

COLORADO READY FOR COLORFUL INDEPENDENCE DAY FETE

RANGE AND FARM CATTLE OF COUNTY BEING TESTED UNDER FEDERAL DIRECTION

Work Is Begun Monday From Colorado, Westbrook And Loraine Offices

Work of testing range and farm cattle of Mitchell county for T. B. infection was started Monday morning under supervision of the Federal Bureau of Animal Industry with four accredited veterinarians in charge. Offices from which the tests are to be made have been established in Colorado, Loraine and Westbrook. There will be no charge for this service, County Farm Agent Ben J. Baskin has announced. Each veterinarian is being assisted by a local man who is familiar with ranch and farm headquarters in the area. Small herds are to be tested 100 per cent and all dairy and registered herds will also be given test to cover each individual animal. Herds having from 41 to 100 animals will have ten of the number tested. For all larger herds ten percent will be tested.

RELATIVE OF COLORADO MAN WINS HIGH HONOR

Miss Nancy Dawes of Big Spring, reported in newspaper stories recently as having won distinction in literary and musical circles at the Texas State College for Women at Denton, is a niece of Thos. Dawes of Colorado. Miss Dawes and Miss Joyce Hunter of Roysse City were announced as co-winners of the Leman Memorial Trophy, highest tribute offered students in their field at the school.

POST OFFICE BOX KEYS BEING TAKEN BY PUBLIC

Keys for lock boxes in the new postoffice building are being taken in large number by patrons of the office. Postmaster Fraser stated this week. Announcement that the keys were ready for issuance was made by Fraser a few days ago. There are three keys to each box and a charge of twenty cents each is advanced by the government for use of the same.

BICYCLE RIDER INJURED IN CRASH IS IMPROVING

Harry Devoil of Grand Bay, Alabama, painfully injured when run down by an automobile on Highway One near the east city limits two weeks ago, continues to improve, according to reports from Root hospital. Devoil was enroute from his home to Oakland, California by bicycle when hurt.

RODEO BOSS READY FOR STARTING ANNUAL SHOW

Pete Ainsworth of the Spade ranch was in town Thursday night and stated that he was ready to open the big show at rodeo grounds west of the Colorado river July 4th. Ainsworth, who is to be arena boss, has made reservation at a local hotel for he and Mrs. Ainsworth during the celebration.

JUDGE MAUZEY HOLDING COURT IN CALLAHAN CO.

District Judge A. S. Mauzey went to Baird this week where he is holding court for District Judge Milburn Long, who is ill. Judge Mauzey had been invited to hold the Callahan county court all of this week but due to pending matters here was on the local bench during first part of the week.

HEAVY RAIN AT BUFORD ON SUNDAY AFTERNOON

A heavy rain fell at Buford and vicinity late Sunday afternoon, doing damage to fields and crops. The downpour, said to have been heaviest of the year there, lasted but a short time but flooded low lands and washed across farmlands.

Street And Bridge Contracts Will Be Let Soon By State

Contracts for widening paved surface on East Second street and West Point avenue from the Hickory street intersection east to the city limits and rebuilding Lone Wolf Creek bridge are to be let during a July meeting of the State Highway Commission, according to recent news reports out of Austin.

The paving projects call for widening the thoroughfares to forty feet and the bridge is to be built into a four traffic lane structure.

Federal appropriation of \$34,800 for this work was authorized several months ago.

Notice detailing specifications and labor schedule to apply on the projects is published in another column of The Record today by the highway commission. Bids are to be opened on July 3.

ATTRACTIONS OF MEXICO CITY TOLD BY SPEAKER

The attractions found in Mexico City were told in an interesting manner Friday by Miss Mabel Smith, Spanish teacher in high school as she addressed members of the Lions Club. The information given was of special interest to delegates who plan attending sessions of Lions International in that city this Summer.

EXTERIOR HEDGE AT THE COURT HOUSE IS DUG UP

Hedge along outside property line about the court house lawn has been dug up as a move to add to general appearance of the grounds. Due to shade from trees and other conditions the growth has never done well. Hedge along the walks and about the building is to remain.

TO BUILD ON RANCH IN MILLS DURING THE YEAR

H. Ohlenbusch, pioneer farmer and property owner of Loraine, was in Colorado Saturday on business. Mr. Ohlenbusch stated that he would leave soon for Mills County to start construction of a native stone home on ranch property recently acquired there. He and family expect to make their home on the property.

UNCLE OF LOCAL MAN AND WOMAN IS DEAD

Jeremiah N. Nolen, old-time trail driver who died in Abilene last Thursday night, was an uncle of A. J. Nolen and Mrs. Olive Lipps of Colorado.

Funeral service was held Friday afternoon at the graveside in the Palava cemetery, nine miles northeast of Sweetwater.

COTTON CO-OP LOOKS TO WIDE FIELD OF SERVICE

The West Texas Cotton Growers association is looking to a wider field of service during the next season and will utilize its every facility to attain that end, according to J. M. New, resident manager, who during last week attended annual cotton school of the organization in Abilene.

Class In Sunday Schools Of County Will Sponsor Drive Against Legalized Liquor

Classes in the Sunday schools at Colorado and other communities of the county are offering cash prizes for best essays on the subject: "Vote Against Whiskey For Texas Youth," during annual Youth Prohibition campaign to open next Sunday.

Classes of First Baptist and First Methodist churches were among first to announce cash prizes for contestants. The essays must not be over 300 words in length and must be filed with a member of the judging committee on or before August 6. Winning essays are to be published in this newspaper later.

THREE HUNDRED BAPTISTS TO ATTEND FIFTH SUNDAY PROGRAM NEAR COLORADO

Three hundred Baptists representing leaders in the denomination throughout the Mitchell-Scurry association, are expected to attend quarterly Fifth Sunday meeting at Plainview church four miles southwest from Colorado, Sunday afternoon.

The religious program, set to open at 3 o'clock in the afternoon, is to be under direction of Ernest Wiman of Roscoe, president of the association. E. T. U., sponsor of the affair. The Rev. Dick O'Brien of Colorado is scheduled to deliver one of the keynote addresses, speaking at 4 o'clock on the subject, "Young People of the Bible."

The associational meeting is among major church activities sponsored by young people of the Baptist church. Rev. Mr. O'Brien stated Monday. All Baptists having interest of the church's general program at heart are urged to be present.

Due to fact the session will not open until 3 o'clock in the afternoon attendance should not conflict with any regular church programs for the day, it is pointed out. Baptists of Colorado and other near-by communities are expected to furnish a large quota of visitors expected.

A song service will be rendered as the meeting is opened. Buster Edwards will have charge of the devotional and the assembly will then go into an executive session for election of officers and awarding of prizes. Special music will be given immediately preceding the address of Rev. Mr. O'Brien.

THREE LOCAL CONCERNS WILL MOVE JULY FIRST

The Pritchett-Leineweber Motor Company is to move into their new home on West Third street July first. The building, known as the Jas. T. Johnson structure, was purchased a few weeks ago by J. T. Pritchett, senior member of the firm. The Jno. A. Thompson feed store and Giddens hatchery now housed in the building, are to move to the Raliff building, Oak and West Third.

ADDITIONAL JOBS OPEN IN CIVIL SERVICE NOW

Examinations for editorship posts in the Forest Service department and commercial illustrator in the Farm Credit administration have been announced by the United Civil Service Commission. Information relative to the posts may be obtained upon application to E. J. Moeser, secretary, at the Colorado post office.

PUBLIC CONTINUES HOLD ON HOPE P.O. DELIVERY SERVICE WILL BE GIVEN

Hope that delivery service is yet to be inaugurated within corporate limits of Colorado by the postoffice department has never abated although nothing looking to realization of that goal has developed.

As the new post office building nears completion patrons of the office are again advancing the question: "Why is it that Colorado is not entitled to letter delivery service? There are communities not near so large in which this consideration has been extended by the government."

During the past several years the question of delivery service has been advanced several times. Enthusiasm would run high for a time, only to lessen and finally pass from notice.

Band To Continue Concerts In Well Arranged Program

The municipal band is to continue its Summer concert programs in a well arranged musical offering at Raliff Park Friday night, beginning at 8:15 o'clock. Rehearsals in preparation for the program have been held during the week and, according to Director Rose, the public should not be disappointed in expecting entertainment of the better type.

The concerts were started several weeks ago as one of the park attractions. Additional seats have been placed at the arena facing band shell for convenience of the public. The grounds will be well lighted and other provisions made to lend personal interest to the affair.

M'CRAW WILL CAMPAIGN FOR OFFICE NEXT YEAR

Attorney General William M. Crow of Austin, who recently visited Mitchell county to deliver principal address at a school gathering and barbecue at Spade school has informed friends here that he plans entering campaign for re-election, "regardless of what Governor Alfred does." In some quarters, it was being rumored that Alfred would be a candidate for the U. S. Senate and M'Craw an aspirant for governor.

LORAIN PICTURE SHOW BOUGHT BY COLORADOAN

Ross D. Dixon, owner and manager of the Palace and Ritz theatres, has acquired the Loraine picture show and is to operate same in the future. Regular programs are to be given on Friday, Saturday, Sunday and Monday nights. An outstanding talkie drama is billed for Sunday and Monday night, Dixon has announced.

CURIOUS PUBLIC OFFERS HANDICAP TO FIREMEN

The Colorado fire department is not the only organization of that kind to offer complaint that motorists racing to fire many times present a serious handicap in combatting flames. From Sweetwater has come a similar report. So troublesome did the practice become here a few months ago that the city instructed police to curb the ever growing policy of some citizens to race their autos to scene of fires.

RECORD OFFICE TO BE CLOSED FOR THE 4TH

The Record will go to press Wednesday afternoon of next week in that employees of the Whipkey Printing Company may have July 4th, National Independence Day, off as a holiday.

The publisher cordially invites cooperation of advertisers and country correspondents in getting "copy" into the office early. Please bear in mind that any matter received later than 12 o'clock noon Wednesday cannot be used.

CONVICT BROUGHT HERE ON FORGERY CHARGE IS GIVEN TWO YEARS ON GUILTY PLEA

Grand Jury Reports Twenty One Felony Bills Voted As Court Term Ends

F. A. Cowzar of Dallas, a former trusted employee of the Sun Oil Company, Thursday morning entered a plea of guilty to charge of forging name of the corporation's cashier to check for \$59.76 when arraigned before Judge A. S. Mauzey in 32nd district court and was sentenced to two years in the State penitentiary.

The guilty plea was offered by Cowzar after the State had introduced testimony by Ward Simpson of Colorado and C. D. Freeman of Dallas, cashier for the oil corporation. Simpson, a former employee at the Model Shop, testified that on September 29, 1934, Cowzar purchased about \$10 worth of merchandise at the store and presented the Sun Oil Company check in payment. \$15 in cash was given the defendant and he was to have returned on the following day to receive the balance. Cowzar never called at the place again.

Freeman testified that the check was a forgery and that his signature to the instrument had not been authorized. Another check, issued on the same amount and for the same amount, was cashed by Virgil Moser, then operator of the Sunbeam Grocery, on the same day. Check presented at the Model Shop was made payable to E. W. Rice. The other check was issued to T. J. Lane.

Cowzar, serving out a sentence of two years assessed at Odessa on a forgery charge, was brought to Colorado Wednesday by Sheriff Dick Gregory from Pampa where he had entered a plea to forgery and received two years. A few days before he had been brought to Pampa, from one of the penitentiary farms near Houston. He is being returned to the penitentiary from here.

Jeff Greene, last week given a sentence of one year in the penitentiary following plea of guilty to charge of violating the State liquor laws, Wednesday appeared in court with petition.

COUNTRY CLUB TO HAVE USUAL FOURTH PROGRAM

Members of the Colorado Country club will keep their usual custom of celebrating the Fourth with an open golf tournament and an evening picnic this year, according to Jake Merritt, club president.

Plans for the golf tournament, which will be played under different rules from the usual flag tournament, are announced elsewhere in this paper. It will begin about 1:30. The basket picnic will be held on the lake shore about 7:30.

LEGIONNAIRES OF COUNTY BID ATTEND CONVENTION

Report by State Highway Engineer Gib Gilchrist as to feasibility of extending designation of State highway from Colorado south should be made within the near future, in opinion of local citizens. Gilchrist was requested by the State highway commission several days ago to make the survey and report his findings.

Mitchell Cotton Producers 'Over The Top' In Drive To Sign Tax-Exemption Contracts

Cotton producers of Mitchell county have gone "over the top" in drive to fill quota of 1,215 applications for tax-exemption certificates for 1935. H. E. Goodwin, in charge of AAA program here, announced Wednesday. Goodwin stated that a total of 1,247 of the applications had been filed at his office, all but seven of which were forwarded that day to the State board from which department certificates are to be issued.

The seven applications being held in Goodwin's office were found to be defective in certain information required and farmers signing them have been so notified. These are urged to call at the agent's office on second floor of the court house without delay and have the corrections filled in so that the papers may be forwarded to State headquarters.

Total number of these contracts last year was 1,215, and the government assigned that number as quota for the present season. A week ago Goodwin reported an even 1,200 applications received.

ADDITIONAL CHARGES ON TAX ACCOUNTS NOT PAID BEFORE SATURDAY NIGHT

With the passing of Saturday will come an added cost to all tax accounts remaining unpaid, Tax Collector Roy E. Warren warns in a last minute statement to the property owners of Mitchell county.

On and after July 1 the penalty of five per cent now in force will be advanced to eight per cent, along with an interest charge of six per cent per annum.

The additional costs are mandatory and must be collected by Warren under the law. Property owners who have not yet paid their taxes, covering any length of time in the past, will save money by attending to the matter before the end of June, it is pointed out.

FOUR MITCHELL YOUTHS CHOSEN FOR CCC CAMPS

Four Mitchell county relief roll youths, eligible for CCC camp service, were hurriedly chosen Wednesday to fill unexpected vacancies in CCC enrollment for this district.

The four were Herman Vaughan, J. C. Rose, Jr., A. B. Carroll, and Homer Lee Oswald. They left Thursday morning for Big Spring, and from there will be assigned to camps.

BEAUTY EXPERT AT THE MODEL ALL NEXT WEEK

A personal representative of Martha Lee, nationally known beauty specialist, is to be at The Model Shop all next week to conduct instructions in personality make-up, French facial pack and other beauty requisites. The consultations are free. Interested women and girls are invited to make appointment.

COLORADO GIRL OFFICER FOR EPISCOPAL ASSEMBLY

Election of Miss Mabel Earnest Cooper as corresponding secretary for the North Texas Missionary district of Episcopal young people took place at the young people's assembly in Lubbock last week.

Miss Frances Lupton, who attended the assembly with Miss Cooper, was retiring president of the district. The Rev. Alex B. Hanson, rector of All Saints' Episcopal church, attended the clergy conference held on Friday in connection with the assembly, and Miss Cooper returned here with him Saturday. Miss Lupton, joined by her parents, went on to visit several days near Littlefield.

RELIEF IN STORM AREA TO SOON BE CONCLUDED

Relief operations of the American Red Cross in counties of Texas swept by storms in May is nearing conclusion, Wm. M. Baxter of St. Louis, manager of the Mid-Western branch, states in communication addressed to J. H. Greene, chairman of the Mitchell county chapter. Baxter expresses appreciation for financial assistance given sufferers in this connection.

TWO NIGHTS AND ONE DAY OF GALA ENTERTAINMENT AWAIT EXPECTED THROUGH

Stores And Offices To Close For Day; Western Rodeo, Dancing Are Included

All roads will lead to Colorado July 4th as citizens from over a wide territory converge here to enjoy two nights and one day of never ending entertainment in commemoration of National Independence Day. Committees directing details for the celebration are expecting to entertain the largest aggregation of visitors to ever attend such an occasion here.

A total of \$220 in cash prizes has been hung up as prizes in the calf and goat roping arenas alone with liberal awards to be paid first, second and third place winners. There are to be other liberal prizes, including winners in the steer riding contests and other rodeo features.

Colorado business and professional interests are extending every co-operation to the chamber of commerce and rodeo organization in making the celebration colorful by announcing that their places of business and offices are to be closed through the Fourth. Agreements to suspend business during the day was entered into by managers of these concerns several days ago.

Formal opening of the celebration is set for 8 o'clock Wednesday evening, July 3, in a patriotic rally and band concert at Ruddick Park. An hour later the initial Independence Day ball is to open at the American Legion building. Another ball at this building on night of the Fourth and a big free street dance in the downtown section are further attractions offered those who enjoy tripping to the light fantastic. Good orchestras have been engaged for each of the three dances.

Featured in the rodeo events will be wild Brahma bulls, edws, calves and steers furnished under contract by Gaston Brock of Abilene. The show herd is being moved to Colorado from Bronte where they have been in training for the past several

HOSPITAL HANDLES RUSH BUSINESS AS FIVE HAVE ACUTE APPENDIX ATTACK

Five persons, stricken with appendicitis, were given emergency surgery at the Root hospital during the twenty-four hour period ending Monday afternoon at 4 o'clock and it was not necessarily a favorable time for appendicitis, either, Dr. C. L. Root, chief surgeon, told this newspaper later.

To have as many as patients received for major surgery during a twenty four hour period is not out of the ordinary, so the surgeon recalled, but when that number, all suffering from the same ailment, brought to the institution, well, that is another story. It seldom happens.

ENGINEER'S REPORT ON SOUTH ROUTE EXPECTED

Mitchell county Legionnaires are bid to attend annual convention of the Fifth Division, Department of Texas, convention in Amarillo Saturday and Sunday. John T. Howell, commander of Oran C. Hooker post, has stated. Men prominent in affairs of the organization, including the National commander, are to be present and deliver addresses.

MR. THOMAS GIVES A CORRECTION ON HIGHWAY PARK

I noticed an article in last week's Record where it stated that the Chamber of Commerce and the Lions Club had raised money to pay for two acres of land for a highway park between Colorado and Loraine. Now this land cost \$50 per acre and I never agreed at any time, to any one to sell two acres for \$50. But I did agree if they would pay for one acre at actual cost to donate one acre ourselves, which we did, with the understanding that it would be a park and no camp ground.

WOMEN IN THE CHURCHES

Methodist Circles
Reports showing all Bible study courses completed and all quarterly pledges paid in full were heard at the monthly business session of the Methodist Women's Missionary society at the church Monday afternoon.

The theme of the lesson brought during the meeting was "The Witness of Women in Methodism." Mrs. Ed Grubbs said the opening prayer and Mrs. J. G. Merritt, president, read a scripture, Acts 26:12-20, dealing with the "Testimony of Paul."

A leaflet, "Story of the Daughters of Methodism," was read by Mrs. W. H. Garrett. Mrs. Jeff Dobbs led a discussion on "Leadership of Methodist Women Today."

Mrs. R. J. Wallace, who is in charge of the fund for carpeting the church, said that the man who is to lay the carpet will be somewhat delayed in getting the work done and urged women to cooperate by buying a yard and selling a yard.

The women asked Miss Geneva Melton to work with the society in putting over plans for juniors. Mrs. D. N. Arnett said the closing prayer.

Baptist W. M. S.
Two circles of the Baptist W. M. S. met together at the church Monday afternoon and a third, the Fidelity, met at the home of Mrs. Dean Phenix.

The circles meeting together were the Lucille Ragan and the Bernice Neal. They heard a review of the book, "Tale of Two People," by their pastor, the Rev. P. D. O'Brien.

After a devotional led by their teacher, Mrs. A. L. Whipkey, a lesson in Joshua, and routine business members of the Fidelity circle visited the Rev. and Mrs. G. C. Farris, showering them with love gifts. The hostess, Mrs. Phenix, later served tea and cakes.

Presbyterian Auxiliary
"The Holy Spirit as Taught in the Four Gospels" was the subject of a Bible lesson conducted at the meeting of the Women's auxiliary of the Presbyterian church Monday afternoon at the home of Mrs. P. C. Coleman.

Mrs. Coleman led the lesson. Nine were present.

Mr. and Mrs. J. D. McDonald and daughter, Susan Elizabeth, arrived Friday from Wickett, Texas, to visit Mr. McDonald's aunt, Mrs. J. D. Wulfjen. Accompanied by Mrs. Wulfjen, they left shortly after arriving for Dallas to visit Mr. and Mrs. Ben Thorp and returned here Monday night. The McDonalds plan to be here about two weeks.

ranch will be in charge as arena boss at all rodeo events.

The rodeo attractions are scheduled to open at 10 o'clock in the morning at grounds west of the Colorado river bridge. Another program featuring these wild west stunts is to be given during the afternoon.

John Baze, general chairman of the rodeo program, stated Tuesday afternoon that Colorado would go the limit in making every visitor feel welcome and enjoy the day to the fullest. For those desiring to camp ample facilities will be provided. There are a number of small barbecue pits and stone tables in Rud-dick Park for use of the public.

There will be no advance price posted at Colorado cafes and restaurants and hotels will extend every courtesy and accommodation at usual prices. "Everybody and every interest in Colorado will be found cooperating to make every visitor feel appreciative of having attended the celebration," Baze declared.

was fixed at \$500. A. R. Wood and L. T. Britton were accepted as sureties.

The grand jury, recessed during first week of the term, was reconvened Tuesday morning and that afternoon reported the voting of seven felony indictments and were discharged by the court. Five of the bills were based on theft charges and

two on driving while drunk. Fourteen felonies were reported previously, placing total for the term at twenty one.

Judge Mauzey stated Thursday morning that he was about through with court business pending for the term and planned returning to his home in Sweetwater during the afternoon.

Over 120 Attend Picnic Given By Relief Office Employees Tuesday

Over 120 persons, 57 of them from neighboring counties, attended the barbecue picnic with which members of the Mitchell county relief administrative force entertained members of administrative forces of Scurry, Fisher, Nolan and Howard counties at Ruddyck park Tuesday evening. Chicken and mutton barbecue, prepared by Everett Winn, U. G. Hardison, and Lee Barnfield, con-

stituted the chief part of the picnic. Each local relief office employee furnished a portion of the food.

After the barbecue a program was presented at the band shell. Mayor J. A. Sadler welcomed the visitors. Musical numbers were given by the Lange brothers and Virgil Morgan. Mrs. W. R. Martin presented three of her pupils, Vivian Giddings, Fannie Bess Porter, and Tommy Ratliff, in dance numbers. A skit, sponsored by G. C. Dean, Nolan county administrator, was staged by a group of Sweetwater women. A quartette from the local relief office sang. It included Miss Nellie Mae Henderson, Miss Johnny Lou Callison, Miss Ava Bea King, and Mrs. Maurine Reese.

Members of the entertainment committee arranging the program were Mrs. Mary Beach, Miss Clifton Morrow, Miss Clorene Montgomery, Miss Lona Lipps, Mrs. Mary Taylor, and Frank Pidgeon. J. H. Greene, county relief administrator, presided during the program.

W. H. Gore of Lubbock, district rural rehabilitation supervisor, and three social service workers from Austin, assigned to this district, were among relief officials present. County and city officials and members of the county relief board were guests.

MRS. LOWRY'S PICKLE RECIPE
In order to make a good cured cucumber pickle Mrs. Carl Lowry of Hyman community plans to use the following recipe:

1 lb. dairy salt, 9 pints (1 gal and 1 pt.) soft water with a temperature of 86 degrees the cucumber fermentation continues from 10 to 30 days. After pickles are cured in brine, they must be soaked for two or more days in water that is changed often. Heat water to boiling and then add cucumber.

These are now ready to be made up into different flavored pickles such as sour, sweet, dill and rings.

Summertime is here and we suggest that you give special attention to your summer wardrobe. Have your clothes cleaned often and they will last longer and think how much better you feel in fresh, clean clothes.

CHURCHES

FIRST BAPTIST CHURCH

We are coming to the last Sunday of Loyalty month. Some of our members have taken the campaign seriously and a notable increase in efficiency can be noted. For instance there are several who have not missed a service Sunday or week day during the month. During the first two weeks there were nearly thirty who gave themselves and their time to putting over a very successful Vacation Bible School. We appreciate the work they did more than words can express. Two groups have planted flowers on the church yard, and Chester Thomas had the pulpit stand freshly varnished. We have no criticism of the many of our members who have been as indifferent as usual, and in some cases apparently more so, but we do hope to see them enlisted and busy in our program.

Next Sunday is rally day. We are working for 600 in Sunday school. We can have them, we should have them and if YOU will do your part we will have them.

All regular services throughout the day next Sunday.

DICK O'BRIEN, Pastor.

BAPTIST MEN TO MEET

On Friday night at 8:30 all men of the First Baptist church 18 years of age and over, are urged to be present at the church for a special meeting of the newly organized Men's Brotherhood. The organization was effected in a meeting last Sunday afternoon at the church attended by some fifteen or twenty men. Luther Scarborough was elected president and Walter Whipkey secretary. The organization will be completed at the Friday night meeting, and the plans and purposes of the Brotherhood explained.

Ice cream and cake will be served to those present. Mr. Clyde L. Garrett, County judge of Eastland County, has been invited to make the principal speech.

HYMAN CLUB MAKES MATTRESS

Making a mattress for Mrs. Otto Shuster, bedroom demonstrator for the club, the Hyman Home Demonstration club met last Friday at the home of Mrs. Frank Andrews.

Election of short course delegates took place. Mrs. Andrews gave a report on the council meeting.

The picnic for the Mitchell County Home Demonstration club women and their families will be June 28. Those present were Miss Emma Gunter, Mrs. T. P. Smallwood, Mrs. Otto Shuster, Mrs. Edgar Andrews, Mrs. McAlpine, Mrs. Averitt, Mrs. Carl Lowery, and the hostess. The next meeting will be July 5.

LATAN CLUB MEETS

By Mrs. Doney Phillips
The Home Demonstration club of Latan met with Mrs. Jeff Hillhouse, June 20 with nine members present.

Mrs. H. D. Mitchell was elected delegate to attend the short course at A. & M. College this year, and Mrs. Hall, alternate. Plans were made by the committee to have a bridge and "42" party at the school house. Ice cream, cake, and soda water will be sold at the party. The money taken in will be used to send the delegate to the short course. Every one is cordially invited to attend. The date will be July 2.

The club adjourned to meet with Mrs. W. L. Hall July 11th.

Reduced Interest Rates On Loans Is Announced By Bank

Further reduction in interest rates on new loans made on or after June 24 by the Federal Land Bank of Houston through National Farm Loan Associations was announced by A. C. Williams, President of the Federal Land Bank of Houston. This new interest cut completes a series of reductions which have lowered the interest cost of farm mortgage loans a full one per cent in the last three months.

April 1 the bank lowered the rate on new loans from 5 to 4 1/2 per cent; and April 10 reduced the rate from 4 1/2 to 4 per cent. The latest reduction of 1/2 of 1 per cent completes the one per cent cut in three months. Thus loans will be available at the lowest interest rates ever offered farmers by the Federal land banks or by any large lending agency.

"This is not an emergency rate," Mr. Williams said. "On June 24, the bank will begin to make loans which will bear four per cent interest during their entire life, with the exception of an emergency rate of 3 1/2 per cent for interest payable in the one-year period beginning July 1, 1935. This new, low four per cent rate is a direct reflection of the lower rate of interest borne by Federal farm loan bonds sold by the Federal land banks. It is in keeping with the policy of the Farm Credit Administration to adjust the interest rates on new loans as the rates on their new bond issues vary."

"The interest rate on Land Bank Commissioner loans will not be affected by the cut and will remain at five per cent," Mr. Williams said.

SISTER MRS. DULANEY BURIED AT CARLSBAD

Dr. and Mrs. E. F. Dulaney returned Friday from Carlsbad, New Mexico, where they had been to attend the funeral of Mrs. Dulaney's sister, Mrs. Will Hannah, who died in Slaton Tuesday after a lengthy illness.

The funeral was held Wednesday evening. Carlsbad was Mrs. Hannah's home place, although she had resided in Slaton for the past two years.

Surviving her are two daughters, Mrs. Louie Ares and Miss Margaret Hannah, both of Slaton; three brothers, George M. Williams of Carlsbad, New Mexico; R. J. Williams of Paso Robles, California; and John J. Williams of Clarkdale, Arizona; and one sister, Mrs. Dulaney.

DAVISON ELECTED AREA CHIEF BY GERALD MANN

AUSTIN.—Representative Howard Davison of Rotan has been appointed by Secretary of State, Gerald C. Mann, as chairman of an educational committee in Legislative District No. 117 to acquaint Texas citizens with the new Texas Securities Law.

Mr. Davison will be available to luncheon clubs and other clubs for speaking dates to explain the new law, the reason for its enactment and its provisions. The success of the law according to Secretary of State, Gerald C. Mann, who is the chief enforcement officer under the terms of the act, will be determined by how well acquainted the people become with its provisions.

Representative Davison was active in behalf of passing the measure in the last session of the Legislature.

DIRECTOR FOR COMMISSION

AUSTIN.—J. C. Bisset, assistant chief engineer of the Texas Relief Commission for the past 8 months, has been appointed acting director of the transient division of the Texas Relief Commission, it was announced by Adam R. Johnson, state relief director.

AN ORDINANCE LEVYING AND ORDERING COLLECTED A LICENSE FEE ON MANUFACTURERS, SELLERS, DISTRIBUTORS OF CERTAIN VINOUS AND MALT BEVERAGES AND MAKING THE FAILURE TO PAY SUCH LICENSE FEE IN ADVANCE A MISDEMEANOR AND PRESCRIBING A PENALTY.

Whereas by the Acts of 1933, 43rd Legislature of the State of Texas, Chapter 116, it is made unlawful for any person to manufacture, or brew for the purpose of sale or to sell or distribute any beer (as beer is defined by such Act) without first having applied for and secured a license and paid a license fee as required by said Act; now therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLORADO:
That there be and is hereby levied and assessed against and ordered collected from each person against whom a license fee is assessed within the corporate limits of the City of Colorado, by the Acts of 1933, 43rd Legislature of the State of Texas, Chapter 116, an annual license fee in an amount equal to exactly one-half of the amount of the State License

BE HELD TO BE INVALID, VOID OR UNCONSTITUTIONAL IT SHALL NOT EFFECT THE VALIDITY OF THE REMAINING PORTION OR PORTIONS OF THIS ORDINANCE, AND THE VALID PORTIONS SHALL REMAIN IN FULL FORCE AND EFFECT.

The fact that there are no ordinances of the City of Colorado regulating the issuance of such licenses, and that an election was called for Precinct No. One, Mitchell County, Texas on June 1st, 1935, and that by the results of said election it became lawful to sell legal beer in said Precinct, and the fact that such licenses are pro rated from date of issuance creates an emergency and a public necessity and that the rules requiring that ordinances be read three times before passage be suspended, and said rule is hereby suspended, and this ordinance shall take effect and be in force from and after the publication hereof as required by law, and it is so ordained.

Passed and approved, this 10th day of June, A. D. 1935.
J. A. SADLER, Mayor, City of Colorado, Texas.
J. LEE JONES, City Secretary.

ASSOCIATION WOULD PROTECT WILD LIFE IN COUNTY

ORGANIZATION LAYS PLANS FOR WAR AGAINST RAVENS AND OTHER KILLING PESTS

Proposed Lake Discussed At Meeting Held Tuesday; Members Sought

Picturing the raven as the most wanton destroyer of birds and other wild life, members of the Mitchell County Game & Fish Protective Association Tuesday night declared war against the black feathered creature and will set their best efforts to stay depredations of the pests in this area.

How that the raven seeks out nesting places of game birds to feast upon eggs and young, leaving small opportunity for mother birds to hatch and raise their offspring was described in addresses by local sportsmen who called for open warfare against these destroyers, "If there is to remain in our county a remnant of the bird life that during other years made hunting a pleasing diversion."

The time to get in effective results against the raven is now, Chester Jones, rancher, stated after calling attention to fact this was their nesting season. On his ranch at Vincent the young birds are being lifted from nests with sticks and destroyed, he said.

Operation of traps as a means of combatting the raven menace was suggested. In Howard and other counties of this part of Texas thousands of the birds were captured and destroyed last Fall and Winter. It would be useless to attempt trapping them now, while food is plentiful everywhere, it was pointed out.

Along with checking depredations of the raven the association would bring quail into the county to restock this rapidly vanishing species of game bird. They may be bought at 77 cents each and for every bird purchased the State will give free another, making the outlay only 77 cents a pair, the associational secretary explained.

Appeal was sent out for more men of Colorado who would join with the association in protecting this resource to unite with the organization. Member cards are to be issued without cost to interested farmers and ranchers on whose lands the game birds are found in that there be woven a closer cooperation between all concerned in protecting them.

The hunter who hies away to shoot wild life of any kind wantonly and evidences no consideration of the rights of land owners and other citizens was flayed by speakers addressing the meeting. Farmers and other land owners should bar such undesirable from their premises and give the deserving wild life a fair chance, it was declared.

The association expressed keen interest in plans for constructing a lake near Colorado but in the absence of complete report by engineers now working on the project, nothing definite was suggested. Several means of financing the proposed resort property were advanced by Dr.

Faculty Elections Concluded After Two Vacancies On Staff Filled By Trustees

The Colorado schools are ready for opening of another term in September, in so far as teaching staff is concerned, John E. Watson, superintendent, stated Tuesday afternoon. Earlier during the day the school board voted election of two teachers to fill that number of vacancies.

Miss Gladys Miller was elected as English teacher in junior high to fill vacancy caused by resignation of Mrs. Joe Pond, nee Miss Nell Harper Greene, resigned. Miss Miller is from Salem, West Virginia.

Miss Louise Bradford is the other new faculty member elected. She will take place in junior high school formerly held by Miss Dee Davidson, who is being transferred to English department in high school.

There will be no other changes in teacher personnel at any of the schools. Principals elected, all returned to their former places, are C. A. Wilkins, high school; Hayes Holman, junior high school; Miss Yandell Daniels, Hutchinson school, and Miss Laura Maytin, Coleman building.

Other faculty members, all of whom have been reelected from last year and among the number teachers to be identified with the schools several years are:

High school—Miss Velma Barrett, English; Omer W. Cline, history; Robert Coffman, mathematics; Miss Octavine Cooper, commercial department; G. D. Foster, mathematics; Jim Reese, athletic director and history; Miss Pauline Hargrove, home economics; Miss Mabel B. Smith, Spanish, and Doyle Williams, vocational agriculture.

Junior high—Chas. Brazil, history; Miss Awilda Crosthwaite, history; Miss Gladys Miller, English; J. V. Glover, mathematics; Miss Eunice Locker, writing; Miss Lee Swope, English, and Miss Loyse Price, reading.

Hutchinson building—Miss Margaret Cook, fourth grade; Miss Beatrice English, fourth grade; Mrs. C. A. Wilkins, fourth grade; Mrs. Floyd Quinney, third grade; Mrs. J. G. Kilian, third grade, and Miss Cal Yates, third grade.

Coleman building—Miss Inez Butler, first grade; Miss Alice Blanks, second grade; Mrs. R. D. Headstream, first grade; Miss Hattie Tankersley, second grade, and Mrs. Rees Jones, second grade.

Negro school—Frale Lewis, principal; Hettie Wallace, primary. Mexican school—Mary Lynch.

Rural School Aid Payments Pending Release Of Funds

Payment of aid allotments to rural schools of the county is being deferred pending final release of the fund at Washington, Roy Davis Coles, county school superintendent, stated Monday morning. A total of fourteen of the schools have filed application for participation in distribution of the Federal appropriation.

Coles said that seven of the schools applying for aid had been advised that the amounts requested had been given approval at Austin. Action on the remaining applications is pending.

The fund, made available to rural schools of West Texas through representations by Congressman George Mahon, will be for payment of teacher's salaries only.

Dave Bridgford. It developed that two proposed dam sites are being surveyed.

The meeting was called to order by J. F. Merritt, president of the association. Ben Smith, secretary, announced that drive to enlist not less than 100 members would be opened at once.

FEDERAL SAVINGS AND LOAN ASSOCIATION TO SOLICIT MORE MEMBERS

Drive To Double Membership Launched Following Monday Meeting

A drive to more than double the size of the Colorado Federal Savings and Loan Association has been announced by its Board of Directors, following a meeting held on June 24th.

The Colorado Federal Savings & Loan Association, organized last October with office headquarters maintained by L. B. Elliott, its Secretary, is one of more than 750 similar associations organized in the United States under the supervision of the Federal Home Loan Bank system and chartered by the Federal government.

The operation of these associations are particularly interesting to every citizen whether they are investors in the association or not, as the funds invested locally by citizens of the community are supplemented by funds invested by the Treasurer of the United States on the same basis as local capital is invested but on a ratio of 2 to 1—in other words for each \$10,000 invested and paid in by thrifty citizens, the Treasury of the United States is authorized to invest \$20,000, giving the association \$30,000 for their use in making first lien, fully secured loans on choice improved real estate.

Another very interesting feature to the investors in these associations is that their investment is fully insured against loss up to \$5000 for each individual investor, through the Federal Savings and Loan Insurance Corporation, an instrumentality of the government, which operates similar to Federal insurance of bank deposits.

Several types of investments in the association are available, the type most practical for the individual investor is left to his selection. The most popular types being the "Full Paid Income Shares" in multiples of \$100 each upon which the dividends are paid in cash semi-annually, and the "Installment Thrift Shares" upon which the investor pays \$5.00 monthly upon each 10 shares being purchased, the dividends credited semi-annually to the account to hasten the maturity to full value. These investments are exempt from garnishment and are also exempt from State or Federal Taxes.

The Colorado association made their first loan in January of this year and have closed four loans up to this time, all being on Colorado homes and up to the present time none of the loans have ever been delinquent.

UNCONSCIOUS TEN DAYS FOLLOWING AUTO CRASH

Wade H. Bates of Roby, seriously injured in a motor car crash, will recover, according to belief of doctors at a Sweetwater hospital where it is reported the man has been unconscious 235 hours. Two other persons were seriously hurt when Bates received a bad brain concussion.

COTTON ACRE SURVEYS TO BE STARTED JULY 1 WITH COUNTY AGENT IN CHARGE

Every Farm Affected By The Reduction Program Is In Line For Attention

Along with the manifold responsibilities of meeting the requirements of a county farm agent, Ben J. Baskin is now to turn his attention to the role of surveyor. Under orders from Administration heads in charge of the cotton acre reduction program, every farm in the county affected under the pacts must be officially measured to determine exact acreage embraced.

The surveying is set to start July 1. All farms under contract will have both the rented acres and acres planted to cotton surveyed, Baskin notes, and since the rented acres must be so marked and defined as outlined in contract with the government no farm is to be given consideration until this feature has been complied with.

Under provisions of a recent ruling received by the agent all acreage of non-contract signers must also be measured and the surveying is to begin with this division. This rule, it is advanced, should assure the non-signer of no delay in receiving his Bankhead allotment certificate. The contract signer will receive his certificate, even though his land has not been surveyed.

Equalization Board Starts Tax Record Probe On Monday

The city board of equalization, composed of R. O. Pearson, for several years a member of the city council; W. W. Porter, local realtor, and Tom Goss, property owner, started to work Monday morning at the city hall.

It was not indicated just how many property tax payers of the municipality would be cited to appear before the tribunal to "show cause why their property conditions should not be raised—or lowered," as the case might be.

SONNY WILKINS IS WINNER OF FIRST PLACE IN CONTEST

Announcement was made Saturday in Stephenville that Sonny (C. A. Jr.) Wilkins, 3-year-old son of Mr. and Mrs. C. A. Wilkins of Colorado, had won first place in the 3 to 6 year division of Stephenville's annual baby show.

Sonny was entered in the contest, put on by the K. N. Baxley studio in Stephenville, while he was visiting his grandmother, Mrs. J. W. Gray, there in May. His prize will be a large oil painting of his picture.

A total of 192 children were entered in the contest, 64 of this number being in Sonny's division. Mrs. Wilkins was in Stephenville at Mrs. Gray's bedside when the winners were announced and she notified Sonny and Mr. Wilkins here Sunday.

CROTHWAITE TO GIVE ENTIRE ATTENTION LIFE INSURANCE IN DISTRICT

W. N. Crosthwaite, manager of the Crosthwaite Drug Company during the past nine years, plans devoting his entire attention to the life insurance business, he told this newspaper Monday.

Crosthwaite, prominent in affairs of Colorado during his residence here, Thursday turned ownership of his drug business to the Oswalt Drug Company. He has recently accepted appointment as district agency supervisor for the Trinity Life of Fort Worth for 14 counties in this part of Texas.

"I do not intend to leave Colorado, but will continue to live here," he said. Included in his district are Abilene and Big Spring and a tier of counties north and south of the Texas & Pacific.

HICKS STORE CONTINUES LIBERAL TRADE-IN PLAN

In answer to inquiries, Mr. Mosley of the Hicks Rubber Co., said today that liberal trade-in allowances are still being made for old tires traded in on Star Master Service tires, now available for purchase under the new Star easy payment plan.

The most popular feature of the new time payment plan is the fact that no carrying charge is made or no interest added. Payments, as light as the customer likes them, can be spread over a period as long as five months, Mr. Mosley stated.

Star Tires are guaranteed up to eighteen months against all road hazards and all defects, as well as premature wear.

W.O.W. REGULAR MEETING

Attendance about as usual with two new ones and one taking obligations for the first time. Deputy C. R. Valentine was with us and put our fellow townsman, Clyde L. Gross, to work as a local deputy.

We are to discuss renting to another order next Tuesday night and we urge all who possibly can to be present and vote your sentiment.

Wild Horse Race To Be Feature At Stamford Jubilee

STAMFORD.—Horses known for their aerial gymnastics rather than fleetness will be selected for the wild-horse race, which will be a new feature of the rodeo at the sixth annual Texas Cowboy Reunion to be held here July 2, 3 and 4.

The race will be included in the program of each afternoon and night rodeo performance but not at the morning matinees. Four wild horses will be placed in the bucking chutes barbedecked, but with halter and rope. At the starting signal, the horses will be released from the chutes and each contestant and his helper must saddle his wild bronco and ride the length of the arena and return. The one crossing the finishing line first wins the race. As the horses are calculated to do more bucking than running, the outcome of the race will be difficult to predict. Only four contestants will be allowed to enter at each performance.

Another unique feature of the reunion rodeo each year is the contest for the best cutting-horse. The contest is judged on the performance and ability of the horse as well as the skill of the rider. Eight horses judged best in an elimination contest to be held at the morning show July 3 will compete in the finals on the afternoon of July 4. First prize is a hand-made saddle. Claude Jeffers, wagon boss of the Matador ranch, Matador, and his cowpony, "Highpower," won the contest last year.

One of the favorite events of the rodeo is the special calf-roping contest for cowboys over 55 years of age. Ed Powers, 57, Breckenridge, won the coveted saddle in this contest last year.

The rodeo, which is the main attraction around which the reunion program of entertainment is built, is not staged by professional performers, but is limited to cowboys actually employed on the ranches of Texas and adjoining states. On this basis, the rodeo is a genuine survival of typically western tradition.

**THE BEST!
YET ALL CAN
AFFORD IT**

**YOU ALWAYS GET BETTER QUALITY
AT NO HIGHER PRICE WHEN YOU BUY A FIRESTONE
TIRE WITH FIRESTONE NAME AND GUARANTEE**

TIRES may look alike on the outside; but on the inside where blowouts start, they are different. Firestone Tires are made blowout-proof by Gum-Dipping, a patented extra process which soaks every cotton cord and insulates every strand with pure liquid rubber. In fact, every 100 pounds of cotton cords absorb eight additional pounds of liquid rubber. This special process prevents internal friction and heat, the main cause of blowouts. No other make of tire is Gum-Dipped, yet you pay no more for Firestone blowout-proof protection than you are asked to pay for tires built without this patented safety construction feature.

The make of tires you buy for your car becomes a matter of vital importance when you realize that there were 882,000 automobile accidents in 1934 injuring 954,000 people and killing 36,000 and that 43,000 of these accidents were caused by blowouts, punctures and skidding.

Firestone High Speed Gum-Dipped Tires hold all world records on road and track for safety, speed, mileage and endurance. These records emphasize the undisputed evidence that Firestone tires are not only blowout-proof but give greatest protection against skidding.

THERE ARE THREE QUESTIONS AND ANSWERS THAT WILL SOLVE YOUR PROBLEM OF WHAT TIRES TO BUY

- "Will the tread give me the greatest traction and protection against skidding?"
Recent tests by a leading University show that Firestone High Speed Non-Skid Tires stop a car 15% quicker than any other of the leading makes.
For eight consecutive years Firestone Tires have been on the winning car in the dangerous Pike's Peak Race where a skid means death. This is undisputed evidence that Firestone gives car owners greatest protection against skidding.
- "Are they blowout-proof?"
Firestone Gum-Dipped Tires have the most amazing records for being blowout-proof of any tires ever built. In the gruelling 500-Mile Race at Indianapolis, May 30th, every one of the 33 cars was equipped with Firestone Gum-Dipped Tires. Kelly Pettilo won the race and broke the record over this 26-year-old rough brick track without tire trouble—in fact, not one of the 33 drivers had tire trouble of any kind.
Ab Jenkins drove his 5,000 pound car on Firestone Gum-Dipped Tires over the hot salt beds of Utah, 3,000 miles in 23 1/2 hours, at an average speed of 127.2 miles per hour, with temperatures as high as 120°, without tire trouble of any kind. These are most amazing records of blowout protection ever known.
- "Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"
Firestone High Speed Tires not only give you more than 50% longer wear, but also lowest cost per mile. This is made possible by the tough, wear-resisting tread built with higher shoulders and a wider, flatter contour. This thick, rugged, scientifically designed tread is held securely to the Gum-Dipped cord body by Firestone's patented construction of two extra layers of cords under the tread. This is a special construction feature not used in any other tire. Unequaled mileage records by thousands of car owners add undisputed evidence of the longer wear and greater economy of Firestone High Speed Tires.

**New Rules To Govern Open Golf Meet
At Country Club On Fourth Of July**

The traditional open golf tournament which has been a part of the Colorado Country Club's celebration of the Fourth of July for several years will be played this year under new conditions, according to an announcement made this week by Dick Billingsley, chairman of the club's sports and greens committee.

Included in the new conditions will be an "inch" handicap and rotation of clubs. In the past the club has always had a flag tournament.

Every golfer in Mitchell county, whether a member of the club or not, is cordially invited to take part in the tournament, Billingsley says. There will be a charge of only 25 cents for each entrant, and this money will be used to buy prizes for the winners.

Each entrant will be required to turn in a qualifying card at the club house on or before Wednesday, July 3.

Billingsley explains the "inch" handicap and the rotation of clubs as follows:

"An 'inch' handicap means that, instead of giving an opponent strokes, so many inches are given. To illustrate let us use a 10-inch handicap. On the first hole the first putt is but 3 inches from the cup. It is counted 'in' for a one-putt green. On another hole, player's ball rolls into the edge of a trap. By moving it only two inches it can be placed on the grass fringing the trap and the next shot is played. The golfer has now used 5 inches or half his han-

dicap. There is one other hitch in the tournament, and that is 'rotation.' It will be played with only five clubs as follows: Every player's bag is equipped with the same clubs. The safest set is a driver, midiron, mashie, niblick and putter. These five clubs are the only ones allowed in the tournament, and they must be used in their proper rotation, which often leaves players putting with a driver and driving with a niblick, etc. Use half handicaps."

**NEW CITIZEN LOCATES IN
COLORADO AFTER FINDING
THIS A PROGRESSIVE CITY**

W. R. Oswalt, Abilene Drug Operator, Buys Store Of Crosthwaite Co.

W. R. (Bill) Oswalt, associated with his brother, Z. Oswalt, in ownership of the Oswalt Drug Company at Abilene, came to Colorado to enter the drug business because, as he expressed it Monday morning, "I have found a mighty good town here." Oswalt has purchased the Crosthwaite Drug Company, located on West Second street, and assumed charge of the business Thursday.

The Oswalt brothers have been in the drug business for some time and their store in Abilene is recognized as among the best in that city. Bill will establish permanent residence here as manager of the Colorado store and his brother is to remain in charge of the Abilene business.

"I have already set myself to the task of building up the stock and our program calls for developing this into a retail drug business of which the people of Colorado might well be proud," Oswalt stated to The Record Monday. "We are coming to Colorado with the definite aim of taking our places as citizens of this community in the church, social and civic affairs of Colorado."

Oswalt is a member of the Baptist church and Mrs. Oswalt, who accompanied her husband to Colorado, has been an active member of the First Christian church in Abilene. Monday Mrs. Oswalt was house hunting and they are to move their household furnishings here as soon as a place to live is obtained.

Indicating that he planned entering into the civic affairs of Colorado, Oswalt filed application for membership in the Lions Club the next day after arriving in town. "Wife and I have talked things over and it is probable that we will go into the church together, to better serve the community in that realm," he said.

Oswalt recalled that he and Robert Whipkey, telegraph editor on the Abilene Reporter-News, had been warm personal friends for some time, "but I was not aware of the fact Bob was a Colorado product until after my arrival here."

**ONLY PROTECTED TEXAS
SECURITIES SHOULD BE
BOUGHT, OFFICIAL SAYS**

What is a security?

Under the new Texas law regulating the sale of securities, the term includes any form of stocks, bonds, mortgage certificates, any form of commercial paper, any certificate in or under a profit sharing or participation agreement, lease or royalty interest in an oil, gas or mining property. In addition there are many lesser known forms of securities.

The Texas Securities law which replaced the old Blue Sky law, on May 23, 1935, is broad in its definitions of what constitutes a security, according to Secretary of State Gerald C. Mann.

Before purchasing any form of security, such as those named above, the buyer should determine if the person doing the selling has registered with the Secretary of State. Emphasis is placed on the fact that in no case does the State guarantee or endorse any security.

But registration is not the extent of responsibility on the part of the seller. Under the law he may be held accountable for representations as to fact made in the sale of a security.

Typical Jack Holt vehicle for the subsequent runs. The story moves slowly at the beginning, lacking the dash to arouse an audience's enthusiasm to stay until the finish as the climax is easily foreseen. The story is about the race track, orphans and pet superstitions. Holt is a race horse breeder who believes that orphans are jinx to him. His demure wife, Mona Barrie, being childless, takes a motherly liking to Jackie Searl, an orphan boy. Holt and the boy are great pals at first, but later Holt becomes sullen toward him when he learns that he is an orphan. Finally he is cured of his superstitions when Jackie rides Holt's horse to victory in the futurity race, outwitting crooked schemers who attempt to throw the race.

IN SPITE OF DANGER

Palace—July 2-3
The tale of this production concerns a race-car driver, Wallace Ford, who because of an accident, is forced to give up racing for a year. Where he goes to rest he falls in love with Marian Marsh. He decides to go into trucking business with Marian's father and with his savings they buy a large seven-ton truck. The villain in the story, also in love with Marian, is a business competitor and does all he can to ruin Ford—even attempting to have Ford killed in what would look like an accident. In spite of obstacles Ford finally wins, gets the girl, and the villain gets his—in the neck.

HOLD EM YALE

Thursday—July 4th
This story is typical of the Damon Runyon whimsy short on story logic, but long on entertainment value mostly due to well spotted gags and well-paced direction. It concerns four dumb crooks who restore a wayward daughter, with a weakness for uniforms, to her wealthy father and bashful, but adoring sweetheart.

A TRIBUTE ABOVE MEASURE

Who can measure the devotion that is the expression of a loving heart? Who can measure the sincerity of a service which does everything in its power to express that devotion? MITCHELL SCHOOLS TO BE PAID OVER \$66,000 UNDER ANNUAL SCHOLASTIC GRANT

Per Capita Allocation Higher By One Dollar Than Last Year, Austin States

The public schools of Mitchell county are to receive a total of \$66,307.50 through annual scholastic appropriation announced at Austin Monday by the State Board of Education. The per capita allocation of \$17.50 is one dollar more than the amount available last year and is the maximum allowed under the law. Local school authorities Tuesday stated the apportionment was highest recalled.

There are a total of 3,789 scholastics registered in Mitchell county, Roy Davis Coles, county superintendent, told The Record Tuesday afternoon. Of that number 1,521 are enrolled in the Colorado Independent district and are to be in line for \$26,617.50 of the financial award.

Lorainine Independent district has 370 scholastics and Westbrook, other Independent district, has 178. The rural school districts, including Itan, make up the balance of 1,729 for the county.

"The advanced per capita apportionment is certainly good news to us and will be of material assistance in furthering our ambition to build for greater efficiency in every phase of our school activities," was comment by John E. Watson, superintendent of the Colorado schools Tuesday morning.

Coles expressed keen satisfaction in news of the higher figure, expressing optimism as to prospects for all schools of the county to take advantage of the additional funds in making outstanding progress during the next school year.

COOKING RECIPES By Jessie Hogue

BROILED GRAPE FRUIT
Cut grape fruit in half. Remove center, sprinkle with sugar and set on broiler leaving the door open. Leave grape fruit in oven twenty minutes or until brown.

PERCOLATED COFFEE
Measure one tablespoon of ground coffee to each cup of water, allowing one extra tablespoon of coffee for the pot. Water may be boiling or cold. After the coffee begins to percolate, allow it to percolate from five to eight minutes depending on the strength desired.

DRIP COFFEE
Measurements same as above. Put the coffee in the container for it and pour the boiling water through the coffee. If extra strength is desired, the liquid may be poured through a second time. Keep the coffee pot over a low flame while coffee is dripping.

SEVEN MINUTE FROSTING
1 1/2 cups sugar, 2 unbeaten egg whites, 5 tblspns water, 1 tspn vanilla, 1/4 tspn cream of tartar. Mix sugar and water. Cook after boiling for 3 minutes. Place the unbeaten egg whites and cream of tartar into the small mixer bowl turn switch to high and immediately add the hot syrup. Continue to beat for 5 minutes. Add vanilla. This is a soft frosting, does not become crusty.

GUMBO
2 tblspns shortening, 2 tblspns bacon, 3 medium sized onions diced. Cook onions but do not brown, 2 tblspns tomato paste with onions and bacon, 1 No. 2 can tomatoes. Pour juice off first. Let that fry until it begins to get dry and thick. 1/2 tspn black pepper, 1 tspn salt, 1 tblspns filet, 1 tblspn Lea & Perrin Sauce, 3 pads of red pepper, 1 dash of ground cloves and allspice, 1/2 lemon cut up, 6 pads of okra, add tomato juice and 1 cup water, 1 cup shrimp or crab meat. Serve with rice.

SWEET POTATOES—PINEAPPLE

You'd smile too, if you had this 25-cent Refrigeration

It runs for much less cost than any other method

THOUSANDS of Texas kitchens have this new-type refrigeration; it runs on about 25 cents' worth of gas a week. Wouldn't your family enjoy this thrifty ELECTROLUX luxury? Let it freeze desserts automatically; keep your foods safely chilled at all times; and turn out plentiful ice cubes.

Won't you come in and see it in action? It's so modern it has no moving parts.

LETTERS FROM THE PEOPLE
We turn this column this week over to several good letters which we invite our column readers to read.

HE WONDERS

I wonder why I went to college and what good my education is doing me. In fact, I wonder if I am educated. I began my career in a machine shop and just before I left for college a boy of peculiar intelligence was taken on as a helper. I spent four years in school, spending what was necessary to get my B.S. of M.E. and came back to work for the same company. The machinist's helper had become a machinist and was drawing more money than I could—he had been paid to learn his trade and I had spent good money to learn mine. I later quit engineering and taught school. Some of my boys who barely get by graduation begin "rough necking" or driving trucks in the oil field and make more money than I do. The negro janitor in the State Capital Building gets better wages than the average woman who teaches a country school. Why did I go to college?

After all is said and done I derive a certain satisfaction from my knowledge and the broadening of my mind. Perhaps I can get more satisfaction from the reading of a good book than could the machinist's helper. I have a keener appreciation for music and a better understanding of it—possibly my radio means more to me than to the uneducated. I teach much for the same reason that the preacher follows his calling. I get a "kick" out of having a part in the development of the minds of the young people—it is an opportunity for genuine service and I always did want to be worth something to God and the world. Contact with these young people keeps me in touch with new ideas and viewpoints. I retain my youth and am happy. The machinist's helper who became a machinist later went to the insane asylum and is now dead—when the rough neck and truck driver become broken in body there will be nothing for them to do and they will not know how to employ their leisure time—the negro janitor will always be cleaning after someone else. I see numerous people without my education and who are apparently doing much better than I financially, but I wonder if I would be willing to trade places with them? Yes, I wonder.

Austin Callen, who tries to be a second Will Rogers writes from Claremore, Okla., and says: It is the same the world over—folks can't get together on things. Right here in the home town of the world's ambassador of good will I find nineteen brands of beer I never heard of before. Every Oklahoma politician drinks a different kind. But there is one thing I like better about this State than Texas—peanuts

are cheaper. You can talk about the new deal here for half a day on a 10c bag.

You will be surprised at the interest one finds through this section in the Centennial. I believe everyone is going, though there is some misunderstanding as to what it is about. Some think the celebration is in honor of Joe Taylor's 100th birthday.

An Indian says: "Mr. General Houston was very foolish to fight for Texas when he could have had Oklahoma for nothing."

The last big battle in this section was fought between Cheerokees and Osages at Claremore Mound. Of course, Bill Murray has fought other battles since, but he didn't use bows and arrows.

KILLED THE BLUE GOOSE

A. H. Willie at Corsicana says: That old bird is not a blue eagle or blue buzzard, but a blue goose, and we have killed the goose that laid the golden egg. Where is the money coming from now to take care of a stricken people? Who's going to take care of the jobless? There is no work for the people, and they must remain idle, and an idle people are desperate and dangerous. We are going to see a lot of tramps now. We must go back to the sweatshops, and men, women and children will have to work for starvation wages. In fact, we will just be where we were before the goose laid the golden egg. Cotton will be 5c per pound, corn and wheat 25c per bushel. Cotton pickers will get 35c or 40c per 100 for picking cotton, and pork and beef will go begging again, though both are too high now. It's foolishness to talk about maintaining present prices, and wages and hours of labor when they are not compulsory. The fellow who pays least for labor and works his men longest can sell cheaper than his competitor who doesn't do so, and his competitor cannot compete with him.

Great crises or emergencies demand drastic measures, and often nothing but a major operation will save a life.

The Congress of the United States, or the President empowered by the Congress, may not have the power to make codes, but I can see no reason why they can't fix a minimum wage and limit the number of hours you may work a man for a given wage as a reasonable exercise of the police power. Justice Brandeis of the Supreme Court of the United States is reported as saying: "All industry needs is the abolition of child labor, a minimum wage and a limitation on working hours. Given these three basic remedies, the other ills of industry will take care of themselves."

We can do many things where the health, happiness and welfare of the people is concerned, under the police power. Property rights under the Constitution are sacred, but we can make a man sell his land for a reasonable price whether he wants to do so or not. A man may go into bankruptcy and give up all of his debts. You can't charge a man over 10 per cent interest for the use of money. Equity will set aside the law when it would cause a miscarriage of justice.

The people wanted better wages, shorter working hours, and higher prices for their productions, and NRA gave them to the people. So what is there to gain by knocking out the NRA.

The Constitution is not in peril, but if it is, we had better save the people than the Constitution. We have said that the Constitution was dead several times, but it still lives. Justice McReynolds of the Supreme Court of the United States, when the decision in the gold case was made, said the Constitution "is gone" and "it's Nero at his worst," but we haven't killed it yet.

Shall we let the banks fail and the depositors lose their money? Shall we let widows lose their homes and farmers their farms through foreclosure proceedings when the Government can save them?

SPOILED FISH

Austin Callen again writes: When I was a boy you could tie a bent pin to a cotton thread and with a little piece of fat bacon catch a string of fish as long as a country Constable's cigar. Now you need an expensive bamboo and a dozen kinds of artificial bait before you can interest even a goggle-eyed perch.

We've spoiled the fish just as we've spoiled our kids and some grown-

Vision Of Lone Wolf Creek Dammed Described In 25-Year-Old Record

A vision of what Lone Wolf creek would be like dammed at the east end of Fourth street and backing water up beyond the Lone Wolf bridge on the Snyder road was set forth in the Colorado Record for Friday, July 1, 1910.

Led by W. W. Watson of the Colorado Commercial club, interested citizens had made many of the necessary preliminary preparations for

such a dam. The Record stated that options had been secured on all the land that would be covered by the lake, also on the land that would be needed for parks and driveways. The dam was to cost \$13,000.

Col. C. M. Adams had received word of the death of his only sister, Mrs. Byrd Craig, in Selma, Alabama. Stuck fast in a mudhole fifteen miles south of town, a committed which had been to Robert Lee to confer on the Colorado-Robert Lee railroad question had had to spend one night in their automobile. The committee included Dr. P. C. Coleman, C. M. Adams, Ernest Radford, and J. A. Buchanan. They reported Robert Lee anxious for the railroad.

J. B. Pond was moving his family back to Colorado after building a schoolhouse at Coshoma. Coloradans who had attended Come Johnson rally at Abilene were Dr. P. C. Coleman, who presided; Judge A. J. Coe, L. C. Dupree, W. P. Copeland, J. M. Dorn, Ed W. Smith, and Mr. Donaldson.

T. H. Halbert had been employed to teach in the Herbert school. Dr. and Mrs. B. F. Dulaney had as guests Mrs. Willard Streetman and children of Fort Worth and Mrs. W. B. Streetman of Cleburne.

George Oederholz and a group of friends had been fishing at the Concho. Judge C. H. Earnest, Mrs. Earnest and their four children, Mabel, Jeannette, Joe and Fannie Bess, had made an automobile trip to Dallas, where they visited Judge Earnest's brother, D. C. Earnest, and Mrs. Earnest's sister, Mrs. C. D. Shaw.

Molly Bailey's circus was coming to town. James T. Johnson and wife had returned from Peoria, Illinois, where Mr. Johnson had been studying watchmaking.

THIS COLUMNIIST OBSERVES Did you ever stop to think that life is short and after death the grave for the body and eternity for the soul. Work only enough to get bread and meat, forget wealth and try to be happy by making others happy.

The happiest man in the world was Jesus Christ and one of his greatest secrets was in doing good to all. His life was full of such favors.

We have recorded more than 400 times where Jesus Christ called God the Father. He sought to serve Him by doing good unto his children, and by spending peace and contentment, thereby making himself overflow with the goodness of Life.

The prophet Jeremiah gives voice to several woes in his book. The first woe is to the dishonest. "To him that increaseth that which is not his own." No virtue is more important to the well being of society than that of honesty. Dishonesty corrupts, corrodes and turns society into a rotten, putrid mass. What an example "Honest Abe Lincoln" has set this great nation of ours. It is said that in a slave market a smart, active negro boy was put up for sale. A slave master, who pitied his condition and wanted to save him from a cruel owner, approached him and said, "My boy if I buy you will you be honest?" The boy with a earnest look which baffled description, said, "I will be honest, sir, whether you buy me or not." God's woe is on those that "increaseth that which is not their own." Dishonest wealth will not stand and dishonest wealth will not endure.

Another woe is to the high liver. "Woe to him that gets evil gain for his house." That he may set his nest on high. No where in God's word does it commend this parade and show and sham among men and women. The high flyer often sinks to the depths of sorrow and shame.

The story of Beau Brummel, who died in 1840, is the story of one who spent a fortune in show and parade and was finally put in prison for his debts, where he wrote many letters to his former friends, all of whom turned a deaf ear when his money was gone. It looked as if God had turned a deaf ear to his prayer in punishment for his riotous living. He died in an insane asylum and was denied the last request of his life, which was to be buried in British soil. Jesus gave a picture long ago of one who set his nest on high in "riotous living" and came to wretchedness, misery and remorse in the prodigal Son. God has pronounced His woe upon the high flyer and upon vanity, parade and show and sham.

Lightning had killed the buggy horse of J. M. Templeton on Saturday evening as he drove leisurely to his home over in Loraine.

Everything was ready for Colorado's big Fourth of July carnival. Dr. T. J. Ratliff had delivered new babies to the following homes: A girl to the Raymond Johnson's; a boy to the R. O. Wheeler's; a girl to the Logan Spalding's; a girl to the M. L. Jones'.

Mrs. Jesse Bullock and children had returned from a month's visit in Bryan. O. M. Mitchell and wife and little Frances had spent Saturday in Big Spring.

CHURCH WOMEN THANKED An expression of gratitude to church women of Colorado for their cooperation with her was made this week by Mrs. J. G. Merritt, county chairman of Red Cross home service. Mrs. Merritt found women of all churches eager to assist her in preparing twelve needed layettes, she says.

RETURN FROM SAN ANTONIO James Lupton and Charles Garrett returned Saturday night from San Antonio, where they spent last week.

VISIT CARLSBAD CAVERNS Leaving here early Friday and returning Sunday, Mr. and Mrs. Q. D. Shepperd and Mr. and Mrs. J. T. Gist toured Carlsbad Caverns during the week-end.

Drive far—drive fast —without a worry!

With Conoco Germ Processed Oil in your crankcase, you KNOW the strain won't hurt your motor!

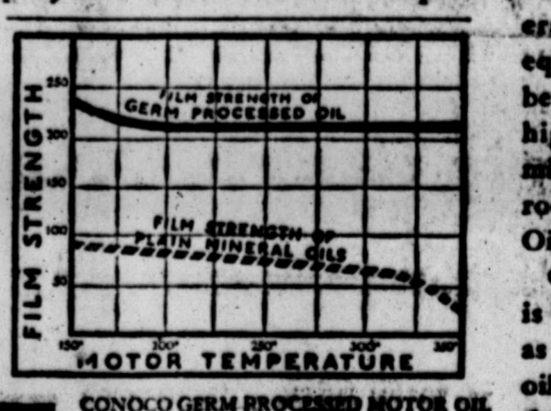

Tests prove this new alloyed oil has 2 to 4 times greater film strength than plain mineral oils and resists heat better!

On July 4th or week-end and vacation trips, you'll want to drive far and get there in a hurry. And you don't want that nagging worry of "I wonder if this speed and heat will hurt anything in my motor."

You can't always be sure when you use plain mineral oils, for they have little film strength and oils over-refined by new cleansing processes have even less. Moreover, as motor heat goes up, these oils rapidly lose film strength. Film strength is the load-carrying ability of an oil, the quality that keeps bearings and cylinders from wearing out. Lack of film strength results in costly damage.

You can drive without a worry when you use Conoco Germ Processed Motor Oil! It has 2 to 4 times greater film strength than any plain mineral oil. Heat does not lessen this advantage.

Supervised road tests—over good and bad roads, at low and high speeds, in all kinds of weather—give practical proof that Germ Processed Oil protects motors better.

*HERE'S THE PROOF Note that as heat increases, the plain mineral oils continue to lose film strength, but that above 225° (Minimum Summer crankcase temperature) Germ Processed oil's film strength is not affected by heat. Tests made with Timken machine.

In every test, gravimetric measurement of motor bearings showed that Germ Processed Oil prevented wear far better than plain mineral oils. Tested in a fleet of cars equipped with the new alloy-metal bearings used in many 1935 cars, a high-quality plain mineral oil permitted 43% more wear on connecting rod bearings than did Germ Processed Oil.

Conoco Germ Processed Motor Oil is the first alloyed oil—alloyed, such as metals are, by adding concentrated oily essence to highly refined oil. It is the only oil made by the Germ Process. It is the oil with the "Hidden Quarts" that stays up in your motor and never drains away! Say "O. K.—Drain"—fill with Germ Processed Oil. Drive far—drive fast—without a worry!
