COMMITTEES ELECTED TO DIRECT ANNUAL BIRTHDAY BALL HERE JANUARY 30TH

Citizens Of Mitchell County Invited To Cooperate With Leaders In Drive To Check Infantile Paralysis

Colorado has concluded organization of forces to stage annual Birthday Ball for the president on evening of January 30 through appointment of committees to cooperate with Director Jack Helton. It is announced from the chamber of commerce the dance, to be given at the American Legion building, is gauged to take its place as one of the colorful social events of the season.

Purpose of the ball is to create funds with which to help victims of infantile paralysis and support research efforts to wipe out the disease. Social occasions similar to the one planned here are to be held in all parts of the country.

The President has approved the suggestion that 70 per cent of the proceeds raised by each local Birthday Ball be retained in the community to be disbursed to local or adjacent orthopedic hospitals, or for the treatment of local infantile paralysis cripples, as each local committee decides. This allotment was first made last year; the plan worked well and has been approved throughout the country. Thirty per cent of the proceeds will be turned over to the national committee for delivery to the president to be presented by him to the Georgia Warm Springs Foundation for the continuation and extension of its part in the national fight against infantile paralysis.

The following committees were announced Wednesday:
Ticket—W. P. Wilson, H. F. Ward, Jake Richardson and John Shrophshire.
Arrangements—J. B. Pritchett, Floyd Quinney and D. M. Merritt.
Program—Jack Helton, A. L. McSpadden and J. H. Greene.

W. M. ELLIOTT, Pastor.

FIRST BAPTIST CHURCH

We should like to impress upon our membership, and upon the community at large, the great privilege we have for Bible study in the classes being conducted by Dr. Walter Conner each Monday afternoon and evening. There is not a school in America that offers a more attractive course than you can get here at your door, and under a teacher who has occupied the same chair in one of the leading seminaries of the South for the past twenty-six years. He is one of the outstanding authors of theological books and a member of the committee to select the religious book of the month for the Southwestern book club.

From 4:15 to 5:15 each Monday afternoon Dr. Conner is teaching the book of Luke, giving the last fifteen minutes of the time to a discussion of the next Sunday's lesson. This entire course can be had for \$2.00 from now to June first. Members of all churches are invited to take this course. From 7:00 to 9:00 in the evening he teaches a course in "Doctrines in the New Testament." This is a regular Seminary course and those desiring it may have seminary credit for work done in this course. We hope you will at least visit these classes and if interested enroll in one or more of them.

All services will be held on schedule at our church next Sunday. You are welcome to visit with us in any of our services.

DICK O'BRIEN, Pastor.
P. S. We have installed four large gas stoves in our auditorium as a supplement to our heating plant so none need fear a disagreeable auditorium for all services.

JOHN ELLIS SMITH IS 'WRITTEN UP'

"Meet Johnny E. Smith" was the heading of an informal Monahans News article last week dealing with a young man better known in Colorado as John Ellis Smith, son of Mr. and Mrs. Frank Smith of Colorado. Smith has for some time been in charge of the mechanical department of the Monahans News and is sports editor on the News staff.

Excerpts from the article read as follows:

Having come here from his home in Colorado, Johnny Smith has been in Monahans for six months during which time he has served the News as printer and linotype operator and has until recently written the column headed "Sports Shots." Since the passing of football season, he has ceased to embellish the columns of the News with his sport comments, his favorite sport is football; his second choice is football; he has no third choice.

Mr. Smith at one time received

state-wide publicity as the youngest newspaper publisher in the state. Until his instruction license was revoked because of age, he was learning to fly and made his solo flight at the age of fifteen. Johnny went to college at John Tarleton in Stephenville during the period from 1930 to 1932, having entered at the age of fifteen. He was a captain in the Reserve Officers Training Corps there.

BROUGHT HOME ILL

Mrs. Riggs Shepperd, who teaches in Martin county, has been ill this week at the home of her parents, Mr. and Mrs. John R. Baze. Mrs. Shepperd was brought here Tuesday night by Mr. Shepperd, who returned to his teaching duties Wednesday.

Boy Scouts Of America To Mark Close Of Their Silver Jubilee February 7

The ceremonies held by Scout Troops in all sections of the United States will bring to a close on February 7th the celebration of the 25th Anniversary of the establishment of the Boy Scout Movement in America. The year has been marked by great progress in the Scout Movement with well over a million Scouts and leaders actively at the end of 1935.

One of the most important events scheduled as part of the Anniversary celebration is the National Jamboree which was to be held in Washington, D. C., August 21 to 30 last, but was cancelled by direction of President Roosevelt because of the prevalence of infantile paralysis around Washington, D. C. The Jamboree, however, will be held in 1937 and will carry on the Silver Jubilee celebration.

Friday, February 7th, will be Troop Celebration Day when Scout Troops throughout the nation will review the 25th birthday year.

Saturday, February 8th, will be spent by Scouts in outdoor and indoor celebrations with particular reference to the annual anniversary celebration for which this is the historic date. It was on February 8th, 1910, that the Boy Scouts of America was first incorporated in Washington, D. C. On the evening of February 8th, at 8:15 p.m. all Scouts and Scout leaders will re-affirm their Scout Oath. Scouts everywhere will recite together their Scout Oath and the 12 Scout Laws which are the foundation stones of the Scout Movement.

Churches of all religious bodies will celebrate Scout Sunday, February 9, when Troops will attend in a body Scout services either in the morning or evening. A large percentage of Scout Troops in the United States are sponsored and affiliated with church organizations in the three great branches of religious faiths, Protestant, Catholic and Jewish. In many Jewish synagogues there will be Scout services on Friday evening, February 7th.

Monday, February 10th, will find

In that home in the sweet bye and bye,
Oh, it will be lonely for mother and daddy,
And her dear little sister and brother too,
But they can receive consolation sweet
From Jesus, who is ever true.
The sound of her sweet little voice
Shall be missed and the smile from that dear little face,
And her own little chair will look empty and lonely
For no one can take her place.
Weep not dear parent the sad be your hearts;
When Jesus calls in Heaven we know we must part.
God sent a white winged angel
To remove that dreadful pain,
And she drifted home to Heaven
On an angel's snow-white wing.
We looked up on her dear little face
And bid her farewell until the morning
Of eternity,
We cannot recall her but we can go there,
Where forever with her we shall be,
So weep not dear loved ones but dry

up your tears,
And prepare for that home on high,
Where angels are guarding our loved ones so dear,
And where we shall never more die.

**New Trucks Being
Offered Public By
Chevrolet Dealers**

**Material Changes Featured
In 1936 Models; Better
Brakes Are Incorporated**

New Chevrolet trucks for 1936, comprising a wide range of standard body types mounted on half-ton and 1½ ton chassis, which carry numerous advances in engineering and improvements in operation, are announced by Chevrolet Motor Company for introduction in January.

Design changes, including a restyling of the sheet metal and the adoption of a coupe type cab with solid steel top, have enhanced the appearance of the 1936 models.

In the chassis, the most noteworthy development is the adoption of hydraulic brake operation in conjunction with improved brake mechanisms at the wheels.

Engine improvements include increased power, better fuel and oil economy, and greater durability. The major change in the engine is the use of full length water jackets, in combination with higher compression ratio (6 to 1).

The 1½ ton chassis now has a full floating rear axle, with a stronger housing that includes a malleable iron differential case and seamless steel axle tubes. Rear axle loads are carried on the housing, instead of on the axle shafts, which now have only to drive the wheels.

Passenger car comfort for the truck driver is offered in the new coupe type cab, which presents a streamlined appearance and reduced over-all height in an all-steel structure having a one-piece solid steel top. The doors are entirely of steel, while the cab interior, including instrument panel and door panels, is trimmed with steel having a crackled finish in brown, matching the upholstery. The seat back is adjustable.

In both chassis models, the radiator, hood, fenders and splash guard have been restyled. The sloping "V" radiator grille, formerly black, is chromium plated. Front fenders, extending lower in front, have deep skirts at the sides, concealing the chassis parts.

In changing to hydraulic brakes on both chassis models, Chevrolet has adopted this principle of brake actuation to its own design of brake mechanism within the brake drums. A hydraulic cylinder with double opposed pistons is used to actuate each pair of articulated brake shoes. The master cylinder is mounted on the frame in the 1½ ton model, and on the clutch housing of the half-ton.

The hand brake lever actuates both service brake shoes in each rear wheel. The connection is by flexible cable, attached to a lever and toggle mechanism within the rear brake drums.

Engines of the two chassis models are identical in design and in horsepower and torque. Maximum horsepower is 72 at 3200 r.p.m. Maximum torque is obtained at an unusually wide range of engine speeds, 155 foot pounds being maintained all the way between 900 and 1500 r.p.m.

The increase in compression ratio to 6 to 1 is credited with effecting a 6 per cent improvement in fuel economy. Combustion chambers have been reshaped to attain smoothness with the higher compression.

Major improvements have been made in the Chevrolet cooling system to maintain lower engine temperatures, and to attain important benefits in the control of engine oil temperature and of cylinder block and valve push rod expansion. Formerly, only the upper part of the cylinders was water jacketed. In the new engines, the water jacketing extends far below the lowermost point reached by the head of the piston, nearly to the lower edge of the piston skirt at the bottom of the stroke.

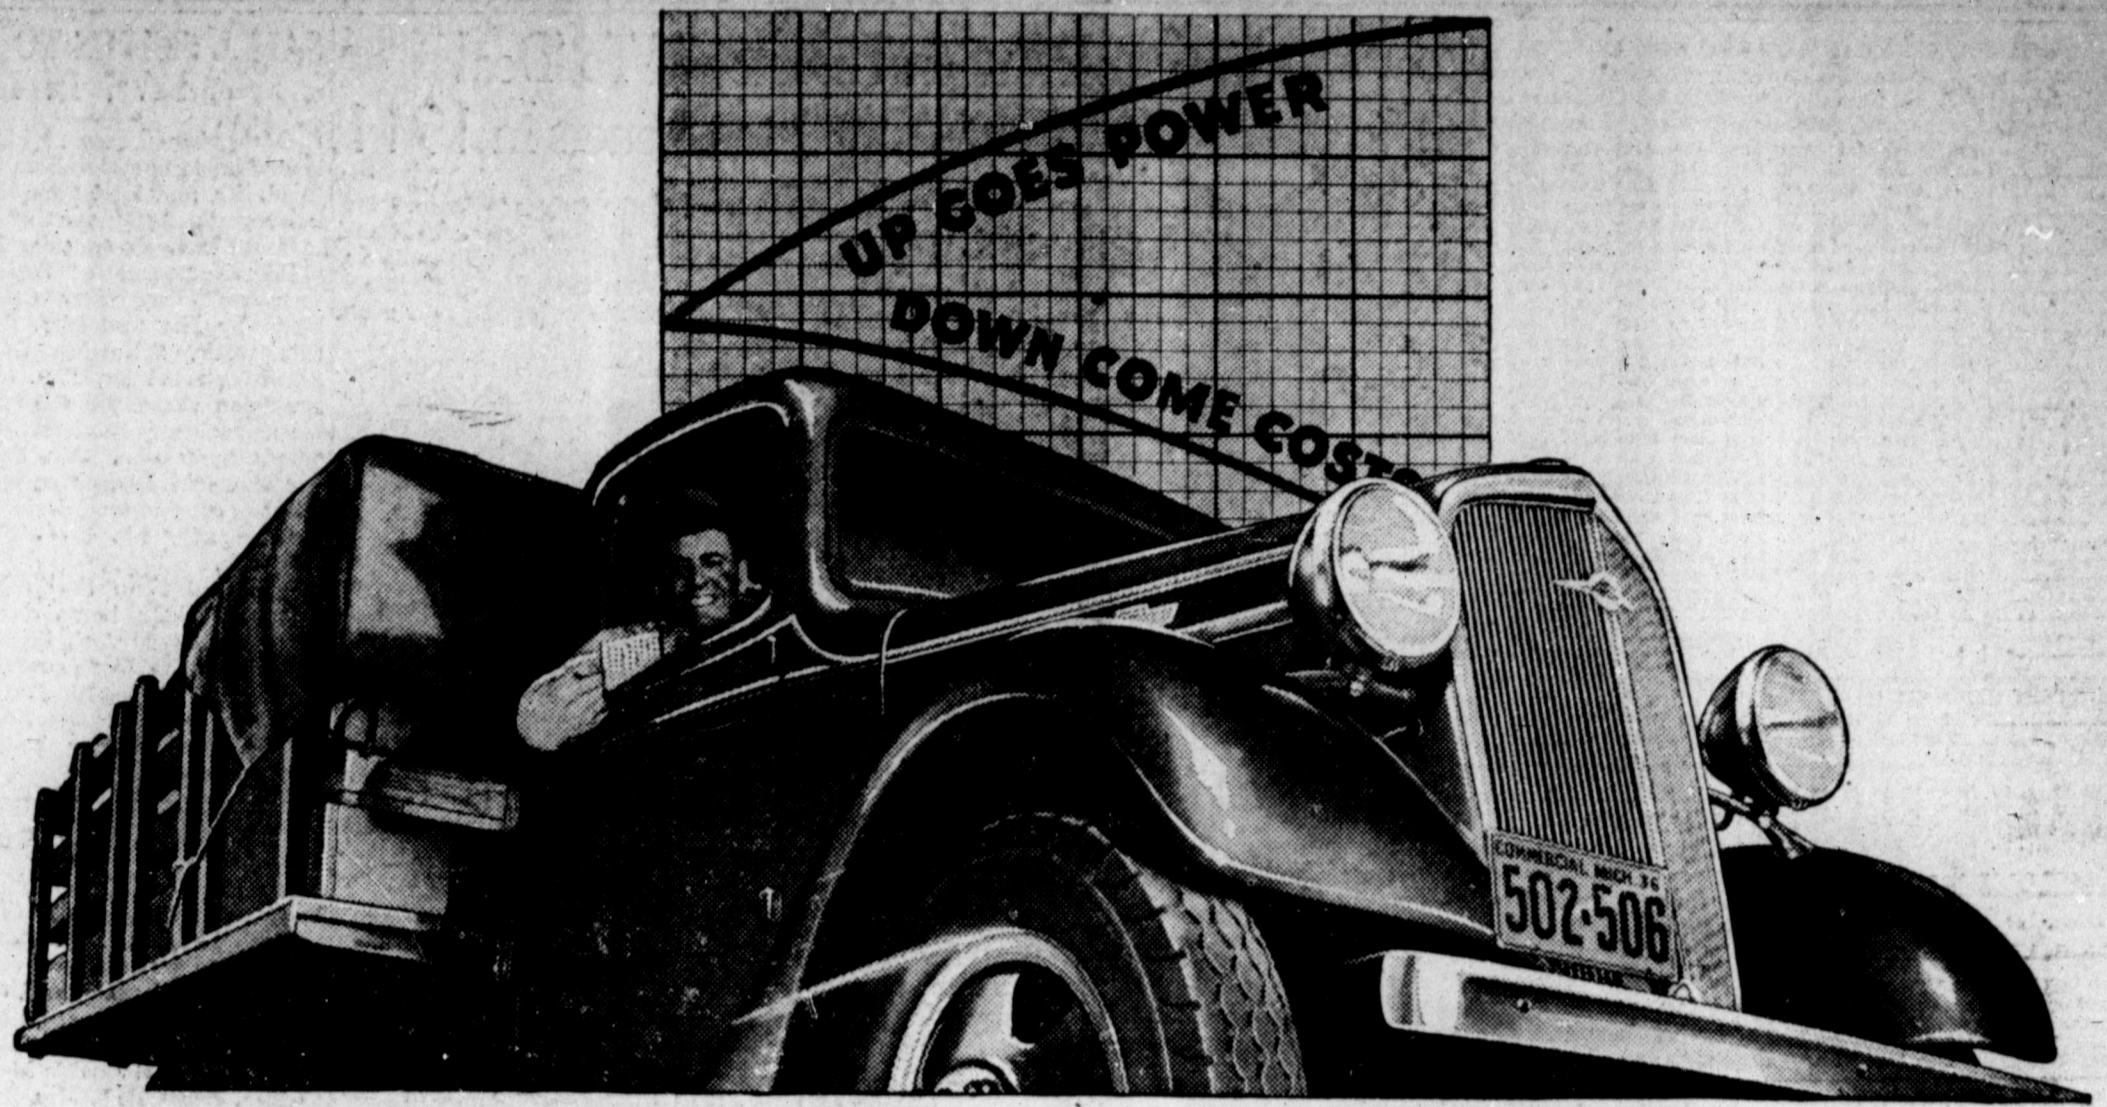

Further improvement in engine cooling has been made by changes in the radiator cores of both models.

Generators are equipped with ventilators, which stabilize the temperature at about 80 degrees higher than that of the atmosphere.

Clutch improvements include the use of the new shot-blast process of treating the cushion springs of the disc, resulting in much greater durability; and a more accurate alignment of the clutch release levers.

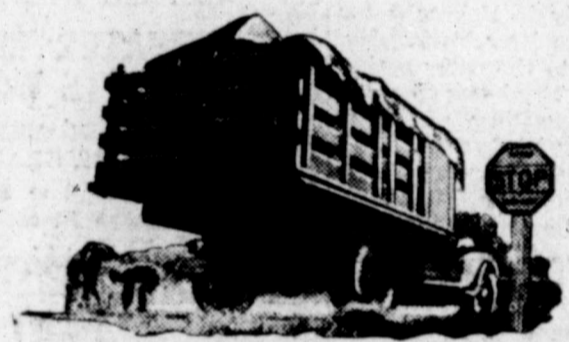

The steering gear of both models has been improved in action and durability by the adoption of a larger pitman shaft with longer bushings, and a larger pitman arm.

The fuel tank in the 1½ ton models with cabs is now mounted under the seat with no connection to the chassis frame. A flexible metallic tube connects with the fuel line leading to the fuel pump. The filler cap extends from the seat riser, so that it is not necessary to raise the

Price Maddox, here from his Colorado ranch Friday, said he found it practical to put ewes on full feed at least 30 days before they start lambing. He has had little bitter weed trouble this year and is feeding all of the sheep in bitter weed pastures heavily. Mr. Maddox says you can tell a steer by his head. A steer with a long slim head will have the same kind of body.—From the Top of the Hill column in the Sweetwater Daily Reporter.

E. V. Grantland and O. W. Shore of the Southland Life Insurance company were visitors in Monahans this week. Mr. Shore is district manager of the company and is located in Sweetwater. Mr. Grantland is the agent in the Colorado territory.—Monahans News.

Frank M. Smith of Colorado and W. T. Bonner, Gainesville cattleman, were visitors at the News office briefly Monday of this week while enroute to Pecos on business. Mr. Smith is the father of Johnny Smith of the News staff.—Monahans News.

Mr. and Mrs. Dick N. Arnett, Jr., of Kansas City, Mo., arrived here Thursday to make Abilene headquarters for probably a month. Mr. Arnett, brother to Mrs. G. Granville Johnson, will look after business interests in this area for his firm, Cooper-Arnett-Wendell Cattle company of Kansas City, while Mrs. Arnett will

THE BIBLE

I have in my possession a tiny little testament, bound in red plush and presented to me as a Christmas present when I was 5 years old—1865. Yes I have read the twelfth chapter of Ecclesiastes over and over again. The first verse "Remember now thy Creator in the days of thy youth, when the evil days come not nor the years draw night when thou shalt say I have no pleasure in them."

THE BOOK OF BOOKS—THE BIBLE

One gem from that Book is worth all the jewels from all earthly mines. This Book I'd rather own Than all the golden gems That come from Monarch's thrones Our Royal diadems. This blessed Book countless hosts have found to be "the ladder to heaven's open skies, a stairway that leads them to God."

The Bible settled in its source (Psalm 119:89) is a Book above and beyond all books as a river is beyond a rill in reach.

The Bible so sure in its promises (Jeremiah 1:12) is above and beyond a tallow dip in brightness. The Bible so satisfying in its contents (Jeremiah 25:16) is above and beyond all books as the wings of an eagle are beyond the wings of a sparrow in strength. The Bible so secure in its guidance (Psalm 119:105) is above and beyond all books as an orchard is beyond a roadside weed in fruit bearing. The Bible supreme in God's estimation (Psalm 138:2) is above and beyond a mud puddle in glory.

The Bible, coming to us drenched in the tears of multitudinous contritions, is the book our fathers touched with reverent hands. The Bible, coming to us worn with the fingers of agony and death, is the Book our mothers stained with grateful tears. The Bible, coming to us steeped in the prayers of myriads of saints, is the Book against which tyranny has issued its edicts, against which infidelity has loosed its blasphemous tongue, against which agnosticism has hurled its anathemas, the Book which many enemies, ancient and modern, have tried to exterminate. The Bible, coming to us fragrant with the faith of little children and expounded by the greatest intellects is the Book which the dissecting knives of some scientific anatomists whack at the Book against which some pulpit and college anapies aim their illgrounded propositions and summon to appear at the bar of human reason.

Irate Coloradoan Threatened To Deal Severely With Gate Openers In 1911

Somebody was turning out one Colorado citizen's calves every night back in January, 1911. In a notice published in the Colorado Record for January 27 of that year the irate owner warned the guilty parties in no uncertain terms that he would "deal severely" with them for further such acts.

In those days the West Texas Dental association was small enough to hold its meeting in the office of its president Dr. B. F. Dulaney of Colorado. . . Dr. Campbell was then the only other dentist here. On January 18 C. T. Haltom, county attorney at Fort Stockton, and Minnie Thornbury, who had been reared in Colorado by Mrs. Samuel Gustine, were married in Fort Stockton, according to an item re-published from the Fort Stockton Pioneer. . .

Traveling in the "Looney car," a group of Colorado young women had gone to Sweetwater on the preceding Friday night for a dance and entertainment at the home of Mrs. Bert Trammell. A stag party had been given by Leftwich Shepperd celebrating his eighteenth birthday on Tuesday evening. . . Among those mentioned as being present were Chester Thomas, who was tried in Kangaroo court for eating so much pie. . . Reaves Coleman was judge. . .

Listed on the Junior Epworth League program for that Sunday were Sarah Shaw, Eva Davis, Lona Herrington, Willie Doss, Anthony Lyon, Katie Buchanan, Mary Lyon, Johnnie Shaw. Mary Coe and Ophelia Arnett were spending the week at the Rensselaer ranch. . . D. L. Buchanan had opened a new grocery store near Burns and Bell. . . W. R. Morgan, called the "handsome pharmaceutical expert at the Colorado drug store," had spilled some strong medicine in his eyes but was recovering. . .

J. P. Majors had spent several days in Sweetwater arranging to open a branch jewelry store in that place. . . Material was being unloaded for the erection of the new steel bridge across the river leading to South Colorado. . . Jim and Luther Watson were located on their farm near Dexter, New Mexico. . .

C. M. Adams and Miss Byrd Adams were to leave early in February for an extended trip to New York. Mr. Adams was going to the early spring markets. . . Miss Byrd was to enter the Boston Conservatory of Music and prepare for Grand Opera. . . Misses Flora and Florence Simpson had entertained the W. F. G. club, which was to meet next with Miss Eva Davis. . . George Oederholz had resigned as head salesman at Burns & Bell and had left town. . .

Over in Westbrook J. L. Bowen, former Coloradoan, had been installed as cashier of the First State bank of Westbrook, succeeding A. A. Dorn, who had retired to farm. . . Bursting into bloom in those days was the Colorado Film Exchange. . . G. L. Wallace, manager, explained that the exchange had been established to buy and sell films and rent them to other towns. . . The men concerned had just closed a deal for the "famous 101 Ranch films at Fort Bliss, Oklahoma." This film, then called "famous reel," was soon to be run in Colorado. . . Among Colorado men who were scattered through Texas as salesmen were Austin Altizer, Will Singleton, and George Oederholz. . .

Recorded in the Loraine items were the facts that: The Ney Sheridans Texas still has big cattle ranches, some of them extending to hundreds of thousands of acres. The cattle, however, are not scrubby longhorns but are well-fed sleek Herfords. Shortorns and even new breeds with foreign blood. Moreover the vast ranch lands are now shared with sheep and goats that produce a large part of the nation's wool and mohair. Texas raises more cattle, sheep, goats, mules and turkeys than any other State, though she bows to Iowa in value of cattle and value of total livestock. Much of the former ranch land has been given over to the plow. Texas now grows about a third of the Nation's cotton and is one of the four leading rice states. Texas farmers grow large crops of wheat, corn, grain sorghums and other crops. Texas is one of the high ranking states in the production of roses, peanuts, onions, sweet potatoes, winter vegetables and citrus fruits and is easily first in pecans.

From none of these crops, however, not even cotton, does Texas derive as much of her wealth as from petroleum. From her many production fields, including the largest in the world Texas produces practically as much oil as the two next states, California and Oklahoma combined. Her natural gas is piped to fourteen other states, and her sulphur output accounts for about 85 per cent of the world's production. THE DEPRESSION The depression did one good thing. It taught all the people to appreciate the value and speak respectfully of 30c.

Religious denominations have found a rich source of multiplicity from both fission and fiat, through the centuries since God exalted His Son Jesus Christ to be "head over all things unto the church." If readers of this article will take the pains to read the first chapter of Ephesians it will be made clear that Christ must be exalted and acknowledged as not only head of the church, but that his authority is supreme and must be undisputed, and that in all things spiritual, He (Christ) must forever have dominion and power which He

WEST TEXAS PIONEER DIES

Rites for W. H. Duke, land owner and long-time resident of west Texas, who passed away at the home of his daughter here early Sunday morning, were held from the Loraine Methodist church Monday afternoon with the pastor, Rev. Jamison Wright, assisted by Rev. A. C. Hardin, officiating.

Age 81 years, Mr. Duke a resident landowner of Cross Plains, in company with his aged wife had resided here with his daughter, Mrs. H. K. Sadler for the past three years. He had been in failing health during this period and succumbed to heart attack at the Sadler home early Sunday morning.

Born in Alabama December 25, 1854, he had been a resident of Texas for the past 52 years, settling in Eastland county, 20 miles west of Cisco, October 26, 1883.

He was married to Miss Victoria Pinkston of Callahan county, June 27, 1884. She survives. Names of both deceased and his wife are upon the Star-Telegram rolls of West Texas pioneers.

Surviving children are: C. M. Duke and Mrs. H. K. Sadler, of Loraine; J. H. Duke of Nimrod, Texas; L. H. Duke of Spade, and J. N. Duke of El Paso, Texas; a brother, Jee Duke, of Sarepta, La., and a sister, Mrs. M. A. Wood of Cseo.

Mr. Duke was an active farmer until his residence here. Uniting with the Presbyterian church at the age of 17 he remained a faithful member.

Interment was made in Loraine cemetery. Flower bearers were members of the Cleaners Sunday school class of the Methodist church.

Active pall bearers were: Floyd Richey, C. W. Palmer, Tommy Long, Bill Honea, John Marshall, and Roy Edwards.

FOOTBALL BANQUET

On Thursday evening, Jan. 19th,

the football boys were the guests of honor at a banquet given at the band hall.

About 90 enjoyed the affair. The guests assembled in the high school auditorium and were delightedly entertained by an orchestra composed of W. R. Martin, Paul Brannon, Douglas Taylor, James Jarratt, Harold Martin, Floyd Neil, and Mr. and Mrs. K. L. Taylor.

Mr. Bennett, the referee, blew the whistle and the audience went to the band hall which was decorated in black and gold. Mr. Bennett again blew the whistle and stated that the game had begun.

A well-timed plate was served, after which the whistle again sounded and we were told that half of the game was gone.

Several interesting talks were given. Arnold Marsnall sang "O'ia faithful."

At the beginning of the last half, pie and whipped cream were served.

Mr. Bennett blew the whistle for the touchdown. The coach, Ed Williams, gave a summary of the last season in football. He expressed his appreciation for the cooperation he has received. Sweaters were presented to Garland, the elected captain, Eldon Manon, G. W. Albright, Price Hall, H. B. McCollum, William Albright, W. F. James, Jr., William Simmons, Roy Baird, Jr., Jesse Compton, and Leal Brown, as a reward for their diligent work.

Gene Roberts also lettered. The place cards were black and gold and gold posts. The menu was written on yellow footballs. It consisted of "kick off" chicken, "penalty" dressing, "off side" salad, "safety pickles," full back peas, "quarterback" cranberries, "extra point" potatoes, "touchdown" pie, and whipped cream.

The banquet was sponsored by the basketball girls.

"HIS! SHE'S A MAN"

The High school is sponsoring a play tournament. You will thrill at the play sponsored by the Senior class. The cast is as follows:

Local Methodists Start On Another Year Of Progress

Presiding Elder Finds The Church In Good Condition, As Conference Is Held

Colorado Methodists evidently are looking to another year of commendable progress, with the distinction of never having short of financial obligations as assessed locally and by the conference, reports heard during session of the First Quarterly executive meeting Sunday evening indicated.

The meeting was convened by Rev. S. H. Young of Sweetwater, presiding elder, after the church leader had delivered sermon during the evening worship hour. Reports by the pastor, Rev. Cal C. Wright, Sunday school superintendent, Roy Davis, deacons, and other officials were read into the church record.

Colorado Methodists have made for themselves a commendable name in the Northwest Texas Conference, and it is quite evident that such a merited distinction is to be continued in 1935, the Rev. Mr. Young suggested.

When You Need a Laxative Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. . . . Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

BLACK-DRAUGHT

THEATRE NEWS

BY SHERMAN HART "I LIVE FOR LOVE" Thursday—January 23rd

A great picture for the music lovers. Miss Del Rio portrays a temperamental actress whose fiery outbursts drive her Broadway producer frantic. She loves a South American actor (Alvarado) and hates an American street singer (Marshall) who rises to popularity on the radio. Del Rio appears on the same program, but jealous of Marshall, who steals the top spot. They become tired of "living in a glass house" and plan to retire, but their bosses will not allow them to leave. The picture ends with the two on their way to get married and to continue living in a "glass house." Guy Kibbee and Allen Jenkins add the comical parts to the picture.

"CHARLIE CHAN IN SHANGHAI"

Palace—Friday-Saturday, Jan 24, 25

Most amusing of the Chan series. The most combination of Warner Oland and Keze Luke promises new interest. Chan is called to Shanghai to help end the opium traffic, only to find his friend murdered upon his arrival. Chan is kidnapped, but is saved by his son (Luo), who has been educated in America and desires to follow his father's vocation. Suspect is Chas. Locher, secretary of the murdered man and fiancee of Irene Harvey niece of the victim. Chan and Russell Hicks, U. S. secret service man, trap the smugglers in a dive, where Locher is revealed to be allied with Chan, and Hicks is discovered as the leader of the ring. Plenty of thrilling suspense.

"SHIPMATES FOREVER"

Palace—Sunday-Monday, Jan. 26, 27

Educational and entertaining, with a good dash of comedy, pathos and heart interest, this one packs plenty of patriotic emotional punch. Dick Powell, crooning son of Admiral Lew-Stone, sours on the family naval tradition, enters the academy to prove to his father he can pass, intent upon rejecting his commission. He softens to patriotic music and unfurled banners and becomes a hero by dragging a dying mate out of an engine room fire. Ruby Keeler, who has sworn never to marry a navy man, also has a change of heart and the navy wins again. Uncle Sam has contributed fine background. Some good tear jerking sequences and a class A directional job by Frank Borzage with Lewis Stone and John Arledge running away with acting honors.

"SMILIN' THRU"

Palace—Tuesday and Wednesday January 28 and 29

A reissue of the picture which showed a few years ago. This picture is excellent and its cast includes some of the finest movie stars ever portrayed. Norma Shearer, Fredric March, and Leslie Howard give performances which are very commendable.

"SHE COULDN'T TAKE IT"

Ritz—Saturday, Midnight, Jan. 25 Sunday-Monday, January 26, 27

George Raft gives an ingratiating portrayal of a reformed racketeer in a fast moving comedy which is fair enough to make one wish it had been a great deal better. Starting rather slowly, the film switches back and forth between kidnapers and police which packs plenty of thrills. Walter Connolly gives his usual excellent performance as the worried head of

Scouters Reelect Paxton At Annual Executive Parley

Porter And Ferguson, Local Scout Leaders, Retained At Meeting In Big Spring

Reelection of Charles Paxton of Sweetwater to serve his sixth consecutive year as president of the Buffalo Trail Council, Boy Scouts of America and a rousing address on tenets of the organization by Rev. Dick O'Brien of Colorado were high-lights in program of the council in annual session at Big Spring Tuesday night. J. A. Ferguson and W. W. Porter, prominent in affairs of the Council, were Coloradoans reelected to important official posts for the new year.

The Colorado minister urged vision "to see where we are going and hands ready to be put to work in accomplishment of the aim," as he pictured possibilities of the influences of Scoutcraft in building strong character and true ideals of citizenship in the lives of boys.

CARD OF THANKS

We take this method of thanking the Lions Club and Miss Davidson for buying our daughter, Bertie Mae, glasses which she needed badly. We thank you all very much. MR. AND MRS. PLEAS RICHTERS AND DAUGHTER.

TO IMPROVE RANCH

E. H. Gunn has purchased a small ranch six miles west of Vincent and plans making improvement to the property. The ranch comprises 900 acres of land.

SINCLAIR BUILDING

The Sinclair Oil Company is erecting a modern service station building in West Loraine. The structure will stand on south side of Highway One and be modern throughout.
