**DEDICATION**

With reverence in our hearts towards one we loved and adored, we on the staff dedicate this Howl to Mr. C. A. Wilkins, who was a truly admirable man and a favorite of the entire student body and faculty of Colorado High school. Words can never express the un-ending gratitude that we have for him. As our honored principal, he gave his tireless efforts in helping to make our school a better one. He will always be remembered for his infinite wisdom, justice, humor, and good-will which he dispensed to all in his presence.

Shirley Kiker.  
C. A. WILKINS  
Green be the turf over thee,  
Friend of my better days!  
None knew thee but to love thee  
Nor named thee but to praise.

The student body of Colorado High school feels deeply the death of its beloved principal, C. A. Wilkins. Popular among the entire student body and faculty, his passing leaves a deep void in high school life, but true to his last wish, we shall "carry on."

From Freshmen to Seniors, he is mourned by every student. Not only did we know him as principal and teacher, but as friend and counselor. His interest and activity in the field of athletics opened this same field to the students, and, likewise, the interests of the boys and girls under him became his interests. He was proud of the pupils of CHS, and the points which he stressed in regard to behavior we shall remember, and perhaps we will make him again proud as he looks down from that Isle of Somewhere. Though his life here has stopped, his memory shall live on in the hearts of the many, many students who were under his guidance.

We have lost our leader, but we will work in the new regime in the spirit of loyalty and cheerfulness that C. A. Wilkins would have expected of his student body.  
Catherine Slagel.

**THE FACULTY REMEMBERS**

I admired Mr. Wilkins' sense of humor and his kindly understanding of the problems of boys and girls.  
J. E. Watson.

Mr. Wilkins was the best man I ever knew; instead of missing him less, we shall miss him more each day.  
Jack Christian.

Mr. Wilkins' days were busy with plans, ambitions, and dreams for the students of the Colorado High school. Now he has been called away on His Master's business, but he has left in our keeping his character. Our grief is tempered with gratitude for having our lives influenced by such a character.  
Mabel Smith.

There's healing balm in knowing his spirit outlives his death guiding us all in the bond of love and faith.  
Velma Barrett.

His example is our possession rare.  
Newby Pratt.

We shall ever remember him for his happy disposition, for his wise, unselfish counsel, and for his appreciation of our own efforts. He was always willing to share our burdens, and to each of us he was a close, personal friend who was too strong for worry, too noble for anger, and

too cheerful for the presence of trouble.  
O. W. Cline.

His passing was a great loss—the loss of an outstanding citizen to the community, an able adviser to the high school, and a loyal friend to all.  
William Wheeler.

Mr. Wilkins was truly a great leader, sympathetic, kind, and understanding. We shall miss him, but by faith we shall meet him.  
Chas. Brazil.

As a new teacher in this school, I found Mr. Wilkins to be one of the most understanding principals I ever knew.  
Vada Cole.

The outstanding characteristic of Mr. Wilkins was expressed to me recently by a child. She said, "If I had to go to Mr. Wilkins' office, I was never afraid of him; but I was ashamed for him to know that I had done anything wrong."  
Cal Yates.

He was jovial, sympathetic, and considerate; a true friend and a leader we were proud to follow.  
G. D. Foster.

I never saw a principal more loved and respected by his students. The shock of losing him has left us stunned.  
F. C. Shillingburg.

**HE IS GONE**  
I saw him turn and smile  
Where the living road curved into  
mists,  
And though I loudly called, he answered not;  
For he was gone.  
I miss his sympathy,  
His genial understanding heart,  
His cheery smile of brotherhood,—  
Now he is gone.  
The hours have longer grown;  
There is a void, an emptiness;  
A lack of flavor in each daily task  
Since he is gone.

## Have You Entered The Photo Contest?

We want to buy one hundred photos showing interior views of homes of this section. Each photo submitted must include a view of gas heating equipment. Note the sample below and read the five simple rules of the Contest conducted by your gas company.

A prize of \$10 will be awarded EACH of the TEN BEST PHOTOS submitted each week. At the close of the TEN WEEK PHOTO CONTEST four additional grand prizes of \$100, \$75, \$50 and \$25 will be awarded the four best photos submitted.

This sample photo shows a vented circulating gas heater in the home of one of our customers.

### 5 Simple Rules of the "Heating Photo Contest"

1. All photos must include a view of the gas heating equipment used to heat the room or adjoining room in which the photo is taken. (See sample).
2. The house in which you reside must receive its gas service from one of the companies of Lone Star Gas System and all photos submitted in the TEN WEEK CONTEST must be taken in a home served gas by one of the companies of Lone Star Gas System. These companies are:—Lone Star Gas Company; The Dallas Gas Company; County Gas Company; Community Natural Gas Company; Texas Cities Gas Company.
3. Employees of any company of Lone Star Gas System and their immediate families and professional photographers or persons engaged in the business of making photographs for commercial purposes are not eligible to enter this Heating Photo Contest.
4. All photos submitted must have your name and address (including the town) PRINTED PLAINLY ON A SEPARATE PIECE OF PAPER AND PASTED TO THE BACK OF EACH PHOTO ENTERED IN THE CONTEST.
5. All photos submitted should be delivered to your local gas company office or mailed to LONE STAR GAS SYSTEM, ADVERTISING DEPARTMENT, 305 S. HARWOOD ST., DALLAS, TEXAS.

The contest is for a TEN WEEK Period from October 11, 1937 to December 18, 1937 (inclusive). All photos submitted will become the property of Lone Star Gas System to be used as desired by the company. Photos entered in the contest will not be returned and weekly prize winners will be advised by letter. At the close of the ten week contest a complete list of prize winners will be available for your inspection at your nearest gas company office.

*Fight colds! Protect yourself and your family against becoming overheated or chilled. If you do "catch cold" consult your family doctor before it has an opportunity to undermine your health.*

# ONLY "a cold" . . . .

## but serious disease may follow

**YOUR** doctor will tell you that "common colds" are dangerous. Fifty per cent of all disabling diseases start with this all too frequent winter illness. Many "colds" result from sudden changes of temperature such as occur to occupants of the home as they go from a warm room into an unheated part of the house. Unless every room is comfortably warm sudden changes of temperature are unavoidable.

Winter months, more than any other season of the year, require careful protective measures against "the common cold." If YOUR family is constantly "catching cold" **HEAT YOUR ENTIRE HOUSE THIS WINTER FOR YOUR HEALTH'S SAKE**—it's a simple precaution to avoid the dangers of sudden changes of temperature.

**Robbery**

and putting the containers in a coat pocket, Huddleston informed his three victims that he was getting out and that they had better remain where they were and keep quiet, on threat of death. He walked out the front door and got into his car, parked nearby, and drove under high speed toward Big Spring.

The sheriff and police departments were notified of the robbery within a few minutes and Police Chief Hickman and Porter Mosley, member of the night force, gave chase to the other side of Westbrook. The officers drove from 80 to 90 miles an hour and not overtaking the bandit accepted that he had either doubled back in West Colorado or turned into a side road between here and Westbrook.

Officers threw a dragnet over West Texas and before midnight police, sheriff and State highway patrol parties were watching highways in a score of communities in effort to trap the bandit. He was located speeding out of Big Spring toward Lamesa a few hours after the robbery here and featured in a thrilling run with Policeman Alfred Moody of Big Spring in pursuit. The chase covered ten miles when Huddleston outdistanced the officer.

Huddleston was forced to leave the Ford V-8 sedan in which he left Colorado after driving into Lamesa about 3 o'clock Saturday morning. All of the narcotics taken from the Colorado Drug and ten dollars in silver were found in the machine. The desperado again eluded the officers after darting into an alleyway.

Shortly before dawn the fugitive roared out of O'Donnell in a new Ford car stolen a few minutes before from showrooms of the dealer there. Huddleston had driven to that South Plains town from Lamesa in a stolen car and abandoned it for the new Ford.

Huddleston is listed here as one of the most desperate criminals in Texas. He is said to have escaped from jail at Washachie a few weeks ago after a gun had been secreted to him by a woman. The woman arrested with him in Roswell is believed to have been the person assisting in the jail delivery. The desperado faces many years in the Texas penitentiary on conviction of charges of banditry over much of the State.

Officers here went to Lamesa after receiving report that the fugitive had been jumped there. They went on to O'Donnell early Saturday morning to assist officers from Big Spring, Lamesa and other counties in search for their quarry. Merchandise said to have been stolen from a Big Spring store was found in the bandit car at Lamesa.

From a roll of undeveloped film found in the bandit car a picture of Huddleston was developed. One of the pictures was returned to Colorado Saturday and identified by victims of the drugstore hold-up as the man wanted.

That Huddleston was in Colorado Thursday of last week is established by local officers. Several citizens have identified him as a man seen on the street at intervals Thursday and Friday after viewing the photograph.

Mills Anticipates Big Fall  
Business After Machines  
Start Moving

Fall automobile buying promises to be unusually heavy this year according to a statement by Mr. J. B. Mills of Mills Chevrolet company. Basis for Mr. Mills' prediction is the large number of advance orders they are receiving for the new 1938 Chevrolet which will be officially announced to the public on Saturday, October 23.

"All orders received before announcement day are being classified as preferred delivery orders," said Mr. Mills, "and deliveries of new cars will be made in the order in which our customers make their purchases."

"Many of the orders taken for new cars have been placed by individuals who have previously owned Chevrolet cars; and although we have not been in a position to show them the new car, their past experience with Chevrolet has convinced them that they can buy any Chevrolet car with absolute confidence."

"This confidence is well placed for I have been privileged to see the new Chevrolet and examine it in detail. It is easily one of the most beautiful and distinctive cars I have ever seen and I predict that it will be the most popular car we have ever sold."

Mills Chevrolet company has everything in readiness for the first local showing of the new 1938 Chevrolet which will be given a nation-wide introduction tomorrow. The show rooms of the local dealers have been specially decorated for this event which is noted for the large crowds of people that it attracts.

"We are especially proud of the surprise we have in store this year," Mr. Mills said. "Never in our years in the automobile business have we been privileged to introduce such a distinctively beautiful car. In addition, this new Chevrolet leaves nothing to be desired from the standpoint of such qualities as performance, comfortable riding, safety, etc., which means so much to the careful car buyer."

Dallas Continental  
Oil Building To Be  
Given DAR Chapter

Conoco Hospitality House At  
Texas Centennial Cost  
\$60,000 To Build

DALLAS.—The Conoco Hospitality House on the Pan American Exposition grounds, which welcomed millions of visitors during the Texas Centennial and the current exposition, will be presented by Continental Oil Company to Jane Douglas Chapter, Dallas, Daughters of the American Revolution.

The house, built by Continental at a cost of \$60,000, will be the meeting place for the chapter as soon as the organization takes charge at the close of the exposition, Mrs. Cloyd H. Read, regent of Jane Douglas Chapter, said. A public presentation ceremony is planned for the last of this month, at which time a bronze plaque will be hung at the house in commemoration of the event.

The air-conditioned building contains a large reception room, lounges for men and women, and office space. Shelves which now hold Conoco travel literature will become museum shelves, and additional cases will hold a genealogical library.

Conoco Hospitality House is a handsome two-story structure with green shutters and white pillars in typical Colonial style. The interior is done in pickled pine and is handsomely furnished throughout. The miniature dioramas, which are now a feature of the exhibit, will be returned to Conoco Travel Bureau headquarters in Denver.

The name will be changed to Continental D. A. R. House, the same as that of the national headquarters in Washington.

A Three Days' Cough  
Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

# GENTLEMEN, WE GIVE YOU THE MOST MODERN CHASSIS IN THE WORLD

**NOW ON DISPLAY**  
at BUICK Showrooms  
Everywhere

**Under the new beauty of Buick, modern engineering makes history, co-starring the DYNAFLASH ENGINE and TORQUE-FREE SPRINGING**

**WHAT HAPPENS** inside the 1938 Buick engine happens nowhere else in the world.

That is not advertising language, it is cold-steel engineering fact.

Speeding through the raceways of the intake manifold, the fuel mixture vapor hurricanes into the cylinders at speeds around 250 miles an hour.

As it sweeps past streamline valve contours, a scientifically designed Turbulator, built into the piston face, flings it into airswirls of terrific turbulence.

The spark that leaps through that compact storm-center sets off a flashing cyclone of power, exploding with tornadic force!

Sitting in the driver's seat you become aware of power that is livelier and more brilliant because gasoline is giving up more performance than it ever gave up to motorists before!

**TO MATCH** this incomparable stride, Buick engineers now give you a kind of springing you will likewise find on no other car in the world.

Poised on jarless coils of easy-flexing steel, Buick floats free of bobble, jar, chatter, jounce.

The car will not over-steer or under-steer—skidding, even on icy highways, is blessedly reduced.

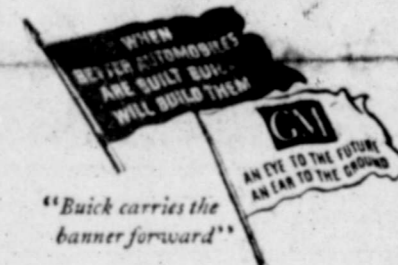

Rear tires no longer scuff half their life away through power-wasting wheel-slip.

Through winter and summer, without need of grease and without "seize" from rust, dirt, water or ice, springs keep their gentle, even cushioning for the life of the car.

**YES, IT IS** a great story, the story of these twin engineering triumphs in the 1938 Buick.

So great a story that it obscures half a score of other advances, themselves enough to make any car a wonderful buy.

We invite you to learn more about them this week at any Buick showroom.

### Interest Growing In Snyder Sector As Tests Located

#### Additional Wells Be Drilled On Property Local Cattle Man In Howard County

**BIG SPRING.**—Two completions in new pools of southeastern Howard county featured oil developments of this area during the past week. Humble finished its No. 1 Douthit in the Chalk extension area for twice the yield of its north offset, the discovery Noble No. 1 Chalk, and Magnolia No. 1 O'Daniel, easternmost well of the new Snyder pool, equipped pool yields on a 24 hour flowing test. Treated with 1,900 gallons of acid, Humble No. 1 Douthit, 330 feet out of the northwest corner of section 116-29, W4NW, rated a daily potential of 1,182 barrels. This was more than twice the 545 barrels for the discovery Noble No. 1 Chalk, one location north in the southwest corner of section 94-29, W4NW, and added impetus to operations in the Chalk extension. Four other tests are drilling in that area.

Magnolia No. 1 M. H. O'Daniel, 330 feet out of the northwest corner of section 34-30-13, T&P, tested 618 barrels flowing in 24 hours for the most important development in the Snyder pool. It filled available storage and the well was shut in for a connection with the Shell Pipeline. Bottom is 2,900 feet in lime.

The company's No. 2 O'Daniel, south offset to the No. 1 well, had a show of oil at 2,610-15 feet in lime and drilled ahead to 2,635 feet. Cosden was digging pits for two outposts tests in the area. One was to be its No. 1 O'Daniel, 1,650 feet from the north and 2,310 feet from the east lines of section 33-30-13, T&P, about a half mile east and slightly south of the Magnolia No. 1 O'Daniel. It is on a 20 acre tract. The other test is to be Cosden No. 1 TXL, on a 20 acre ledge, the west half of the southeast quarter of the southwest quarter of section 33-30-13, T&P. It is about a half mile south of the Moore Bros. No. 2 TXL, second well in the pool.

Another location for the Snyder pool was Sun No. 1 Snyder, 350 feet from the east and 1,650 feet from the south lines of section 28-30-13, T&P, a north offset for Iron Mountain's 50 acres in the southeast quarter of the section. Ajax No. 1 Snyder, 330 feet from the northeast corner of section 28-30-13, T&P, northern outpost to the pool was underpinning at 750 feet and will set 10 inch pipe at 758 feet. Iron Mountain No. 5 Snyder, 1,110 feet from the east and 990 feet from the south line of section 28-30-13, T&P, was drilling at 1,897 feet in lime.

### NEWS OF THE WESTBROOK SCHOOL

Editor—Elizabeth Young.  
Reporters—Lena Lee Bird, Florence Davis, Iris Costin, Ruby Joe Fortune, Elzan Castleman, Joan Hines.

**SCHOOL NOTES**  
We, the students and faculty of Westbrook High school, wish to extend to the students and faculty of Colorado High school, our sincerest sympathy in the loss of one whom they loved so dearly—Mr. Wilkins. He won a place in all of our hearts for his dependable work in the Inter-school League and will be greatly missed.

**WHAT'S HAPPENING**  
The annual volley ball tournament is this week, and every class is trying their best to win. The Senior girls have been beaten by the Sophs, which was pretty hard for them to take, but they beat the Fish so they didn't feel quite so little.

The Seniors have received their rings and are very much pleased with them. Everyone says they are the prettiest rings in the history of Westbrook High school. The bookkeeping class seems to be doing better. Some of them are almost ready to start on their practice set! The six weeks exam grades were about the average. Our report cards will be given out Thursday. Let's all hope our grades are good and that they especially please our family.

Be back next week for more news of W. H. S.  
Lena Lee Bird.

**FISHES FUN**  
The Fish are planning to go on a weiner roast sometime this week, although we haven't decided the night or where. Yesterday Fannie Merle missed school on account of her sister being sick and in the hospital. We hope she gets alright. The Freshman boys and girls elected captains for their team. The girls elected Melba Ruth Adams and the boys elected Junior Oglesby as their captain.

I think the fish got along alright on their first tests although someone did make 43 on math. But we'll

Anyhow, we miss her. You should have seen some of the Seniors faces when they put down almost one hundred fifty dollars for a little package not quite six inches square. Were they dumfounded! But they were quite reconciled when they got their rings and wristlets out and were so pleased with them. Some of the boys got belt buckles and the girls wristlets and basketballs.

The Senior boys are doing swell in the volley ball tournament despite a little argument with the Sophomores. Maybe a gang fight would help the school spirit a little bit! The girls got beat by the Sophs, but they beat both Freshman teams. It is quite funny. There are only five Senior girls that play that are here at noon and we have had to borrow Thelma King and be our A and B team, too. We'll have to thank the Freshmen for consenting to letting us be both teams! Our captains are M. L. and Elizabeth. On to victory, Seniors!

Billy Waters says a satire is a beautiful stone!

**SCHOOL BOY HURT**  
Too late to get in the Sophomore report was the fact that John Hines, Vocational Ag. reporter, was hurt last week-end. He was kicked in the head by a horse, and broke his glasses and cut his eye very bad. We miss him at school and are looking forward to his return.

### STEPHENVILLE TAKES UP LEAD IN CLASS 'A' ARENA

Through defeat of the Sweetwater Mustangs 20-0 Friday night the Stephenville Class A gridsters have taken first place in that schoolboy contest. Sweetwater had previously defeated Breckenridge and San Angelo. The Erath county boys have their first game to lose.

Abilene Eagles remain undefeated in the district but they have not met some of the probable area champions, including the Ponies and Stephenville. Abilene defeated Brownwood 49-12 Friday. Eastland won over Ranger 47-7, Breckenridge defeated Big Spring 34 to 7 and San Angelo downed Cisco 45 to 0.

Miss Emmett Grantland and her youngest son returned Friday night from a visit in Dallas.

### Pleasant Ridge News

Bro. MaGaha of Canyon filled Bro. Leslie's appointment at the 11 o'clock hour on the second Sunday as Bro. Leslie was called to Palava to conduct a funeral service. Little Bessie Marie Britton is still suffering with her foot that she stuck a splinter in several days ago. Mr. and Mrs. Sam Haggerton were dinner guests in the home of Mr. and Mrs. Virgie Richburg Sunday. Mr. and Mrs. Prentice Rasco visited his brother Pete east of Inadale Sunday. Mrs. Laura Smith is still seriously ill. She certainly appreciates the help she has received. Mr. and Mrs. Elbert Stewart were visitors in the Richard Brown home Sunday.

**Piggly Wiggly Will Open Headquarters In Atlanta, Georgia**

Change From Ohio City To Be Of Advantage, Local Store Owner States

The national headquarters for Piggly Wiggly stores, with which the local home-owned unit here is affiliated, announces transfer of its executive offices to Atlanta, Ga. The move will be effective November 1st. Executive offices at present are located in Cincinnati, O. Buying offices will remain in the latter city.

Piggly Wiggly is a unique organization in that local stores all over the country are home-owned and absolutely independent but operate under an exclusive franchise in each territory. Thus, the local store here, while entirely independent in ownership, is affiliated with the headquarters organization and acts cooperatively with other home-owned Piggly Wiggly merchants to obtain obvious advantages in buying and in standard business practices.

To secure franchises is not easy. A merchant must have a reputation for absolute honesty and fair dealing with the public; he must agree to maintain high standards of quality in the merchandise he offers for sale, and his stores must conform to rigid standards of cleanliness and sanitation before he can secure a Piggly Wiggly franchise.

The move to Atlanta, Ga., of the executive offices of the Piggly Wiggly Corporation is made in order to cooperate more fully with independent operators, and local Piggly Wiggly people feel that the step is highly desirable. It will permit closer contact between the Corporation and the independent home-owned units and should further increase the efficiency and service of these merchants to their customers.

Piggly Wiggly is the only group of independent merchants in the country operating nationally under the same name and standardized system, and is the most widely known name in the retail grocery business among independent merchants. The system brings to home-owned merchants all of the advantages of large scale operation, and furnishes a wealth of valuable information and assistance which enables them to be of greater service to the public, with more economical prices. At the same time, the set-up preserves the individual, personal contact between store owners and customers which is so advantageous to both. Piggly Wiggly is the original self-service system, and it is a fact that today all over the country Piggly Wiggly and Self-Service are synonymous. There has been a remarkable growth during the past two years in the number of new merchants affiliating with the parent organization, the Piggly Wiggly Corporation, and the move to Atlanta is expected to stimulate this movement even further.

**JAMES HERRINGTON AND OTHERS HELP SAVE CHILD'S LIFE**

For the first time in his life James M. Herrington, Mitchell county clerk, is so proud of something he's done that he doesn't care if his name does "get in the papers."

Herrington, with the assistance of Roy Warren, tax assessor and collector, and A. W. Hubbard, was instrumental in helping to identify and locate 5-year-old Julia Ann Dougherty of Fort Worth, victim of a mad dog bite in St. Louis ten days ago.

Hubbard heard a late news broadcast from St. Louis Wednesday night, and in that broadcast an appeal was made for help in identifying and locating a child who had been bitten by a dog in a tourist camp in St. Louis on October 3. The dog had been discovered to have rabies after the child and her family had left.

License number of the car in which the child was traveling was given. Hubbard took the number and called Herrington, who, with the help of Warren, determined that the car was from Tarrant county. Herrington immediately called the chief of detectives at Fort Worth. Fort Worth authorities learned that the car belonged to Mr. and Mrs. Samuel Dougherty, contacted relatives of the couple, and from that contact located the Dougherty family in Jefferson City, Missouri.

A letter of thanks which Herrington received later from Chief of Detectives Howerton at Fort Worth will always be one of his prized possessions. The letter credited him with leading to location of the child.

**PICKED UP ALONG THE NEWS PATH**

If I could express the things that are in my heart, and in the hearts of so many others, about C. A. Wilkins, I could stop the daily grind of writing for I would have achieved something writers down through the ages have been striving for... I would be a genius... But I am not a genius, and so all I can do to try in my halting, fumbling way to say a few things which clamor to be said...

This is written just as I have turned in the factual story of Mr. Wilkins' death... A factual story about the passing of a person like him is so cold, so stiff, so unexpressive... That is why I must write these other things...

That factual story, for instance, could tell so little of his sincerity, his cheerfulness, his loveliness, his fairness, his modesty... Many men are efficient, just as Mr. Wilkins was, but so very few of them can be lovable with it...

Just by being himself, Mr. Wilkins made life pleasanter for others... When I had a task to do that involved seeing Mr. Wilkins, I had no dread, conscious or subconscious, of doing it... I know that there are scores of others in Colorado who had the same feeling about him... It wasn't only that he could be depended upon to give accurate information and that he gave it willingly... It was something else, too, something almost inexpressible... Perhaps it could be defined as a quiet respect for the other fellow's job...

He was—and this would be supreme tribute from any newspaper office—the kind of man we were glad to see even on press day... I doubt if C. A. Wilkins was better-beloved anywhere in Colorado than in the Record office... Surely, outside of the high school and his home, he will be missed more here than at any other place in Colorado... At least, that's the way we feel...

So many things made him lovable: The kind of father he was to Sonny... The kind of husband he was to Lucille... The influence he had on high school pupils... The kind of public relations he helped maintain for Colorado schools... The enthusiasm which he had for the Wolves, winning or losing... The wholesome looks of him... His frankness that always protected its sharper edges with a quick smile... His ready understanding of unavoidable errors... His unwillingness to speak evil of others... His enduring appreciation of all favors, even when those favors were his just dues rather than favors at all... His sense of humor, his naturalness... If, as some of us believe, the plane on which we begin living in the next world is determined by the plane which we have achieved in this world, then C. A. Wilkins has gone into the next world on a plane with the best...
