Officers Of TEL Class Installed

Installation of new officers in a ceremony conducted by Mrs. A. L. White featured the meeting of the T. E. L. class of First Baptist church last Thursday at the home of Mrs. D. M. Logan. Mrs. Logan and Mrs. T. J. Ratliff were joint hostesses. Mrs. Green Delaney conducted the devotional, and Mrs. White said the opening prayer. During the business session the class voted to assist other women of the church in holding a bazaar next fall.

Number Of Guests At Party Given By Mrs. Oscar Majors

A number of guests were included in the six tables of forty-two entertained by Mrs. Oscar Majors when she was hostess to the Bluebonnet club at the Barcroft hotel Tuesday evening.

Roses and larkspur were decorations and roses were plate favors. Pineapple sherbert was served with angel food cake to the members and these guests:

Mesdames J. C. Ethridge, Bruce Campbell, E. S. McCord, George Plaster, M. J. Dawson, Ed Majors, J. I. Pidgeon, John E. Watson, Everett Winn, Frank Lupton, Jerold Riordan, Walter Whipkey, Sam Wulfjen, Will Doss, Jr., Cal Wright, and Jamie Morgan of Stevens, Arkansas.

Mr. and Mrs. Logan Spalding returned Tuesday from Vernon, where they had been for a week visiting their daughter, Mrs. E. S. Brashear.

Three Recitals By Guitar Pupils Given This Week

Three recitals, presenting pupils of Mrs. J. H. Guitier in piano, violin, reading and dancing numbers have been held at the Guitier home, High Acre, this week.

The first was held Tuesday afternoon at 4 o'clock. The program at that time included piano, violin, and dance numbers by the following:

Elizabeth Bedford, Billie Jean Dorn, Henry Pond, Elsie Ann Smith, Ronald Pritchett, Ralph Mann, Billy Marsh, Fern Gurney, Sidney Terry, and Malcolm Gross.

During the second recital Wednesday afternoon at 4 o'clock piano and reading numbers were given by Lorraine Sellers, Bette Slagel, Robert and Richard O'Brien, Joan Hamilton, Belvan Castleman, and Maurice Mills. Irvin Terry, Jr., played an accordion solo and Jack Herrington a violin solo.

The third recital was Wednesday evening at 8 o'clock. At that time piano numbers were played by Sara Guitier, Virginia Gurney, Theda Hood, and Harry Etta Landers, with violin numbers by Weldon Hunt, W. E. Crockett, and Sara Guitier.

Parents, friends, and other interested persons composed the audiences. At the close of each program punch and cake were served.

Virginia Reese 'Miss Colorado' To Fort Worth

Winner Of Local Contest To Leave Soon After May 30 For Frontier Follies

Bearing the official title of "Miss Colorado," Virginia Reese will leave soon after May 30 to represent the Colorado chamber of commerce in the Fort Worth Frontier Follies contest.

Reese was chosen Miss Colorado during final judging held Friday night at the Palace theater. On the preceding Tuesday night she and Miss Reta Mae Arnold and Miss Helen Hamer had been selected from a field of eight candidates at preliminary judging held at Ruddick park.

The first three were chosen by popular vote of the audience. Miss Reese was chosen from the three by disinterested out-of-town judges, whose decision was unanimous. The three girls appeared first in street and evening dresses, later in bathing suits.

Following her selection Miss Reese was presented with a bouquet of flowers and proclaimed Miss Colorado by J. H. Greene, secretary of the Colorado chamber of commerce.

Her expenses to Fort Worth will be paid by the Frontier Centennial committee. In Fort Worth she will compete with girls from 50 other West Texas towns for a place among the 36 to be chosen by Billy Rose for his Frontier Follies chorus. If chosen for the chorus she will receive six weeks paid employment.

Mr. Greene is to be notified within the next few days of the exact date when Miss Reese is to report for judging in Fort Worth. She is the daughter of Mr. and Mrs. Grady Reese of Colorado.

Mrs. Billingsley Hostess To Seven Tables Wednesday

Seven tables of bridge, arranged in a setting of roses, were entertained by Mrs. J. J. Billingsley Wednesday afternoon at her home.

A glass salad bowl went to Mrs. E. S. McCord for high score, an ice bowl to Mrs. Dell Barber for low.

A salad course was served with iced tea to the following:

Mesdames Charles Moeser, W. L. Doss, Jr., John E. Watson, Dell Barber, Truett Barber, C. C. Thompson, Benton Templeton, A. C. Anderson, E. S. McCord, D. N. Arnett, R. H. Cantrell, W. D. McClure, L. B. Elliott, M. J. Dawson, Arlie Taylor, G. V. Harrison, Bun Pritchett, James Logan, B. J. Baskin, Frank Kelly, Ford Merritt, Hugh Millington, Pink Wade Hodge, Wade Scott, Bryan Porter, and Troy Patrick; Mrs. Myrtle Davis of Houston, and Miss Bertie Thelma Lipps.

Broadway Luncheon Program To Include Visiting Musicians

Midland, Sweetwater Women To Appear; Reservations At C-C Office

Musical numbers by at least three well-known out-of-town women are to be program features during the Broadway of America luncheon at the Colorado Hotel luncheon Thursday, May 28.

The luncheon will be held in connection with the state convention of the Broadway of America association which is to open here Thursday morning. It is tentatively planned that the Lions club, moving its meeting from Friday, and the Chamber of Commerce luncheon club, moving its luncheon from Tuesday, will meet jointly and attend the luncheon along with the Broadway of America delegates.

Mrs. Foy Proctor of Midland, widely known vocalist, is to sing. Her accompanist will be Mrs. Fred H. Wilcox, also of Midland. Mrs. Beatrice Jamison of Sweetwater, who won wide favor with her accordion solos at the WTCC convention in Amarillo recently, will render accordion numbers.

Other towns expected to furnish numbers on the program are Lorraine, Eastland, and Big Spring.

All those desiring luncheon reservations should contact the office of J. H. Greene, secretary of the chamber of commerce. Reservations will be 50 cents each.

Series Of Informal Affairs Honor Mr. And Mrs. Dierdorff

A series of informal affairs have complimented Mr. and Mrs. E. A. Dierdorff during the past week. Mr. and Mrs. Dierdorff are to leave Colorado in the near future.

Mr. and Mrs. Jake Richardson gave the first of the series last Friday night when they entertained with a steak barbecue in their back yard. The guest list included Mr. and Mrs. Dierdorff, Mr. and Mrs. Blue Goodwin, Mrs. Charles Parker, Mr. and Mrs. Austin Bush, Mr. and Mrs. John Summers, Mr. and Mrs. Farris Lipps, and Mr. and Mrs. E. C. Nix, Jr.

A small dinner was arranged by Mr. and Mrs. Lipps for Saturday night at their home. A five-course dinner, the main course centering around baked chicken, was served to the Dierdorffs, the Lipps, and Mr. and Mrs. Nix.

Mr. and Mrs. Nix gave a picnic supper at Ruddick Park Sunday evening, including the Goodwins, Parkers, Bashes, Summers, Lipps, and the Dierdorffs.

Sunflowers were used to form a novelty centerpiece for a luncheon given in Mrs. Dierdorff's honor by Mrs. Parker Wednesday. Places were marked for Mesdames Summers, Richardson, Nix, Bush, Goodwin, the hostess, and the honoree, Mrs. Parker presented Mrs. Dierdorff with a crystal vase.

Mr. and Mrs. Bush and Mr. and Mrs. Goodwin will entertain for Mr. and Mrs. Dierdorff Friday evening.

Memorial Day Plans Are Launched By UDC

Plans for Memorial Day observance in Colorado were launched at a meeting of the Robert E. Lee chapter, U. D. C., with Mrs. J. G. Merritt Tuesday afternoon.

The Memorial day program will be held at First Methodist church Sunday afternoon, May 31, at 5 o'clock, according to announcement of Mrs. C. C. Thompson, chairman of the Memorial Day committee of the U. D. C. The speaker and program are to be announced next week.

Members of the U. D. C., D. A. R. and American Legion auxiliary are requested to meet at the Legion hut on Saturday, May 30, to make the 110 wreaths necessary to decorate the graves of war veterans.

Several From Here To Mrs. Carlton's Big Spring Concert

Several Coloradans were included in a large and appreciative audience which attended a concert given by Mrs. Laila Mae Carlton, coloratura soprano, in the city auditorium at Big Spring Tuesday evening.

The concert was Mrs. Carlton's first personal program appearance in Big Spring, where she is a voice instructor. She sang a complete artist program, with Elsie Willis of Big Spring as her pianist. For the occasion Mrs. Carlton wore an evening dress of cream lace.

Among those attending from here were Miss Mildred Coleman, Mrs. R. H. Looney, Mrs. J. E. McClure, Miss Hennie Merriwether, Jesse Jones, Max Berman, and Phyllis Berman. Mr. and Mrs. Earl Jackson were there from Lorraine, and Mrs. O. E. Chambers and Miss Caroline Chambers attended from Abilene.

The Big Spring Daily Herald had the following to say of Mrs. Carlton's training and talent:

"In 1934 Mrs. Carlton sang to master programs in Chicago, where she was graduated from the American Conservatory of Music, receiving both the bachelor's and master's degree. She finished her vocal training under Karleton Hackett, piano under Earl Blair and Alletta Tenold, theory, composition and orchestration under John Palmer and Alletta Tenold. Mrs. Carlton is a former student of the Chicago Musical college, having studied under Herbert Witherspoon. She also took work with Oscar Saenger. She took her academic work at Lewis Institute in Chicago and the Southwest Texas State Teachers college at San Marcos. "Press and critics and the public have given high tribute to her public appearances in recital and concert."

TWO WOMEN HONORED AT DUNN BIRTHDAY DINNER

Two women, a mother and her daughter-in-law, were honored at a birthday dinner given Sunday in the R. D. Dockery home near Dunn.

The day was the 78th birthday of Mrs. Mary Jane Fortenberry, mother of Mrs. R. D. Dockery and a resident of the Dockery home, and the 51st birthday of Mrs. J. E. Fortenberry, her daughter-in-law.

After dinner a trip was made to the salt well then flowing near Fairview. Among those present for the celebration were Mr. and Mrs. J. E. Fortenberry, Mr. and Mrs. J. R. Fortenberry, and Mr. and Mrs. J. D. Fortenberry, all of Lowe; Mr. and Mrs. Edwin Simpson and son of Seven Wells; Mr. and Mrs. L. R. Fortenberry and son of Shepherd; Mr. and Mrs. Ray Bedford and family of Buffalo; Mrs. J. B. Buckner of near Colorado; Mr. and Mrs. Edward Milton of Dunn.

Mrs. Mary Jane Fortenberry had two children, twelve grandchildren, and twelve great-grandchildren present. Mrs. J. E. Fortenberry's greatest gift was having her husband, children, and grandchildren with her.

Dierdorff Resigns As Divisional Head Of Shell Pipe Line

D. H. Lewis Stepped Up As Manager; Dierdorff May Take Kansas Position

E. A. Dierdorff, divisional superintendent for the Shell Pipe Line Company several years with headquarters at Colorado, has tendered his resignation and the position has been filled by D. H. Lewis, former assistant superintendent. The change became effective this week. Dierdorff has been offered the position as superintendent of the Kansas division of the pipe line corporation but up to Thursday noon had made no statement for publication as to whether or not he would accept. Dierdorff and Lewis were on an inspection tour of the pipe line properties between Colorado and McCamery Thursday. The Colorado division extends from Southwest Texas into Southern Oklahoma.

Soil Conservation Contracts Signed By 960 Farmers

Saturday Is Dead Line For Accepting Proposals, The County Agent Reminds

The Federal soil conservation program for 1936 had been accepted by 960 farmers of Mitchell county up to Thursday noon, Ben J. Baskin, county farm agent stated. Baskin reminded that Saturday would be the last day in which citizens could accept the contracts. The agent again suggested that every farmer of the county, whether he plans entering the program or not, should fill out one of the work sheets. It would put him in position for grant later and does not obligate the endorser in any manner. Baskin and his assistants will be at their office through the two remaining days in which the contracts are to be accepted to offer all possible assistance to the farmers.

Mrs. Hope Herrington was given minor surgery last Friday. Mrs. J. G. Potter was brought to the hospital for examination and treatment Friday. She was carried home in a Kiker ambulance. Mrs. Inez Dearen underwent a tonsillectomy Saturday. Travis Pritchett, suffering a severe attack of asthma, was in the hospital from Sunday until Thursday morning. Mrs. Clyde Kelly was given minor surgery Sunday. Louis Johnston of Dunn was given emergency surgery for appendicitis Sunday. A bonefalon was lanced for A. T. Hammond of Buford on Sunday. Louise Linam, 11-year-old daughter of the Clyde Linams of Lorraine was resting well Thursday following surgery for appendicitis Monday night. S. K. Palmer, Jr., son of S. K. Palmer of Route 3, had his tonsils removed Monday. Condition of Mrs. J. C. Sheppard of Route 2, a medical patient in the hospital, is said to be improved.

Twelve Million Being Spent By RRA This Year

Ninety Seven Per Cent Is To Be Returned To Treasury, As Loans Liquidated

5,000 mares and horses, \$425,000, released into Texas business channels by the resettlement administration this year, but 97 per cent of it will eventually come back into the United States Treasury with interest, according to figures released by D. P. Trent of Dallas, regional director. Implement dealers, mule and horse dealers and clothing and grocery stores are the largest beneficiaries of the resettlement loans made to approximately 27,000 Texas farmers, the figures show. Doctors and pharmacists come in for a large slice, with the average resettlement borrower spending \$12 for medical services and supplies which he would otherwise have been unable to obtain or unable to pay for. These 27,000 farm families are receiving loans totaling \$8,915,036. It is estimated that 56 per cent of this total is being spent for purchase of capital goods, as distinguished from expendable supplies, such as food and clothing. In addition to the money filtering into the veins of business from individual borrowers, several million dollars is being poured into Texas through resettlement construction projects. These will provide farm homes which will be sold on forty-year payments to families selected from outstanding tenants and other low-income farmers who have demonstrated their ability to repay. Mr. Trent estimated that \$2,378,000 will be spent for labor and material on the 533 Texas farms that have been authorized to date and that the land will cost \$874,000. Equipment, farm machinery and livestock will put into circulation an added \$302,000. Checks carrying first installments on rehabilitation loans have been mailed to all borrowers, Mr. Trent said. His detailed estimate of the purchases being made with this money follows:

- 20,000 mules, \$1,700,000.
 - More than \$12,000,000 is being
 - 10,000 hogs \$90,000.
 - 10,000 cows, \$300,000.
 - 40,000 hens, \$27,500.
 - Household equipment, \$220,000.
 - Farm implements, \$1,500,000.
 - Clothing, \$475,000.
 - Groceries, \$1,650,000.
 - Seed, feed and fuel, \$2,200,000.
 - Medical attention and supplies.
- That portion of the loan made for food, clothing and other items known as subsistence goods is repayable this year, Trent said, and repayments have already begun in South Texas. "Experience with families to whom loans were made last year by the Texas rural rehabilitation organization shows that the average borrower has repaid the full amount loaned him for subsistence goods," he said.

Detroit Visitors Find Interest In Motor Factories

Hudson Plant Takes Pride In Showing Guests Thru This Big Establishment

When anyone visits Detroit, he usually wants to know how automobiles are made. He has heard all sorts of stories about the marvelous processes of speed and precision, and naturally he wants to see for himself. Recognizing the interest of the visitors, the Hudson Motor Car Company maintains a special course for its guides so that they may be continually up to date on the latest improvements that are constantly being made and thus be able to give the visitors an accurate and interesting picture of what they see on a tour of inspection.

With an average of more than twelve million persons visiting Detroit annually, with some 500 conventions being conducted in the city during 1936, drawing an attendance of half a million, a large number of these visitors find their way eventually to the motor-car plants and a large proportion of them go to the Hudson plant. Speaking of Hudson's painstaking care to make a trip through its factory not only interesting, but instructive, W. R. Tracy, vice president in charge of sales, said: "The average American has in his mind a general idea of how cars are made. He visions them coming down the line, getting a tank of gas, and then being driven away to the four corners of the world. But he has very little comprehension of the processes that are employed or of what is actually done. With the idea of letting every visitor to the Hudson plant know exactly what is going on, we have arranged a special course for factory guides so that they may have up to the minute knowledge of every process of manufacture, of materials and of just what every operation means. There is much to see in a trip through the factory. There are the latest types of static and dynamic balancing machines, set on concrete foundations 10 feet deep, three feet wide and eight feet long and separated from the building floor by a thick wall of cork so that no vibrations from nearby machinery may reach them. On these machines are balanced the crankshafts that make Hudson-built motors so powerful and yet so quiet. "Then there are the big multi-matic lathes that do eight different operations on flywheels at one time. On these machines there are eight stations, with a flywheel at each station. At the conclusion of each operation, the flywheels move around automatically to the next station, where the next operation is performed. This machine has a capacity of 60 flywheels per hour. "The chassis assembly line is interesting, showing the cars gradually growing as they move along, until at last they emerge a complete automobile, all ready to drive off. Particularly interesting is the body plant, with its gigantic presses. The granddaddy of all these is a gigantic tandem four-point single action press which draws out of one piece of metal the seamless steel roof for 1936 Hudsons and Terraplanes. This press weighs half a million pounds, rears up 35 feet in the air, and wields a die that weighs 73 tons. A pressure of 900 tons is exerted by this press, yet the die may be set so delicately as to barely crack an egg. "These and many other interesting operations are shown to visitors through the plant, so that when they have completed their visit, they have a comprehensive knowledge of how a car is produced."

Ford Exposition to Show How Southwest's Products Are Employed in Manufacture of Modern Motor Car

The opening in Dallas June 6 of the great Ford Exposition will show to the Southwest how its own products make the Ford, the Lincoln and the Lincoln-Zephyr automobiles possible. This unusual photograph well pictures the vast proportions of the Ford Exposition building, in which will be housed an exhibition showing how importantly Southwestern raw materials enter into the making of modern cars.

The huge Ford Exposition building, erected especially for the Centennial Exposition in Dallas, Texas, opening June 6, will be devoted largely to showing how importantly the raw materials of the Southwest enter into the manufacture of Ford V-8, Lincoln and Lincoln-Zephyr motor cars.

Forty-three thousand of a total of 55,000 square feet in the great air-conditioned structure will house an interesting group of manufacturing and testing exhibits, a pageant of transportation, dioramas showing the use of raw materials in the Ford plants, and an exhibit of the Henry Ford trade school at Dearborn, Michigan.

Displays carrying out the principal theme of the Ford Exposition show how such Southwestern products as cotton, mohair, wool, corn, cattle, soy beans, resin and rice are employed in the making of Ford and Ford-sponsored automobiles.

Five hundred and fifty-eight thousand acres, producing 160 pounds to the acre, raise the cotton used in each one million Ford units. A working exhibit at the Ford Exposition will show how cushion tops for Ford V-8's are stitched at the average rate of one every five seconds—consuming annually more than 57,000,000 pounds of cotton. How some of the millions of pounds of cotton used by the Ford Company is processed in its final stage at the factory will be shown in the demonstration of the machine known as the "multi-plier."

Used in making seat cushion tops and backs, the multiplier can sew at one time as many pleats as desired. In producing Ford V-8 cushions, eight pleats are made simultaneously. At the same time, cotton batting is fed into the machine, sewed into place, and the cushion cover is sewed to the cotton sheeting. The machine in regular production makes 24,000 stitches a minute and turns out 12 to 14 cushion tops every sixty seconds. This machine is but one example of how Southern agriculture contributes to the automobile industry.

With the Firestone Tire & Rubber Company exhibit in the Ford Exposition building showing another important use of cotton, the making of fabric for tires, it is further revealed that for one million Ford units, 25,000,000 pounds of cotton are required. It has been estimated that in production of Ford units this year, approximately 116,000,000 pounds of cotton will be used.

Outlook Brighter In Range Country Of Western Texas

Prices For Land and Wool Soar Along With Soaking Rains In Some Areas

The West Texas rancher is looking into better days and should continue to experience conditions that prevailed during prosperity times of the past, suggests a San Angelo contributor to the Fort Worth Star-Telegram. The article follows:

A rosy outlook is held by West Texas ranchmen. The highest price paid for wool in eight years sale of straight ranch land at \$12.50 an acre have been attained and good rains have fallen throughout the Southwest Texas range country.

The wool market, which started off early this Spring with contracting of a portion of the West Texas yield at 30 cents a pound, then eased up for about six weeks, looked up again last week as the price shot to 32 cents a pound for eight-months wool at Del Rio when D. E. and Jack Hughes bought 80,000 pounds from Cody Wardlaw of Del Rio. Other eight-months clips sold at 30 1/2 the middle of the week and some 12-months at 31 1/2 cents. Mohair remained steady at from 56 to 60 for grown hair and 70 for kid as few sales were reported during the week. Some 32-cent options on 12-months were taken.

One of the biggest ranch deals of the year was consummated when A. T. Cheaney, San Angelo contractor, formerly of Waco, bought the James E. Henderson, Jr., ranch of 8,000 acres in the scrub liveoak country 40 miles southeast of San Angelo for \$100,000, or \$12.50 an acre.

Henderson leased the place for five years from the new owner. It is a well-improved ranch.

Light rainfall fell in spots over West Texas Sunday after virtually the entire territory had been visited by a fall averaging nearly half an inch on Friday and Saturday. The Hill country around Menard and Fort McKavett, dry for the first quarter of the year, got some of the heaviest precipitation, ranging up to 2 1/2 inches. A new departure in West Texas ranchmen's organizations developed at Big Lake, Reagan County, at the last of the week as the Reagan County Feeder Lamb Association was formed with Ralph Pembroke as president. The unit, designed to attract buyers to the lamb country is said to be the only one of its kind in Texas. The rain extended south to Del Rio and west to Fort Stockton and into the Big Bend.

COLORADO PARENTS OF TECH STUDENTS TO PICNIC SUNDAY

Around 50 Colorado parents who have children enrolled in Texas Tech at Lubbock are planning to go to Lubbock and meet their children for a picnic at the city park Sunday.

Mrs. Sam Wulfsen has been in charge of arrangements for the affair.

STATE FINANCES SOUND, ALLRED TELLS BANKERS

Governor Allred stated in an address before the Texas bankers convention at Houston Tuesday that the finances of the State were sound. The governor predicted that there will be a cash balance of \$3,000,000 in the State's chief operating funds, other than the Confederate pension fund, at close of the fiscal year.

THE COLORADO THAT USED TO BE 25 Years Ago 15 Years Ago

25 YEARS AGO

The "Knights of King Arthur" had celebrated their second anniversary here twenty-five years ago with a debate on the lawn of the "manse" according to an item appearing in the Colorado Record for May 12, 1911.

The debaters, all "in full regalia with their handsome swords by their sides," were Cly Broadus, Lister Ratliff, Harry Ratliff, and Alva Hickman, and the debated question was the fatherhood of King Arthur. Judges were Mrs. Coleman, Mrs. Arbuthnot, and Miss Stowers.

Graduation exercises had been held on May 1 for the senior class of 1911—Harvey Phillips, Ethel Pritchett, Mabel Smith, Nora Blandford, Ollie Pritchett, Everett Lyon, and Robert Smith... Lillian Smith, Julia Shepherd, and Lois Whipkey carried in flowers for Everett Lyon, one of the honor students... The program was held at the opera house...

Harvey Phillips was high honor student of the senior class, Fannie Farmer of the junior class, and Eiril King of the eighth grade...

W. L. Doss, Sr., was elected president of the Mitchell County Singing association, with G. E. Goodwin of Cuthbert as vice president and Miss Pearl Norman of Loraine as secretary.

Trustees of Colorado schools had been reelected, the four on the ticket being J. P. Majors, S. D. Vaughan, Y. D. McMurphy, and J. T. Davis.

A "merry crowd" of girls had gone picnicking on Judge Coe's ranch, with a Miss Ellis as chaperone... In the crowd were Ollie Pritchett, Ethel Pritchett, Pauline Pritchett, Nora Blandford, Mabel Smith, Fannie and Lala Farmer, Lela and Irene Whipkey...

The engagement of Y. D. McMurphy and Miss Fannie Miller was announced at the home of Mrs. J. Max Thomas when members of the Junior Standard club entertained members of the senior Standard club... The wedding was to be June 7...

Mrs. C. H. Earnest and daughter, Martha, were going to spend the summer in the north and east—New York, Pennsylvania, and other places... Rev. J. T. L. Annis of Merkel had bought the C. C. Graves place... J. S. Barber, commissioner of Precinct 3, had moved to the Beal ranch.

Traveling in a special railroad coach secured by Col. Thos. Q. Mullin, a number of Coloradans were to attend the Confederate veterans' reunion in Little Rock, Arkansas. Among those going from here were B. B. McGuire, R. W. Thomas, W. B. Wimberly, T. W. White, J. H. T. Johnson, B. C. Kitchen, E. A. Gail, J. L. VanZandt, P. A. Hazzard, Rev. W. M. Elliott and family, Miss Ella Dry, Mrs. Samuel Gustine, Mrs. Sam Majors, Mrs. English, Mrs. P. C. Coleman, R. L. Spalding, R. H. Looney, A. L. Scott, J. B. Pond, and J. R. Graves...

Miss Alice Shuford was home from Roscoe, her school having closed... A girl had been born to Mr. and Mrs. R. S. Brennan on May 8... The J. B. Reeses had entertained with a sewing social...

15 YEARS AGO

Fifteen years ago W. W. Porter had been elected president of the Mitchell County Singing association at its annual convention... He succeeded W. L. Doss, Sr. The same thing occurred at this year's singing convention. It will be noted in the 25-years-ago column that Doss had been elected president of the association in that year also.

Other officers of the association 15 years ago were Prof. Elliott, vice-president; Miss Isla Tilley, secretary; W. S. Cooper, chaplain.

J. D. Faulkner had died at Spade... Dr. D. R. Hardison was going to the state convention of the Christian church in Wichita Falls. W. H. Henderson's barn had burned, and with it a Ford automobile, some harness, chickens, and feed... The new piano at the high school was almost paid for, according to Supt. E. Frank King...

BREAKS ARM IN FALL

Falling on the stairs at the Colorado hotel, Mrs. J. M. Loper of Tishomingo, Oklahoma, sustained a broken arm Tuesday noon. Mrs. Loper was a passenger on the bus which makes a noon stop here. She was returning from a visit in California. After her arm was set at a local hospital Mrs. Loper continued on her way to Oklahoma.

WHAT DOES COLORADO OWE ABILENE?—NOTHING

- Q Abilene bakeries think that the City of Colorado will use all their surplus products. They use such methods as giving coupons, etc. Their intentions are not to give you something, but think that they can force the merchants to handle their products by using you, the citizens of Colorado, as their tools.
- Q Yours, and our city, will prosper only to the extent of business transacted here and new business induced to locate here. Why do we have a Chamber of Commerce? It is not to encourage our business to go out of town, but to encourage and bring new business here.
- Q It is sad when a local bakery employee has to go home to his family of loved ones and tell them that he has lost his job because the citizens of Colorado sent their business, which would have enabled him to keep his job, to Abilene.
- Q Why spend your money with an out-of-town concern who cares nothing for your town other than the number of dollars that they can carry out?
- Q **Spend your money with your local baker, who thinks enough of your town to invest his savings in it, and has the same intesests as you.**

Help Bring About New World' Is Urge. Given Seniors In Baccalaureate Sermon

"Find out God's plan for the world and cooperate with him in bringing about the New World," was the urgent message brought by Rev. W. M. Elliott of First Presbyterian church in delivering the baccalaureate sermon to the 64 members of the Senior class of Colorado High school Sunday night.

The sermon, which formally opened commencement week, was preached in the high school auditorium, where floral decorations had been arranged by members of the Junior class. Ushers were Junior girls, Miss Mabel Smith and Robert Coffman, junior sponsors, directed the junior class in making preparations.

Capped and gowned, the graduating class entered to a professional

played by the Colorado School band, R. P. Rose directing. "Come Thou Almighty King" was sung by the high school choral club and the congregation, with Mrs. Charles Moesser directing and Hazel Grubbs as accompanist. The club is composed of both boys and girls. Members were dressed in white and seated on the stage.

Following the invocation by the Rev. Cal C. Wright of First Methodist church, the club sang Beethoven's anthem, "The Glory of God in Nature."

The sermon by the Rev. Mr. Elliott followed. He used "Christian

Youth Building a New World" as his sermon subject, and took his scriptural text from Esther, 4:14—"Who knoweth whether thou art come to the Kingdom for such a time as this?"

"Men and nations have forgotten the warnings and teachings of our Lord," the speaker said. "The remedy lies in the Christian Youth of the world. . . . Before we can have a New World, free of covetousness and greed, we must have a new people. The same old sort of people will not do the job."

"But you cannot go to sleep to-night and wake up tomorrow a new person—not at all. It is a misreading of scripture to suppose that a person becomes a new creature without any action of his own. . . . Christ alone, in our hearts, can make us new."

"We need new homes, Christian homes. You can't build a new world without beginning at the very foundation of the structure, for 'as home goes so goes the world.' New homes will make new society. New society will make new communities and new states. New states will make new nations, and new nations will make the New World."

Benediction by the Rev. Dick O'Brien of First Baptist church and the recessional by the school band closed the evening.

Magnolia Lounge At Centennial Be Restful To Guests

Attractive Building Costing \$75,000 Will Be Offered For Use Of Visitors

DALLAS.—Planned to typify the friendliness of the Southwest and the picturesque history of its various sections, the Magnolia Lounge is rapidly approaching completion on the Central Exposition Grounds of the Texas Centennial, Fred M. Lege, Jr., vice president in charge of marketing for the Magnolia Petroleum Company, announced this week. A two-story building of ultra-modern design, completely air-conditioned by its own 20-ton refrigeration plant, and an adjoining cactus garden will provide a unique method of restful entertainment for weary sightseers and will represent an expenditure of more than \$75,000, Mr. Lege said.

Magnolia Lounge will offer a glimpse of the past and the present of the five states of Magnolia land and a sample of Texas hospitality. All Centennial visitors will be invited to relax in cool comfort, among the interesting surroundings, as guests of the Southwest's first petroleum producing, refining and marketing organization.

Entering the Central Centennial Exposition grounds through the Grand Avenue entrance, visitors will find Magnolia Lounge near the Hall of Natural History, Fine Arts Gallery and other buildings in the civic and cultural group which surround a spacious lagoon. The approach to the building, an extensive terrace, is to be planted with many rare species of cactus native to the Southwest, with each plainly marked to show its nature, locale and history. The building itself is of stucco on concrete with hollow tile walls. An elevated promenade deck reached by an outside stairway extends over a sheltered area on the ground floor and will be equipped with comfortable chairs and tables for guests. Beautiful interior decorations and furnishings are by Neiman-Marcus of Dallas. Rest rooms for men and women will be handsomely finished in exotic marble and tile.

In the spacious lounge room where comfortable seats for 100 persons will be provided, continuous talking motion pictures will be projected on a translucent screen in such a manner that they will be clearly visible while the room remains lighted.

ELEVEN TAKEN IN RAIDS BY LIQUOR BOARD CREW

A total of eleven persons were taken in drug-net raids at Abilene Wednesday by members of the State Liquor Control Board. Complaints charging illegal possession for sale of beer and whiskey were filed against the accused in Taylor county court. A quantity of the contraband beverage was taken by the officers.

RED CROSS DECLARES WAR ON HIGHWAY ACCIDENTS

The above accident victim's life was saved by proper First Aid treatment. However, 36,400 others implicated in traffic accidents in 1935 lost their lives. The Red Cross, through its local chapters, is opening First Aid stations in hundreds of establishments along major highways to curb the frightful toll. In the inset (standing) are leaders of the Tyler, Texas, chapter, first in the state to open a highway First Aid station. Sitting are two of the First Aiders, all of whom serve as volunteers and give emergency treatment only until the doctor arrives. After selecting station sites and training attendants, local chapters equip them with 24-unit kits and conduct regular inspections. In Texas 151 of the emergency stations already have been designated.

Miss Jessie Hogue

EACH
AFTERNOON
FROM
2 to 4.

One of the red-letter events of the year for the women is almost here. A cooking school it is, to be sure, but what a cooking school! This year's cooking is done in a kitchen much different from that of grandmother's day. There are hours and hours less time needed in cooking—there's less work and more fun. Today's kitchen is a real "Happy Kitchen"—or ought to be. If your three meals-a-day seem just a succession of toast and eggs and potatoes and roast beef and pie, our cooking school is made to order for

you! And if you've already found the secret to pleasure and fascination in mixing dainty new dishes and dressing up the old stand-bys in colorful new fashions—you'll love the cooking school just as much.

There will be romance—mapping of uncharted seas of the kitchen—at the cooking school. Each session will glow with new ideas, appetite thrillers, the simple secrets that make cooking happier and easier. We invite you to hear dozens of practical suggestions that

make kitchen hours more fun and more joy—to see demonstrated before your very eyes those inspired touches that raise the meal and its preparation to the realm of a happy adventure.

Remember—everything shown in our cooking school has been tried and tested by a whole staff of "Happy Kitchen" experts. Months of planning have gone before. There are three afternoons of enjoyment in store for you . . . come as our guest.

STATE ROAD GATHERING TO BE CONVENED IN COLORADO ON THURSDAY, MAY 28TH

First Of Such Conventions In Texas Expected Build Interest In Route, Local Authorities Believe

First annual state convention of the Broadway of America to ever be held in Texas is to open at Colorado on Thursday, May 28, with Henry W. Stanley of Dallas, president of the transcontinental road organization, presiding. Men prominent in affairs of the association through a number of years are scheduled to attend, some of whom are to deliver addresses, Stanley states in recent communication to this newspaper.

The convention should be appreciated by the people of Colorado, due to the fact that it is to be first of such gatherings held in Texas, Jim Greene, secretary of the chamber of commerce, suggested. "We have ever lent strong support to the Broadway of America and it was in consideration of that fact that officials of the road organization elected to honor this community by designating Colorado the host city," Greene stated.

The convention sessions are to open at 10 o'clock in the morning and Greene is scheduled to deliver the opening address. He will speak from the subject, "Why a State Convention?" The address by Greene will follow the usual formalities attending opening of the meeting.

"Building a Better Broadway of America," will be subject about which R. A. Thompson, consulting highway engineer of the Dallas chamber of commerce, is to speak. Thompson is a former State highway engineer of this State and is personally familiar with every mile of the Broadway.

The convention will bring another prominent Texan to Colorado, in the person of H. L. Birney of El Paso, recognized through many years as one of the outstanding road-builders of the Southwest. "The Broadway Since 1927" is to be subject of an address by Mr. Birney. The El Pasoan was first president of the association.

"How to Hold the Tourist in West Texas" will be discussed by Dudley Ward of Pecos and George Barber of Sweetwater. "The Broadway of America—a National Highway" will be subject discussed by President Stanley.

Delegations interested in further popularizing the highway are expected from several towns and cities along the route, Greene stated.

'Roll Of Honor' For 'Baby' Typists Includes All Those Completing Year

The "roll of honor" for "baby" typists of Colorado schools as announced this week by Miss Octavia Cooper, head of the high school vocational commercial department and sponsor of the baby typists, includes those youngsters who have completed a full year of typing.

The term "baby" typists is applied to students of Coleman, Hutchinson, and Junior High school at present. Originally it referred to only the younger typists, those of primary and pre-school age.

It is on the younger typists that interest in this typing experiment centers, however. Typing is being recommended more and more each year by educational authorities for the teaching of reading, spelling, and word knowledge to children of primary age. Miss Cooper's "baby" typists have been invited to give demonstrations before state and district educational bodies and have excited wide interest and comment.

This year Miss Elizabeth Grantland has been in charge of typing in the primary grades, Miss Rilla Payne in the higher elementary grades. Miss Cooper and these two teachers have expressed their appreciation of the cooperation given and the interest shown by the principals and teachers of the Coleman, Hutchinson, and Junior high schools.

Teachers of the lower grades declare that those pupils who have had typing for any length of time show a much greater instinctive knowledge of words, their pronunciation, spelling, and meaning, than do pupils who have not had typing.

First grade typers who have had a full year of training include Elizabeth Adams, Jimmie Pruitt, David Leach, Charles Lane, Jr., Irwin Berman, Eula Jo Henderson, Elaine Harris, George Ralph Hudson, Stanley Berman, Yvonne Ward, Dana Marie Merritt, Joyce West, and Madell Mining.

Second grade typers are Robert O'Brien, Richard O'Brien, Jimmie Henderson, W. O. Jackson, Fern Gurney, Frances Jean Parker, Betty Loree Scott, Betty Sue Vaught, Steve Brookover, Aubrey Lee Benson, Frank Leslie King, Elizabeth Bedford, Bette Slagel, Billie Jean Dorn, Dorothy Marie Phipps, and Udell Moore.

Older typists finishing the year include Harold Berman, Dad Chesney, Jimmie Kelly, Margery Tidwell, Jackie Thorp, Mary Louise Whipkey, Florence Watson, Eva Pearl Gale, Bobby Motson, Ronald Pritchett, James Scott, Harold Eudy Smith, Margaret Smoot, Dorothy Womack, Mildred Wynne, Irvin Ferry, Jr., Rex Beights, Dudley Bush, Charles Selliers, George Shurtleff, Doris Goodrich, Betty Hardison, Donnie Ray Newsom, Joan Mann, Billy Ray Moore, Lewis Ray Shaw, Johnnie Mae Smith, Ralph Mann, Quinton Marshall, Phynus Shurtleff, Martha Jane Taylor, Betty Brown, Jack DeLaney, Troy Franklin, Jo Nell Posey, Betty White, Paul Mackey, Dorothy Elizabeth Nowell, Elsie Ann Smith, Doyle Westfall, Charles Phoenix, Iva Helen Lee Juancie Elliott, Effie Mae Prescott, Rogert Royce Musclewithe.

Divide Youth Lost Life In Drowning In Lake Saturday

First Victim Of Season Is Reported At Sweetwater; Students On Picnic

Ervin Drury, 17, son of Mr. and Mrs. T. R. Drury of Divide community in Nolan county and a senior in the Divide school was drowned in waters of Lake Sweetwater Saturday afternoon.

Young Drury and other members of the students were attending a section picnic and were planning to return home when a classmate, Thomas Carver and Drury, decided to swim across a neck of water on west side of the lake. The distance of some fifty yards was covered by Carver and as he climbed onto the bank his companion was seen to throw up his hands and sink.

Drury was the third person to drown in Lake Sweetwater. The first was a Mexican who lost his life in a gravel pit during the dam was under construction. The second was a youth who was a member of the Sunday school picnicking and swimming party, who sank in deep water near the dam.

WEST TEXAS NEWSMEN TO MEET AT MIDLAND

With "one hundred registrations or bust" as their motto, and "Be sure to bring the ladies" as a final reminder to every newspaper man in their territory, officers of the West Texas Press Association are making plans for the best post prosperity convention on record.

The 1936 gathering, scheduled at Midland Friday and Saturday, features four outstanding speakers, plenty of entertainment and the type of open hospitality for which the host city has long been famous.

"We are really serious about this 'be sure to bring the ladies' business," Chief Host Paul T. Barron of the Midland Reporter-Telegram said. "With Mary Whitley Dunbar of Palo Pinto, a member of the board of directors, taking an active part on the program, and with Midland women preparing to greet a number of society editors, woman journalists and wives of publishers, there will not be a dull minute for the ladies."

President E. B. Harris of the Rule Review is equally emphatic concerning the appeal of the program that has been arranged. "It is not lengthy," he pointed out, "but it is meaty. Even if publishers and other newspaper folks of West Texas must travel a couple of hundred miles, they will not regret the time spent from Friday morning until Saturday afternoon."

Over \$5,000,000 Loaned To Texas People For Year

Seven Thousand Citizens Of State Have Benefitted By PCC Lending In 1936

More than 7,000 farmers and stockmen in Texas borrowed over \$5,000,000 during the first four months of the year in order to finance their 1936 crop and livestock operations on a cash basis. According to Tully C. Garner, President of the Production Credit Corporation of Houston, this amount represents an increase of more than \$1,600,000 over commitments made during the same period in 1935, when farmers and stockmen received commitments amounting to \$3,397,517. In the period of March 1, 1934 to April 30, 1936, commitments amounting to \$22,794,442 were made.

Organized early in 1934, these farmers' short-term lending associations have advanced a total of over \$31,000,000 to Texas farmers and stockmen to grow crops, finance ranching activities, purchase fertilizers, farm supplies, machinery and work stock. Operated by farmers on a cooperative basis and supervised by the Farm Credit Administration, the production credit associations are partly owned by the borrower-members and serve in every county in Texas.

SPECIAL EDITION LAUDS RACES, PRESS GATHERING

The races at Midland Downs and annual convention of the West Texas Press association, set to open in Midland Friday, occasioned a special edition of the Midland Daily Telegram. These events are given considerable space in news columns of the paper. Purses totaling \$8,000 are offered during the eight days of racing. One hundred news men and publishers of the territory are expected to be in Midland for the convention, to be in session Friday and Saturday.

SCHOOL ALLOCATION TO BE HIGHEST IN HISTORY WITH \$18.50 PER CAPITA VOTED

Mitchell County Schools To Benefit \$3,704 Next Year Under Order Passed Last Saturday By State Board

The State board of education in session at Austin Saturday voted to increase by \$1 the current State school aid apportionment of \$17.50 per capita.

The schools of Mitchell county are due to receive \$3,704 additional in State funds as result of the board's action. There are 3,704 scholastics enrolled in the county, each of whom will be entitled to a boost of one dollar above the previously authorized apportionment of \$17.50.

A committee from the State Teachers association pleaded with the board to add \$2.50 per capita or a total of nearly \$4,000,000 to the allotment for the present fiscal year while spokesmen for property taxpayers asked that there be no change.

The representatives of the Teachers association contended that the schools were badly in need of funds to complete their terms. The per capita of \$18.50 will be the highest in the state's history.

The vote to boost the apportionment approximately \$1,575,000 was five to two. Five of the board members had objected to raising it to \$20 per capita and four had opposed an increase to \$19.

The state comptroller's department had estimated that the surplus at the end of the fiscal year under the \$17.50 allotment would be more than \$3,500,000. The majority of the board members took the position, however, that there was no certainty of such a large surplus.

William McCraw, attorney general, earlier had ruled that the board could supplement the per capita apportionment of \$17.50 for school aid with an anticipated surplus of \$4,000,000.

McCraw ruled that a per capita allowance of \$17.50 was a minimum and not a maximum. The state teachers association requested the board to add \$2.50 to this year's apportionment, upon which the board held a special meeting.

"It is the conclusion of this department," the opinion stated, "the state board (of education) has implied authority to make such supplementary appropriation, if in the sound discretion of the board, the balance on hand in the available school fund justifies such action."

In previous years the board found difficult the task of paying apportionments directed by the legislature and the fund frequently had a deficit. Unanticipated collections arising from corrections in several occupational levies and addition of a portion of the liquor tax resulted in the prospective \$4,000,000 surplus.

Authority for the board to grant an additional allotment was raised for the first time because of the potential surplus. Ben F. Tinsler of Dallas, chairman, asked the attorney general's opinion on the board's power to do so without specific authorization by the legislature.

McCraw reviewed constitutional provisions which he held "direct that the annual revenue of the available school fund shall be apportioned, expended and distributed each year," with distribution made to counties on the basis of scholastic population.

"These two provisions confer upon the legislature the authority to appropriate all of the annual revenue of the available school fund to the state board of education, to be expended within the scholastic year as directed," he held. A statute directing annual apportionment, he held, "placed no maximum limit upon the amount of apportionment."

HD CLUB REPORTERS VISIT RECORD OFFICE

Visiting the local printing office in order to get a better understanding of the work involved in getting a weekly paper off the press, members of the Reporters' association of the county home demonstration council held their regular monthly meeting Saturday afternoon.

They gathered in the office of Miss Emma Gunter, county home demonstration agent, for a business session preceding the trip to the printing office. A check of club reports was made, and notice was given that each club is to select its 1937 reporter at its June meeting.

The next meeting of the association will be June 20.

THE MAGIC OF WELL-PREPARED FOOD

There is a magic something about food—a quality that, conceived in the imagination of the cook, is in subtle and devious ways expressed until food itself catches the power to awaken delight in those who look and partake. To sit down to a dinner bereft of it is indeed a sad proceeding. Unnecessary, too, for cultivating the thousand and one tricks that make food tempting is the smart housewife's delight, her play to the gallery, so to speak.

Making some meat and fish—everyday ordinary varieties—appealing and appetizing is what I call, "putting on the parsley." For parsley is the most widely used garnish there is. However, a sprig of parsley for every drab dish is not the whole story. Food must be brought to its delicious point of discrimination and ingenuity. Nor will parsley, curly, fresh and green though it may be, ever make up for an ill-cooked roast, or still be a festive touch if used too often.

Just consider two effects a dinner of this fare can give—pot roast, potatoes, carrots and bread and butter. Picture it first with no interest taken in it except as sustenance and you will find it rather dreary.

But if you see the pot roast to a dark brown with slices of onion, and a fraction of a clove of garlic in the pan, then boil it slowly for hours in a small amount of water to which the juice of canned tomato is added to flavor, it will take on an entirely different aspect. Just try it some-

CARR NEWS

Rev. Stuart, pastor of the Church of God, filled his regular appointment, Saturday night and Sunday.

School closed Friday, May 15. An interesting program was presented by the high school and grammar pupils. May 9 the primary and intermediate pupils presented a Centennial program which was greatly enjoyed. We regret very much to lose our entire faculty members, but wish them success in their new work, and extend a hearty welcome to the new ones who are Mr. and Mrs. Lynn Halbert, of the Conaway community and Miss Ruth Mahon, of Kirkland, Texas.

Monday afternoon, Mrs. Joe Brackeen surprised Miss Gladys Bullard with a handkerchief and "lingerie" shower. After a number of games were enjoyed the honoree was presented a large box, wrapped in pink paper, containing the lovely gifts. At this time Mrs. Brackeen was also presented with a package of handkerchiefs, which was indeed a surprise to her. Cookies and fruit punch were served to about thirty-five guests. Miss Bullard and Mrs. Brackeen have been members of the school faculty for several years.

Mrs. Julian McNew, of Westbrook, Miss Cathern Gregory and Mrs. Taft Morris entertained at the home of the latter, Wednesday afternoon, with a shower honoring Mrs. Earl Hays, a recent bride. After several games were enjoyed and the gifts admired, cherry cream and cake were served to a number of guests.

Mrs. Beaumont Gentry and small daughter, of Colorado, visited Mr. and Mrs. K. Morris and family Friday.

Mr. and Mrs. Alvin Ruffin and baby son, of Chalk, were week-end guests of Mrs. Ruffin's parents Mr. and Mrs. W. O. Jackson. Miss Ada Jackson, who has been visiting them for several weeks, returned home.

Miss Norris Warwick, of California, who is visiting here, Mr. and Mrs. Alvin Byrd and daughter Junita, Messers. R. G. Crouch and Ragnvald Fowler spent the week-end fishing on the Concho river.

Mr. and Mrs. Joe Brackeen, accompanied by Mr. and Mrs. Phil Gingrich and baby daughter, visited Mr. and Mrs. Johnny Johnson and small daughter, of Grandfalls, during the week-end. Mesdames Gingrich and Johnson are nieces of Mrs. Brackeen.

Misses Ada Jackson and Marian Gregory visited Mrs. D. J. Barber, of the Conaway community, Monday.

Misses Ruby and Myrtle Turner visited in Coahoma Sunday afternoon.

Miss Margaret Jackson accompanied Mr. and Mrs. Lynn Halbert on a fishing trip to the Concho River Monday. They are to spend several days.

Nervous, Weak Woman Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt worlds better. I gave Cardui to my daughter who was in about the same condition and she was soon all right."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

RHEUMATIC PAINS TEAR YOU DOWN

You can't do your best work when wracked with pain, and no longer is there any need to suffer torturing, stabbing, simple muscular rheumatic pains without the benefits of the doctor's prescription, known as Williams' R.U.X. HOME DESTROYED BY FIRE
The farm home of Mr. and Mrs. S. D. Dunnahoo was destroyed by fire of unknown origin about 9 o'clock Wednesday morning. Members of the family except Mrs. Dunnahoo and her grandchildren who were in the garden were attending various duties. Mr. Dunnahoo had driven into town and Buster was at work in the field. Loraine fire department who rushed to the scene were too late to save the house and contents.

ANNOUNCEMENT

Mr. and Mrs. Cullen Palmer, formerly of Loraine, announce arrival of a 7 pound daughter who arrived at their home at Arlington, Texas, May the 12th.

CONDUCTING MEETING AT BAUMAN

E. R. Watson, Church of Christ minister, is conducting a meeting at the Bauman school house preaching at night only. Brother Watson filled his appointment at Westale Sunday commencing the meeting at Bauman Monday night. Good attendance has been reported.

RITE SAID FOR MINNIE ISABEL FINLEY

Many from Loraine, out-of-town and surrounding communities were present to pay their final respects at funeral rites held for Minnie Isabel Finley conducted from the Loraine Methodist tabernacle 3 o'clock Thursday afternoon, May 14. E. R. Watson, Church of Christ minister of Loraine and Willis Kreager, minister of the Colorado Church of Christ officiated.

Deceased, age 50 years, 2 months and 21 days, passed away in Colorado early Wednesday morning at the Root hospital of a heart weakness following an emergency appendicitis operation performed there Thursday, May the 7th.

Born at Cuero, Texas, Feb. 20, 1886. She was the wife of T. F. Finley of the Silver community, highly respected, and universally loved for her many fine traits of character. Devoted to her husband and children she also was a kindly neighbor and a friend ever kind and true. She had been a member of the Lord's church for the past 30 years, remaining steadfast in the faith. Sermon notes used by Minister E. R. Watson were from the reading of Isaiah 38: 1; Hebrews 9: 27; Philippians 1: 21-28. Closing from reading the beautiful poem "He Knows".

She is survived by her husband and the following children: Mrs. Emmitt Butts, Snyder; Mrs. Jimmie Key, Snyder; Lester, Estes, Zula, Flossie, Hester and Melba Finley of Loraine. Also four brothers: Walter Newman and Jake Newman of Iradell, Texas, and Sam Newman of Phoenix, Ariz. Three sisters, Mrs. E. Holt, Slaton; Mrs. R. L. Wafford, Yorktown; and Mrs. G. H. Waddell, Big Lake. Some of these were present.

She had been a resident of this county for the past 15 years and was the daughter of J. S. Newman, Primitive Baptist minister, well known in this section and who preceded her in death a few months.

Funeral arrangements were made from the Kiker & Son funeral home at Colorado.

Bearers of the beautiful floral offering were: Mrs. Hallie Conner, Mrs. Brack Foreman, Mrs. Charlie Brazil, Misses Velma Cranfill, Fern Adrian and Vivian Carpenter.

Full bearers were: Luther Anders, Harry Cranfill, Clifton Henderson, J. B. Holt, D. E. Gunn, M. L. Adrain, H. B. Derryberry, and Brack Foreman.

C. W. Palmer was in Sweetwater Sunday attending regular monthly meeting of the United Spanish War veterans.

Postmaster R. B. Cope and family left Sunday to spend vacation at Corpus Christi.

J. W. Howell spent Sunday home from Abilene.

Mrs. H. H. Hooker has recently purchased a new Chevrolet.

Mr. and Mrs. S. M. West and children and Mr. and Mrs. W. J. West were Loraine visitors from Snyder Friday.

J. F. Haygood, father of H. M. Haygood, the Watkins man, was visiting here from Inadale Tuesday.

Miss Ruby Lee returned to her home at Olden Saturday. She was accompanied by Miss Jetter and Mrs. G. G. Smith who has been visiting here from Ranger.

Mrs. D. E. Gunn had dental work done in Colorado this week.

EDITORIAL—VACATION

About this time of year the two things a student thinks about are vacation days and spring fever. Activities which require little thought and less action are the ones most in use. For instance—a babbling brook, a book to read, a nice cool shady spot—or, am I getting poetic?

The seventh graders welcome the thought of summer but they hate to think of leaving dear olde Jr. Hi.

Here's hoping everyone has a good time during the following three months!

NANCY PRICE

PRINCIPAL LEAVES

It is with sincere regrets that the Junior High student body says goodbye to our principal, Hayes Holman, as he goes to his new position as superintendent of the Post schools. Although we are sorry to see Mr. Holman go, we shall be happy to cooperate with Mr. Glover, the principal of next year.

TEACHERS PLAN FOR SUMMER

The Junior High faculty has announced their plans for the summer. Most of them are going to attend school and the Centennial; others are undecided.

Miss Cook will enter Texas Technological College soon after the close of school.

Mr. Mason has extensive plans. He will first go to the University of Texas, later visiting Houston, Ft. Worth, San Antonio, Galveston and the Centennial.

Miss Locker will attend C. I. A., later going to Richland Springs, her home.

First to Post, then to Washington, D. C. up to Boulder for school, and back to Post will be Mr. Holman's route of travel during the following three months.

Miss Yates will visit the fair city of Grapevine and probably the Centennial.

Miss Bradford plans to go to the University of Texas and on to the Centennial.

As yet Miss Price is undecided just where she will go to school.

Miss Swope will teach summer school here.

Mr. Glover will attend Texas Tech and maybe the Centennial.

LAST CHAPEL

The last chapel program of the year was presented last Friday afternoon when the play, "Luncheon for Six," was given. It was a humorous one-act comedy directed by Freddie Watson.

THANKS

We wish to use this means of expressing our thanks to the Whiskey Printing Company for publishing the "Junior High Tatler" in the Record during the past year. We feel that this has been a good way of keeping our school news before the reading public.

We are also grateful for the "Record" which has been sent every week to our library through the courtesy of the Whiskey Printing Company.

THE JR. HI STUDENT AND FACULTY BODY.

TENNIS CLUB PICNIC

The Racket Club went on a picnic last Friday immediately after school. Going to Ruddick Park, many of the group went in swimming, afterwards eating the picnic lunch. Almost all of the members were present.

CHATTER

Vacation days will be doubly welcomed after the strain of final exams. Mr. Glover would like to have a companion on his trip to the Centennial—Companion must be able to walk at least ten miles per day. M. L. E. has decided to go east this summer and wishes to know how far

visit from her daughters, Mrs. Ted Stringer of Bryanville, Texas, Mrs. Samuel C. Harris of Gladewater, Texas, and granddaughter, Mrs. Selma Yates, of Shreveport, La., who arrived Saturday.

Misses Delma and Lee Nada Piguet are spending the week with Snyder relatives.

Mrs. Ella Crews of Andrews visited Mrs. E. Bennett Sunday.

Mr. and Mrs. Earl Jackson went to Big Spring Tuesday night to attend musical concert given by Mrs. Lula Mae Carlton, voice teacher, at the city auditorium.

Miss Ruth Ann Hall is visiting in Midland with her sister, Mr. and Mrs. M. A. Baumgarten.

Mr. and Mrs. J. A. Chlumsky from Houston are spending the week visiting in Loraine and Hernalleigh.

it is to Loraine so that she (yes, that's right) can balance her budget accordingly. . . . Billie Chaney, the poet laureate of Jr. Hi was a guest of Mr. Holman at the Lions Club Friday. . . . He read some of his poems. . . . Jadwin Hubbard has a habit of talking to himself—or so we've noticed. . . . What made Weldon Hunt leave out the love scene in the play last Friday? . . . Another secret is out—the E in the initials of the Chief Patrolman stands for "Elton". . . . 165 people enjoyed "Luncheon for six" last Friday. . . . A certain 7A boy has a priceless (?) collection of ink bottles. . . . Many of the students as well as the teachers are planning to attend the Centennial in June. . . . The seventh grade students are curious to know which boy and girl will receive the American Legion award Thursday night. . . . Friday was a sorrowful day.

It is not Elton Leroy Myers (E.L.M. or M.L.E.), Mr. Holman has been suspected, but these popular theories are quite wrong. We have found M.L.E. to be a popular Seventh girl, in other words, Miss FREDDIE WATSON!

Miss Locker will attend C. I. A., later going to Richland Springs, her home.

MORE SALES TAX TALK

We have tried to show that the old age pension can never be paid without a sales tax. Gov. Allred and the Legislature are on record as against a sales tax. Now comes Senator Clint Small.

The West Texas chamber of commerce convention closed today with the sharp prediction of State Senator Clint Small that a selective sales tax or state income levy is imminent for the support of old-age assistance in Texas.

Unless Texans approve a sales tax to provide revenues for old-age assistance and other obligations, they will be making renditions on state income taxes within 12 months, Senator Small said.

"For the past six months legislators have been wondering how funds can be obtained to pay the obligation created by the old-age assistance bill," said Small. "After exhaustion of all other possible means of raising the money, only a state income tax or a sales tax remain."

"Nobody knows how much money will be needed. Estimates range from seven to thirty-five million dollars a year."

Senator Small said a sales tax he proposed would be based on non-essentials and not necessities of life. His proposed omnibus tax measure would increase the levy on crude oil and sulphur 25 per cent and on natural gas, 33 -1-3 per cent. He said taxpayers would not stand for an increase in gasoline taxes and added that other sources, except natural resources, had been "taxed to the limit."

Now comes Representative C. M. McFarland. Read his letter:

I have pointed out the fact that were all property subject to taxation rendered at its reasonable fair value we would have a low tax rate of 20c to 25c per \$100 in order to get the present revenues.

These facts convince me that the State has not reached the point where it is necessary to look for new sources of revenue or new taxes, because if we would put the eleven billion dollars of property that exists in the State on the tax rolls, a rate of 35c on the \$100, less than half of the present rate, would produce enough revenue to take care of the present expenses of the State Government and provide some \$10,000,000 to \$12,000,000 revenue to be used for the old-age assistance, thus obviating the necessity for any sales or sumptuary taxes.

At any rate I cannot agree that it would be right to let the existing inequalities continue and some people pay heavy taxes and others escape with little or no taxes and put a sales tax on which could only be an added burden to that class of people who are now paying adequate taxes.

Therefore, it seems to me only a matter of simple justice to straighten out these inequalities and attain approximate equality in our taxation and then if that does not produce sufficient revenues there would be justification for considering other sources.

I might say in this connection and at this time that I am rather strongly committed to the belief that in so far as the mercantile and manufacturing business of the State is concerned, a low uniform gross receipts tax, not as an additional tax, but in lieu of the ad valorem, would more nearly carry out the provision in the Constitution relative to equal and uniform taxation, because under such a system the merchants in Limestone County would not be paying \$28,000 taxes on \$500,000 less business than was done in Kaufman County where only \$174 taxes was paid.

Neither would Montgomery County pay more taxes on \$800,000 of manufactured products than Dallas County paid on \$92,000,000 worth.

This low gross receipts tax of from 25c to 50c on the \$100 could not, in my judgment, be an intolerable burden to any industry or business, and I believe that the merchants and manufacturers of the State at least almost without exception could easily absorb such a tax into their price structure without seriously disturbing their business or interfering with their net profits.

Incidentally, a 25c gross receipts tax of this nature would produce around \$9,000,000 to \$10,000,000 revenue per annum, which in a large measure could be used for old-age assistance. I am persuaded that if we cannot secure sufficient revenue from the ad valorem system that this might be the final answer to our problem.

Much is said and written about the expenses of Government. I have touched somewhat at length on this subject heretofore, but I want to say now that unless the people are willing to forego some of the educational advantages they are enjoying, and give up the construction and maintenance of their highways, and unless they wish to revert back to the unhappy conditions a few years gone when the unfortunate mental cases languished in jail for long periods of time, when they should have been in State hospitals, then it is rather idle to talk about reducing the expense of Government to any appreciable degree.

As I stated earlier I do not subscribe to the belief that the \$3.40 per capital for the general expenses of the State is any grievous burden, and I certainly do not believe that the people want to put their insane people back in the jails and give up any of the advantages of our educational system, therefore it behooves every citizen of the State to think seriously and sanely upon this question and make up his mind individually and collectively to "Render unto Caesar that which is Caesar's."

I repeat that it is my settled conviction that the people of the State are not overtaxed. The trouble is the unequal distribution of that burden and the whole purpose of this study is to correct the conditions that cause this unequal distribution.

Finally I do not want to be understood as thinking that I am any Moses to lead the people out of the wilderness.

I have approached this subject from a common-sense, sincere, and everyday standpoint in so far as possible and I have discussed the questions frankly and in terms that I think cannot be misunderstood.

If my conclusions as to the methods for correcting the existing abuses are not sound, I am perfectly ready and willing to join in any move that can be shown to be a better way out of the financial morass we are now in.

On the other hand, I feel safe in saying that I am not in error when I say that the inequalities and injustices prevailing are little short of criminal.

If this study will aid even in the

slightest degree to improve the conditions of our State, I shall count my time and labor well spent.

In the sincere hope that it will be of some benefit to the people in showing up the present conditions and pointing to a way of correcting those conditions, it is respectfully submitted.

The entire psychology, the thinking apparatus, of the American people seems to have undergone a change almost overnight. Nobody is conserving, everybody for splurging. Nobody favors saving, everybody favors spending. Imagine what kind of a country we would have today if that philosophy had been established when this Republic was. However, the Townsend scheme, like some others of lesser proportions, might be a good thing—in a certain way. It would bankrupt the whole Nation and the whole population the first year, after which everybody would have to go to the land and raise turnips or starve to death. It would teach the survivors a lesson.

HEAVEN

Saint John, who told us most about it, may have been using an Oriental imagination, especially when describing his riches and ornaments. All we can know in reason is that heaven will be just what we want it to be for each soul. Everyone's cup will be filled, from thimble size to flagon. It would be like that down here on earth if men were as wise and unselfish and sinless as angels.

Last week we said an optimist was the fellow who went into the bank to get a loan and came out a pessimist. We were wrong: The real optimist is the fellow who makes the pessimist pay the loan.

TO FRED B. ROBINSON:

Fred B. Robinson, an old-time friend and pal of F. B. Whipkey is now at Hot Springs, Ark., with his wife who has been sick the past ten months. Fred B. was long time at Huntsville on the Item and for quite a number of years was secretary of the Texas Press Association and is now a column writer on the Waco Tribune. My son Walter joins me in sending love and sympathy to Mrs. Robinson with prayers that she may soon recover.

Your family can enjoy the luxury and convenience of Automatic Hot Water

THERE'S no longer any high-cost excuse for not giving yourself and family the luxury of automatic hot water. For today, with gas as the fuel and the efficiency of modern heaters, you can virtually "write your own ticket."

If you're thinking of the initial cost, maybe you'll be surprised to learn that you can install a modern gas automatic on monthly terms that fit your purse.

If your main concern is operating cost, do you know that as little as one cent will provide 20 gallons of hot water—enough hot water for two baths?

Call at any dealer and see the new model automatics that operate so economically!

Your natural gas service is one of the few items on the family budget that has not advanced throughout the years. Today, for a few pennies, you can do a lot with natural gas!

PERMANENT SILENCE OF
ELECTROLUX
REFRIGERATION

IT'S THE RESULT of the basically different method of Electrolux operation (no machinery at all!)... the key to every one of the famous Electrolux advantages:

- 1 No moving parts to wear
- 2 Lasting efficiency
- 3 Continued low operating cost
- 4 Fullest food protection
- 5 Savings that pay for it

THE silent operation of Electrolux amazes a lot of people until they learn how much more simply Electrolux works than any other refrigerator. In Electrolux, a tiny gas burner takes the place of all moving parts. That's why it's the only refrigerator that is able to offer the comfort of permanent freedom from noise... as well as all the other big, long-life advantages listed above.

See the new 1936 models on display at our showroom. Today, more than half a million Electrolux are serving faithfully, economically, in homes the country over. This year's Electrolux offers even more in efficiency, convenience, and beauty. Ask about our liberal purchase plan.

Travel, Schools, and 'Just Resting' To Fill Summer Time For Colorado Teachers

Travel, "just resting at home," college work on degrees, visits to Centennial celebrations, and "keeping right on working" will occupy teachers of Colorado schools during the summer months, according to a survey made of their vacation plans early this week.

Overseeing repairs and improvements in the various school buildings will keep Supt. John E. Watson busy during the first few weeks after school is out. After that he has various plans for spending his time, none of them definite.

Fishing on the San Saba river will take the first week of vacation time for C. A. Wilkins, high school principal, and Robert Coffman, member of the high school faculty. After that week Wilkins will return here to conduct a six-weeks term of summer school and Coffman will head for Nashville, Tennessee, to enroll in Peabody college for summer school. When summer school here closes Wilkins and Mrs. Wilkins, who teaches in Hutchinson school, will both enroll in North Texas State Teachers college at Denton for the second summer semester.

Coach Jim Reese will leave late this week to join Mrs. Reese and his daughter in Dallas for the summer. Jack Christian of Abilene, new coach of the Wolves, is expected to arrive here about July 4.

Doyle Williams of the vocational agriculture department of high school will continue working with his FFA boys and FFA projects during the summer. He will take time off to attend a market study course to be given by Swift & Company at the Swift plant in Fort Worth for ten days beginning July 25. It is possible that he will also attend the A. & M. short course for agriculture teachers for three weeks.

Tentative plans to attend the second term of summer school at Texas Tech, Lubbock, are being made by Mrs. Charles Moeser, teacher of public school music in the high school. She will spend the rest of the time at her home here.

Miss Velma Barrett of the English department will leave Saturday with her mother, Mrs. Maudie Barrett, for the Barrett home in Morris Ranch. After a week or two there Miss Barrett may go to school. Her plans for the summer are largely dependent on her sister's health and other factors.

Miss Gladys Miller will teach English and public speaking in Salem College, Salem, West Virginia, during both terms of summer school. She and her mother, Mrs. W. M. Miller, are to leave Sunday for Salem. After school is out Miss Miller plans to visit in Pennsylvania.

Vacation time for Miss Octavine Cooper of the vocational commercial department will be divided between several points. She leaves here Friday for Austin to attend a short meeting of the executive committee of the Texas Vocational association. She will spend several weeks with relatives in Cement, Oklahoma, and in New Orleans and Baton Rouge, Louisiana, before going to her cabin in Ruidosa, where she will be joined by an aunt from Oregon and a cousin from Brooklyn, New York.

An adult class in home economics, taught in connection with her work as head of the Home Economics department, will occupy Miss Pauline Haggrove for four weeks after school is out. She plans to travel over the western part of the nation later on.

Miss Mabel Smith, head of the Spanish department, will have as her guests during the early part of the summer her nephew and niece, Royal Smith, Jr., and Margaret Smith, both of San Angelo.

After a short visit in Canyon to attend the marriage of his only sister, Lenna, on May 30, G. D. Foster plans to spend most of the summer here. The Fosters and their little daughter, Maedell, are to visit the Centennial early in the summer.

Completing work on his master's degree, Charles Brazil will spend the summer in the University of Texas. He and Mrs. Brazil, who teaches at Payne, are leaving for Austin Saturday, May 30.

Omer D. Cline of the mathematics faculty and Mrs. Clipse will spend the first six weeks of vacation with their families in Barnham and Greenville. Mr. Cline will attend summer school at the East Texas State Teachers' college in Commerce the second six weeks.

Hayes Holman, who is leaving his position as principal of Junior High school here to be superintendent of schools at Post, plans to spend the first six weeks of the summer attending summer school in Boulder, Colorado. Before going to Boulder, however, he is planning on a trip to Washington, D. C. After July 15 he will be in Post.

J. V. Glover, who will be Junior High principal next year, will attend Texas Tech, Lubbock, the first term of summer school and perhaps the last.

Miss Eunice Locker plans to enroll in C. I. A., Denton for the first term. She will visit at her home in Richland Springs during the latter part of vacation.

Juan P. Mason will be a student in the University of Texas for the first term, and plans to "see Texas" during the remainder of the summer.

Miss Louise Bradford will attend the University of Texas and will visit the Texas Centennial exhibitions. Miss Lenora Cook, whose home

is here, will attend Texas Tech, Lubbock, during both terms of summer school.

Mrs. Loyse Price is undecided about her summer plans, but she may spend part of the summer at Boulder attending the University of Colorado.

After a short visit at her home in Killen, Miss Lea Swope will teach summer school here until July 10. After that she has no definite plans.

Miss Cal Yates will "just rest" at her home in Grapevine during most of the summer.

Mrs. Floyd Quinney, principal of Hutchinson school, is leaving June 9 for Lubbock, where she will attend the first six weeks of summer school at Texas Tech. She will be joined in Lubbock at the end of that time by Mr. Quinney and their daughter, Nina Katherine, and they will go on a three weeks vacation trip to California.

Mrs. Farris Lipps will remain in Colorado during the summer.

Miss Beatrice English will study for six weeks in Texas Tech, and then will spend some of the remaining time at her home in Crosbyton.

Miss Opal Davidson will teach in summer school here the first part of the summer, then she plans to attend the University of Southern California the second term.

Mrs. J. L. Killian is to remain at her home here.

Mrs. C. A. Wilkins will enroll in North Texas State Teachers' college, Denton, for the second term.

Miss Laura Martin, principal of Coleman school, will attend Sul Ross at Alpine during both terms. Afterwards she will visit at her home in Bronte.

ADRIAN FAMILY TO TRY SUBIRRIGATING GARDEN

Subirrigation with concrete tile is to be tried in the garden of Mr. and Mrs. M. L. Adrian of Landers this year.

Mrs. Adrian will try some of her tomatoes with surface irrigation, others with subirrigation. If the subirrigation works best more tile will be laid next year.

Tile for the demonstration was made by the Colorado high school vocational agriculture boys under the supervision of their instructor, Doyle Williams, and Miss Emma Gunter, county home demonstration agent, is supervising the experiment.

HERE EN ROUTE TO MIDLAND

Mr. and Mrs. Fred Moore, recently of Oklahoma City, were guests Sunday of Mrs. Moore's mother, Mrs. J. P. Hunter. The Moores were en route to Midland, where Mr. Moore is to be in charge of offices for the Magnolia Petroleum company. Mrs. Moore will be remembered here as Miss Grace Hunter.

Miss Alice Blanks will be at her home here during most of the summer.

A trip to the Centennial exposition is the only thing definitely planned for the summer by Miss Inez Butler, who will leave late this week for her home in Abilene.

Mrs. Dene Headstream will stay here the greater part of vacation. She plans to visit various places.

Mrs. Rees Jones has indefinite plans for attending the University of Texas one term, but does not know yet which term it will be.

Miss Hattie Tankersley will remain here for awhile, and then will visit in Austin, Dallas, and East Texas points.

SPRING SALADS ARE HYMAN CLUB SUBJECT

By Mrs. Edger Andrews, Reporter
Demonstrations on spring salads and recipes were given by Miss Emma Gunter to the Hyman home demonstration club women at the home of Mrs. Edgar Andrews last Friday.

The club started a clean-up campaign which began May 15 and will last to the 30 of May. Some of the club women report that they have already been hauling and burning rubbish that has accumulated round their places.

The council report was given by Mrs. Carl Lowery and this club voted to contribute to sending Mrs. McElrath to Triennial conference of Associated County Women of the world which will start May 31.

Those present were Miss Emma Gunter, Mitchell County home demonstration agent, and these members: Mrs. Carl Lowery, Mrs. J. T. Vest, Mrs. Walter Averitt and hostess, Mrs. Edgar Andrews.

The next meeting will be with Mrs. Averitt first Friday in June. The club is to study types of bath mats.

CARD OF THANKS

We take this method of expressing our gratitude for all the kindnesses that have been shown us since we lost our home by fire. All gifts, all expressions of sympathy, and all help of every kind, including that of the firebricks, has been greatly appreciated.

CARD OF THANKS

Our deep gratitude to all those who were so kind to us in every way during our bereavement in the death of our husband, father, son, and brother cannot be expressed in words. Nothing that could have helped was left undone by our friends and the employees and officials of the Col-Tex Refinery.

WINNETTS TO APARTMENT

Mr. and Mrs. Homer Winnett and sons, who have been staying in the George Plaster home since their home was destroyed by fire two weeks ago, are now located in the Shannon apartments east of the J. H. Greene home.

QUESTIONS THAT ARE ASKED ABOUT BANKING

Why should I be interested in my Bank's loan policies?

As a depositor in a bank there are several very good reasons why you should be interested in its loaning policies, even if you are not a prospective borrower.

Good bank loans, made in accordance with sound banking principles, protect your deposited money. They put your funds to work usefully for the benefit of the entire community.

Upon request, the officers of this bank will be glad to explain to you our loaning policies.
