**Over 40 Home Demonstration Clubwomen Of County Hold Meeting At Wallace Cabin**

Over 40 home demonstration clubwomen of Mitchell county gathered in Wallace cabin across from the Colorado country club last Wednesday night and Thursday for their annual encampment.

Although not originally planned as such, the occasion was one on which the women said farewell to Miss Emma Gunter, whose resignation as county home demonstration agent became effective Wednesday. At the same time they were introduced to their new agent, Miss Vera Crippen, formerly of Taylor and Jeff Davis counties.

Camp was opened late Wednesday afternoon. After supper games were played and a watermelon feast enjoyed. Thursday morning's program began at 9:30 with a sing-song.

Special stunts by the various clubs were interspersed with talks by Mrs. J. A. Ferguson, president of the Mitchell County Federation of Women's clubs; Mrs. Carl Blasig, wife of the chamber of commerce manager; Mrs. H. B. Broadus and Mrs. Jack Smith, Colorado clubwomen. All stressed home-making and child development.

The stunt of the Iatan-Carr club, a kitchen orchestra, was voted best. Model club program stunt of the Landers club was second.

Registered at the encampment were the following:

Fairview—Mesdames Chester Berry, Will Berry, Lon Strain, and Claude Willis;

Hyman—Mesdames Edgar Andrews, Frank Andrews, Carl Lowry, and Otto Schuster;

Iatan-Carr—Mesdames R. S. Anderson, Lee Coleman, F. L. Eikenberg, Ollie Harris, T. L. McKenney; Miss Roselle McKenney;

"Chef" is what they're calling Pierce Dorn these days. . . . Dorn acted as pinch-hitter for a negro who failed to show up to barbecue the beef for the Dorn homecoming Sunday and did, they all say, a swell job of it. . . . The beef was donated by the heirs of J. M. Dorn, father of the Dorn community, who always gave meat for barbecue at the homecoming before his death a few months ago. . . .

After watching the editor, Bill Cooper, sneeze ten in a row, my sympathies for hayfever sufferers are all aroused. . . . The editor sneezes so much that he is getting right cocky about it. . . . If anybody else on the force sneezes, no matter how sincerely, he or she is violently accused of stealing said editor's stuff. . . .

Some interesting old papers have been unearthed by Jack McCorkle, Western Union messenger boy. One is a part of what was apparently a magazine called "The Aldine," published in New York in February, 1873, over 64 years ago. . . . Another is a copy of Illustrated Christian Weekly published in New York on January 20, 1877. . . . One story in the former told of Queen Victoria's superstitions. . . . It told of the then recent serious illness of the queen's son, the Prince of Wales, and of how she had kept a butcher and a lamb in an outer room so that the lamb might be slaughtered on a moment's notice and its reeking skin placed around her son in an effort to renew the warmth of life in his body, should such become necessary. . . . Jack also has a Fort Worth Star-Telegram for April 2, 1911. . . . A headline in this paper said, "Kaiser's Visit to London for Coronation Important Event."

Drunks have been found in many strange and unusual places, but we venture that no drunk was ever found in any stranger or more unusual place than the fellow in the following paragraph from a Monday's Sweetwater Reporter story: "Smith, who was found in the gutter early on the morning of July 11 on Lamar street, according to testimony, is fighting his case on the contention that he got tired and merely lay down and went to sleep."

He heard the fire siren. . . . He learned that the alarm had come from the general neighborhood of his home. . . . He remembered that some

There's something striking or coincidental or what-have-you about this little fact: Mrs. Loyal Nelms of Houston, the former Exa McLure of Colorado, visited Mrs. Van King and other Colorado friends for the first time in 18 years early this week. . . . Her wedding of 25 years ago is recalled in "The Colorado That Used To Be" column of The Record this week. . . . Therein lies the striking or coincidental something referred to above. . . .

We gratefully acknowledge the kindness of Mrs. Carl Blasig in writing the "Encampment Gossip" column carried in this issue of The Record. . . . As a comparative stranger, she attended the annual get-together of home demonstration clubwomen of the county at Wallace cabin near the country club last week and picked up more interesting facts about the women present than a native Mitchell countian might have done. . . . From comments we've heard on her talk to the women Thursday morning, she seems to have impressed them as deeply as they impressed her. . . .

Farewell this week to Doyle Williams, whom we've enjoyed knowing and working with through his eight years as vocational ag teacher in Colorado High school. . . . A man's man and a farmer at heart, Williams wouldn't appreciate any flowery words we might reel off, so we'll hold them back, and let it go at saying that nobody can help admiring a man who takes his job seriously and goes through with it, summer, winter, fall and spring. . . . Such a man is Doyle Williams, who's the same no matter what the going is and whose laugh was the only one in town that could rival or even approach Bill Cooper's. . . .

A 90-year-old visitor in Mitchell county saw her third picture show Saturday night at the Ritz theater. . . . She was Mrs. Melvinia Palmer of Coleman, mother of S. N. Palmer of Spade. . . . She saw her first show at Mingus, year ago, and her second at Brownwood. . . . She got a thrill out of Saturday night's western, she says. . . .

**"I can't afford the advantages of gas automatic hot water system"**

THE rock-bottom down payment, the liberal trade-in allowance, the small monthly payments available now on newest-type automatic gas water heaters are only the beginning of the many continuing advantages of gas water heating equipment.

Gas brings you economy that mounts up year after year. Economy in upkeep of equipment — for there's virtually nothing about these sturdy heaters to wear out or develop "expensive service trouble." That means an important saving every year over any other equipment. On top of that your low-cost natural gas service makes gas water heating much cheaper than any other method.

So figure it out for yourself! Get all the facts about the improved efficiency of these modern heaters. Then you'll see that the cost of automatic hot water service provided by these newest heaters is less than obsolete or inefficient methods.

### Rains Halt Cotton Decline In Varied Sections Of State

### Pest Infestation Feared In North Texas Sections, In Opinion Dallas News

Rapid decline of Texas cotton since Aug. 1 due to drought and excessively high temperatures was checked by copious rains and cooler weather in the upper third of the State, The Dallas News' summary for the week ended Friday indicates.

Premature opening in Northwest and North Texas has about stopped and the crop is holding its own or showing slight to marked improvement. In Northeast Texas too much rain in the north portion caused heavy shedding and damaged open lint.

Although much of the crop in these areas had stopped blooming freely, plants are expected to put on new growth. Whether insects will allow it to mature is problematical. Clear, dry weather is needed generally for best crop development and to speed harvest.

Central Texas cotton is still declining. Rains were scattered and days are still too hot. Early cotton is about made, but a good rain followed by favorable weather would benefit young cotton, stop premature opening and increase size of bolls now on plants. South Texas crop is made and from 60 to 90 per cent gathered. In Central Texas about 20 per cent is picked, in East, 15 to 20 per cent, in North and Northeast 5 to 10 per cent and in Northwest and Central less than 5 per cent.

Weevils, bollworms and leafworms are doing spotted heavy damage to young cotton and injury is expected to increase where moderate to heavy rains fell in the last ten days. Fleas are still active in some localities.

Heavy rains, amounting to five or seven inches in some areas, revived Oklahoma cotton and enhanced prospects for a fair to good crop. Dry weather is now needed to develop late fruit and permit picking, which has started in central and southern portions.

New Mexico cotton is holding its own and blooming freely, but scattered damage from the army worm and chinch bug is reported.

### Business Trending Ahead For Federal Home Loan Banks

### Colorado Unit Included In List Of Lending Agencies That Are Making Good

July was the most prosperous month enjoyed by insured savings and loan associations in Arkansas, Louisiana, Mississippi, New Mexico and Texas, since 1932, according to B. H. Wooten, president of the Federal Home Loan Bank of Little Rock.

Both loans and investments showed substantial gains 1870 loans, aggregating \$1,330,272.00, were for construction of new homes. In addition 486 loans, amounting to \$1,074,000.00, were granted to assist in the purchase of homes.

Insured shares of association in the five states amounting to \$3,622,897.00 were purchased during July by local investors. Insured members in Texas made loans of \$1,538,817 during the month and received \$1,403,257 in local investments.

The Colorado Federal Savings and Loan Association in Colorado have their shares insured, are members of the Little Rock bank, and are caring for the needs of local investors and borrowers. Their loans and investments for July are included in the above totals.

There are now 257 insured savings and loan associations in this district, said Mr. Wooten, of which 116 have been organized in the last 3 years. These institutions are performing an economic service as reservoirs for small savings which in turn are loaned to worthy persons for the purpose of buying, building, and repairing homes under the direct reduction plan, repayable over a number of years in small monthly payments. Funds placed in these associations are insured against loss up to \$5,000.00 for each account, on which dividends at the rate of 4% per annum are being paid. Loans are made only on first mortgages to borrowers who have substantial equities in their properties, which gives the associations an additional safeguard against loss.

### BALLROOM AT COLORADO HOTEL NOW 'ROSE ROOM'

"Rose Room" is the fitting name given to the renovated ballroom at the Colorado hotel.

The room gets its name from a soft rose glow which is exclusively reflected from walls and ceiling. The entire interior, including walls, ceiling and woodwork, has been painted white with a touch of orchid pigment to catch the reflection of the shining red floor coating.

Beautification of the room was undertaken with a view to making it a more lovely setting for parties, dances, banquets, and other social affairs. The work on it was done along with improvements on adjacent building, which is to be occupied by the Wilkes Motor company in the near future.

#### ANDERSON GUESTS

Guests of Mr. and Mrs. A. C. Anderson last week were Mrs. Anderson's brother, R. Tucker, train dispatcher for the T. & P. in Ft. Worth, and his wife and two children, Jim Ed and Patricia. The Tuckers and Mrs. Anderson visited Carlsbad Caverns, returning here Friday night. The Tuckers went on home Sunday.

#### FACE IS BURNED

Rusty Lee, son of Mr. and Mrs. Fielding Lee, is in Cisco visiting his grandfather, who is a doctor, and recovering from facial burns received Wednesday of last week when a blow-torch which he was handling in his father's machine shop exploded. His car was most badly burned, and his eye on the burned side of his face miraculously escaped serious injury. Mrs. Lee accompanied him to Cisco Friday, returning home Saturday with her daughter, Betsy, who had been visiting there.

#### TO DALLAS

Mr. and Mrs. Q. D. Shepperd and Mr. and Mrs. A. L. Whipkey were in Dallas during the week-end. Mr. Whipkey learned that he must undergo an operation to get relief from a severe facial pain from which he has been suffering for some time.

#### MOVING AWAY

Mrs. R. E. Grantland left Wednesday to make her home for a time with her daughter, Mrs. S. H. Young, in Sweetwater.

#### HOME FROM RUIDOSO

Mrs. Sam Majors and children, Martha Jane and Sam, Jr., returned home Friday night after spending the summer at their cabin in Ruidoso. Mr. Majors went up after them.

## Rev. Childers Is Elected President Two County Ass'n

Other Officers Designated At Session Held Sunday At Snyder Church

SNYDER.—Rev. C. J. Childers, youthful pastor of the Westbrook Baptist church, was elected here Sunday afternoon as president of the Mitchell-Seurry Baptist Training Union association. He succeeds J. C. Smyth of Snyder.

The annual business session, at which Rev. Childers was elected, was held during the regular quarterly meeting of the association. Also elected was Juanita Barton of Colorado as secretary-treasurer and Garland Wells of Loraine as vice-president.

Plans were made for sending three carloads of delegates to the regional meeting of B. T. U. officers and leaders at Abilene September 14 and 15. One carload will go from the Colorado-Westbrook zone, one from the Roscoe-Loraine zone, and one from the Snyder zone.

Buford B. T. U. won the efficiency and attendance banners, which are awarded quarterly. The same church won the banners last quarter. Colorado was chosen as the next convention site.

Churches at Loraine, Roscoe, Wastella, Buford, Colorado, Ennis Creek, Payne and Westbrook were represented at the meeting.

Rev. T. A. Patterson of Colorado brought the principal message on "Problems Facing the Youth of Today." Fred Jones of Snyder gave the devotional message, Earl Patrick of Snyder sang a solo, and Mrs. D. V. Merritt of Snyder led several juniors in a Bible "sword" drill.

## PRIZES AWARDED FOR BEST-KEPT YARDS AT PARK PROGRAM FRIDAY

The best-kept yard in Colorado throughout all seasons of the past year has been that of Dr. and Mrs. E. D. Bridgford, in the opinion of judges for the Best-Kept-Yard contest sponsored by the Mitchell County Federation of Women's clubs.

Winners in the contest were announced during the Ruddleick park amateur hour program Friday night. Mayor J. A. Sadler awarded the prizes.

For first place Dr. and Mrs. Bridgford received a lawn chair donated by the Colorado Lions club. Mr. and Mrs. E. H. Gunn, winners of second place, received garden hose from the Mitchell County Federation of Women's clubs. A lawn chair donated by the Business & Professional Women's clubs went to Mr. and Mrs. Frank Kelley for third place.

"We are very pleased because of the improvement of the yards over those judged last year," Mrs. J. A. Ferguson, president of the county federation, said this week. "The judges had a difficult time deciding which yards had been the best kept, because many others besides the winners merited serious consideration."

"The county federation wishes to publicly thank those organizations which made prize donations. We are also grateful to the judges and to those who helped us in any way in putting on the contest."

Mrs. Ferguson pointed out once more that the yards were judged on the way they had been kept during the entire year, not just during the spring and summer. She expressed the hope that more yards than ever will be made eligible for consideration next year.

## CRANFILL RELATIVES TO ATTEND REUNION SUNDAY

Relatives of Mr. and Mrs. J. B. Cranfill of Abilene are to gather at the State park west of Buffalo Gap Sunday and Monday in annual reunion. Mr. and Mrs. D. L. Beeman of Longfellow community are among those planning to be present.

The Cranfills were pioneer citizens of Mitchell county. For several years they lived in Longfellow community and still own property there. They moved to Abilene 25 years ago.

Beeman estimates that 100 relatives of Mr. and Mrs. Cranfill will attend the reunion.

## Examinations For Chauffeurs License Set Up To October

### State Chief Outlines Work Ahead For His Division As Permits Issued

Due to lack of man power, actual examination of applicants for operator's and chauffeur's licenses will be delayed until after the first of October, it was announced Saturday by Colonel H. H. Carmichael, Director of the Department of Public Safety.

Under the provisions of the amended Driver's License Law, the Director explained, all applicants for such licenses must be given an examination by the Department.

"However," Colonel Carmichael stated, "the Department will be unable to make these examinations, estimated at more than a quarter of a million annually, until additional personnel is secured from graduates of the Highway Patrol Training School now in progress at Camp Mabry."

The administrative set-up for the examination of applicants and the issuance of licenses has been completed by the Department, Col. Carmichael said, and has been given the approval of the Public Safety Commission. Under the approved plan, the Driver's License Division of the Department, headed by Ralph L. Buell, will be assisted by assigned personnel of the Texas Highway Patrol in maintaining a regular examination schedule which will reach every county seat in the State at least once a week.

Permanent offices, open every day in the week except Sunday, will be maintained in the larger cities of the State, including those at which Highway Patrol headquarters are located. At these points examinations will be given on demand either by patrolmen or examiners of the Driver's License Division.

County seat cities in which regular offices are not located, will be furnished with examiners at regular stated intervals, according to Buell, who stated that each county seat would be visited by examiners at least once a week, while the larger cities would be scheduled for two and three visits a week.

"While the entire schedule is largely tentative and is subject to revision after having had a try-out, we have tried to adequately provide for the needs of every county in the State," the Driver's License head stated.

Captain Fred Hickman, veteran of the highway patrol, has been assigned to the Driver's License Division as chief enforcement officer, and has recently returned from a three weeks' trip over the State. In the course of this trip, Captain Hickman conferred with patrol captains and local officials relative to the prospective number of examinations at each county seat, and carefully checked the schedule as previously prepared.

By combining the work of the Driver's License Division with that of the Highway Patrol, increased efficiency is seen in the operations of both organizations. Patrolmen will assist examiners of the Driver's License Division, and at the same time will engage in their regular patrol duties, assisted in them by the Examiners.

"In preparing the schedule," Buell said, "we have allowed ample time to move from examination point to examination point to allow patrolmen to carry on their regular traffic duties. For instance, if the average running time from one county seat to another is 30 minutes, we have allowed at least one hour and fifteen minutes for the trip. With this allowance, Patrolmen will be able to police the highway, investigate accidents and all that sort of thing."

Some 24 examiners of the Driver's License Division will be engaged in the work, along with the services of approximately 26 members of the Highway Patrol, it is estimated. This force will cover approximately one million miles of Texas highways annually on regular schedule. With these men on the road every day in the week, covering the main highways of every patrol district, patrol captains will be able to release men from those sections covered on certain days, and to assign them to strategic points within their districts, it was pointed out.

Examination provisions of the amended Driver's License Law do not apply to those persons who already hold either operators' or chauffeurs' license it was pointed out by Buell. Operators' licenses now issued are good until April 1, 1939, with no

further action necessary on the part of their holders until that date. Chauffeurs' licenses are good for one year from the date of issuance, and their holders will not be affected by the amended law until they come up for renewal, at which time they may be given an examination at the discretion of the department.

For the present, Buell said, tax collectors of the various counties will continue to issue both operators' and chauffeurs' license in exactly the same manner as they have been issuing them in the past. "The tax collectors of the state have been more than generous in the cooperation they have extended the Department, and have been thoroughly sympathetic with us in our difficulties in effecting the change," the Driver's License head stated. "We are continuing them as the designated agents of the Department for the issuance of licenses until such time as we have the available personnel to undertake the work ourselves, and without excep-

tion they have expressed themselves as willing to allow us to impose upon them to that extent."

Although active enforcement of examination provisions of the new law is being delayed, the Department is experiencing a sudden rush for the issuance of both operators' and chauffeurs' licenses, it was stated. "Many persons are trying to beat the gun and to get in without going through the examination," Buell said. "Of course, we feel that every one should take the examination, but if they choose to take advantage of the situation, there is nothing we can do about it."

## Food Prices Remain Bright Spot in Cost of Living

The consumer's council of the department of Agriculture, in a recent study of living cost, reveals that food prices have remained at a point below that of cost of living as a whole. Farm prices are up substantially from the 1933 level, indicating that in the Food Field cost of distribution has not increased proportionally with other costs. This is a marked accomplishment for the modern method of food distribution.

**DEATH CLAIMS L. F. FEASTER, PIONEER BUFORD RESIDENT**

A long illness claimed the life of L. F. Feaster, pioneer Buford resident, at 8 o'clock Friday night. His death occurred at the farm home north of Buford where he had lived for 33 years, ever since coming to Mitchell county.

Mr. Feaster was born in Edgefield county, South Carolina, on May 7, 1860. He came to Mitchell county from Ellis county.

Five sons and two daughters, all living in the Buford section, survive him in addition to his wife. The sons are H. F. Feaster, Luther Feaster, A. F. Feaster, C. L. Feaster, and C. D. Feaster. The daughters are Mrs. Young Hammond and Mrs. Ewell Smith.

Funeral services were held at the home Saturday afternoon at 4 o'clock with the Rev. H. B. Naylor and the Rev. T. A. Patterson officiating. Burial was in the Colorado cemetery.

Eight grandsons, Ewen, Clyde, Oren, Aaron, Hubert, Mardell and Archie Feaster and Romaine Hammond were pallbearers. Eight grand-

daughters were flower girls. Kiker & Son had charge of funeral arrangements.
