

VACATION DAYS TO END AS NEAR 1,700 YOUNG PEOPLE ENTER COLORADO SCHOOLS

Faculty And Students Ready For Nine Months Grind In The Class Room; Outlook Optimistic, Watson Says

With the passing of this week vacation days for boys and girls of scholastic age within the Colorado Independent School district are to be over and Monday morning they will direct their attention to problems of the class room. Formal opening of the schools are to be short and modest, J. E. Watson, superintendent, stated Tuesday. Among other things there is to be no long-drawn out speeches, a feature of other days that was eliminated several seasons ago.

Almost 1,700 scholastics have been enrolled on roster of the schools, including 1,530 registered within the district and 157 transfers from other public school divisions of the county. Largest initial enrollment in history of the schools is expected by Watson.

The students will be expected to report at their respective buildings at 9 o'clock. A short chapel service, including the singing of a song and prayer, is to be given. Announcements will then be made and the students assigned to their rooms. There they will be registered and receive their books.

The superintendent stated Tuesday morning that invitation to all interested citizens to attend these opening exercises had been extended. "The faculty and student body are ready for opening the new school year and it is apparent that our record of team work so well defined during other years is to again dominate, a condition lending much to success of the school year," Watson said.

With opening of school Coach Jack Christian will be looking for needed recruits to patch up his gridiron lines. Boys expecting to don the Wolf uniform and try for places on the team should confer with the coach upon entering school. Several of these prospects have already been contacted.

Warning Issued By Officials After Dog With Rabies Attacks Pets In Colorado

General warning that the public be on the alert against possible attack by rabies-infected pets was issued Wednesday morning by Mayor J. A. Sadtler and Chas. R. Farris, city sanitary official. The statement, backed by municipal ordinance, also outlined that drastic steps were being taken by the city to curb possible spread of the infectious disease among pets.

The order came after a stray dog ran amuck in Colorado Saturday night, attacking several pets. The animal was killed and his head sent to Austin where it was found he had been suffering from rabies. Several of the pets known to have been bitten by the stray were killed by poison. All persons keeping dogs or cats on their premises are called upon to

PIONEER MITCHELL COUNTY CITIZEN DIES BY HIS OWN HAND TO CLOSE SUFFERING

E. P. Kuck Of Near Loraine Found Hanging In His Barn Friday Morning; Had Been In Poor Health

E. P. Kuck, 65, prominent Mitchell county farmer who with his wife had resided two miles north of Loraine for a number of years, died by his own hand early Friday morning. The widow and close friends of the late citizen advance the opinion Mr. Kuck took his life to close an illness that during the recent past had occasioned considerable suffering.

Suffering from a heart ailment it had been difficult for Mr. Kuck to rest at night. During Thursday night he and wife had been up all night—she refusing to retire in hope of rendering service to her husband. During the early morning hours Mr. Kuck stated to her that he was feeling some better.

"I am feeling better now and I want you to retire and get some sleep," Mr. Kuck suggested to his wife about 5 o'clock Friday morning. She did, after her husband had stated he planned going out of the house shortly to look after his poultry flock and the feeding of some livestock.

Mrs. Kuck slept for a time and arising prepared breakfast for herself and husband. The meal ready she called to Mr. Kuck and receiving no reply went to look for him. She found his body hanging from a rope just inside entrance to the barn. A rope had been secured to a rafter, loop fashioned about his neck and a barrel on which he is supposed to have stood kicked to one side.

Funeral services were conducted from the Loraine tabernacle Saturday afternoon at 4 o'clock. Burial followed in the Loraine cemetery. Jones, Russell Company of Colorado were in charge.

A native of Germany Kuck came to America as a youth and for several years lived in South Texas. For some time he worked for \$8 per month and from that meagre beginning accumulated considerable property. He was married to Miss Ella Frances Wemker in 1900. In 1906 he and wife established their residence in Mitchell county and had since resided here.

In addition to his widow Kuck is survived by a sister, Mrs. Henry Reichert of South Texas and a brother who resides in Germany.

ARRIVE AT PARK EARLY, INVITATION TO PUBLIC

The public is invited to arrive at Ruddick Park amphitheatre not later than 7:30 p.m. Friday night, in that Shine Phillips of Big Spring, director of the program, and his entertainers get started by that hour. FOUR CITIES COOPERATING IN PLAN TO SEND SPECIAL TRAIN TO THE CENTENNIAL

Colorado, Snyder, Big Spring and Sweetwater Citizens to Visit Attractions On Oct. Third To Fifth, Inclusive

"The Mid-West Texas Special" will be title of special train to be operated to the Centennial attractions October 3 by citizens of Colorado, Snyder, Sweetwater and Big Spring. Plans for operating the train were mapped at conference of representatives of the four communities here Wednesday noon.

Having part in the conference were W. T. Strange, secretary of the Big Spring chamber of commerce, and George Barber, secretary of the Sweetwater Board of City Development. A delegation of other citizens from those cities attended also. Colorado and Snyder were represented by Jim Greene, secretary of the local chamber.

Colorado and Snyder elected to accept invitation of the two neighboring cities to join with them in operating special train to Dallas and Fort Worth after the chamber of commerce luncheon club had voted to rescind its previous plan of undertaking to sell quota of 125 tickets. Committee chairman R. H. Barber announced at the luncheon club meeting Tuesday that his group had found it would be impossible to place that number of ducats here. Snyder's quota was 75.

Two weeks before the luncheon club voted to sponsor a special train, in cooperation with Snyder, scheduled to leave Colorado Saturday night of this week. Quota of 200 round trip tickets, assigned as noted above, was accepted.

"We are going to operate this special train to Fort Worth and Dallas," Greene told The Record Wednesday night. "The two cities that have just joined with us and Snyder are enthused in the cooperative move and they are going to have a big part in selling the ticket quota."

Big Spring and Sweetwater accepted to sell not less than 72 round trip tickets each. Colorado will sell 28 and Snyder 20. The same fares as quoted in this newspaper during the past two weeks will apply. The train is to leave Big Spring early Saturday morning, October 3, arriving in Fort Worth in time for the boosters to witness annual TCU-Arkansas

POSTOFFICE BURGLARY IS DENIED BY SUSPECT HELD IN LOCK-UP AT COLORADO

Floyd Hill Arrested In Fort Worth After Description Of Car Seen Leaving Loraine, Faces Charges Here

Floyd Hill, 26, Fort Worth youth charged with burglary of the Loraine postoffice at an early hour Friday morning and attempted looting of the Texas Coca Cola Bottling Company plant in Sweetwater a few hours earlier, Thursday noon continued to maintain his innocence.

The suspect was arrested in Fort Worth Friday after registration numbers and other description of a motor car found parked near the Sweetwater plant and later seen speeding out of Loraine, had been given police there.

Hill has little to say when questioned by officers. He maintained when arrested that he was in Fort Worth at time of the postoffice robbery and could sustain that alibi. An uncle, whose name was not disclosed, had been using his car, the suspect stated.

He was brought to Colorado and jailed early Saturday night by Sheriff R. E. Gregory who, in company with Police Chief N. B. Hall of Sweetwater and Jos Lisman of Sweetwater, postal inspector, went to Fort Worth Friday night after being advised the suspect was under arrest.

Charges of burglary were filed against Hill Tuesday morning in County Judge B. L. Templeton's court. Local officers had not been advised Thursday noon as to whether or not Federal operatives would claim the prison for arraignment in the Abilene district court. The Federal tribunal has jurisdiction in postoffice burglary charges.

Safe in the postoffice was blown and cash estimated at \$60 taken from the strong box. The safe and interior of the building was badly damaged. Entrance was effected by forcing a rear window. Residents heard a muffled noise about 5 o'clock and a car was seen speeding out of town on the east highway a few minutes later.

DROUTH RETARDS PUBLIC ROAD WORK IN COUNTY

Maintenance work on public roads of the county is being handicapped by effect of the continued drouth, County Judge B. L. Templeton stated Wednesday morning. But little of this work is being done in any of the four commissioners' precincts, he said. Principal lateral roads over which cotton is being taken to gin and market, however, are still in fair condition.

Know Your Language

By C. L. Bushnell
School of English,
International Correspondence
Schools

THE pronoun "it" is one of the most troublesome words in the English language. When used without due care it can produce some remarkable results, as in the following sentence:

"If the child does not thrive on uncooked milk, it should be boiled."

Few mothers would care to subject their children to such drastic treatment. In this particular instance, about the only way for the writer to express his meaning clearly is to avoid the use of "it" altogether and make his sentence read, "If the child does not thrive on uncooked milk, the milk should be boiled."

One is angry at a thing, but with a person. Say "He is angry with him," not "He is angry at him."

BEN BERNIE TO PLAY AT GENERAL MOTORS EXHIBIT
 DALLAS.—The opening of Ben Bernie, the Old Maestro, and his famous radio and dance orchestra, in the General Motors Auditorium at the Texas Centennial Exposition in Dallas, will be a highlight of General Motors Day at the exposition on September 11.

Bernie and his band will be presented in tree afternoon and evening concerts in the General Motors Auditorium for a twelve-day engagement starting on the 11th of September.

A group of General Motors executives will arrive in Dallas on the morning of the eleventh to visit the

Dallas Exposition. In the party will be Richard H. Grant, vice-president in charge of sales; William S. Knudsen, executive vice-president in charge of all car, truck, body and accessory operations of General Motors; Lawrence P. Fisher, vice-president in charge of styling development; J. W. Dineen, sales director, and Paul W. Garrett, public relations director.

Officials of both the Dallas and Fort Worth exhibitions will be hosts to the General Motors executives at luncheons to be attended by outstanding civic and business leaders of the cities.

Several hundred dealers of General Motors products in this region will visit the Dallas and Fort Worth exhibitions with the executives.

LOVEJOY-COCA COLA TRIAL EXPECTED TO BE DISPOSED OF BY END OF THIS WEEK

San Angeloan Seeks Recover \$20,500 on Claim His Wife Drank Beverage Containing Broken Glass Particles

The damage suit of R. B. Lovejoy of San Angelo vs. the Texas Coca Cola Bottling Company of Sweetwater, being heard in 32nd district court, should be disposed of by end of the week, member of counsel for the defense told The Record early Thursday afternoon.

The plaintiff rested shortly before noon Thursday and introduction of defense testimony was expected to take up all of that afternoon and much of Friday. The defendant, in its pleading before the court as the case was opened and during progress of the trial from the witness chair, maintains no liability for damages, asserting that in case wife of the defendant was injured by drinking beverage made by the company containing glass it was negligence upon part of the plaintiff. Lovejoy was manager of the concern from which the bottle of Coca Cola in question was bought by Mrs. Lovejoy.

Both Lovejoy and his wife were on witness stand Wednesday afternoon. Under questioning by attorneys they sought to establish contention that Mrs. Lovejoy was hale and hearty prior to drinking the beverage and from that time to the present had been in delicate health, due to alleged lacerations to her stomach and intestines.

The case was called for trial Wednesday morning at 9 o'clock by Judge A. S. Mauzey who, in agreement with counsel representing the plaintiff and defendant, convened a special session to dispose of the cause. The twelve men trying the case had been selected and sworn in by 11:15 and pleading by attorneys concluded before the noon recess. Introduction of testimony started at 1:30 Wednesday afternoon.

Expert testimony educed from the witness chair by specialists and other men identified with the medical profession had consumed much of the time devoted to introduction of testimony by the plaintiff up to Thursday noon. Dr. W. V. Ramsey, X-ray specialist of Abilene, was on the witness stand for some time Thursday morning. He was followed by Dr. C. L. Root, chief surgeon at the Root hospital and Dr. R. E. Lee, local physician.

Lovejoy, a former citizen of Colorado, filed suit in the local district court May 6 of this year, seeking to recover damages in the sum of \$20,750 in behalf of the estate of his wife. The petition alleged that Mrs. Lovejoy was permanently injured on October 6, 1934, when she drank a bottle of beverage containing broken particles of glass and claimed to have been manufactured by the defendant corporation.

The jury is composed of P. W. Beatty, O. Bolin, O. M. Jarman, M. D. McCollum, H. B. Beights, Cline Taylor, J. L. Colson, E. E. Erwin, J. C. Green, K. L. Taylor, H. W. Robertson and Harry Hallmark.

ROSCOE WILL HAVE GOOD GRID CLUB THIS SEASON

Another strong football club is to be the pride of Roscoe high school this season, sports writer on the Sweetwater Daily Reporter is telling his readers. The Plovoys last season won district and bi-district pennant. An even stronger machine is anticipated for the 1936 conference games.

BRIDGFORDS RETURN HOME

Dr. and Mrs. R. D. Bridgford returned home Friday after having attended the Oklahoma-Texas state dental conventions in Dallas. During the convention Mrs. Bridgford attended a number of social affairs arranged for the wives of dentists. The Bridgfords' young son, Dave, stayed with Mr. and Mrs. Henry Arledge, Mrs. Bridgford's brother and wife, in Knox City while they were at the convention.

EARL POWELL IMPROVES

Word from the El Paso hospital where Earl Powell has been a patient for several weeks is that he is now showing steady improvement and is free of temperature for the first time since he was stricken with a severe arm infection. Another operation to maintain drainage of the arm was performed Saturday. Mrs. Lay Powell, mother of the ill man, returned home Monday night after several days at his bedside. His wife is still with him. Plans are to bring Mr. Powell here within the next ten days if his recovery continues. The Earl Powells have a ranch near Stanton.

Looms Produce Many Materials

This photograph taken in the Ford Exposition building at the Texas Centennial in Dallas shows a loom producing materials for Ford V-8 cars. The exhibit collection of soft, pastel-colored materials for ladies' gowns shows the wide range of manufacturing processes engaged in by Shelton Looms, a co-exhibitor of the Ford Motor Company.

Feminine visitors to the Ford Exposition building at the Texas Centennial in Dallas are often surprised to learn that Shelton Looms, one of the co-exhibitors of the Ford Motor Company, manufacture soft, pastel-colored materials for ladies' gowns as well as a complete line of upholstery material for automobiles.

Shelton's exhibit shows how mohair velvet, the most popular upholstery material for motor cars, is woven. Also a number of brilliantly colored pieces of material are displayed. Probably two of the most beautiful materials are La Lole Splendour and Crystelle, which are chosen by noted dress designers and fashioned into gowns by many

Ginning Total For County 1728 Bales With Loraine Ahead

Colorado Gins Trail Those At Loraine By 112 Bales; Staple Is 12.35

With Loraine leading Colorado by 112 bales, ginning receipts in Mitchell county had reached 1,728 Thursday noon. This total does not include Mitchell county bales ginned at China Grove.

Colorado gins had received 563 bales, distributed as follows: Farmers Cooperative, 90; Farmers Gin No. 3, 212; Lambeth, 50; Concrete, 114; Williams-Miller, 97. Buford's total was 148, Loraine's 670, and Westbrook's 217. Valley View and Hyman together had received approximately 150 bales. Seed was bringing \$35 and the staple around 12.35.

BETTER TIMES IN TEXAS NOTES SECRETARY ICKES

Conditions are improving in Texas, especially as they affect skilled labor, Secretary Ickes states in a recent interview. In his last allocation of funds to Texas he included none for employment of skilled labor, explaining these artisans all had positions. It is believed here that the cabinet member is in error, since there are skilled workmen locally who do not have steady employment.

BURNING BARBECUE SENT FIRE BOYS TO GROCERY

Barbecue that had been left in oven of an electric range in rear of Safeway store became ignited and was cause of an alarm Wednesday night at 9 o'clock. But little damage resulted. The building was filled with smoke from the smoldering meat.

Know Your Language

By C. L. Bushnell

THERE is no surer sign of careless writing than the abuse of "and which." "And which" can be used correctly, but even so it usually makes an awkward sentence. When used as in the following sentence it is not only incorrect but ridiculous, for what the writer is saying is that it was the bone that slunk off with its tail between its legs.

"We stumbled over a dog gnawing a bone, and which slunk off with its tail between its legs."

"Between" and "among" are often confused. The former should refer to two persons or things; the latter to more than two. "The candy was divided between the two children." "The candy was divided among the five children."

WARNING TO OWNERS OF DOGS AND CATS

Because of a possible recent exposure of all animals in the city to rabies (Hydrophobia—"mad dog bite") by a stray dog which was pronounced Rabid by Pasteur Institute, all owners of dogs, cats or any other animal pets which are allowed freedom from cages are ordered to have said animals inoculated (vaccinated) against rabies by a veterinarian, and keep animals in detention, under strict observation for a period of at least 6 weeks from date of Sept. 10, 1936. Any person failing to comply with this order may expect to have their dogs and cats killed when they are found loose on the streets and alleys or any other place in the city of Colorado, Texas. Warning is also given to all citizens residing outside of the corporate limits of the city of Colorado that any dogs found loose in the city will be immediately killed with no exceptions. Any persons or persons found violating this order will be subject to prosecution for keeping and maintaining a public nuisance.

These Mitchell County 'Amateurs'

Behind-the-scene stories of prize winners at the weekly Chamber of Commerce "Amateur Hour" at Ruddick Park

Another doll will be added to Jan Dorn's already rather complete collection of dolls which she won with her tap dancing and singing number on last Friday night's chamber of commerce "amateur" hour program. For Jan, who will be five on October 8, is a lover of dolls.

If there's any money left after Jan buys the doll she'll "buy something" for Big Brother Larry. Maybe after that, for a little while at least, he won't mind her following him around.

You see, Jan is five years younger than Larry and sometimes he's a little hard for her to keep up with. Especially when he and her aunt Margery, who is a very youngish aunt not much older than Larry, get on their bicycles. Next to dolls Jan loves bicycles and will be awfully glad when she graduates from tricycles to bicycles, though her tricycle will do when Larry and Margery won't let her ride in front of them on their bicycles.

As for dolls, Jan still has every one she ever received. The first one that Santa Claus ever brought her remains her dearest beloved. It's named after herself. Its rubber body and composition head are the worse for wear but that doesn't matter to Jan.

She doesn't like to practice either her dancing or her singing, but she doesn't mind her lessons and she doesn't mind in the least to appear in public. Her dancing teacher, Mrs. W. R. Martin, says she has "stage personality."

There's a reddish tint to her long curls and she has a fairer, more un-freckled skin than most nearly-red-heads are ever blessed with.

Among her favorite people are her grandparents, Mr. and Mrs. George Plaster, at whose home she spends a lot of time. And her father, Bill Dorn. To don overalls and go with him somewhere in a pickup as much fun as she wants. Her mother is the former Agatha Plaster.

Her out-of-the-family favorites include two little playmates, Doris Marie Randle and Dorris Louise Summers. Also "Jim" Greene, whom she says she is going to marry when she grows up. Incidentally, her song and dance number Friday night was titled "When I Grow Up," though she didn't say anything on the stage about her intentions in regard to Mr. Greene. Maybe she had a hunch Mrs. Greene was in the audience.

And now look at the other winners in Friday night's contest—the Charles Watson family, including Papa Charles, daughters Florene and Frances, and son Charles.

Music should fill the air in the Charles Watson home. Papa plays the violin and the guitar, Frances plays the mandolin, Florene the guitar, Charles the guitar, and the two girls sing. None of the children have ever had a music lesson other than those given them by their father.

It could be that Mr. Watson and his children inherited their musical talent through Mr. Watson's father,

the late C. L. Watson, who used to teach singing schools in the days when singing schools were quite the thing. Anyway, the talent is undoubtedly there. Besides playing with their father and brother, the two girls often sing duet numbers. Charles can sing tenor when he wants to but most often doesn't want to.

The Watsons live at the old C. L. Watson home at Eighth and Austin streets. Frances, who is 16, will be a sophomore in Colorado High this year. Florene, 15, will be a freshman. Charles, 13, will be in the seventh grade. Mr. Watson, who has spent much of his life in Colorado, is a barber.

All three children have often appeared on school and other programs. Frances plans to be in the choral club this year. Florene likes her frequent job of leading Junior High school singing.

An enthusiasm for tennis is common to all three youngsters. Charles has a particular yen for baseball. As for Papa Watson, he gets his exercise mostly from shaving whiskers and cutting hair.

MOTHER OF MRS. TOM MARSH DEATH VICTIM

Word was received by Tom Marsh, manager of Safeway, early Thursday morning that Mrs. Marsh's mother, Mrs. S. J. Gaines, had died at her home in Brownwood shortly after midnight.

He left immediately for Brownwood. Mrs. Marsh and children had been at Mrs. Gaines' bedside for almost a week. The funeral was held Thursday afternoon.

FFA CLASS ALREADY AMONG THE LARGEST

Pre-school enrollments this week have already made the vocational agriculture class of Colorado High school one of the largest in the school's history, according to Doyle Williams, head of the department. More than 60 students have signed up for the course. Of this number around 50 took the work last year.

Pioneers Keep Alive Tragic Legend Of Frontier Settlement Near Big Spring

BIG SPRING.—Morita, 10 miles west of here, is one of those isolated section houses and loading places on the Texas and Pacific "where nothing ever happens."

But if legend is to be believed, Morita once was the scene of a grim and mysterious tragedy.

The story, told only by old-timers who got it second hand, concerns a lonely monastery located where Morita now stands.

Long before the railroad came, cowboys used to ride inquisitively by the place, stealing a glimpse of the soft-speaking and reticent monks. Unacquainted to this sort of devotion, the cowhands are said to have waged a campaign of verbal if not physical annoyance to the monks.

Under circumstances none seems to have been able to ascertain, a round-faced youngster, member of one of the ranch crews, disappeared. However, in those days, disappearances caused no great excitement in West Texas, for men were accustomed to coming and going without questions being asked.

Months passed. Cowboys noticed that the monks were no longer seen gliding noiselessly about the crude monastery. Closer investigation proved the devout men had abandoned their sanctuary. Curious, the punchers dismounted to explore the place. The door swung open on creaking hinges. Inside there was nothing but darkened rooms and corridors punctuated by streaks of light. The wind whistled an eerie overture through cracks in the walls. The silence was broken only by the occasional clatter of spurs and the tapping of boot heels as the explorers came upon a door which led to a crude tellar. In the far end of the cellar hung the skeleton of the young cowboy. That was enough for the cowhands. They left the place to fall victim to the West Texas elements. Today, there is not one plank or stone remaining to tell its mute story of the monastery.

Roscoe Beer Vote Is Illegal, Edict Of District Court

Judge Mauzey Rules On The Question Monday; Former Coloradoan Plaintiff

SWEETWATER.—In a district court hearing Monday, the beer election held August 1 in Roscoe was held illegal and void by Judge A. S. Mauzey, presiding judge of the 32nd judicial district.

The contested suit, following the election, was brought by J. A. Pratt, Roscoe cafe owner. Jack Harris was his attorney.

The court held the election void for the following reasons: The petition in which the election was ordered and circulated in and called for the election in precinct No. 9 was changed after circulation, without consulting voters, to call the election in "justice" precinct No. 5.

The order of the commissioner's court ordering the election called for legalizing the sale of beer, and since the beverage had already been legal in the county since 1934, the order should have been called for prohibiting the sale.

Notices of election did not comply with the order of commissioner's court, since it was called for a different election.

Ballots actually used by voters were entirely different from forms ordered by commissioner's court or in notices of election or any other form provided by the statute.

JOE MILLS IN DALLAS

HOSPITAL NEWS

J. H. Cooper received treatment for acute appendicitis Saturday, being dismissed from the hospital after a day.

Sefton Pickens' infected thumb is improving. He has been receiving dressings each day at the hospital.

Mrs. Andrew Eaton, appendectomy patient, was dismissed Sunday and returned to her home near Colorado.

A grown son of John Shurtleff was given medical attention Sunday afternoon for a rifle shot which he received through his hand while hunting.

Herman Dawson, negro, whose foot was removed some time ago, was given a skin grafting operation Tuesday to aid in the healing of the wound.

Earl Hicks was dismissed Monday. He is recovering from knife wounds which required more than 150 stitches.

Tonsillectomies were performed Tuesday for Arlis Yater, son of Mr. and Mrs. W. H. Yater of near Colorado, and Nat Mann, son of Mrs. Charles Mann, Sr.

Mrs. G. H. Sargent, who now lives at Coahoma, was given minor surgery Tuesday and dismissed Wednesday.

Adelle Locke, young Abilene girl, was given treatment in the hospital Tuesday night for a broken arm and other injuries which she sustained when the car which she was driving struck an oil truck near Morgan creek bridge west of Colorado. Her man companion was not injured, though the car was demolished and the truck considerably damaged. Miss Locke was moved to Abilene Wednesday afternoon.

Suffering a broken nose when hit in the face with a pick handle accidently, Melino Teleburico, Mexican T. & P. employee, was admitted to the hospital for treatment Wednesday noon. He remained in the hospital for a few days.

Pat Neff's daughter, Katherine, had a boil on her hand opened Wednesday.

RANCHERS REPORT GOOD LAMB SALES RECENTLY

Ranchmen estimate 75,000 feeder lambs have been sold in the Texas range country since the buying season began, prices averaging 5 3/4 cents excepting for those of 70 pounds or over, which commanded six cents a pound. Considerable shipments originated in the southern part of the sheep country.

West of the Pecos, where showers freshened the range recently lambs are in good condition.

O. W. Adams of Fort Stockton sold 5,000 lambs of 65 pounds and over for northern delivery; Ira Carson of Ozona sold 6,000 to California buyers at 6 1/4 cents for muttons and seven cents for ewes; J. W. Owens and Sons sold 1,400 mutton lambs to Johnny Gahr of Kansas City at six cents; and Ed Lewis of San Saba bought 1,500 muttons from Victor Pierce of Ozona at six cents.

Some ranchmen are reported preparing to feed lambs. Farmers threshing sudan grass are receiving \$2.50 to \$2.75 a hundred for it, the yield being about 1,000 pounds an acre. Johnson grass is selling at 35 cents a bale, and head maize at \$17.50 to \$18 a ton.

Some contracting is reported of cottonseed cake for future delivery. Spot cake sold at \$43 recently, with futures at \$37.

The delegation members are to wear special hat bands, each community to be designated by having their bands in colors of the high school.

ALL STAR ACTS WILL BE FEATURED IN CIRCUS AT COLORADO ON SEPT. 22

Can you imagine a circus coming to Colorado, consisting of all star circus acts, with many wild and domestic animal acts and presented in conjunction with an elaborate historical spectacle, "Texas Under Six Flags," with special musical scores, scenery, costumes and an enormous cast? Such will be the case this year for Harley Sadler, well known dramatic showman, has forsaken the dramatic field, and has entered into a new circus field, to be presented on the style of "Jumbo," as given at the Fort Worth Centennial. All new equipment and animals have been bought, the best talent in the circus world engaged, and the show known as a "Showman's Dream," is a reality.

Enormous crowds have been on hand at every city and two performances are given daily, afternoon and night. Unusual attractions include a mother and baby elephant, orangutans and muskatis from South Africa, "King Kong," a giant man ape, and many other strange animals. A large crowd is expected here on Tuesday, Sept. 22 to see Harley Sadler, in person, and his new circus.

COLORADOANS VISIT HORSE SHOW, BARBECUE

Several Coloradoans were guests of C. T. McLaughlin at his Diamond M ranch southwest of Snyder Sunday, where an interesting horse show was staged. Frank Kelley of Colorado entered one of his horses in the show arena. A barbecue was served at noon. Among those attending from here were Mr. and Mrs. Kelley, Rob May, Mr. and Mrs. R. H. Cantrill, Mr. and Mrs. A. L. McSpadden, Earl Cypert and R. H. Ratliff.

Name of the respective city represented and the words, "Mid-West Texas," will be printed on this part of the regulation toppers.

Secretary Barber of Sweetwater was designated to undertake to arrange for a block of tickets for the football classic and also for Casa Manana, feature show at the Fort Worth Centennial, in that the delegations be together while attending those attractions.

Greene called attention to the fact the Fort Worth Fat Stock Show would be open at that time, giving citizens going on the special train opportunity of visiting that exposition.

Sadler Circus Will Exhibit In City On Tuesday, Sept. 22

Well Known West Texan Is Devoting Entire Attention To Big Top Attraction

Did you ever see a mother weighing 8,000 pounds and a baby weighing 250 pounds? Residents of Colorado and vicinity will have the opportunity of witnessing this unusual sight on Tuesday, Sept. 22, when "Big Vera" and "Mary," mother and baby elephants come to town with the Harley Sadler Circus. Harley Sadler this season has forsaken the dramatic tent theatre and is with his all new circus. He has assembled this season a circus of standard attractions, featuring performers from many countries. All equipment is new, and many new and novel ideas are being carried into effect. The show is presented "Jumbo" style, as given at the Ft. Worth Centennial and every act is a feature act. There are many strange specimens of the animal world carried by the circus, equine and canine stars. The quality of a Harley Sadler show is well known throughout Texas, and Harley Sadler has devoted the same care in the selection of his circus acts and programs as he did in his dramatic show. He is bringing it to Colorado Tuesday, Sept. 22 at popular prices, and a large crowd is expected to turn out to see this new type of circus. As a special feature, he is making it possible for all children to see the matinee performance at greatly reduced prices.

FUNERAL FOR SISTER OF JAMES T. JOHNSON HELD IN SWEETWATER

Funeral services for Mrs. A. A. Chapman, 66, outstanding Sweetwater woman and sister of James T. Johnson of Colorado, were held in Sweetwater Thursday morning. Mr. and Mrs. J. H. Greene attended from Colorado. The Johnsons, who are spending the summer in California, were unable to come.

Out of respect to Mrs. Chapman the Sweetwater schools were dismissed Thursday morning for her funeral. Dr. Chapman is president of the Sweetwater school board. For 30 years Mrs. Chapman had been influential in the welfare of Sweetwater and Nolan county, according to the Sweetwater Daily Reporter, which paid her high tribute in a front-page full column story. She was a leader in club, civic, and school organizations. She was the first president of the women's auxiliary of the State Medical association.

A native Texan, Mrs. Chapman was born Ollie Johnson in Palo Pinto county. She received her early education in Dallas, later attending Sam Houston college at Huntsville. She came to Sweetwater in 1906 to be head of a millinery department in one of the large stores. The same year she married Dr. Chapman. They were married here in Colorado. Survivors include Dr. Chapman and a son, Dr. John Chapman. Another son, Fred, was killed by lightning in 1922. Two brothers besides Mr. Johnson and four sisters also survive.

CLEANLINESS STRESSED AT PLAINVIEW HD CLUB

By Mrs. L. M. Jones, Reporter
"Cleanliness is the most essential thing in looking your best," said Mrs. R. L. Howell during the Plainview club meeting at the home of Mrs. L. M. Jones, September 2.

A daily bath is essential to absolute cleanliness. The care of the teeth, hair, skin, and nails must be practiced every day to make a person well groomed.

Equal parts of camphor, glycerine and lemon juice make a good hand lotion, according to Mrs. Howell, who gave recipes for several good lotions.

The next meeting will be at the home of Mrs. R. L. Howell, Sept. 16.

SCURRY COUNTY CITIZEN BURIED AT DUNN FRIDAY

Funeral rites for Mrs. R. H. Norrell, 40, of the Canyon community in Scurry county, were held Friday afternoon at the Dunn Baptist church with Rev. R. H. Montgomery and Rev. R. R. Cumbie officiating. Burial was in the Dunn cemetery. Mrs. Norrell died early Thursday morning in a Snyder hospital following birth of a daughter. Her husband and eleven children survive.

PUBLIC HEARING ON UPPER COLORADO RIVER PROJECT AT AUSTIN OCTOBER 20TH

Information Will Be Sought Looking To Building Of Big Project Between Colorado And Robert Lee

Further steps looking to development of the Upper Colorado river project between Colorado and Robert Lee were seen in report out of Austin Friday that the War Department would conduct a public hearing in that city on October 20 to gather information on flood control and water conservation along reaches of the river above the proposed dam site.

Notice of the hearing was issued by Lieut. Col. E. H. Marks of the army corps of engineers. Col. Marks recited that oral statements will be heard but for "accuracy all important facts and records should be submitted in writing in quadruplicate, as records of the hearing will be forwarded for consideration of the War department."

Strong interest in the project has been predominant here during the past several months. Water from the dam in event tentative site up the river from Robert Lee is made permanent and the project is consummated, would back up to within a few miles of Colorado. Civic leaders here concede that the improvement would be of inestimable worth to a wide section in this part of the State.

The hearing will be held pursuant to a resolution adopted August 4, 1936, by the senate committee on commerce directing the board of engineers for rivers and harbors to review reports on the Colorado river, Texas, submitted to the 71st congress, as well as previous reports, with a view to determining if improvement in the interest of commerce and flood control is advisable at the present time.

The following information is requested relative to improvements desired:

A full statement of the character, location and extent of desired improvements of the river, and the results expected therefrom.

Information showing the reasons and necessity for the improvements and their economic justification. This should include data as to existing population, agriculture, business interests, taxable values, etc., of the territory affected, and the increase or decrease to be expected as a result of the proposed improvements.

The willingness and ability of local interests to provide lands, easements and rights-of-way.

The feasibility of combining the conservation of water with proposed methods of controlling floods.

Any other information that may be considered pertinent to the examination of the river above the Runnels-Coke county line.

All interested parties, particularly those interested in flood control as well as the officials of any county, city, town or local association whose interests may be affected are invited to be at the hearing. They will, said Lieut. Col. Marks, be given an opportunity to express their views.

The chamber of commerce has not announced plans for sending representatives to the hearing.

With Revivals Off Calendar Pastors Return To Pulpits

Colorado Church Leaders To Devote Attention To Their Own People Hereafter

Colorado pastors who during the past several weeks have devoted much of their time to revival campaigns in various sections of the State are returning to devote their entire attention to the pulpits and congregations about which their endeavor is mostly concerned.

Some of the local ministers have led in unusually successful revival campaigns during the recent past. Reports received here from the meetings indicate there were scores of conversions and additions to the churches.

Among these pastors who have given of their time and effort in the special evangelistic campaigns are Rev. Cal C. Wright of First Methodist; Rev. Dick O'Brien of First Baptist, and Rev. W. M. Elliott of First Presbyterian. A number of pastors serving churches in other communities of the county have, too, led in successful revival campaigns during the recent past.

NEGRO BOXING ON CARD AT C-C LUNCHEON CLUB

That Colorado business and professional men still enjoy sport of the boxing ring was indicated by their boisterous applause Tuesday noon as two negro men and two negro boys staged matches in the club dining room. The boys first staged a pillow fight, followed by a five-round bout by the men. The final was a fast battle by the youngsters.

COUNTY SCHOOL HEAD IS BUSY AS SESSIONS OPEN

Roy Davis Coles, county school superintendent, admits that he is being kept on the jump now that time for opening terms of the several rural schools has arrived. In addition to his routine office work, Coles is cooperating with trustees and faculty members in last-minute plans for getting the county's educational machinery in good running order.

C-C LUNCHEON CLUB HAS SEVERAL NEW MEMBERS

Attendance at the chamber of commerce luncheon club programs continues to gradually increase as a result of the proposed improvements. The willingness and ability of local interests to provide lands, easements and rights-of-way.

BRECKENRIDGE CHILD IS SHOT BY INSANE UNCLE

Mildred McClure, 15, of Breckenridge, was shot three times and fatally wounded Monday night while visiting in home of relatives at Kingsport, Tenn. Boyd Conner, 26, demented uncle of the girl, walked into the yard and shot himself through the heart after firing slugs into body of his niece.

BELIEF THAT COUNTY WILL YET BE LISTED IN DROUGHT AREA IS HELD BY SPEAKER

Officials At Washington Are Still Considering Petition, Congressman Mahon States At C-C Luncheon Club

Belief that Mitchell county is to be included in the Federal drought area was expressed Tuesday noon in an address delivered at the chamber of commerce luncheon club by Congressman George Mahon. Disappointment had been expressed by officials of the chamber and other interested citizens when this county was omitted from roster of those in Texas to receive such recognition.

"I have the information that the department at Washington is still considering the application from this county for designation in the drought area," Mahon stated after referring to telegrams exchanged between him and Geo. E. Adams, of College Station, director of the State drought relief measure, and officials in Washington.

"There are many of our farmers calling at the chamber of commerce office to ask just why we have not received this consideration and our organization is most anxious to do all within our power to influence the powers that be of the merits involved," declared Secretary Jim Greene of the chamber of commerce.

Greene referred to the more liberalized labor program that would be in effect here should the drought area application be acted upon with favor. WPA and other agencies of the government, would, under conditions affecting them by law, extend a more liberal program to the people of this county, he said.

Appeal that Mitchell county be included in the drought area was telegraphed Adams on August 13 by the county farm agent, the county judge and members of county commissioners' court. That a number of farmers in the county were then facing definite reversals due to continued extreme heat and drought was cited. Conditions have become gradually worse from that time to the present.

Greene advocated that concerted attention to the request should be undertaken by the public. "The farmers of Mitchell county should be invited to contact director of this program in the National capitol or our own congressman, giving facts to sustain our appeal for assistance," he declared.

Greene explained that information bearing on crop conditions were compiled in this county between August 1 and 10, "during a time when the outlook was much more promising than it is today." It is on the basis of this information that the department at Washington is considering our application.

"One of the major factors we should consider is in fact that to be designated in the drought area would automatically give our farmers and ranchers a reduced freight rate on feed. It rains every day from now until Christmas."

IRION COUNTY SEAT WILL BE MOVED TO MERTZON

By a poll of 453 to 222 voters of Irion county Saturday determined that their county seat should be moved from Sherwood to Mertzon. The vote was nine more than the required two-thirds majority. Funds to finance construction of a \$91,000 county court house building have been provided.

SPECIAL CARS TO TEXAS CENTENNIAL SUGGESTED

Since the chamber of commerce luncheon club has found that it will be unable to sell quota of 200 tickets to guarantee operation of a special train to Centennial attractions at Ft. Worth and Dallas, John Howell, agent here for the Texas & Pacific, is suggesting that one or more special Colorado cars be operated. The fare would be the same as prices quoted for the special, he said.

EX-STUDENT SPEAKER AS SCHOOL SESSION BEGINS

Congressman George Mahon delivered principal address before students, faculty members and patrons as the Loraine school was opened Monday morning. Mr. Mahon graduated from that school, a fact that made his appearance on the program more interesting.

J. V. Glover, principal of junior high school, and W. S. Cooper were speakers on program attending opening of the Westbrook school Monday morning.

Amateur Program Attracts Hundreds Last Friday Night

Public Is Not Influenced By Threatening Clouds Giving Promise Of Rain

Although rain had fallen during the afternoon, leaving stone seats in the park amphitheatre wet, hundreds of citizens were present Friday night for another weekly amateur hour program. Clouds overcast the sky, indicating that additional moisture might fall as the out-door entertainment feature was opened.

There are to be only two more of these programs, Jim Greene, chamber of commerce secretary, announced recently. Entertainment to be given Friday night, September 18, is to be the closing chapter in a unique attraction that during the recent past has attracted thousands of people.

Hat collection was taken, Jerold Riordan, chairman of committee, with \$9.30 received. Collection of \$2.82 was given winner of the battle royal.

R. H. Barber was chairman of the judging. John Tom Merritt and T. J. Goss are technicians operating sound equipment.

Maurice Kirschbaum is custodian of the stage. Crowd estimated at thirty-five hundred people. Program received with much enthusiasm. Program for next Friday night, Sept. 11th, will be largely Big Spring talent.

The following program was given last Friday night: Band concert. Dick O'Brien introduced as master of ceremonies by J. H. Greene.

Tap dance—Jan Dorn, singing and dancing "When I Grow Up," Mrs. Martin, accompanist. Piano solo—Frances Rose Ratliff. Sax solo—Hunter Brannon, Eliza Beth Pidgeon, accompanist.

Reading—Mrs. Martin, "Orphan Annie." Rhythm dance—Devada and Bobbie Barber.

Harmonica solo—Morley Green. Vocal duet—Bo & Pete—Rogers and Powell.

String orchestra—Chas. Watson and family. Vocal solo—Leon Taylor.

COTTON CROP ESTIMATE IS SLASHED TUESDAY BY U. S. TO ELEVEN MILLION BALES

Guess Is Over Million Bales Under Figures Issued One Month Before; Futures In Favor On Exchange

The agricultural department at Washington released its monthly cotton crop estimate Tuesday in considerably lesser figures than for one month before, affording the source of some consolation to growers here and over the South, who sensed an upward trend in quotations would follow. Futures on the New York Exchange bounded up from \$1.45 to \$2.25 per bale on face of the estimate.

Based on September 1, the estimate was for 11,121,000 bales, compared with 12,481,000 indicated a month ago. 10,367,130 bales were produced from the 1935 crop. Condition of the Texas crop was given at 52 per cent of normal, one of the lowest ratings assigned in the catalogue of cotton producing states.

The census bureau simultaneously announced that ginnings from this year's crop prior to September 1 totaled 1,373,868 running bales, compared with 1,135,090 for 1935 and 1,402,835 for 1934.

The condition of the crop on September 1 was 59.1 per cent of a normal, compared with 72.3 per cent a month ago, 64.5 on September 1 last year, and 57.7, the 1923-32 September 1 average.

The indicated yield of lint is 179.2 pounds per acre, compared with 186.3 for last year, and 169.9, the 1923-32 average.

The indicated abandonment of acreage after July 1 is 2.9 per cent

Leadership In The Field Of Building Character Is Cited

Abilene Citizen Speaker At Lions Club Friday; Boys Look To Men, He Says

That there is a duty that every Lion should meet in the field of rendering accredited assistance to the boys about them in building into good citizens, was suggested during an address at the Lions Club Friday by Art Methvin of Abilene, for several years an active member of the service organization.

Boys that are making poor grades in their school work offer a splendid field for work in that direction, the speaker stated. He told of how his club at San Benito, Texas, adopted the plan of each Lion adopting a "buddy," in the person of some boy in the community. The results were most acceptable. W. A. French of Abilene, divisional superintendent for the State highway commission, and Ben J. Beskin, were other guests attending the club. French spoke briefly.

LORAIN FOOTBALL CLUB LOOKS GOOD TO SKIPPER

Fifteen youngsters were in daily training at Loraine several days before opening of school there Monday. Outlook for one of the best teams to ever wear the Loraine high school uniform is seen by Newby Pratt, new mentor. Several recruits to the club have taken up practice work-out since school started.

SPECIAL CARS TO TEXAS CENTENNIAL SUGGESTED

Since the chamber of commerce luncheon club has found that it will be unable to sell quota of 200 tickets to guarantee operation of a special train to Centennial attractions at Ft. Worth and Dallas, John Howell, agent here for the Texas & Pacific, is suggesting that one or more special Colorado cars be operated. The fare would be the same as prices quoted for the special, he said.

EX-STUDENT SPEAKER AS SCHOOL SESSION BEGINS

Congressman George Mahon delivered principal address before students, faculty members and patrons as the Loraine school was opened Monday morning. Mr. Mahon graduated from that school, a fact that made his appearance on the program more interesting.

J. V. Glover, principal of junior high school, and W. S. Cooper were speakers on program attending opening of the Westbrook school Monday morning.

College Doors Swing Open To Claim Scores Of Colorado's Younger Set

College doors in Texas and other states began swinging open this week to claim scores of Colorado's younger set.

Although she will not enroll in C. I. A., Denton, until next week, Mabel Earnest Cooper left Colorado last Saturday morning, planning to spend this week visiting the Centennial expositions in Dallas and Fort Worth and go on over to Denton Sunday or Monday. She will be a freshman. She left here with Mrs. Edith Chatfield, former Coloradoan who has been visiting on the Byron Byrne ranch since the Mitchell county home-coming in August.

Heading back toward Kemper Military College at Booneville, Missouri, where he was a student last year, Don Guitart left Monday morning. His brother, James Guitart, will leave Friday for the University of Texas, Austin. James attended the university last year. Hunt Guitart will remain here in the capacity of bookkeeper for the Guitart oil mill interests.

Maxine Dorn, who attended Texas Tech, Lubbock, last year, does not plan to re-enroll there. She has been employed in Washington, D. C., this summer, having found a job while visiting her sister, Miss Gladys Dorn. She plans to remain in Washington this autumn and will either enroll in George Washington university or in a business college in the capitol city.

The ministerial training of John Elliott will be continued in Austin college, Sherman, this year. John attended the Presbyterian school last year and left Thursday morning to re-enroll.

The apartment which Charles Edwin Root and Julia Mae Root will occupy during their senior year at the University of Texas was rented by Charles and his mother, Mrs. C. L. Root, during a trip to Dallas Friday and Saturday. This brother and sister will leave for Austin next Wednesday, ready for the University opening September 18. Charles is studying to be a doctor, following in the footsteps of his father, Dr. C. L. Root.

The Bodine children, including James and Aldred, will be back in the University of Texas this fall. They also plan to leave about Wednesday.

John Tarleton college at Stephenville always claims several young Coloradoans. This year it will re-claim Sam Venable, John Venable and Memphis Porter along with these newcomers: Louis Taylor, Frank Blasingame, J. L. Galey, Vestal Smith of near Westbrook, and perhaps Homer Bodine, who was an A. & M. student last year. All the Tarletonites will leave about Wednesday.

Instead of returning to Parks college at Parkville, Missouri, where he spent his freshman year, George Kiker will enter the University of Texas this year. His parents, Mr. and Mrs. A. D. Kiker plan to take him to Austin next Tuesday or Wednesday.

Robert Earl Wulfjen will return to Texas Tech, Lubbock, for his sophomore year. Mr. and Mrs. Sam Wulfjen, his parents, will take him to Lubbock Monday. Other Coloradoans who attended Tech last year and who will be there again this year include Brady Warren, Bill McMurry, J. B. Holt, Charles Hicks, Frances Elaine Price, Mumpsey Wallace, John Tom Merritt, and Pauline Jones.

Tom is to be employed in the tailor shop where he worked last year. He and Mumpsey and possibly others will go to Lubbock Sunday.

Pauline Jones will go to Lubbock Tuesday with her parents, Mr. and Mrs. Otto Jones of the Spade ranch, following a week-end trip to the Centennial expositions and to Denton, where her sister, Frances Jones, will enroll as a freshman in C. I. A.

In C. I. A. Frances Jones will be a piano student of Miss Leake of the C. I. A. music faculty. Frances studied piano last year in the Fort Worth Conservatory of Music and her playing has gained rather wide recognition. She was a pupil of Mrs. B. H. Meskimen here before going to Fort Worth.

Ruth Wright left Monday with her father, the Rev. Cal C. Wright to enroll as a freshman in McMurry college at Abilene. Buena Vista Wulfjen returned to McMurry Wednesday to begin her sophomore year. Vista is a member of the McMurry college mixed chorus.

Among the 1936 Colorado High graduates who plan to attend Texas Tech, Lubbock, this year are Jesse Jones, Erna Lou Merrill, and Julius Smith.

Durwood McCreight of the C. H. S. class of '34 has had his credits sent to Abilene Christian college.

Eugene Haley, son of the Rev. and Mrs. A. L. Haley, left Wednesday night to begin his sophomore year in Texas Christian university at Fort Worth.

Reynolds Brown will probably be the last of the college students to go away. He plans to leave on September 22 for the California Institute of Technology at Pasadena, California, where he was a freshman last year.

Iva D. Koen has had her credits sent in to Hardin-Simmons university, Abilene.

Ora Jane Williams plans to be a student in Mary Hardin-Baylor college at Belton.

Bruce Aycock, Jr., of the class of '35 is among those planning to enroll at A. & M.

Former A. & M. students who are expecting to return there this year are Lloyd Hughes, Warren (Red) Church, Jewel Daughtrey, Allen Bloodworth, and Murphy Byrd.

VISIT MRS. TERRELL
Mrs. Reagan Perkins of Abilene and her two sons came over from Abilene Wednesday to spend the day with her mother, Mrs. R. B. Terrell, before moving to Waco to live the latter part of this week. Mrs. Perkins brought with her two of Mrs. Terrell's cousins, Mrs. J. W. Red of Abilene and Mrs. A. C. McCall of Oklahoma City.

"The Universal Car"

ONE NAME comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service.

That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists.

Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile.

The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. It depreciates slowly because it is made to last. There is no other car like it.

Only the Ford V-8 Gives You These Fine-car Features

1. V-8 ENGINE PERFORMANCE WITH ECONOMY
2. SAFETY GLASS ALL AROUND AT NO EXTRA CHARGE
3. SUPER-SAFETY MECHANICAL BRAKES
4. CENTER-POISE RIDING COMFORT
5. WELDED STEEL BODY... STEEL STRUCTURE AS WELL AS STEEL SURFACE
6. NEW INTERIOR APPOINTMENTS

Roscoe And Ponies To Meet Friday In Headliner Classic

Interest In Contest Being Reflected At Colorado On Eve Of Pigskin Battle

The clash between Roscoe's Plowboys and the Sweetwater Mustangs on the new lighted field at Sweetwater Friday night is the headliner of the first week's West Texas high school football card.

Four other games are billed Friday, but they are overshadowed by this Nolan county rivalry of class A and B teams which waxed warm when the Plowboys pulled one of the season's big surprises by trimming the Mustangs, 6 to 0.

On Coach Dalton Hill's roster at Roscoe are nine lettermen, seven of whom were regulars on the class B regional champions. The other two saw service in practically every game.

On the other hand, Coach Ed Hennig's Sweetwater eleven will not have so many veterans on the field but the Ponies may be counted on to unleash plenty of power against the Roscoe contingent. The Mustangs finished strong last year and are rated as one of the best clubs in the Oil Belt circuit.

Boy Scout Leader Speaker At Lions Club Last Friday

Alf Stiles Urges Cooperation By Colorado Citizens In Building Boys' Program

Alfred Stiles of Sweetwater, executive secretary for the Buffalo Trail Council, Boy Scouts of America, spoke on the subject of Scoutcraft at the Lions Club Friday. He referred briefly to the recent annual encampment at Barclay and other major programs sponsored by the area organization.

Stiles stated that a training school to prepare local men for leadership in Scout work would be held at Colorado within the near future. Men interested in this program were invited to register for the training course. W. W. Porter, member of the Lions Club, is director of that phase of the district Scout program.

Colorado, Loraine and Westbrook are included in the district training objective.

Women Who Have Pains Try CARDUI Next Time!

On account of poor nourishment, many women suffer functional pains at certain times, and it is for these that Cardui is offered on the record of the safe relief it has brought and the good it has done in helping to overcome the cause of womanly discomfort. Mrs. Cole Young of Leesville, La., writes: "I was suffering with irregular... I had quite a lot of pain which made me nervous. I took Cardui and found it helped me in every way, making me regular and stopping the pain. This quieted my nerves, making my health much better." If Cardui does not benefit you, consult a physician.

QUESTIONS THAT ARE ASKED ABOUT BANKING

"Am I asking a favor when I seek a Bank loan?"

A LOAN is a business transaction. It is no more of a favor for a bank to lend you money than it is for a property-owner to rent you a house. Both make a fair profit when the business is on a sound basis.

This bank welcomes loan applications—for this is one of the ways we make money. You do not have to say "please" or "thank you" when you borrow here. Your application is judged strictly on its merits like any other business matter. If we think your loan is a proper investment for our depositors' funds we shall approve it promptly—and appreciate getting it. If your application does not meet our requirements of sound banking we shall tell you so frankly together with our reasons. This bank is actively seeking good loans.

RANDOM THOUGHTS

"Howbeit I believed not the words, until I came, and mine eyes had seen it; and, behold, the half was not told me." 1 Kings 10: 7. The Queen of Sheba referred to Solomon's magnificence and splendor. She meant that the half of these had not been told. But there was another half that was not told; and she did not see it either.

Solomon had completed the great Temple, the king's residences, great public works and many improvements about the city. He had built and manned a fleet of ships and was operating many mines. He had great stables full of fine horses. He maintained a harem of 1000 women. Gold and silver were as plentiful in Jerusalem as rocks. But to accomplish this he made slaves of his people; the taxes were unbearable. He sold certain cities with all their inhabitants to King Hiram to pay his debts. The land was filled with hunger, suffering and desperation. The Queen did not see nor hear of this half. It was not told nor shown her.

In 1842 Charles Dickens of England visited the United States, studied social conditions and gathered material for several books. While here he wrote many letters to English friends. Writing from Boston to a friend in London, he said, "There is not a man in this place, nor in the state, who has not a blazing fire and meat every day for dinner, nor would a flaming sword in the air attract more attention than a beggar in the streets." In other words Charles Dickens, one of the world's great men, says a beggar on the streets of Boston would be a wonder or a miracle. What a contrast. Now we have ten million men out of work and twenty million being cared for by governmental relief agencies.

What is the cause of this condition and who is to blame? Look in the mirror, you might see one. Bad laws have caused some of it. "Show me your laws and I will tell you the condition of your people," said one great statesman. Thomas Jefferson's ideal of government was "Equal and exact justice to all; special privileges to none." Some have had special privileges granted to them by law and some have not received equal justice.

But bad laws are not the sole cause of such change of conditions. There are improvident persons; there are the unfortunate people who, whatever they undertake, it turns out wrong. Then there is a plunging, reckless, heedless class. These live beyond their income, buy beyond their means and are never able to pay their debts. The losses on this class must be paid by others.

Who was to blame for this depression anyway? If you lived beyond your means and could not pay your debts, you are partially responsible. That was the downfall of business in 1929. Everybody and every thing got in debt until no further credit could be procured. There were no further assets and security for loans. The people could not buy from the merchant, the merchant could not buy from the wholesaler and the wholesaler could not buy from the mills, the mills could not buy from the producer. The interest on bonds, mortgages, land debts, car debts, bank debts and private debts consumed all our productions. So if you were badly in debt in 1929 you helped to bring about the depression. It wasn't solely some big, bad wolf in New York.

One of the sad features of the last several years is the loss of individual responsibility, the loss of self dependability. When Major Andre had arranged with Benedict Arnold to betray his country, he missed his ship and tried to make his way through the country in disguise. Three farmers arrested him and found the fatal papers. Andre offered his captors large sums of money to allow him to escape. They said, "We are poor men but all the wealth in England can't buy us." Now for the promise of state aid our communities abandon their school, lose community society and interest, transport their pupils to town and cultivate discontent among their local young people.

It is unpopular to talk about personal and individual responsibility. In Gal. 6:5 Paul says, "For every man shall bear his own burden." Just before that he says, "Bear ye one another's burdens." Securing the land, preparing the ground, planting the seed and its cultivation are the crop owner's burdens. That is his burden. If he and family are sick in the spring and fifteen neighbors go in with teams and plows and plant his crops for him, that is helping him bear his burdens. If done voluntary it is a beautiful thing; if compulsory it would be detestable. Voluntary co-operation is fine; compulsory co-operation is unthinkable and bad.

We have lost patience. We hurry. We can't wait. We want to compel things to happen. The government and others take for a comparative period the years from 1909 to 1914—five years. We forget that by reason of the increased use and upkeep of the automobile, radio, the show, cosmetics, the beauty parlor, tobacco, drinks and else we have doubled our living expense. And we have found no way to double our income. The states have enacted fifty thousand new laws and NRA brought forth eighteen thousand orders with the force of law. None of these appeased hunger, clothed backs nor provided shelter.

In the beginning God said to Adam, "In the sweat of thy face shalt thou eat bread." But man prefers to make laws so that water will run up hill and gravitation pull in the opposite direction. By means of destruction we hope to obtain plenty and by means of the Townsend Plan we can do away with gates and life ourselves over the fence by the boot-straps.

There is much talk about balancing the budget, national, state, county, school and city. This may be important. But the primary and necessary thing to do is to balance our individual budget. We might do something about that but nothing about the other.

We might pass a law saying, "Be ye warmed and filled." But nothing but production and improvement brings peace and plenty. This comes about by the sweat of the face, by individual effort. A prevalent idea is that if everybody had plenty, everybody would be happy. This is a false idea. Plenty does not always bring happiness.

The State Alcoholic Beverage Control Department of the State of New Jersey has prohibited the sale of liquor on credit. The head of this department has declared, "The liquor sales made on credit to those who cannot afford to pay cash cause untold hardship. Wives and families have suffered because of liquor purchased at the expense of the necessities of life. Children have had to go hungry." Just what the liquor prohibitionists have contended all the time. The antis have indignantly denied it. Chickens will come home to roost. But what difference does it make, whether you pay cash or buy on credit. It is the family money that is being spent.

What is in a name? What are you going to name your boy? There has never been but one George president of the United States. There have been five Jameses, 3 Johns, 3 Williams, 2 Thomases,

2 Andrews, 2 Franklins, 2 Henrys and one each of the following: Quincy, Martin, Zaekary, Millard, Abraham, Ulysis, Rutherford, Stephen, Grover, Theodore, Woodrow, Warren, Calvin, Herbert, Clark, Delano, Benjamin, Chester, Knox, Gamaliel, Abram, Alan, Birchard, Simpson, Howard. Now what is in a name?

Henry George said, "I am for Men." Shakespeare said, "What a piece of work is man! How noble in reason! How infinite in faculties! In form and moving how impressive and admirable! In action how like an angel! In apprehension how like a god! No wonder every woman wants one."

Few people understand the Supreme Court of the United States. This court does not decide that laws are good or bad, wise or foolish. It has no concern whether the law is good for the country or not.

The Constitution itself declares that it is the supreme law of the land. Then, if supreme, no other law can be its equal or superior. So when the court finds that any law conflicts with the provisions of the Constitution, the court is oath-bound to decide in favor of the Constitution.

This court never passes on a law except on a litigated issue. If A and B come before the court and A says I am depending on this law, B says the law is in conflict with the supreme law of the land. The court must decide that issue. They must decide it according to their best knowledge, conscience and conclusions of law and fact. They might like to decide it to please the public. Hardly a local attorney but has that issue before him. Nothing pleases a man more than to tell him that the law is like he thinks it is. But an honest lawyer can't do that. He must declare it as he finds it. So the judge. So the Supreme Court of the United States. They can't decide a case just because it will be a good thing, popular or pleasing to others. As they find, they must say.

17TH CONGRESSIONAL DISTRICT

A. V. Grant over at Longview writes and in his letter says: "Congressman Patman spent the last month making speeches in three other Congressional districts to re-elect fellow Congressmen. He visited the Third District and spoke against me for Sanders. The results were as follows: Sanders 25,449, Grant 24,107. He then visited Tom Blanton's district. Blanton received 20,000 in the first primary, Garrett 24,000 and Jaye 7,000; but after Patman's speaking tour during the second primary Blanton received only 18,000 and Garrett 33,000. In other words Garrett got all of Jay's 7,000 and 2,000 from Blanton's original vote."

"Patman then went into McFarlane's district and spoke. McFarlane is a young Congressman who has made an admirable record but after Patman's visit he was re-elected by only about 2,700 majority out of 55,000 votes. There were seventeen other Congressmen in Texas who were re-elected by landslide over many opponents. These were the districts Patman stayed out of. This will demonstrate that the voters of other districts do not appreciate interlopers meddling in their politics."

"If Patman desires to help the Democratic party this fall, he should go on an extended fishing trip up the Amazon or Yangtze Rivers or take a walk with Al Smith."

To which this columnist adds: In the 17th congressional district where Tom Blanton, a 20-year congressman, was defeated in the August run-off, Congressman Patman of Texarkana was brought over to stump the district and tell the people how to vote, all of which leads us to:

A Congressman from another district Who was soldier bonus wise Jumped into a bramble bush And scratched out both his eyes. Aesop's fable about the fly will also apply:

A fly lit on a bull's horn and said, "If I bother you I will get off." The bull answered, "Fly, where art thou?"

Rains Too Late To Aid Cotton, Dallas Paper Report Says

Production In This Section Will Be Less Than In Last Year, Figures Suggest

In spite of much premature opening of bolls, the Texas cotton crop is one of the slowest from the standpoint of picking due to general lateness of the crop and shortage of moisture in the upper two-thirds, The Dallas News summary for the week ended Friday shows. The decline of the crop since Aug. 1 is marked and only to increased acreage in several major regions can a slightly increased crop over last season be attributed. From present indications five Texas regions are expected to produce a smaller crop than last season. These are:

South Texas, 10 per cent reduction; condition 45 per cent of normal; 75 per cent gathered; insects threatening late cotton. Northwest Texas, including South Plains, 20 per cent under 1935 due to heavy shedding and drought broken too late; condition 35 per cent in easterly counties and 50 toward the western border; top crop prospect is considered negligible. West Central, 10 per cent under last year; condition 55 per cent; picking just beginning weevils, fleas and leafworms present. East Texas may be 5 per cent under 1935; condition 45 per cent; 15 per cent picked; weevils, leafworms, flea hoppers active; recent rains will help fill bolls. Southeast Texas, rains too late; 10 to 15 per cent under last year's crop; condition 40 per cent; only 15 per cent gathered; insects widely distributed. North Texas has a slight chance for

a top crop where rains fell during the week; slight increase over last year's crop; condition 50; picking under way, but slow. Northeast Texas expects 10 to 15 per cent increased crop; condition 55; 10 per cent gathered; insects. Central Texas, State's most important cotton region, may obtain 10 per cent increase over 1935; condition 50 per cent; leafworms, bollworms and weevils active; less than 15 per cent picked. In most of Oklahoma rains are too late to aid cotton, plants having shed fruit in all stages during ninety-day drought and excessive heat. Production will be greatly below 1935, with condition from 15 to 20 per cent normal in the west to 40 in the southern counties. Picking 20 per cent finished in south and starting in central and west. Insects have practically disappeared. New Mexico's cotton crop outlook ranges from 75 to 100 per cent of normal, all under irrigation. It pays to advertise.

THE COLD GERM IS WAITING FOR YOUR DEFENSE TO BE LOWERED! Don't give a "common cold" an even break! The fact that this is good advice is emphasized by the report of leading doctors who point out that fifty per cent of all disabling diseases start with a "common cold." It is well known that sudden chilling of the body after overheating will often cause sneezing, watery secretions or nasal obstruction. Of this, there can be no doubt from the experience of generations of people everywhere. Any sudden change in bodily temperature during winter months such as going from a warm room into a cold one disturbs the heat regulating apparatus of the body and lowers your defense against the insidious attack of the cold germ. If you heat only one or two rooms... if you "huddle" in these warm rooms while the rest of the house remains cold, sudden indoor temperature changes are unavoidable. It's good health insurance as well as good advice to provide adequate heat and a proper circulation of pure warm air in every room of your home during the coming winter months. LONE STAR GAS SYSTEM

TREASURY TO NOT PLACE HANDRAILS AT BUILDING

Finances to install handrails along steps leading into the postoffice lobby are to not be available, the treasury department at Washington cutlines in recent communication to Postmaster J. Y. Fraser.

The postmaster stated Tuesday at the chamber of commerce luncheon that the department had found it would be possible to make improvements only where necessary, required, due to limited appropriation of money for that purpose.

Request that the rails be placed was filed several weeks ago through the chamber of commerce.

SCHOOLS OPENED SUNDAY, SEPT. 7TH

Surpassing previous record attendance a large crowd assembled for opening of the Lorainé schools Monday morning.

Supt. Edd E. Williams was in charge. An interesting program was rendered.

Opening song, "America," led by Mrs. Hall Hooker.

Invocation was offered by Rev. Hamilton Wright.

Miss Josephine Palmer, accompanied by Miss Maxine Wright, sang special selection, "Kiss Me Again."

Following introduction of teachers by Supt. Edd E. Williams, County Superintendent Roy Davis Coles spoke interestingly on "State Program."

Congressman Geo. H. Mahon made the principal address. Humorous, characterizing high ideals, his message was most appropriate.

County Trustee J. M. Bruce and Supt. Williams followed, speaking briefly. Closing prayer was offered by Mr. Alonzo Phillips.

Patrons and visitors were invited to view the new, well equipped economic room located in the building where the school cafeteria was established last year.

Students having previously registered assembled in regular class work for the day.

Present enrollment is 325 with 126 of this number enrolled in high school. Three school buses serving five districts—Valley View, Lone Star, North Champion, Landers and Bauman will also probably serve Silver.

Two new departments have been added—typing and Home Economics. In typing 45 have signed up and in Home Economics 32.

Mr. Sniweley of Colorado is at present directing band and 6th grade work due to resignation of Paul Brannon who resigned from the position last week to accept a position in the Levelland schools.

GUEST ARTIST PRESENT CHAMBER COMMERCE LUNCHEON

Guest Artist Rev. Mr. Haley, pastor of the Colorado First Christian church was present and entertained with a number of magical trick performances at C of C meet and luncheon Thursday evening.

Dexterously demonstrating word scenes upon canvas the chalk-talk artist painted a beautiful scene upon the canvas as he sang the words "When the Sunset Turns the Ocean's Blue To Gold" with piano accompaniment by Mrs. W. R. Martin. The piece of art has since been presented to the Lorainé Commercial club.

Plates were laid for a large number of business men. Ladies were invited but not being generally understood only a few were present.

Lorainé and Colorado musicians furnished musical entertainment throughout the festive hour.

FAMILY GET-TOGETHER HELD SUNDAY

Mr. Willie Thomas, Mr. and Mrs. W. E. Inman of Lubbock, Mr. and Mrs. W. E. Herrington and children of Idalou; Mr. and Mrs. E. O. Elliott and children of San Angelo; Mrs. Royd House of Big Spring, Mr. and Mrs. W. S. Thomas and daughter, Miss Ronel of Lorainé, met in the

home of Mr. and Mrs. Floyd Thomas of the Looney district for a family get-together Sunday.

A basket dinner was served at the noon hour. While lacking in terms of a real family reunion it was an enjoyable day, for those present.

TO PREACH HERE SUNDAY

Harry S. Barnaby, Italian Baptist minister is to preach here Sunday at the 11 o'clock hour. The minister states he was born in Rome, Italy.

Converted from the Roman Catholic church he has been doing mission work in Texas for the past four years. Recommended by Baptist leaders including Dr. Truett, Dr. Craig and Rev. Dick O'Brien of Colorado and others.

Will preach on the street Saturday at 3:30 p.m.

LORAINÉ POSTOFFICE ROBBED

Discovery of safe blown in the Lorainé postoffice was made by employees when office was opened at 7:30 Friday morning. It was stated the looters got only \$40 to \$60 according to check made by Postmaster R. B. Cope.

Entrance was effected through rear door of the building. Sheriff Dick Gregory of Colorado came to investigate.

Seventy Per Cent Of Texas Land In Conserve Program

Twenty Five Million Acres Affected, Texas Extension Director States.

Seventy per cent of all crop land in Texas is accounted for in the 243,000 work sheets covering about 355,000 of the 501,000 Texas farms and ranches, H. H. Williamson, director of the Texas extension service, said in a summary of the soil conservation work of the extension service, presented at a staff meeting in College Station. These figures represent approximately 25,000,000 acres of crop land in the state.

These work sheets include a statement of previous land use on the farms and ranches they cover as well as plans for shifting land out of soil erosive crops into soil conserving crops and practices. Tabulation of the work sheet figures indicates that at least 3,800,000 acres on Texas farms and ranches are now being devoted to soil rebuilding.

This is the first time in the history of Texas, Director Williamson said, that farmers and ranchmen have made such a full analysis of the land use practices prevailing in the state. As a result many farmers and ranchmen are shifting to plans which definitely include soil building. The conservation program offers a chance to make the needed changes with aid from the government in recognition that soil loss is a national problem.

Estimates made by workers in the agricultural program indicate that terracing, contouring, strip cropping, and other such practices to prevent

soil losses will be applied to about 3,900,000 acres of Texas crop land in 1936.

Figures taken from annual reports of the service from 1916, including 1935, show a total of 9,065,257 acres of Texas land terraced or contoured, Williamson said.

In addition, 1,703,740 acres of land have lately been contoured listed in the wind erosion area of Northwest Texas. In this work the extension service had the cooperation of the soil conservation service, the Re-settlement administration, and other agencies, Williamson said.

WE'RE EXPERTS ON MOTORING SAFETY

WE HAVE THE ONLY TIRE IN THE WORLD WITH GOLDEN PLY BLOW-OUT PROTECTION

FREE Blow-Out PROTECTION

As experts on motoring safety we want to state a few simple facts every motorist should know about the tires he rides on. Remember this, the next time you are driving along at 40, 50, 60 miles an hour. The heat generated inside your tires at these speeds is terrific—causing rubber and fabric to separate. A tiny blister forms—grows bigger and BIGGER until sooner or later, BANG! It's a blow-out.

But an amazing new invention, the Life-Saver Golden Ply, resists this heat so that rubber and fabric do not separate—blister do not form—thus this unseer cause of high speed blow-outs is checked before it even gets started.

The only tire in the world that has Golden Ply blow-out protection is the Goodrich Silvertown—yet it costs no more than other standard tires. When thousands are killed or injured every year in blow-out accidents don't you want this kind of protection?

CHEAP Electricity DOES WONDERS IN THE HOME...

A FEW CENTS a day is all it costs to make full use of your electric service... for kitchen tasks, for cleaning, ironing, refrigeration, lighting, and the dozens of other uses of electricity in the home.

Analyze your household tasks today and see if there isn't something more that electricity can do in your home to lighten work or save time or money. You'll be amazed how little it costs for cheap electricity to use more often the appliances you have, or to add new appliances you need.

PICKED UP ALONG THE NEWS PATH

A "green paradise" was what this part of Texas looked like to Mr. and Mrs. Joseph M. Perkins of Eastland, who were guests in the home of Mr. and Mrs. H. B. Broadus for a few hours Friday. They were returning from a vacation trip to Massachusetts, and they had come through the drought-stricken corn states on their way home... Not a blade of grass, not a leaf on any tree, they said... Just dust and bare trees and tree skeletons... Drought here have never been quite that bad...

Maybe we have an over-supply of civic pride or something, but it seems to us that there are few, if any, towns between here and Dallas—yes, we've been to the Centennial—that can compare with Colorado in appearance, especially at night... We have the advantage of having the highway running through our main business street, and that street is straight, wide and above all things, well-lighted... The hills to the east and the west give approaching tourists the best possible view of the lighted street...

We thought maybe we could write these squibs without dragging in our visit to the Centennial exhibitions, but we give up... Dallas rather stupefied us—there's simply too much beauty and knowledge and spaciousness there for our feeble mind to grasp in two days' time...

Before we went a man who had been there advised us to work in at least a few minutes of just sitting on the benches around the esplanade of state and watching the ever-changing colored lights around the stately buildings and on the spraying water... We did that, and those few minutes will always be the highlight of our Centennial visit...

Not possessing a very scholarly or

historical mind and being rather light-crazy, we got a greater thrill out of seeing the Centennial grounds from the balconies of the just-opened Hall of State building than from seeing all the really important and interesting documents, letters, and articles that are displayed in the huge glass cases throughout the hall.

Just a word about the way we enjoyed Fort Worth's Casa Manana and we'll get off the Centennial—on second thought, one word would never be the beginning of enough to tell how we enjoyed that show, so we might as well get off right here... Anyway, Casa Manana left us more thrilled and wonderstruck than anything has in a long, long time...

Not many people have ever made better time between here and Snyder than Mrs. R. H. Barber and Bobbie Barber made the other day to deliver DeVada Barber's forgotten—and very necessary—dancing pants in time for her appearance in a skating tap dance on the Snyder Lions club program... Breathing a hope that the Barbers won't quite murder us for passing this on, we'll give the story of that wild ride: Mrs. Barber discovered soon after DeVada started for Snyder with J. H. Greene and Mrs. W. R. Martin, her teacher, that she had somehow left her brief dancing pants behind... Since DeVada's skirt was short and full and since the dance called for a whirl—well, it's easy to see that DeVada's mamma was in a stew... In the meantime, DeVada and Mrs. Martin had also discovered that the pants were missing... After a few moments of dismay Mrs. Martin put her wits to work, and, with only minutes to spare, ran from one store to another until she found a pair of shorts that could serve the purpose... But Mrs. Barber—and the pants—arrived just before DeVada's appearance and saved the day...

THEATRE NEWS

BY SHERMAN HART, Asst. Mgr. "CASE AGAINST MRS. AMES"
Thursday—September 10th
Madeleine Carroll and George Brent have a tailor-made vehicle and they fit capitally. Hope Ames is acquitted of the mysterious murder of her husband. The prosecutor, Matt Logan, denounces her as a murderer, freed through sentiment, and flays the jury. He is jailed for contempt. Seeking to clear her name and regain custody of her son, she pays his fine and employs him to re-investigate the crime, even though he still thinks her guilty. Falling in love with Hope, Matt uncovers new evidence. Directed by William A. Seiter.

"SUTTER'S GOLD"
Palace—Friday and Saturday
September 11 and 12
Masterfully directed, lavishly mounted and brilliantly acted, this tells the life story of John Sutter on whose vast lands gold was first discovered in California. Not too correct, historically, it still presents a gripping cross-section of the lives of the hardy pioneers of '49. Sutter, a fugitive from his native Switzerland, after many adventures, wins a tremendous land grant and builds there on an almost feudal empire. His dreams of becoming the richest and most powerful man in the world are shattered when gold is discovered and he dies a penniless and broken man. Players are Edward Arnold, Lee Tracy, Binnie Barnes, Montague Love, John Miljan.

"THESE THREE"
Palace—Saturday Midnite, Sept. 12
Sunday Only, September 13
The play has lost nothing in its transition to the screen, being enhanced by the substitution of the love of the young doctor for the two school teachers for objectionable situations in the original play. Much credit is due the producer for bringing such a vehicle to the screen in acceptable form for family patronage without losing its preachment against gossip and its dramatic power. Direction of William Wyler is top notch. Players are Miriam Hopkins, Merle Oberon, Joe McCrea, Catherine Ducey, Alma Kruger, Bonita Granville, Marcia Mae Jones.

"IT'S LOVE AGAIN"
Palace—Monday, Sept. 14th
Jessie Matthews, captivating English dancing and singing comedienne, again proves herself one of the brightest stars in the musical comedy field and her popularity in America now seems assured. Her leading man, Robert Young, who was imported from Hollywood, is somewhat strange to the frivolous surroundings. The script concerns an attractive, but unknown dancer's efforts to crash the show business. The girl even goes to the extreme length of impersonating a fictitious society huntress whose origin was in the fertile brain of a young columnist. This leads to various amusing complications. Players are Jesse Matthews, Robert Young, Sonnie Hale, Ernest Milton.

"ABSOLUTE QUIET"
Palace—Tuesday and Wednesday
G. A. Axton, a powerful financier, tries to control the destinies of those surrounding him, from the governor to a pair of romantic and ambitious

screen players. His doctor orders him to his isolated ranch for a rest and he takes his secretary, with whom he is secretly in love, with him, sending her husband on a wild goose chase air trip. The framed trust is interrupted by two escaped murderers Jack and Judy—and when a transport plane is wrecked on the estate, precipitating all of the characters into the action. The movie actor kills the gunman and his moll—and the financier drops dead. Players are Lionel Atwill, Irene Hervey, Raymond Walburn, Stuart Erwin.

"NAVY BORN"
Ritz—Tuesday and Wednesday
September 15 and 16
The humor, which builds around the efforts of three Navy fliers to play nurse maid to the baby son of their dead buddy, reaches a culmination in the scene which shows them trying to fit new "sails" on the kid. The highhat aunt of the baby comes to claim legal guardianship, but the three, acting on the last wishes of the dead father, hide the baby. When the aunt, Claire Dodd, attempts to vamp the kid away from William Gargan, she falls because she falls for him. Players are William Gargan, Claire Dodd, Douglas Fowley, George Irving, Dorothy Tree, William Newell, Addison Randall.

COLORADOANS LEAVING FOR TEACHING PLACES

A number of Coloradoans who hold teaching positions in schools over the state have been leaving for those places this week or will be leaving in the next few days. Miss LaVada Baze left Friday morning to begin her duties as teacher of speech and English in the Ralls High school. She was graduated from Texas Tech, Lubbock, last year. Miss Laura Louise Pearson left Tuesday morning for Crane, where she is high school librarian. She taught at Crane last year. Planning to stop over in Ft. Worth and Waco, Miss Shell Merrill left Wednesday for San Antonio to be ready to resume her teaching duties with the opening of the San Antonio schools Monday. Another Coloradoan who teaches in San Antonio, Miss Barbara Way, left Thursday morning for that place. Miss Way is stopping for brief visits in San Angelo and Sonora. Miss Grace Mann, who has taught in Big Spring schools for several years, left Tuesday morning to begin her work. Don Taylor is to teach mathematics in the Post High school and is also to direct the Post High school band. He spent this week in Post making arrangements for his work and is returning home briefly this week-end for a visit with his mother, Mrs. Mayme Taylor, before real school work begins. Taylor was graduated from Hardin-Simmons university last year. Miss Mary Belle Brennan left Sunday to begin her teaching duties at Chalk. She has taught at Intan the past two years. A. L. Whites Leave Mr. and Mrs. A. L. White left Thursday morning on a 10-day vacation trip to Dallas, Fort Worth, and Stephenville. They will spend some time at both Centennial exhibitions. Mr. White's relatives live in Stephenville.
