McDOUGLE WANTS MORE INFORMATION ABOUT TERRY

Either, Brownfield, Lubbock, Plainview or Tahoka, Will Land Mack Yet

Editor Terry County Herald,
Dear Sir:—

I am much obliged to you for the frank answers to my list of inquiries about your country in a recent issue. From the information contained in same you must have a good country. A country ought to have some sand in it. I hope your friend Dock Powell will not be so wasteful as to masticate any more of it with his tobacco. This generation is too extravagant with its natural resources.

I was especially interested to learn that the blind tigers were intimidating the wild cats. It would be nice if we had some of them down here to intimidate our moccasin snakes. We are constantly afraid of getting snake bit. If we do Morris Shepherd and Will Hobby will have an awful responsibility if we do not get well.

I see you state that you have a good corn country. It is a pity you have not got some running water. This is a good corn country but we have no facilities for handling it. I understand that further over in "Eas' Texiz" they would make 20 gallons to the acre.

There is a little more information I would like to have about your plains country.

1. Have you got any sable colored sons of Ham for inhabitants?
 2. What kind of lubbers live in Lubbock?
 3. What is the plainest thing you can see at Plainview?
 4. If Tahoka is Spanish for Alkalie, why couldn't the Lynn County News be changed to Alkalie News and in the interest of saving on print paper, strike out two syllables of the first word?
 5. What is the predominant political party out there?
- We bottle-scared veterans here be-

lieve in those basic principals of government taught by Alexander Hamilton; in the right of free speech, and occasional free lunch; in vigorously enforced laws against watering stock, or diluting anything else that does not need it; we are against the search or seizure laws and believe in the free and unlimited coinage of all corn and barley products, at the ratio of 16 to 1.

We also believe in tick eradication. The law ought to be changed though, for some Smith county candidate for governor, which hasn't been dipped, is liable to invade our territory at any time.

There is no sickness here except the flu. It has got measles and mumps backed off the board. The treatment is different. The Dr. said we did not have it and didn't need any, but we know we did. Anyhow we felt powerful bad and it would have been a good preventive. We were as sick as Zeb Hanking was and he got his'n and we didn't get our'n. I will close as I don't feel good now this morning. The hoot owls raised cane alright with the chickens.

Geo. McDougle,
Moccasin Bend.
The Answer.

You are quite welcome, Mack, for the information about the grand old commonwealth of Terry that we have heretofore handed you. We never get worry of answering questions concerning the old sister, and we are truly glad that you are still interested, but we are very sorry that you are such a crank about dipping, as your letters indicate that you are below the tick infested line, and we might have trouble in getting you across, as we are satisfied that you are no effusionist and would abhor dipping. The reason that we say this is the frequent mention of running water, corn and barley in your letter. We are not going to mention any of the religious denominations, but you know there is one that are said to be especially fond of corn juice, and using the snap judgement, we take you

for one. Now come clean, Mack? However when you get ready to move to old Terry, don't forget your WORM, for we know a half dozen men that will furnish you a free location in their corn fields, gladly, and as for running water—well the windmills run here almost all the time. Even this editor will go with you this far in your religious faith.

Now your new questions:
No. 1. No sons of Ham closer than Lubbock, and that is far enough away to suit a Comancheite, isn't it. But for fear that you might suspicion some of our dark skinned white folks when you get out here, will just say that they will have no objection to your lifting their hats and examining their hair.

No. 2. We had to consult old brother Noah Webster on the lubber business, and find that means a clown, and as we have no statistics handy on just how many are in the city of Lubbock, we ask you to write the Lubbock Chamber of Commerce, as they have the citizens of that town well classified and will be glad to give you the information.

No. 3. The plainest thing in Plainview is men, the bill'o-fare and the burros, in the order named. There are others but we believe this will be sufficient.

No. 4. We are glad you put us wise on what Tahoka means, but let us just give you this tip. The editor of the Lynn County News is going to hang on to the original name, if it takes all the print paper in America and Canada to do it. You will never get him to compromise on "Lie News" and you just as well forget it. Sorry you had the flu and could not get the time honored remedy.

Come to Terry.

SCHOOL NOTES

Friday the twentieth, the Brownfield Basket Ball teams played two games. The boys played the Seagraves boys and the girls played the Seminole girls. The players on the boys team were: Mithero Brown, Winfred Swan, Wade Headstream, Richard Castleberry and Andrew Castleberry. They won with a score of 14 to 2. The girls team was composed of Viola Holt, Vera Humphreys, Beulah Thornton, Buna Newlin, Ola Bea Faucett and Ina Howard. They too were triumphant. The score in this game was: Brownfield 32, Seminole 16. These were both very interesting games and some excellent playing was done on both sides. But the crowning event in the sports line took place Saturday when the Brownfield basketball girls beat the Tahoka girls 39 to 6.

The interest of the townsmen in these sports of B. H. S. is shown by the presentation by them \$22 to the basket ball girls at the winning of this game.

Brownfield school is progressing in other ways too. We now have about 60 pupils in high school alone and new ones are starting every day. We hope soon to be able to move part of the pupils into the new school house. The meeting of the High school literary society has been postponed until then.

Every one has been preparing for the county meet to be held soon at this place. Brownfield is hoping to win not only in athletics but also in other things, such as: essay writing, extemporaneous speaking, debating etc.

Mr. L. Townsend, of Yoakum county went to Lubbock this week for an operation, but said he might have to go on to Dallas, as he had to go to that place some time ago.

Tom Howard left this week for points in New Mexico, and may extend his visit on to Arizona, before he returns to Terry.

MOORE ABOUT THE BASKET BALL GIRLS

There is not a more appreciative bunch of girls in existence than the Brownfield basketball girls, for nearly everyone of them have personally thanked the editor for the article he wrote about them last week, and right here we want to acknowledge that we have probably ignored the good quality of both boys and girls, for the reason that the editor is no sort of a sport, having never seen a basketball game played in his whole life, and that is our only excuse for this seemingly indifference toward reporting their good work.

One of our girls said our article tickled her where we remarked that that our girls were neither fat or lean, and she believed that we were trying to guy them a little bit, or had something up our sleeves, or words to that effect.

No, indeed. We could have gone on and said that our girls out Venus-ed Venus, and ancient history tells us that this Greek girl was some Elberta; we could have told how the blush of the half blown rose would look sickly compared to the cheeks of the basketball maidens; we could have spent time and a half column of reading matter raving over their dimples; we could have drawn a rude comparison of their eyes to diamonds, with a slam on the latter, and told the truth all the way through.

But listen girls: You must remember that our wife takes this paper; that your beaux takes this paper—everybody reads the Herald—and our wife and your beaux might take a notion that we were trying to flirt with you girls, and as a consequence, this paper would wake up some morning bright and early, minus an editor. We hope you catch the drift; it is not because we could not say a lot of nice things about you.

TOKIO TALKINGS

By Grasshopper.

Well we failed to report last week. Glad to report Miss Pearl Rushing able to be out at Sunday school again.

The Washington birthday program and pie supper at the school house last Friday night was a success from every stand point, good entertainment and the supper brought \$90.00. Tokio certainly has a liberal set of boys, the box supper paid for the organ and some on the lights and now they will finish paying for the lights and buy stage curtains and Sunday school song books. The old folks showing their appreciation to the boys allowing them the balance of the \$90.00 for the benefit of our ball team.

Our Literary Society meets on the last Friday night in every month and we invite everybody to be with us at that time and will do all that is in our power to give you the best of entertainment.

Rev. J. E. Pippin of Lubbock preached at the school house Sunday afternoon and night. He also will be with us on Saturday night before the forth Sunday.

Rev. J. W. Baughman of Brownfield will preach Sunday the 29th. Preaching on the ground and dinner all day. Everybody come and bring your lunch baskets well filled as that is the best part of the program.

J. R. Hill moved to his place in the Harris settlement. We are sorry to lose him from our neighborhood but wish him well in his new home.

Many of the people of Tokio have left, we are glad to say, other people are coming in to take their places and are rapidly building up our school.

K. F. Campbell and family left last week for Crosby county where they will make their home in the future. We are very sorry to give them up in our settlement and Sunday school but wish them well in their new home.

Bill Black of Gomez was out in the Tokio neighborhood Saturday on business.

We learned last week that John Gaum was on the sick list but we hope he is better by now.

BROTHERS & Brothers delivers your groceries to your kitchen.

Still the new readers are pouring in, and no wonder, when more than 100 cars of new people have come in the last three months to make old Terry their future home. Since the last paper, the new readers are O. K. Tongate, J. J. Turner, L. R. Pounds and J. B. Lynn, of this county, besides several that have been sent out of the county to relatives. Come to Terry.

CITATION BY PUBLICATION

THE STATE OF TEXAS:—To the Sheriff or any Constable of Yoakum County—Greeting:

You are hereby commanded to summon J. H. Brannon, E. S. Rowe, and J. J. Rushing, J. E. Rushing and I. W. Givkrey, Trustees of the Ranger Big Pool Oil Company, an unincorporated association doing business under declaration of trust, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a news paper published therein, but if there be no newspaper published in said County, then in a newspaper published in the nearest County to appear at the next regular term of the District Court of Yoakum County, to be holden at the Court House thereof, in Plains, Texas, on the 2nd Monday in April A. D. 1920, the same being the 12th day of April A. D. 1920, then and there to answer a petition filed in said Court on the 27th day of February A. D. 1920 in a suit, numbered on the docket of said Court No. 144, wherein J. W. Gates is Plaintiff, and J. H. Brannon, E. S. Rowe, Individually and J. J. Rushing, J. E. Rushing and I. W. Givkrey, Trustees of Ranger Big Pool Oil Company, an unincorporated association doing business under declaration of trust, are Defendants, and said petition alleging:

I. That heretofore to-wit on March 1, 1812, the Plaintiff sold and conveyed to the defendant J. H. Brannon Section No. 206, Block D, and Section No. 256, Block D. Certificates Nos. 272 and 307 respectively. John H. Gibson original grantee, situated in Yoakum County, Texas, and executed deed bearing said date conveying said property in which deed the vendor's lien was expressly retained to secure the payment of purchase money due the State of Texas, which the grantee assumed and agreed to pay and also to secure the

payment of the two vendor's lien notes described in the next paragraph of this petition; which deed is duly recorded in Book 7, page 266 of the Deed Records of Yoakum County, Texas.

II. That in part payment for said lands, the defendant, J. H. Brannon executed and delivered to Plaintiff his two negotiable, promissory, vendor's lien notes, each bearing date March 1, 1912, and drawing interest from date at the rate of 8 per cent per annum and providing for payment of 10 per cent attorneys fees if not paid when due and if placed in hands of attorneys for collection or if collected by legal proceedings; each note containing the following stipulation:

"It is understood and agreed that failure to pay this note or any installment of interest hereon when due shall at the election of the holder of them or any of them mature all notes this day given by J. H. Brannon to said J. W. Gates in payment for said property."

Each of said notes reciting that it is given in part payment for the lands and promises hereinbefore described and retaining the vendor's lien to secure its payment; Note No. one being for the sum of \$1064.00 on or before five years after date and note No. Two for the sum of \$1064.54 due on or before ten years after date.

That the interest on said note No. one has been paid to March 1, 1915, that no other payments have been made on either of said notes nor the interest.

III. That on December 18, 1916, by deed bearing said date, the Defendant, J. H. Brannon conveyed said lands to the Defendant, E. S. Rowe and as a part of the consideration for said conveyance the said Defendant E. S. Rowe assumed and agreed to pay all indebtedness due the State of Texas and also assumed and agreed to pay the said two promissory notes hereinbefore described; all of which fully appears in said deed as recorded in Book 12, page 104 of the Deed Records of Yoakum County, Texas.

IV. That the annual interest accruing on said Note No. Two, and falling due March 1, 1914, and March 1, 1915, has never been paid either in whole or in part, and that the annual interest falling due on both of said notes March 1, 1916, 1917, 1918, and 1919, has never been paid either in whole or in part, but that the said defendants have wholly made default and failed and refused to pay the said annual payments of interest and that said Note No. One is long past due and wholly unpaid and though demand for payment of said note and of said accrued interest on each of said notes has been often made the Defendants have failed and refused to pay the same; and that thereafter contracts entered into by and be-

on February 10, 1920, the Plaintiff J. W. Gates elected to declare and did declare each and all of said notes, both principal and interest, due and payable at once and placed said notes in the hands of Snodgrass, Dibrell & Snodgrass, attorneys, for collection and suit, and agreed to pay them the attorneys fees provided for therein.

V. That the said Defendants wholly failed and refused to pay the interest accruing to the State of Texas on the purchase price of said Sections of land and that this Plaintiff has paid to the State of Texas for and on behalf of the said defendants, in order to have the said lands from forfeiture, the sum of \$1120.00 and he is entitled to judgement against the said Defendants for the said sum of money together with interest thereon from the dates of the payments made by him and to foreclose his vendor's lien reserved in said deed as security for said sum of money; that he paid said amounts to the State of Texas on the following dates, to-wit:

December 1, 1915, \$224.00.
December 1, 1916, \$224.00
January 14, 1918, \$224.00
June 13, 1918, \$224.00.
December 1, 1919, \$224.00.

VI. That the other defendants herein are asserting some right, title, claim and interest in and to the said lands and premises under and by virtue of certain mineral leases and

tween them and the defendant E. S. Rowe, and recorded in the following book and on the following pages, of the Deed Records of Yoakum County, Texas, to-wit: Book 14, pages 10, 9, 1, 11, 12, 13, 14 and 15; but that whatever rights, titles, claims or interests the said Defendants have in and to said lands and premises are inferior to the lien herein asserted by this Plaintiff and he is entitled to foreclosure as against said Defendants.

WHEREFORE, Premises considered, Plaintiff prays for citation to the Defendants and upon hearing hereof, that he recover judgement against the Defendants J. H. Brannon and E. S. Rowe for his debts, including principal, interest and attorneys fees, and all cost of suit and judgement foreclosing the said vendor's liens upon the said tracts and parcels of lands as against all defendants herein and for costs against all defendants herein and for order of sale and general and special relief, and will ever pray.

Herein Fail Not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Plains, Texas, this the 27th day of February A. D. 1920.

W. H. HAGUE, Clerk,
District Court, Yoakum County.

THINGS HUSBANDS NEVER DO

"You have done something this morning that you have never done before," said a wife to her husband, says the London Mail. "Twenty tries and you won't guess what it is."

The husband thought of his failings and ventured: "Rinsed the bath after I used it?"

"No," replied his wife, "you will never do that."

"Shut my tie and collar drawer?"

"No."

"Smiled at breakfast time?"

"No."

"Said good morning?"

"No."

"Passed the toast to you?"

"No."

"I give it up," said the husband. "You folded your pajamas."

Here are the other things that according to wives their husbands never do:

They never leave their slippers twice in the same corner.

Never hang a towel tidily.

Never put coal on the fire until it is nearly out.

Never use an ash tray when there is an empty fireplace.

Never use a hat peg when there is a chair in the hall.

Never ask their wives how they spent the day.

ANNOUNCEMENT: On or about the 15th day of March, we will open up a full line of fresh groceries, both staple and fancy, in the building now occupied by the First National Bank. More about it next week. When we open, we beg a share of your grocery business. A. B. Cook & Son.

LABOR IN POLITICS.

Organized labor, with Samuel Gompers as leader, has boldly begun a national campaign to elect a congress that will carry out its far reaching and radical program. Organized labor proposes to work in both parties, and to vote against any candidate for congress who does not bind himself to become a serf of Sam Gompers. Organized labor constitutes only five per cent of the people of the country, so it is said. Then why should the other 95 per cent be robbed for the benefit of only five per cent? The farmers constitute the greater per cent of the population of the country the interests of organized labor are exactly in opposition to those of farmers. Why should not the farmers and the professional class vote against the candidates of organized labor? Ultra organized labor is dictatorial, unfair and un-American. It should be shown that it must respect the rights of other people.—Plainview News.

ELECT A BUSINESS MAN.

Pershing's fool friends are actually trying to make him the nominee of the Republican party for President. That now appears to be the upshot of that big triumphal tour he has been staging all over the country. The Post is doubtful that the General can ever be nominated. Then, if nominated, it ought to be a simple matter for the Democrats to defeat him. Formerly a number of warriors rode into office on their war records but the Post has been under the impression that the American people had progressed somewhat away from that warrior, hero worship and that it would never again be possible to elect a man President merely on a good war record. We still think so but are waiting to see.—Childress Post.

NO ATTRACTION IN WEAKNESS

Writer Denies Statement That Pale, Fragile Women Appeal to Chivalrous Instinct In Men.

There seems to be no end to the discussion of marrying and giving in marriage, and the viewpoints of the disputants are as various as their previous condition of servitude. The latest to add fuel to the ever-lambent flames of the controversy is a speaker who told the international conference of women physicians that "what every woman knows" today is that "pale, weak women are most appealing to men" because of the chivalrous instinct of fragility and pitiable dependence. To this finding many will enter their respectful demurrer, says a writer in the Philadelphia Ledger. There is nothing particularly attractive to a man in the prospect of having a life partner whose health is precarious and who is unable to look to the ways of her household or to be the participant in the husband's interests in his business or in his recreative hours. There are all about us the most beautiful and touching examples of devotion and interdependence between husband and wife, when the one or the other is enfeebled by an inherited or an accidental ailment, but such an ailment is a liability and not an asset in the partnership; and while in the mid-Victorian days, of which we hear so much, it may have been fashionable to look as though one were passing into a decline, and it may have been considered soulful and spiritual to be unhealthy, today it is held to be morbid and even immoral to make anything less than the most and the best of the bodily tenement that is the home of the immortal spirit.

HONOR MEMORY OF WOMEN

Many Places of Prominence Named for Distinguished Members of the Weaker Sex.

Many geographical names have been given places to honor the memory of women. Thus it is that Elizabeth, N. J., was named to honor one of England's queens, while Virginia was named to honor the virgin monarch. Maryland preserves the name of the queen of Charles I. The Naval academy at Annapolis does honor to Queen Anne.

The English were particularly generous in conferring names of women on places. In Australia the late Queen Victoria is honored in two provinces, Queensland and Victoria, while the most beautiful city in that commonwealth, Adelaide, was named in memory of the queen of William IV of England. The province of Alberta, in Canada, was named for Princess Louise Alberta, daughter of Queen Victoria, and wife of the marquis of Lorne, who was governor-general of Canada in 1882. The largest lake in Africa is Victoria Nyanza, and Victoria falls were named for Queen Victoria, as was also the capital of the province of British Columbia, Canada.

The island of St. Helena was named after the mother of Constantine the Great, who also gave name to her birthplace, Helenopolis. The French were especially prone to honor the holy women of their race, and Sault Ste. Marie and other points in Canada, first pierced by French priests, blaze their trail across the continent.

Putting Pest Damage to Profit.

Every one who has a garden detests a mole—every one, perhaps, but a certain woman gardener out in Bryan county, Okla. This ingenious person, who reported her experience to the United States department of agriculture, puts them to work. A number of these pests undermined her garden, digging diminutive tunnels here, there, and everywhere. It would have discouraged the average woman; it didn't disturb this one. She started a little irrigation plant of her own, using its tunnels as irrigation ditches. She filled the tunnels with water repeatedly, until the garden was well watered, and finally drove the moles off the premises.

Origin of Sand.

It is calculated that nine-tenths of the coasts of the world are covered with sand. What is the origin of this sand and to what circumstances is its abundance due? Men of science, says the New York Sun, have explained this in part by saying that it is due to the erosive effect of the waves upon the rocks, but it is generally admitted that this is not sufficient to account for the vast quantity of sand that borders our beaches. Undoubtedly a very considerable portion represents the material carried to and toward the ocean by the storms and glaciers of the Ice Age.

The man who used to spend all his time perfecting perpetual motion has a new diversion; he's trying to cross airplanes so they'll lay eggs.—Buffalo News.

The Campaign Is On

Brownfield is seriously handicapped in growth and development because of a shortage of Homes.

Many families are living in cramped quarters or hunting a place to live.

Every patriotic citizen should lend his efforts to this campaign to build more homes. If you are a renter build a home of your own. If you own a vacant lot improve it with a house for rent or for sale.

We cannot hope to attract additional families to Brownfield unless we can provide comfortable housing.

Our modern home plans will help you to decide.

A \$500,000 RANCH DEAL

The Ansley Land & Cattle Company of this city recently sold Kell & Joyce, of Wichita Falls, the Rita del Plano ranch near Springer, New Mexico. The ranch consists of 65,000 acres and the deal includes 2,000 head of 2-year-old steers. This was one of the biggest deals on the Plains in some time, the consideration being \$500,000. Possession will be given April 1st.

NOTICE

By the authority of the Commissioners Court of Yoakum County, I hereby notify the owners of land in Yoakum county Texas, that they must be or begin killing the prairie dogs on their property on or before the 20th day of March, 1920. Those who fail to do so, I am authorized to proceed to kill them, charging all expense to owners, their property to stand good for the expenses. J. C. Keller, Sheriff, Yoakum County Texas.

Geo. Berry was in from the ranch one day last week after supplies.

Jim Parks was in Tuesday from the Tokio country to receive treatment for his arm that had gotten considerably torn up in his well machine Monday. It seems that he had reached over some cogs to do something when his sleeve caught, and he was gradually being dragged into the cog, but the clothing on his arm began to slow up the machine. As it was, his arm was badly torn and bruised and it will be several weeks before he will be able to do any more work.

We met another new comer in the

post office the first part of the week, Mr. J. B. Lynn, who recently moved here from California. He has bought land about four miles east of town, and of course will read the Herald while he is making a good crop.

NOTICE: Have just returned from Dallas, where I bought a splendid line of new racket goods, and will soon open up on north side of the square. Watch for my opening ad in the Herald.

Dee Brownfield who was in from the mountains of New Mexico last week reports the mildest winter he has spent out there, and that cattle have gone through the winter in prime shape.

Our Tax-Assessor, Clint Rambo, has purchased the lots and offices of the old Kemp Lumber Company, and will use the same for his home as soon as the old sheds are moved away. These offices are built like a residence and only not be a pretty place when the old sheds are gone, but will be handy to his office in the court house.

The churches of the town are preparing to put on a religious census of Brownfield, as there are lots of new people here that the pastors do not know how to classify. If no other good results, probably it will induce more people to attend church and Sunday school.

P. G. Stanford, of Plains was over this week after a little more feed to finish through the winter, and informed us that he had been using corn, but that had gone so high that he thought he would use cake the rest of the winter. He has a fine herd of white face cattle, and informed us that he was going to get a fine crop of calves from the \$3,000.00 male he purchased last spring. He says that cattle have wintered well, as this has been such a mild winter.

Mrs. Geo. Warren and little daughter, of Lorenza, were here last week visiting her father and family, R. R. Lewis. They have recently moved from the Central Texas oil belt to Lorenza, and are liking their new home splendidly.

Mrs. Homer Ingle and the children left Saturday for Lubbock, to visit their husband and father over Sunday.

Well, the old sand storms are here in all their glory, at last, but they are about a month or six weeks late this year and we have hopes that they will therefore draw to a close a little sooner than common. They are the one disagreeable feature of the west, and if we did not have them we would have the far famed country with all the coons up one tree.

It is estimated that already more than one hundred emigrant cars have arrived in Brownfield since the rush started to old Terry after the buyers had finished gathering their crops east of here. There are new farm homes going up all over the county, and Terry is going to be one of the best farmed counties in West Texas some of these days, for the real farmer has just begun to come here.

Say Mr. Newcomer, you must remember that you have the advantage of the editor as well as of the other business men of the town, for there are only a few of us compared to the

hundreds of you, and you are going to have to give us time to learn your name and not get you confused with some other new man. If we are not able to call your name right off the bat, don't think that any of us are stuck up and do not want to know you, for that is right opposite of what we mean to be. We are just plain old western people, and don't know what STUCK UP means, and just you wait about six months, and if you do not object, we will be calling you by your first name.

HE PANTS FOR FAME

A boy in the Wichita schools has been suspended for reading the following essay on "pants."

"Pants are made for men and not men for pants. Women are made for men and not for pants. When a man pants for a woman and a woman pants for a man they are a pair of pants. Such pants don't last. Pants are like molasses—they are thinner in hot weather and thicked in cold. The man in the moon changes his pants during the eclipse. Dont go to the pantry for pants, you might be mistaken. Men are often mistaken in pants. Such mistakes are breeches of promise. There has been much discussion as to whether pants are singular or plural. Seems to us when men wear pants they are plural, and when they don't wear any pants, it is

singular. Men go on a tear in their pants, and it is alright, but when the pants go on a tear with the man it is all wrong."

FORT WORTH MAN WILL BUY RANCH IN YOAKUM

J. W. Carter, oil man of Fort Worth, passed through here the latter part of last week en route to Yoakum county where he went to look at a ranch with intentions of purchasing and making his home in that county. Mr. Carter informs us that the move to the Plains is more for the health of his family than for investment reasons, believing that the climate here is ideal.—Lubbock Avalanche.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women got relief by taking Cardui. Why not you? All druggists. NC-123

I am going to cater especially to the people of Terry and Yoakum counties. I want them to have the good service they've been used to at home when they come to Lubbock and at a reasonable price.

GUS RANDOLPH, Prop.

Mr. and Mrs. Walter Frazier had some of their relatives and friends to spend last Sunday with them and eat a turkey dinner. The turkey wasn't near all of the eats either, we could hardly sample everything. Those present were G. W. Alexander and family, F. M. Ellington and family, W. H. Harris and family, Miss Grace Ellington, L. C. Green and family, A. P. Ross, Buck Howard and ye scribe and family. All enjoyed the day and we hope they will have turkeys next year.

H. C. Boyd and family and Arthur Holtzclaw were at Harris Sunday evening. They came down after Arthur's fine new saddle. Some saddle that is.

This Week.

Mr. Editor, we don't understand why our items are a week late. We read the article in which you said that all communications should reach you by Tuesday morning in order to get into print the week you receive them, since then we have been careful to mail our items here at Harris on Monday. You will remember our mail rempms at Tokio over night, still you should receive our letter by Tuesday noon at least.

We are sorry to report that our Yoakum County neighbors are not through with the flu yet. Mrs. McMillan is still quite sick. Mr. H. P. French is much improved and we hope they will soon be rid of the flu. Mr. Abbie Taylor was out of school two weeks because of sickness in his family but they have opened school again.

We Harris people have been very fortunate, in that none of us close around the store have had the flu, although we have almost rubbed elbows with it for a month.

Abbie Taylor and M. P. Williams went to Brownfield and back Saturday.

Little Miss Eileen Ellington celebrated her sixth birthday with a dinner Sunday, to which she invited several of her little friends with their parents of course. The dinner was enjoyed by all, but the cake with its six candles held the children with undivided attention. When the candles were lighted each small guest took

HARRIS HAPPENINGS

By Sand Bur.

(Delayed)

We are glad to be able to report sick folks all up this week.

The Turner school closed this past week. The trustees and patrons report a very profitable school term under Miss Ethel Harris' management. Because of the short term Mr. Cobbs little daughter, Cornelia didn't quite finish fourth grade work so she is staying at home. Mr Harris' and Miss

Ethel is teaching her privately.

M. P. Williams and W. B. Cotten went to Brownfield Thursday after freight.

W. H. Harris went to Brownfield Friday after freight for his store, but as goods were not there he brought back salt for Brit Clare.

Roy Fitzgerald and family visited at his father's Saturday night and Sunday.

Mr. Editor you aren't any ahead of us, we were invited to a turkey dinner too and accepted of course.

turn in extinguishing a candle. Some had to be relighted in order that each child get a turn. The little guests were Jewell Wartham, Corneila Cobb, Paul Cobb, Francis Cobb, Winnie, Vivian and Brit Jr. Clare. Every body enjoyed the day and all wished the little hostess many, many happy returns of the day.

F. M. Ellington dehorned some cattle at Brit Clare's Monday.

Mrs. F. M. Ellington and daughter, Eileen accompanied by Cornelia Cobb called at Mrs. Clare's Monday afternoon.

H. P. French and family went to Tahoka Monday.

Editor's note:—We usually get your letter and the Tokio letter late Wednesday afternoon when we go after the evening mail, and of course too late for that week's edition. This one, however arrived on time as luck would have it. Yes it actually made the 18 miles in 24 hours; usually takes them 48 you know.

ARTHUR SAWYER, CITY

HOW JOHN WANAMAKER ADVERTISED.

Practically every day during the war the Paris edition of a leading New York newspaper carried an advertisement over the name of John Wanamaker, the American merchant prince. This paper was read every day by the soldiers from the Mediterranean to the front line trenches, on to the Rhine.

Wanamaker did not tell about his great department stores in those ads. But in a land where letters from home were few and far between his messages, sent by cable from the States, brought comfort of loved ones and a touch of home-cheer to the hearts of the soldiers.

Those ads made Wanamaker two million friends. They built up a reserve of good will for him and his stores that will pay millions in dividends in the next few years.

The returned soldier passing Wanamaker's or seeing the ads telling about his stores unconsciously thinks: "Hello; here's our old friend of the Paris paper. We'll have to go in and trade with him." For Wanamaker tells about his stores in the home papers. His faith in advertising is unlimited.

The merchants of this town can make friends. They can cash in on good will by getting acquainted with the people thru the newspaper. They can make people think of their stores as the soldier think of Wanamaker's.

People like to trade at a store that advertises. They know it enables to buy to advantage. And it makes friends and profits for the merchant.

Messrs E. L. and B. A. Ingle, accompanied by their sister, Mrs. Rufus Vervalin, all of Roysse City, were here the latter part of last week to attend the bedside of their brother, Homer Ingle, who underwent an operation in a local sanitarium. They returned the first of this week to their home.—Lubbock Avalanche.

J. S. Garrison, of southwest Terry, was in one way recently helping one of his new comer neighbors unload his car and move him out.

Mr. Henry Need arrived in Brownfield this week and immediately accepted a position with Martin & Son to make boots. He is an old hand at the business, and will add much toward this popular boot shop getting up with their work again.

Miss Lillie May Campbell is visiting with her friend, Miss Addie Bell Ware, of Polecat Canyon Community.

Those who attended the Buyers and Sellers convention at Amarillo last week report a record crowd, but not much trading. It is a noticeable fact all over the cow country that trading has been extra light this spring, and what few deals have been made have been kept secret, for the protection of either one or both parties involved, and we have not been able to learn. But as soon as the spring rains arrive, and grass shoots up, the cattle business, we believe, will assume its old status above board.

TO THE POINT

"What is love?" asks one of the world's greatest newspapers. We will bite. It's bettin' yer whole darned life on a 40 to 1 shot on the race track of matrimony. There was a feller onct who won, gosh bing him! And see what he done!

Suppose just frinstance, that old Prof. Porta had set January 17 as the end of the world instead of December 17. The former dates the end of the world anyhow—for the "wets."

Congress is warned it must cut a billion dollars from its 1920 expences. Paint'er up, Con, get one new tier and a blowout patch and let'er go at that. "Everybody's doing it now!"

"Stop eating \$1-a-dozen eggs and 90-cent butter!" screech the high cost of living busters. Most of us have done that without being hollered at.

A state paper giving advise to young girls, says "nothing is so good for chapped hands as white vaseline... Z'at so? How's dishwater?"

We see that the Wilson cook "has went" and got married. And now Mrs. Woodrow will have to put her apron on and sail in!

A Chicago newspaper says science will control sex by diet. This is where a lot of mere men are going to fight the last ditch.

Three cooties have been discovered in Pennsylvania. Must have heard of a possible war with Mexico.

Suggestion for plank in all 1920 plat forms: "Cheaper beans—and a wider knife to shovel with!"

Sugar at 21 cents a pound is going to make honeymoons danged expensive.

Well good by, Emma; take keer of yourself—and Alexander.—Borrowed.

Commissioner D. S. Cunningham recently visited Amarillo, to see what the Avery people were going to do about the two big tractors in this county, which are now out of commission. It seems that the Avery people put a very weak piece under these engines at first, that will not stand up when the engine is pulling a heavy load. They claim to have over come this deficiency now, and are to send a man in the near future to remedy the trouble and put our tractors to work. The Commissioners are also buying a small tractor to pull the drag after rains, when the other engines might be in some other part of the county.

NOTICE: Where any party takes as many as 25 meals during March at the Hill Hotel, the price will be 50 cents.

THE TEMPTER JAILED.

The Ancient Mariner saw "water, water everywhere with never a drop to drink."

The modern mariner by paraphrase is as surely shipwrecked. The bonded warehouses are full of whisky as a hivey person with scratch, but the parched and gasping derelict sees no hand thrown out in succor—not even two fingers.

In Kentucky's barred bastiles alone, in a state of quiescent kick, stands enough ambrosia to blow the good ship Temperance sky-high—but pshaw! what's the use? The gimlet has lost its cunning and straw descends to the plebeian depravity of horse bedding.

And while all this convict whisky is in durance vile, man is experimenting with silo juice, lemon extract, hard cider and plug tobacco, harness oil and carbolic acid, embalmer's fluid and wood alcohol—equal parts and shake!

Alas! No man is a human ostrich. He cannot drink hydrofluoric acid and live, hence strange epitaphs are appearing daily in the crowded "haunt" of men:

Jim Hickey loved his fellow man. He likewise loved his risky.

Deprived of that by cruel rote,

He drank a can of creosote—

Hic jacet Jimmy Hickey!

J. S. Corning made a trip to Lubbock last week, where he purchased a full line of racket goods, and as soon as they arrive, he will open up in his building on the north side of the square.

WHY SHOULD THEY WORRY?

Invisible War Vessels.

Owing to the enormous range and accuracy of modern naval guns it is highly important for small war craft which depend upon speed rather than armor plate to weather the attacks of the enemy to render themselves as invisible as possible. Heretofore a dark-gray paint has been considered the best color to apply to a war vessel. Now experiments are being made with varieties of colors. Ideas are being borrowed from the mimicry of nature. We find certain animals coated with spotted fur and other ones upon the nature of their environment. In exactly the same way certain naval authorities are trying to render torpedo boats invisible by painting wavy stripes on them, which at great distance are scarcely distinguishable from the natural wave formation of the ocean's surface.

Bidding for Wine Tanks.

Wooden wine tanks made useless in California by prohibition still can be counted in the asset column of their owners. Buyers from Argentina, France and Italy, are already bidding for well-seasoned oak tanks. Redwood tanks are not as popular, but may be purchased by the foreign buyers.

H. Romera-Day of Buenos Aires is the first foreign buyer in the field, says an exchange. He is trying to obtain options before Pierre Martens of Paris and M. Collin of Rome arrive in California. Only 4,000 of the 14,000 wine tanks in the state are of oak. It is said Mr. Romera-Day is authorized to buy a shipload of knocked-down tanks for shipment to his country.

Norway's Building in London.

The British dominions now have great buildings in London, where their activity is centralized and proclaimed to the world. So far no foreign nation has an establishment of this kind, but Norway has acquired Victory house,

Charling Cross, where Norwegian activity in London will be centralized. The sum paid for the building and site is \$1,125,000, the whole amount being raised by public subscription in Norway.

Speeds Building.

Norwegian builders have developed a method of construction for temporary structure in which netting made of wooden rods is fastened to the uprights, bound together with wire, and covered with plaster.

FOR SALE: Big Poland China Boar and several good brood sows. See Geo. Cardwell, 5 miles northwest of town.

J. R. Hill was in this week from the Harris country, as he has bought a section of fine land in that community, and moved from the Tokio community. J. R. says there are no better neighbors in the world than is found in the Tokio community, and he sure hated to leave there, but the people where he has moved to are western people, and he hopes to still have good neighbors. He has now about 25 head of cattle, and is figuring on leasing some more grass and adding to his herd. We imagine that you won't see J. R. a town citizen no more soon.

J. A. Miller, one of our hustling carpenters visited us this week and handed us the price to keep 'er coming.

Well, the railroads went back into the hands of the owners Monday, but they will be still be operated by the same people, we understand for a while at least, until they can be formally received by the owners. The local trains have been more on time

lately than when the big freight rush was on, as the corn is not moving quite so fast now, and the local agent, Mr. J. M. Shields informed us that the Santa Fe lines as a whole were now getting their sidings clear, and were moving freight more on the dot than in several months, and he thought in a few more weeks the traffic would be clear enough on the other lines that shippers would get better service.

C. Schroeder, of the Tokio community was in one day this week and had his paper changed to Sagerton, Texas. He says he and family like this country fine, but as his wife has heart trouble he had to move with her to a lower altitude. Mr. Schroeder has made us a good citizen, and we regret to lose him. He has not sold his place here.

The Methodist pastor, Rev. Baughman told a friend recently that the Herald was the best country weekly he ever read, regardless the size of the town. The Baptist pastor, Rev. Anderson has been profuse in his compliments time and again. These good citizens we believe mean it too, for we have not heard of either announcing for any office.

Jack Head and family arrived here from Fisher county recently but shipped to Lubbock, as they were afraid they could not get a house here, and sure enough he could not. Its either build or move.

The ground has been cleared and carpenters are putting up a cement house preparatory to the erection of the Tudor garage. Mr. Tudor informed us recently that he had decided to build back 120 feet instead of just 100 as originally planned, that while he might not need the addition-room right now, the day is not distant when he will.

Messrs M. V. Brownfield, John C. Scudday, Will Mathis, Bill Pool and Bill Cook, were among those from this place who attended the Cattlemen's Convention at Amarillo, recently.

Dee Brownfield was here last week over night from his ranch at White Mountain, N. M. This was Dee's first visit to the old home town in about two years, and he was agreeably surprised at the rapid growth of the town.

Workmen are now busy excavating the foundation for a modern, fire proof telephone building for the South Plains Telephone Company, which has its headquarters in this city. Mr. Plain, the manager informed us that the building would be 27x50 and face Harden street about one block east of the square.

A. B. Cook, one of the erstwhile good farmers of the Union community, who sold out recently and moved to town, informed us one day last week that he would put in a new grocery store in town as soon as the First National Bank moved into their own building, as he would put in the same building they vacate. He says that the town is now large enough to support another grocery, and that he and son are going to supply that demand.

J. K. Shipman, the Lubbock monument man was here last week and paid the Herald a friendly call. He reports that business is good, but like most every other business in West Texas, he has a time getting hands to do the work he gets.

Rev. Gray, a Christian minister from Lubbock, was here from Friday night and over Sunday, and delivered four good sermons to the local congregation of that church in the Presbyterian church building.

MISSIONARY SOCIAL

Mesdames Snodgrass, Farrar and Downing entertained the Missionary Society and a number of visitors Saturday afternoon at the home of the former in honor of Mrs. W. A. Bell who has given us her efficient, untiring and loyal service as president the past year. The pretty little home of Mrs. Snodgrass was decorated with flags bringing out the George Washington spirit.

In as much as there was no business the afternoon was spent in a social way.

First little slips of paper and pencils were passed and the ladies were asked to write all the inventions they could think of since George Washington's day. Everything was thought of from air ships to low neck dresses and high heel shoes. Then a very entertaining program was rendered as follows:

Invocation, Rev. Baughman; Reading, Arthur Snodgrass; Solo, Elizabeth Downing; Reading, Mary Ann Bell; Solo, Mrs. Boyce Cardwell; Piano Solo, Mrs. Dallas; Reading, Nina Walters; Piano Duet, Mrs. Ware and Ada May Snodgrass; Readings by Misses Weeks, Gaston and Hulsey and Mrs. Ware respectively.

Mrs. Farrar regretting the absence of flowers stated that they had made George Washington Roses and that the first be given the President. She brought in a box with a rose on the top, when Mrs. Bell took the rose it was attached to the contents of the box in which were many useful gifts.

Delicious refreshments of Pine apple jello, whipped cream and cake were served to the following members: Mesdames Fred Scudday, Longbreake, Mathis, Endersen, Hall, Boyce Cardwell, J. T. May, Bynum, Bell, Treadaway, Burgess, Flippin, Walters,

Baughman, McGowan, Ware, Dallas, and Halley. Visitors were Mesdames Rentfro, Alexander Stark of Seminole, Rev. Baughman, Misses Gaston, Weeks, and Hulsey. Both members and visitors expressed themselves as having a very delightful afternoon. Mesdames Snodgrass, Farrar and Downing proved themselves as ideal hostesses.

A Guest.

A HELPFUL HINT.

"How can I go about it to get a drink in this town?" husked a recently arrived guest who looked as if he needed irrigation.

"Well," replied the landlord of the Petunia Tavern. "I'll tell you what you might do: Go to the second corner up the street, pass around it and to the ally, go down the ally about half way and you'll come to a gate standing open, a crack in a fence made out of old bill board lumber. Go in through the gate and along to a cellar back of the shanty standing in the lot, lift the cellar door and go down the steps, whistle three times and a dirty old feller will come with a lantern and look you over, and tell that there ain't nothin' doing in this dod-blasted town since the blankity-blanked prohibitionists got so sizzled-fired active. That is the best I can do for you Mr. Dryer."—Judge.

FOR SALE. Some good hogs. See G. B. Swan, City.

G. B. Swan informed us this week that he was now in touch with parties that had peanuts for sale, and that he would order for all those who wanted them at just what they cost him.

W. F. BIGHAM, DEAD

Again the death angle has thrust his sickle into our community and cut down another of Lynn County's old and honored citizens. W. F. Bigham familiarly known as Uncle Frank, passed into the great beyond, Wednesday morning at 3:00 o'clock. Mr. Bigham had been failing in health for several years. About a year ago he suffered a stroke of paralysis, from which he never entirely recovered.

Bro. Bigham was a native of Missouri, but moved to Texas in an early day. In 1881 he was married to Miss Angelina Morrison, who survives him. To this union were born four children; L. E. Bigham and Mrs. S. H. Windham, of Tahoka; Mrs. James Hutto, of Lorenzo, and Mrs. Clarence Keever, of DeLeon, Texas, all of whom were with him in his last hours.

Mr. Bigham was a man of sterling character. He obeyed the gospel at the age of 21, and having reached his sixty-first mile stone, he spent 40 years in the family of God. He had the happy privilege of seeing all his children born into that spiritual family.

Bro. Bigham was of a very jovial disposition and numbered his friends by his acquaintances. His life's actions were governed by the great principle, "Do Unto Others as You Would have Them Do Unto You."

The writer was privileged to know him as we know few men in this life. He hated sin and hypocrisy and loved righteousness. He often regretted that his opportunities in his younger days, were not better to prepare him for greater usefulness in the church of God. He was extremely devoted to his family, and was loved and revered by them in return. He was a

loyal citizen of Lynn county.

In his death we all lose a true friend and Lynn County a noble citizen. Our loss is his gain.

To his bereaved family we would say, look up through your tears to the promise of his Lord and ours. "Blessed are they that do His commandments, that they might have right to the tree of life, and may enter in through the gates into the city."

A Friend.

PEANUTS ANSWER DEMAND

The peanut crop has responded to the increasing commercial and industrial demands until in 1918 about six-sevenths of the production left the producers' farms. The crop was at the high water mark of 46,000,000 bushels and, of this, 68 per cent was sold for various uses, 13 per cent was sold for local use, 4 per cent was sold for food for local use, 6 per cent was fed to live stock without the vines on the farms of the producers, and 9 per cent was fed to live stock with the vines. Many details of information relating to this subject were published in the Monthly Crop Reporter for January 1920.

Enoch Hunter happened to a very painful accident one day this week when a mule kicked him on the thigh. The thigh bone was not broken, but the flesh was badly bruised. A local physician dressed the limb for him.

BROTHERS & Brothers will appreciate your grocery orders.

R. M. Goodpasture was in one day this week after lumber to do some improving on his place south of town.

FRESH BREAD received daily at Dumas Cafe.

JEFF SINGLETON KILLED

One of the most horrible killings in the history of Fisher county occurred Tuesday afternoon near Claytonville when Chester Harris shot and instantly killed Jeff Singleton.

The Harris' and Singleton had a law suit some weeks ago in the Claytonville Justice Court and this is supposed to be the direct cause of the shooting.

According to Sheriff Lambert, Singleton was working on his fence in the pasture and Chester Harris and his father Lon Harris had been to Sweetwater and were returning home and met Singleton as he was leaving his pasture in route to his home.

No one was present except the three mentioned above. It is said that the Harris' will plead self defense, claiming that Singleton opened fire upon them first. Singleton was shot from his horse and died instantly, 12 bullets taking effect in his body.

The weapons used were a 32 repeating winchester rifle and a 32 Colt automatic pistol.

The killing occurred about six o'clock and Sheriff Lambert arrested two Harris' and they are now confined in the county jail. Chester Harris claims the 32 automatic pistol taken from him by the Sheriff is the property of Jeff Singleton. The grand jury meets Monday and the killing will be investigated by that body.

Singleton was about 40 years of age and leaves a wife and one daughter.—Roby Record.

Mr. Brown and family, of Lorane, Texas, arrived last, and immediately moved to their new home in the West ern part of town. Welcome.
