WAKE UP NEILL! THATS OLD "STUFF"

Having noticed an article in this paper of November 7, in which Mr. Neill, your estimable citizen, states to the effect that "the lying land agents of Lubbock" were corrupting the opinion of prospectors and incidently "knocking them out of a happy home" we feel that it just that a little light, "though under the bushel" would cast a quite different ray, with more brilliancy, than that sit on a "candle stick" some fifteen years ago, on the matter.

Mr. Neill is what is known as an "old timer" on the South Plains and no doubt is one of the best citizens, that is (land-agent kind) in this section. There probably was a time some ten years ago when the statements made in Mr. Neill's articles about "lying land agents of Lubbock" would be correct. Today that condition does not exist as it did when the South Plains and Lubbock were in their infancy. Land agents here ten or fifteen years ago would discourage immigrants from settling in Terry county, because there was plenty of cheap land here and the same commission was paid on land here as South. Today Lubbock land agents are up against a problem of securing farms of small acreages at reasonable prices (that is prices in accord with similar lands on the South Plains) because of more the advanced stage of maturity it has attained. These men are now listing more land south of Lubbock county; advertising more farms and ranches for sale in counties south than they are of those located in Lubbock county. If Mr. Neill is in touch with "things" as he should be and I am assured he is, he knows the same conditions does not exist as it did some years back. But, from impersonal standpoint, being in the land business as I am informed he is, and knowing that Lubbock men are

boosting sales in that country as I am sure he does, it rather looks as though, from a bystander, that he acted selfishly in accusing these men of dirty tricks, and acted only selfishly in his own behalf in order to reflect upon the character of Lubbock land agents, with purpose of hindering them for selfish personal gains.

Lubbock realizes her position as the metropolis and center of distribution for the South Plains; she knows that the quick settlement of Terry, Yoakum, Cochran, Gaines, Hockley is one of the best sources from which she will serve best and receive most. Lubbock land agents realize this and they are willing, anxious and waiting to aid in every way to settle this promising section. They request a list of all farms, ranches and other property in these counties. (Probably there is where Mr. Neill's feet got stepped on.)

I am familiar with present conditions in Lubbock; meet the trains daily; see who and what land agents meet the trains, and I vouch that 90 per cent of them are specializing on selling Terry, Yoakum and Gaines county lands and produce printed matter to show for proof.

A South Plains Friend.

Martin & Son have erected a sign in front of their building to direct strangers where to find them. We are glad of it too, for it will save us from answering so many questions, as a lot of them stop at the Herald office and want to know if it is a boot shop. Sometimes we wonder if some people really can't tell the difference between a boot shop and a print shop.

WANTED: 100 Cars of maize. See H. H. Copeland at Higginbotham Harris & Co. yards, City.

J. L. Randal left yesterday for the Methodist Conference at Lubbock.

Married

Last Sunday morning about ten o'clock Mr. Clarence Lewis and Miss Ima Sawyer drove to the Baptist parsonage and Rev. J. Anderson spoke the words that bound two hearts as one.

Mr. Lewis is one of our very promising young business men, being a member of the firm of Lewis Bros. & Co., and probably has as many or more friends than any young man of this city. Clarence is a sure enough good boy in every way, and will do his share in making a home happy.

Miss Ima has been brought up from childhood right here under our eyes, and we believe we know what we are talking about when we say that she is a general favorite. Although coming from a family with plenty of this world's goods, she is not a snob in any sense of the word. She has education, refinement, and is beautiful and lady like; a girl that any one can admire. She will make Clarence a wife to be proud of.

Mr. Sides, proprietor of the Home Cafe was badly burned this week, while helping to weld a casting for the road grader. It seems that he was filling a gasoline torch from an air filling tube at one of the garages and forgot to cut it off before removing the air tube, and gasoline, air and all rushed out in his face, and took fire from the torch. He threw his hand over his eyes and saved them, but one side of his face and ear was badly burned. Had it not been for the quick assistance of M. V. Brownfield and Curley Gamble in smothering the flames, the results might have been much more serious.

Mesdames T. E. and J. F. Hobbs, accompanied by the former's little daughter, left this week for Hollis, Okla., where they will visit with relatives and friends.

MARVIN ON THE JOB

House of Representatives U. S. Washington, D. C. Nov. 6, 1919. A. J. Stricklin, Editor, Terry County Herald, Brownfield, Texas.

My dear Sir and Friend:

I am in receipt of a marked copy of the Terry County Herald, referring to the efforts of the citizenship in securing daily train service.

I have taken the matter up with Edward C. Niles, Director, Division of Public Service, U. S. Railroad Administration, and he has requested Regional Director Bush, of St. Louis, to investigate and make a report on the situation at an early date.

In the meantime I would suggest that you take the matter up with the State Railroad Commission, and present the facts to them also. I suggest this because I was able to secure some additional trains on some other roads by working through both commissions.

I am leaving the copy of your paper with Mr. Niles, and will be glad to press the matter in every possible way here.

Sincerely yours,
Marvin Jones.

SGT. McPHAIL BACK FROM OVERSEAS SERVICE

Sgt. Eddy McPhaul, formerly of Terry county, arrived in our city this morning, having recently been discharged from army duty. Sgt. McPhaul enlisted in the army here about two years ago and spent about seven months in France and ten months in Germany with the Headquarters troop of the 3rd army. He will visit with relatives and acquaintances a few days in Terry county and leave for points in western New Mexico to visit with his mother and brothers.—Lubbock Avalanche.

FIGHTING TUBERCULOSIS

These facts have been gathered together by experts on the staff of the National Tuberculosis Association, and by the Texas Public Health Association, for the information of editors in connection with the educational campaign to fight tuberculosis and prevent its spread.

Tuberculosis kills producers, chiefly men and women between the ages of 16 and 45.

It claims workers, active men and women in the homes, the office and the shop.

It causes over 1,000,000 deaths in the world yearly.

Its death toll is 150,000 in the United States each year.

4,561 died of tuberculosis in Texas in 1918. More than 1,000,000 persons in this country are suffering from active tuberculosis right now.

It costs the United States in economic waste alone, about \$5,000,000,000 annually.

It menaces every community, every home and every individual.

70 per cent of infection from this disease comes first to children under 16 years of age.

Tuberculosis may develop 20 years after infection. And yet tuberculosis is curable and preventable.

It is spread largely by ignorance and neglect.

The Texas Public Health Association of the National Tuberculosis Association and is waging a continuous war on tuberculosis.

The Association is working among children, to lead them to form Health Habits; it sends workers among the Mexican and Negro populations; it helps school teachers and school children, through a Public Health Nurse; it assists in building hospitals and sanitoriums in city and country and is fighting for a hospital, especially for the tubercular, in every county in the State.

This year the Association has reached over 310,000 children in a Modern Health Crusade, co-operated with over 30,000 school teachers, distributed over 100,000 pieces of literature in army camps and over Texas, and given its services in health work to nearly every county in the State.

The work of the Texas Public Health Association is financed chiefly by the sale of Red Cross Christmas Seals.

Over 90 per cent of the money raised in Texas in the intensive Seal Sale Campaign from December 1st to 10th will be used for Health Work in this State, while the other 10 per cent will go to the National Tuberculosis Association and the American Red Cross, and a percentage of this will come back to Texas in the work of these two great soci-

eties.

Tuberculosis in Texas can be cured and prevented. Tuberculosis is prevented by exercise, cleanliness, good food and fresh air.

It is cured and arrested by rest, fresh air, wholesome food and sunlight. No medicine will cure tuberculosis.

WEST TEXAS SHOWING HER PRODUCTS

The year 1919 undoubtedly witnessed the exhibition of West Texas products to a larger aggregate number of persons in more different parts of the United States than has ever been the case before.

Under the auspices of the West Texas Chamber of Commerce a comprehensive group exhibit of West Texas products, gathered from all parts of West Texas, was shown at the Indiana State Fair, Indianapolis; Kentucky State Fair, Louisville; Tennessee State Fair, Nashville; and the International Soil Products Exposition, Kansas City. Chester Crowell, Publicity Manager, who handled the exhibits at these great national fairs.

At the State Fair of Texas, 15 West Texas counties displayed their varied products at Texas' big show. Agriculturally it was a West Texas show.

And at the Texas Cotton Palace a total of 21 West Texas counties are now showing their exhibits to the people of the Great Black Land belt of Central Texas, a territory from which so many West Texas farmers have come.

And West Texas county exhibits were also shown by Dallam County at the Kansas State Fair at Hutchinson; by Wheeler and Collinsworth counties at the Oklahoma State Fair; and several West Texas counties are planning now to send exhibits to the Louisiana State Fair at Shreveport.

West Texas will also be represented by an exhibit at the Mississippi Valley Fair at St. Louis, the details for which are now being worked out by the West Texas Chamber of Commerce.

MITCHELL FIRST COUNTY OVER

The first county in the entire Southwestern Division of the Red Cross-Texas, Missouri, Kansas, Oklahoma and Arkansas to go over the top in the Third Red Cross Roll Call now being conducted was a Texas county. Mitchell County, Texas, Tuesday telegraphed Edward Hidden Division Director of the Roll Call, at St. Louis, that the county's quota of 1000 members had been attained on the first day of the drive.

This is an increase of 502 members over last year. The population of the county is 8956. G. B. Harness of Colorado, Texas, county Roll Call Director in announcing the result said: "We have reached our quota and are still going."

We are glad to admit that the Herald made a \$500.00 mistake in giving the amount of money John Hall is to receive for his services of carrying the mail from Lubbock to Brownfield and return six times each week. We announced that he would receive the sum of \$4492 when it should have been \$4992 per year instead. John has purchase a large Dodge commercial car, and the mail business on this line has already shown a decided improvement, the mail getting here now right on the dot, or if anything, before the dot. However, we are very sorry that we are to lose the citizenship of John and his estimable lady, as they are to move to Lubbock, for the reason that the mail must start from there of mornings, instead of from here.

ANNOUNCEMENT: I take this method of informing the public that I have purchased the Tailoring and cleaning business from John Hall, and I beg a continuation of the valued patronage accorded him, and I assure you that I will treat you right in every way, and make each job satisfactory. Yours for business, Arnett Bynum.

Elder H. L. Taylor, of Lubbock, came down on the train Friday and preached for the Church of Christ at Gomez Saturday night and the same church at Brownfield Sunday morning and night. His audiences here were light on account of the fact tha very few knew that he had arrived and also because the weather was somewhat disagreeable. He will be here again on the next second Sunday.

NO EVIDENCE OF AN INFLUENZA EPIDEMIC

St. Louis, Nov. 1st.—There is no indication of an epidemic of influenza this winter, according to speakers of Military Surgeons of the United States here.

Colonel Victor C. Vaughn in an address declared the dirtier the atmosphere and the more bacteria one breathed, the more immune he would be to disease. This was proved, he said, by statistics compiled during the war, which showed that the greatest death rate from disease was among men from rural districts.

Contrasts between the marvelous efficiency of the German surgical methods as compared with the almost chaotic conditions that existed in the allied armies at the beginning of the war, and the wonderful change that brought the latter to the very pinnacle of surgical efficiency in the latter days, were made here by Lieutenant Commander William S. Bainbridge.

The Abilene Times turned down its Magazine Section this week because it contained patient medicine advertising. Of the two, we can't figure which is worse, patient medicine ads or Wild Cat Oil ads, but we believe we prefer the former, for they do deliver the goods whether meritorious or indifferent.

Miss Shanya Ravekind, a Russian girl who is now a student of the College of Industrial Arts, visited the University of Texas last week in connection with the Y. W. C. A. work. In an informal talk Miss Ravekind told of her purpose in coming to America six years ago to share the freedom and education of this country and other desire to return to Russia and do social work among her own people. She said the lack of schools there was deplorable, there being not more than ten ward schools in all Russia. The socialist party in Russia, Miss Ravekind said, had been greatly misrepresented in the United States, as it really stands for the best principles of democracy and the spirit of brotherhood.

We had a letter from a reader one day this week enclosing the proper funds to keep the "Terry County Booster" as he calls the Herald headed his way another twelve months. And he has it in his head that the editor is in the land business on the sly, so to speak. Well, he never did make such a wild guess before in his whole life, for the Herald promised the citizens of this county at the time we took charge of the Herald more than ten years ago that we would strictly stay out of the land business and try to print them a respectable country weekly, and we have tried to live religiously up to this agreement, and they have too, for there never was a paper better supported in the same size county, population considered. However, this particular reader has a section of land in Yoakum county that he wishes to trade for an improved quarter near Brownfield, as he wants to settle here. And if there is a reader who can accommodate the gentleman, the Herald will furnish you his name.

British railways employees ask a share in the management of the railway companies of Great Britain. This is the latest proposal submitted by the national union of railway men of the British isles. Argument of the British labor leaders is that railway employees could contribute to the management by reason of their experience and ability. An old world died when the Teutonic Caesar abdicated. A new civilization is in the making. BLIND MEN MAY NOT BE AWARE OF THE FACT.

We do not usually pay any attention to anonymous communications, but we received the above through the mails last week, and the sender who cleverly withholds his identity, underscores the last sentence for our special benefit. As the sender seems to be a reader of the Herald, we will just say that a Russian Czar has also abdicated and the Bolsheviks have

seized all the industries of that unfortunate country, and they are either being wrecked or at a standstill. NO PRODUCTION. All intelligent writers say that the last rulers are ten times more absolute and cruel than ever was Czar Nicholas, AND EVERY BODY BUT A BOLSHIE CAN SEE THAT TOO.

TO GET BUYER AND SELLER TOGETHER

Austin, Texas, November 4
To the farmers' Institute and Local News Papers.

The State Department of Agriculture is receiving many letters asking where cotton seed may be bought for next year's planting.

These inquiries come as a result of excessive rains which have ruined the germinating qualities of many thousands of tons of seed and unless farmers get their cotton seed now and store them, it is almost certain that not enough seed can be had next spring to plant a normal acreage.

Therefore, we are writing this letter to the members of the farmers' institutes, urging them to buy their cotton seed this fall, if they need any, for fear that they may not be able to buy them at all next spring.

Again, if you have good sound seed for sale, write T. S. Minter, Director of Bureau of Markets, Austin, giving him the variety, quantity and quality of the seed you have for sale and he will list your offering in the Market Journal free and otherwise assist you in finding a market for same.

If you wish to buy cotton seed for next year's planting write Mr. Minter and he will give you a list of those who may have seed for sale.

Bear in mind that we do not handle any one's money nor the seed offered. We simply put the buyer and seller in direct communication with each other.

We would appreciate any assistance that any local newspapers may give by publishing this letter, and and thus assist the farmers in the sections where said papers go to buy or sell their cotton seed.

Sincerely yours,
J. W. Neill, Director of Farmers' Institutes,
T. S. Minter, Director of Bureau of Markets.

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. . .

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

ANNOUNCEMENT

To the Patrons of the South Plains
Telephone Co.

Owing to the present high price of labor and material, we find it necessary to raise our rental rates. In order to give efficient and sufficient service, and to satisfy the demands of justice and reasonableness, these prices must cover the cost of rendering that service and leave a profit which compares favorably enough with the profit of in other branches of industry to attract to the telephone companies a continuing supply of capital for extensions and improvements required by the Telephone using public.

While the rentals here in Brownfield have not advanced since 1913, and you are still charged the old pre-war prices, yet labor has advanced 75 per cent and material over 100 per cent and in some instances as high as 300 per cent.

For the purpose of making some comparisons with the present prices charged by this company, and the present prices of other commodities, we wish to call your attention to the following, taken from Table L Index Number, Bureau of Labor Statistics of the United States Government

Group	Year	April
	1913	1914
Farm Products	100	213
Food	100	207
Clothes and clothing	100	215
Fuel and lighting	100	177
Metals and metal products	100	153
Lumber and building material	100	161
Drugs and Chemicals	100	169
House furnishings	100	231
Miscellaneous	100	216

While we do not intend to raise the present rates 203 percent, yet in keeping with other commodities this would be the average per cent, and in view of the above facts, we have no hesitancy in asking our subscribers an increase of from 20 to 35 per cent. Should any of our subscribers deem

this increase unjust and unreasonable, we will be glad to go into this matter further with them and explain in detail fully the present abnormal conditions affecting Telephone Service.

The present management has about completed the rebuilding of the entire outside equipment, also the re-wiring of the subscribers stations in the city of Brownfield, and contemplate the erection in the near future of a new office building, and the installation of entirely new central office equipment, and we promise our subscribers that every penny added to your present rentals, will be used in the betterment of the present service.

Rates effective on Brownfield Exchange on and after Dec. 1st 1914 will be as follows:

Business Telephones	\$3.00
Residence	2.00
Rural	2.00
Switching (six or more on same line)	1.00
Switching private	2.00
Extension Telephones	1.00
Extension Bells	.25
Installing Telephones	3.00
Moving Telephones	1.50
Desk Sets Extra	.25

Strike Oil Near

Big Spring Last Week

Oil has been found on the McDowell ranch in Howard county twenty miles southwest of Big Spring, according to the Big Spring Herald of last week's issue. Pay sand was struck at a depth of 475 feet. Samples of the oil was brought to Big Spring and pronounced live oil. The General Oil Company has the contract for drilling in this territory.

What Is It That Interest You Most When In Need of Merchandise

The size of the building in which the merchandise is housed, or is it the matter of quality of merchandise and the price of same. We have just what you need in the way of merchandise. Good quality and properly priced. Our stocks are all new, fresh and clean. We have no left overs from past seasons of merchandising. We invite the most painstaking examination of our offerings, because we know we are in line with any and all legitimate competition.

W. D. Winn and J. W. Hatton left this week with a nice display of the products of old Terry for Central West Texas, where they are both well-acquainted, and will talk to the farmers of that section first hand and show them just what the best

county in the world will do. They are, of course working for the Neill Realty Co., of which they are both members. We hope they will succeed in landing a nice bunch of prospectors, and we believe this is the best way to go after them. One member of the firm, Mr. Bond, in-

formed us that as soon as they get back off the trip, he was going to carry an exhibit to the north plains, where he is well acquainted.

PRINCE ALBERT
the national joy smoke

ROLLING your own cigarettes with Prince Albert is just about as joy'us a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. homo-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-my, what a wad of smokesport will ripple your way every time you fill up!

SEAGRAVES SAYINGS

By Reporter

Well it still rains in Terry. There has been only two fair days in this week.

Mrs. John Haney, of Ralls, came in from Seminole last Friday and took the train Saturday for her home, after visiting her parents at Seminole. She was accompanied to Seagraves by her sister Mrs. Vina Scott, and Miss Ora Richards.

Messers R. C. Newsom, Davenport and Malcolm, from Haskell County, were here last week looking at some land. Mr. Newsom is a brother of Mrs. J. W. Bachman, and it was the first time she had seen him in twenty two years.

The play "How the Story Grew" which was rendered by the Mothers' Club Friday night at the school house, was fine. There was a large crowd and they took in about \$24.00

Judge T. O. Stark and wife, accompanied by two of the teachers from Seminole, attended the play Friday night.

Mrs. J. W. R. Bachman and daughter spent the day with Mr. and Mrs. R. T. Creil Saturday.

Mr. Walter McCravey, from near Plains, started down to the play Friday night, but his car broke down so he did not get in.

Rev. O. B. Annis preached his farewell sermon last Sunday night to a very good crowd. Bro. Annis has been with us two years.

J. W. R. Bachman and family, J. K. Hill and family, spent Sunday with J. E. Goodwin and family.

Mrs. Milton Good and children were down Friday visiting Mrs. C. L. Elder.

Mr. J. L. Sharman made a business trip to Lubbock Monday returning

Tuesday.

Mr. W. B. Crow is moving his family to Brownwood where they will make their home. Mrs. Crow and the baby left Tuesday Mr. Crow will leave about the 15th.

Mr. J. C. Sartin made a business trip to Seminole last Saturday.

Miss Mary E. Durham came in Tuesday from Post City where she has been visiting her parents. She left Saturday intending to come back Monday but missed the train and came in from Lubbock with Mr. Sharman Tuesday.

The Temple Trust Company has decided to keep their ad in the Herald as they say they are getting results from it. We are glad that the Herald is giving them their money's worth, and that they are lending their money to good old Terry Co. citizens.

THIS IS THE YEAR to plant trees See John B. King at the Brownfield Land Office for all kinds of nursery stock. Representing the Plainview Nursery.

M. B. Sawyer is attending court at Hereford this week, being a witness in a case.

School was dismissed this week, and the children were put in the cotton patches, there being several of the business men who volunteered to carry them out. As one of our business men stated, the cotton crop is entirely too valuable to waste, and he was willing to do his part to get it in while the weather is good. All above the fifth grade are out, and we understand that some of the instructors are out too gathering the fleecy staple, and making ever so many bucks per day.

WILL GO TO JAPAN

Rev. H. L. Hughes, pastor of the Methodist church of Ralls, was here one day this week visiting with friends. Rev. Hughes will sail from San Francisco the 24th of the coming January for Japan, where he will serve his church as missionary.

Rev. Hughes is well known in the Plains country, having held the position as pastor in the counties of Andrews, Terry and Crosby, during the past few years. Rev. Hughes, before coming to the Plains country, attended the Southern Methodist University of Dallas and while in that city was pastor of the Methodist church. He is a young man who has a great influence for good, as shown by results that he has made during his stay in the different places.

Rev. Hughes will attend the District Conference meeting in our city which convenes here next week.—Lubbock Avalanche.
