

## DALLAS EVANGELIST TO BE IN CHARGE OF REVIVAL AT LOCAL CHURCH OF CHRIST

**Roy Cogdill To Deliver His Opening Sermon Of Series Friday Night; Minister Is Well Known In Colorado**

Roy Cogdill of Dallas is to do the preaching in revival meeting to open at the Church of Christ Friday evening. The services are to be held twice daily, at 10 o'clock in the morning and 7:30 at night. The meeting is set to run through Sunday, March 28.

The Colorado church is bringing one of its strongest evangelistic leaders here for the meeting, Minister Harvey Childress of the church stated Monday morning. "His work in the field of evangelism has been unusually successful and we are looking for a great revival under his leadership here," the minister said.

The evangelist is well known in Colorado. Several years ago while attending Abilene Christian College, Cogdill preached regularly for the Church of Christ here some five or six months. For some time he was pastor of one of the Dallas churches and is now devoting his entire time to evangelistic work.

J. W. Watson is to direct song services during the revival. Minister Childress and members of the congregation are extending invitation to the public to attend the services.

The revival is to be held in the church building at Fifth and Elm.

The services are being extensively advertised in Colorado and neighboring communities. Window cards have been placed in downtown show windows and blotters, carrying announcement of the services, distributed in offices and homes. "Blot everything out of the way and come," is suggestion printed on the blotters.

## RURAL FOLK SEE MOTION PICTURE HERE SATURDAY

The motion picture production, "Hidden Treasures," shown Saturday afternoon at the Palace Theatre under auspices of the Berry-Fee Lumber Company, was attended by a number of rural citizens. The picture was brought to Colorado by the Keystone Steel & Wire Company. K. F. Fee, manager of the lumber concern, stated he was well pleased with reception given invitation to attend the production.

## COLORADO INVITED HAVE PLACE IN LIONS AFFAIR

The Colorado Lions club will be expected to have important part in sessions of the annual convention, District 2-T, Texas, Lions International, in Big Spring May 2, 3 and 4, according to communication received recently from the convention city by President Whipkey of the local club. Friday Whipkey appointed Joe Pond, Jack Helton and Dave Bridgford as committee to arrange features to be given under sponsorship of the local Lions.

## INJURED BOY IS TAKEN TO MOTHER'S BEDSIDE

Herbert West, 19, youth losing a foot when he fell from a moving freight train near Roscoe two weeks ago, has been taken by relatives to be with his ill mother at Layayette, Tennessee. The boy was traveling from California to attend his mother at time of the accident. The crushed foot was amputated in a Sweetwater hospital.

## ALEX HANSON NOTES HIS APPRECIATION OF LIONS

The Rev. Alex B. Hanson, who recently left Colorado to establish his residence in Concordia, Kansas, as pastor of the Episcopal church there, states in his letter of resignation from the local Lions Club that he shall ever remember with pleasure his association with members of the service organization.

## MARCH 24 IS LAST DAY TO REGISTER ON BALLOT

Wednesday, March 24, is dead line for municipal candidates to register with the city secretary for position on ballot for the election April 6. After that date these files cannot be accepted.

## Cost Of Operating Schools Continues Within The Budget

### Report Of Superintendent Is Index That Economy Goes With Efficiency

Cost of operating the Colorado public schools continues to reflect economy in every department and at the same time indicate continuation of the system's policy of building efficiency, report issued of date February 28 by J. E. Watson, superintendent, and made public Tuesday afternoon, shows.

The report shows that on September 1, last year there was a cash balance of \$29,759.04 in the school treasury. At the close of business February 28, this balance had been hiked to \$34,760.55 while all operating expenses were met, including interest on bonds and payment on bonds.

General control expense items met during the period, including salaries, maintenance of buildings and grounds, aggregated \$30,330.94. Receipts during the time, from all sources listed, totaled \$40,725.25.

## RANCHERS ELECT GROUP LEADERS AT CONFERENCE

Nineteen ranchers of the county were in conference at the court house Saturday morning to perfect temporary organization looking to entering the 1937 Federal range conservation program. U. D. Wulfjen and O. F. Jones were elected leaders of the group, one of whom will later be designated member of the permanent county committee to cooperate with an already designated farm committee.

## RAINS ARE BENEFICIAL TO WHEAT, OAT CROPS

The recent rains have been of considerable benefit to wheat and oat crops of the county. One farmer stated here Saturday that he had forty acres seeded to wheat and that the crop was looking unusually well. Due to cooperation of the government in advancing loans to purchase planting seed, more acreage was planted to wheat last Fall than ordinarily.

## Gins, Oil Mills and Cooperatives Have United In Campaign To Improve Cotton

Campaign announced at Colorado a few weeks ago to cultivate demand for an improved grade of cotton planting seed is being reflected in all parts of West Texas, according to information reaching The Record. Gins, oil mills and the cooperatives are united in the proposition that better cotton should be produced.

The seed now being used in this territory, according to tests recently made, show an extremely low germination, and the fact that cotton will produce a healthy stock of cotton, one prominent cotton buyer of this area said. In order to increase the acre yield and the staple of cotton, this section will be forced to introduce seed from sections that were blessed with a more generous rainfall,

## PRE-EASTER REVIVAL WILL BE HELD AT PRESBYTERIAN CHURCH BY DR. GUY DUFF

**Young Folk Of Congregation Sponsor Services Scheduled To Open Sunday For Eight Days; Committees Listed**

"That prevalent quoted Scripture text, 'And a little child shall lead them,' is to be given portrayal during revival to open at First Presbyterian church Sunday morning. It will be young people of the church, however, rather than little children, who are to assume the leading role.

Announcement of the special evangelistic effort was made Wednesday morning by Lee Whitten, chairman of the publicity-committee. The revival is to be continued through Sunday, March 28, Easter, and it is anticipated that much of the sermon addresses and songs are to be centered about a Risen Lord.

The Rev. Guy B. Duff, D.D., pastor of First Presbyterian church at LaGrange, and for several years minister for the congregation here, is to do the preaching. Mr. Duff, since leaving Colorado some twelve years ago has filled important posts in educational and ministerial affairs of his church. Tommy Dawes is to have charge of the song services.

"The young people of our church are sponsoring this pre-Easter revival and we shall appreciate cooperation of the public, both old and young, in the meeting," the publicity chairman stated to this newspaper Wednesday morning. Young people who are active in other congregations of the city are given special invitation to take part in the services.

Other members of the publicity committee include Rusty Lee, Robert Dolman, Eleanor Henderson and Buster Spool.

Rhudean Ballard is chairman of the door committee and serving with her will be Catherine DeLaney, Patricia Saeger, Grace Scott and Fred Henderson.

Members of the soul winning committee are Zelma Brintle, chairman, Velma Rogers, Myra Brown and Rhudean Ballard.

Myra Brown is chairman of the prayer service committee. Other members are Eleanor Henderson, Mary Jane Aycock and Rebecca Smoot.

With Patricia Saeger chairman, Zelma Brintle, Catherine DeLaney, Myra Brown and Rebecca Smoot compose the choir committee.

All members of the young people's department have been listed on the visiting committee.

## FACT THAT THEIR LEGAL SERVICES DID NOT CALL FOR COIN EFFECTED NIL

The fact that two of Colorado's youthful attorneys evidenced every interest in defense of a negro youth being tried under murder indictment in 32nd district court this week was not prompted by the influence of a fat retainer fee.

Judge B. L. Templeton and Truett Barber, representing John Hayes, were appointed to defend the black under mandate issued by the court and the laws of Texas prescribed that they serve, without pay, to best of their ability. The negro had been represented to the court as having no counsel nor the resource for obtaining such assistance.

## Clean-Up Drive Is Given Support By City's Civic Clubs

**Organized Units Will Extend Cooperation To City During Campaign Next Week**

Colorado's annual clean-up campaign set to open Monday morning and continue through the week or until all refuse placed at convenient locations about the city has been loaded into trucks and hauled to the dump grounds, is receiving active support of civic clubs and other organized groups, Mayor Sadler stated recently.

It is hope of the city that all weeds, tin cans, junk, waste paper and other refuse on private and public properties, and along the alleys and streets, are to be collected and placed where it may be reached by the truck drivers. There is to be no charge to cooperating citizens for the trucking service.

The drive is already getting under way in several sections of Colorado. Several lawns have been cleaned of weeds and other undesirable growth and along with old cans and other refuse piled in the alley.

## MERCURY DROPS TO 24 IN COLORADO, MENACING FRUIT BLOOMS, GARDENS

A late gust of Winter weather arriving during Sunday night caused the mercury to sag to 24 degrees in Colorado early Monday morning, threatening serious damage to blooming fruit trees and early gardens. The cold snap was preceded by a north wind Sunday that brought traces of sleet snow and mist and sent temperatures below freezing for the first time in several days.

Freezing weather was again registered Monday night, after a slow abating of the cold Monday afternoon. Warmer temperatures prevailed Tuesday.

The cold wave followed on heels of another rain falling in this area Friday night. Sixty-one hundredths of an inch fell here, sending total for the month to 1.86 inches.

## ROSE CUTTINGS WILL BE DISTRIBUTED BY PENNEY

The J. C. Penney Company store at Colorado has received 5,000 select rose bushes, 2 years old, full budded stock, for distribution at Colorado and the Colorado territory at a nominal cost. E. R. Bibby, manager, stated Wednesday afternoon that the move was in cooperation with furthering community pride in this community and county. The roses were bought direct from one of the larger nurseries at Tyler.

## 'JUST BORROWED IT' IS ALLEGED THIEF'S CLAIM

The Fort Worth man arrested on a Colorado business street one night recently on the charge of having stolen a Snyder pick-up a few hours before, claims that he had merely borrowed the machine and meant to return it after making a business trip to Odessa. The machine, a new Chevrolet, was stolen from its parking place in Sweetwater.

## TECHNICAL PHASES HAVE DELAYED SCHOOL VOTING

Due to technicalities arising in the premises, date for holding an election at 1st and 2nd to determine whether or not the school district there shall return to its former state as a common school district, had not been announced Wednesday. County Judge A. F. King was waiting for ruling from the attorney general's department on the question.

## CUTTINGS PROTECTED AS SUB-FREEZING PREVAILS

Shipment of rose cuttings from a Tyler nursery was received by the chamber of commerce Sunday and as temperature temperatures arrived early the following morning Jim Greene, CC manager, had the flowering plants brought into rear of his office for protection. "They mean much to the civic advancement of Colorado to be permitted to exposure," was his comment.

## MITCHELL RURAL STUDENT POPULATION TO CONVERGE IN CITY FRIDAY, SATURDAY

**Several Hundred Boys, Girls To Attend League Contests At High School Building; Schedule Announced**

The rural school population of Mitchell county will converge at Colorado Friday morning for annual Inter-scholastic League events, set to open at Cantrill Field at 9 o'clock for two days of athletic, literary and musical competition. Program covering the two days was announced Wednesday afternoon by Roy Davis Coles, county school superintendent.

Coles recalled that this was to be the first annual league meet held exclusively for the rural schools. Since inception of the contests several years ago the rural and independent schools have combined in the events. He advanced opinion that every one of the schools eligible for competition would enter students in one or more of the features.

Opening the events will be contests in track and field events starting at Cantrill Field Friday morning at 9 o'clock. Entries in playground ball are to have their games later during the day.

The literary, musical and tennis events are set for Saturday, beginning at 9 o'clock in the morning, following general assembly in the school auditorium. Harmonica band, spelling, tiny tot story-telling, rhythm band, ready writers, declamation for junior boys and girls and senior boys and girls and three R contests are listed for the morning session.

Finals in the contests are to open at 1 o'clock Saturday afternoon. At 2:30 choral singing events are to be heard, with arithmetic contests following thirty minutes later. Picture memory and music memory events are among the last events listed for the day.

## REV. DAY ACCEPTS CALL TO PORT ARTHUR CHURCH

The Rev. R. E. Day of First Baptist church in Big Spring for more than six years, Sunday tendered his resignation to become effective April 15. The minister has accepted call as pastor of the First Baptist church in Port Arthur. Rev. Mr. Day is well known in Colorado. He has spoken from pulpit of the local Baptist church and addressed other groups here.

## OCUPANTS ESCAPE WITH SLIGHT HURTS IN WRECK

Six automobiles piled up on Highway One near Midland the other day, after two machines crashed head-on and blocked the thoroughfare. Occupants of the several cars were found to be only slightly injured. It was said to have been one of the "biggest" wrecks seen in that section of West Texas.

## BURGLARS OPERATING IN THIS AREA, POLICE TOLD

Local police have been advised that burglars are operating in this section of West Texas. Snyder and Sweetwater officers announce recent jobs in those communities. In Sweetwater Piggly Wiggly was robbed of \$300 in cash and \$700 in checks after the safe had been blown. A service station was broken into at Snyder.

## Holding Up Of Federal Funds Expected To Affect Colorado Auditorium Project

Changing policies of the Public Works Administration at Washington, denying Texas additional cash to supplement local funds in the construction of definitely planned projects is expected to have its bearing on Colorado's plans to erect an auditorium building, bonds for which were voted a few weeks ago.

Mayor J. A. Sadler stated recently to this newspaper that he did not see how the city could proceed definitely with plans to erect the building in view of recent developments. "If the school board has found that it cannot rely longer upon WPA for finances for the negro school building, it is apparent that the city will face the same situation," he declared. At Austin Wednesday Major E. A.

## FFA Chapter Calf Exposition To Be Held April Tenth

**Forty Baby Beeves Will Be Entered For Competition In Show Arena**

The Future Farmers of America announce that their annual calf show is to be held in Colorado on Saturday, April 10, with approximately forty individuals entered for competition in the show arena. Plans for the annual show are being concluded under direction of Doyle Williams, teacher of the vocational agriculture department in high school.

The FFA chapter has a total of 48 baby beeves on feed but some of them are to be exhibited at the show. Forty of the calves were purchased from the Spade ranch, two from Lay Powell and the others were bred by the boys.

The calves are smaller than those entered at similar shows of the past, Williams stated Monday. The animals, however, are of uniform size and high quality.

## MISS STANFORD PRAISES CHS FRESHMAN MAGAZINE

An exhibit of the Colorado High school freshman magazine, "Just Fishin'," at the Oil Belt Teachers' association in Ranger last week-end won praise from Miss Madge Stanford, district deputy superintendent.

It was the only piece of groupwork which Miss Stanford singled out. She devoted some four or five minutes of her speaking time to a discussion of it, urging other teachers to visit the exhibit.

"Just Fishin'" is a mimeographed magazine which the freshman class publishes each six weeks. Catherine Slagel is editor and Juan Mason is faculty advisor.

## RANCHERS OF THIS AREA OPTIMISTIC IN OUTLOOK

Cattlemen of this immediate section of West Texas, in Fort Worth to attend the Fat Stock Show, are dispensing optimism as they discuss present and future outlook for the industry, according to an article in the Star-Telegram written by Frank Reeves, livestock editor. Ranges are in good condition and cattle are fat, he said in quoting some of the cattlemen.

## O'BRIEN IN REVIVAL AT UNIVERSITY IN ABILENE

The Rev. Dick O'Brien of First Baptist church is conducting revival at Hardin-Simmons university, this week. Wednesday evening he spoke from the subject, "Why, How and When To Be Saved." Subject for Thursday morning's service at 10 o'clock was "What To Do With the Sin Question." The meeting is to continue through remainder of the week.

## HIGHWAY PROJECT TO BE CONCLUDED, STATE SAYS

Segment of Highway No. One west of Big Spring and extending over located route, is to be completed within the near future, according to recent announcement credited to the State highway commission. Finishing of this segment will afford a better traffic artery over this thoroughfare west of Colorado.

## NO ACTION TAKEN HERE IN FORGERY CASE INVOLVING DOUBLE OF MRS. HARVEY

**District Attorney Waits For Gesture By Chief Of Public Safety Department Before Changing Indictment**

The grand jury indictment against Mrs. Nelle Harvey of Wichita Falls, charging the offense of forgery, still stands and no definite action in the case is expected until advices have been received from chief of the department of public safety. District Attorney George W. Outlaw told The Record Tuesday afternoon. The department was interested in causing arrest of the accused and the filing of charges.

Mrs. Billie Bell of Arkansas, who several weeks ago created considerable interest here and other parts of this State in an announcement that it was she and not the Wichita Falls woman who had cashed worthless checks at Colorado, Marlin, Wichita Falls, Hillsboro and other Texas cities, has entered confessions to the charges in district court at all places where arraigned.

The two women, said to resemble to an unique degree, were introduced recently at the home of Mrs. Harvey in Wichita Falls. The confessed forger was taken to home of the other by Sheriff Pat Allen of Wichita county.

When the two women met, they stared at each other in unfeigned amazement. Mrs. Bell held out her hand and it was clasped by Mrs. Harvey, who said, "It is almost like looking in a mirror."

Mrs. Bell said, "I am genuinely sorry for all the trouble and grief my actions caused you, Mrs. Harvey. I never dreamed such a thing could happen or that anywhere in the world could be a woman who looked like me."

In a dead silence, the two women looked at each other. Neither seemed to know what to say. Then Mrs. Bell, far more at ease than Mrs. Harvey, smiled and said, "Isn't it funny that people would not believe you, and now they do not want to believe me?"

Mrs. Bell, plainly ill, won the sympathy of Mrs. Harvey, and the two began to talk of the various jails. As yet Mrs. Bell has been in only three jails where Mrs. Harvey has preceded her—Clarksville, Marlin and Hillsboro.

Mrs. Harvey, the innocent woman, said she had no mattress in the Clarksville jail—only a blanket on an iron cot. Mrs. Bell, who admitted her guilt, experienced in getting what she wants even in jails, said she had a mattress, pillow, and clean linen at Clarksville. She showed an electric hot pad which she said was given her by the hardware merchant in Clarksville who had identified Mrs. Harvey at the trial there in December. "This merchant went to the Arkansas prison when he heard of Mrs. Bell's confession, and it is reported he was shocked and grieved that he had made such a mistake in identifying Mrs. Harvey as the woman who had bought a rug from him. Mrs. Bell assured him she remembered him perfectly and recalled all the details of the transaction. She also recalled humorously that the streets of Clarksville were so crowded that Saturday afternoon of June 20 that she could hardly navigate her 247 pounds through the traffic."

At Marlin, Mrs. Bell occupied the same cell where Mrs. Harvey had been imprisoned for so long, awaiting trial. John Patterson, District Attorney of Falls county, Sheriff L. O. Hay, and Deputy Edward A. Stallworth always were doubtful of Mrs. Harvey's guilt and were not in a hurry to try her. Mrs. Harvey said the Marlin officials were always kind to her.

## GRADY NEWMAN IS BACK AT THE COLORADO HOTEL

Grady Newman, former room clerk at the Colorado hotel, returned to that position Tuesday, filling vacancy caused by the recent resignation of Wade Scott. During the past six days Newman has been associated with the Liano hotel in Midland.

## BEAN FEED FOR THE FIREBOYS TUESDAY

Members of the fire department had a bean feed in the fireboys club-room at the city hall Tuesday evening.

A roast was furnished through courtesy of Mayor J. A. Sadler. More than 20 were in attendance.

**SHIFTING TAXES ARE THE VOGUE, EDITOR OUTLINES**

The Big Spring Daily Herald, edited by Robert W. Whipkey, native Coloradoan, has the following comment on policies of our legislative bodies to shift taxes:

Should the Texas senate approve the tax remission bill enacted by the house it would end the payment of state equivalent taxes for five years. The eight or nine millions of dollars thus taken from the general fund would have to be replaced by a levy on other sources that would yield a like amount. Should the legislature approve even a part of the tax bills already proposed on what are broadly called natural resources, not only these millions but other would be supplied and not the general fund replenished.

Under one section of the bill, and one that should by all means be retained should it be finally adopted, the money collected as state taxes would be kept in the county treasury instead of being sent to Austin, and could be used for such legitimate purpose as the county commissioners might propose, and the voters approve, for it provides for a referendum before that money can be spent.

And unless the commissioners submitted and the voters approved a purpose of spending, the money would have to be used, to reduce the county tax rate.

This would leave it within the power of the voters of any county to have some say so about the tax rate, and if they did not take advantage of it to reduce their county tax, and thereby prevent an increase in the total rate, they would have to carry the blame.

The whole plan is somewhat nebulous and a roundabout way of taking money from one pocket and putting it in another, but what legislation nowadays is that sort and we had as well get accustomed to it. So long as there are spenders in the citizenship, and members of the legislature responsive to their demands, there will be spending. This seems to be a measure that will satisfy the demand of one group for less state taxes and at the same time let the remission not result in an increase in another form.

The tax remission program remains, nevertheless, a system of shifting money of governmental agencies. If the county governments are helped, the state treasury suffers to the same extent, and to replace the money in the state treasury calls for additional revenue. The argument against remission seems to be the Herald to outweigh that in its favor.

**Largest Social Affair Of The Week Given By Mesdames Logan, Oswalt Wednesday**

Largest of the week's social affairs in Colorado was the thirteen-table bridge party with which Mrs. James Logan and Mrs. Bill Oswalt entertained at the Colorado hotel Wednesday afternoon.

Nests of Easter eggs presided over by rabbits and Easter chickens gave the ballroom an Easter atmosphere. Tables were adorned with Easter covers in spring colors. Easter tailies and scorepads were used.

High score prize, a white leather wastepaper basket, went to Mrs. L. G. Mackey of Midland. Mrs. Charles Wyatt won pink rosebud salt and pepper shakers in a holder with second high. An Easter rabbit holding a box of Whitman's candy went to Mrs. Wylie Kinard for low score.

Angel food squares iced in pink were served with pink and white cream rabbits to the following:

Mesdames R. D. Bridgford, Austin Bush, Wade Scott, Joe Pond, Bill Dorn, Jack Mayes, Wylie Kinard, Arlie Taylor, John Summers, Mary Lee Brown, W. D. McClure, L. C. Scarborough, Henry Doss, Jr., Frank Kelley, H. B. Spence, H. S. Beal; Charles Moeser, G. V. Harrison, Ludley Snyder, Jack Christian, Harry Rattiff, A. C. Anderson, Dell Barber, Lester Manning, N. O. Chapman, Lee Lavender, Bun Pritchett, Ross Daniels, C. C. Thompson, Homer Winnett, E. B. Willbanks, Truett Barber;

Randolph McEntire, B. J. Baskin, R. S. Brennan, Doyle Williams, E. C. Scott, E. L. Latham, Raymond Gerv, R. J. Wallace, Neal Prichard, Will Doss, Jr., Bob May, Charles Wyatt, Bob Fee, Blue Goodwin, J. M. Doss, Ed Majors, John E. Watson, Willis Jones, and L. G. Mackey of Midland; Miss Virgie Powell.

**PRICES RANGE HIGH FOR CATTLE AT EXPOSITION**

With a top of \$4,100 paid by G. P. Metcham, Cisco, for the bull, Don Axtell 39th, and the top female selling for \$860 to Fred DeBenedictis, Kremling, Colo., the 50 animals sold in the annual Texas Hereford Association criterion sale at Fort Worth Wednesday, sold for an average of \$502, or a total of approximately \$25,000.

Don Axtell 39th was consigned by J. C. Andras & Sons, Manchester, Ill. He was the top bull at the Denver shows in January. The top female was Norias and consigned by Winston Bros., Snyder.

Buyers took their time to study the individuality of the animals, but prices were considered satisfactory, and the average is one of the best at Fort Worth in a number of years. The quality of the offering was good and purchasers came from a wide area.

**WOMAN AND CHILD ARE BURNED IN EXPLOSION WEDNESDAY AFTERNOON**

A woman and her two-year-old son received painful burns in an explosion at a small eating place on south Oak street Wednesday afternoon shortly before 5 o'clock.

The woman, Mrs. Gus Banos, and her son, Tom Banos, were filling a lamp with gasoline near a stove. The explosion occurred when the gasoline container was accidentally dropped.

Mrs. Banos received painful but not serious burns around the lower legs. The child was more seriously burned about the legs, the burns extending nearly to his waist.

Both were taken to Root hospital, where they are still patients. The child's condition was reported Thursday morning as being "satisfactory," barring complications.

The fire department was called out following the explosion. The flames were extinguished before they had done extensive damage.

A new modern portable typewriter for only \$49.50 at Record office.

**Mrs. Bennett Is Harmony Hostess**

The Harmony club was entertained Wednesday afternoon by Mrs. H. H. Bennett at the home of Mrs. George Piaster.

Playing for absent members were Mesdames H. G. Whitmore, J. A. Ferguson, Floyd Jay, H. C. Landers, Alvin Myhre, E. A. Barcroft, Sam Majors, and Roscoe Dobbs.

A salad course was served. The club's next meeting will be with Mrs. Lee Carter at the home of Mrs. B. F. Wilson.

**St. Patrick Party For Christian Young People**

Sponsored by the Rev. and Mrs. A. L. Haley, a St. Patrick party was given for the young people of First Christian church at the church Wednesday evening. Thirty-six were present.

Drawing shamrocks to which names were attached, the guests were divided into the "Kellys" and the "Murphys." An Irish potato race started the fun. Especially entertaining was an interview of "the man on the street." Other games were played before the serving of St. Patrick refreshments.

Mrs. George Edwards, formerly of Iatan and now of Colorado, assisted the Rev. and Mrs. Haley in entertaining.

**BAPTIST WOMEN GO TO DISTRICT W. M. U. MEETING AT LAMESA**

Five members of the local Baptist W. M. S. left Thursday morning in Mrs. John T. Howell's car for the annual district convention of the Baptist W. M. U. in Lamesa.

Mrs. J. Lee Jones, president of the district organization, was not able to attend the meeting. Mrs. John T. Howell went as corresponding secretary for the district.

Others going from here in addition to Mrs. Howell were Mrs. Dick O'Brien, Mrs. Jack Smith, Miss Violet Moeser, and Mrs. Dean Phenix.

**COLLISION AT SECOND & CHESTNUT WEDNESDAY NIGHT INJURES THREE**

Three members of the Clarence Cook family sustained painful but not serious injuries in a collision near the Humble Filling station at 2nd and Chestnut streets Wednesday night about 9 o'clock.

The Cook car, driven by Mr. Cook, and the car of Marcus R. Davis, who operates a Culf station on the East hill, figured in the mishap. The Cook car was nearly demolished and the Davis car was damaged. It is said that Mr. Davis did not receive serious injuries.

In the car with Mr. Cook were his two sons, Clarence, Jr., and Richard Franklin. All three were taken to Root hospital. Mr. Cook was hospitalized after receiving treatment for cuts and bruises about the face and head but the boys were still in the hospital Thursday morning. They suffered cuts and bruises but their condition was reported as satisfactory.

Accidents kill one, seriously injured three and sent another to the hospital in West Texas Wednesday night. C. D. Camp, Jr., 7, was killed on a Merkle street when struck by an automobile driven by a car salesman. A Breckenridge man sustained serious injury and a Lamesa man was badly hurt in motor car crashes.

LOCAL MASONS AMONG LEADERS AT ABILENE CONCLAVE

Two Colorado Masons, Jim White and W. J. Chesney, were listed in the Abilene Reporter-News Sunday as being among prominent Masonic leaders from over the state attending in Abilene Saturday.

representing 83 Texas lodges and five grand jurisdictions were in Abilene for the presentation of the master's degree at Bennett gymnasium at Abilene Christian college.

White attended as a member of the committee on work of the grand lodge. Chesney is a past grand master of the grand council of Texas.

The Full Form Degree team from the Alexander C. Garrett lodge of Dallas conferred the degree work. Thirty-seven Dallas Masons attended the ceremony, arriving in Abilene Saturday afternoon aboard three special coaches.

AIRING OF KITCHEN IS FAIRVIEW TOPIC

By Mrs. P. H. Pace, Secretary "Let's air out the kitchen" was the slogan given for the Fairview home demonstration club's meeting Friday afternoon at the home of Mrs. Jack Hourland. Miss Emma Gunter, county home demonstration agent, gave the slogan.

She pointed out that every kitchen should have a cross ventilation to take out the fumes, odors, and heat. Eight members and Miss Gunter were present. Mrs. Auerburn and Miss Russell were visitors. The next meeting will be with Mrs. Ward Jenkins on March 26.

GEORGE KIKER ON TEXAS HONOR ROLL

George Kiker, son of Mr. and Mrs. D. Kiker of Colorado, has just announced as an honor roll member of the University of Texas for the past semester. The quantity and quality of the work done by each student were considered in compiling the roll, according to Dean H. T. Parlin.

Activities And Aims Of National BPW Week March 14-20, Outlined By Local Member

By Elizabeth Kirkpatrick "The Business Woman as a Citizen" will be the theme of the tenth annual nationwide observance of Business Women's Week, March 14-20.

In keeping with the National program the Colorado club will observe this week, stressing co-operation and service through team work within the organization and with all other civic organizations of the town. The program is under the direction of Miss Emma Gunter and Mrs. J. A. Ferguson, and this committee states that the goal they are seeking is to contact every business and profession and bring them into a closer relation that all as citizens may work together in a progress spirit of co-operation and service.

The Public Relations dinner at the Colorado hotel Friday evening will close the program.

PICKED UP ALONG THE NEWS PATH

Much as we hate to admit it, we have made another mistake. . . One of those "honest" mistakes, you know. . . It seems that the Nyle Mickleby who has been mentioned in this column and in other parts of The Record two or three times recently is not connected with the Colorado Sand & Gravel company as we stated but with the C. C. Porter Sand and Gravel company. . . Our apologies to Mr. Mickleby, to C. C. Porter, to L. E. Jordan of the Colorado Sand & Gravel company, and to anyone else who merits apologies on this score. . .

Quoting Mrs. Chester Jones: "I planned to go to Fort Worth Monday but Chester wanted to go Wednesday. So we compromised—we're going Wednesday." . . . But she was laughing so I guess she isn't too afraid of her ranching husband. . .

Announced about half the time as being from Colorado and the other half from Lorraine, Arnold Marshall is singing over the Big Spring radio station quite often these days. . . Jane Clare Meskimen was presented in a piano broadcast from Abilene's station Monday. . .

We hear that the A. L. Whites have sold their farm home just east of town and are moving to a farm in the McKenzie section. They will be missed. Mrs. White has been teaching in the Baptist Sunday school for years and it is said that her present class of young business women, known as the Gleaners, is (or would you say are?) very sorrowful over her going. . .

Here's looking forward to a beautiful spring for this neck of the earth.

KITCHEN CLOTHES ARE HORN'S CHAPEL TOPIC

Kitchen clothes were discussed at the meeting of the Horn's Chapel home demonstration club Tuesday afternoon.

Appropriate house dresses, aprons, smocks, and bonnets were exhibited. Patterns for them were cut.

Miss Emma Gunter, county home demonstration agent, pointed out that "Kitchen clothes should be comfortable, easy to launder, made of good material, and becoming to the individual."

The club's next meeting will be a yard demonstration at the home of Mrs. Gordon Coe on Tuesday afternoon, April 6.

VEHICLE OWNERS SHOULD HELP

The Highway Planning Survey is now collecting important information from car owners of Mitchell county. Each car owner as he pays his 1937 registration fee at the office of the County Tax Collector will be handed a postcard questionnaire upon which to note a few essential facts. These cards are self-addressed and require no postage. Vehicle owners should fill them in and mail them at once. The information collected in this manner will be used by the Highway Department in designating the secondary system which is to be established soon. Information from car owners should be available to the Highway Department as soon as possible, and the cooperation of all car owners is vitally necessary.

Small City Papers To Carry National Advertiser 'Copy'

Quaker Oats Starts Drive In The Record, In Cooperation With Merchants

The Quaker Oats Company is coming back to the small city newspapers for advertising their excellent product. To insure the success of this initial campaign, the dealers and newspapers are to make a special effort to cooperate.

Grocers appreciate the value of an established brand name—they know that their customers appreciate the privilege of calling for a nationally advertised brand of goods, knowing that it means they will receive the quality they expect.

When a large concern decides to use local newspapers for advertising service, it means increased sales for the local merchants.

The Quaker Oats advertisement appears in The Record on Friday the 26 it will contain the names of all the dealers in Colorado trade territory handling Quaker Oats.

In addition to this, The Record will distribute the "Trick Book" to each person who brings the Quaker oat from a large package of oats, or two Quakers from the smaller packages. The Trick Book contains simple tricks which any boy or girl can perform for the entertainment of themselves and others. They all want one.

The dealers will cooperate in the campaign by using special displays in their stores and by adding to their advertisements a section calling attention to Quaker Oats sold by them. Mr. L. D. Brown, representing Quaker Oats Co. was in Colorado this week making arrangements for the special campaign.

Hasn't been long ago that Earl Powell drifted from the raising of cattle on his ranch to that of sheep. To be exact, he was the first real sheep man in Martin county. The rapid increase from lamb crop as well as the price of wool, caused Powell to go into the sheep business, and since that time his sheep herd has increased to 5,000 head. This high price of mohair together with the rapid increase of the kid crop, led Powell to "dieker" around to add goats to his sheep collection, until now he has some 350 head with his "bill" out to buy more. First of this week he had his goats sheared, averaging 3 1/2 pounds of mohair to the goat, and took the mohair to San Angelo Tuesday and sold it for 70c pound.—Stanton Reporter.

### Parasites, Germs and Worms Extract Enormous Farm Toll

Farmhand, U.S.A. DATE Every Year NO. 1937  
**Bank of U.S. Agriculture**  
PAY TO ORDER Germs, Parasites and Worms \$2,000,000,000  
**Two Billion --- DOLLARS**  
*American Farmers*

A better place for this two billion dollars is in the farmer's pocketbook. Following a farm-tested sanitation program will put it there.

Two billion dollars wasted every year! That's the annual toll taken in the United States by worms, germs and parasites—more than is spent for automobiles. Unfortunate as it is, the feeding of worms and parasites is fast becoming one of the nation's major industries.

"We've got to start cleaning up," says Grafton Lothrop, head of the Sanitation Department of Purina Mills. "A great part of the two billion dollar loss could be prevented if farmers would only perform the most basic sanitative precautions. A big percentage of the money that goes to bugs might just as well find its way into the farmer's pocketbook. Following a farm-tested program of sanitation brings more profits. Animals and fowls naturally do better in clean surroundings.

**Sanitation Is Insurance**  
"Start with good stock. Provide good surroundings. Feed well. And keep everything sanitary. Those are the four legs of profitable livestock and poultry production," the Purina sanitation expert points out. "The fourth leg is the farmer's insurance on his investment. A man can't get insurance after his house is burned. Neither can sanitation be effective after chicks and livestock are dead. That's why a sanitation program must be started early—before there is a chance to lose. Truly that old adage: 'An ounce of prevention is worth a pound of cure,' never came nearer hitting the mark than it does when referring to sanitation.

**Scrub All Equipment**  
"Before chicks arrive, the brooder house and all equipment should be

thoroughly scrubbed and cleaned," Lothrop advises. "To disinfect the walls, floors and ceilings, a solution of one-fourth pint of creso-fee to every gallon of scrub water is an effective germ and parasite killer. Disease germs spread rapidly through drinking fountains and troughs. Colds, bronchitis and brooder pneumonia pass quickly from chick to chick so that every precaution must be taken to keep fountains and hoppers clean. Chlorox (one tablespoonful to every three gallons of water) makes a germ-killing solution for disinfecting feed and drinking troughs. As a further precaution one-half tablespoonful of chlorox should be added to every five gallons of drinking water. That's an accurate strength solution that can always be depended upon to do the job. Too strong a solution will cut down the chicks' consumption of water and slow up growth. If the solution's too weak it doesn't kill germs.

**Profits From Cleanliness**  
"Health and condition are important factors in the production of profitable pork, beef, milk, and wool. Animals producing these products need protection against the spread of disease and parasites. Half-way measures simply won't do the job. It's a matter of 'clean up and disinfect,'" Lothrop says. "For general disinfecting to keep down germs, spray with a medium strength solution of creso-fee and water. If disease is present, the strength of the solution should be increased and a more thorough cleaning job done.

"In raising livestock and poultry, you are dealing with life—and life at its best is uncertain," Lothrop emphasizes. "The health of animals and fowls must be protected if profitable production is expected. Creso-fee is five times as strong as carbolic acid, and has the added advantage of being soapy, so that it does a better job of cutting through the dirt. Creso-fee mixes readily with hot or cold water, stays mixed, and retains its strength. It is one of the government approved disinfectants for use in stockyards, livestock cars and trucks for the eradication of bovine tuberculosis, hog cholera and other diseases."

### COLORADOANS RETURN FROM REBEKAH, IOOF MEET IN CORSICANA

After having attended the 97th annual session of the Texas grand lodge, I.O.O.F., and the 43rd annual session of the Rebekah assembly in Corsicana early this week, a group of Coloradoans returned home Wednesday night.

Mrs. Mary Lindley officially represented the local Rebekah chapter at the meeting and Earl Burgeon represented the local Odd Fellows. Others in the group were B. W. Jackson of Fairview, Mrs. Green DeLaney, and Mrs. B. F. Wilson.

The group had dinner with the orphan children at the Odd Fellows' orphan's home in Corsicana and also visited the organization's old folks' home at Ennis. They stopped by the Fort Worth Fox Stock show. Mrs. Lindley visited her son, Dr. O. Lindley in Breckenridge, en route home.

### DISTRICT LEAGUE MEET PROGRAM BEING STUDIED

**SWEETWATER.**—The program for the annual district interscholastic league meet here April 9 and 10 is being worked out this week by Superintendent Ross S. Covey, director-general.

To date a successor to Ed Hennig, director of athletics, has not been named. It was indicated that Lawrence Priddy, new head coach of the high school, would likely be named in his place.

The major portion of the athletic and literary events are to be held here April 9 and 10. However the events which are completed with district competition are to be held on the following week-end.

These latter events include senior girls volleyball, junior boys playground ball, junior boys and girls tennis.

The Board of City Development is to cooperate with the school in providing trophies for the winning contestants.

### DRUNKEN DRIVERS TO BE METED JAIL SENTENCES

The Texas legislature Wednesday took a determination toward ending drunk driving in this state. By a vote of 23 to 1 the Senate passed a bill, already adopted by the House, making jail sentence mandatory for such offense. Terms running up to two years in the state penitentiary may be meted out under the law.

### MITCHELL ELECTIONS TO REGISTER LIGHT TOTAL, LOCAL OBSERVERS AVER

Elections scheduled for this county during early part of next month are to register a light vote, should prophesies being advanced here materialize. The light vote opinion is based on two conditions—that of a reduction in poll tax receipts issued and the seemingly little interest prevailing in several communities.

Election supplies for the several trustee elections on first Saturday in April have been contracted for and will soon be in hands of the election judges. This pre-election job, too, is being attended to by city officials here at Lorraine and Westbrook, in which municipalities the citizen is to mark his ballot for public officials on Tuesday, April 6.

### MRS. DOBBS ATTENDS STATE TB CONVENTION

Mrs. Jeff Dobbs, Mitchell county tuberculosis chairman, attended the state tuberculosis convention in Tyler the latter part of last week. She reports the best convention in years.

From Tyler she went on to Palestine to visit friends and relatives and she is due home next week.

### PERHAPS SAINT PATRICK SENT WEATHER ODDITIES

That Saint Patrick might have had something to do with the unusual weather conditions in West Texas Wednesday is suggested by news writers. In more than one newspaper circulating in Colorado Thursday such a charge was diplomatically advanced. One writer, however, in the Midland Daily Telegram, attacked such a charge, countering that the Irish Patron, would never have sanctioned such an eccentric phenomena.

### ROMANCE, INTRIGUE, ADVENTURE THRILL IN "LOYDS OF LONDON"

Against the turbulent canvas of adventure and intrigue which forms the pulse-string background of "Lloyds of London," the picture that has started two continents and which shows Friday and Saturday at the Palace theatre, there stands out one of the great love stories of all time, which fierce courage and vengeful fury fought to the death for a love that flamed while the fate of an empire hung in the balance.

Plogging as a punishment was discontinued in the United States navy and on merchant vessels in 1850.

### Stockholders Of Country Club To Gather Tuesday

President Calls Meeting At  
7:30 To Consider Changes  
In By-Laws, Constitution

All stockholders of the Colorado country club have been called to convene Tuesday evening, March 23, at the county court room for purpose of considering proposed changes in the constitution and by-laws and to refinance the resort association to pay off outstanding indebtedness. Call for the meeting was issued by W. W. Whipkey, president, and J. M. Doss, secretary-treasurer. The meeting is set for 7:30.

It is important that all citizens holding stock in the country club association attend the meeting. President Whipkey stated Wednesday. Those finding themselves unable to be present are requested to designate proxy. Blank form for this requisite is attached to notices of the meeting sent members through the mails.

### PNEUMONIA FATAL TO HERMLEIGH RESIDENT EARLY LAST THURSDAY

Pneumonia claimed the life of Mrs. Columbia Ollie Wilcher, 52-year-old wife of M. D. Wilcher of the Hermleigh section, last Thursday morning about 2 o'clock. She had been ill a week.

Mrs. Wilcher was the mother of 20-year-old Eunice Wilcher who died in a local hospital of appendicitis and complications last July. The Wilchers are prominent residents of Hermleigh.

Funeral services for Mrs. Wilcher were held Thursday afternoon at 3 o'clock in the Dunn Methodist church. Officiating ministers were the Rev. Mr. Dameron and the Rev. Mr. Huffman.

Born on July 5, 1885, in Mississippi, Mrs. Wilcher was the mother of ten children, nine of whom survive her in addition to Mr. Wilcher. The survivors are four sons, Dwight, Leroy, Doyle, Jr., and Theodore, all of Hermleigh; five daughters, Luna, Margaret, and Ophelia, all of Hermleigh; Mrs. Ola Sheridan and Mrs. Chava Trammel of San Antonio.

Palbearers were Hoyt Murphy, Mann Vernon, G. G. Gary, Jess Humley, George Lloyd, and Carl Gray. Flower girls were Lorene Gray, Ona B. Gibson, Oneta Burney, and Theda McKnight.

Jones, Russell & Company had charge of funeral arrangements.

### County Will Have To Furnish Funds For WPA Projects

#### Texas Told At Washington That Government Expects Local Cash Ratio

With further reference to statements made recently, in connection with the auditorium bond issue, that WPA relief projects would not be continued in this county after September 1 unless funds to supplement Federal allocation were available, a delegation of Texans were informed by high administration officials at Washington Tuesday that nothing could be done to assist counties and cities which no longer contribute some part of the cost of WPA projects.

The County Judges and Commissioners association of Texas and a number of house members laid before Corrinton Gill, assistant WPA administrator, and Malcolm Miller, regional WPA director, complaints that many counties have even "gone into the red" to obtain funds to purchase materials and equipment for projects.

Miller said that with fixed congressional appropriations the WPA would have to reduce considerably the number of men employed if it were to devote a larger share of a state's allotment to "non-labor" uses. Gill asserted that if relief officials suddenly started to provide funds for material in all states they would need about \$10,000,000 a month more than the present expenditures of \$20,000,000.

W. R. Nelson of Carthage, president of the association; Henry Cook of Fort Worth, WPA projects engineer, and Hale County Judge Harold LeFont of Plainview, of the group of 16 from the association, cited figures showing that Texas' per-man-year allotment—\$480—was considerably below many other states. They asked that the WPA increase this basic figure.

Gill and Miller explained the rate was computed from a wage scale which business men, as well as labor interests, drew up in Texas cities and towns. They asserted they could do nothing unless this figure was increased.

Res. Clyde Garrett of Eastland and W. D. McFarlane of Graham contended the county commissioners and judges of the state were not consulted and would have insisted on a higher wage.

### 79TH BIRTHDAY OF F. M. COE MARKED

A surprise celebration of the 79th birthday of F. M. Coe was held Sunday at the Coe home in South Colorado. Mr. Coe's birthday was on March 11 and the Coe children celebrated the closest Sunday to it.

Among those present were Mr. and Mrs. Arthur Wilson of Westbrook, the Gordon Coe family from Horn's Chapel, the Clyde Wilson family from Colorado. Each family brought food so that there was plenty of food for the 19 present.

Mr. Coe's birthday was celebrated with a dinner at the home of Mr. Gordon Coe last year. He has been blind for 16 years. Mrs. Coe will be 81 in July. The Coes have lived in and around Colorado for 18 years.

### ATTRACTIONS AT ANNUAL FAT STOCK SHOW NOTED

The Southwest Exposition and Fat Stock Show at Fort Worth, now in progress, is among the largest and most impressive of these livestock exhibitions to be seen in America. O. F. Jones, manager of the Spade ranch, reported Thursday morning following his return to Colorado after spending a few days at the show. Jones noted that several Mitchell countians were attending the exposition.

### ASSASSINATION OF EAST TEXAS SHERIFF CLEARED

Assassination of Sheriff Alex Brown of Jefferson county, brutally murdered as he addressed to retire Wednesday night in living quarters at the jail, has been cleared through confession of a negro, Charley Brooks, 39, who only a few nights before, effected escape from the jail. The officer was killed instantly by a charge of buckshot, fired through a window. His wife was with him in the room at the time.

### SWIRLING SAND RECALLS 'OLD-TIMES' TO THESE

The unusual sandstorm here Wednesday afternoon served to recall these disturbances of nature back in the long ago. John Does and others who have lived in Colorado many years, were brushing up their memory after the storm had passed to recall that back in the good old times, sandstorms as severe as that actually lasted for 24 hours and more.

### NEWS FROM THE ROOT HOSPITAL

Mrs. Gus Banos and her 2-year-old son, Tom, were admitted to Root hospital about 5:30 Wednesday afternoon for treatment of leg burns received in a gasoline explosion at the Banos' eating place.

The two sons of Mr. and Mrs. Clarence Cook, Clarence, Jr., and Richard, were admitted to the hospital Wednesday night about 9 o'clock after receiving severe cuts and bruises in a car wreck at Second and Chestnut streets. The father received first aid and then went home. The boys were still in the hospital Thursday morning but their condition is not serious.

Two other patients, making a total of six, were admitted to the hospital within five rushed hours from 5 o'clock until 10 o'clock Wednesday evening. The other two were Mrs. M. A. Wright of Cuthbert, a medical patient, and Mrs. M. H. Venus of Route 3, Colorado, who received minor surgery Thursday morning.

Dr. R. E. Lee, who has been in the hospital since early last week, is said to be showing improvement daily. He is a medical patient.

"Getting along fine" is the report on Hoyt May, who is recovering from chest and arm burns received while at work early last week. He will be kept in the hospital for some time yet, however.

Mrs. E. S. Hudson of Westbrook, a medical case, is not showing any appreciable improvement, it is reported. She is suffering from heart and kidney complications.

**'OLD GRAY MARE BAND' TALK TAKES MUSICIANS BACK TO YESTERYEARS**

Announcement out of Brownwood that civic leaders there were planning to recreate the "Old Gray Mare Band," musical organization that for several years created considerable comment throughout the country, is serving to revive memories of convention experiences among Colorado musicians who, some 10 to 12 years ago, were members of the famous Gold Medal Band of the West Texas chamber of commerce. That another aged gray mare would be brought into use and a band to memorialize the once famous organization is to be sought at Brownwood for the coming West Texas CC convention, is announced by D. A. Bendeen of Stamford, manager of the regional chamber. Ed Majors, Boyd Dozier, Lucian Maddin, Jess Pidgeon, Harry Ratliff, Ed Jones, "Uncle Dick" Jones and others who were members of the Colorado band under direction of Sam Goldman that entered into competition with Wright Armstrong and his gray mare unit, will watch developments with a deal of interest.

**INJURY TO HAND TO NOT AFFECT HIS MAGIC ART, LOCAL MINISTER STATES**

The Rev. A. L. Haley of First Christian church announced that painful injury to his hand several days ago, received as sequel to attempt to pry open a door at the family residence, will not, by any manner of means, affect his talent as a magician. Friends of the preacher had advanced the suggestion that such a handicap might result. When the door became jammed and would not open, the minister procured a keen-edged hatchet to use as a prying implement. The door zoomed aside and the hatchet dropped onto his hand, inflicting an ugly wound.

**BIGGEST NEWS ITEM IS GIVEN LESSER PLAY-UP**

"One of the biggest items of news to break in Texas for months, but the papers are giving it only small consideration," remarked W. W. **TRICK BAG OPENED HERE BY THE WEATHER MAN**

The weather man opened his trick bag and went eccentric in so far as his attention to Colorado and vicinity was concerned Wednesday. It was cloudy in the morning, clear and bright at noon and one of the most exact forecasts this section has seen in years at mid-afternoon. The storm was over in a few minutes, a sprinkle of rain fell and calm and clear skies again prevailed.

**FATHER OF TWO LOCAL WOMEN DIED ON FRIDAY**

**DELEGATION SOUGHT FOR MIDLAND GROUP MEETING**

Colorado will be expected to send a representative delegation to quarterly group meeting of Lions Clubs in Midland Friday night, W. W. Whipple, president of the local club, announced Friday. He stated that the motor cars of himself and Joe Pond would make the trip as means of transporting Lions to the meeting.

**RELATIVE IS WINNER**

Mrs. John E. Watson's brother-in-law, J. P. Brown, teacher of vocational agriculture in Whitney High school, coached the boy who exhibited a champion short horn baby beef at the Fort Worth Fat Stock show. The calf belonged to Gus Boesch, Jr., of Whitney, and was termed "one of the best shorthorn steers seen in Ft. Worth in recent years."

The world's largest wheat field is at Hardin, Mont. It comprises 200,000 acres leased through the Interior Department to Thomas Campbell, and is part of two Indian reservations.

Care of a baby is a full-time job for 5 hours and 41 minutes every day, and a part-time job the rest of the day, it is estimated.

## SPRING SESSION MITCHELL DISTRICT COURT IS ENDED WITH FEW CASES PENDING

### Presiding Judge Leaves For Dallas To Attend Brother, Seriously Ill; All Court Business In A-1 State

The Spring session of Mitchell county district court, convened Monday morning, February 22, by Judge A. S. Mauzey of Sweetwater, was closed Wednesday after the judge had concluded all pending matters on his docket. Judge Mauzey left for Dallas to attend a brother, reported as being seriously ill.

During the four weeks practically all matters pending on dockets of the court were either disposed of or continued for cause. The court maintained his policy of handling court business with progress in that the tribunal attend to its function at the smallest consistent cost to the public.

Only two major cases were heard during the term. One was a personal damage suit involving \$10,000. This case was disposed of after two days. The other, a murder trial, had been cleared from the docket within 24 hours after called for trial.

Crime continues to be on the way out in Mitchell county, court attaches suggest. The grand jury, holding two sessions—one at opening of court in February and the other a recessed meeting the following week, reported only nine bills of indictment.

The next term of district court here is to be convened May 31 for four weeks. April 12 Judge Mauzey is to convene court at Gall for one week. The second murder case of record in Borden county, that involving the slaying of a trapper in breaks of the Colorado river a few months ago, is pending.

## Daughtrey Farm In Dorn Community Chose For 'Whole Farm' Demonstration In County

The farm of Mr. and Mrs. Tom Daughtrey of the Dorn community has been selected for Mitchell county's Whole Farm Demonstration, it was announced this week.

The demonstration will represent the work of the entire family and its cooperation with the Extension Service. Plans will be made to improve the farm and home over a period of as long as five years.

Improvements that have been planned to be worked on during 1937 under the supervision of Miss Emma Gunter, county home demonstration agent, are: Yard improvement, wind-break plantings, kitchen improvements, and pantry.

Cost of the improvements must be watched carefully as wise expenditures must be made since this is a place to be a demonstration for the

county, according to Miss Gunter. Thus it is essential to follow an orderly plan of procedure, she points out.

Improvements that will be planned for 1938 may include: Painting the house and outbuildings; building a service porch and bath room; constructing an overhead tank; putting out an orchard; building up a flock of one hundred twenty-five producing hens; finishing yard and wind-break plantings.

The sanitation of this farm place is to be checked by Mr. N. E. Cochran of Abilene, District Supervisor of the Public Health Service. A special demonstration for the public will be given March 24 on the construction of a grease trap in connection with the sink drainage. The waste water will be used to sub-irrigate shrubs and trees in the yard.

## Third In State FFA Chapter Contest Is Given Local Team

### Boys, Too, Win Individual Honors Saturday At Fort Worth Exposition

For the second consecutive year a team representing the Colorado chapter, Future Farmers of America, has won third place in meat judging contest at the Southwest Exposition and Fat Stock Show in Fort Worth. Accompanied by their director, Doyle Williams, the boys participated in the contest Saturday.

Colorado won the creditable honor in competition with 48 FFA chapters of the State. In addition to taking third place as a team, members of the team were awarded high rank in the individual class. Corley Rogers won seventh place. Duff Chesney ninth place and R. E. Walker thirteenth in competition with over 100 Texas youths.

The chapter was given an attractive banner and Rogers and Chesney watch fobs.

The Breckenridge team won first place and second went to Richland Springs. First and second places were won by those respective teams last year.

## REVIVAL TO BE HELD AT WHITE CHURCH OF CHRIST BY STARNES

With Trine Starnes of Mineral Wells doing the preaching, a revival meeting is to open at the White Church of Christ Friday night, it was announced this week by H. L. Baker.

Mr. Starnes is a graduate of Abilene Christian college and his ability as a preacher is well-known in this section. The public is invited to hear him.

## 1937 TAGS CAN BE PUT ON CARS NOW

Pointing out the fact that 1937 license plates may be put on vehicles any time now, Roy Warren, tax collector, this week issued a plea that Mitchell countians buy their tags now and avoid the rush.

New tags must be on all cars by April 1 or a 20% penalty will go into effect, Warren stated. It was originally ruled that tags could not be put on cars before April 1 but this has been changed.

## School Board Will Not Look To WPA For Financial Aid

### Building For Negro Students To Be Constructed Within Near Future

The Colorado independent school board will not look further to WPA for financial aid in erecting and equipping a new school building for negro students, it was announced Friday by J. E. Watson, superintendent. Watson stated that the board, in a recent meeting, had determined to proceed with plans calling for a structure to cost approximately \$4,000.

The building will be of tile construction with either brick or stucco finish, Watson said. Three class rooms are to be included, affording ample facilities for this division of the local educational system for some years to come. The structure is to be completed in time for occupancy at opening of school next September. \$1,350 in insurance received after the old frame building burned several months ago is to be supplemented by other funds on hand to finance the project. W. W. Whipkey has been employed as architect and building engineer.

## DOYLE WILLIAMS IS HONORED BY STATE FFA ORGANIZATION

In "recognition of outstanding work done during 1936," the State Future Farmers' association conferred an honorary Lone Star Future Farmers' degree on Doyle Williams, head of the Colorado High school vocational agriculture department, during the semi-annual convention of the association in Fort Worth Saturday.

A gold key is the emblem of the honorary degree and Williams was presented with one to wear on his watch chain.

The degree was conferred on Williams as a result of his work with the Junior Livestock exhibits at the Texas Centennial exposition in Dallas last fall.

## BIG SPRING P. O. TO BE DEDICATED MARCH 27

Dedication of the new Federal postoffice building in Big Spring is set for Saturday, March 27, with Karl A. Crowley of Washington, solicitor general for the postoffice department, delivering principal address. Congressman George Mahon, who assisted in obtaining allotment of finances to build the structure, probably will not be present, due to pressing business in the National capitol.

## NEGRO SLAYER GIVEN LIFE SENTENCE BY JURY TRYING HIS CASE IN LOCAL COURT

### John Hayes, Jr., Convicted Under Charge Of Stabbing Another Black To Death, Will Not Appeal

John Hayes, Jr., young Colorado negro who during an early hour on morning of February 28, last, is charged with having stabbed another black, Matthew McCarver, to death, after the two men met at an East Second street negro restaurant, Tuesday morning heard the jury trying his case announce they had found him guilty and assessed his punishment at life in the State penitentiary.

The defendant, who through process of the trial, had evidenced little concern as to what the outcome might be, received the verdict stoically. He had previously suggested to his counsel that it mattered not whether he was given his freedom or sent to the electric chair. The negro, his attorneys stated Tuesday afternoon, will not file motion for a new trial and look to taking the verdict up on appeal.

Evidence introduced by the State, under direction of District Attorney George W. Outlaw of Sweetwater and B. N. Carter, Mitchell county attorney, sought to sustain the contention that the killing was premeditated and carried through with malice aforethought. Hayes and the McCarver youth had had "words" the afternoon before at high school building where they and other negroes were attending basketball tournament.

Through defense counsel, Judge E. L. Templeton and Truett Barber, evidence was written into the case seeking to picture the killing as an act of self-defense. Hayes took the stand himself and related to the jury his version of the killing. The two became involved in argument just as McCarver was leaving the restaurant, Hayes stated, and as he (Hayes) stepped outside the building to "apologize to Matthew he took out his knife, and then I took out my knife and hit at him in self-defense."

McCarver received a deep stab in his head and died at the Root hospital several hours later. Hayes surrendered to Night Patrolman Tom Terry an hour or two later and was taken to the county jail. A first degree murder indictment was returned against him a few days ago by the grand jury.

The case was called for trial Monday morning at 10 o'clock. Judge A. S. Mauzey, presiding, had ordered a special venire of 72 men. Seven of the jurors had been selected when court recessed at noon. The other five had been selected by 2 that afternoon and introduction of evidence was concluded at 6.

Sixty of the seventy-two talesmen had been called for questioning by attorneys as the twelfth juror was accepted and sworn in. The State exercised eleven preemptory challenges and the defense ten.

A night session of court was convened at 8 Monday and attorneys argued the case until 9:30, following delivery of the court's charge. Verdict was reported at 9:30 Tuesday morning.

The life sentence represents one of the heaviest to ever be assessed by a jury in Mitchell county district court. A few years ago defendant in murder case received fifty years imprisonment.

A large per cent of Colorado's negro population was present in the court chamber throughout the trial.

## TOLL OF \$7,000 TAKEN AS FIRE DESTROYS WILL ROGERS DAIRY BUILDING

The Will H. Rogers dairy barn and all equipment, located a few miles northwest of Colorado on Cuthbert road, was burned to the ground Saturday night, entailing an estimated loss of \$7,000. The property was insured to extent of \$1,000.

Rogers states that origin of the fire is unknown. He and family left home at 7:30 and within a few minutes the modern dairy building burst into flames. Stocks of feed, harness and machinery for operating the dairy plant were destroyed.

## COTTON GROWERS SMILE AS QUOTATIONS MOUNT

Cotton producers of this territory seen in Colorado Tuesday were wearing broad smiles, all because they were receiving the news that cotton quotations had mounted from \$1 to \$1.50 per bale on the New York market the day before. The upward trend sent futures to the highest peak since June, 1930.

## Saturday, April Third, Is Election Day For Rural School Districts In Mitchell

Saturday, April 3rd, is to be election day in each of the several rural school districts of Mitchell county and voters of the respective educational subdivisions will be called upon to go to the polls and mark their ballots to elect one trustee for a term of three years.

The following roster supplied by Roy Davis Coles, county school superintendent, gives members of the respective school districts. In each case the last citizen named holds term to expire and will be offered for reelection. This rule has one exception. There are only two trustees in the Longfellow district, both of whom are to continue in office. These are Charlie Ezell and C. L. LeFevre.

List of trustees for the other districts follow:

Lone Star, W. L. Swafford, Moody Richardson and C. C. Hamilton; Carr, C. N. Adams, F. A. Langley and Seba Jones; Payne, Ed Snowden, T. L. Holman and C. E. Welch; Cuthbert, A. C. Sparks, Dave Womack and C. E. Welch; Rogers, C. E. Bynum, B. A. Wynne and J. J. Handley; Dorn, J. C. Shepherd, T. W. Daughtrey and W. B. Franklin.

## BILL WRIGHT TAKES C-C POST AT VERNON, TEXAS

Bill Wright, secretary of the Terrill chamber of commerce during the past several months, has resigned that position to accept the post as head of the Vernon C-C. Wright is a son of Rev. and Mrs. Cal C. Wright, who left Colorado a few months ago to reside in Vernon where the minister had been appointed presiding elder of the Vernon district, M. E. Church South.

## TENTATIVE SURVEY CLOSED ON HIGHWAY EXTENDING TO ROBERT LEE, SAN ANGELO

### Belief Expressed That This Route Be Built By State; Engineer Waiting Further Instruction From Austin

Tentative survey locating route of proposed State highway to connect Colorado with Robert Lee and San Angelo has been concluded and transmitted to the State highway commission offices in Austin, Division Highway Engineer W. A. French of Abilene stated when seen in Colorado Wednesday.

Mr. French stated that he was waiting for instructions from Austin on the project before giving additional time and attention to the route. Construction of the road is considered most probable by citizens at Colorado and other points who have evidenced interest in the project.

## 285,000 ACRES OFFERED IN CONSERVATION PACTS

Mitchell county ranchers have listed a total of 285,000 acres for the Federal range conservation program for this year. Blue Goodwin, county adjustment director, announced Wednesday. Goodwin advanced the belief that additional acreage would be registered within the next few days.

### WOMEN IN THE STUDY CLUBS

**Standard**  
Returning Mrs. J. E. Pond's favor of last week, Mrs. L. W. Sandusky entertained the Standard club in Mrs. Pond's place Friday afternoon, Mrs. Pond having returned to her home in Odessa.

Nevada was the study topic with Mrs. C. M. Adams leading. "The Truth About Reno" was read by Mrs. Sandusky for Mrs. P. C. Coleman and "Nevada's Little-known Geysers" was read by Mrs. R. D. Buchanan for Mrs. Lee Jones.

The club's next meeting is to be with Mrs. Coleman.

**1921 Study**  
"Death Comes for the Archbishop," Willa Cather's famous novel, was studied by the 1921 Study club Friday afternoon. Mrs. C. L. Root was hostess and Mrs. W. W. Rhode was leader.

A paper, "Sketch of Miss Cather's Life," was read by Mrs. J. T. Pritchett. Excerpts from her essay, "The Art of Novel Making," and from her book, "The Novel Dimeable," were read by Mrs. Johnny Rector for Mrs. Books.

Mrs. Albert Norred gave "A Critical Estimate of 'Death Comes for the Archbishop.'" Selected passages from the book were read by Mrs. Rhode.

**MONEY TO LOAN**

J. J. BILLINGSLEY

Plans for a bridge supper which is to be given by Miss Mabel Smith, Mrs. J. E. McCleary, and Mrs. W. R. Martin for the club Friday evening at the Smith home were announced. The three hostesses-to-be are honorary members of the club.

Resolutions urging the erection of a new negro school were adopted by the club. They were suggested by Mrs. J. A. Sadler, president of the Mitchell county federation of women's clubs.

**Shakespeare**  
Bits of Irish wit were quoted during roll call of the Shakespeare club Friday afternoon at the home of Mrs. D. H. Snyder. In keeping with the St. Patrick's season the club's study was on Ireland with Mrs. Jerold Rioridan leading.

"Interesting Facts About Ireland" were given by Mrs. T. W. Stonerond. The club completed its Shakespeare study for the year with a final lesson on "Anthony and Cleopatra."

The program committee for the year book was named with Mrs. John Arnett as chairman and Mrs. Thos. R. Smith and Mrs. John Doss as other members.

Mrs. R. S. Brennan is to be hostess this week.

**2921 Study**  
"Death Comes for the Archbishop," Willa Cather's famous novel, was studied by the 1921 Study club Friday afternoon. Mrs. C. L. Root was hostess and Mrs. W. W. Rhode was leader.

### Hesperian

The folk poems of Robert Browning were studied by the Hesperian club during its meeting Friday afternoon with Mrs. John E. Watson as hostess and Mrs. J. W. Randle as leader.

Poems read were as follows: "The Boy and the Angel" by Mrs. Bill Coffey for Mrs. J. G. Merritt; "The Pied Piper of Hamelin" by Mrs. Ed Majors; "Gold Hair" by Mrs. Ees Jones; "Muckle Mouth Mez" by Mrs. S. H. Millwee for Mrs. D. H. Lewis.

Mrs. O. F. Jones discussed "The Manner of Presenting the Subject Matter of the Poems."

Five books for the federation library were received from Mrs. Perry Ellwood.

The club will meet this Friday with Mrs. A. L. Whipkey.

**Easter Party for Beauticians Club**  
Bunnies and baskets of Easter eggs and flowers of the Easter season decorated the home of Mrs. J. E. Jordan for the meeting of the Beauticians' club Monday evening.

Bingo was played with cellophane-covered Easter baskets as favors. The grand prize went to Miss Evelyn O'Neil, the prize consisting of a large Easter basket and a large Easter rabbit.

Fruit salad, sandwiches, and angel food cake were served with tea.

**Martin Pupils in Abilene Contests**  
Voice pupils of Mrs. W. R. Martin were entered in music contests for the sixth district, Texas Federated Music clubs, in Abilene Saturday.

Frances Merle Cooper and Betty Hodge were entered from Colorado. They will be eligible to enter state contests in San Antonio in April. Gloria Martin and Margaret Glass of Lorraine won first places and Ruby Jo shall, also of Lorraine, was a close second in Gloria's age division.

### County Federation To Have Regular Meeting

With plans for a forum and all-day institute postponed, the Mitchell County Federation of Women's clubs will hold its regular monthly meeting Tuesday afternoon at the city hall at 3 o'clock.

The forum was postponed because of the illness of several county federation officials, according to Mrs. J. A. Sadler, president.

**Mrs. Arnett Leads Episcopal Study**  
Mrs. John Arnett led women of All Saints' Episcopal church in their study of "The Spirit of Missions" Monday afternoon.

The final Lenten study will be taken from the prayer book with Mrs. Thos. R. Smith leading next Monday afternoon.

**Mrs. McClure Friday Morning Club Hostess**  
Hostess to the Friday Morning club was Mrs. W. D. McClure, who had Mrs. J. B. Pritchett and Mrs. Hugh Millington as guests.

Two towels went to Mrs. M. J. Dawson for high score, a deck of cards to Mrs. J. J. Billingsley for low. Lunch was served at the McClure home. Mrs. C. C. Thompson is to be hostess this Friday.

### THE VALUE OF MUSIC TO OUR SCHOOL

Every school should know the value of good music. It adds to the enjoyment of the students and helps them to appreciate good music. Everyone can't be a great singer, but he at least can carry a tune and in that way he makes a day brighter. Music broadens the students' minds and it helps them have a more friendly feeling toward each other.

One must study English to know how to speak well. One must know math to solve the problems of life. He must know history in order to know about the past and help ponder the future. All the other subjects in our school are important but music has a place that none of these others can fill. Music will quicken the hearts of the sad, will slow the pace of a heart too filled with excitement. It will make the sad happy.

We should develop the musical nature of our school life just as much as the practical.

### SENIORS PRACTICE ART OF LETTER WRITING

Did you receive a very formal correct letter from a senior this last week, and did you think he was displeased or angry at you because it was minus those slangy and expressionless phrases? In case you do not understand, the seniors all wrote friendly letters last week and Miss Parrett mailed them. Perhaps you did not recognize your correspondent because the letter lacked any mistakes and was not written on theme paper.

Seriously, the seniors have found that it is very necessary to be able to write both formal and informal letters and invitations. They wrote several last week, and they found that the correct ones looked much better and left a much better impression than the ones they had been writing. They have seen how nice a letter can look, and it is hoped that they will not be satisfied, until they have accomplished this art of letter writing.

### C.H.S. DEBATE TEAM AT WORK

Saturday, March 20, at 1 o'clock, in the second floor study-hall of the Colorado High school there will be a debate between the boys of Colorado High school and Eldorado High school. The question for discussion is resolved: That the manufacture of munitions of war should be a Government monopoly.

The Eldorado team is making a debate tour in which they will debate San Angelo, Colorado, Abilene, and other points in this vicinity.

The boys of Colorado, Howard Lewis and J. W. Dunlap, have not debated any one this season but they look forward with great hopes of winning every debate (especially the Colorado-Lorraine debate) this year.

The girls' team is also making progress. As yet there has been no elimination contest in the girls' division but there is no doubt that they will have a winning team regardless of whom is chosen.

### ESSAY CONTEST CREATES INTEREST IN EXPOSITION

The pupils of the high school who care to are going to enter the Greater Texas Essay Contest. The subject is "Why I Want to See the Greater Texas and Pan American Exposition at Dallas." Information may be obtained from a few booklets that you can get from the office. For first prize in each of the twenty-four districts there will be a three days' free trip to the Centennial given to the winner in each district. The second prize is \$10.00 cash and six additional prizes of \$2.00 to the other winners.

### CHORAL CLUB PLANS TOUR

The Colorado High School Choral Club is going on a tour as far west as Midland about the middle of April. The club will sing at Big Spring and Midland and the smaller towns on the way. The club will be thrilled to think that they will get to sing over the air at Big Spring, as that will be the first time for them to broadcast. The Choral Club had such an enjoyable trip East that they are sure they will enjoy the one West.

### GUM CHEWING IN ASSEMBLY

Last Monday, March 15, the regular assembly period in C. H. S. was devoted to singing. Mrs. Moeser, the music teacher of the school, led the singing. Several songs which were enjoyed were: Row Your Boats—sung by different groups—Reuben and Rachel, When You and I Were Young Maggy, and several others.

Afterwards Mr. Wilkins called upon several persons who were chewing gum to come to the front. Accordingly Misses Helen Snyder, Inez Rogers, and Mr. Joe Cox held a gum chewing contest in the front of the audience and Helen was unanimously chosen the best gum chewer.

**DECLAIMERS HAVE TRYOUTS**  
The Senior, Junior, and Sophomore English classes have had their class try outs in declamation and have selected their class winners. The Senior winners were June Cox, Mary Frances Mackey, and J. B. Marshall. The Junior winners were Virginia Gurney, Kathleen Phillips, and Albert Melton. Those ready for the elimination contest in the Sophomore class were Willie Grace Doss, Lulline Miles, Dorothy Thompson, Thea Howell, Ella Jean Whitton, Jimmy Harrison, and J. T. Williamson.

The inter-class contest will be held Thursday, March 18.

### SHORTHAND STUDENTS GO TO COURT

The shorthand students and their teacher, Miss Clemens, attended district court Monday morning. Miss Clemens stated Monday afternoon that she had planned for some time to carry her class to court but so far had not done so. After the students had secured rides and had reached the courthouse, they filed into the courtroom. Mr. Wilkins had stated that the class must return to school by 10:30 in order to avoid missing any classes. When the time arrived, and as nothing had happened, Miss Clemens was persuaded to call Mr. Wilkins to get permission to stay longer. Although they received permission to stay until 11:15, it was not long enough for some of the students. At 11:15 most of the students returned to school, having seen only a few men selected as jurymen. Some of the students reported that it was very interesting as it was the first time they had ever been to court.

### SENIOR GIRLS TAKE PART IN CLUB PROGRAM

Friday afternoon, March 19, at the regular meeting of the Self Culture Club three seniors will have parts on the program. Vachel Lindsay is to be the subject of the study and Doris Wayne O'Brien will give the story of his life. Myra Brown will tell of the style of his poems and Frances Elliott will give his poem "The Congo."

### PUBLIC ATTENDS HIGH SCHOOL PROGRAM

On Friday, March 12, the Choral Club, Band and English department presented a very interesting program in the High school auditorium.

The Choral Club sang five numbers, which everyone enjoyed. The English department then presented a one-act play entitled "The Baby." All the characters played their parts well receiving many laughs and much applause. The band played six numbers which gave evidence of hard practice and accomplishment. The band is really a very good one and should be a source of pride to the citizens of the community as well as the high school students.

### DEBATE TEAM TO ABILENE

On Saturday, March 6, the boys' debating team and Mr. and Mrs. Brazil went to Abilene to attend the seventh annual invitation debate tournament which was held at the high school. There were many interesting debates which were very helpful to the Colorado boys because they had not begun writing their constructive speeches at that time.

One of the most interesting things to note was the progress made by the San Antonio team. The boys hitchhiked their way to Abilene within ten hours. They did not bring any debating material with them and still went as far as the semi-finals in the tournament.

Those who attended the tournament had a very enjoyable day and they returned home with new fervor and determination.

### THE CAMPUS CAMERA

Harriet Ann Pritchett and Beulah Francis Robinson gave a surprise birthday party for Gene Morrison last Friday night. Those attending included the hostesses and the guests of honor were, Helen Snyder, Dorothy Morrison, Katherine Hodge, Mary Elene Micklely, Gene Whitton, Glen Churchill, Howard Lacey, Robert Lacey, Dick Jones, Ernest Burdine, George Mallard, and Sam Majors.

The group's entertainment was interrupted by the heavy rain but resumed after it stopped. Hot chocolate

### INFORMAL DINNER

Miss Eloise Cooper gave a small informal dinner Wednesday night, March 17, at 8:00. Those invited were Porter Richardson, Charles Root, and Virginia Reese. The meal was made up mostly of spring dishes.

### SENIOR TO DALLAS

Miss Virginia Reese left for Dallas Thursday, March 4, and returned Thursday, March 11. She spent this week attending to business. She has made plans to return to Dallas after graduation to take a business course.

### FACULTY MEMBERS DEBATE JUDGES AT SCURRY COUNTY TOURNAMENT

On Monday and Wednesday several members of the Colorado faculty motored to Hermleigh to assist in the judging of the Scurry County Interscholastic League Debate Tournament. The following were members of the judging party: J. V. Glover, Mr. and Mrs. O. W. Cline, Mr. and Mrs. Charles Brazil, J. W. Dunlap. Some excellent debates were heard, and a good time was reported by all that attended.

### SPANISH

The Spanish III class has begun the study of a new novel, "El Capitán Veneno." This tale concerns a swashbuckling soldier who is rescued from death by three women. As they read the novel, the class will learn how he is domesticated by the women, whom he despises.

Could someone please explain to the class why Myra Brown has recently been so eager to read? When the class studies plays on Monday she is always reading someone else's part. Of course, the other members of the class are quite willing to let her read and it causes Miss Smith much amusement, also.

### YOU ARE DUE GOOD HEALTH, SUCCESS AND HAPPINESS

But you cannot enjoy these things if you have allowed your system to lag to such an extent that your bowels and liver do not function properly, causing you to suffer with headaches, loss of sleep, backache, coated tongue, bad breath, rheumatic pains, biliousness and gas pains brought on by inactive clogged bowel organs. Lagatone is an efficient stimulant for increasing the flow of bile. Lagatone also stimulates liver action, relieving biliousness, worn out feeling and sick headache caused thereby. Lagatone acts on bowels as a laxative and helps clear out old decayed food waste. Lagatone is a compound of several ingredients. Thus Lagatone is like several medicines in the same compound. No wonder people begin to inform us of the good results they are receiving after using it a short time. If your system is lagging and run down, your food disagrees with you, you are tired and sluggish and lacking energy, Lagatone will clean accumulated poisons out of your system and restore your vitality, your appetite and your good health. Go to your drug-gist today and buy a box of Lagatone and if after you have followed directions, written on the box, for ten days, you are not pleased with the results and if you do not feel new power and energy, go back for your money. Price, 1 box 36 capsules \$1; 6 boxes \$5. Lagatone is on sale at the Colorado Drug store, Colorado. Please do not accept a substitute for Lagatone, for your own good. "Never Let Your System Lag" 3-26-c.

## Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

**CRISPY CRUMBS SCRAMBLED EGGS**

- 1 cup soft bread-crumbs
- 3 strips bacon
- 2 tablespoons butter
- 5 eggs
- 1/2 cup milk
- 1 teaspoon salt
- few grains black pepper

Cut bacon into small pieces and heat in frying pan. As soon as bacon is heated through, add bread-crumbs; cook until bacon and crumbs are crisp and brown, stirring frequently. Beat eggs, add milk and seasonings. Remove bacon crumb mixture from frying pan and keep warm. Melt butter in pan, add beaten eggs and cook slowly, stirring eggs up from bottom of pan as they cook. When eggs are nearly done, add crumb mixture, mix well and serve at once. Serves 6.

**WHEN you eat Bread, you are eating a food that is nearly 100% digestible and nearly 100% assimilated . . . a food that is all edible, practically all utilizable for nourishment.**

Famous scientists and nutrition experts recently completed a series of laboratory tests to find out the true facts about Bread. The fact that Bread is nearly 100% digestible was established beyond a doubt.

If you have been wondering about the digestibility of Bread, science now gives you the correct answer—"Bread is nearly 100% digestible!"

**6C NOW 100% IN GOOD WRITERS CLUB**

The second room in Junior High to report 100% membership in the Good Writers Club this year is 6C. This is the first time a sixth grade room has won this honor. Last year 7A reported 100% membership, and this year 7C has the same record. A picture of the pupils in 6C will be published in the "American Penman." The Good Writers Club banners go to 7C, 6C, and 5C this month. The rooms now have the following percentage of Good Writers: 7C, 100; 7B, 94.6; 7A, 88.9; 6C, 100; 6B, 92.7; 6A, 91.9; 5C, 86.8; 5A, 72.9; 5B, 86.8.

**PICTURES OF WINNERS MADE**

Thursday morning two groups of Junior High pupils who have won distinction in the school had their pictures taken. These groups included the basketball boys, winning junior team in the county, and 7C, 100% membership in the Good Writers Club. These pictures have been sent to the Abilene Morning News and the Fort Worth Star-Telegram, and they will probably be published soon.

**BEAUTY IN SPRINGTIME**

As spring comes, we look for sunshine and beauty. The trees and flowers attract our attention by their beauty. But beauty in nature is not the only kind of beauty that we desire. Our schoolroom if clean, free of paper and dirt, will look attractive because of its cleanliness.

Junior High has started a spring campaign to make everything as beautiful as possible. Flowers are being planted on the school ground and in flower boxes in the rooms. The pupils are trying to keep the rooms and ground clean. Do your part.

**Choral Club, Band, English Classes Presented Friday In Delightful Program**

Seven hundred students and patrons of the schools attended program given Friday evening in auditorium at high school and in which members of the choral club, the band and English department were presented in a selected cast of music and comedy.  
 The program was given under personal direction of Mrs. Chas. Moezer, director of the school choral club; K. P. Rose, director of the band, and Miss Gladys Miller, faculty member.  
 Numbers were rendered by the choral club, the band, Hunter Brannon, saxophone soloist and a vocal duet composed of Misses Betty Hodge and Frances Merle Cooper.  
 A one-act play, "The Baby," was staged by Meta Hudson, Joe Robertson and Armorea Whitmore.

**THIS OIL BUSINESS**

Oil is Texas' major source of wealth. Unheard of 50 years ago, the Texas oil business today contributes directly or indirectly to the success of every other business activity in the state. The Humble Company is in the oil business; it produces oil, refines it into motor fuels, motor oils and other products, and markets these through Humble service stations and Humble dealers. It knows what this oil business means to Texas, but more than that—it realizes what Texas means to this oil business. The appreciation of this fact stands behind Humble's policy of continuous improvement, behind the unexcelled service the Texas motorist finds in Humble service stations.

**BRINE SPRAY SPOUTING FROM BIG SPRING WELL**  
 Wesbrook and Graham No. 1 Great West, wildcat oil test in section 48-32-1n, T&P, four miles east of Big Spring, has taken another unusual turn.  
 It is now blowing out a salt water spray from its depth of 1,460 feet, in anhydrite. Until five days ago it was discharging a cloud of fine white sand.  
 Monday noon the salt spray, plainly visible for more than a mile, was heavy enough only to deposit a fine film on the surrounding country. It was not flowing, as rumors had it. The flow was believed to have increased to some extent since it first started five days ago.

### EDITORIAL

Beginning with this issue this column will contain a series of articles on the subjects "Buy at Home", "Mail Order Houses", "Community Property", etc.

#### BUY AT HOME

The prosperity of this or any other community depends on the loyalty of citizens. Retail institutions in Colorado have combined investments here which total a very large sum. Their annual payroll runs into thousands of dollars. They spend still other thousands locally for rent, taxes, insurance, delivery equipment and maintenance, and the many other items of overhead which go into good times or bad. They help build our schools; they are the most important factors in maintaining local government; they are back of every worthy civic movement.

How many of us realize that owners and employees of Colorado stores, with their families, comprise 25 per cent of our total population? In other words, the retail stores of Colorado are the sole source of livelihood for one-fourth of our population including many of the young folks who graduate from our local schools and would otherwise have to go elsewhere to live and work! Quality and price being equal, money spent with Colorado merchants is money wisely spent. Let's stand shoulder to shoulder in the upbuilding of our community.

Merchants of Colorado buy from the same sources of supply as do the merchants of Ft. Worth, El Paso, Dallas, New Orleans or St. Louis. They offer you the same merchandise offered in other cities, and the prices are often actually lower. In those rare instances when you fail to find here exactly what you want, it can be obtained for you promptly by any Colorado merchant in that line of business.

The citizen who thoughtlessly goes elsewhere for merchandise that could be bought through local sources takes just that much money out of this community, making it difficult for our local enterprises to survive and prosper. And any hardship for our merchants is a hardship for every man, woman and child in this community.

#### BAD PRECEDENT

W. H. Garrett breaks into the column with what he calls a bad precedent.

Franklin D. Roosevelt will not be President always, even if elected for a third and fourth term. If he is given authority to force men off the Supreme Court, his successors will enjoy the same privilege. Some successor could decide to provide a court that would hold null and void all of our race relation laws, the separate marriage law, the separate school law, the separate coach law; it seems that our Southern Congressmen want to help dig a pit for the Southern Whites to fall into.

Lincoln and Grant padded the Supreme Court to try to carry out their political opinions. Southern statesmen denounced these acts for 70 years. Now a like act has become a great virtue. "Whoso diggeth a pit shall fall therein."—Prov 26, 27.

There is and will be a great effort to becloud the issue. It is not a matter of the need of more Judges. It is the destruction of a co-ordinate branch of the Government. It is depriving the people of the wisdom of the Judges during their best years. It is not a matter of new blood; there are no keener minds than Holmes until he was 90 years old; than Brandeis at 81 and Hughes at 75. It is only an ambition of the President for power to force into retirement any Supreme Court Justice whose opinion is unsatisfactory. He wants the Supreme Court to feed out of his hand.

It is a move by the President to make the Supreme Court a tribunal of political convenience to himself. If a political convenience to him it will be to all other Presidents hereafter. Of all people on this earth that have cause to oppose this movement with all their heart and soul, the people of the South have the greatest. By the same methods asked for by President Roosevelt any President hereafter can enforce social equality on the South.

W. H. GARRETT.

#### MORE ABOUT FARM TENANCY

We might not be so seriously concerned with farm tenancy if it were a passing or transient condition, if it were simply a stage by which the farmer reached a higher level. But tenancy as it exists in Texas and Oklahoma tends to be a permanent stratification in which the greater part of our farmers are permanently imbedded. Financial returns to the tenant farmer are ordinarily so low that he is prevented from accumulating the reserves which would enable him to shake loose from that condition.

At a conference of southern agricultural research leaders held at New Orleans, a large amount of new material was made available, which included a study of 700 share croppers in Alabama. It showed that only one out of ten of them ever became owners. Only one out of four ever rose to the condition of a third-and-fourth renter in which he owned his teams and equipment. Seventy-five per cent of them remained their whole life as share croppers.

The study showed that in three years out of four these families lost money or broke even. That is, during three years out of four they made enough only to liquidate what they owed to their landlord, or they increased their debt to him. Another study showed that out of 3,000 share croppers, 40 per cent were in debt to their present landlords, with a debt of more than one year's standing. The average indebtedness was more than \$80 to the present landlord. It was concluded from the results of this study that one-third of the share croppers in Alabama were indebted to this extent, and that the average share cropper under the present system can expect no more than a bare living and will remain permanently dependent upon the landlord for credit. There are 76,463 of these share-cropper families in Texas and 13,640 in Oklahoma, totaling more than 430,000 individuals, who have not teams or tools and who are also entirely dependent upon their landlords for food and supplies while making a crop.

#### HE PAID HIS BILL

On the first of this month the Record mailed a bill for six dollars to a delinquent subscriber and here is his answer.

I am enclosing \$4 on my account that is much past due, but wish to inform you my bank account makes it impossible for me to send you my check in full in response to your request. My present financial condition is due to the effect of the federal laws, state laws, county laws, incorporation laws, by-laws, brother-in-laws, mother-in-laws, and outlaws that have been foisted upon an unsuspecting public. Through these various laws I have been held down held up, sat on, walked on, flattened, squeezed and broke until I do not know what I am, where I am, or why I am.

These laws compel me to pay a merchant's tax, capital tax, income tax, incorporation tax, real estate tax, auto tax, property tax, gas tax, light tax, water tax, cigarette tax, school tax, liquor

tax, syn-tax, and carpet tax.

In addition to these laws I am requested and required to contribute to every society, church and organization that the inventive mind of man can invent. Give to Woman's Relief, Red Cross, Boy Scouts, Orphans' Home, American Legion, Dorcas society and the Gold Diggers Home.

The government has governed my business so that I do not know who owns it. I am suspected, expected, inspected, disrespected, examined, re-examined, informed, required, commanded and compelled until all I know is that I am supposed to provide an inexhaustible supply of money for every known and unknown need, desire or love of the human race, and because I refuse to donate to all and then go out and beg, borrow or steal the money to give away, I am ousted, cursed, discussed, boycotted, talked to, talked about, lied about, held up, held down and robbed until I am just about ruined.

The only reason I am clinging to life at all is to see what is coming next.

#### LEGISLATURE

The ordinary citizen furnishes the cow, the members do the milking, the lobbyist does the skimming for himself and the interests get the butter.

It is passing strange that the Legislature blatantly refuses to submit to the people a constitutional amendment reducing the membership to forty-two members, all in one body. This alone would reduce legislative expenses over half a million dollars annually. This step alone would add to efficiency and sane legislation more than a hundredfold.

A bill has been introduced to change the color of paint on the capitol dome.

#### CARBOHYDRATE NECKWEAR

The chemistry teacher up in the high school building asked his class to name three articles containing starch. One of the pupils spoke up and said two cuffs and a collar.

The teacher said, Well! I will now ask another question. What is HNO? The same student said, Oh, er, er—it's right on the tip of my tongue.

The teacher said Well spit it out. It's nitric acid.

In my boyhood days everybody, men and women, dipped snuff, a mop was used. What little snuff I see consumed now is not applied with a mop. The users, who are not of feminine gender, park the powder between their molars and their lower lips.

Recent statistics show that more snuff is now made and sold in the United States as was used half a century ago. It is claimed that figures do not lie, but I hesitate to accept the figures given out by the government concerning snuff. I know that snuff caused me a great deal more trouble fifty years ago than it does now. Much time I lost from fishing and play searching the woods for snuff-mops for mother and her guests, and occasionally I climbed a tall blackum tree to find an acceptable mop for a radiant maiden.

When a boy I remember when one of the neighbor boys quit the old home town and struck out for the city, a letter was soon received by relatives and friends saying he was receiving \$35 a week for working the jack or turning bolts at a garage. These days when a home boy goes to the city we soon hear that he can't land a job and that the Red Cross is taking fairly good care of him or he is on the relief.

#### DOWN IN DEFEAT

This writer got into an argument on the streets on the question of Prohibition. After we had exhausted the usual arguments with our opponent who is an extreme wet he handed up this epigram:

The horse and mule live thirty years  
And nothing know of wines and beers;  
The goat and sheep at twenty die  
But never taste of Scotch or rye.  
The cow drinks water by the ton  
And when eighteen is almost done;  
The dog at fifteen cashes in  
Without the aid of rum or gin.  
The cat in milk and water soaks  
And then in twelve short years it creaks;  
The modest, sober, bone-dry hen  
Lays eggs far more and dies at ten.  
The hog when young is laid to rest  
And never knows a cockfield's zest;  
The lower animals are cursed  
Because they lack a liquor thirst;  
Oh, not for them the lusty song  
And noisy revel all night long.  
Oh, not for them the merry odes  
That freely flow from wine-wet lips  
From birth they plan a tragic part  
And stop before they fairly start.  
All animals are strictly dry,  
They sipless live and swiftly die  
But sinful, sinful, rum-soaked men  
Survive for three-score years and ten.

### 'My Town' Featured In 3rd Edition Of Freshman Class Magazine, 'Just Fishin'

"My Town" is featured in poems, editorials, and sketches appearing in the most recent edition of "Just Fishin", student publication of the freshman class of Colorado High School.

This issue is the culmination of a "My Town" unit which the freshman English class, taught by Juan Mason, has just completed. The opening editorial is "In Appreciation of My Town". It reads in part: "Our work in this unit has shown us the beauty in this city, has shown us the lovely park of our city. . . . In the course of research we only have new fields been opened but the common place things and places in Colorado have taken on a more interesting aspect, and we wonder why we failed to see the uniqueness before."

Another editorial is called "A Backward Look," and in it is given much of Colorado's early history. Twenty-four pages of mimeographed work are included in this, the third issue of the magazine. The cover is adorned with a mimeographed picture of Colorado's main street with the sign, "Welcome to Colorado," featuring "The Sign," by A. Neil appearing beneath the picture. The original poems included in the book have been described by several readers as "remarkable." Among them are the following:

"My Town" by Lucille Dockrey; "Oil Mill" by Harvey Hicks; "Colorado" by Lucille Goss; "The Court-house" by Charles Nuckolls; "The Junk Yard" by Jack Smith; "Colorado Homes" by Helen Franklin; "Pay Day" by Ray Elliott; "A Negro Shack" by Sara Ann Pond; "Mexican Quarter" by Doris Montgomery; "Feline-ism" by Freddie Watson; "Rivers" by Charles Hill; "The River" by Helen Snyder; "Autos" by Catherine Slagel; "Negro Cafe" by Catherine Slagel; "Inhabitants" by Cora Mae Bodine; "The Printing Press" by Doris Rogers; "Housewife" by Catherine Slagel; "Mamma's Mornings" by Doris Flo Doss; "Buddick Park" by Alice Womack; "Mexican Town" by Lucille Dockrey; "The Hospital" by Vada Mae Rogers; "Higher Math," a terse and fitting description of the refinery, by Catherine Slagel; "Night" by Billie Chaney; "Colorado" by Harry Etta Landers; "Down" by Nancy Price; "The Oil Mill" by Bobbie Lou Cooper; "Welcome" by Catherine Slagel; "Orientation" and "Rain" by Alice Womack; "Trees" by Lucille Dockrey; "Hook" by Harvey Hicks; "Sand" by "The Church" by Billie Chaney; "Town Amateurs" by Pauline Simpson; "Dusky Choir" by Ruth Griffith; "A dirty shame" by Nancy Price.

Prose articles in the magazine include "A Mexican Shanty" by Earl Hard; "Once a Mansion" by Catherine Slagel; "Approaching My Town"

#### VENTILATION AND LIGHT DISCUSSED AT LANDERS

Ventilation and light in the kitchen were discussed by Miss Emma Gunter, county home demonstration agent, at the meeting of the Landers home demonstration club with Mrs. J. A. Market Tuesday afternoon of last week. Hot tamales and enchiladas were later made. Those present were Mrs. M. L. Kilbrin, Miss Gunter, Mrs. Belmar Moore, Mrs. Duffer, Mrs. Cooper, Mrs. Zeak Wimberley, and Mrs. Market. The hostess served mince meat pie and coffee with the hot tamales. The club will meet next Tuesday with Mrs. Adrian.

#### SETTING EGGS ARE SELECTED BY GIRLS

Selection of setting eggs is one of the things being learned by Mitchell county 4-H club girls this year. Three selections are made, one as to size, one as to shape, and one as to shell. Candler demonstrations are being given under the supervision of Miss Emma Gunter, county

home demonstration agent, in order that the girls may learn how to detect shell imperfections.

The girls have learned that hatching eggs are not to be kept over 10 days and should be kept in a cellar at 55 to 65 degrees until set. Katherine McAdams told the Landers club girls of 400 baby chicks at her farm home.

#### MURDER CHARGES FILED IN RANKIN CO. KILLING

Charges of murder were filed at Rankin Tuesday against Cody Bell, Christoval ranchman, and his brother, Russell, 39, for the ranch home slaying last Friday morning of their mother, Mrs. Mary Bell, 71, and

their brother, Wiley Bell, 46.

Cody Bell remains in a Texas hospital while Russell Bell is under heavy guard in a San Angelo hospital. Wiley Bell and his mother were instantly killed by charges from a double barrel shotgun. Funeral services were held for both last Saturday in Midland.

**Annual Soap Box Derby Will Be Given Support By The Chevrolet Motor Co.**

DETROIT.—For the fourth consecutive year, Chevrolet will again co-operate with the leading newspapers of the country in sponsoring the All-American Soap Box Derby, which is recognized by sports writers and enthusiasts as "the greatest amateur racing event in the world."

The Derby, started in Dayton, Ohio, four years ago, has grown in popularity and appeal so that today it stands alone as the greatest single sporting event for boys. Thousands already are making plans for building their own racers for this year's event.

Last year there were more than 150,000 boys competing in various cities throughout the United States. Champions from 116 cities took part in the national finals at Akron, Ohio. The national and international finals this year will be held at Akron on August 15, according to announcement made this week by C. P. Fiskem, advertising manager of the Chevrolet Motor Division of General Motors Sales Corporation. City champions from 120 cities will compete.

**Prevention Should Be First Principle In Controlling Ails**

Medical Science Doing Well In Its Field But Help Is Needed, Doctor States

The first principle in steering clear of disease in its many forms is that of prevention and effective treatment under scientific leadership, Dr. William S. Rhode stated during an address at the Lions Club Friday. The physician was presented by Jake Merritt of the March program committee.

That TB, cancer and other malignant diseases so commonly known are on the decline, due to effective medical research, was stated by the speaker. Dr. Rhode offered some pertinent suggestions to the men present as to precautions that should be taken to avoid illness.

Dr. G. H. Wood of Big Spring, visitor at the club, spoke briefly to the subject. "It is alarming at the number of persons going about over the country carrying contagion from the diseases Dr. Rhode has been discussing," the visiting physician declared.

Ben Smith of Pecos, former member of the club, was another visitor to be introduced.

**LOONEY CLUB AT THOMPSON HOME**

By Mrs. T. E. Howell, Reporter  
The Looney Home Demonstration club met with Mrs. J. M. Thompson Thursday, March 11. Miss Emma Gunter, county home demonstration agent, led a game of naming chickens shown on flash cards. The person who named the largest number correctly was the winner. Next she asked each person present to name a feature they liked best in their kitchen.

Miss Gunter gave a very interesting and instructive talk about ventilation and lighting of kitchens, in which she compared the modern kitchen with the kitchen of ten years ago. She passed posters around showing the kitchen of the two periods.

Concerning the ventilation, stress was put on having at least one window in the kitchen which can be lowered from the top to verify the room of the surplus overhead heat and of any fumes which might have accumulated.

The lighting problem in many cases, can be simplified by light, simple curtains that do not cover the entire window but just soften the effect of the framework. Also the use of a light wall paper will give a much better light reflection. There were numerous other points brought out in Miss Gunter's talk.

The club was honored by the presence of a distinguished guest, Miss Kate Adele Hill, district home demonstration agent, who made a very interesting talk on the work of a home demonstrator.

Mrs. Lester Webb, president of the Bauman H. D. club was also a visitor.

The Looney club will meet Thursday, March 25, in the home of Mrs. F. S. Miles. Each member is requested to wear her favorite house dress for a kitchen style show, and also to bring two apron patterns.

Three new members were welcomed into the club. They were Mrs. Rufus Key, Mrs. Eston Hardin, and Mrs. Freeman Smith. The club members present were: Mrs. Bill Gale, president; Mrs. Johnnie Burke, secretary; Mrs. M. A. Webb, Mrs. Trudo Webb, Mrs. J. M. Thompson, and Mrs. T. E. Howell.

**QUESTIONS THAT ARE ASKED ABOUT BANKING**

*"Are Banks essential to community welfare?"*

**YES, we believe that banks are decidedly essential to community welfare.** Our modern business structure is so complex that it could not function without banks. As a simple illustration, more than 90% of all the business in this country is carried on by payments with bank checks.

Banks are the active hub of practically all business and financial transactions. Day in and day out they render useful, needed financial services. They furnish depositors with a safe, convenient place to keep money. They make loans to local borrowers of business ability and integrity. They furnish employment to local people and aid in making it possible for other activities to do so. They participate—directly and indirectly—in civic enterprises.

Among the many elements essential to the success of a bank our officers and directors believe the most important is soundness built on the enduring foundation of community usefulness.

**MRS. MILES REMOVING PAINT FROM KITCHEN**

Mrs. E. S. Miles, kitchen improvement demonstrator, for the Looney club, has begun to remove the paint from the kitchen cabinet, chairs, and table. She is using a thick cooked lye for quicker removal.

Mrs. Miles has outlined her plan of procedure as follows: Remove old finish on the cabinet, chairs, and table. Refinish with two (2) coats of natural varnish; build a pantry; add a sink; turn felt floor covering and give two (2) coats of varnish; remove old paper on walls and re-paper. Give wood-work two (2) coats of ivory paint; make new curtains and chair seat pads.

### EXPERIENCES OF BEING SHOT AT BY HIJACKERS RECOUNTED BY VISITOR

The experiences of being shot at by a band of armed bandits as he sped in his motor car in effort to evade the attackers, only to be stopped and robbed of \$30,000 in jewelry and his car, were recounted here Monday afternoon by Charlie Welz-miller of St. Louis, salesman representing the Bauman-Massey Jewelry Company of his home city.

It was several months ago while driving along a country road in Oklahoma that Welz-miller was accosted by the bandits. Their command for him to bring his car to a stop was disregarded and the salesman sped his machine in hope of outdistancing his foes. The hijackers gave chase, one of them firing at the speeding car ahead with a high powered rifle. The third shot crashed through rear window of Welz-miller's car, ripped a hole in his hat and creased his head. He stopped and the robbery followed. "Those thugs told me that they were shooting to kill," the salesman recalled. After taking the jewelry sample cases, Welz-miller was aken into a near-by mountainous area and held prisoner for a time. He was not abused. All three men having part in the robbery were later apprehended and sent to prison. A part of the loot was recovered.

### SMASH MUSICAL HIT "ONE IN A MILLION" EXHILARATINGLY NEW

With Sonja Henie, Queen of the Silvery Skates, executing dazzling dances on crystal ice and romancing with Don Ameche, Adolphe Menjou pulling another hilarious performance out of his gag-bag, Jean Hersholt more lovable than ever, Ned Sparks dead-panning his way to new laugh highs, the Ritz Brothers running amusingly amok, Arline Judge cute, coquettish and comical, Borrah Minevitch and his gang playing hot rhythms on their harmonicas, and Dixie Dunbar, Leah Ray and Shirley Deane contributing beauty and hi-de-ho, "One In A Million," the Twentieth Century-Fox spectacular musical smash, comes Sunday and Monday to the Palace theatre.
