buildings that are needed this year. It would be simply impossible to produce the actual needed construction this year if all decided to build right now, and the matter of the relation of supply and demand under the most favorable circumstances will be so sharply drawn that those who delay in arranging for their building are going to find that they must wait for the completion of work for those who were wise and energetic enough to TO ACT when the TIME was right. Our business is to help YOU get what you WANT in a HOME or any other kind of a building.

CLOSING OUT SALE

SENSATIONAL REDUCTIONS ON EVERYTHING

Having decided to quit business in Brownfield, I am going to give the people of this town and surrounding trade territory an extraordinary opportunity to buy merchandise at prices that represent a great saving to them. Recognizing that Brownfield has a great future, and that there is sure to be much development in this section soon, it has been with much reluctance that I have made up my mind to close my business at this place. But not being in a position to give my business here, my personal attention, I have taken this course.

The thing that I especially want to impress on the buyers of merchandise is, that I am willing to make a great sacrifice on this stock, that I may close it out quickly. Get it! Unheard of reductions on all lines.

BELOW IS JUST A SAMPLE OF OUR MANY REAL BARGAINS

BROWNFIELD

The Brownfield Odd Fellows and their families will meet tonight in their hall to celebrate the 100 anniversary of that splendid order. And it might not be out of place to say in advance that the ladies will furnish some good old cake, and the men will stand for the cream. We aimed to have mentioned this last week, but it slipped our noodle as slick as a button, and as a consequence the brethren had to notify members by card. Just kick us next time, boys.

Miss Lillie Wickerson, of Seminole came one day this week to help in the household duties of Mrs. Elder, as the latter is not enjoying good health at present.

Jot Smith, Association Cattle inspector, of Lubbock, was down this week in his official capacity.

Elder Chas. E. Metcalfe, of Idalou, Texas, came in on skedule time last Friday, and begin preaching a series of over Sunday sermons at the Church of Christ. There was a very small crowd on hand that night, and a little better Saturday night, but on Sunday and Sunday night, and in the afternoon at Gomez, he had a good hearing. Two made the confession here Sunday, and were Baptised Sunday afternoon at six o'clock. He will be with the congregation on the third Sunday in May. His sermons received many compliments by all who heard him, regardless of the church they belonged to, or whether they belonged to any congregation or not.

MILK COWS for sale, two miles south of Brownfield. See J. L. Young.

K. Carter, of Lubbock, was down this week looking after his mercantile business, and while here he decided that inasmuch as it was unhandy for him to come down so often that he would close out the stock in a big sale, a page ad of it being in the Herald this week, and we want our readers to carefully examine these rare bargains, and to take advantage of them. We are sorry that Mr. Carter has seen best to take these steps, as the stock is needed here, but we cannot blame him for the course he has taken.

Tom May left Tuesday for Lubbock, where he went to attend the district meeting of the Magnolia Petroleum Co.

Chase and son shipped fourteen cars of cattle from Seagraves this week to Kansas City market. They were in moderate condition.

Fletcher Stewart and Earl Hill, left Tuesday for Meadow, where they will work on the new school building.

Misses Tisia and Larue Sawyer, left Tuesday for Lubbock where they went to have some dental work done.

J. M. Story left this week for Snyder, where he will do carpenter work for awhile.

Mrs. T. R. Prideaux and baby left last Saturday for San Saba, to visit her mother.

PANHANDLE HAS HEROES

By Marie Barnett.

This is a story of heroes--heroes of the Panhandle; heroes who have returned mutilated, decorated, commissioned from the ranks; or not returning, lie beneath a wooden cross in France or Flanders; heroes because of whom we will buy bonds in the Victory Liberty Loan.

It is a story of John K. Boyce, a traveling salesman, who went away a sergeant and is now a captain, adjutant of his company; a story of John Gibbs who was gassed at Argonne.

It is a story of Bob Fletcher, a youth of 25, who gave both legs in a great cause.

Bob is a Plainview lad. He is remembered by his home town friends and relatives as being, before the war, a big, splendid chap measuring six feet, perhaps, and weighing 160 or 170 pounds.

He was left three days on the battlefield after his legs had been blown off, and when he was taken to the hospital behind the lines the surgeons there refused to operate. He could not be saved, they said, and so he was left to die.

But Bob Fletcher didn't die. He still lives, and returns to the States and to his home, the same cheerful, optimistic Bob that he used to be, and in addition he wears all the badges and crosses that England, France and America have to offer.

But the thing of which he is gladdest is, he has lived to say to the Panhandle, and to Texas, and America;

"Buy bonds. I paid for the war with my two legs. You are asked

only to pay in money."

Another hero of the Panhandle is Major Thomas D. Barton, who is said to be the most popular man in Amarillo.

On Oct. 9th he captured what is now known as "Barton Hill". It was at a time when he ran into a machine gun nest and all of his officers were shot down, leaving him at that time a captain, in sole command of his men. He picked up an unexploded German hand grenade and hurled it into an enemy dugout, destroying both men and guns.

In the citation which won him his promotion and the Distinguished Service Cross is the following paragraph:

"For extraordinary heroism in action near St. Etienne, France, 8-10 Oct. 1918. Captain Barton advanced his company against a strongly fortified enemy position and succeeded in capturing the enemy works, together with 20 machine guns and 90 prisoners. After he had lost all his company officers and sustained many casualties in his command, Captain Barton again moved forward through an intense barrage and established the most advanced position on the first day of the battle."

Practically all the men in Major Barton's company who went over as privates are now commissioned.

Dr. Hanson was one of the few fallen heroes of Amarillo. He was killed in action of Oct. 8th as a result of his own bravery. Taking a Red Cross flag he went over the top with the other boys, and planting the flag beside the first man who fell, began dressing his wounds. The physician was shot through the head and died.

"He is all the more the hero," Am-

arillo citizens say, "Because he was not required to go in the firing line. He went voluntarily."

Captain Will Erwin, ace in the American air service, is from Amarillo. He is the son of an evangelist, Rev. Mr. Erwin, who is now at Wichita conducting services. Before the war "Bill" was pianist in his father's revivals. He now wears several medals and is recognized as one of the most successful aviators the country has produced. Although he himself was never wounded, he has been in two battles in which the passengers in his machine were killed. At Argonne he was attacked by eight German planes, brought down three and escaped.

Recently Captain Erwin's father preached in Dallas, and the aviator flew over for the service from Ft. Sill, where he is now stationed.

Amarillo is also the home of Congressman Jones who left his seat in congress and joined the tank corps. He is a young bachelor with a brilliant speech and manner that attracts. He was with the congressional party that went into Italy to investigate conditions there, and on his return enlisted in the "treat 'em rough service."

Elixis P. Mimos, former postmaster of Bell Ranch, who is now in the medical detachment in Germany, wanted to be the Panhandle's first subscriber to the Victory Liberty Loan. When he went to war he put all the money he had in bonds, and a week or so ago he wrote from the land of the conquered enemy, instructions to invest all of his allotment saved during the time of his service, in the present issue of bonds. Not all of the heroes of the Pan-

handle, however, are men in service. From the civilian ranks one finds Geo. F. Lindsay, 40, who tried three times to enlist and failing, devoted his time to benefitting the boys. He has met all the trains on which soldiers were passing through acting as official entertainer, and leading all parades.

More than that, Mr. Lindsay, throughout the war, has prepared letters chronicling all the events and happenings in Amarillo and vicinity which he sent regularly to the boys in service, and the boys, writing back have said:

"If it weren't for you I don't know what we would do. Nobody can understand what news from home means to us."

And in conclusion, one must mention W. H. Fuqua, who is said to be the Panhandle's biggest man. He is a banker, stockman and capitalist. His training as a financial expert has been of invaluable service to the Liberty Loans. They say of him in Amarillo:

"He sets the pace, furnishes the enthusiasm and generalship, and fills the deficit in every quota. He is the mainstay of the Baptist church and the liveliest man in the whole country-round. He is a regular Teddy Roosevelt in action. And by the way Teddy was his personal friend."

Mr. Fuqua is a member of the Council of Defense and has been called (at his own expense) to Washington at least a dozen times on matters pertaining to cattle problems and general economics.

Read this story again--this story of Panhandle heroes, and see what they have given the war. You are only asked to lend.

The Tale of My Pig

A little girl in Windham County, Vt., a member of the boys' and girls' pig club, organized by the Department of Agriculture and the State Agricultural College, writes the following jingle in her report about the incidents in the life of her pig.

This is the story that I heard;
I'd tell it to you, word for word.

There lay my pig beside a ditch--
Or water hole, I don't know which.

Beside him lay another creature
Resembling him in form and feature.

The time I think, was last October,
The man was drunk, my pig was sober.

On the man's finger was a ring,
In my pig's nose a similar thing.

They both were dirty, fat and lazy,
And seemed to take life "aisy."

And there might be other points, I
weent,

Of likeness between the two be seen.

For brevity let it suffice

To say that neither looked too nice,

But in the mild autumnal weather
They lay contentedly together.

Some city people passing by
Chanced these companions to espy,

And as they passed they dropped a
word

Which my pig, listening, overheard.

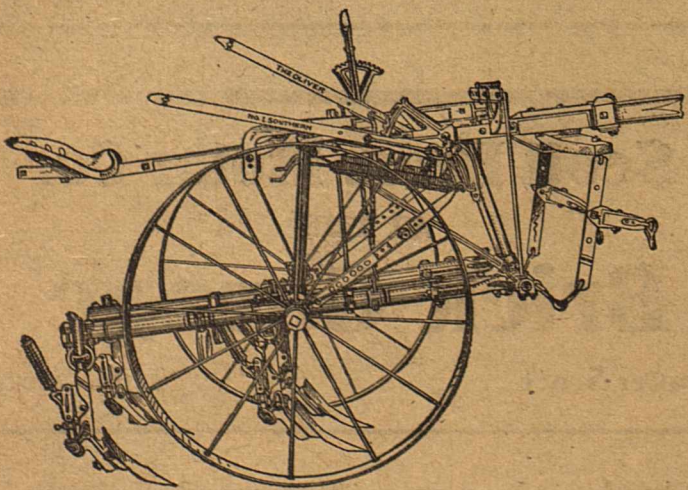

"You might be rightly judged" said
they,

"By companion kept from day to
day."

My pig got up and walked away!--

Gus Foreman, of Tatum, N. M.,
was here this week after supplies.
