COMPETITORS IN BUSINESS SHOULD STAND AS UNIT TO PROGRESS C-C OBJECTIVES

Civic Organizations Entitled To Support Of Public, Aver Speakers Addressing Club Meeting Tuesday Noon

The competitor in business should unite with his rival in the commercial realm to bring into realization the objectives to which the chamber of commerce and other civic organizations are striving, W. T. Strange, manager of the Big Spring chamber, declared during an address at the local organization luncheon club meeting Tuesday noon.

Commercial organizations such as are being supported in Colorado, Big Spring and Sweetwater are fixed institutions in the life of those communities and should not have to be boosted from within or without, declared Judge A. S. Mauzey, judge of the 32nd judicial district, another guest speaker to be heard.

Each of the speakers depicted a progressive community—one that would forge ahead of their neighbors—only so far as the ambition to progress is reflected through a united and aggressive citizenship. That the chamber of commerce makes mistakes was accepted. "But there are no civic organizations nor individuals entitled to the distinction they do not at one time of another lend support to an objective that ought to be rejected," the district judge said.

Judge Maury, H. L. McLarty, of the Arnett-McLarty Motor Company, and Floyd Quinney of the Mills Chevrolet Company, were elected as new members of the club. G. V. Harrison, pharmacist at the John L. Doss drug store, elected to the organization a few weeks ago, was formally presented the membership.

Included on the entertainment program were two solos by Dr. C. L. Root with Mrs. Ray Womack playing the accompaniment. He sang "Now, Ain't It a Shame," and "There Must Be a Little Cupid in the Deep." The latter number was dedicated to Chas. C. Thompson, president of the chamber of commerce.

R. F. Fee presided as master of ceremonies. Frank Ramsdell, chairman of the November entertainment committee, presented the speakers and other guest artists.

Campaign To Enlist Mitchell County Citizens On Roster Of Organization Continues Chairman Barber States

B. Barber and Jim Greene, chairman of the county chapter, reported that the quota of 500 had been oversubscribed.

In joint statement issued a month ago, Barber and Greene promised that the quota would be reached within three hours and are expressing elation in realization of that goal. The drive was to be continued, giving additional citizens of this and other communities opportunity to have part in a small way in furthering the work of the greatest benevolent organization in existence.

CLEANER

THE BEST COAL IS THE CHEAPEST—IT LASTS LONGER—IS CLEANER—FREE OF SLACK, DIRT AND CLINKERS.

IF YOU ARE A COAL USER

Buy the Best

Because price per ton is not the main idea in buying coal. You can buy cheap coal, but that's exactly what you get. There's just as much difference in coal as there is in gold and sawdust. Good coal will last twice as long and give you real satisfaction while you burn it. We recommend the genuine Cannel Lump and New Mexico Egg Coal to you. Try the best and be convinced. If you want cheap coal, we have it at \$9 per ton—but buy the best and save.

PICKED UP ALONG THE NEWS PATH

A bit of real-life drama took place in Colorado last week while the T. J. Tidwell shows were in town. The story of what happened reads like the beginning of a novel. Or would it if it could be written in full.

One day while the show was here two girl hitchhikers went to the show grounds and stationed themselves. With them was a baby girl, five months old. Neither ragged clothes nor dirt could conceal the fact that she was beautiful, healthy and cheerful. One of the girls was her mother and she had been carrying the baby with her along the highways since leaving her husband some time ago.

The girls were told to leave the show grounds. But before they went Mrs. T. J. Tidwell wife of the show owner, noticed the baby girl, and it must have been a case of "love at first sight". She saw the mother take up the remains of a cast-away bottle of milk to give to the baby and immediately sent a show employee to ask her if she would give the baby up. The mother said "yes".

So Mrs. Tidwell took the baby, cleaned her up, and bought cunning new clothes for her in Colorado and in Sweetwater. She showed the baby to her mother in her new clothes to give her one last chance to change her mind before signing away her rights. But the mother only said "Ain't she purty?" and signed the adoption papers. Then she and her companion went on down the highway.

Remembering that her mother always said that names with initials spelling another name were lucky, Mrs. Tidwell named her new daughter Patsy Ann Tidwell—making her "Pat" any way you take it. She told friends here that she is eager to take young Patsy Ann with her on a visit to her people in Alabama in the near future. They say that the baby's beauty and cuteness quickly won Mr. Tidwell over from his earlier reluctance in adopting a baby just at this time.

Much honking of cars and almost a traffic jam in front of the post-office Monday afternoon and all because a tiny black kitten of the alley variety couldn't make up its bewildered little mind which side of the street it wanted.

Carnival glimpses: Little Dave Bridgford, red swattered and red-wetted, refusing to get off the cars without another ride. Charles Gary and James Holliday Grantland taking things in with him. D. H. Snyder the Third and Frankie eating snowcones—and giving grownups the shivers thereby. Mary Jan Geer wide-eyed on the merry-go-round. Lee Ann Dorn asleep on the merry-go-round. Lila Manning, Betty Whipkey, and Joan Mills a tireless trio not missing anything. Young Hubert Smith Rathiff leading his dad, Harry, and his uncle, Ed Majors, around. Billie Margaret Gregory winning at Bingo. Jake Merritt watching his daughter Dana on the merry-go-round. The B. J. Baskins and the R. J. Wallace having a right good time even with no youngsters for an excuse. Mayor and Mrs. J. A. Sadler strolling about. The Oscar Majors family—Mr. and Mrs. Oscar and Mr. and Mrs. Marvin.

She's rather youngish to be getting boxes of candy and "mash" of notes from gentlemen, but that sort of thing has started for Vivian Giddens, nevertheless. It happened after her singing and dancing number on the KRBC program in Abilene Friday. Accompanied by her mother, Mrs. M. A. Giddens, and her teacher, Mrs. W. R. Martin, 6-year-old Vivian had just stepped from the elevator when a bellboy handed her the package. With it was a note, "To the Sweetest little singer and tap dancer". The signer was Bernard Hanks, who owns most of the Abilene Reporter-News and has an interest in several other West Texas newspapers.

Showers Here And In Abilene Honor The Former Lillian Bean And Her Husband

Two affairs in the past week have honored the former Miss Lillian Bean of Colorado, now Mrs. Charles McMullen of Abilene, and her husband. One affair was held in Colorado, the other in Abilene.

The first was held here last Thursday afternoon at the home of Mrs. Hope Herrington with Mrs. Herrington and Miss Mary Venable as hostesses.

The home was decorated with pink and cream roses. Pink roses formed the centerpiece for the lace-covered dining table. Tall green candles burned in silver holders on either side of them.

In the receiving line were Mrs. Hope Herrington, Mrs. R. U. Bean, the honoree, and Mrs. S. R. Venable. Mrs. McMullen wore a brown crepe tunic dress with brown satin trim and a corsage of cream roses. Guests registered in a pink satin and gold lace bride's book presided over by the bride's sister, Miss Mary Virginia Bean.

"All For You" was sung by Miss Wilma Barnett. Miss Mary Broadhead read Ella Wheeler Wilcox's "My Love Ship." The gifts were introduced when little Clara Ann Taylor, dressed in a baker's costume, ran into the room and asked the honoree to go with her to buy a loaf of bread. They went together into the candle-lit dining room, where Miss Cleo Shepherd toasted the bride and Mrs. L. J. Taylor the girls left behind before the gifts were opened.

Refreshments were hot chocolate with whipped cream and ice box cookies. Baker dolls holding bags of rice and scrolls on which were written the words, "Lillian and Charles N. McMullen, October 17, 1936," were favors to each of the 85 guests.

Both Mr. and Mrs. McMullen were honored at the second of the affairs, held at the home of Mr. and Mrs. Paul Kuykendall in Abilene Saturday evening. This shower was a surprise to the honored couple, who had been invited to the Kuykendall home to help the host and hostess celebrate a wedding anniversary.

Refreshments of sandwiches, fritos, olives, and coffee were served to ten couples on this occasion.

MITCHELL VETERANS OPEN DRIVE TO ENLIST MEN ON AMERICAN LEGION ROSTER

Business interests here and other parts of county aid Post Officials in Observing Armistice Day

Annual drive to re-enlist veterans of Mitchell county on membership roster of Oran C. Hooker Post, American Legion, was opened Wednesday evening during gathering of these men and members of their families at the Legion building. Post Adjutant Clarence Cook stated Thursday morning that 35 men were issued membership cards during the meeting.

Business interests at Colorado and other communities of the county united with veterans in fitting commemorating Armistice Day, through suspension of business during the day. There was no scheduled program here other than the meeting Wednesday night.

Every ex-service man in the county will be given urge to join the American Legion, E. R. Bibby, post commander, stated. Bibby and other post officials are pointing to the long record of service rendered veterans locally and internationally through facilities of the organization.

Some 200 people, representing Colorado, Loraine, Westbrook and other communities, were present for the Wednesday night program. A bean feed was enjoyed at 8 o'clock and later during the evening songs reminiscent of war days were indulged.

"Fact that the American Legion is today stronger, in point of active membership and influence in local, State and National affairs, should prompt every veteran to accept with pride his affiliation with this patriotic union," the post commander declared. "And in this reference we would not discount the importance that Legionnaires everywhere attach to the feature of fellowship, the active support of American ideals and the preservation of traditions demanding peace in the world," he said.

'Why Will One Kill A Dog,' Is Subject Of Editor's Essay

W. F. Kellis Contributes
Interesting Paper On This
Subject

By W. F. Kellis, Sterling City, Texas
So you are the town dog poisoner,
are you? You are the dirty, cowardly
rat who, like a hideous grave robber
prowls at night, when good men
sleep, and feeds lethal food to the
canine pets of the town, the precious
pets of our babies, are you?

Yes, yes, I know that dogs some-
times bite people and kill sheep, but
is it not true that men do likewise?
Is it not true that men, and some-
times women, murder innocent babies
and the helpless aged as you do inno-
cent and harmless dogs? Yet, for
these unspeakable crimes do we seek
to destroy the whole human race?
Do we go about at night and lure
them to their death with morsels of
tempting food, just because some
hellion has committed a crime? On
the contrary, we seek out the offend-
er and kill him as we do the dog that
kills our sheep.

So you are the town dog poisoner,
are you? Your mission is to inflict
untold and prolonged agony upon
God's creatures and man's best
friends until merciful death relieves
them of their sufferings, are you?
Your mission is to bring tears to the
cheeks of little children and lasting
sorrow in their hearts because their
beloved companions, their daily play-
mates and faithful friends had to die
to appease the malice of your hellish
heart, are you?

So you are the man who brings
righteous wrath to the householder
because you, while he slept, fed his
faithful dog a lethal tid-bit that you
might the more easily plunder his
house and steal his substance, are
you? You feared the bark of his
faithful dog, so you gave him poison
that you might rob and steal with
impunity, didn't you? If you had
any other motive, it was even
dirtier.

The word that would fit your call-
ing it not in the vocabulary. It can-
not be found this side of hell. I
would call you the name that men
resent with a blow, but I would not
insult the dignity of the canine race
by saying that one of them was your
maternal ancestor. They are dumb
brutes it is true, but not one of them
was ever guilty of strewing deadly
poison to the hungry innocent. Not
one of the race has ever reached the
depths of hellish cruelty and deprav-
ity that you have reached. No, no,
far be it from me to honor you by
saying that your maternal ancestor
was a dog of the female sex. A dog
is one of man's best friends, and I
will not insult this faithful friend by
insinuating that you are one of his
relatives.

O, for a word, an appellation, or a
group of words that might serve as a
vehicle to convey the contempt I bear
you. You are hell's high priest, who's
missions is to spread the gospel of
malice and hate. Who's path is
strewn with death and the wails of
little children for their poor, innocent
dead pets. Only for your cowardly
soul, you would slit the white throats
of new born babies. You are a vice-
regent of hell!

O, you polecat, you coyote, you
snake! You dirty, cowardly, puking,
pusillanimous buzzard— If it were
not that you are a bag of slimy filth,
god's, how it would thrill me to wring
your infernal neck. You dirty, town
dog poisoner!

THIS FARMER'S LAND IS AT BOTTOM OF BIG LAKE

BIG SPRING.—Glenn Brunson,
whose farm is 15 miles south of
Stanton and in Glasscock county is
now part of a bed for a natural lake
eight miles long and more than a
mile wide, has a double worry.

He can't get one of two tractors
left 15 feet under water out of the
lake and doesn't know what will
happen to his cotton base for pur-
poses of government benefit pay-
ments.

The county agent's office Saturday
learned of the farm's inundation
when Brunson called to find what
was the status of his cotton base now
that the lake was all over his place.

He said that he had succeeded in
floating one tractor out of the basin
of the lake but that he could not
move the second because no diver
had been able to stay at the bottom
of the lake long enough to attach a
cable.

Brunson has lived in the area for
about 40 years but never saw that
much water. The lake was filled by
heavy September rains which fea-
tured a 14-inch fall in one night.

By SHERMAN HART, Asst. Mgr. "HIS BROTHER'S WIFE" Palace—Friday and Saturday November 13 and 14

Barbara Stanwyck, Robert Taylor and Jean Hersholt all score solidly. Chris Claybourne, scientist, meets Rita Wilson, and abandons his plan to go to South America in search of a cure for spotted fever. His brother Tom, offers to pay a large gambling debt for Chris if he will go. Coming back for a rest, Chris finds that Rita has married Tom and then left him. Chris takes Rita back with him to give Tom grounds for divorce. Discovering the causes of the disease, Chris plans to try the serum on himself. Rita hears of the plan, infects herself, and Chris saves her.

"DON'T TURN 'EM LOOSE" Palace—Saturday Midnite Only November 14

As stark and tragic a drama as has ever been filmed in Hollywood. The story builds without wavering to a climax that is terrific. It blasts with stunning force at our much criticised system of paroles and leaves no doubt as to the punch that can be attained with proper directing and acting. Lewis Stone shades his portrayal with mastery, and Bruce Cabot, as Stone's son, splits honors with James Gleason, for fine support. Story tells of a father, member of a parole board, who discovers that his son, thought to be a respectable member of society, is really a killer. To protect his family from the disgrace of threatened exposure, Stone paroles his son, only to kill him later, to protect the life of an officer.

"BORDER PATROLMAN" Palace—Tuesday and Wednesday November 17 and 18

O'Brien plays the part of a border patrolman forced to resign from the service because of false accusations made against him by the spoiled young granddaughter of a millionaire. To repay him for losing his job, the grandfather hires O'Brien to curb the reckless activities of the girl. She has become involved with the leader of a gang of international jewel thieves. O'Brien, knowing that she is innocent of the part she is to play in the plot, follows her across the border and succeeds in capturing the smugglers and winning the girl. Players are George O'Brien, Polly Ann Young, William P. Carlton, Roy Mason, Mary Donan, Al Hill.

"KING OF THE PECOS" Ritz—Friday and Saturday November 13 and 14

This gives John Wayne opportunity for a red-blooded role and shows the entire cast to good advantage. Story depicts the nefarious operations of a band of hi-jackers in early Texas cattle history who have murdered the parents of the hero to get possession of their land. The lad grows up to become a lawyer who champions the cause of other ranch owners who have been victimized by the same gang and, in a bang-up climax, he settles his personal debt with the leader.

"HEARTS IN BONDAGE" Ritz—Sunday and Monday November 15 and 16

The story, based on the famous naval combat of the Merrimac and the Monitor in the war between the states, is both plausible and authentic in detail. Bill Reynolds, officer in the Union Navy, is dishonorably discharged for disobeying orders of a superior officer. John Ericsson, a marine inventor, hires him as an assistant. Reynolds' fiancée lives in Virginia, and the male members of her family help rebuild the warship Merrimac in order that it may strengthen the meager Confederate Navy. When the government decides to buy Ericsson's plans for a new type of battleship, Reynolds is reinstated in the navy. Players are James Dunn, M. C. Clarke, David Manners, Fritz Leiber, Irving Pichel, George Irving, Charlotte Henry, Henry B. Walthall.

"PAROLE" Ritz—Tuesday and Wednesday November 17 and 18

Russ Whalen, who is in prison for his part in an auto accident, is paroled along with Okay Smith, a dangerous criminal. On the outside,

'Can A Christian Fight In Carnal War? Is Subject

Church Of Christ Minister To Speak On That Subject Sunday Evening

Sunday evening at 7 o'clock Harvey Childress, minister of the Church of Christ, will discuss the problem, "Can a Christian Engage in Carnal Warfare." This topic is brought before the minds of the people at this time due to the world turmoil, and the probable eminence of another catastrophe. In reference to the subject, Minister Childress said:

"Before the heat of conflict comes we should be prepared in convictions just what action we should take as Christian people, therefore it is necessary to study the subject intently before we are emotionally pressed into service.

"Such questions as the following, will be answered by the Bible: What is the origin and trend of civil governments? What was Christ's attitude and relation to civil government under which he lived? What is the purpose of the kingdom of heaven? Can a Christian engage in carnal warfare? Am I a traitor to my government if I refuse to fight? Can a Christian help his government in time of war, and still not slay his fellow man? A pressing invitation is given to everyone, especially those who have fought in carnal wars, to hear this discussion."

New Ford Cars To Be On Display At Local Distributor

Machines Said To Be Finest Ever Built By Ford, To Be Seen Here Saturday

DEARBORN, Mich.—A new Ford V-8 for 1937, presenting definite advances in modern streamlined styling, and powered either with the 85 horsepower V-8 engine now in use in more than 3,000,000 motor cars, or a brand new 60 horsepower V-8 "economy" engine, which is a smaller counterpart of its elder brother, is announced by the Ford Motor Company.

The new cars will go on display Saturday, November 14, at Ford dealer showrooms throughout the United States. They were shown at Dearborn for the first time last Friday at a meeting of more than 7,000 Ford dealers, the first general rally of Ford dealers from all parts of the United States ever held with Henry Ford, founder, and Edsel Ford, president of the Ford Motor Company.

Disclosure of the new lighter "economy" 60 horsepower engine as an optional power plant for the new Ford V-8 for 1937 will set at rest definitely rumors of a new "baby" Ford which have been circulated in the automobile industry for the past several years.

The new cars present many outstanding features, principal among which are:

Two engine sizes, a brand-new 60 horsepower V-8 which makes its first bow in the American motor car market, and the famous 85 horsepower V-8, with a number of important refinements. Either is available in the single chassis.

New cable-and-conduit control "soft easy action" brakes, with the "safety of steel from pedal to wheel."

New body lines in which the "tear drop" form has been used wherever practicable.

A deluxe five-passenger club coupe is the newest of the eleven body types available, five either with or without deluxe equipment and with either engine size, six with deluxe equipment and the 85 horsepower V-8 engine only. All body types have clear-vision ventilation system.

All-steel body, including new all-steel top, as well as steel structure, steel panels and all-steel floor.

With morning . . . came the repair crews

An early snow, drifting down from leaden December skies, froze to telephone poles and lines. Hard on its heels came the wind. Ice-laden wires snapped and poles splintered before the blast.

Night found scores of towns throughout the storm region handicapped by crippled telephone service.

But with the morning came the repair crews. Hastily gathered from regions untouched by the storm, they poured into the stricken area with trucks, tools and materials. Day and night they rushed the work of reconstruction.

One advantage of the Bell System's far-flung organization is this: When disaster flattens the telephone system, men and money and materials are instantly available for the prompt repair of the damage.

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered **Black-Draught's** Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theodore's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

SUPERVISOR VISITS SCHOOL

Miss Irene Prewit, visiting writing supervisor for the W. S. Benson and Company, visited here last Friday. She has charge of the award department to which the Graves papers are sent. She is one of the sponsors of the hand writing exhibit which was sent last Saturday to be used at the Texas State Teachers Association.

CENTENNIAL VISITORS

Several Junior High pupils went to the Texas Centennial this week-end on the special train for West Texas school children. This group left Colorado last Thursday morning and returned Saturday night. Agnes Thompson, Darrell Shurtleff, Imogene Rogers, Wayland Caffey, Lee Dane Jones, and Rex Beights, were among the visitors.

CHIEF LIGHTNING AND BILLY LEWIS

A Wisconsin Winnebago Indian Chief gave Junior High a thrilling exhibit of archery Wednesday afternoon at the assembly period. First, Chief Lightning gave a short talk about Iadian life. He explained the making of arrows and different types of bows. Then he did some shooting with the bow and arrow. One of the most exciting things that he did was to shoot a balloon from Billy Lewis' mouth. After Chief Lightning's act, Billy Lewis gave some fancy rope tricks. He twirled three ropes at one time, jumped one and twirled another.

Both Chief Lightning and Billy Lewis gave Junior High information that could not have been taken from books. We enjoyed the program very much.

7C ASSEMBLY PROGRAM

The 7C pupils gave a short musical program on Friday. First, several pupils dramatized songs: Willie Mae Dittfurth—"The Beautiful Lady in Blue," Mary Jane Kinard—"The Lady in Red," Joyce Levens—"Rain," Nat Mann and Irv Lynn Belton—"Home on the Range," Edna Davidson—"Fare Thee Well, Annabell," and Catherine Ann Wall—"Dark Eyes."

Tommy Ratliff gave a Russian dance. Then Mary Price played "The Gypsy Rondo" by Haydn. Joyce Levens sang "When Did You Leave Heaven."

ARMISTICE POSTERS

The Women's Auxiliary of the American Legion is giving three prize for the best Armistice posters. The first prize will be one dollar, the second will be seventy-five cents, and the third will be fifty cents. Only pupils in the sixth, seventh, and eighth grades will be permitted to enter this contest.

Considerable interest has been aroused among the Junior High pupils, especially in 7B. Much red, white, and blue poster paint has been in evidence during the past week. Look for these posters in the store windows and see if you can pick the winner. The posters will remind you to buy a poppy.

Chevrolets To Be Offered At Little Changes In Prices

Features Of Car, However, Greatly Improved, States Corporation President

NEW YORK.—Prices for the new Chevrolet passenger cars for 1937 were announced here recently by W. E. Holler, vice president and general sales manager, upon his arrival for the National Automobile Show.

For 1937 Chevrolet has a completely new line of cars, incorporating one wheelbase and with identical the same appearance. Heretofore, there have been two distinctly different lines of cars with two lengths of wheelbase and quite a wide variance of specifications.

Prices of the Master Deluxe Chevrolet now cover features formerly offered as optional at extra cost, including knee-action, safety plate glass all around, fenders in color matching the body, and larger tires. The individual model prices are as follows:

Coach, \$595; sedan, \$660; town sedan, with trunk, \$620; sport sedan, with trunk, \$685; business coupe, \$585; sport coupe, with rumble seat, \$615.

The list prices of the Master Chevrolet, which also include the added equipment except knee-action, are uniformly \$60 under the Master Deluxe prices.

Body models in the Master Deluxe and Master lines are the same except that the Master cabriolet with rumble seat takes the place of a sport coupe in the Deluxe line. The Master wheelbase is 3 1/4 inches longer than that of the 1936 models and this model also includes as standard equipment synco-mesh transmission, larger tires, safety plate glass and fenders in color to match the body.

Both models are completely new in engine, chassis and bodies, and are identical in design with the exception of knee-action and special features of equipment and interior trim supplied only in the Deluxe models.

everyone seems to welcome it . . . Did Chief Lightning and Billy Lewis enjoy autographing so many memory books? They did not have much choice about the matter . . . 7A wonders how it feels, to wear a golden crown for about ten minutes. This might not be such an honor as some may think . . . One of the Junior High teachers has received many requests to give instructions in horseback riding. This was due to her exhibition ride last week . . . 7B posters are very good. That class probably has several of our future famous artists. . . Who took care of the dolls that were used in the 7C program? Everyone wanted to give that job to some one else. Dolls are a worry—at school . . . Elephants and donkeys were used on a number of covers of Social Science notebooks about Political Parties and Elections. Johnnie Grubbs had a very good cover for his notebook.

We regret that we failed to include the 6B honor roll in our report last week.

"How can this bank improve its service to you and the community?"

We would like your answer to this question for it will help us to render still better service to you and to the community. Our success, as you no doubt realize, depends, to a large extent, upon the satisfactory manner in which we serve our customers.

ARMISTICE DAY

Another Armistice Day has come and gone. The thousands of little white crosses on the poppy clad hills of Flanders and elsewhere are impressive evidence of man's tragic failure to confine his efforts to things that are constructive by which alone he can approach even in remotest degree, the idea or the perfect.

With each recurring Armistice Day we are reminded not only of the close of the world's greatest military contest, but there is impressed upon those who are thoughtful the futility of trying to achieve results by means which produce the opposite of what is desired. Regardless of what some with severely materialistic views may say to the contrary, permanent Peace can never be achieved through War, continuous or spasmodic.

Such a method is contrary to all human experience. It slaps Science in the face and rejects the dictates of Reason. War can no more be done away with by War than fire can be extinguished by more fire. Man may destroy his own life, but the elements do not destroy either themselves or that which they produce. Permanent Peace cannot be achieved by War, its opposite, because war creates war. He who taught the plan and means by which there could be "peace on earth and good will to men" asked, "Do men gather grapes of thorns or figs of thistles?"

It is not the purpose here to recite the terrible consequences of war or dwell on its attendant horrors. All know the mental suffering and distress, as well as physical wounds and the torture endured because of them. They know the destruction that is always the result of mad contests in which men try to kill one another.

The Unknown Soldier, that impressive representative of thousands of others who marched into the vortex of death-streams in the form of bullets; or walked into certain destruction in the effort to destroy a machine gun nest; or braved the giant projectiles as they came from camouflaged cannon, never to rejoin the ranks of his comrades who might survive the premeditated slaughter—this Unknown Soldier in his death is not only a representative of his fellow-heroes, but is perhaps the most challenging symbol of the cruelty, thoughtlessness and stupidity of mankind manifested in such a tragic manner that it should cause all men who call themselves civilized to undertake with one accord to devise a means for doing away with war forever.

Be it said to man's discredit that the war which he fought "to end war" failed of its objective for the reason that war will not destroy war. War can be destroyed only by Peace.

Mars will not destroy that which he creates any more than the Prince of Peace would destroy Peace. The teachings of Mars promote war; the teachings of the Man of Galilee promote Peace. Either will perform the task at hand if given the opportunity.

It is for man to say which it shall be. It is a responsibility that should make him shudder, but he cannot evade it.

WILL BALANCE BUDGET

Our Government was never stronger or on a sounder foundation than right now. The last batch of bonds offered on the market was oversubscribed 13 to 1. Government income in 1929, just before the stock market crash was \$81,500,000,000 (billions). This income shrank to less than thirty-eight billion the last year of Hoover's administration. Since Roosevelt went into office our national income has steadily increased to over sixty billions, an average of over five billions per annum increase and in spite of almost famine crops in the Nation during that time, with one extremely wet year, 1935, and two droughts, 1934 and 1936.

I predict that in four more years with two normal crops, with full recovery of agriculture, banks, railroads, insurance companies, industry and oil, that the Government's income will reach ninety billion. Roosevelt will not only be able to balance the budget but pay off our national debt or a large part of it.

MI LADY'S HAT

Standing in the lobby of the Post Office, two of my lady friends and readers of this column, came in and both had on the latest fashion hats and by the way that was what they were talking about. After listening awhile to this hat talk we were inspired to write this epistle.

Practically anything—and this is a tip to the Colorado husband's pocketbook—will do for a woman's hat this winter. Just have the wife take the fancy paper from last year's Christmas boxes, give it a twist and a swirl, slap on a feather or a flower, and she'll have a hat as wild, or almost as wild, as some of those the Hollywood heads are carrying.

One of these ladies admitted she thought the hats worn by some of the ladies in Colorado were "sometimes a little bizarre," which was vainly an understatement in the minds of unprejudiced male observers. In order to get more direct data we consulted an expert designer and were asked to explain the current millinery insanity. He registered the disgusted bewilderment of most mere males. He would not "view with alarm," but he did vouchsafe, with expressive embellishments, the opinion that never before had woman's hats been so downright, openly and unashamedly looney as in this year of grace.

Designers generally are leery of cockadoodle or moonstruck chapeaux in pictures, only this week we saw a lady coming down the street wearing a Spanish paneake (or enchilada) which is a form of berek. This is supposed to be one of the "Spanish inspirations" due to the Civil War over there. In this day there's no limit to what madness in the current fashion shall be attempted, and carried off successfully. If one wants to recall springtime by sporting a life-sized butterfly on a midget felt hat its as smart as the equally spring-like yellow water lilies planted smack in front and center of an inverted blackboard made of transparent wrapping paper straw. But with hats "It's not what you wear, but how you wear it." And the new hats no matter what you think, are latest style words.

The time seems to have come for a serious heart-to-heart talk about the feathers on women's hats. There are feathers that go straight up, feathers that go sideways, and feathers that take a perky jab to the south. Some of them emerge from little slap-dash affairs of hats and some of them are the crowning glory of tall but shabby edifices of felt and fabric that would make a Zulu chieftain proud. Some women look very elegant in them and some, alas, look like nothing human, and the harassed male, once again, gets a chance to announce that there is something fundamentally out of what with a sex that periodically goes in for such irrational adornments.

For it does come in waves. Ever so often some natural law or other makes it necessary for women to adopt a hat style that is just naturally gosh-awful and we seem to be on the verge of one of those periods now.

Some day some women, let us hope, will balance her fashion budget, decide just what she wants to wear, and then wear it, as men have done, but the day is far away. These are some of the hats from which your wife, daughter, sister will choose this season.

Hats shaped like East Indian war shields. Hats heavy in gold

embroidery, flat pillbox turbans, gold braided Russian style hats off the face, with tall tiara front hats of Persian lamb and embroidered felt, small toques, dipped down front and back, covered with soft feathers, "the military touch predominating."

Why do you suppose women take so much trouble to spoil faces and heads naturally beautiful? It cannot all be the fault of hat-makers. There is nothing for it, but to dig in, hope for the best, and wait until the haters decide to let up on us again.

Now let us take a dig at the men. Do you ever get out the old family photograph album filled with old tin types and take a look at the snapshots, say about 1900, which show mothers moving about uneasily beneath a sky-scraping concoction of feathers, flowers, and preserved fruit? Or do you, by any chance, recall the era of the Merry Widow?

But if you do remember these things, and are a man, you might do well to pause and reflect before announcing that women have a monopoly on odd styles.

Dig out that old family album once more and study the hats you yourself wore back in the far-off pre-war days. Remember them, those flat crowned, narrow brimmed things that tried to make sober men of affairs look like innocent lads on the way to Sunday school.

And do you remember the collars that were in vogue at that time—those three-inch tall things that looked awful, and were well-nigh impossible to fasten?

And how about the rest of the outfit men used to wear? Surely you can remember the era of peg-topped trousers, when the male form was enabled by pants that were 18 inches wide across the hips and six inches too short at the ankle? And the buttoned shoes with fatty tumors on the top of the toes? And heaven help us, the floppy sailor-style breeches of post war years?

The male has scant reason to point the finger of scorn. He togs himself out in some pretty weird duds now and then. If women follow queer styles occasionally they at least never went in for the fad of letting their socks slip down carelessly around their ankles.

The truth seems to be that these changing styles victimize us all. We are not the rugged individualists we like to imagine ourselves.

Instead, male and female alike, we are regimented within an inch of our lives by the stylists, and all we can do is to take it and try to like it.

SALVATION NOT BAPTISM

The writer of this column is a Baptist and believes in baptism by immersion, not for salvation but initiation into the church. We have been reading letters from J. C. Taylor at Georgetown who is trying to prove by the Bible that baptism by immersion is essential to salvation. Mr. Taylor is a minister (not Rev. or Pastor) of what he calls the Church of Christ, but most people call Campbellites. He believes that all persons who are not baptized are lost.

Baptism is a symbol of the burial and resurrection of Christ, teaches all that can be expressed by service, sacrifice and the power of the Holy Spirit in a new life and is not essential to salvation but comes after one is saved, but is essential to church membership and the church does not save; it is the gift of the Holy Spirit and one need never be baptized or hold membership to go to Heaven.

Webster's dictionary defines baptism as follows: "The application of water to a person, as a sacrament or religious ceremony, by which he is initiated into the visible church of Christ. This performed by immersion, sprinkling or pouring." This writer accepts this definition. I am aware of the fact that millions of consecrated men and women, church members, who believe that immersion is the scriptural way to administer baptism as a ceremonial initiation into a particular church, but they do not claim that baptism is essential to salvation. Other millions of good men and women, church members, believe that baptism as a church initiation ceremony can be administered by immersion, sprinkling or pouring, but do not believe that baptism is essential to salvation. The writer does not believe that the millions of men and women who have belonged and belong now to churches that do not immerse, but sprinkle or pour, are unsaved.

SOME LAWS NEVER GROW OLD

"Thou shalt not kill," "Thou shalt not steal," "Thou shalt not bear false witness" are as adaptable to the human race today as when they were first promulgated, and will so continue as long as human nature is the same until the end of time.

Recently a very prominent minister, in a sermon preached in San Antonio, said, "This country has had too much rouge and lipstick type of religion which easily rubs off to become only a smear."

A man who spends his earnings to fill his stomach with degrading liquor rather than providing his family with a home and proper food and clothing is a very poor specimen of a husband and father. Such a man cannot reasonably expect his family and friends to continue to love and respect him. If he has lost his self-control and manhood, he is to be pitied rather than condemned.

I was born an American; I live an American; I shall die an American; and I intend to perform the duties incumbent upon me in that character to the end of my career. I mean to do this with absolute disregard of personal consequences. What is the individual man, in comparison with the good or evil which may befall a great country? No man can suffer too much, and no man can fall too soon, if he suffer, or if he fall in the defense of the liberties and constitution of his country.

—Daniel Webster.

A NEW INVENTION

A vest pocket adding machine is on the market. Just the right size for the average man after he's paid his taxes.

The things of most value in life cannot be expressed by the dollar mark. Sentiment should mean as much to us as silver. Culture is as important as coupons, and beauty ranks higher in the scale of values than bonds.

READ THE ADVERTISEMENTS

The advertisements in your newspaper are guideposts to the best values in town. If they weren't the best values in town, by any chance, the advertisers would be foolish to call your attention to them. Because no advertiser can afford to focus upon a fault!

Just as you consult a road-map before taking a tour in your car; just as you pore over a bill-of-fare before ordering lunch or dinner; just as you read reams of booklets and folders before starting out on a cruise—read the advertisements before going downtown into the shopping traffic.

Advertisements are advance news of all that's newest and best in merchandise and service. They show you, in the quiet and comfort of your home, what you may expect when you sally forth into the marketplaces. You can check the items that interest you, and "chuck" those that don't. Read the advertisements in the Colorado Record. Read 'em and REAP!

WAR
It has been the foremost plea in the eighteen long years which have followed the World War that the American people never again endure the horrors of war. More especially this year have speakers and writers tried to give the youth of America striking pictures of war, so that we, too, might begin to hate it as those who weathered the disasters of the last great war. It has been said that it was "The War to end War," and we, as the youth of Colorado High School, Texas, and of America pledge our support to stamp out war forever.

ASSEMBLY PROGRAMS
Monday during the assembly period Bro. O'Brien gave a very interesting talk on "The Ingredients of Life." We appreciated it very much indeed, and shall strive to meet the standard upheld by Bro. O'Brien in his talk.

Tuesday, under the direction of

Miss Miller, an Armistice program was presented. Opening with the singing of "America" and the pledge to the flag, the address was made by Supt. John E. Watson. The famous poem, "Flanders Field," was given by Kathryn Hodges, and "America's Answer" was read by Kathleen Phillips. After a military dance by Nina Katherine Quinney, Evelyn Young gave "The Americans Are Here!" Mattie Belle Harvey announced the program.

NOTE OF APPRECIATION
The student body and faculty of C. H. S. wish to express their sincere appreciation to W. L. Doss, Jr., for his contribution to the school. The lights above the scoreboard are a great help.

CLASS NOTES
Mr. Watson's vivid speech in assembly Tuesday gave us all such a clear picture of war that it is our sincere hope that never again will there be a war involving the United States. . . . The boys' pep squad leader has moved away! What will we do without him? . . . The Sophomore class colors, black and gold were selected at a recent class meeting. . . . The classes of High School are soon to be active members of the Red Cross. . . . The Seniors recently selected gold and lavender as their class colors. . . . The girls who attended the Centennial celebrations over the week-end were loud in praise of the exhibits. . . . Bob Wright, a popular Sophomore boy, has moved to Vernon. . . . The Seniors had a grand time at the weiner roast at Ruddick Park Tuesday afternoon. . . . Did Mrs. Clark miss her sister Monday morning? We seem to have noticed Mr. Clark sitting sand with it. . . . There were high spirits in school Tuesday over prospects of a holiday Wednesday. . . . The pulse of the Freshman grades was practically zero after the English test on plurals. . . . Joe L. Blackard is a second W. C. Field—Did you see him as "Cookie" in "Sittin' Pretty," the senior play? . . . Thinking of failures, can it be that C. H. S. students haven't the will to work? . . .

FRESHMAN PLAY
The Freshman play, "The Promoters," proves to be worth seeing. The cast is:
Marie Klute Nancy Price
Jane Carr Freddie Watson
Arthur Dodge Charles Nuckolls
Miss Campbell Catherine Slagel
Mr. Manning Wayne Bryant
Florence Schultz Doris Doss
Mrs. Klute Beulah Robinson
Mrs. Dodge Harry Etta Landers
Edith Zeller Nina Katherine Quinney
Hal Parker Wallace Kirby
Bert McGaffey Lee Roy Thompson
Vernon Clarkson Louis Bodzin
Bob Briggs Harvey Cook

The play is directed by Juan P. Mason and will be presented at the High School auditorium on Tuesday night, November 17. The public is cordially invited to attend.

THIS IS SCIENCE.
The students in Mr. Clark's third and fourth period General Science pile into the Lab with bright (?) and smiling (?) faces. That squeaky door ceases to ooze (yes, that's the only word for it!) shut Edwin Pickens pipes up: "That door oughta be fixed, Mr. Clark." Mr. Clark very promptly sends him off to the office to tell his troubles to Mr. Wilkms, much to Edwin's consternation and the amusement of the class.

As we are studying soil, "Deer teechur" sends a couple of boys out to get some dry sand. (Remember Monday? It was raining.) After digging half way to China, they hauled up about half a cupful.

Mr. Clark pours a little dirt into a test tube which he puts in the ring-stand over the Bunsen burner. (Sounds like an excerpt from my notebook!) Anyway, after 45 minutes of pushing and pulling of the rusty tab, the Bunsen burner is regulated and we start in learning why's and wherefore's.

MELBA SLATON IS IN SPECIAL CIA CHOIR

Prospects for the best hunting season within ten years* is being predicted by local and State authorities on the subject, as time for legal indulgence in the sport nears. Scores of Colorado sportsmen have already mapped plans to go after deer and other game immediately the season opens.

Will J. Tucker of Houston, executive secretary of the State Fish and Game Commission, was quoted in press dispatches Saturday that deer were plentiful in the Texas hill country and that their physical condition was better than usual. He attributed the increased supply and improved condition to strict enforcement of game laws and favorable weather and range.

Tucker said deer would be found in abundance throughout the coastal region below Corpus Christi, the central-western part of the state, the eastern portion and the region southwest of San Antonio.

Game law officials outlined the following regulations:
Various counties over the state have special laws covering the shooting of deer. The open season on deer (bucks with pronged antlers) is: White-tail deer, Nov. 16 to Dec. 31; black-tail or mule deer, east of Pecos River, Nov. 16 to Dec. 31; and west of the Pecos River, Nov. 16 to Nov. 30.

The bag limit, two bucks a season, except blacktail or mule deer west of the Pecos River, only one a season.

Counties having no open season on deer are: Anderson, Armstrong, Bastrop, Briscoe, Brown, Coleman, Cook, Erath, Freestone, Galveston, Haskell, Hemphill, Henderson, Hutchinson, Jasper, Jones, Kent, Leon, McCulloch, Montague, Montgomery, Nacogdoches, Navarro, Newton, Palo Pinto, Panola, Parker, Potter, Randall, Roberts, Robertson, Sabine, San Augustine, Shackelford, Stephens, Taylor, and Throckmorton.

One dog may be used to hunt wounded deer in the following counties: Atascosa, Bandera, Baylor, Bexar, Blanco, Brewster, Burnet, Caldwell, Frio, Gillespie, Gonzales, Guadalupe, Hays, Hidalgo, Jack, Jackson, Karnes, Kaufman, Kendall, Kerr, Kinble, Llano, Mason, Medina, Polk, Real, San Jacinto, San Saba, Schleicher, Sutton, Tom Green, Uvalde, Wharton, Wesson, and Zavala.

Dog or dogs may be used in open season to hunt deer in the following counties: Brazoria, Fort Bend, Jackson, Matagorda, and Wharton.

The open season on turkey gobblers is Nov. 16 to Dec. 31, both days inclusive. The bag limit, three gobblers a season.
The following counties have open season only in March and April: Angelina, Brazos, Burleson, Cherokee, Grimes, Harris, Houston, Jasper, Lee, Madison, Newton, Polk, Sabine, San Augustine, San Jacinto, Trinity, Tyler, Walker, and Washington.

DON'T GAMBLE WITH A COLD

COMMON colds are dangerous! Don't gamble with them. You will lose more often than you will win. Even if you are lucky and recover from a cold within a few days without loss of time or money, YOU STILL LOSE. Any illness to a member of the family is definitely false economy because colds create a condition of depressed physical vitality.

This is the age of preventive medicine and medical science has followed the formula that "it is better to keep well than to get well." Therefore, don't gamble. Strike at the root of common colds by eliminating conditions that contribute to "catching cold."

If the temperature of any room in the house is insufficient for comfort it is INADEQUATE

The common cold germ is a constant threat to your well-being during the winter season. If you do catch cold—don't gamble; consult your family doctor before it has an opportunity to undermine your health.

FOR HEALTH. Members of the family go from a heated room into a cold hall or adjoining unheated room; then shivering and chilled, they return to the heated room. This is one almost certain way to catch cold.

Protect your family against sudden changes of temperature. Give them the benefit of healthful, pure, warm air throughout the home. If you have been heating only one or two rooms, don't go through another winter without complete health protection. If you prefer individual unvented room heaters of the open flame type, be sure to use ONE IN EACH ROOM and provide adequate ventilation from slightly opened windows. Keep connecting doors open from one room to another so that a natural circulation of healthful, warm air prevails throughout the home.

Heat your entire house and provide adequate ventilation of pure air . . . for your health's sake!

Arnold Marshall Wins First Place On Amateur Bill

Rousing Reception Is Given Auditorium Monday Night Local Cast At Big Spring

Jim Greene and his company of amateur entertainers received a rousing reception in Big Spring Monday night by a capacity house. Citizens and the press of the Howard county city have since referred to the program as one of the most enjoyable ever given there.

The Big Spring Daily Herald for Tuesday afternoon said:

"Arnold Marshall, slender 20-year-old basso, won first place in the opening program of the auditorium night series Monday evening in the municipal auditorium before a large and enthusiastic crowd.

"Close behind him was Tommy Ratliff, whose interpretation of a Russian dance won several rounds of roaring applause. Third place went to A. R. 'Mocking Bird' Miles who also found great favor with the audience with his imitations of birds.

"From the time the program got under way, there was hardly a dull minute. Under the direction of Jimmie Greene, Colorado chamber of commerce secretary, amateur players of that city presented a lively and varied series of numbers which were, without exception, liberally cheered.

"Probably the most popular feature of the evening was an acrobatic number by Miss Mary Ellen Brown, Snyder, little guest star from Snyder, who was not eligible for a prize.

"Little Vivian Giddens was outstanding among the Colorado entertainers with her song and dance numbers. Accordion solos and a duet by Charles and Richard Lang were popular with the crowds.

LOCAL PEOPLE WITNESS PROGRAM AT BIG SPRING

Several citizens, aside from those on the program, were in Big Spring Monday night to witness presentation of the Amateur hour cast. Among the number were Mrs. P. K. Mackey, Mrs. Floyd Junney, Mr. and Mrs. Abilene Giddens, Mr. and Mrs. Geo. Mahon and daughter, Dajane, Bill Martin of Lorraine, Reagan Martin, Dr. Kirk Ratliff.

R. H. Barber, Mr. and Mrs. O. H. Majors, Judge B. L. Templeton and daughter, Billie True, Mr. and Mrs. Lee Coleman and daughter, Mrs. J. H. Greene, Miss Eloise Cooper and Mr. and Mrs. Hilton Lambert of Snyder.

"Others on the program were Hunter Brandon and Mary Frances Mackey, accompanied by Elizabeth Pidgeon, saxophone duet; Nina Katherine Quinney, tap dance; Boyd Dozier, violin solo; piano solo; Mrs. W. R. Martin, vocal solo; Mrs. Devada Majors, roller skate tap; and Gloria Martin in a song and tap.

"Benton Templeton, Mitchell county judge spoke briefly, expressing a feeling of 'good neighborliness' which existed between Colorado and Big Spring and urged people to 'keep our covenant with the dead who fought for the ideals of peace and happiness' in observing Armistice Day.

"Later George Mahon, congressman from the 19th district, was brought to the stage and spoke without an introduction. 'Surely,' he said, 'if there is anyone who should have a spirit of friendliness for Big Spring, it is George Mahon.'

"Shine Philips presided over the affair and called for an expression from the audience if they thought the program series was worth continuing. A deafening roar of applause went up."

Harley Sadler To Enlarge His Own Circus Company

Famed Chicago Producer Is Associated With Popular Showman In Business

Since exhibiting his modest circus in this section of the state, Harley Sadler has decided to engage in the circus business in a big way and to that end he has taken unto himself a partner, R. M. Harvey, of Chicago, who is recognized by the circus profession as one of the most progressive and enterprising of capable managers and producers, having to his credit the distinction of producing the London Hippodrome Circus, which was constructed for metropolitan centers and proved to be one of the greatest circus enterprises ever launched in this country.

By interesting Mr. Harvey in his circus activities, Harley Sadler has placed himself in position to obtain the very best of the world's circus talent and is able to present a program unexcelled, much less equalled. Sadler and Harvey will produce Sadler's Society Circus this winter in many municipal auditoriums of Texas, including all of the leading cities. After exhibiting in Abilene, San Angelo and Big Spring, this circus will go to Sweetwater for a three day engagement and then goes to Amarillo for four days.

The Sweetwater dates will be Thursday, Friday and Saturday Nov. 19th, 20th and 21st, at the Municipal auditorium, the American Legion being sponsors. There will be special popular priced matinees Friday and Saturday, any seat in the auditorium only 25 cents for child or adult. Night prices will be 25 cents and 40 cents general admission, if reserved seats are desired, the price will be 55 cents including general admission.

Harley Sadler has disbanded his own circus and the present edition billed as Sadler's Society Circus will comprise acts almost exclusively from the London Hippodrome, including many extraordinary novelties and new to Texas.
