Fifty-Eight Mitchell County Youths On Role Of Colorado School FFA Chapter

The boys of the Vocational Agriculture classes and their teacher are much pleased with the fine beginning. There are fifty-eight enrolled, thirty-one Agriculture 1 boys and twenty-seven Agriculture 3. All of these boys are paid up members of the F.F.A. and there is also two F.F.A. members outside of the agriculture class. We feel that no other school can boast of a larger F.F.A. organization.

The projects are getting underway nicely. We now have fifty calves on feed and expect to have forty-five lambs on feed pretty soon besides the other projects too numerous to name. We are looking forward with much interest to our project show to be held in February. As it has grown each year we also expect it to grow this year and be the best we have ever had.

The National convention convenes in Kartsas City the 14th of October. We expect to have four delegates from our chapter there when the convention opens. Boys that will make the trip are Jack Long and Virgil Easterwood, members of the State band; Raymond Fuller, State Treasurer, and Quinton Hamrick our local F.F.A. president.

A number of the boys accompanied by their teacher, F. C. Shillingburg attended the first district meeting of the year held at Roscoe Tuesday night. At this time district officers for the new year were elected. We are very fortunate in getting three district officers. Duff Chesney was elected district treasurer, Ross Glover, district song leader, and Mr. Shillingburg district advisor.

"THE BIG SHOT"
Palace and Ritz Theatres—Thursday
Sept. 30th Only

An amusing little comedy-drama, with several novel story situations and a cast of tried-and-proven laugh-getters headed by Guy Kibbee and Cora Witherspoon, this is considerably above the average dual fare and can be counted on for adequate support wherever played. Kibbee gets most of the chuckles as the small-town veterinarian who finds himself suddenly possessed of great wealth, left him, all unknown, by his nearest relative—a big-time racketeer. Kibbee moves his family to the city, where the late gangster's mob endeavors in devious and comical ways to pry the money away. Climax comes when Kibbee finances an anti-vince campaign—innocent of the fact that he is regarded as the town's number one menace. Dorothy Moore and Gordon Jones supply romance, Edward Kelly directed. Players are Guy Kibbee, Cora Witherspoon, Russell Hicks, Dorothy Moore, Gordon Jones, Frank M. Thomas, Barbara Pepper.

"SAN QUENTIN"

"THIN ICE"
Palace—Saturday Midnite and Sunday
and Monday—October 2, 3 and 4

There will be nothing thin about the boxoffice takes on this one and nothing joy in its reception by all audiences because it is pure, unadulterated entertainment of the highest potency. While primarily designed as a vehicle for Sonja Henie's indescribable skill and grace as a skater, it is additionally endowed with a fine story, a splendid cast, elaborate production and masterful direction. In supporting roles Joan Davis and Raymond Walburn are standouts, while Tyrone Power in the male lead supplies the romantic interest with acceptable verve. In its sweep of production mounting the picture surpasses "One in a Million" with the ice-ballet numbers tapping anything of this nature ever filmed for beauty and precision. Sidney Lanfield directed. Players are Sonja Henie, Tyrone Power, Raymond Walburn, Joan Davis, Sig Rumann, Alan Hale, Melville Cooper.

The C. L. Root Hospital Remodeled, Modernized And Under New Management, Giving Seven Days Open House

C. L. ROOT, JR., Manager

It was stated in The Colorado Record a few weeks ago an open house week for the C. L. Root Hospital would be held in the near future.

The week, beginning next Sunday, October 3rd and ending Saturday, October 9th, both dates included, is designated for those open house days. The visiting hours during these consecutive days will be from 9 till 11 a. m. and from 2 till 5 p. m.

During this OPEN HOUSE week the public is given a cordial, insistent, urgent invitation to visit this plant and inspect everything from "prow to stern" and from basement floor to top of attic. A special attendant will be detailed for the purpose of conducting you through.

This OPEN HOUSE week is given for the purpose of affording everybody an opportunity of seeing just what kind of a place is being maintained in this little city for the care and treatment of the sick and injured. There are hundreds of people in this town who have never been inside this hospital, and thousands in the county who have never seen the plant.

Make it a point to visit us during this open house at your convenience. You may have never yet needed hospital care, yet by some unforeseen emergency, without a moment's warning, you may be in dire need of the best that can be given you. It is well enough for you to see for yourself whether this plant looks good enough for you or one of your family if by an unlucky strike hospital care should become your need.

We are trying to merit the patronage of our home people. If, after you have been through our plant, it should be your belief that our facilities are sufficient and adequate to be trusted in case you need hospitalization, while being treated by your chosen physician, we will be more than glad to serve you. If you decide you want something better than we are offering, we certainly will bid you God's speed in going elsewhere.

In order to stimulate more interest in those who will visit with us during the OPEN HOUSE days three prizes will be given away—To the person guessing closest to the number of visitors registering at the hospital during the entire open house days a brand new, crispy ten dollar bill will be given; To the one guessing second nearest five dollars will be given; and to the one guessing third nearest \$2.50 will be given.

Come to see us before you get sick and then perhaps you will ask to be taken to see us when illness overtakes you.

Respectfully submitted,
C. L. ROOT, JR., Manager

'Moslem World' Tea Opens Study Course For Methodist Women Wednesday Evening

Colorful and interesting as are the Moslem lands themselves, a tea was given by women of the Methodist Missionary society Wednesday afternoon to formally open their study course on "What Is This Moslem World?"

The tea was held in the Sunday school room of the church. Baskets of purple thistles and vases of zinnias and roses decorated the room for the occasion. Tea was poured from tables covered in white hand-embroidered linen by Mrs. George Mahon and Mrs. Chester Jones.

Posters portraying scenes in Moslem lands were displayed on a screen while Mrs. R. H. Looney pointed out the places of interest and Mrs. J. G. Merritt read descriptions. This travel talk began at Tangier, Morocco, and ended in the Philippines. Mrs. J. T. Pritchett, study superintendent, presided and outlined the study of the book.

As each Moslem country was described a woman dressed to represent that country entered. These were as follows: Africa, Mrs. Joe Manly; Egypt, Mrs. H. P. Almond; Turkey, Mrs. E. B. Willbanks; Palestine, Mrs. A. C. Connell; Persia, Mrs. Henry Hicks; Syria, Mrs. J. M. Doss; China, Mrs. J. A. Ferguson; Malasia, Mrs. W. H. Garrett; Arabia, Mrs. L. B. Elliott; Russia, Mrs. Tom Grant; India, Mrs. Lee Phenix; the Philippines, Mrs. Harry Ratliff.

The menu, carrying out the Moslem world idea still further, included coconut cookies, date and nut cookies, stuffed dates, ripe olives, and a fruit drink. Favors were small gray paper camels made by the Manly and Grant children. About 50 women attended.

The machine is on a GMC chassis with a Wayne body. The bus is said to be the latest in motor vehicular transportation, embodying approved safety and economical features.

The bus was sold through the Mills Chevrolet company of Colorado.

INFANTILE PARALYSIS REPORTED IN COLORADO

One case of typhoid fever and one of diphtheria have also been reported to Dr. Ratliff. Charlene Dillard, 9, daughter of Mr. and Mrs. E. C. Dillard, is the typhoid victim. The 2-year-old child of Mr. and Mrs. Mack Doss on the south side is ill of diphtheria.

GAS SYSTEM

Lone Star Gas Co. Offering Prizes In An Unique Contest

Amateur Photographers Will Have Opportunity To Win Attractive Cash Prizes

A novel contest for amateur photographers which reverses the usual order of such competitions is announced by Lone Star Gas System in an advertisement appearing in this issue. Instead of asking the contestant to buy something or write an essay about a product, the gas company announces that it wants to buy from its customers one hundred good photographs of gas heating equipment.

"There is nothing to buy, no letters to write, in this contest," the company explains in announcing the contest which opens October 11 and will close December 18. "Your gas company and national manufacturers of heating appliances wish to obtain photos or snapshots illustrating various types of gas heating equipment used in the homes of this section. We need one hundred good photos or snapshots of home interiors that can be used to illustrate gas heating appliances. We want to buy these 100 photos from our gas customers and will pay \$10 each for the ten best submitted each week during the ten week contest. At the end of the ten week period grand prizes of \$100, \$75, \$50 and \$25 will be awarded for the four best entries submitted during the contest."

In explaining the reason for the contest, company officials said:

"One of the most difficult things to obtain is an interior view showing gas heating equipment in natural home surroundings. We have a definite need for such pictures, for experience has shown us that it is difficult for customers who wish to buy gas heating equipment to visualize how the appliance they are considering will look in their home. It will heat comfortably, but will it harmonize with other furniture, they wonder? The photos we hope to obtain through this contest will be of great assistance in helping them decide just which type of heating appliance will look best in their own home."

The contest is open to anyone living in a home supplied gas by any of the Lone Star Gas System companies with the exception of professional photographers or others who may take pictures for commercial purposes, and Lone Star Gas System employees and their immediate families. Companies participating in the contest include Lone Star Gas Co., The Dallas Gas Co., County Gas Co., Texas Cities Gas Co. and Community Natural Gas Co. Entries may be submitted at the nearest gas company office or mailed directly to Lone Star Gas System Advertising Department, 305 South Harwood, Dallas. Folders giving complete information on the contest and showing sample pictures similar to those desired may be obtained from the gas company.

Sleeping Sickness Found In Livestock North Of Colorado

Mortality Rate High, County Agent States; Public Is Advised Be Alert

One or two cases of sleeping sickness in horses and mules has already developed in the northern part of Mitchell county. Farmers' attention is called to the fact that every precaution should be taken to prevent the spread of this disease as the mortality rate is very high, the county agent stated Tuesday.

Owners are cautioned to take steps to prevent the spreading of sleeping sickness among their livestock. Sleeping sickness is carried by flies, mosquitoes and the nasal excretion of animals. Treatment of sick animals is very expensive and, as a rule, is not very successful unless the treatment is started in the early stages of the disease.

However, horses and mules that are not sick but have been exposed to the disease can be protected by a prophylactic immunization before the disease appears. Attention should be given to the fact, however, that well animals are given an inoculation of the live virus of the disease, which gives the animal a mild form of the disease.

The process of vaccinating is in two treatments—the second treatment being given fourteen days after the first treatment. Full immunity is not secured, in this process, until twenty-one days after the first vaccination. In other words, a person may have vaccinated an animal with both shots and yet the animal may die within twenty-one days after the first vaccination is given. However, if the animal lives for more than twenty-one days after the first vaccination then immunity has been established. Since the vaccination is given in the form of a live virus it is recommended that owners of horses and mules have a veterinarian render this service.

Any livestock owner that may be interested in sleeping sickness of horses and mules, or owns horses and mules that may have been exposed to the disease, are urged to contact the county agent or a reliable veterinarian.

"IF"

Though "if" is a mere two letter word and probably in reality the smallest word in the dictionary, it has been stated by good authority to be the largest.

"If" is often used in day dreams or fantasies. It can change the course of any statement. The word "if" could change the world into an almost perfect place for human beings to live in. "If" could change the earth so that it would be a paradise and a playground for man. Or it could make this such a dangerous world that only gangsters and criminals could survive. If the "ifs" of the outlaws of the land overruled the good and wise people, this free country of ours would be unsafe for the people who keep America and the world so up-to-date and prosperous.

"If" is also one of the most tantalizing words ever spoken or written. It dangles in our very ears what could and sometimes does happen. If some of the greatest men on earth had not said "if", many of our most prized inventions would never have been brought into existence. Considering "ifs" brings about deep reflection on life and suffering. It usually brings about changes and promotion in conditions.

WELCOME TO MISS COLE

Pupils in the Home Ec department are anticipating a very interesting and helpful term with Miss Cole.

On Cantrill Field, Friday 24, the Colorado Wolf pack met the Hamlin Pied Pipers in a terrific game of football. Both teams went in confident to win.

In the victory of 26-0 for the Wolves, Rudell Glover carried the ball up to the goal line twice and Boone Jackson ran it across.

With good interference from Jack Smith, Boone Jackson and Dale Simpson, Rudell also ran about 40 yards for a third touchdown, and then the 4th by good interference from Van King and Earnest Smith. Thomas Chadwick led by good interference also made several first downs.

"Chick" Carter, Burl Ballard and John Colson, played a good game offensively and defensively. J. W. Hodges and Joe Smallwood, the two tackles, played a good game. Curtis Woods, who backed the line, made some very good tackles.

The Wolf Pack has improved a great deal over last year's losses and are making up for lost time.

Business Expansion is Aided

—by the proper use of bank credit.

A LOCAL merchant may decide to go forward with plans to expand his business. A new line of goods, purchase of larger stocks at more advantageous prices, plans for reaching out into a wider trade area, more aggressive sales and advertising effort—such policies as these may bring him gratifying results.

He may feel that the general outlook in his Community, or in his particular line, justifies an expansion of his business with the aid of bank loans.

Whatever your business plans may be we shall be glad to discuss them with you, and give you the benefit of our information, advice and assistance.
