

Cultivate Character Through Scoutcraft, Urge To Colorado

Speakers Addressing Annual Banquet Friday Night Give Appeal That Public Build Men Through Organization

In battling the problem of organized crime and establishing American leadership and public opinion upon the high plane that character and good citizenship would build, this country could do nothing quite so effective as to rally around banner of the Boy Scouts of America.

That was the picture painted Friday evening by speakers addressing Colorado boys, their parents and other guests attending annual anniversary banquet of the Boy Scouts of America. Records built into the character of boys through a period of 26 years were held up to cinch the proposition that influences of the organization have ever lifted those within its portal to a higher appreciation of good citizenship. The banquet was held in basement of First Baptist church.

Principal address was delivered by C. A. Williamson of Sweetwater, executive secretary for the Buffalo Trail Council, of which Colorado troops are a part. Mr. Williamson pictured progress of Scouting in America since its introduction in this country in 1910. From a meagre start in the East Scouting has spread to every part of the United States in the general objective of moulding ideals of Americanism into lives of the boys it has touched, he said.

W. W. Porter, chairman of the Lions Club Boy Scout committee and credited with much initiative during the recent past in reviving interest in the organization locally, was another speaker to be heard. He stressed the factor of character building as incorporated in the Scout code.

Jim Ferguson, local Scout master, recalled that it was 22 years ago in Weatherford that he became a Boy Scout and "that man who led me into the organization was none other than our own Brother Elliott, an outstanding leader among boys through a number of years." The local minister was liberally applauded when called to stand. Ferguson gave, briefly, a resume of finances collected in Colorado for support of Scouting.

Mayor Van Boston of Westbrook, another speaker to address the meeting, assured Scout officials that his community would cooperate fully in

The Mitchell-Scurry, Big Spring and Lamesa Baptist associations are cooperating in special Sunday school campaign to be launched Monday in practically every church within bounds of the three organizations. There are a total of 29 congregations in the Mitchell-Scurry association alone that have entered the educational drive.

Men and women prominent in affairs of the Baptist General Convention of Texas are to personally direct the campaign, the Rev. Dick O'Brien of Colorado stated Monday. G. S. Hopkins of Dallas, secretary of Sunday school work for the general convention, is to direct the course.

Delegates representing the Colorado and other cooperating churches in this association are to gather at

Stress Placed On Place Of Scouting In Church Affairs

Colorado Ministers Talk On Boys' Organization During Sermon Addresses Sunday

The close relationship between ideals of the church and the Boy Scouts of America was pictured during sermon addresses at several Colorado churches Sunday. Sunday morning at 11 o'clock practically every pastor here devoted time to speak commendably of Scouting and the high principles for which the boys' organization stands.

Special religious services in honor of Scout anniversary week were held at First Presbyterian church Sunday evening. The pastor, Rev. W. M. Elliott, pioneer in affairs of Scouting, delivered a special sermon in tribute to the boys and their organization. Accompanied by Scout officials the boys attended the services in uniform.

COUNTY OFFICIALS WERE PRESENT AT CONFERENCE

County Judge B. L. Templeton and County Commissioners M. C. Holt, J. S. Boyd and Frank Crowover returned Friday from Dallas where they had gone to attend conference of these officials from over the State to discuss "red tape" on relief projects. The conference delegates voted to send representatives to Washington for conference with President Roosevelt on the situation, said to be keeping many deserving citizens from obtaining employment on government projects.

'A CITY IS KNOWN BY ITS HOMES' PICTURE OFFERED BY CONVENTION SPEAKERS

"A city is known by its homes." That was the general theme about which speakers addressing convention of the Mid-West Texas Lumbermen's association here Tuesday evening built their addresses. The gathering, held at the Colorado hotel, was attended by forty six delegates representing several counties in this section of West Texas.

C. L. Gray of Rotan, president, presided. Mayor J. A. Sadler extended welcome to the visitors. The program was centered about a banquet arranged under supervision of a Colorado lumber dealers committee of which R. O. Pearson, manager for Burton-Lingo Company, was chairman.

Far reaching results in building new homes and improving those already in use through cooperation of the Federal Housing Administration were recounted by J. K. Brady of Stamford and others to address the meeting. The necessity of home ownership in building for stability in the community was stressed.

Eleven Farmers Use Tractors To Plow 150-Acre Farm For Unfortunate Neighbor

Maybe you've been thinking that the good old days when neighbors were neighbors indeed are gone forever. If you have, then you should have been at a certain farm in the Fairview community Wednesday.

There you would have seen eleven farm tractors, belonging to as many farmers of the Fairview and Cuthbert communities, all in operation at once to "lay by" the 150 acre farm of a neighbor who has had serious illness in his family since plowing time began.

The neighbor is D. K. Cawthron, whose 14-month-old daughter has been and still is seriously ill of pneumonia in Colorado.

The men owning and riding these 11 tractors were: P. G. Fuller, J. B. Emfinger, Edward Boutwell, Nelson Pace, B. W. Jackson, Ward Jenkins, O. L. Simpson, Jim Badgett, E. L. Strain, L. A. Strain, and J. L. Strain. They easily finished plowing the 150 acres in less than a day.

While the men plowed their wives fixed dinner at the Cawthron house. In the afternoon the women papered a room of the Cawthron home.

'Rush Business' Is Occasioned At City Secretary's Office

Council's Move To Cut Off Delinquent Water User Is Met With Liberal Response

Monday was a big day at the office of J. Lee Jones, city secretary and collector of taxes. It was all because the city council in a recently enacted ordinance let the public in on its definite plan to discontinue water service to every citizen failing to make payment of his account on or before February 10.

"One of the biggest days we have had around the municipal building in a long time," mused Mr. Jones Tuesday morning as he sat at his desk and tabulated stacks of currency and checks, that during the day before had poured into the building in an unbroken stream.

City officials stated that provisions of the ordinance was being met without reservation. The ratio of water customers to be denied further water connections due to non-payment was said to be small.

States Located In Old South Favored By Bankhead Bill, Luncheon Club Attendants Told; Wire To Mahon

The cotton producers of Texas, Oklahoma, and Arkansas were discriminated against under provisions of the Bankhead Law, officials of the chamber of commerce charged Tuesday in resolution offered for adoption during program of the organization luncheon club. The charge was raised by Jake Richardson, chairman of the chamber planning committee.

With President Charles Thompson in the chair, executive officials of the chamber of commerce later adopted resolution denouncing the purported condition and offering demand that "the cotton growers of West Texas be given equal consideration with those of all other sections of the South in farm bill now pending before congress."

Jim Greene, secretary of the chamber of commerce, outlined in an address that information compiled by D. A. Bandeen, manager of the West Texas chamber, had shown conclusively that provisions of the Bankhead Law had brought favoritism to cotton growers in States east of the Mississippi. "We do not prefer that such a condition shall be reflected in the proposed farm bill now pending before congress," he suggested.

That the chamber plans an active year was indicated by suggested projects offered for adoption by the planning committee, composed of Richardson, L. B. Elliott, W. J. Wooster, J. B. Pritchett and J. W. Randle. Among other things, the proposals were:

Adoption of a revised constitution for the chamber of commerce, tentative copies of which were distributed among executives of the chamber. To launch an intensive membership drive "to secure people and finances with which to carry on our work."

Establishment of a trades day, to be held regularly once a month was another suggestion. A tree planting campaign, with special reference to making properties along the Broadway of America through Mitchell county more attractive was strongly urged. Sponsorship of an agricultural exhibit during the Home County Centennial celebration in August.

Represented At Curriculum Conference Mitchell County Schools Were Well

The public schools of Mitchell county, both rural and independent, had good representation at district curriculum conference held at Abilene Saturday. The sessions were held at Abilene high school building with Superintendent R. D. Green of the Abilene schools as general director.

Principal speakers of the meeting were Dr. J. C. Parker and Miss Ima L. Kuykendall of the Fort Worth city schools. Dr. Parker spoke in the morning on "A Platform for the Public Schools," and in the afternoon on "The Significance of the Platform for Instructional Organization." Miss Kuykendall made a general speech on "Comparative Education and addressed the primary group.

Dr. Parker, who has for several years been director of curriculum and director of research and guidance in the Fort Worth public schools, was originally sent to Fort Worth by the Teachers College of Columbia University to aid in the revision of curriculum. He has acted as visiting professor for several summers in the University of Texas and will be there again this summer. He has appeared on state curriculum conferences at the State University several times.

Classroom demonstrations, with the children of classes present, were held in the morning at 11:30 and in the afternoon at 3 o'clock. Teachers giving demonstrations were as follows:

Mrs. Hollyce Campbell Cole, Valley View, third grade; Miss Fannie Cummings, Travis, fifth grade reading and history; Miss Hybernia Grace, Anson high school, high school economics; Virginia Surface, Central, seventh grade English; Doreen Morgan, Rotan, seventh grade reading; Tommie Clack, Abilene High, literature appreciation; Frank Etter, Abilene High, first year Algebra; H. S. Fatherree, Abilene High, Spanish; Miss Willie Mae Hines, Miss Beth Coombs, Miss Ruby Comper, Abilene High, home economics.

All general sessions were held in the high school auditorium. Classroom demonstrations were held in various rooms in the high school building.

The program opened at 9:30 with the invocation by Dr. T. S. Knox, of the First Presbyterian church. The high school orchestra, conducted by R. T. Bynum, played a twenty minute program before Dr. Parker's speech. The Abilene elementary band, also led by Mr. Bynum, played at the opening of the afternoon session at 1:40.

Shower Given By Mrs. B. A. Wynne

Mrs. B. A. Wynne honored Mrs. Arthur C. Wilson, the former Miss Bernice Sweatt, with a bridal shower recently. The house was decorated with large hearts at the windows and tiny hearts scattered over the room.

The bride's book was heart-shaped and in appropriate Valentine colors with Mrs. Lottie Sweatt presiding. The gifts were received by Mrs. Wynne and immediately were placed in the treasure chest.

Heart-shaped candies, cookies, and cocoa were served with heart-shaped favors on individual plates.

The program included string instrumental music by Miss Clara and Opal Wilson and singing by Misses Opal and Clara Wilson and Laverne Carpenter. The songs were "Red Sails in the Sunset" and "Be Nobody's Darling But Mine." Evelyn Smith led the bride into the room and said a reading, "Wedding Gift." Mrs. Lottie Sweatt read Cupid's instructions of how to find the key to unlock the chest. The bride found the key in a large heart-shaped box and there she found more information. She led the way to the large gaily decorated treasure chest. The chest was dressed in red and white colors. Everyone gathered around to admire the many gifts that were there. The chest contained gifts from fifty people who registered.

Jackrabbit Five In Sensational Up-Set To Rout Westbrook

Local Boys Hold Lead Over Visitors During Fight At Local Gym Tuesday Night

The Jackrabbits, schoolboys of today who are to be the Wolves of tomorrow, furnished sensations aplenty here Tuesday night to rout Westbrook's first cage team to the ratio of 28 to 11. The up-set was one of the most complete dished out to basketball fans here during the season.

Hamlin Is Winner Of Tournament For 'Next Year' Cagers

Jackrabbits Are Defeated 22-14 In Final Match Of Meet Here Friday

Colorado's Jackrabbits went down 22-14 before Hamlin's team to lose the championship of the tournament held here last Friday for eight "next year" boys' cage teams of Mitchell and nearby counties.

In first round matches Friday morning Roscoe's second team forfeited to Loraine, the Jackrabbits beat Valley View, Lone Star defeated Rogers, and Hamlin won over Carr. In second round matches Friday afternoon the Jackrabbits defeated Loraine's second team and Hamlin won over Lone Star.

Rogers' boys won the consolation matches, defeating Valley View.

IATAN CLUB MEETS WITH MRS. GULLETT

The Iatan Home Demonstration club met Thursday, Feb. 6, at 2:30 p.m. at the home of Mrs. Jack Gullett for their regular club meeting on bedroom linens.

Practical dresser scarfs were shown by the agent. Linens is the most economical material for scarfs. Since it wears longer, launders easily, and is less expensive over a period of time. Simple decorative stitches such as plain hemstitching, Italian hemstitching, Bermuda fagoting, etc. are the most practical.

Mrs. W. L. Hall was appointed council delegate.

Club adjourned at 5 p.m. to meet at Mrs. J. M. Hahns Feb. 20.

CHURCHES

FIRST BAPTIST CHURCH

We are facing one of the most important weeks of the year in our church program next week. The annual Enlargement campaign for the Sunday school will begin Monday night and continue until Friday night. Mr. G. S. Hopkins, of the state department, will be here to give direction, and seventy churches in the district have been enlisted. It is our hope that each organized unit of our church will lend united support to this cause. We expect to offer three courses of study. One will be an organization course, one a Bible course and the other a departmental book. We want a minimum of one hundred enrolled in these classes. District missionary J. D. Brannon, of Abilene, is to be with us in our church. He will also give direction to the program in Mitchell-Scurry Association.

It is expected that Brother Brannon will fill the pulpit of the church here at the evening service this Sunday. A warm auditorium and a warm welcome awaits you at all services of the First Baptist church. DICK O'BRIEN, Pastor.

FIRST PRESBYTERIAN CHURCH

Church School at 9:45. J. Riordan, superintendent. Worship and sermon at 11 a.m. and 7:30 p.m.

Our General Assembly set next Sunday as "Sabbath Observance Day." Let us remember to observe it. It is the "Lord's Day." The Young People meet at 6:45.

PROGRAM "The Objective of Our Church" Scripture references: Ephesians 5: 22-32; Deuteronomy 11: 18-21.

The purpose of this meeting is to set forth some of the larger objectives which the Presbyterian church for generations has set for herself, and to which our own branch of the church is definitely committed, and to illustrate these objectives in such a way as to enable the young people better to understand the foundation principles of their church.

LEADER: Zelma Brintle. 1. Christian Family Life—Rhudean Ballard. 2. Christian Education—Meta Hudson. 3. Sharing Christ With Others—Myra Brown.

Everyone is invited to attend these services. The men had a splendid program Wednesday night. Subject: "The Stewardship of Possessions."

KREAGER AT WESTBROOK

Minister Willis Kreager of the Church of Christ will fill his regular third Sunday appointment at the Westbrook church Sunday afternoon at 3 o'clock.

Pleasant Ridge News

By Denfer Hale Bro. C. E. Leslie filled his regular appointment but the ordination of Bro. Roger Wells was put off until the second Sunday in March. Sister Leslie was with us and the nice dinner was enjoyed by all.

Mrs. Lewis has been very ill but is reported some better. Sam Haggerton is also better.

Mr. and Mrs. Robert Walker and baby, Bobbie, visited Mrs. B. V. Walker and Othar McCollough Monday evening.

Mr. and Mrs. Edd Mahoney, Mrs. Sam Haggerton and little son, Billie, Miss George Ruth Haggerton, and Mrs. Woodrow Freeman were Monday evening visitors in the home of Mr. and Mrs. Alex Hale.

Mr. and Mrs. Woodrow Freeman spent Saturday night with Mrs. Freeman's parents, Mr. and Mrs. Charley McAnally.

We, the Pyron boys won the Loving cup at Fluvanna Saturday night in basketball. The girls lost.

BROTHER IS KILLED

D. P. Bohannon was called to Slaton last Thursday by the death of a brother, Joe Bohannon, who was killed by a runaway team.

NOTICE OF APPLICATION TO MAKE OIL AND GAS LEASE IN THE MATTER OF THE ESTATE OF M. J. DAWSON, DECEASED.

No. 696. In Probate. TO ALL PERSONS INTERESTED IN THE ABOVE ESTATE: NOTICE IS HEREBY GIVEN THAT I have on this 12th day of February, 1936, filed with the clerk of the County Court of Mitchell County,

ETHEL MANN DAWSON, Administratrix of the Estate of M. J. Dawson, Deceased.

Six Millionth Six Chevrolet Car Is Built January 16

Many Improvements Made In These Cars Since They Were Introduced In 1929

Chevrolet's six millionth six was built at the Flint plant January 16. The company introduced the six cylinder engine into the low price field with its 1929 models and built 1,328,605 units in that year. The second million-car year was 1935, with a total of 1,066,196. Since its inception, in 1912, Chevrolet has built over 11,000,000 cars, more than half of them being six cylinder models.

A comparison of the 1929 model sixes with those of 1936 shows just as great an advance in engineering and performance as in appearance, declares James M. Crawford, chief engineer of Chevrolet Motor Company.

"The 1929 models had 46 horsepower, and today's have 78," remarked Mr. Crawford. "If it had not been for engineering progress toward greater fuel efficiency, today's engine would naturally have to be much larger than that of 1929 to develop so much more power, yet the fact is that the cylinder bore is the same and the stroke has been increased only one-fourth of an inch. That is, we have increased the piston displacement to 206.8, or less than 7 per cent, yet the horsepower has been increased from 46 to 78, a gain of 70 per cent."

This great gain in power with virtually no increase in size has come about through the development of better fuels, which permit higher compression ratios, and through improvements in combustion chamber design to permit a great deal more of the potential energy of the fuel to be turned into actual power. The first sixes had a 5 to 1 compression ratio, and today's ratio is 6 to 1. The result is that the gain in power is obtained not at the expense of fuel economy, but by getting more out of the same quantity of gasoline than we did in 1929.

"In the seven years that Chevrolet has been building sixes, the car has been increased in wheelbase from 107 to 113, and curb weight for a sedan has increased from 2675 to 3190 pounds.

"These gains in power, efficiency, economy, and car size have all been free to the motorist. That is, today's cars, despite their vastly increased performance powers, are more economical to operate than were the first sixes, and although they are larger, heavier, and of course wonderfully improved in appearance, comfort, and safety, their prices today are lower than those of the first Chevrolet sixes."

The six millionth six cylinder Chevrolet was a wedding present to Miss Betty Fundis of Detroit, the gift of Mr. and Mrs. Marshall Boden whose son, John F. Boden, Miss Fundis married last week.

8-YEAR-OLD GIRL IS POET
The following poem, "Fairlyland,"
was written by Doris May Blalock,
8-year-old daughter of Mr. and Mrs.
K. G. Blalock of Westbrook:
I would like to go to Fairlyland,
Where all the trees and flowers stand,
Where all the fairies dance around,
And make the queerest little sounds.
When the day is bright they use a
tablecloth of white,
You should see the pretty sight.

They have all kinds of food up there,
Even have a candy bear.
When the Elves come along they all
have a song,
Then that is the end of play and
they all go away.

DAVISON IS CANDIDATE

Howard C. Davison, Representative of the 117th District consisting of Mitchell, Nolan and Fisher counties, announced here today that he would be a candidate for a second term in the State Legislature.

Mr. Davison made the following statement to the Record: "I have worked conscientiously to serve the people of my district, who elected me to represent them, honestly and efficiently and in every instance I have conducted myself in the way that I believed would reflect credit to the majority of people in my district—and as each of you would conduct yourself in the place that I hold because of your vote.

"If it is your belief that I have represented you ably during my first term then I will pledge to you that you shall have that same unselfish, courteous, efficient, and wholehearted cooperative service that you have had during the first term that I have served you as your representative."

Farm Planning In Texas To Continue State Head States

Work Should Be Concluded By April 1; Difficulties Faced To Be Studied

The State-wide launching of the agricultural program planning project which was discontinued following the Supreme Court decision, will be continued and is expected to be under way in Texas by Feb. 17, according to George E. Adams, of College Station, assistant State agent of the extension service. The work, directed by district agents, should be completed by April 1, he said.

Mr. Adams, who has charge in Texas of this agricultural planning work, will select a number of counties in each extension service district where district agents will meet with county agents and farm and home demonstration councils to start the activity.

First step in the project is in effect a survey which will be conducted in 200 counties by council members, who will undertake to reach an actual 5 per cent of the rural population to be queried on the following topics:

"What is the probable production in 1936 assuming normal weather conditions, present farm practices and prospective prices?"

Give probable production of various farm products in 1936, assuming normal weather conditions and present prospective prices, but without either production or marketing control, and if farm practices had been adjusted to maintain soil fertility and to control erosion."

Another question, asking those questions in regard to gardens and home processed commodities for home consumption, will be added to this schedule, Mr. Adams said.

Fat Lambs To Be On Exhibition At San Angelo Show

Annual Exposition Will Open March 11 With Exhibitors From Several Counties

SAN ANGELO.—San Angelo's Fat Stock Show, the fifth version of which will be produced at the Fairgrounds here, March 7-11, has built up the most extensive fat lamb division in Texas. This year's performance is expected to exceed all records, including its own, of exhibition of fat lambs since this stock division has been added to the registered Hereford cattle and beef calf departments.

Anticipating growth in the fat lamb display, the Board of City Development, sponsors of the show, has constructed a new sheep barn for the 1936 exposition. The new structure is 56 feet by 210 feet and will accommodate pens for 1,500 animals.

Show officials are extremely pleased with entries to last night. Carload groups have already been entered from Mertzon, Bronte, Rocksprings, Sterling City, Rich, Menard, San Angelo and Tom Green counties, Garden City, Eola in Concho county, and Ballinger and Winters in Runnels county.

The above entries represent the "cream of the crop" in a dozen counties. Others are expected. Besides the carload lots there will also be singles and smaller groups from these counties in addition to Reagan and Uvalde and several other counties.

Cash awards in this division total \$383.

There has also been more interest shown in the boys' breeding sheep and goat show division, of which E. E. Young, vocational agricultural instructor in San Angelo High school, is the superintendent. Winners in the goat division will be given \$56 and in the breeding sheep section \$140.

The judge for the lamb show will be A. K. Mackey of Texas A. & M. College, College Station. Mr. Mackey is considered one of the best judges in the Southwest and his opinion of animals is held in high regard by breeders and buyers.

The majority of the fat lambs will be offered in the fat stock auction on Tuesday, March 10. Col. Earl Gartin, Greensburg, Ind., will be the auctioneer.

WORKERS' CONFERENCE HAS INSPIRING SESSION

One of the most inspirational programs in the history of the organization was held when the Workers' conference of the Mitchell-Scurry Baptist association met Tuesday at the Pleasant Valley church.

The associational executive board's report showed the association to be free of debt with its Mexican missionary paid a month in advance because of the illness of his wife.

The Rev. L. L. Trott of the Lamar street church, Sweetwater, and the Rev. W. H. Howell of Abilene were guest speakers on the day's program.

Attending from the Colorado church were Mrs. W. A. Rose, Miss Violet Moerer, the Rev. and Mrs. P. D. O'Brien, Miss Juanita Barton, Mrs. Lee Jones, Mrs. Jack Smith, Mrs. A. L. Whipkey, Mrs. R. A. Blackard, and Mrs. Decker, who recently moved to Colorado from Loraine.

The conference will meet next month at Union.

BUSINESS CONCERNS AID BOY SCOUT ACTIVITIES

Several Colorado business concerns assisted in making the recent Boy Scout anniversary banquet successful, Jim Ferguson, Scoutmaster, notes.

Mr. Ferguson lists the following in that respect:

Safeway Store, Pick & Pay, Piggly Wiggly, U-Save, Parker & Pribble, Sam Bedford, Whitaker's Bakery, I. Tucker Grocery, Pritchett Grocery, Will Rogers Dairy, Jim Bodine Dairy, Berry-Fee Lumber Company, Emmett Tilley, Baptist congregation, Miss Louise Bradford, Camp Fire Girls, "ladies in kitchen," Christian congregation, Jones, Russell Company, Howard Rogers, Dale Warren, Nelda Garrett and W. W. Whipkey and staff.

ELLIOTT TO PRESIDE AT C-C LUNCHEON MEETING

L. B. Elliott will be in the chair as the chamber of commerce luncheon club is convened Tuesday noon of next week at the Colorado. Announcement that Elliott would preside was made recently by C. C. Thompson, president. Another interesting program will be offered, according to W. P. Wilson, in charge of entertainment features.

FORMER COLORADOAN IS IN WESTMOORLAND

Lester Haines, a former resident of Colorado, but recently of Colorado, is now working on his ministerial degree at Westmoorland College.

He is a member of the Service Club, Press Club, and the Glee Club. Mr. Haines is taking physics, English, Spanish, government, and journalism. He will receive his degree from Westmoorland in two more years.

Congressman Hopes To Have Funds Authorized For Aid West Texas Resources

Congressman George Mahon of Colorado will continue his efforts for a \$50,000 underground resources survey in West Texas, he announced in Washington Saturday, following defeat of the measure in the House.

The Coloradoan stated that Texas senators were to assist him in adding the proposal to the department of interior bill when it is considered in the senate. The proposal lost by only six votes in the house.

Vets' Hospital For West Texas Sought By George Mahon

Proposed Institution Would Cost Million Dollars With Lubbock Site Favored

Congressman George Mahon of Colorado Monday introduced a bill to authorize construction and equipment of a veterans' hospital in West Texas, to cost one million dollars.

Mahon did not designate a specific site for the proposed institution, but suggested that it be built at a centrally located city such as Lubbock.

MEAT CANNED AT HOME OF J. B. JONES, RT. 1

It took some time for Mrs. J. B. Jones, who lives on Route 1 out of Colorado, to convince her husband that it is worth while to can meat, Mrs. Jones says. But now the Jones family has 50 No. 2 cans filled with rolled roast, plain roast, steak, chili, hamburger, stew, and loaf meats.

This canning was accomplished Monday with the help of the county agent, B. J. Baskin and Miss Emma Gunter, who gave demonstrations on cutting and canning beef. Miss Gunter estimates that Mrs. Jones will have a varied meat diet for her family of three during the next six months by supplementing her beef supply with pork and chicken.

Cottonseed Oil Is Found Valuable In Preserving Meats

Extension Service Concludes Experiments On Method; Is Cheap and Convenient

After several years of careful experiments, and checking results of experiments to determine exact value, the Experiment Stations and Extension Service of the Texas A. & M. College have announced a new and very successful method of storing cured pork. This method simply is the storing of the cured meat in refined cottonseed oil. The cottonseed oil being a vegetable fat or oil will not absorb any of the fats or juices of the cured pork, and neither will the meat take up any of oil, its taste or rancidity.

Some of the advantages in storing pork in this manner are:

1. It retards mold 100%.
2. It reduces shrinkage, which ultimately means hard, dry meat.

Second Contest For Pennant
Results In Small Lead For
Jim Reese's Charges

Colorado defeated Loraine 24 to 20 in a thrilling game at Colorado Tuesday night, that decided the Mitchell county championship for independent school districts.

The contending teams had entered finals in county contest a week before but were unable to break a 29 to 29 tie after three extra periods.

Colorado led throughout Tuesday night's tussle, being ahead 8 to 2 at the quarter, 13 to 4 at the half, and 17 to 14 at beginning of the last stanza. Hughes, Colorado forward, was high scorer with ten points.

Dalton Hill of Roscoe and Lauderdale of Westbrook called the game.

Rogers Ramblings

The boys and girls of Rogers, directed by Paul Sweatt, will present a play entitled "Fuller's Fortune," Feb. 21, at 7:30. The proceeds will be used to buy sweaters for the basketball boys.

"Fuller's Fortune" is a farce in three acts.

Cast of characters:
Judge Fuller.....Harlon Barber
Broncho Bright.....Joe Smallwood
Betty Bright.....Irene Barber
Mary White.....Eula Smallwood
Mrs. Scotty.....Lois Bynum
Mr. Scotty.....Roy Sweatt
Mrs. Brittlepop.....Geneva Oliver
Walter Davidson.....Riggle Smallwood
"Fuller's Fortune" furnishes 1:45 of fun. The fun begins when Judge Fuller invites some of his distant relatives out to hear his will read, and divides up his estate.

They arrive thinking that the Judge is dead. The fire works start when they all get together.

The Judge is not dead. He hears what they have to say about him—some of the things are not flattering to him.

After all of the quarreling and fussing the play leads up to a satisfactory ending, and Judge Fuller decides he wants to live for many years to come.

Come and enjoy the evening for 10 and 15 cents admission.

and having parks adjoining depots of the Texas & Pacific restored to their former civic attractiveness came in for support by the committee.

"Injustices of the proposed cotton control act," were given reference in resolution calling for consideration of this pending legislation by congress. "We make no criticism of the act as a whole but do insist that Texas cotton growers be placed on an equal basis with the cotton growers east of the Mississippi."

The suggestions were filed with the secretary for consideration by the board of directors.

Mrs. J. G. Merritt, chairman of the Mitchell county centennial commission spoke at length on plans for staging the historic program August 20, 21 and 22. She became reminiscent and recalled a number of interesting personages and events that would add color to the program.

An attendance of 34 was reported, largest since inception of the club a few weeks ago. Nine new members were formally introduced and others who had affiliated with the club but unable to be present mentioned.

Chevrolet retail sales in the first 10 days of January virtually paralleled those for the same period last month, and established an all-time record for the period in question, it was announced today at the offices of the Chevrolet Motor Company here. New car and truck sales reported by Chevrolet dealers totaled 23,965, and used car sales 34,370.

The new unit sales figure represents a 215 per cent increase over the corresponding figure for 1935, and the used car figure is 75 per cent above that for the same period last year.

"Nowhere in the January sales annals of the company is there anything to compare with these records," said W. E. Holler, vice president and general sales manager. "The closest

Scout Banquet

(Continued From Page One)
the objective for extending influences of the organization into all parts of the county.

Rev. Mr. Elliott was in charge of one of the most impressive features on the evening's program. Representing the Court of Honor he delivered merit awards to several Scouts who during the past year had achieved distinction in their work.

Buster Slaton and Harvey Cook were awarded first class badges. Second class badges were awarded Merle King and Fred Jones. To Jack McCorkle and Jack Herrington went badges of the tenderfoot rating. Marvin Majors, assistant Scout master, awarded a senior patrol badge to Buster Slaton in recognition of his having achieved outstanding leadership during the past year. Ferguson awarded the Slaton boy a hatchet and

shield in recognition of fact the boy was first in his unit to attain the rank of first class Scout.

During his address Ferguson recalled that there had been two Colorado boys to attain the rank of an Eagle Scout, "and one of them, Russell Soper, is present here tonight." Soper was called to his feet and roundly applauded. "You boys may rest assured that by putting a little into Scouting you will receive a great deal in return," he said. The other Eagle Scout is Weldon Skinner, now attending school, in Austin.

During his address Rev. Mr. Elliott referred to his many years, as a worker among boys. "Back in Indiana before we knew about the Boy Scouts I used to organize the boys into troops of the Knights of King Arthur, and after coming to West Texas continued that work," he stated. He called for Harry Ratliff, who 23 years ago was a member of Mr. Elliott's first boy's organization here.

The following year, when Elliott formed Colorado's first Boy Scout troop, Ratliff came in as a member. Dr. Dave Bridgford, among Coloradans devoting strong consideration to Boy Scout activities, presided as master of ceremonies. The invocation was offered by Rev. Cal C. Wright of First Methodist church. A

play by members of Troop No. 21, depicting the strong influences that attend Scouting, was well received. The play was staged under direction of Miss Louise Bradford, teacher in the Colorado schools. Muriel and Karnes King were heard in a selection of folklore songs.

Colorado business men cooperated

with Scout officials in the banquet program to extent of furnishing groceries for the menu. Howard Rogers cooked the barbecue and red beans and members of the Camp Fire Girls troop did the serving.

The assemblage was dismissed by repeating the Scout oath with Marvin Majors leading.

DANGERS ATTENDING THE FLYING OF KITES NOTED

The danger of flying kites in the vicinity of electric wires was explained today by officials of the Texas Electric Service Company, who are appealing to parents to warn youthful kite-flyers to keep away from wires.

"Several fatal accidents already have occurred this spring as a result of boys flying kites too near electric wires," according to L. J. Geer, district manager of the electric company, "and we want to impress on parents and children the dangers of letting kites and kite strings come in contact with wires. Above all, children should be cautioned never to use metal wire in the place of string when flying kites, for if the wire should fall across an electric line, the current would flash to the person holding it."

Whenever kites become entangled in electric wires, don't climb poles or use long sticks to remove it. Call the company and a lineman will be sent to get it down, if possible. Another wise precaution is not to fly kites during a rain, as a wet string is almost as dangerous as a wire should it come in contact with an electric line. Kites with metal frames, or wood frames, braced with wires, should not be used.

"Employees of the company will visit local schools within the next few days and make a further explanation of the dangers of flying kites, near electric wires."

'THE SISSY HAS NO PLACE IN FOOTBALL NOR BATTLE OF LIFE.'—REV. O'BRIEN

Minister Heard At Service Club Meeting Friday With Members Of Wolf Pack As Honor Guests

Playing the game of football is similar to that of playing the game of life, with definite rules, both personal and foul, that the participant must either respect or suffer the penalty, the Rev. Dick O'Brien of First Baptist church declared during an address at the Lions Club Friday. He was addressing his remarks to members of the Wolf squad, who, with their coach, Jim Reese, were honor guests of the service organization.

"It requires brains, backbone and brawn to play the game of football successfully, just the same as it does to forge ahead in battling the problems of life," the minister said. "There are none to whom success is due either in life or in the realm of football unless they are willing to put some real work into the task ahead."

"There is no place for the sissy on the football field, just the same as there is no room for him in the fight to meet honestly the problems of life. The sissy never sticks in the grid contest, neither will he stick in facing the fight of life."

"The referee and umpire may overlook something that you or the other player may indulge on the football field, but the referee of life never overlooks. You may rest assured that whenever the rules of life are broken the penalty will be invoked."

Meeting the challenge that some would attempt to impress that it is sissy to be religious, the speaker declared that such was not true by any manner of means. "To the contrary, it requires a real he-man to be religious, and this problem of battling life's problem under terms of the rules is not easy shedding. Religion is not just for women and children, as some might seek to impress," he said.

The coach spoke briefly to express appreciation of himself and the boys for support ever given the team by members of the club. "I have appreciated the consideration you men have ever given us and in a personal way I have enjoyed meeting with you fellows on the street and elsewhere," he said.

Regal Porter, speaking for the Wolves, added to words of appreciation as outlined by the coach. "We ever look forward to seeing you Lions on the sideline when we enter into a game. We trust that some day we shall see you, like you."

LIQUOR CONTROL OFFICE LOCATED IN BIG SPRING

The State liquor control board announced at Austin Friday that permanent district headquarters would soon be established at Big Spring to enforce liquor laws in this territory. Sixteen of the offices are to be opened in Texas.

Joe B. Mills, owner of the Mills Chevrolet Company at Colorado and Monahan, returned Wednesday after spending two days on business at the latter place.

County Will Cooperate With Ranchers In Campaign To Erase Cattle Stealing Here

The county commissioners' court Monday moved to extend full cooperation to ranchers of Mitchell county in determined campaign to stop cattle stealing.

Motion that the county pay fifty per cent of cash award, to be offered for arrest and conviction of any person charged with the offense was passed unanimously by members of the court. The proposal is that the recently organized cattlemen's association pay the other one-half of the award.

"There has been a considerable amount of this crime in Mitchell county recently and it is the plan of members of this court to assist the cattlemen and the sheriff's department in exterminating the same," was comment offered Tuesday morning by County Judge B. L. Templeton. Amount of the award to be posted had not been agreed upon, the county judge said. "However, it is our plan to meet any reasonable amount offered by the cattlemen on a fifty-fifty basis," he went on to explain.

Buy Quail Is Urge Offered By County Protective Ass'n

State Proposes To Pay Half Of Cost; Bob White Listed At 97 Cents Each

Appeal that Mitchell county citizens interest themselves in proposal of the State Game, Fish and Oyster commission to sell quail at 97 cents each, the commission paying one-half of the purchase price, was offered Monday afternoon by Ford Merritt, president, and Ben Smith, secretary, respectively, of the Mitchell County Game and Fish Protective association.

The association was formed here several months ago to protect wild life in Mitchell county and assist in restocking the country with quail and other game birds.

One hundred bob white may be bought by an individual at the special offer quotation or as many as 200 may be contracted for by an organization. The quail, to be shipped in crates containing 25 birds, are said to be hardy and should thrive in this climate.

Detailed information as to getting the birds may be obtained upon application to W. T. St. John of Abilene, district game warden.

'PUP,' BROADDUS DOG, DEATH VICTIM MONDAY

"Pup" is dead—and H. B. Broaddus looks lost as he goes around without the toy Boston scrawtail bulldog which was his inseparable companion.

The dog died shortly after noon Monday in a convulsion, presumably brought on by poison which he had found somewhere and eaten. It is not thought he was poisoned purposely.

"Pup" originally came into the Broaddus family as the property of Miss Mary Broaddus, now of Fort Worth. He was the gift of a friend of hers. But he soon attached himself to Mr. Broaddus and has since gone with him everywhere.

DISTRICT RA OFFICE IS ESTABLISHED AT SNYDER

Resettlement Administration offices for Mitchell, Scurry and Garza counties have been located at Snyder with Vernon Slocum, recently of Lubbock, in charge. The chamber of commerce offered to pay office rent for the area headquarters as inducement to the government in designating Snyder.

Westbrook Winner At Tourney Closed At Roscoe Friday

Colorado Girls Eliminated During Final Round; Club From Loraine Also Routed

Westbrook girls Friday night established for themselves a commendable place in the realm of basketball in this territory when they eliminated Colorado, Loraine and other strong clubs in unbroken parade to pennant at the Roscoe invitation tournament. The Misses representing Westbrook won the honor after defeating Roscoe 25 to 20.

The tourney champions received their closest call in a semi-final with Colorado, which lost 17 to 15. Roscoe eliminated Loraine, 35 to 10, at the same stage.

Jayton took consolation honors in a final game with the Roscoe B team, 22 to 18.

Between the championship and consolation finals the A. C. C. academy quintet beat the Roscoe high school boys, 24 to 23.

The following players were named by coaches for an all-tournament team: Witherspoon, Roscoe, Leach, Westbrook; Forwards: Anderson, Westbrook, center; Bratcher, Roscoe, Ernest, Jayton, and Sewalt, Jayton, guards.

MITCHELL COUNTIANS TO ATTEND INSTITUTE

At least four Mitchell countians, including the county agents, a farmer and a home demonstration club woman, are to attend a recreational institute of District 6 in Sweetwater February 17-20.

A two-hour morning schedule and a two-hour afternoon schedule will be observed by the 40 or 50 attending. Information received will be brought back to the different counties and used in the club work of local communities.

Mitchell county clubs have voted to sponsor recreation as one of their special activities this year, planning to hold a county-wide activity recreational institute as the culminating event.

JUNIOR PENNANT IS WON BY HAMLIN HERE FRIDAY

Hamlin won the Colorado high junior basketball tournament here Friday by defeating the Jackrabbits in the final brace 22 to 14. The Big Spring Calves defeated the Jackrabbit second team in an exhibition game. The score was 23 to 17.

TAYLOR COUNTY VOTERS' STRENGTH TO NEW HIGH

An all-time record in registered voting strength has been established in Taylor county with a total of 11,120 qualified electors, the Abilene Daily Reporter for Monday announced. For the last general election year, 1932, the total was 7,877. Last year the figure reached 5,615.

BEER VOTE SCHEDULED TO BE HELD IN MITCHELL ON SATURDAY, FEBRUARY 29TH

Petitions Carrying Plea By Citizens From Over County Presented Court Monday; Election Judges Named

Whether or not beer shall be legally sold in Mitchell county is to be determined at the ballot box on Saturday, February 29, as citizens of the county go to the polls to give expression of their wishes on the controversial question.

Order calling for the election was passed Monday by county commissioners' court after petition bearing names of representative electors from over the county had been considered. The referendum will mark third time within recent years that the Mitchell county electorate has written a verdict on the beer proposal.

Only qualified voters under the laws of Texas will be permitted to participate in the election, County Judge B. L. Templeton stated Tuesday morning. A majority vote, either for or against the proposal, will determine result of the election.

The following election judges were appointed Monday by the court to preside over the beer and all other elections to be held in Mitchell county during the year:

Colorado, No. 1: A. L. Maddin, James Logan, L. B. Elliott and R. F. Fee; Westbrook, No. 2: A. L. Young and Van Boston; Spade, No. 3: A. R. Northcutt and B. A. Fulkner; Landers, No. 4: Ben Clopton and M. L. Adrian; Cuthbert, No. 5: Ed Strain and W. W. Jenkins; Carr, No. 6: T. A. Rees and E. C. Grant;

Loraine, No. 7: J. S. Pratt, J. W. Howell, T. C. Wilson and E. C. McCollum; Itan, No. 8: E. B. Gregson and M. L. Ekas; McKenzie, No. 9: C. N. Stubblefield and G. M. Brown; Buford, No. 10: J. F. Bodine and C. L. Grable; Hyman, No. 11: Otto Schuster and J. L. Andrews; Colorado, No. 12: Roy Buchanan, John Hale, Bray Cook and U. R. Elliott.

This will be the first time that voters of the Colorado precinct have used the recently created Box No. 12, located at the American Legion building.

Dividing line between the two voting precincts is Highway No. One, extending east and west to boundary of the original Colorado district. Voters living south of the highway are to cast their ballots at the American Legion building and those living north of the thoroughfare will vote at the courthouse.

There is one exception as to boundary line, as outlined above. Voting precinct 12 extends north up Chestnut street to East Third, thence east to alley way and from that point south to intersection with the highway. This was done in order to include the Legion building as a polling place.

FREE ENTERTAINMENT TO FEATURE FFA-HE BOX SUPPER FEB. 21

An hour's free entertainment, including a style show and music by the Colorado FFA string band, will feature the box supper to be given by Colorado High school FFA boys and home economics girls Friday night, February 21, at the high school. Proceeds from the box supper will be used to send teams from the two departments to state judging contests.

Election of the FFA "Sweetheart" will also take place on the night of the box supper. The girl elected will occupy an honored place at the FFA Parent-Son banquet on March 6.

RURAL CLUB REPORTERS TO MEET SATURDAY P. M.

A meeting of home demonstration club reporters of the county is called for Saturday, Feb. 15, at 3 p.m. in the office of Miss Emma Gunter, county home demonstration agent.

Officers of the reporters' association will be elected. January-February club news reports will be gone over.

During Miss Barrett's absence from her teaching duties her classes are being taught by Mrs. Walter Wilson.

OLD AGE PENSION BLANKS TO BE AVAILABLE FRIDAY AT CITY, COUNTY OFFICES

State Director Looking For Large Quota Of Applicants In Mitchell; Forms Easy To Fill In, He States

Application blanks for old age pension assistance will be available at the court house, city hall and chamber of commerce Friday, State Administrator Orville S. Carpenter of Austin announced last Saturday. A total of 200,000 of the forms are being distributed throughout the State, Carpenter notes in statement given the press.

Mitchell county will be expected to supply a large quota of applicants for the proposed State pension of \$15 per month, Carpenter suggested. He expressed assurance that the State law would be given approval by the social security board on February 14.

Carpenter said the application blanks, carrying space for information required by the pension act, will be available to all who desire them. He explained in detail the process through which the applicant must go.

Blanks may be taken home and filled out in duplicate. "Anyone who can read and write can fill out the applications. No expert assistance is necessary," Carpenter said. Twenty sets of blanks, for the 20 administration districts, will be sent out. The district office's address, to which blanks must be sent, is plainly printed on the application. Truth of the information contained in applications must be sworn to before some official empowered to administer oath—a county judge, clerk, justice of the peace, or notary public.

Applicants can forget about their applications after they are mailed to district headquarters," said Carpenter. "We expect to start investigating applications within two or three days after the law goes into effect. There should be enough applications presented to start on by then." Three hundred investigators will be used.

Investigators will report to the district office, and the applicant will be notified by mail what disposition has been made of his application.

Those approved will receive up to \$15 per month, starting by July 1. "The law provides that payments must start by July 1," said Carpenter. I anticipate 200,000 applications, and handling that many is a big job. But we'll start payments before July 1 if it's humanly possible."

In case an application is rejected and the applicant wishes to appeal, written forms may be obtained in district offices. Notices of appeal are to be mailed to district headquarters, and then forwarded to the state commission at Austin. The case then will be set for hearing. Carpenter said an effort would be made to conduct hearing in or near the towns where applicants live.

CITY'S CELEBRATION ON CENTENNIAL CALENDAR

Copies of the "Centennial Year Calendar of Texas Centennial Celebrations" have been received in Colorado, being in pamphlet form and setting forth attractively the list of "fiestas, pageants, and exhibitions" throughout the state.

Colorado is referred to as follows: "August 20, Colorado—Homecoming celebration, developed in Centennial theme."

The 36 Centennial year events first planned by Texas cities are listed on the calendar, 75,000 copies of which are being distributed throughout the nation. The calendar will be revised every few weeks with newly planned celebrations being added. It is planned to distribute approximately 750,000 copies throughout the United States during coming months.

Compilation and distribution of the pamphlet is part of the work being done by the department of information for Texas Centennial celebrations in its work of advertising and publicizing the Lone Star state and its Centennial year. It is a state department with offices located in Dallas.

"THUNDER MOUNTAIN"
Palace—Friday and Saturday February 14 and 15

A treat for the outdoor action fans in a Zane Grey novel transferred to the screen with beautiful scenic background and two-fisted action. Geo. O'Brien and his partner are cheated out of a claim after being grubstaked by the father of a gold-loving daughter, the object of O'Brien's affections and the rival of a dance hall girl plenty sweet on O'Brien.

O'Brien starts out to square things, and learns that the gold-digging daughter has fallen in with the claim jumper, lured by his money bags. O'Brien proves his claim, settles with the heavy by flinging him over a cliff, gives the gold-digging dame the cold shoulder, and the dance-hall girl takes the embrace.

Increased Taxation Assures A Greater Load On Individual

Safeway Stores Head Gives Views On Tax Crisis As Seen By Him

The public always pays the bill of increased taxation regardless of whether the tax is concealed or direct, L. A. Warren, president of Safeway Stores, Inc., said in a statement issued today on the present tax crisis.

"Specific taxes by themselves," Mr. Warren said, "may not appear burdensome, although in view of the unceasing effort to impose new taxes it should be remembered that the total tax burden is constantly absorbing a greater share of the national income.

"As a matter of fact it is estimated that the 1935 national tax bill will be in excess of 350 per cent above the 1913 level. The year previous the country's tax bill amounted to \$9,500,000,000, whereas the national income totaled only \$47,500,000,000. This means that taxes absorbed 20 per cent of the total national income.

"Even the most simple analysis will reveal to any thinking citizen that the individual consumer must, in the long run, pay the bill. It means that a constantly increasing share of the individual income will be inevitably absorbed by an ever-heavier tax-burden.

"Economic recovery, as a consequence, will be blocked, for in the final reckoning the prosperity of the nation is based on the prosperity of its individual citizens.

"It is false logic to expect any business to operate under an oppressive tax burden for if the tax is sufficiently heavy to erase all profit and substitute a loss evil consequences, such as increased prices, unemployment, or a diminution of the tax base result, and as a consequence the consumer, as always, is forced to pay the tax bill in the form of a higher cost of living," Mr. Warren concluded.

Knee Action Gives Oldsmobiles Good Favor With Public

Thousands Have Learned Of Improved Riding Comfort, Factory Official States

Thousands of motorists this winter have discovered the full benefits of the knee action ride for the first time, it was pointed-out today by D. E. Ralston, Oldsmobile vice president and general sales manager.

These drivers are those who rarely if ever drive off pavement. Their driving is limited to city street or smooth paved highway.

But the cold winter, which has seen ruts and bumps of ice and snow formed on all heavily travelled roads, has demonstrated the advantages of knee action wheels, which move up and down independently of each other and soak up shocks through big coil springs.

"Knee action definitely gives an improved ride on even the smoothest streets," Mr. Ralston pointed out. "This has been proved to motorists all over the world who have driven a car with knee action and one without over the same route under the same conditions and compared the comfort.

"But the rougher the road the more noticeable this difference is. And the cold winter, producing lumps of ice and snow on even the smoothest highways, has accentuated the difference between the ride in a knee action car and the car without this improvement.

"Owners of knee action Oldsmobiles have discovered that even over the roughest of these roads their cars ride smoothly because independently acting front wheels absorb the shock without transmitting it to the car and passengers.

"And, in addition, center control steering, possible only with knee action, has made the 1936 Oldsmobiles much easier and safer to handle on icy, snow hummocked streets."

EDITORIAL—To The Parents:
Mothers and Fathers—Lately have your children brought home any slips telling you whether their work is commendable, improving, or unsatisfactory? These slips were to have been signed by you and sent back to the teacher. I'm sure you'd want the note to say commendable, but in case it doesn't the teachers ask your cooperation to help bring this up to commendable. We know that you will be interested enough in your children to do this.

ATTENTION WRITERS
The editors are considering publishing each week the best theme of from fifty to seventy-five words on local history. Anyone in Junior High school is eligible to write for this.

Readers: How would you like this for reading material?
Students: Would you like to participate? Let us know!

CHIEF PATROLMAN
Don't say that you think me courageous,
For that's an assertion I doubt,
I do only what is my duty,
And it's nothing to be boasting about.
LUCILLE GOSS.

ELECTIONEERING
Last Tuesday afternoon the chapel period was given over to electioneering of candidates.

Party A, whose candidate for Chief Patrolman was Ross Glover, gave their part first. The campaign chairman, Bobbie Lou Cooper made a speech and Alice Womack presented the dog mascot who was "Growling for Glover." Nancy Price introduced Ross Glover and after his speech a yell was given.

Party B sang a song for their candidate and then he, Charles Stevens, made a speech. His campaign chairman was Beulah Frances Robinson.

Party C first gave an acrostic which went something like this:
K is for Kind which Kirby will be,
I is for Innocent which Kirby is,
R is for Reliable which Kirby will be,
B is for Beautiful which Kirby is not,
Y is for you who will vote for him.

Jack Smith sang a song he composed in honor of his candidate, Wallace Kirby, who also spoke.

The next few moments were given over to other candidates running for patrol positions. Everyone enjoyed this political rally and we feel that things of this kind help to make us better future citizens.

ELECTION REPORT
In the election last Friday, there was a total of 214 votes cast. The returns were announced in chapel Friday by Mr. Mason. He announced that for:

CHIEF PATROLMAN	
Ross Glover	69
Charles Stevens	80

SYNTHETIC GENTLEMAN

By **CHANNING POLLOCK**

When an accomplished second-story worker breaks into a Long Island home just to get out of the rain, finds a gent's man's dry clothes that fit him, and then has to go right on wearing that gentleman's clothes—and shoes—because he's in love, there's a story for you! Never in years has there been a yarn with half the adventure, half the laughs or half the punch of "SYNTHETIC GENTLEMAN," by Channing Pollock.

VISITING SPEAKER

The seventh grade was delighted to have, as a visiting American Legion speaker, Mr. Van Boston of Westbrook. His subject was "Leadership" on which he gave a short talk. We are sure that every seventh grader is trying his best to acquire the medals offered to their grade this year.

CHAPEL
Friday the Jr. High school welcomed back a familiar face: Jerry Dan Doolittle of Tony Beaver's Lumber Camp. He told another of his amusing, as well as interesting, stories. The credit goes to 6C for having such an enjoyable chapel program.

OIL BELT ASSOCIATION

The chairman of the program committee for the Oil Belt Education association has notified Miss Crosthwaite of the Jr. High school faculty of her appointment as chairman of the art section at the next meeting of the association which will be held in Abilene on March 13-14. It is her duty to arrange the program for the art section of this meeting which will be on "The Function of Art in the New Curriculum." Part of this program will very likely consist of some picture posing and this will be done by some of Miss Crosthwaite's own Jr. High pupils.

Further information about this program will be published later.

Kathleen Phillips was absent from school Monday morning. Carlos and Ray Knight were absent Tuesday. They were absent until 10:30 o'clock Monday morning. It is our best guess that they didn't have their algebra lesson. Kathleen Phillips spent Sunday in Merkel visiting relatives.

SEVENTH GRADE NEWS

The Seventh Grade must find school very interesting! It has been rumored that they played hooky last Friday (none of them were in school). They denied the rumor and said that they didn't feel well. Now, I wonder.

Ann Axtell is now doomed to wear braces on her teeth.

Doris Rogers, one of the most charming members of the Seventh Grade is going to move. Who will take her place?

Ruby Jo Fortunes tells us that she walks over seven miles a day. Does she?

Ann Axtell is swinging her tennis racket. Hurrah for Ann!

We are studying adverbial and adjective clauses now. Doris has learned adverbs. How? When? Where?

COMMUNITY NEWS

Mr. and Mrs. Fisher, Miss Mabel Phillips, Mrs. M. O. Chapman, and Mr. M. D. Wallis attended the curriculum conference in Abilene Saturday. Mr. and Mrs. Fisher attended the teacher's luncheon at the Wooten Hotel.

The home of Mr. and Mrs. Ben F. Cox was destroyed by fire early Saturday morning. Only a few things were saved. Mr. and Mrs. S. J. Phillips and family spent Sunday in Merkel visiting relatives.

Theda Williams of Payne visited Gladys Gatliff this week-end. Leatress Shaffer of Westbrook visited Gladys Gatliff last week. E. B. Vanwinkle visited here last week.

SPORTS NEWS

We have started track and tennis in Iatan this week. We have new equipment in both track and tennis. Those entering track are: Lois McKee, Arthur Barker, Howard Hardcastle, Carlos Knight and Gwan Strange. Those entering girls senior tennis are: Juanita McKenney and Melba Harris. Arthur Barker is the only senior boy entering tennis. All students and teachers are very interested in the work we are now undertaking.

HIGH SALARIES

The American people have gone amusement mad. Baseball, football, horse racing, boxing matches, airplanes, and automobiles. Here are a few of the people who pay the bills. In looking over the Hollywood journal we get the following figures:

Table listing various statistics related to Hollywood and entertainment, such as 'Total investment in motion picture industry in United States - production, distribution and exhibition \$2,000,000,000'.

MONEY BARONS

All of us have a natural curiosity to know how much money the other fellow is making, so we read with interest the statement of the treasury department at Washington regarding the salaries received by the leaders in various fields of activity in this country. This list, as published recently, does violence to the prevalent idea that only the big industrialists—the so-called "money barons"—draw fabulous salaries.

In fact, we find publishers, movie actors, cartoonists and columnists drawing more money than some of the heads of big industrial concerns. William Randolph Hearst drew \$500,000 in salary last year, as manager of a large string of newspapers, but Mae West drew almost as much for making wisecracks before the camera. Edsel Ford, manager of the Ford Motor company, received \$90,036 in salary; but Bing Crosby was paid \$104,449 for his work as an actor and received \$88,499 more from the motion picture company of which he is the head.

Some of the big bankers received salaries of more than \$100,000 a year, but so did many movie stars, cartoonists, radio artists and writers. Baseball players and prize fighters also made handsome salaries.

So it is rather difficult to say just who are the "money barons" of this nation. If the amount of income received is to be the criterion, there are several stars in Hollywood who are bigger "financial moguls" than the heads of the leading industries in the country. In the final analysis we find that the people pay more for their entertainment than they do for any of the necessities except food. And the persons who can produce what the people want are the ones who are going to make the big money.

The house ways and means committee figures, as submitted by the treasury, showed, for instance, that Mae West got almost four times as much as Edsel Ford—on the salary rolls. And Bing Crosby drew as much as the Mayo brothers together.

The figures included salaries of corporation employees receiving \$15,000 or more for 1934.

Included in the 18,000 pay checks were: Charlie Chaplin, \$143,000; S. S. Kresge, chairman of the board of S. S. Kresge Co., \$107,000; Henry L. Doherty, \$100,000, and William Randolph Hearst, \$500,000.

Mae West got \$339,166.65 and Constance Bennett, \$176,188.

Proving that directing movies is profitable, too, were the pay checks of Norman Taurog, \$118,750; and Wesley Ruggles, \$121,416.

The producing end of the movies paid Cecil B. De Mille \$125,000, and B. P. Schulberg, \$145,583.

Edsel Ford, president of the Ford Motor company, regarded as one of the nation's wealthiest men, received \$90,036, while one of the corporation's vice presidents got \$107,341.

Max Baer's movie appearances game him \$16,666 in 1934.

Mickey Cochrane, manager of the world champion Detroit Tigers received \$31,366.

Walter Winchell, New York Daily Mirror columnist, drew pay totaling \$52,000. Col. Frank Knox, republican presidential possibility, \$75,000 from the Chicago Daily News. That's the salary of President Roosevelt.

WHERE ARE WE DRIFTING

When Washington, D. C. was chartered in 1802 it was not believed possible that with sixty square miles available on which to build the time would ever come when a housing congestion would force it to look to other borders. But that time has arrived. The new deal, despite its promises of abolition of bureaus and commissions and reductions in Government expenditures, now finds itself in the position of not having enough room in Washington to take care of the manifold alphabet agencies that are of its making. Eyes are now being cast toward near-by Baltimore, which may be called on to serve as an administration annex, a new deal subdivision.

The Federal pay roll continues to mount, the latest report of the Civil Service Commission showing that 796,297 persons, exclusive of soldiers and sailors, are on the list. This is an increase of 1,830 over the month previous. Federal workers in the District of Columbia now number 110,009, which is only a few thousand less than the war-time peak, when the area was literally jammed with employees. Secretary Ickes disclosed that the Government owns 101 buildings in the District of Columbia and rents 103, despite which few departments function under one roof. His own Interior Department is spread over fourteen buildings the War Department over sixteen, resettlement fifteen and WPA ten.

BIG SUMS FOOLISHLY SPENT

Sport project allotments have sliced into the government's four billion dollar war relief fund for more than \$340,000,000 in the last six months.

On the theory that outdoor life builds better bodies, that construction gives employment and that millions of citizens will be benefited, the government has spent, or agreed to spend on sport projects since last July 1, a total of \$340,059,174.

Supreme Court In Opinion Huey Long Press Tax Invalid

Louisiana Levy Contrary To Constitutional Law Verdict Written In Cause

The allotments devote to sportsmen and youngsters approximately 9 per cent of the huge total appropriated by congress last session. Some of the projects already are finished, construction is under way on others, while work has not yet begun on many. The program calls for \$3,376 separate projects.

Of the entire allotment, \$8,607,730 comes under sport indirectly through expenditures on game, fish and birds, although all such monies eventually will aid the rod and gun sportsman.

By far the bulk of the money—\$306,463,429—has been allotted to parks, which include baseball and football fields, etc., and various equipment for other sports and for the entertainment of boys and girls on playgrounds.

This is what we call foolish spending. The \$306,463,429 allotted to parks and athletic fields could have been spent for better purposes, for instance it would have given every tenant farmer in the United States a fine registered Jersey milk cow, would have built hundreds of hospitals and done ten times more good than all the athletic fields in all the States.

F. B. W. It pays to advertise.

Unanimously championing continued freedom of the press, the Supreme Court at Washington Monday invalidated a Louisiana newspaper tax imposed during the late Huey P. Long's regime.

A strongly worded opinion read by Justice Sutherland held the levy imposed only on large publications—"was a deliberate and calculated device to restrict the circulation of information."

Citing the nation's guarantee of a free press the court added that the Louisiana tax was "suspicious" in form and levied with the "plain purpose of penalizing publishers."

VISITS MOTHER HERE

Mr. and Mrs. George Tate of Big Spring were in Colorado Saturday to visit his mother, Mrs. S. H. Millwee. They were enroute to Wynnewood, Oklahoma, where Tate attended to business matters for the Cosden refining company of Big Spring.

NEWS ITEM DESCRIBES COLORADOAN'S 'TEAM'

Taken out of the "From the Top of the Hill" column of the Sweetwater Reporter News, the following item tells about a certain Mitchell countian and his unique "team":

"I. H. Foster, Colorado City, was through here Thursday driving a yoke of oxen to a wagon. He left Oakwood in Leon County Texas Dec. 28 and is just now getting home. He paid \$175 for the pair, and said they had to be baptized before he could get a clear title, because of the tick restrictions in that vicinity. If the steers do not give away in the knees Foster plans to drive them to New York, starting about the first of April. His wagon is just chuck full of relics, among the relics being a 165 pound cannon ball that was found near Shreveport on the Sabine river by Foster's father, G. K. Foster. The steers have run away three times on the trip, the first time being at Waco when the mayor's wife was taking a buggy ride, the owner said while he was stopped at Roscoe Thursday."

4-H BEDROOMS WILL BE SCORED FEB. 22

Bedrooms which are being improved by demonstrators of girls' 4-H clubs of the county will be scored by a committee of two, Mrs. J. A. Ferguson and Miss Pauline Hargrove, on February 22.

The judges will be accompanied by the various bedrooms by Miss Emma Gunter, county home demonstration agent. The girl having the winning bedroom, after additional scorings, will be awarded a trip to the Short Course at A. & M. July 20-25.

WITT HINES TO STANTON

Mr. and Mrs. Witt Hines, former Mitchell countians and Coloradoans, have moved to their ranch near Stanton, according to an item in the Stanton Reporter. The Hines ranch is located 11 miles northeast of Stanton. The Reporter stated that Mrs. Hines had entered her two sons, Ralph and Bass, in the third grade of the Stanton school.

TREACHEROUS WEEKS ahead
Reports from health authorities advise that "colds" are widespread and especially severe this year and urge citizens to arm themselves against this insidious illness. Health-wrecking sickness is all too prevalent during this bad-weather season and it is vitally important to take special precautions against the attack of the common cold germ which has become America's Public Health Enemy Number One. Beware the dangers of the treacherous weeks ahead. For your health's sake keep your entire house comfortably warm!
Uneven and inadequate indoor temperatures are a constant danger to health during the treacherous winter months. Sudden changes of temperature, such as those experienced in passing from a warm room to a cold one, appear to be harmful to the tissues of the nose and throat which are the starting places of health-wrecking respiratory diseases. Quick chilling of the body lowers resistance and invites attacks from cold germs.
According to government statistics, diseases of our breathing apparatus are responsible for more deaths than any other single cause. While respiratory diseases often start seriously, they are closely related to "colds" and in many instances are directly traceable to catching cold. There is good reason, therefore, why physicians advise extra care in protecting health during the threatening winter months.
An ounce of prevention is worth a pound of cure when your family's health is concerned and you can reduce the possibility of "colds" during the treacherous weather ahead by the simple precaution of proper ventilation and adequate heat in every room of the house. Try it for your health's sake!

IT'S FALSE ECONOMY TO TURN OFF YOUR REFRIGERATOR

Your electric refrigerator is so constructed that it adjusts itself instantly and accurately to changes in temperature without your assistance. If the weather is warm, it buckles down to hard work and keeps the inside of the box at its proper temperature. If the weather is cold, it automatically turns itself off as long as the temperature remains in safe bounds. That's why we say it's false economy to turn your refrigerator on and off according to your ideas of the weather—your electric refrigerator catches temperature changes quicker and more accurately than you do.

NEW SERIAL YARN BY CHANNING POLLOCK

"Synthetic Gentleman" Reveals Author's Deep Insight.

Channing Pollock has written such dramatic masterpieces as "The Fool," "The Enemy" and "The House Beautiful." He wrote the lyric for "My Man," immortalized by Fanny Brice. But—

"My only real talent," he has declared, "is for friendship. I know more bishops and burglers, chorus girls and capitalists, bootblacks and barons, than any other one man in the universe."

And right there you have the explanation of the remarkable insight

CHANNING POLLOCK

into those the upper and lower crusts of life that makes his new adventure novel, "Synthetic Gentleman," some of the grandest reading of this or any other year. It is the story of a second-story worker who broke into another man's house, stepped into another man's shoes (while his own were drying by the fireplace) and found that in order to keep the girl he loved he had to go right on wearing the disguise of a gentleman.

Playwright, novelist, short story writer, essayist, poet, lecturer and lyricist of distinction, Channing Pollock, born in 1880 in Washington, D. C., has become one of the outstanding literary figures of the present day. It is with pride that his newspaper announces that his "Synthetic Gentleman" will appear in these columns in serial form. This bright, exciting story is guaranteed to keep anyone who begins it hanging on breathlessly to the very last chapter.

THE COLORADO THAT USED TO BE

25 Years Ago 15 Years Ago

THE COLORADO THAT USED TO BE 25 YEARS AGO

Twenty-five years ago Colorado Episcopalians were paying their respects to their new Bishop Temple, according to an item in the Record for February 17, 1911.

The bishop had drifted into town 12 hours ahead of time and had gone to the St. James. On Friday night the Guild gave him and the men of the parish a banquet at J. C. Prude's. Judge C. H. Earnest made the address of welcome and Charles M. Adams invited him to Colorado to live. Among those making impromptu talks was J. B. Reeking. All Saints' was packed on Sunday for the new bishop's sermons. Confirmed at the evening service were Mable Earnest, Ollie Webb, J. R. Graves, and Mildred Vincent.

Death had claimed Mrs. J. G. Stargis, sister of W. A. Crowder, in Carlbad. . . . Grandma Robinson, mother of Sol, Fayette, and Stant Robinson, had died in East Colorado.

The Loraine locals recorded that: S. D. Dummahoo had leased his blacksmith shop and would join the ranks of the farmers. . . . A. J. Payne of Colorado had been a business visitor. . . . Isophene Toler had returned from a two-weeks visit with friends in Fort Worth and was back at her place of duty with the Loraine Mercantile company. . . . Mr. and Mrs. Hubert Toler had celebrated the fifth birthday of their oldest son. . . . C. M. Thompson had been on the sick list and was better. . . . Annie Fine was up and about after several months of invalidism occasioned by a broken leg. . . . W. B. Wimberley, county commissioner from the Loraine precinct, had been to Colorado. . . .

So happy was Colorado over a rain that the young people had had an impromptu dance at the clubrooms which had lacked to prove it was still raining as the fun went on. . . . Mary Coe and Ophelia Arnett had come in from Rendonbrook for the affair. . . . The first anniversary of the Daughters of the King class of the Methodist church had been celebrated on Tuesday evening at the home of Mr. and Mrs. Earl Jackson. . . . Mrs. J. G. Merritt was toastmistress. . . . Mr. and Mrs. W. W. Hart had entertained members of the Hesperian club and their husbands, members of the school board, and teachers on Tuesday evening. . . .

Mrs. H. D. Womack had gone to visit her folks in Callahan county. . . . J. W. Kirkpatrick had captured and killed a large bob cat down on Champion creek. . . . Mrs. W. L. Doss and Miss Etta had gone to Dallas for medical treatment. . . .

15 YEARS AGO

The return from Ranger of Colorado's delegates to the West Texas Chamber of Commerce annual convention was front page news in the Record for February 11, 1921, fifteen years ago.

Among those attending from Colorado were Jerold Riordan, J. A. Buchanan, W. R. Charters, C. S. Thomas, C. M. Adams, H. B. Broadbudd, W. A. Grubbs, Charles Taylor, S. D. Wood, T. C. Donnell, W. S. Cooper, S. M. Majors, W. L. Doss, Thos. R. Smith, J. M. Thomas, J. A. Sadler, J. A. Pickens, Roy Dozier, D. N. Arnett, J. F. Morris, E. M. Majors, and Mrs. J. A. Sadler.

Colorado's "Booster" club had been organized on Thursday night with sixty-five business men as charter members and the following officers: President, W. W. Porter; vice-president, J. M. Thomas; secretary, W. S. Cooner; directors: Dr. T. J. Ratliff, G. B. Slaton, W. R. Charters, Thos. R. Smith, and R. P. Price.

"Reduce and diversify or face disaster" was the warning issued through state articles published in the Record on that date. . . . Farmers were warned that unless a drastic reduction was made in the cotton crop of Texas a "bitter experience" would result. . . .

Mrs. Lee Jones had been complimentary hostess to the Hesperian club and the following were elected to offices: Mrs. W. P. Leslie, Mrs. T. J. Ratliff, Mrs. Sam Walljen, Mrs. J. A. Sadler, Miss Dry, Mrs. W. L. Doss, Jr.

The Standard club had met with Mrs. J. H. Guitart, the Bayview with Mrs. Joe H. Snoot, a new 42 club with Mrs. C. M. Adams, the Merry Wives with Mrs. Leslie Crowder, the Harmony with Mrs. E. A. Barcroft. . . . Mr. and Mrs. J. H. Greene had returned from Dallas, where Mrs. Greene had gone for medical examination. . . . Mrs. Harry Ragan had returned from New York, where she bought spring goods for the F. M. Burns store. . . . Miss Pearl Price of Windom had accepted a position with the B. F. Mills millinery. . . .

Showing at the Best Theater that week were Pauline Frederick in "Madame X," "Branding Iron," and a Chaplin comedy. The Opera House was to have Dorothy Dalton in "His Wife's Friend."

WILL LIVE IN SNYDER

That the former Miss Gladys Mitchell of Colorado and her husband, Sterling Williams, will make their home in Snyder rather than in Gail was announced following their marriage in December is revealed in the following item from the Scurry County Times:

"Sterling Williams, who was for about two years Borden County's only attorney, recently moved to Snyder, where he is actively practicing law. Williams is well known in Snyder and Scurry County. He is a grandson of Mr. and Mrs. S. S. Williams of Snyder, and a brother of Mrs. J. L. Robinson of Snyder and of Miss Margie Williams, long-time county clerk of Borden County. He completed his law course at the University of Texas and was given a license to practice about two years ago."

Beware The Cough

From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect, and most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irri-

tated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed safe, effective in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

DIED SUNDAY MORNING

Howard Eugene Gibson, the 18-month-old son and only child of Mr. and Mrs. Horace Gibson, passed away early Sunday morning following an illness of two weeks of intestinal flu developing pneumonia.

Funeral rites held at the home were conducted by Minister Williams, pastor of the Roscoe Church of Christ Sunday at 3:30 p.m.

Interment was made in South Champion cemetery Sunday. A large crowd of friends and relatives from

a distance were present. Lorraine friends extend sympathy to the bereaved parents in loss of this little one, grown dear to them.

FROM LORRAINE WOODMAN CIRCLE

Mrs. Etta Davidson, Houston, national director of the Woodmen Circle and state manager of the society in Texas, died Tuesday at her home in Houston. Mrs. Davidson became a member of the Woodmen Circle in 1897. In 1913 she was chosen Texas representative to the Woodmen Circle national convention of that year. In 1919 she was elected a member of the national legislative committee and six years later became a member of the board of directors.

Mrs. Davidson has served as state manager of Texas since 1927. Under her direction, the Woodmen Circle membership in this state has grown continuously until the society now has more than 38,000 members in Texas.

Mrs. Davidson was particularly interested in the society's Home for Aged Members and Orphan Children at Sherman. She has been a member of the committee in charge of the home affairs since the Home was first inaugurated. One of her latest accomplishments, in which she took real pride, was the launching of plans by Texas members for the construction of the third unit of the Home, to be known as the Dora Alexander Talley building honoring National President Dora Alexander Talley of Omaha. Construction of the third building will start in the near future.

Surviving Mrs. Davidson are one son, Ivan R. Davidson, and two daughters, Mrs. Reva Freidlander and Mrs. Hazel D. Goodlove, all of Houston.

Her going makes all sovereigns sad. She will be missed. But she has fought a good fight. Now she will rest. She was my friend. Always ready to help and encourage when I most needed council. But the su-

preme father of the heavens and earth doeth all things well so we can say thy will be done.

EMILY PALMER, Reporter Protom of Lorraine Woodmen Circle No. 785, Texas.

FOUNDER'S DAY PROGRAM

The Lorraine P. T. A. observed the 29th anniversary of the founding of National Congress of Parents and Teachers in an appropriate program Thursday, February the 6th.

The seventh grade pupils presented a playlet. Mrs. John Marshall read "Founder's Day."

A candle lighting ceremony by Mrs. Edd Williams and members of the membership committee was held during which the membership roll was called. Each member present answered with "What the P. T. A. Means to Me."

After adjournment a social hour was enjoyed. The beautiful three tiered cake was cut and served with hot chocolate to those present.

LORRAINE VISITORS SUNDAY

G. C. Boswell, dean of McMurry College, accompanied by the girls quartet composed of Frances Kilpatrick, Joye, Avey and Bero Smith, and Josephine Palmer, visited here Sunday evening at the home of Mr. and Mrs. C. W. Palmer. Following program at Westbrook they filled an appointment at the Methodist church that night in Roscoe.

ACE HIGH CLUB ENTERTAINED

Miss Richard Looby assisted by her cousin Miss Billy Bob Watlington, entertained the Ace High Bridge club on Tuesday afternoon.

The hostess served heart-shaped sandwiches, pickles, potato chips, stuffed celery, angel food cake, and hot tea.

Valentine tallies were used. Mrs. Woodrow Pratt won high score and was given a prize.

The following members were present: Mesdames Henry Cook, Arnton West, Clyde Bennett, Glen Coon, Woodrow Pratt, and Misses Irene Brown, Oza Gunn, Elizabeth Looney, Bess Hendrick, Julia Tartt.

Misses Fern Coon and Billy Bob Watlington were guests.

SANS SOUCI CLUB ORGANIZED

A number of girls met at the home of Miss Oza Gunn at 7 o'clock last Thursday evening for the purpose of organizing a Sans Souci club of 12 members. Officers were elected with regular meeting dates to be held twice each month.

BAPTIST W. M. S.

The Baptist W. M. S. met for their regular missionary and business meeting Monday, Feb. 10th, at the home of Mrs. J. C. Hall with Mrs. Walter Kinison, Mrs. Norman and Mrs. John Johnson as joint hostesses.

An interesting missionary program was rendered by Mrs. R. C. George, Mrs. Roy Baird, Mrs. N. J. Richburg and Mrs. Charles Reeder on the subject of "Laborers Together in the Kingdom Tasks."

Mrs. Norman brought the devotional on the "Parable of the Sower." After the program a short business meeting was presided over by Mrs. Richburg, the president.

At the close of the meeting delicious refreshments were served to the largest group we have had present in several months.

Seventh Graders' Poems Read Over Radio Monday; Twenty-Two Accepted

Several of the poems written by twenty-two seventh graders of Junior High school and accepted for publication by the Tardy Publishing Company of Dallas were read over radio station KTAT Monday afternoon.

Mrs. Frances Boaz, who is compiling the books of Texas schoolchildren's poems for the Tardy company's special Centennial edition, read the poems and commented favorably on many of them. She especially praised the following by Jo Walding, 13-year-old seventh grader:

THANKSGIVING
"If this past year has somehow failed to bring
That which I chose
From life's vast offering,
Still may my heart rejoice! Have I not seen
Each day's clear dawn, the twilight's gentle sheen?
Known seedtime, flowering, tumult of ripe grain.
Sunlight, star shine, miracle of rain?
Have I not heard a dear voice call at night,
And kept a dream that came at candlelight?
Then may I lift a grateful heart today
In happy faith
As little children pray."

The accepted poems were written by the seventh graders while Miss Gladys Miller, now of the high school faculty, was their English teacher. Miss Miller was notified last week of the acceptance of the poems for publication.

Authors of the poems include the following: Burl Ballard, Ross Glover, Musette Haston, Inez Rogers, James Cox, Elnora Webber, Harold Jones, Freddie Watson, Harvey Hicks, Lucille Deeken, Nancy Price, Sara Ann Pond, Helen Snyder, Dixie Van Dyke, Jo Walding, Helen Chaney, Sara Guitar, A. B. Phipps, Clifton Haggard, Ray Elliott, Charles Hill, and Catherine Slagel.

Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Another Old Tree That Started With Colorado Is Gone

Rugged Cottonwood Felled To Give Place For City's Rebuilt Street Lights

Another of the rugged cottonwoods that over a half century ago were set out along the streets in business section of "Colorado City," the metropolis of a vast cattle industry, has given place to modern progress. Tuesday the last remaining relic of civic pride in those early days was felled from its place on Walnut street to give place for conduit line of the rebuilt street lighting system.

Before Colorado inaugurated modern ideas some twelve or fifteen years ago and began to expand there were a number of these stately old trees standing along the curb. One by one they have been hewn down and hauled away.

Mrs. Paul Snively's brother, T. L. Haggard of Sedwick, was a guest in the Snively home last Thursday and Friday. Mr. Haggard is postmaster at Sedwick.

This information is being printed in this column in the hope that it will benefit the farmers of Mitchell county in solving their farm problems.

GROWING OF SWEET CORN IN TEXAS

Two new varieties, Honey June, and Surecopper Sugar, of sweet corn have been developed in recent years by the Texas Experiment Station. The object being to develop a sweet corn especially adapted to Texas conditions.

Honey June and Surecopper Sugar were developed by converting Mexican June "Squaw" and Surecopper, two of the best field corn varieties in Texas, to sweet corn without changing them any way to any great extent.

The quality of sweet corn surpasses field corn because of the high content of soluble sugar whereas in field corn the sugars are converted into starch.

For a number of years the growing of sweet corn has been limited in Texas because of the Corn Ear Worm damage. Northern sweet corn varieties, developed in the region where the Corn Ear worm is not a serious menace, lacks the long, tight shucks which are essential to protecting the growing ears against the insect. The development of these new varieties have been highly successful in this field—that of lessening the damage of the Corn Ear Worm.

These new varieties of sweet corn have ears of approximately the same size as their field corn progenitors, Surecopper and Mexican June. This means that with the shucks on the ears are larger than the ordinary sweet corn varieties.

Several farmers of the county planted these new varieties last year and the yield, size of ears, resistance to the Corn Ear Worm damage compared favorably with field corn and the eating and canning quality was far superior to ordinary field corn. Seed was scarce last season but are abundant this year. Colorado Future Farmers recommend these two varieties to the farmers of the county and will be glad to give you any information on the production of the corn.

CARD OF THANKS

I take this means of expressing my sincere appreciation for the patronage accorded me by citizens of this community during the 13 years I was engaged in the dairy business at Colorado. Many of my customers have been with me during all of the time, and I shall ever entertain the most kindly regard for each of them. A. D. PRIDDY.

An Old Roman Law And Its Present Day Significance

Always among the first to adopt new banking practices designed to safeguard the funds of its depositors, this Bank now provides the benefits extended by the Federal Deposit Insurance Corporation to individuals, firms and corporations.

The protection thus made available is a permanent feature of Federal banking statutes and offers an important attribute of sound banking to all banks. It applies to all accounts up to and including \$5,000. Larger deposits are insured up to the maximum of \$5,000.

In extending this additional safeguard of deposits to our customers, we are keeping step now as in the past with all new developments of constructive value to modern banking.
